Whoever sells, offers, exposes or keeps for sale or distributes any commercial feeding stuff without the tag or label required, or with a tag or label that has not been registered or the registration of which has been cancelled by the commissioner or by his authorized deputy, or whoever files with the said commissioner or with his authorized deputy for registration a false copy of the tag or label of any feeding stuff or brand of feeding stuff, or whoever impedes, obstructs or hinders the commissioner or any of his deputies in the discharge of the authority or duty conferred or imposed by any provision of sections two hundred and twenty-five to two hundred and thirty-five, inclusive, or whoever sells, offers, exposes or keeps for sale or distributes any feeding stuff which contains a smaller per cent of crude protein or crude fat, or a larger per cent of crude fibre, than is certified in the tag or label of such feeding stuff to be contained therein, or whoever fails properly to state the specific name of each ingredient used in its manufacture, or whoever sells, offers, exposes or keeps for sale or distributes any feeding stuff or cattle feed or brand thereof which has been mixed or adulterated with any substance injurious to the health of live stock or poultry, shall for the first offence be punished by a fine of not more than one hundred dollars and for a subsequent offence shall be punished by a fine of not less than one hundred dollars.

Amended by St.1971, c. 795, § 10.

§ 235. Rules and regulations; enforcement

The commissioner shall enforce sections two hundred and twenty-five to two hundred and thirty-four, inclusive, and may prescribe and enforce such rules and regulations relative to the sale of commercial feeding stuff or cattle feed as he deems necessary to enforce said sections. He may prosecute or cause to be prosecuted any person violating any provision of said sections, and no complaint shall be made or prosecuted for any such violation except with his authorization or approval.

Amended by St.1971, c. 795, § 11.

HAY

§ 236. Weighers of hay

If a town or the city council of a city accepts this section or has accepted corresponding provisions of earlier laws, the mayor or selectmen may from time to time appoint, for a term not exceeding one year, and may at any time remove, weighers of hay, who shall be sworn to the faithful performance of their duty and who shall have the superintendence of the hay scales belonging to such city or town, and shall weigh hay offered for sale therein and any other article offered to be weighed. Cities and towns may establish ordinances and by-laws for the regulation of hay scales and of the compensation of weighers of hay. Whoever, not having been so appointed, sets up hay scales in a city or town for the purpose of weighing hay or other articles offered to be weighed shall forfeit to the use of such city or town twenty dollars a month, so long as such scales are maintained.

TIMOTHY OR HERDSGRASS SEED

§ 237. Sale and delivery of seed; avoirdupois weight

Except as otherwise provided in chapter ninety-nine, all contracts for the sale and delivery of timothy or herdsgrass seed shall be made by avoirdupois weight. Whoever violates this section shall be punished by a fine of not more than twenty dollars.

COAL, COKE, CHARCOAL AND KINDLING WOOD

§ 238. Weighers of coal

The mayor or selectmen shall annually appoint, and may remove, weighers of coal, one of whom at least shall not be engaged in the business of selling coal, who shall be sworn to the faithful performance of their duty, and by whom all coal shall be weighed. No person shall be ineligible for appointment in a town because of the fact that he is not a resident thereof, notwithstanding any provisions to the contrary in any city charter. Women shall be eligible for appointment as weighers of coal.

§ 239. Repealed by St.1931, c. 426, § 12

§ 239A. Standard sizes for anthracite coal; variances or tolerances

The director of standards shall from time to time by rule or regulation establish standard sizes for anthracite coal offered for sale within the commonwealth, with variances or tolerances not to exceed five per cent determined by weight.

Amended by St.1939, c. 261, § 13; St.1968, c. 467, § 16.

§ 240. Sale of coal, coke and charcoal by weight

Coal shall be sold by weight, and, except when sold by cargo, two thousand pounds avoirdupois shall be the standard for the ton. Coke and charcoal in any quantities shall be sold only by weight or measure.

§ 241. Sale of coal, coke and charcoal in bags, sacks or baskets

Coal in quantities of one hundred pounds or less shall be sold by weight, and coke and charcoal in quantities of one hundred pounds or less shall be sold by weight or measure, in bags, sacks or baskets, and until delivered shall be kept in the same bags, sacks or baskets in which they were weighed or measured; and coal, coke and charcoal thus sold shall be exempt from section two hundred and forty-four. When sold by weight, such bags, sacks or baskets shall be plainly marked with the name and business address of the person who puts up the same, and with the weight of the coal, coke or charcoal therein in letters and numerals, respectively, of bold uncondensed type at least one inch in height. Paper bags or sacks used in the sale of coal shall contain and shall be sold as containing twenty-five pounds, avoirdupois weight, and, in addition to the marking hereinbefore required, such bags or sacks shall be plainly and conspicuously marked with the classification of such coal, whether anthracite, semi-anthracite, bituminous containing less than twenty-three per cent volatile matter or bituminous containing more than twenty-three per cent volatile matter, and with the size of the coal contained therein.

§ 242. Sale of coal, coke and charcoal in baskets or receptacles; requisites

Baskets or similar receptacles used in selling coke, charcoal or unpacked kindling wood by measure shall be of one bushel or multiple thereof, Massachusetts standard dry measure, shall have their capacity plainly marked thereon, shall be sealed by a sealer of weights and measures of the town or district where the vendor resides or conducts his business, and shall be filled at least level full when well shaken.

§ 243. Sale of coke and charcoal in paper bags or sacks; specifications; measure; marking

Paper bags or sacks used or intended to be used in the sale of coke, charcoal or kindling wood by measure shall be not less than twenty-five inches in height, not less than thirteen and one half inches in width, and the bottoms shall not be less than four and three quarters inches wide. They shall be filled to a point not more than six inches from the upper end. Bags of unpacked kindling wood or of coke or charcoal sold or offered for sale by measure shall contain, and shall be sold as containing, one half bushel, Massachusetts standard dry measure. Bags and sacks shall be plainly marked with the name and business address of the person putting up the same, and the words "one half bushel" in bold, uncondensed, capital letters at least one inch in height. Whoever himself or by his servant or agent or as the servant or agent of another sells or offers for sale a paper bag or sack to be used in the sale of coke, charcoal or kindling wood by measure which does not conform in every particular to the requirements of this section shall be punished by a fine of not more than one hundred dollars.

§ 244. Certificate of weight; contents; examination

Whoever, except as provided in section two hundred and forty-one, sells coke, charcoal or coal by weight, or whoever sells material for road construction by weight, shall without cost to the purchaser cause the goods or material to be weighed by a sworn weigher of the town where they are weighed, and shall cause to be signed by the weigher a certificate stating the name and place of business of the seller, and either the identifying number, of which a permanent record shall be kept, or the name of the person taking charge of the goods or material after the weighing as given to the weigher on his request, the tare weight, and the quantity of the goods or material. Such certificate shall be given to said person and shall be given by him only to the owner of the goods or material or his agent when he unloads the same; and each such person, on request and without charge therefor, shall permit the director of standards, or any inspector of standards in any town, or any sealer of weights and measures of any town, to examine the certificate and to make a copy thereof.

Amended by St.1941, c. 155, § 1; St.1968, c. 467, § 17.

§ 245. Direction that goods be weighed; powers of director of standards, etc., and sealer

The director of standards or any inspector of standards in any town, or a sealer of weights and measures within his town, wherein any quantity of coke, charcoal or coal or material for road construction in the course of delivery is found may direct the person in charge of the goods or material to convey the same without delay or charge to scales designated by such director, inspector or sealer, who shall there determine the quantity of the goods or material, and, except in the case of coke, charcoal or coal in baskets or bags as required by section two hundred and forty-one, shall determine their weight together with the tare weight, and shall direct said person to return to such scales immediately after unloading the goods or material; and upon such return, the director, inspector or sealer shall determine the tare weight. The scales designated by the director, inspector or sealer as aforesaid may be the public scales of the town or any other scales therein which have been duly tested and sealed and shall be such scales as in his judgment are most convenient.

Amended by St.1933, c. 94, § 2; St.1939, c. 261, § 13A; St.1941, c. 155, § 2; St.1968, c. 467, § 18.

§ 246. Record of weights and measures; keeping

Each sealer of weights and measures of a town and each sworn weigher shall keep in a book used by him solely for that purpose a record of all baskets sealed by him as aforesaid, and of all weighings and determinations of quantities of coke, charcoal or coal or material used for road construction made by him as aforesaid. Such record shall be made at the time of measuring or weighing, and shall state the day and hour of the measuring or weighing, the name and place of business of the vendor, the name of the owner of the baskets or of the purchaser of the goods or material as given to him on his request by the person taking charge of the baskets or of the goods or material after weighing or measuring, the capacity of the baskets measured or quantity of the goods or material determined, and the name of said person; and, in the case of a reweighing as provided in section two hundred and forty-five, shall state the weight as given in the certificate and as determined by him. No charge shall be made by any such sealer for anything done under this section and sections two hundred and forty-four and two hundred and forty-five.

Amended by St.1941, c. 155, § 4.

§ 247. Sale of edgings and kindling wood

Edgings or kindling wood shall not be sold in bundles unless the same are closely packed and are not less than twenty-seven inches in circumference. Kindling wood may be sold in bulk by the load; but if unpacked shall not be sold unless by measure and, if exceeding six inches in length, shall not be sold in bags or sacks.

§ 248. Penalties; enforcement of law

Whoever violates any provision of sections two hundred and forty to two hundred and forty-seven, inclusive, if no other penalty is provided therein, or of a rule or regulation made under section two hundred and thirty-nine A, or fails to comply with any request for information or direction made under authority of sections two hundred and forty, two hundred and forty-one, and two hundred and forty-four to two hundred and forty-six, inclusive, or gives a false answer to any such request, shall be punished by a fine of not more than fifty dollars; and whoever is guilty of fraud or deceit as to the weighing, selling or delivering of coke, charcoal or coal, or the measuring, selling or delivering of fuel oil or range oil, or whoever, by himself, or by his servant, agent or employee, sells or delivers or attempts to sell or deliver coal or coke which is short in weight or coal which contains an unreasonable amount of shale, slate, rock or other foreign substance or which produces an excessive amount of non-combustible residue, including ash, shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both. The director of standards and local sealers of weights and measures shall cause sections two hundred and forty-two to two hundred and forty-nine, inclusive, and rules and regulations made under section two hundred and thirty-nine A, to be enforced.

Amended by St.1934, c. 184; St.1939, c. 261, § 14; St.1943, c. 241, § 1; St.1946, c. 222; St.1952, c. 99; St.1968, c. 467, § 19.

§ 249. Possession of illegal measures; penalty

A vendor of coal, coke, charcoal or kindling wood, who has in his possession a basket, bag, sack or other measure which does not conform in every particular to the requirements respecting such measure, with intent to use or permit it to be used in measuring coal, coke, charcoal or kindling wood sold or offered for sale, shall be punished by a fine of not more than twenty dollars, and such basket, bag, sack or measure shall be destroyed.

§ 249A. Inspection of coal; analysis of samples; condemnation

The department of public health, local boards of health, the director of standards and local sealers of weights and measures, by themselves or by their authorized agents, may enter each place where coal is stored or kept for sale and each railroad train or car or any vehicle used for its conveyance and may inspect said coal or take therefrom samples for analysis or inspection. Said department or board shall cause each sample taken to be analyzed, inspected or otherwise satisfactorily tested and shall record and preserve as evidence the results thereof. If, in the opinion of said department or board, upon inspection, analysis or other satisfactory test, said coal is unfit for ordinary use, said department, or said board with the approval of said department, may condemn, seize and cause the same to be destroyed forthwith or disposed of otherwise than for ordinary use. All money received by said department or board for coal disposed of as aforesaid, after deducting the expenses of said seizure and disposal, shall be paid to the owner of such coal.

Amended by St.1939, c. 261, § 15; St.1968, c. 467, § 20.

§ 249B. Interference with officials; penalty

Any person who hinders, obstructs or interferes with the department of public health, local boards of health, the director of standards, local sealers of weights and measures, or their authorized agents, in the performance of their duties under section two hundred and forty-nine A, shall be punished by a fine of not less than one hundred nor more than one thousand dollars or by imprisonment for not less than one month nor more than one year, or both.

Amended by St.1939, c. 261, § 16; St.1968, c. 467, § 21.

§ 249C. Sale of condemned coal

Whoever, by himself, or by his servant, agent or employee, sells, exposes or offers for sale, or has in his custody or possession with intent to sell, coal condemned under the provisions of section two hundred and forty-nine A shall be punished by a fine of not less than one hundred nor more than one thousand dollars or by imprisonment for not less than one month nor more than one year, or both.

§ 249D. Sale of unfit coal

Whoever, by himself, or by his servant, agent or employee, sells, exposes or offers for sale, or has in his custody or possession with intent to sell, coal unfit for ordinary use shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

§ 249E. Placing foreign substances in coal receptacles; sale

Whoever, by himself, or by his servant, agent or employee, in placing or packing coal in any basket, bag, sack or other receptacle, places or causes to be placed therein any foreign substance, or sells, or exposes or offers for sale, or has in his custody or possession with intent to sell, coal placed or packed in a basket, bag, sack or other receptacle containing an unreasonable amount of any foreign substance or producing an excessive amount of non-combustible residue, including ash, shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

Amended by St.1943, c. 241, § 2.

§ 249E½. Presumption of excessiveness of non-combustible residue

It shall be presumed in a prosecution under section two hundred and forty-eight or section two hundred and forty-nine E that the non-combustible residue, including ash, is excessive if a test, as determined by the current standard method of tests for sampling and analysis for coal and coke as published by the American Society for Testing Materials and designated as D 271, with the year of publication, produces non-combustible residue, including ash, in excess of the following percentages:

Trade Term.	Maximum Non-Combustible Residue, Including Ash (Dry Basis) (Per Cent).
Broken	12.5
Egg	12.5
Stove	13.5
Chestnut	14.0
Pea	15.5

Added by St.1943, c. 241, § 3.

§ 249F. Enforcement of sections 249A to 249E½

The department of public health, local boards of health, the director of standards and local sealers of weights and measures shall cause sections two hundred and forty-nine A to two hundred and forty-nine B½, inclusive, to be enforced.

Amended by St.1939, c. 261, § 17; St.1943, c. 241, § 4; St.1968, c. 467, § 22.

MATERIAL FOR ROAD CONSTRUCTION

§ 249G. Repealed by St.1941, c. 155, § 3

HEATING OILS

§ 249H. Heating oil standards; rules and regulations; samples; entry and inspection; violations; penalties

The director of standards shall promulgate rules and regulations establishing standards for the various grades of heating oils, requiring manufacturers or distributors to furnish samples of the same, and providing for the entry and inspection of the premises of such manufacturers or distributors, and the inspection of heating oils stored thereon. Whoever violates any rule or regulation promulgated under the provisions of this section shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than six months, or both.

Added by St.1971, c. 397.

COMMERCIAL FERTILIZERS

§ 250. Sale regulated; label, form and contents

No commercial fertilizer shall be sold or offered or exposed for sale without a plainly printed label accompanying it, displayed in the manner hereinafter set forth, and truly stating the following particulars:

1. The number of pounds of the fertilizer sold or offered or exposed for sale.

2. The name, brand or trade mark, and, in the case of fertilizer mixtures, the fertilizer grade under which the fertilizer is sold, and, in the case of agricultural lime, its particular form.

3. The name and principal address of the manufacturer, importer or other person putting the fertilizer on the market in the commonwealth.

4. The minimum percentage of each of the following constituents which the fertilizer contains and which, in the case of fertilizer mixtures, shall be expressed in round numbers and in the following order: (*a*) nitrogen, (*b*) available phosphoric acid, (*c*) potash soluble in distilled water; except that when undissolved bone, untreated phosphate rock, tankage, pulverized natural manures, the ground seeds of plants, or wood ashes are sold unmixed with other substances, the minimum percentage of total phosphoric acid therein may be stated in place of the percentage of available phosphoric acid; and except that in the case of agricultural lime the label shall truly state the following: (*a*) minimum and maximum percentage of total calcium oxide, (*b*) minimum and maximum percentage of total magnesium oxide, (*c*) minimum percentage of calcium oxide and magnesium oxide combined as carbonates, (*d*) and, in the case of gypsum or land plaster, the minimum percentage of calcium oxide and of calcium sulphate.

5. If any part of the nitrogen contained in the fertilizer is derived from pulverized leather, hair, wool waste, peat, garbage tankage, or from any inert material whatsoever, unless processed so that its nitrogen shall show a satisfactory activity by the methods of the Association of Official Agricultural Chemists of North America, the label shall truly state the specific materials from which such part of the nitrogen is derived.

Amended by St.1933, c. 67, § 6.

§ 251. Affixing labels to packages; bulk sales

When any fertilizer is sold or offered or exposed for sale in packages, the label shall be affixed in a conspicuous place on the outside thereof. When any fertilizer other than the product of gas houses, known as gas house lime, is offered or exposed for sale in bulk the label shall be affixed in a conspicuous place to the bin or other enclosure where the fertilizer is contained but need not state the number of pounds thereof, and when such fertilizer is sold in bulk the label shall be affixed in a conspicuous place to the vehicle in which the fertilizer is shipped or delivered, and shall state the number of pounds thereof. When any fertilizer is sold in packages furnished by the purchaser the seller shall furnish the labels therefor.

§ 252. Guaranteed analysis, provisions of label as

The provisions of the printed label required under the two preceding sections relating to the constituents contained in any fertilizer shall be known and recognized as the guaranteed analysis of such fertilizer.

Amended by St.1933, c. 67, § 7.

§ 253. Sale of commercial fertilizer with false or untrue label

No person shall sell, offer or expose for sale a commercial fertilizer or brand of commercial fertilizer, any constituent part of which is of a smaller percentage than as stated on the label of said fertilizer, and no person shall sell, offer or expose for sale a fertilizer or brand thereof with a label which is untrue in any particular.

§ 254. Sale of commercial fertilizer; filing copy of label; analysis fee

No person shall sell or offer or expose for sale any commercial fertilizer until he has filed with the commissioner a copy certified by him to be a true copy of the label required by section two hundred and fifty, excepting as to the item as to the number of pounds, for each brand of fertilizer to be sold, offered or exposed for sale and has paid to the said commissioner an analysis fee for each brand aforesaid as follows: eight dollars for nitrogen, eight dollars for phosphoric acid, eight dollars for potash, contained or stated to be contained in any such brand of fertilizer, eight dollars for magnesium oxide when guaranteed in any such brand of fertilizer, and twelve dollars for each brand of agricultural lime and gypsum except gas house lime; nor unless he holds a valid and uncancelled certificate issued under section two hundred and fifty-six. Any person desiring in any year to sell or to offer or expose for sale any brand of commercial fertilizer in respect of which the requirements of this section as to the filing of a copy of the label thereof and the payment of the analysis fee therefor have not been complied with before January first of said year, may offer or expose for sale and sell the said brand upon filing a certified copy of the label thereof and paying the full analysis fee therefor. No person shall be obliged to file a copy of the label of, or to pay an analysis fee for, any brand of fertilizer for which a certified copy of the label has been filed and the analysis fee paid by the manufacturer or importer of such brand.

No person shall file with the director a false copy of the label of any fertilizer or brand of fertilizer.

Amended by St.1933, c. 67, § 8; St.1971, c. 795, § 12.

§ 255. Sworn statement; permit; fee; cancellation of certificate

In addition to the requirements of the preceding section, each person who sells or offers or exposes for sale any commercial fertilizer shall, on or before January first and July first in each year, file with the commissioner a sworn statement in such form as he prescribes setting forth the number of net tons of fertilizer sold by him in the commonwealth during the preceding six months, stating in each case the number of tons of each brand sold, together with a permit allowing the commissioner or his authorized deputy to examine the books of the person filing the statement, for the purpose of verifying the same, and shall thereupon pay to the commissioner a fee of six cents a ton of two thousand pounds for the fertilizers so sold; except that no such statement, permit or fee shall be required in respect of agricultural lime and gypsum. The commissioner or his authorized deputy may cancel the certificate for any brand of fertilizer in respect to which the requirements of this section have not been complied with. Whoever sells, offers or exposes for sale a fertilizer or brand of fertilizer without having filed the statement and permit and paid the fee required by this section shall be punished by a fine of not more than five hundred dollars. But no person shall be obliged to file a statement or permit, or to pay the fee required by this section, for any brand of fertilizer for which the statement and permit have been filed and for which the fee has been paid by the manufacturer or importer of such brand.

Amended by St.1933, c. 67, § 9; St.1971, c. 795, § 13.

§ 256. Certificate of filing of label; issuance; cancellation, etc.

When the certified copy of the label of any brand of fertilizer has been filed, and the proper fees have been paid, the commissioner shall issue a certificate to that effect; and the certificate shall authorize the sale, in compliance with sections two hundred and fifty to two hundred and sixty-one, inclusive, of the brand of fertilizer for which the certificate is issued, up to and including December thirty-first of the year for which it is issued. The said commissioner or his authorized deputy may refuse to issue a certificate for any fertilizer or brand of fertilizer which does not contain at least one half of one per cent of nitrogen, or one half of one per cent of potash soluble in distilled water, or one per cent of phosphoric acid, or five per cent of calcium oxide, or five per cent of magnesium oxide, or which contains its potash, phosphoric acid, calcium or magnesium oxides in forms substantially insoluble by the methods of analysis for commercial fertilizers and agricultural lime products prescribed by the Association of Official Agricultural Chemists of North America, or which does not possess substantial properties as a fertilizer. The commissioner or his authorized deputy may also refuse to issue a certificate for any fertilizer under a name, brand or trade mark which is untrue in any particular, or which, in his opinion, would be misleading or deceptive in any particular, or would tend to mislead or deceive as to the constituents or properties of said fertilizer, and may refuse to issue more than one certificate for any fertilizer under the same name or brand, or to issue a certificate for any fertilizer under a name or brand to the use of which the person seeking it is not lawfully entitled. If a certificate is issued for any fertilizer and it is afterward discovered that the certificate itself, or the granting of it, or the manner of procuring it, was in any respect in violation of any provision of sections two hundred and fifty to two hundred and sixty-one, inclusive, the commissioner or his authorized deputy may cancel the certificate. Whoever sells, offers or exposes for sale any fertilizer or brand of fertilizer for which no certificate has been issued by the commissioner or his authorized deputy, or the certificate for which has been cancelled, shall be punished by a fine of not more than two hundred dollars.

Amended by St.1933, c. 67, § 10; St.1971, c. 795, § 14.

§ 256A. Methods for collection and delivery of samples for analysis pursuant to section 256

Samples for analysis as stipulated in section two hundred and fifty-six shall be collected by the commissioner or his duly authorized deputy and shall be delivered to the Massachusetts agricultural experiment station of the university of Massachusetts for analyses according to methods approved by the Association of Official Agricultural Chemists of North America.

Added by St.1971, c. 795, § 15.

§ 257. Annual analysis; samples; fees; publication of reports; free analysis

Each commercial fertilizer and brand of commercial fertilizer sold or offered or exposed for sale shall be subject to analysis by the commissioner or by his duly designated deputy. The said commissioner shall make or cause to be made in each year one or more analyses of each fertilizer and brand of fertilizer sold or offered or exposed for sale in the commonwealth, and shall collect the annual analysis fee provided for by section two hundred and fifty-four; and he, his inspectors and deputies, may enter upon any premises where any commercial fertilizer is sold or offered or exposed for sale to ascertain if sections two hundred and fifty to two hundred and sixty-one, inclusive, are complied with, and to take samples for analysis. The analysis of all fertilizers shall be made by the methods adopted by the Association of Official Agricultural Chemists of North America. The said commissioner may publish or cause to be published in reports, bulletins, special circulars or otherwise, the results obtained by said analyses. Said publications shall also contain such additional information in relation to the character, composition, value and use of the fertilizers analyzed as the commissioner sees fit to include. He may make or cause to be made for any person a free analysis of any commercial fertilizer or brand of commercial fertilizer sold or offered or exposed for sale in the commonwealth, but he shall not be obliged to make such free analysis, or to cause the same to be made, unless the samples therefor are taken and submitted in accordance with the rules and regulations which he prescribes. The results of any analysis made in accordance with the aforesaid sections, except a free analysis as aforesaid, shall be sent by the commissioner to the person named in the printed label of the fertilizer analyzed at least fifteen days before any publication of such results.

Amended by St.1933, c. 67, § 11; St.1971, c. 795, § 16.

§ 258. Taking of samples for analysis

Each sample of commercial fertilizer taken for analysis shall be of not less than substantially two pounds in weight, and each sample shall be taken, whenever the circumstances conveniently permit, in the presence of the person selling or offering or exposing for sale the fertilizer sampled, or of a representative of such person. Broken packages shall not be sampled, and all samples shall be taken by means of a sampling tube so designed as to remove a core extending from the top to the bottom of the package, from substantially ten per cent of the fertilizer to be sampled, except that if fertilizer is sold or offered or exposed for sale in bulk ten single samples shall be taken from as many different portions of the lot. An unbroken package of fertilizer, not exceeding twenty-five pounds, may, upon tendering the market price, be taken for the purpose of analysis and the contents thereof shall constitute a suitable and legal sample for said purpose. All samples taken shall be thoroughly mixed and divided into two nearly equal samples, placed in suitable vessels, and marked and sealed. Both shall be retained by the commissioner, but one shall be held intact by him for one year at the disposal of the person named in the label of the fertilizer sampled.

Amended by St.1933, c. 67, § 12; St.1971, c. 795, § 17.

§ 259. Disposition of fees

All fees for analysis, or otherwise, under any provision of sections two hundred and fifty to two hundred and sixty-one, inclusive, shall be collected by the commissioner and paid to the commonwealth.

Amended by St.1971, c. 795, § 18.

§ 260. Rules and regulations; complaints

The commissioner shall enforce sections two hundred and fifty to two hundred and sixty-one, inclusive, and may prescribe and enforce such rules and regulations as to the sale of commercial fertilizers as he deems necessary to enforce said sections, and may prosecute or cause to be prosecuted any person violating any provision of said sections. No complaint based upon an analysis of samples shall be made for any violation of any provision of said sections, if samples are taken otherwise than as provided therein. No complaint shall be made for the failure of any fertilizer or brand of fertilizer to meet the guaranteed analysis thereof if the analysis made by the commissioner of such fertilizer or brand shows the amounts of its constituents to be substantially equivalent to the percentages stated in the label.

Amended by St.1971, c. 795, § 19.

§ 261. Hindering or obstructing commissioner, inspector or deputy; penalty

Whoever hinders or obstructs the commissioner, his inspector or deputy, in the discharge of any authority or duty conferred or imposed by any provision of sections two hundred and fifty to two hundred and sixty-one, inclusive, and, except as otherwise provided in section two hundred and fifty-six, whoever violates any provision of sections two hundred and fifty to two hundred and fifty-four, inclusive, shall be punished by a fine of not less than fifty nor more than two hundred dollars.

Amended by St.1971, c. 795, § 20.

AGRICULTURAL AND OTHER SEEDS

§§ 261A to 261L. Repealed by St.1975, c. 203, § 1

LIME AND LIME CASKS

§ 262. Inspectors of lime

The mayor of a city or the selectmen of a town where lime is manufactured, or into which it is imported, may annually appoint one or more inspectors of lime, who shall be sworn to the faithful performance of their duty and shall inspect all lime manufactured in such city or town at the time when a cask is filled at the kiln, and all lime imported or sold in such city or town.

§ 263. Branding casks of lime

Each cask of lime so inspected shall be branded with the word "inspected", with the name of the inspector and with the name of the town where it is manufactured.

§ 264. Fees of inspectors

An inspector of lime shall receive four cents for the inspection and branding of each cask of such manufactured lime, which shall be paid by the manufacturer or owner; and the same amount for the inspection of each cask of lime so imported or sold, which shall be paid by the purchaser.

§ 265. Quality of lime and casks

No stone lime manufactured within the commonwealth shall be sold or exposed for sale, or shipped on board a vessel in casks, unless it is well burnt and pure, in good and sufficient new casks containing either one hundred and eighty or two hundred and eighty pounds each, made of well seasoned heads and staves, with ten good and sufficient hoops on each cask, well driven and sufficiently secured with nails or pins.

§ 266. Sale of lime in unauthorized casks; penalty

Whoever sells, exposes for sale, ships or receives on board a vessel in casks, any lime manufactured in the commonwealth, other than such as is contained in casks made according to the preceding section and marked or branded as provided in section two hundred and sixty-three, shall be punished by a fine of one dollar and fifty cents for each cask sold, exposed for sale, shipped or received on board a vessel; but sections two hundred and sixty-two to two hundred and sixty-eight, inclusive, shall not prevent any person from retailing lime by the bushel or other quantity, when not in casks.

§ 267. Shifting contents of branded casks

Whoever, after a cask containing lime has been branded as aforesaid, shifts the contents of such cask and puts therein other lime with intent to sell the same, shall be punished by a fine of one dollar and fifty cents for each cask of lime so shifted.

§ 268. Forfeiture of casks

A cask of lime which is sold, exposed for sale, or put on board a vessel, contrary to any provision of sections two hundred and sixty-two to two hundred and sixty-eight, inclusive, shall be forfeited, and may be seized and libelled by an inspector of lime.

MARBLE, SOAPSTONE AND FREESTONE

§ 269. Repealed by St.1931, c. 426, § 13

UPHOLSTERED FURNITURE, BEDDING AND STUFFED TOYS

§ 270. Definitions

The following words and phrases as used in this section and in sections two hundred and seventy-one to two hundred and seventy-seven, inclusive, which sections may be cited and referred to as the furniture and bedding inspection law, shall have the following meanings unless the context otherwise requires:

"Annually", or any of its variants, the period beginning July first of one year and ending June thirtieth of the succeeding year, or any unexpired portion of such period.

"Bedding", includes any quilted pad, mattress pad, hammock pad, mattress, comforter, bunk quilt, sleeping bag, box spring, studio couch, pillow, cushion, or any bag or container made of leather, cloth or any other material, or any other device that is stuffed or filled in whole or in part with concealed material in addition to the structural units and filling material used therein and its container, all of which is designed or constructed for use by any human being for sleeping, resting or reclining purposes.

"Department", the department of public health.

"Division", the division of food and drugs in the department of public health.

"Filling material", cotton, wool, kapok, feathers, down, hair, sisal, jute, glass fiber, rubber, silk, rayon, or any other material or any combination thereof, loose, carded, felted or in batting form, pads or in any other prefabricated form, concealed or not concealed, to be used or which can be used in articles of bedding, upholstered furniture or in stuffed toys.

"Garnetted clippings", filling material intended for use in an article of upholstered furniture or bedding and composed entirely of defabricated new clippings which have never been used. Such garnetted clippings may be labeled with the word "new".

"Inspector", a representative of the division of food and drugs.

"Manufacturer", a person who, either by himself or through employees or agents, makes any article of upholstered furniture or bedding in whole or in part, or who does the upholstering or covering of any structural unit thereof, using either new or secondhand material.

"New", when used with respect to an article or material, any article or material which has not been previously used.

"Oily", when used with respect to filling material, any filling material which contains more than five per cent of oil. Such filling material shall be designated on the label as "oily".

"Owner's material", any article or material belonging to a person for his own, or tenant's use, which is sent to a manufacturer, repairer or renovator to be repaired or renovated, or used in repairing or renovating.

"Person", includes individuals, partnerships, associations, firms, auctioneers, trusts and corporations, and their agents, servants and employees.

"Pillow", a bag or case of cloth or other soft material filled or stuffed with feathers, down, kapok, cotton, hair, wool, glass fiber, rubber, silk, rayon or other sanitary filling not prohibited by sections two hundred and seventy-one to two hundred and seventy-six, inclusive, to be used as a rest or support in reclining or sleeping.

"Remade" or "renovated", when used with respect to an article of bedding or upholstered furniture, an article of bedding or upholstered furniture which has been remade or renovated and which is not to be resold or offered for resale but is to be returned to the original owner.

"Renovator", "reupholsterer", "remaker" or "repairer", a person who, either by himself or through employees or agents, is engaged primarily in the remaking or renovating of upholstered furniture, and shall also mean a person who, incidental to the business of remaking or renovating upholstered furniture, renovates or manufactures articles of bedding or furniture to be sold by him at retail. Such person shall not be bound by any provision of this law excepting section two hundred and seventy-three; provided, however, that if he manufactures upholstered furniture or bedding to be sold by him at retail, or renovates articles of bedding he shall also comply with the labeling provision of section two hundred and seventy-two, for such furniture or bedding.

"Residence dealer", a person who sells a new or used article of upholstered furniture or bedding from his own or any other person's place of abode or from a salesroom which does not have an apparent and usual store entrance.

"Retailer", a person who sells, offers or exposes for sale, or has in his possession with intent to sell, to a consumer or user an article of bedding, upholstered furniture or stuffed toys.

"Secondhand", "used" or "used material", any material which has been previously used for any purpose. Manufacturing processes shall not be considered as prior use. An article of upholstered furniture returned by the purchaser for exchange, alteration or correction within thirty days from date of delivery after original sale at retail shall be deemed to be a new article; but after thirty days from date of such delivery, such article shall be deemed to be secondhand. Any article of upholstered furniture or bedding or any stuffed toy shall be deemed secondhand if it contains any secondhand material, in whole or in part.

"Sell", sell, offer or expose for sale, barter, trade, deliver, give away, rent, consign, lease, possess with an intent to sell or dispose of in any other commercial manner.

"Sterilizer", a person licensed by the department to sterilize any upholstered furniture, bedding or stuffed toys and filling material or component parts thereof.

"Stuffed toy", any article intended for use by infants or children as a toy and which is filled with or contains any cotton, wool or kapok fibers, garnetted clippings, hair, feathers or down or any other material or chemicals. All materials used in stuffed toys shall be new and free from dangerous or harmful chemicals or other substances. Manufacturers using material in stuffed toys containing products of animal origin shall have said material sterilized in accordance with section two hundred and seventy-three.

"Supply dealer", a person licensed by the department to manufacture, process or sell at wholesale any felt, batting, pads or other filling, loose, in bags, in bales, or in containers, concealed or not concealed, to be used or which can be used in articles of bedding or upholstered furniture, or in stuffed toys.

"Upholstered furniture", any furniture, including children's furniture, movable or stationary which (a) is made or sold with cushions or pillows, loose or attached; or (b) is itself stuffed or filled, in whole or in part, with any material, hidden or concealed by fabric or any other covering, including cushions or pillows belonging to or forming part thereof, together with the structural units, the filling material and its covering and its container, which can be used as a support for the body of a human being, or his limbs and feet when sitting or resting in an upright or reclining position.

"Upholstery jobber", a person whose primary business is the wholesaling of fabrics used in the reupholstery trade. Such a person may also sell the basic supplies used in the trade, including new filling materials purchased from a licensed supply dealer. An upholstery jobber shall be excluded from the licensing provisions of this law.

Added by St.1959, c. 611, § 2. Amended by St.1961, c. 348, § 1; St.1965, c. 514, §§ 2 to 7.

§ 271. Licensing; manufacturers and retailers; powers of director

Except as otherwise provided, any person who advertises, solicits or contracts to manufacture upholstered furniture, bedding or stuffed toys and who either does the work himself or has others do it for him, shall obtain the license required by this section for the particular type of work which he solicits or advertises he will do, regardless of whether he has a shop or factory.

Every person manufacturing upholstered furniture, bedding or stuffed toys shall annually obtain a manufacturer's license from the department bearing a serial number assigned by the department, except as otherwise provided.

A wholesaler of upholstered furniture, bedding or stuffed toys shall annually obtain a wholesale dealer's license from the department, unless he holds a manufacturer's license.

Every person manufacturing, processing or selling at wholesale any felt or batting or any pads or loose material in bags, bales or containers intended for use as filling material in bedding, upholstered furniture or stuffed toys shall annually obtain a supply dealer's license from the department bearing a serial number assigned by it, unless he holds a manufacturer's license.

Any person who sells directly or indirectly to any person, either at wholesale or retail, any merchandise subject to this law by means of a catalog, or in any other manner, shall comply with this law.

Every person doing business at the same address under more than one firm name shall be subject to the licensing provisions of this section for each firm name.

Such manufacturers, wholesale dealers and supply dealers located outside the commonwealth, who ship their products into the commonwealth, shall first obtain a license from the department.

The department shall prescribe the procedure relative to:—

(*a*) Assignment or reassignment of serial numbers.

(*b*) Transfer of licenses between persons, where such transfer is effected through rent, lease or sale of the business.

(*c*) Change in name, ownership, address or of license classification.

The director of the division, after a hearing, and with the advice and consent of a majority of the advisory board, may (1) revoke or suspend for violation of any provision of this law, the license of any person located outside the commonwealth who ships his products into the commonwealth and (2) suspend or refuse to renew, for a period of not more than six months, for any two violations of any provision of this law within a period of twelve months committed not less than thirty days apart, the license of any other person.

No person required to have a license under the provisions of this section, shall manufacture, sell, offer or expose for sale, have in his possession with intent to sell, repair, remake, or renovate any article of bedding or filling material without first obtaining such a license. No dealer or distributor shall sell, or purchase for purposes of sale, an article of bedding or an article of upholstered furniture or a stuffed toy from a manufacturer or wholesaler dealer who is not duly licensed or whose license has been revoked.

This section shall not apply to upholstered furniture, articles of bedding or stuffed toys sold by an officer or other person by order of the court.

Added by St.1959, c. 611, § 2. Amended by St.1965, c. 514, §§ 8 to 12; St.1966, c. 521.

§ 272. Labeling; manner; power of department; reciprocity; removal of labels

No person shall manufacture or sell at wholesale or retail or otherwise, directly or indirectly, make, repair, renovate or offer or expose for sale, or have in his possession with intent to sell, any stuffed toy or article of new or secondhand upholstered furniture or bedding which can be used by human beings, if it is made of any new or secondhand material which is hidden or concealed by fabric or any other covering, unless such article is plainly labeled as provided in this law, and prescribed by the department.

No person shall, at wholesale or retail or otherwise, directly or indirectly, sell or have in his possession with intent to sell any filling material or other component parts to be used or which can be used in upholstered furniture, bedding or stuffed toys, unless such material is plainly labeled with a tag or other marking as provided in this law and prescribed by the department.

No person shall, directly or indirectly, sell in this commonwealth, at wholesale or retail, any article of upholstered furniture or bedding or any stuffed toy, or any filling material or other component part to be used or which can be used in upholstered furniture, bedding or stuffed toys manufactured out of the commonwealth, unless it is labeled in accordance with the provisions of this law and fully complies with all the requirements of this law.

All labels required by this law shall be securely attached to the article during the process of manufacture at the factory. Such labels shall be fixed in such position that they may be conveniently examined and shall be in accordance with the rules and regulations pertaining to labeling promulgated under authority of this law.

For the purposes of this section, possession of any article of bedding or of upholstered furniture or of any filling material not labeled as provided herein, by any person engaged in the business of manufacturing, selling or offering for sale any such article shall be prima facie evidence that such article is being manufactured, repaired, renovated or is offered or exposed for sale in violation of the provisions of this section.

The label shall show or state:—

(*a*) Whether the concealed materials are new or secondhand. If the materials are wholly new, the heading shall read "All New Material". If the materials are in whole or in part secondhand, the heading shall read "Secondhand Material".

(*b*) An accurate description of the kind of material used for filling including an accurate statement as to the percentage of the components of said filling material in accordance with the regulations of the department. In the case of feathers and mixtures thereof or articles containing such mixtures, the label shall specify the kind of fowl from which the feathers were obtained and the physical condition of such feathers. If an article contains down, the term down may be used without further description if the contents consist wholly of said material. If, however, the article is labeled goose or duck down it shall consist wholly of down derived from said fowl. If the article is labeled as containing a mixture of goose and duck down, the label shall specify the percentage of each. In the case of mattresses, upholstered furniture or stuffed toys containing hair, the label shall specify the animal source of such hair. In all regulations requiring percentages to be specified upon the label, the department may include generally accepted tolerances.

(*c*) If sterilized, the statement "Contents Sterilized".

(*d*) The serial number of the manufacturer, assigned by the department.

Every person who repairs or renovates bedding, for any owner or customer or for his own or tenant's use, upon receiving each article for such repair or renovation, shall immediately securely affix a tag of identification showing the owner's or dealer's name, address and date upon which it was received, and when completed, shall attach the "Owner's Material" label prescribed by the department.

The department is hereby authorized to prescribe the wording, form style, size, material, lettering, tolerances, requirements or any changes on labels in order to carry out the provisions of this law.

The department may issue regulations permitting reciprocity of registration or permit numbers with such states having such a requirement.

It shall be a violation of this law to use in the description on any label any false or misleading term or designation, or term or designation likely to mislead.

Every person, except the purchaser for his own use, or an inspector in the performance of his duties under this law, who attempts to remove, or does remove, deface, alter, or causes to be removed, the label or any mark or statement placed upon any upholstered furniture or bedding under the provisions of this law shall be guilty of a violation of this law.

No person shall manufacture for purposes of sale, sell, offer or expose for sale, or have in his possession with intent to sell, any article of bedding, consisting in part of metal which has previously been used, or any upholstered spring bed, box spring, studio couch, davenport, day bed, bed spring, metal bed, metal folding bed, metal couch, metal cradle, metal bassinet or similar articles designed for the use of persons when sleeping or reclining, consisting in whole or in part of metal which has previously been used, unless such article is plainly and permanently marked or tagged "Secondhand metal used in this article" and unless, if any such article is enclosed in a bale, box, crate or other receptacle, there shall be plainly marked upon such receptacle, or upon a tag securely attached thereto, a statement that the contents of such receptacle are marked as herein required. In the case of springs which have not previously been used, said springs shall be labeled as "New Material".

Added by St.1959, c. 611, § 2. Amended by St.1965, c. 368; St.1965, c. 514, §§ 13 to 16.

§ 273. Licensing; establishments for sterilization; examination of establishments; sterilizations

No person shall engage in the business of sterilizing articles or filling materials referred to in sections two hundred and seventy to two hundred and seventy-six, inclusive, without first obtaining a license from the department.

No sterilizer located outside the commonwealth shall ship his product into the commonwealth without first obtaining a license from the department.

No manufacturer, dealer or distributor shall receive or purchase any secondhand filling material, feathers, down or hair for use in the manufacture, renovation or repair of an article of bedding or upholstered furniture from a sterilizer who is not licensed as provided in this section.

Every such person shall apply for a license and set forth the place where the sterilizer's apparatus will be located, the type and kind of equipment to be used, the names and addresses of the true owners of the sterilizing establishment and such other data as the department may from time to time require.

The department shall cause an investigation to be made and if it is satisfied that the apparatus will comply with the regulations of the department made pursuant to sections two hundred and seventy to two hundred and seventy-six, inclusive, the license shall be issued.

Inspection shall be made from time to time to determine whether the sterilizer is fully and faithfully complying with all of the provisions of this law and with the regulations promulgated by the department with respect to sterilization.

No person shall use any material to make any article of bedding or upholstered furniture for sale that is made from material

(*a*) that comes from an animal or fowl,

(*b*) that contains any bugs, vermin, insects or filth,

(*c*) that is unsanitary,

(*d*) that contains burlap or other material which has been used for balings, or

(*e*) any secondhand filling material,

unless such material has been thoroughly sterilized by a process approved by the department.

Every article of upholstered furniture or bedding from any private or public hospital, jail or other institution or which has been used by any person suffering from an infectious or contagious disease, shall be sterilized before it is repaired or renovated.

New or sterilized articles of upholstered furniture or bedding or materials shall at all times be kept separate from any secondhand articles or materials that are unsterilized.

Secondhand upholstered furniture or bedding, or secondhand filling materials or other component parts to be used or which can be used in upholstered furniture or bedding, received from outside of this commonwealth shall comply with all the sterilization provisions of sections two hundred and seventy to two hundred and seventy-six, inclusive, before it is accepted, sold or delivered, either directly or indirectly by any person.

All secondhand mattresses, if intended for resale, shall be sterilized as required by sections two hundred and seventy to two hundred and seventy-six, inclusive.

A person engaged in the business of renting articles of bedding shall cause such articles of bedding to be sterilized before being returned to use.

Added by St.1959, c. 611, § 2. Amended by St.1961, c. 348, § 2.

§ 274. Rules and regulations; advisory board

The department is authorized to establish and promulgate all rules and regulations, including those pertaining to labeling and sterilization, necessary to carry out the provisions of sections two hundred and seventy to two hundred and seventy-six, inclusive. The department is further authorized to establish further definitions for filling material.

There shall be within the department an advisory board consisting of seven members to be appointed by the governor, with the advice and consent of the council, and upon the recommendation of the department. Two of said members shall be designated in their original appointments to serve for one year, two for two years and three for three years. Upon the expiration of the term of a member, his successor shall be appointed in the manner aforesaid for three years. Such persons shall be recommended by the department on the basis of their qualifications, as determined by their business and civic interests and affiliations, to represent both the industry and the consumer.

Members of the advisory board shall serve without compensation, and shall meet quarterly and at other times at the discretion of the chairman. They shall receive their necessary travel and other expenses when engaged in the work of the board.

The director of the division directly responsible for the enforcement of this law shall appoint a chairman of the advisory board and shall designate an employee of the division to be secretary.

The board shall:—

(*a*) Act entirely in an advisory capacity, except as provided in section two hundred and seventy-one. A majority of the members of the board present and voting shall constitute the basis for an official action or recommendation of said board.

(*b*) Consider all matters submitted to it by the director.

(*c*) On its own initiative recommend to the department such rules and regulations and any changes thereon which the advisory board may deem important and necessary.

(*d*) Co-operate in the preparation of rules and regulations supplemental to the provisions of this law.

Added by St.1959, c. 611, § 2.

§ 275. Licenses; applications; fees

The application for each license, except a license relative to stuffed toys, and annual license renewal shall be accompanied by a fee of fifty dollars payable to the commonwealth, which fee shall be returned to the applicant if the license is not granted. The application for a license relative to stuffed toys shall be accompanied by a fee of one hundred dollars and the annual license renewal fee shall be twenty-five dollars.

Added by St.1959, c. 611, § 2. Amended by St.1965, c. 514, § 17.

§ 276. Inspector; powers and duties

The inspector shall have access to any premises in which is kept or stored any article of bedding, upholstered furniture, stuffed toy, or filling material regulated by this law. He may inspect on the premises any materials intended for the manufacture of upholstered furniture or bedding, partly finished and finished articles of upholstered furniture and bedding, and may open such articles, including pillows or cushions belonging to or forming part thereof, for the purpose of inspecting concealed filling material and may take either the entire article or filling material in such quantities as he may deem necessary for analysis. This section shall not apply to antique furniture.

The inspector may seize, order destroyed or order off-sale any article of bedding, upholstered furniture or stuffed toy, or filling material which has been contaminated in any way, including but not limited to fire, water, flood, obnoxious odors or radiation which cannot in the opinion of the division be properly processed so as to be safe and sanitary if used. Said material shall be destroyed or salvaged in accordance with the directions set forth by the division, so that said contamination may be rendered safe and sanitary.

The inspector may order off-sale, and may so tag, any article of bedding, upholstered furniture or stuffed toy, or material therefor which is not tagged as required by section two hundred and seventy-two or which is tagged with a tag bearing a misleading term, description, designation or statement. The inspector may tag as being unfit any article or material damaged or found unfit from any cause

No articles or materials placed off-sale or declared to be unfit by the inspector shall be sold nor shall the contents thereof be altered, interfered with, or removed in whole or in part, nor shall the articles or contents thereof be removed or permitted to be removed from the premises when placed off-sale until such articles or materials are released by the inspector. The inspector shall release such articles or materials upon the completion of corrective measures taken to effect compliance with this law. All articles placed off-sale or removed shall be subject to examination by the inspector and shall be so placed or stored so as to be readily accessible at all times and shall be produced for examination upon demand by any such inspector made upon the person or persons in charge of the establishment or premises where such articles or materials are placed off-sale.

Samples of filling material shall be taken by opening the seam of the article at a point where it may be resewed with a minimum of difficulty and where it will not affect the quality of the article, if possible.

The off-sale tag to be affixed by an inspector in accordance with the provisions of this section to any article of suspected upholstered furniture, bedding or stuffed toy or any filling material shall be a red tag and shall contain such information as may be required by the department. It shall be removed upon proof that the provisions of sections two hundred and seventy to two hundred and seventy-six, inclusive, have been complied with.

Any person who removes, or causes to be removed, any tag or device placed by an inspector upon any article of upholstered furniture, bedding or stuffed toy or any material shall be guilty of a violation of this law.

No person shall interfere with, obstruct or otherwise hinder, any inspector of the department in the performance of his duties.

Any police officer, member of any local board of health, or other town official, who has reason to believe that any provision of sections two hundred and seventy to two hundred and seventy-six, inclusive, has been or is being violated, shall give notice to the department.

The director or any inspector may cite any person engaged in manufacturing, repairing, renovating, sterilizing or selling any upholstered furniture, bedding or stuffed toy materials intended to be used, or which can be used, in its manufacture, repair or renovation, to a hearing to show cause why he should not be subject to disciplinary action or prosecution for any act or omission in violation of sections two hundred and seventy to two hundred and seventy-six, inclusive.

Added by St.1959, c. 611, § 2. Amended by St.1965, c. 514, § 18.

§ 277. Penalties

Whoever violates any provision of sections two hundred and seventy to two hundred and seventy-six, inclusive, shall be punished by a fine of not less than twenty-five dollars nor more than five hundred dollars or by imprisonment for not more than six months, or both. Any person convicted of a violation of any rule or regulation made under authority of section two hundred and seventy-four shall be punished by a fine of not more than one hundred dollars, as provided in the rule or regulation.

Added by St.1959, c. 611, § 2.

FURS, ETC.

§ 277A. Marking or labelling of furs; misrepresentations

All natural, dyed or imitation furs, and all articles made wholly or partly therefrom, sold at retail within the commonwealth, shall be plainly marked or labelled with an accurate statement of the material which they contain, together with the name and address of the seller. If such statement refers to the fur or other material by a trade name, it shall further designate it by the true name or names of the animal or animals from which such fur is taken or of such other material. In the case of fur, such statement shall fully disclose that the fur sold or contained in the article sold is dyed, or that the fur or article is made of pieces of fur other than whole skins, if such is the fact. Such statement shall contain no misrepresentation as to the place from which the fur or other material came, as to the manufacturer of the article, or as to any other matter, and shall be plainly and permanently marked or branded on the inside of the skin, or plainly set forth in a permanent label firmly sewed to the material or article or to the permanent lining of the article. Whoever violates any provision of this section shall be punished by a fine of not more than two hundred dollars.

Added by St.1941, c. 422.

IMPORTED GOODS

§ 277B. Foreign goods or services; marking; advertisement; penalty

No person shall sell, or offer or expose for sale any machinery, hardware, ladders, shoes or other footwear, fabrics, suits or other wearing apparel, sporting goods or equipment, radios or parts thereof, or scallops, which have been imported from a foreign country, without notifying each person purchasing or intending to purchase the same that it has been imported, by displaying in a conspicuous place, in letters at least as large as the figures indicating the price of the goods to be sold, a sign marked "Imported Goods". If the goods have an individual price marking, then in like manner, they shall also be marked with the words "Imported Goods" or the country of origin indicated.

No person shall advertise for sale such goods unless such advertisement also contains the words "Imported Goods". The word "person" as used in this paragraph shall not be deemed to include a person owning or publishing a newspaper, owning or operating a radio or television station, or other person, furnishing an advertising medium for the sale of such goods.

No person shall sell, or advertise, offer or expose for sale any passenger tickets for ocean cruises unless such tickets, or such advertisement, contain a statement indicating the flag of registry of the vessel.

Whoever violates any provision of this section shall, for the first offense, be punished by a fine of not less than fifty dollars nor more than one hundred dollars, and, for each subsequent offense, by a fine of not less than fifty dollars nor more than five hundred dollars or by imprisonment for one month, or by both such fine and imprisonment.

Added by St.1961, c. 172. Amended by St.1962, c. 92; St.1962, c. 206; St.1963, c. 94; St.1964, c. 253.

NAILS

§ 278. Nails and brads; manufacture; packing

Wrought, cut or wire nails and brads of all sizes manufactured in the commonwealth shall be well made, packed free from waste pieces of iron unless they are refuse nails or brads, and free from any fraudulent mixture increasing the weight, in strong and sufficient casks of season timber, well hooped, containing not more than three hundred pounds each.

§ 279. Marking or branding of casks

Each cask of wrought, cut or wire nails or brads shall be marked or branded on the head by the manufacturer, in plain, legible letters in the English language, with his name and the net weight of the contents of the cask.

§ 280. Sale of unbranded or unmarked casks of nails or brads

If a cask, package or quantity of wrought, cut or wire nails or brads, manufactured in the commonwealth or elsewhere and not branded or marked as provided in the preceding section, is offered or exposed for sale within the commonwealth or put on board a vessel or vehicle, unless to be carried out of the commonwealth, it shall be forfeited.

§ 281. Counterfeiting brand, etc.; penalty

Whoever counterfeits a brand used or intended to be used for the purpose of marking a cask of nails or brads, or destroys or alters a mark or impression made by another's brand on a cask of wrought, cut or wire nails or brads, and causes a different impression by such counterfeit brand to be marked or impressed thereon, or shifts any such nails or brads from one branded cask to another and thereby avails himself of another's brand, shall forfeit twenty dollars.

§ 282. Disposition of forfeitures

All forfeitures recovered under the two preceding sections shall be divided equally between the informer and the commonwealth.

SLOT MACHINES, ETC.

§ 283. Slot machines and other automatic devices; use regulated

No person shall maintain any slot machines or other automatic device, except gas meters, electric meters and telephones, which, upon the deposit therein of any coin or other article of value, furnishes music, or other entertainment, exhibits pictures, provides facilities for weighing, supplies any merchandise or other thing, or renders any service, or is represented to do or perform any of the above mentioned things, unless such machine or device is of a type approved by the director of standards; but no person maintaining such machine or device with respect to which, or to the operation, service or supply of which, there is any element of chance shall be protected or be entitled to immunity from prosecution because of such approval.

Amended by St.1939, c. 261, § 17B; St.1968, c. 467, § 23.

§ 284. Penalty

Whoever installs or maintains a machine or device mentioned in the preceding section which is of a type not approved as therein provided shall, if such machine or device fails properly to respond to the insertion or deposit therein of a coin or other article of value, be punished by a fine of not more than twenty-five dollars.

THREAD

§ 285. Sewing thread; sale; marking

It shall be unlawful to keep for the purpose of sale, offer or expose for sale, or sell any sewing, basting, mending, darning, crochet, tatting, hand-knitting or embroidery thread, put up or packaged in advance of sale in or on any form of unit, for either wholesale or retail sale, unless such unit be definitely, plainly, and conspicuously marked to show its net measure in terms of yards or its net weight in terms of avoirdupois pounds or ounces.

Any unit of such thread, the net weight of which is less than two ounces avoirdupois, shall be marked to show its net measure in terms of yards as unwound from the ball or from the spool or other holder. Ready-wound bobbins which are not sold separately shall not be required to be individually marked, but the package containing such bobbins shall be marked to show the number of bobbins contained therein and the net weight or measure of the thread on each bobbin. Any retail unit of thread, sold only for household use, consisting of a package containing two or more similar individual units, which are not sold separately, shall be marked to show the number of individual units in the package and the net weight or measure of the thread in each individual unit, but this proviso shall not apply where the individual units are separately marked.

Amended by St.1950, c. 110, § 1.

§ 286. Sewing thread; identification of manufacturer or distributor

The marking as required in section two hundred and eighty-five shall in all cases be in combination with the name and place of business of the manufacturer or distributor of the thread, or a trade mark, symbol, brand or other mark which positively identifies such manufacturer or distributor, and which shall be filed with the director of standards.

Amended by St.1950, c. 110, § 2; St.1968, c. 467, § 24.

§ 287. Weight or measure variances

An average of not less than ten units of thread of the same type and put-up, selected at random from such units referred to in section two hundred and eighty-five, kept for the purpose of sale, offered or exposed for sale, or sold, shall not weigh or measure more than three per centum less than the net weight or number of yards marked on such units or on the package containing such units.

Amended by St.1950, c. 110, § 3.

§ 288. Penalty

A manufacturer, merchant, jobber, or trader who keeps for the purpose of sale, offers or exposes for sale, or sells any such units of thread which either are not marked or do not weigh or measure as provided in sections two hundred and eighty-five to two hundred and eighty-seven, inclusive, shall be punished by a fine of not more than fifty dollars.

Amended by St.1950, c. 110, § 4.

TURPENTINE, PAINTS AND LINSEED OIL

§ 289. Turpentine; manufacture; sale; marking; adulteration

No person shall manufacture, mix for sale, dispose of, offer or expose for sale, have in possession with intent to sell or dispose of, or sell under the name of turpentine, or spirits of turpentine, or under any name or phrase of which the word turpentine forms a part, or under any name or device illustrating or suggesting turpentine or spirits of turpentine, any article which is not wholly distilled from rosin, turpentine gum, or scrapings from pine trees, unmixed and unadulterated with any other substance, unless the package containing the same shall be stencilled or marked, with letters not less than two inches in height and one inch in width, "Adulterated Spirits of Turpentine", except that these letters upon packages of one gallon capacity, or less, may be reduced to one fourth of the said size. No person shall sell or deliver such adulterated spirits of turpentine without informing the purchaser at the time of sale that the article is not pure spirits of turpentine. Nothing herein contained shall be construed as prohibiting the manufacture or sale of such compound or imitation, if the container is plainly marked and the purchaser notified as aforesaid.

Whoever violates any provision of this section shall be punished for the first offence by a fine of one hundred dollars, for the second offence by a fine of two hundred dollars, and for a subsequent offence by a fine of five hundred dollars or by imprisonment for not more than one month, or both.

§ 290. Enforcement of section 289

The state police and all local police authorities shall enforce the preceding section.

§ 291. Sale of paint or linseed oil

No person shall sell, offer or expose for sale, or dispose of, or have in possession with intent to sell or dispose of, any paint or linseed oil which is labelled or marked in such manner as to deceive, or to tend to deceive, any person as to its nature or composition.

§ 292. Possession by dealer of incorrectly labeled turpentine, paint or linseed oil

The having in possession, by any person dealing in such articles, of any article or substance designated in section two hundred and eighty-nine or two hundred and ninety-one, and marked or labelled contrary to said sections, shall be prima facie evidence that the same is kept by such person in violation of the provisions thereof.

§ 293. Inspection of paint, etc.; complaint; appointment of inspectors; powers and duties

Upon the written complaint of any person aggrieved by any violation of section two hundred and eighty-nine or two hundred and ninety-one, the state police and their agents may enter any place of business, store or building where the sale of paint, turpentine or linseed oil is carried on, and open and inspect any package, can, jar, tub or other receptacle containing articles which might be sold or exposed for sale in violation of said sections, and may appoint and remove inspectors, analysts and chemists for the purpose of inspecting or analyzing the contents of any such receptacle. Inspectors so appointed shall have the same powers and authority relative to the articles aforesaid as are given by sections thirty-three, thirty-five and sixty to the inspectors named therein.

§ 294. Interference with inspector

Whoever hinders, obstructs or in any way interferes with any inspector, analyst or other officer appointed or acting under the preceding section while in the performance of his official duty shall be punished for the first offence by a fine of not more than fifty dollars, and for a subsequent offence by a fine of not more than one hundred dollars.

§ 295. Unlawful sale

Whoever violates any provision of section two hundred and ninety-one shall be punished by a fine of not less than twenty-five nor more than one hundred dollars or by imprisonment for not more than two months.

PETROLEUM PRODUCTS

§ 295A. Definitions

When used in sections two hundred and ninety-five A to two hundred and ninety-five W, inclusive:—

(1) The term "retail dealer" shall mean any person operating a service station, filling station, store, garage or other place of business for the retail sale of motor fuel or automotive lubricating oil or the sale of or dispensing of motor fuel for delivery into the service tank or tanks of any motor vehicle which is propelled by an internal combustion motor other than such a motor vehicle belonging to the person owning or operating said place of business.

(2) The term "motor fuel" shall mean (*a*) a light distillate of petroleum or allied substance with suitable volatility and other characteristics to be used as a fuel for operating internal combustion engines, whether or not it is mixed with other materials, or (*b*) any other product or liquid when sold for use as a fuel in any type of internal combustion engine furnishing power to operate a motor vehicle.

(2A) The term "automotive lubricating oils" shall mean any oil sold or offered for use as a fluid lubricant in any type of internal combustion engine used to propel any motor vehicle.

(3) The word "department" shall mean the department of labor and industries.

(4) The word "division" shall mean the division of standards in the executive office of consumer affairs.

(5) The word "director" shall mean the director of standards.

(6) The term "cost to the retail dealer" shall mean the cost of such motor fuel to the dealer plus the cost of doing business, including that part of the overhead of such dealer properly attributable to the sale of such motor fuel according to generally accepted methods of accounting procedure, which overhead shall include without limitation, labor (including the salaries of proprietors and corporate officials and others or a reasonable value for the services of such where no direct wage or salary is paid to them), rent (or a reasonable return on capital invested in real property used in said business) depreciation, selling costs (including gifts or premiums or other valuable considerations passing from the dealer to the purchaser in connection with the sale of motor fuel), maintenance of equipment, delivery costs, all types of licenses, taxes, insurance, and advertising.

Added by St.1939, c. 459, § 1. Amended by St.1950, c. 515, § 1; St.1960, c. 234, § 1; St.1962, c. 531, § 1; St.1968, c. 467, § 25; St.1969, c. 704, § 42.

§ 295B. Licensing of retail dealers

No retail dealer shall engage in the business of selling motor fuel or automotive lubricating oil at retail without first procuring from the division a license for each station, store, garage or other establishment at which his said business is to be conducted. Licenses issued under this section shall be issued upon written application to the division, shall be issued only to persons who own the business to be licensed and who are the owners or lessees of the premises on which the business is to be conducted, shall be effective from the date of their issuance until the first day of January of the ensuing year, and shall be renewed annually. A license fee of twenty-five dollars shall be paid for the issuance of every such license and every renewal thereof.

Each licensee shall conspicuously display his license at the station, store, garage or other establishment to which it pertains. The requirements of this section with respect to licenses are hereby declared to be in addition to, and not in substitution for, license requirements contained in any other statute, ordinance, by-law, rule or regulation.

The division shall forthwith notify the commissioner of revenue in writing of all licenses issued, renewed, transferred, modified, cancelled or suspended by it.

Added by St.1939, c. 459, § 1. Amended by St.1950, c. 497; St.1957, c. 443; St.1962, c. 531, § 2; St.1969, c. 622; St.1972, c. 684, § 12; St.1978, c. 514, § 192.

§ 295C. Display of price of motor fuel on dispensing devices

Every retail dealer in motor fuel shall publicly display and maintain on each pump or other dispensing device from which motor fuel is sold by him, at least one sign and not more than two signs stating the price per gallon of the motor fuel sold by him from such pump or device. Said sign or signs shall be of a size not larger than eight inches by ten inches. The price shown on each of such signs shall include all taxes imposed with respect to the manufacture or sale of the motor fuel sold at such pump or device, and every such sign shall either contain a statement of the taxes included in said price, or, without specifying the amount thereof, shall state that such taxes are included in said price. All figures, including fractions, upon said signs, other than figures and fractions used in any price computing mechanism constituting a part of any such pump or dispensing device, shall be of the same size.

No signs, advertising materials or other displays, other than the signs referred to in the preceding paragraph, shall be posted or displayed upon such pumps or other dispensing devices.

Amended by St.1939, c. 459, § 1; St.1978, c. 300.

§ 295D. Advertisement of motor fuel

Any advertisement of motor fuel by a retail dealer which states, refers to or relates to the price of motor fuel shall state the per gallon price thereof, which price shall include all taxes so stated, referred to or related to, and there shall be included in such advertising matter a statement that such per gallon price includes such taxes or a statement of the amount of such taxes which are included in the stated per gallon price.

Added by St.1939, c. 459, § 1.

§ 295E. Posting price on pump or other dispensing device; duration; selling price; rebates, premiums, etc.; restrictions; penalties; inapplicability to self-service pump dispensing

The price posted on any pump or other dispensing device from which motor fuel is sold, as required by section two hundred and ninety-five C, shall remain posted thereon and continue in effect thereat for a period of not less than twenty-four consecutive hours. No retail dealer shall sell motor fuel at any price other than the price so posted at the time of the sale. No premiums, rebates, allowances, concessions, prizes or other benefits shall be given directly or indirectly by any retail dealer so as to permit any purchaser to obtain motor fuel from such retail dealer at a net price lower than the posted price applicable at the time of the sale. In no transaction in which a retail dealer may fix or set a single price or charge for the sale of a quantity of motor fuel, together with some other commodity or service, shall such single price or charge be less than the aggregate of the charge, in accordance with the posted price, for the motor fuel involved in the transaction, plus the charge for such other commodity or service when the same is sold or rendered separately, rather than in combination with the sale of motor fuel.

Any retail dealer who sells and delivers motor fuel to a customer from a dispensing device, shall return the quantity indicator on the meter face to zero before each delivery by either automatic or manual means. A retail dealer shall not set the price indicator on the meter face of the dispensing device at a price per gallon higher than that posted on the dispensing device. Whoever violates any provision of the preceding two sentences shall, notwithstanding any contrary provision of section two hundred and ninety-five K, be punished by a fine of fifty dollars for the first offense and by a fine of one hundred dollars for each subsequent offense. The provisions of the first sentence of this paragraph shall not apply to motor fuel which is dispensed from a self-service pump operated by a customer.

Added by St.1939, c. 459, § 1. Amended by St.1971, c. 134; St.1978, c. 213.

§ 295F. Marking of brand name, etc., of product on above-ground storage or dispensing equipment

All above-ground equipment for storing or dispensing motor fuel or automotive lubricating oil operated by a retail dealer shall bear in a conspicuous place the brand name or trade-mark of the product stored therein or sold or dispensed therefrom. If the motor fuel or automotive lubricating oil stored in or sold or dispensed from above-ground equipment by a retail dealer has no brand name or trade-mark, such container or dispensing equipment shall have conspicuously displayed thereon the words "No Brand".

All equipment or containers used for the storage or dispensing of automotive lubricating oils made in whole or in part from previously used lubricating oils shall have displayed thereon the words "made from previously used lubricating oils". The size of the letters in said words shall be not less than size fourteen point type on two-gallon cans, or those holding a lesser quantity, and one inch high on all larger containers, but in no case shall the letters be smaller than those in any other words in the same descriptive panel.

All automotive lubricating oil containers shall bear, in a conspicuous place on the container, a number indicating the viscosity classification of the contents, such classification to be determined according to such standard methods as the division may from time to time prescribe.

Added by St.1939, c. 459, § 1. Amended by St.1955, c. 183; St.1960, c. 234, § 2.

§ 295G. Standards for gasoline; adulteration or substitution of motor fuel or lubricating oil

No person shall sell or offer to sell as gasoline any motor fuel or other substance which has an end point higher than four hundred and thirty-seven degrees Fahrenheit, when tested according to such standard methods as may, from time to time, be prescribed by order, rule or regulation under section two hundred and ninety-five I.

No person shall adulterate or permit the adulteration of any motor fuel or automotive lubricating oil offered for sale or sold under a brand name or trade-mark or distinguishing mark of the manufacturer or distributor of said products, or substitute or permit the substitution of any other motor fuel or automotive lubricating oil therefor. No person shall sell or dispense, or offer to sell or dispense, from any pump, tank or other dispensing device or container any motor fuel or automotive lubricating oil other than that indicated by the name, trade name, trade-mark, symbol, sign or other distinguishing mark of the manufacturer or distributor of said product, if any, appearing on said pump, tank or other dispensing device or container.

Every manufacturer or distributor of motor fuel or automotive lubricating oil shall submit samples of said products when requested by the division.

No person shall sell or offer to sell any automotive lubricating oil for automotive purposes which does not conform with the viscosity classification marked on the container, such classification to be determined according to such standard methods as the division may from time to time prescribe.

Added by St.1939, c. 459, § 1. Amended by St.1941, c. 311; St.1950, c. 496; St.1960, c. 234, § 3.

§ 295H. Administration and enforcement of sections 295A to 295O

The division shall administer and enforce sections two hundred and ninety-five A to two hundred and ninety-five O, inclusive. For said purpose, the department, subject to appropriation, may appoint to the division such additional investigators, inspectors, analysts, clerks and other assistants as it may deem necessary.

Added by St.1939, c. 459, § 1.

§ 295*I*. Orders, rules and regulations; adoption; amendment; repeal

The division may adopt, amend, alter or repeal, and shall enforce, all such reasonable orders, rules and regulations as may be necessary or suitable for the administration and enforcement of said sections two hundred and ninety-five A to two hundred and ninety-five O, inclusive, and the division may, in such administration and enforcement, at any time cause to be made by its agents or representatives an audit, examination or investigation of the books, records, papers, vouchers, accounts and documents of any retail dealer, who shall make them available at any time upon oral or written demand to the division or any of its duly authorized agents or representatives.

Added by St.1939, c. 459, § 1.

§ 295J. Records of retail dealer

Every retail dealer shall keep such records as may be prescribed by the orders, rules or regulations adopted by the division under section two hundred and ninety-five I, and all such records shall be safely preserved by such retail dealer for a period of one year, and shall be offered for inspection at any time upon oral or written demand by the division or any of its duly authorized agents or representatives.

Added by St.1939, c. 459, § 1.

§ 295K. Penalty for violation of sections 295A to 295J

Whoever, himself or by his agent or servant, violates any provision of sections two hundred and ninety-five A to two hundred and ninety-five J, inclusive, except section two hundred and ninety-five G, shall be punished by a fine of not less than fifty nor more than five hundred dollars. Whoever, himself or by his agent or servant, violates any provision of section two hundred and ninety-five G shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year. Upon the second conviction of any licensee of any such violation, whether by himself or by his agent or servant, the division may suspend the right of such licensee to engage in the business of selling motor fuel at retail for a period not exceeding three months, and upon the third or subsequent conviction of any licensee of any such violation, whether by himself or by his agent or servant, the division may suspend such right for a period not exceeding one year.

Added by St.1939, c. 459, § 1.

§ 295L. Jurisdiction of superior court; injunctions

The superior court shall have jurisdiction in equity to enjoin the habitual, continued or repeated violation of any provision of sections two hundred and ninety-five A to two hundred and ninety-five J, inclusive, by any retail dealer. Petitions for such relief may be filed by any person injured or damaged by such violation.

Added by St.1939, c. 459, § 1.

§ 295M. Conflicts with other laws

Whenever the application of any provision of any other law of this commonwealth conflicts with the application of any provision of sections two hundred and ninety-five A to two hundred and ninety-five O, inclusive, said sections shall prevail.

Added by St.1939, c. 459, § 1.

§ 295N. Partial invalidity

If any provision of said sections two hundred and ninety-five A to two hundred and ninety-five O, inclusive, or the application of such provision to any person or circumstance, shall be held invalid, the remainder of said sections, or the application of such provision to any person or circumstance other than that as to which it is held invalid, shall not be affected thereby.

Added by St.1939, c. 459, § 1.

§ 295*O*. Citation of sections 295A to 295*O*; Motor Fuel Sales Act

Sections two hundred and ninety-five A to two hundred and ninety-five O, inclusive, shall be known and may be cited as the "Motor Fuel Sales Act."

Added by St.1939, c. 459, § 1.

§ 295P. Retail sale of motor fuel below cost

No retail dealer shall, with intent to injure competitors or destroy substantially or lessen competition, advertise, offer to sell, or sell at retail motor fuel at less than cost to such retail dealer.

Added by St.1950, c. 515, § 2.

§ 295Q. Cost survey as evidence of cost

Where the retail dealers or any part thereof in a trading area have caused to be made by an independent agency a cost survey of doing retail business in such area in accordance with generally accepted methods of accounting in which survey all retail dealers in said area have been given an opportunity to furnish to the surveyor information from their books and records with respect to their cost of doing business and the said retail dealers have thereafter been given an opportunity to adopt or reject said survey by written approval, such cost-survey shall be deemed competent evidence in proving the cost to any such retailer.

Added by St.1950, c. 515, § 2.

§ 295R. Application of sections 295P to 295W to retail sales

The provisions of sections two hundred and ninety-five P to two hundred and ninety-five W, inclusive, shall not apply to sales at retail made:—

(*a*) Where motor fuel is advertised or offered for sale or sold upon the final liquidation of the business of said retail dealer.

(*b*) Where motor fuel is sold in good faith to meet the price of a competitor.

(*c*) Where motor fuel is advertised or offered for sale or sold by any fiduciary or other officer acting under the order or direction of any court.

Added by St.1950, c. 515, § 2.

§ 295S. Penalty for violating section 295P

Any retail dealer who violates any of the provisions of section two hundred and ninety-five P shall be punished by a fine of not more than one thousand dollars.

Added by St.1950, c. 515, § 2.

§ 295T. Jurisdiction of superior court; injunctions; prosecutions by district attorneys

On complaint of any retail dealer the superior court shall have jurisdiction in equity to restrain and enjoin any act declared illegal by any provision of sections two hundred and ninety-five P to two hundred and ninety-five W, inclusive, and it shall be the duty of the several district attorneys, in their respective districts, to prosecute all violators of any provision of said sections.

Added by St.1950, c. 515, § 2.

§ 295U. Conflicts with other laws

Whenever the application of the provisions of any other law of this commonwealth conflicts with the application of the provisions of sections two hundred and ninety-five P to two hundred and ninety-five W, said sections shall prevail.

Added by St.1950, c. 515, § 2.

§ 295V. Partial invalidity

If any provision of sections two hundred and ninety-five P to two hundred and ninety-five W, inclusive, or the application of such provision to any person or circumstance shall be held invalid, the remainder of said section or the application of such provision to person or circumstance other than those as to which it is held invalid, shall not be affected thereby.

Added by St.1950, c. 515, § 2.

§ 295W. Citation of sections 295P to 295W; Unfair Sales Act for the Retail Sale of Motor Fuels

Sections two hundred and ninety-five P to two hundred and ninety-five W, inclusive, shall be known and may be cited as the "Unfair Sales Act for the Retail Sale of Motor Fuels".

Added by St.1950, c. 515, § 2.

§ 295X. Repealed by St.1974, c. 7

SEAT SAFETY BELTS

§ 295Y. Repealed by St.1973, c. 216

PETROLEUM FUEL

§§ 295Z to 295BB. Repealed by St.1979, c. 796, § 12

WOOD AND BARK

§ 296. Measurers of wood and bark

A town and the city council of a city shall annually choose one or more measurers of wood and bark, who shall be sworn to the faithful performance of their duties and shall hold office during the year and until others are chosen and qualified in their stead. A town, by vote fixing the number to be chosen, may delegate the appointment of such measurers to the selectmen.

§ 297. Acting in adjoining towns

Such measurers may, in the manner prescribed for measurers of lumber in section eight of chapter ninety-six, be licensed to act in a town adjoining that for which they are elected or appointed.

§ 298. Cordwood, firewood and kindling wood; sale; measurement

Cordwood sold or offered or exposed for sale shall be four feet in length. The term "firewood" shall be construed to mean and include wood cut to any lengths of less than four feet and more than eight inches. Cordwood and firewood shall be advertised, offered for sale and sold only in terms of cubic feet or cubic meters which will be construed as indicating the closely stacked cubic foot or cubic meter content to be delivered to the purchaser. The terms "cord", "face cord", "pile", "truckload" or terms of similar import shall not be used in the advertising and sale of cordwood or firewood. The term "kindling wood" shall be construed to mean and include all split wood, edgings, clippings or other waste wood averaging eight inches in length. Except as provided by sections two hundred and forty-three and two hundred and forty-seven, the standard unit of measure for kindling wood shall be the bushel of two thousand one hundred and fifty and forty-two hundredths cubic inches.

Amended by St.1934, c. 109, § 1; St.1979, c. 253.

§ 299. Sale of cordwood or firewood; delivery ticket or sales invoice; violations

Whoever, except as otherwise provided, sells cordwood or firewood, shall cause a delivery ticket or sales invoice to be issued and delivered to the purchaser or his agent at the time of delivery of the wood. Such delivery ticket or sales invoice shall include the name and address of the seller and the purchaser, the quantity delivered to the purchaser in terms of cubic feet or cubic meters, the date delivered and the price of the quantity of wood delivered. Whoever violates any provision of this or the preceding section shall be punished for the first offense by a fine of fifty dollars, for the second offense by a fine of two hundred dollars and for each subsequent offense by a fine of five hundred dollars. Whoever alters or substitutes a delivery ticket or sales invoice for fraudulent or deceptive purposes shall be punished by a fine of not more than one thousand dollars.

Amended by St.1934, c. 109, § 2; St.1979, c. 253.

§ 300. Fees of measurers

Measurers of wood and bark shall be entitled to such fees for their services as the aldermen or selectmen shall establish; and the fees shall in each case be paid to the measurer by the driver and shall be repaid by the purchaser.

§ 301. Measurement of water borne wood; fees

Cord wood brought by water into a town for sale, and landed, shall be measured by a public measurer; and for that purpose the wood shall be corded and piled by itself in ranges, making up in height what is wanting in length, and, being so measured, a ticket shall be given to the purchaser, who shall pay the stated fees for such service. Towns may establish ordinances and by-laws, with suitable penalties, for the inspection, survey, measurement and sale of wood and bark for fuel brought therein for sale, and may also provide for the appointment of inspectors, surveyors and other officers and establish their fees.

§ 302. Tickets certifying quantity in load; application of sections 296 to 303

Each wharfinger, carter or driver who conveys firewood or bark from a wharf or landing place shall be furnished by the owner or seller with a ticket certifying the quantity which the load contains and the name of the driver; and if firewood or bark is thus conveyed without such ticket accompanying the same, or if a driver refuses to produce and show such ticket to any sworn measurer on demand, or to give his consent to have the same measured, or if such ticket certifies a greater quantity of wood or bark than the load contains in the opinion of such measurer after measuring the same, the driver and owner shall for each load thereof severally forfeit five dollars. Sections two hundred and ninety-six to three hundred and three, inclusive, shall not apply to a person who transports or carts or causes to be transported or carted from a wharf or landing place to his own dwelling house or store cord wood or bark which he has purchased on a wharf or landing place, or which he has landed thereon upon his own account.

§ 303. Sale of prepared wood, bark, slabs and edgings for fuel; surveyors and inspectors

The city council of a city may establish ordinances, with suitable penalties not exceeding five dollars for any one violation thereof, for the regulation of the sale of prepared wood, slabs and edgings for fuel, when sold by the load, and for the inspection, survey, measurement and sale of bark for fuel or manufacturing purposes brought into said city for sale, whether the same is exposed for sale in ranges or upon a vehicle; and said city may provide for the appointment of such surveyors, inspectors and other officers as may be necessary to carry into effect said ordinances and may establish their fees.

METHYL OR WOOD ALCOHOL

§ 303A. Licensing of manufacture, sale and transportation

No person other than a registered druggist shall engage in the business of manufacturing, buying, selling, transporting, importing, exporting or dealing in methyl alcohol, or wood alcohol, so called, or any preparation, other than shellac varnish or shellac solvent or paint remover or varnish remover, used for manufacturing or commercial purposes which contains more than three per cent of methyl alcohol and is intended for use other than as a beverage, without being licensed so to do as provided in section three hundred and three B.

Added by St.1934, c. 372, § 3. Amended by St.1935, c. 342; St.1936, c. 53.

§ 303B. Fees for licenses; renewals; suspensions; records

The board of health of a town may issue to properly qualified persons licenses to engage therein in the business described in section three hundred and three A. The fee for such a license shall be one dollar, which shall be paid into the town treasury. The department of public health may issue licenses to such persons to engage in such business anywhere within the commonwealth upon payment of a fee of ten dollars, which shall be paid into the state treasury. All licenses issued under this section shall expire twelve calendar months from the date of issue, and may at any time be suspended or revoked, for cause, by the issuing authority. Such authority shall keep a record of all licenses granted, suspended or revoked by it.

Added by St.1934, c. 372, § 3. Amended by St.1937, c. 177, § 1.

§ 303C. Marking containers

Every barrel, keg, bottle or other container containing methyl alcohol or wood alcohol, so called, or any drug or medicine intended for external use containing methyl alcohol shall bear in capital letters not less than three eighths nor more than one and one half inches in height, stencilled or printed thereon, the words "POISON, NOT FOR INTERNAL USE", or shall bear a label which shall include the word "POISON" and which shall conform to regulations prescribed by the department of public health, authority to prescribe such regulations and to amend or annul the same being hereby granted to said department. Whoever, himself or by his servant or agent, sells, exchanges or delivers any such alcohol, drug or medicine in any container not conforming to this section shall be punished by a fine of not less than fifty nor more than two hundred dollars.

Added by St.1934, c. 372, § 3. Amended by St.1937, c. 177, § 2.

§ 303D. Sale by unlicensed person; sale to minors; sale for drinking purposes prohibited

The sale of methyl alcohol or wood alcohol, so called, or any preparation containing methyl alcohol as described in section three hundred and three A by a person not licensed as required by sections three hundred and three A and three hundred and three B, or by a licensee to a person under sixteen years of age or to any person without reasonable investigation and inquiry to determine that the same is not to be used for drinking purposes, shall constitute the offence of unlawful sale of alcohol and may be described as such in any complaint or indictment without more; but a person so charged shall be entitled to a bill of particulars in accordance with section forty of chapter two hundred and seventy-seven.

Added by St.1934, c. 372, § 3.

§ 303E. Penalty

Except as otherwise provided in section three hundred and three C, violation of any provision of sections three hundred and three A to three hundred and three D, inclusive, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than six months, or both.

Added by St.1934, c. 372, § 3.

FUEL OILS

§ 303F. Delivery ticket; contents; use of copies; inspection; evidence; penalty

Whoever sells or delivers fuel oil in quantities of twenty gallons or over for heating or cooking purposes shall cause a delivery ticket, which shall consist of an original and at least one carbon copy thereof, to be issued. Said ticket shall be serially numbered for the purpose of identification and shall have the date of delivery as well as the names and addresses of the seller and of the purchaser legibly recorded on the ticket prior to delivery of the fuel oil. A statement of quantity of oil delivered, in terms of gallons and fractions thereof, if any, the price per gallon, the grade of fuel, and the identity of the person making such delivery, shall also appear on the ticket. One copy of the above said ticket shall be delivered to the purchaser or his agent at the time of delivery of such oil unless the purchaser initiates a request in writing that the vendor deliver such ticket to another person or location, or that the delivery of such ticket be made at another time. Another copy of the ticket shall be retained by the seller for a period of two months. The director or inspector of standards, sealer or deputy sealer, inspector or deputy inspector of weights and measures shall, at the time of delivery of fuel oil, be authorized to enter and go into or upon, without warrant, any such vehicle to inspect or examine the metering system, vehicle tank compartments and delivery tickets then in the actual possession or under the control of the person making the delivery and may seize, without warrant, any such delivery tickets suspected of constituting a deceptive or fraudulent practice. No copy or retained delivery ticket shall be destroyed but may be voided and kept on file.

On deliveries of fuel oils made through a meter the quantity determinations, of the oil delivered, shall be mechanically printed on the ticket at the time of delivery. A sales sequence number shall also be mechanically printed on the ticket by the ticket printing mechanism of the metering system, unless the printing mechanism is of the cumulative type. The sales sequence number shall not be returnable to zero until it has reached its highest attainable number. The provisions of the preceding two sentences of this paragraph will not become effective until January first, nineteen hundred and eighty and any metering system that has been sealed prior to January first, nineteen hundred and eighty shall be exempt from these provisions if their design prohibits compliance.

Only one delivery ticket may be inserted into the ticket printing mechanism and in the case of vehicle tank meters said ticket shall not be inserted until immediately before a delivery is begun, and in no case shall a ticket be left in the printing mechanism when the vehicle is in motion while on a public street, highway, or thoroughfare. The possession of a preprinted ticket imprinted with a gallonage amount in advance of delivery shall be prima facie evidence of intent to use such ticket in violation of this section.

Deliveries of fuel oil made from vehicle tank compartments, not measured at the time of sale by a sealed metering system, shall be made only from calibrated compartments which are filled to an indicator that has been sealed by a sealer or inspector of weights and measures. The preceding sentence shall not apply to the transfer, exchange or sale of fuel oil which is being transported between bulk storage facilities or to a purchaser who initiates a request in writing that he wishes to accept a carbon copy of the bulk storage metered loading ticket.

Whoever violates any provision of this section shall be punished for the first offense by a fine of fifty dollars, for the second offense by a fine of two hundred dollars and for each subsequent offense by a fine of five hundred dollars. Whoever alters or substitutes a delivery ticket for fraudulent or deceptive purposes shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year or both.

ANTI-FREEZE SOLUTIONS

§ 303G. Definitions

As used in this section and sections three hundred and three H to three hundred and three L, inclusive, the following words shall, unless the context otherwise requires, have the following meanings:

"Anti-freeze", any substance or preparation intended for use as the cooling medium, or to be added to the cooling liquid, in the cooling system of internal combustion engines to prevent freezing of the cooling liquid or to lower its freezing point.

"Division", the division of standards in the executive office of consumer affairs.

Added by St.1967, c. 481. Amended by St.1972, c. 323, § 1.

§ 303H. Minimum standards; adulteration

The division shall establish minimum standards of strength and quality for anti-freeze. An anti-freeze shall be deemed to be adulterated if it consists in whole or in part of any substance which will render it injurious to the cooling system of an internal combustion engine or will make the operation of the engine dangerous to the user; or if its strength, quality, or purity falls below the minimum standards of strength and of quality, as established by the director of the division.

Added by St.1967, c. 481.

§ 303I. Misbranded anti-freeze; labels for containers

An anti-freeze shall be deemed to be misbranded if its labeling is false or misleading in any particular; or if sold in a container which does not bear a label containing the name and place of business of the manufacturer, packer, seller or distributor and an accurate statement of the quantity of the contents in terms of weight or measure on the outside of the container.

Added by St.1967, c. 481.

§ 303J. Inspection of sample; issuance and cancellation of permits

No anti-freeze shall be sold, offered for sale, or held with intent to sell within the commonwealth unless a sample thereof has been inspected by the division and a permit for the sale thereof has been issued by the division. Upon application of the manufacturer, packer, seller, or distributor and the payment of a fee of twenty dollars for each brand of anti-freeze submitted, the division shall inspect such anti-freeze. If the anti-freeze is not adulterated or misbranded, the division shall give the applicant a written permit authorizing the sale of such anti-freeze within the commonwealth for a period expiring June thirtieth next.

If the division finds that any anti-freeze which is to be sold, offered for sale, or held with intent to sell has been altered or adulterated or that a change has been made in the name, brand or trade-mark under which said anti-freeze is to be sold, the division shall notify the licensee and cancel his permit forthwith.

Added by St.1967, c. 481. Amended by St.1968, c. 47, § 1.

§ 303K. Enforcement; samples; inspection of premises, etc.

The division shall administer and enforce the provisions of sections three hundred and three G to three hundred and three J, inclusive, by inspections, chemical analyses, and other appropriate methods. All samples for analysis shall be taken from stocks within the commonwealth or intended for sale therein, and the division may call upon the manufacturer or distributor applying for a license for the sale of an anti-freeze to supply a sample thereof for analysis. The division shall have free access by legal means during business hours to all places of business, buildings, vehicles, cars and vessels used in the manufacture, transportation, sale or storage of any anti-freeze, and it may open by legal means any box, carton, parcel, or package containing or supposed to contain any anti-freeze and may take therefrom samples for analysis.

The division may make such analyses, inspections, and investigations, and may carry on research and may publish the reports of such analyses, inspections and research for the information of the public.

Added by St.1967, c. 481.

§ 303L. Rules and regulations

The division may promulgate such rules and regulations as are necessary to promptly and effectively enforce the provisions of sections three hundred and three G to three hundred and three K, inclusive.

Added by St.1967, c. 481.

§ 303M. Penalty

Whoever violates any provision of section three hundred and three J shall be punished by a fine of not less than one hundred nor more than five hundred dollars for each offense.

Added by St.1967, c. 481.

GENERAL PROVISIONS AND PENALTIES

§ 304. Vendor to furnish sample for analysis, when; penalty

Whoever offers or exposes for sale or delivers to a purchaser any drug, cosmetic or device, or article of food, shall, upon application of an inspector, analyst or other officer or agent of the department of public health and upon tender of the value thereof, furnish a sample sufficient for the analysis of any such drug, cosmetic, device or article of food which is in his possession. Violation of this section shall be punished by a fine of not less than twenty-five nor more than five hundred dollars.

Amended by St.1961, c. 600, § 11.

§ 305. Fraud in packing commodities sold by weight; penalties

Whoever, with intent to defraud or injure, in baling or in packing in any container any commodity sold by weight, including wool, leather, cotton, waste, rags and paper, places therein any substance foreign to the contents thereof shall be punished for the first offence by a fine of not more than one hundred dollars, for the second offence by a fine of not more than two hundred dollars, and for a subsequent offence by a fine of fifty dollars and imprisonment for not less than one nor more than three months.

§ 305A. Improper manufacture, preparation, etc., of food; food defined; rules and regulations; penalties

Unless another penalty is provided under this chapter, whoever for the purpose of sale manufactures, prepares, packs, cans, bottles, keeps, exposes, stores, handles, serves, or distributes in any manner, food in or from an unclean, unsanitary or unhealthful establishment, place or vehicle or under unclean, unsanitary or unhealthful conditions shall be punished for the first offense by a fine of not more than one hundred dollars and for a subsequent offense by a fine of not more than five hundred dollars. For the purposes of this section, the word "food" shall mean and include all articles, whether simple, mixed, or compound, used or intended to be used for food or drink, confectionery or condiment, by human beings, except milk and cream. The commissioner of public health may promulgate and adopt such rules and regulations as he may deem necessary for the enforcement of this section. Any person violating any rule or regulation promulgated and adopted hereunder shall be punished for the first offense by a fine of not more than one hundred dollars or for a subsequent offense by a fine of not more than five hundred dollars.

Amended by St.1937, c. 362, § 5; St.1963, c. 487, § 2.

§ 305B. Medical examination of persons handling food; rules and regulations; employment of persons afflicted with disease; food defined

The commissioner of public health, on his own initiative or at the request of a local board of health, may require any person working in an establishment engaged wholly or in part in the business of producing, manufacturing, processing, storing or offering or exposing for sale any article of food and whose duties actually involve the handling of food during such production, manufacture, processing, storing or offering or exposing for sale, to submit to thorough examination by the department of public health, hereinafter called the department, or by the local board of health, if said commissioner has reason to believe that the examination of such person is necessary for the protection of the public health, to ascertain whether or not he is afflicted with any contagious, infectious or other disease or physical ailment which might render such employment detrimental to the public health, and whether or not, in the opinion of the department, he is a carrier, so called, of such a disease. Such examination shall be made by a physician duly registered and licensed to practice in the commonwealth, and shall be made without charge to the person examined and at the expense of the department or of the local board requesting it. Such examination may include the taking of samples of body fluids, secretions or excretions for examination. Any person so examined may have his physician present at the examination, and, at the request of the person so examined and at his expense, additional samples may be taken for examination at any laboratory approved by the department, but pending the report from the examination of such additional samples the person so examined shall be subject to the rules and regulations of the department made hereunder. The department, and local boards of health within their respective jurisdictions, shall enforce the provisions of this section, and the department may make rules and regulations consistent with said provisions to carry out the purposes thereof. No owner, manager or person in charge of such an establishment shall knowingly require or permit any person who is found upon examination to be afflicted or to be a carrier as aforesaid, or who refuses to submit to such examination, if required so to submit, to continue to work therein in the performance of duties actually involving the handling of food as aforesaid. Whoever violates any provision of this section or of any rule or regulation made thereunder shall be punished by a fine of not less than ten nor more than one hundred dollars. For the purposes of this section, the word "food" shall mean and include all articles, whether simple, mixed or compound, used or intended to be used for food or drink, confectionery or condiment, by human beings.

§ 305C. Certificate of registration; rules and regulations; application of section

No person engaged in the business of processing food for sale shall prepare, manufacture, pack, can, bottle, keep, expose, store, handle or distribute food without having obtained a certificate of registration from the department of public health. Said certificate of registration shall be valid so long as such person is engaged in said business, and said person shall notify the department upon the termination of his business. Said certificate of registration shall apply to one place of business only. The department shall send a copy of such registration to the board of health of the city or town in which said place of business is located. No person shall transport or cause to be transported into the commonwealth any bakery product for the purpose of sale without being registered as herein provided. The department may make such rules and regulations as may be necessary for the enforcement of this section.

This section shall not apply to any person who is a licensed common victualler, purveyor of fresh fruits and vegetables, a farmer who produces and sells raw farm products, including eggs, persons licensed under sections ten B, forty, forty-eight A, fifty-three, sixty-five H, sixty-six, one hundred and twenty of this chapter or licensed under chapter one hundred and thirty-eight, nor to any person who operates an establishment under the inspection of the meat inspection division of the bureau of animal industry of the United States department of agriculture, nor to retailers as defined in paragraph (*f*) of section fourteen E of chapter ninety-three.

Whoever violates any provision of this section shall be punished by a fine of not less than twenty-five nor more than two hundred dollars.

Added by St.1956, c. 663, § 2. Amended by St.1970, c. 891, § 7.

§ 305D. Restaurants; devices or procedures to remove food lodged in persons' throats; insurance; tort immunity

Each restaurant, having a seating capacity of twenty-five persons or more, shall have on its premises a device approved by the department of public health that is designed and intended for use in removing food which may become lodged in a person's throat or each such restaurant shall have on its premises, when food is being served, an employee trained in manual procedures approved by the department of public health to remove food so lodged in a person's throat. The department of public health shall adopt regulations listing all approved devices and manual procedures which it determines may be used effectively to remove food lodged in a person's throat. Each such restaurant shall make adequate provisions for insurance to cover employees trained in rendering such assistance. Any person, or employee of any person who, in good faith, volunteers to remove or attempts to remove such food in an emergency shall not be liable for any civil damages as a result of any acts or omissions by such person or employee in rendering such emergency assistance.

Added by St.1975, c. 787. Amended by St.1978, c. 503.

§ 306. General penalty for counterfeit or wrongful branding or marking of articles

Unless another penalty is provided in this chapter, whoever counterfeits any brand required by this chapter or whoever without authority marks or brands any article required to be inspected, or marks or brands such article with a counterfeited brand, shall be punished by a fine of not more than two hundred dollars; and whoever alters or defaces any marks or brands made by an inspector of milk or collector of samples of milk under this chapter, unless another penalty is provided, shall be punished by a fine of not more than twenty-five dollars.

§ 307. Tobacco products contaminated by fire, smoke or water; possession or sale; penalty

No person shall deliver, sell, offer for sale or have in possession with intent to sell any cigarettes, cigars, tobacco, pipes or any other implement used for smoking, which may be inserted into the mouth or nostrils, which have been contaminated by fire, smoke or water resulting from fire or flood, without authority to so do from the division of food and drugs of the department of public health. Whoever violates the provision of this section shall be punished by a fine of not less than two hundred nor more than five hundred dollars, or by imprisonment for not more than six months.

Added by St.1958, c. 610.

VENDING MACHINES

§ 308. Definitions

In this section and sections three hundred and nine to three hundred and twelve, inclusive, the following words shall, unless the context requires otherwise, have the following meanings:—

"Vending machine", any self-service device offered for public use which, upon insertion of a coin, coins, token, paper currency, or by other means, dispenses servings of food or beverage, either in bulk or in package.

"Machine location", a room, enclosure, space, area or building where a vending machine is installed or operated.

"Commissary", a catering establishment, restaurant, or any other place in which food, beverage and ingredients are processed or prepared and from which vending machines are serviced.

"Commissioner", the commissioner of public health.

"Operator", any person who by contract, agreement or ownership is responsible for furnishing, installing, servicing, operating or maintaining a vending machine.

Added by St.1963, c. 487, § 3.

§ 309. License; necessity; application; issuance; display; fees

No person shall engage in the operation of a vending machine without a license issued by the commissioner.

Any person desiring to operate a vending machine shall make application for a license to the commissioner on a form to be provided by him. The application shall state whether the applicant is an individual, firm, partnership or corporation; the name and address of the applicant, and if the applicant is a partnership, the name and address of each partner; the address of the applicant's principal place of business, and of each commissary servicing his vending machines; and it shall be signed by the applicant or applicants.

The commissioner after compliance by the operator with the applicable provisions of this chapter and upon receipt of the appropriate fee shall issue a license to operate a vending machine. Such license shall not be transferable. A label, of a size and style approved by the commissioner, bearing the operator's license number, shall be conspicuously displayed at each machine location.

The annual fees for licenses to operate vending machines shall be as follows:—

(1) For vending machines dispensing servings at a charge not in excess of two cents:

1 location	$ 0.50
2 to 10 locations	1.00
11 to 20 locations	5.00
21 to 50 locations	10.00
51 to 100 locations	15.00
101 to 200 locations	20.00
201 to 300 locations	25.00
301 or more locations	30.00

(2) For vending machines dispensing servings at a charge not in excess of nine cents:

1 location	$ 0.50
2 to 10 locations	2.00
11 to 20 locations	10.00
21 to 50 locations	20.00
51 to 100 locations	30.00
101 to 200 locations	40.00
201 to 300 locations	50.00
301 or more locations	60.00

(3) For vending machines dispensing pre-mixed carbonated beverages sealed in individual containers:

1 location	$ 0.50
2 to 10 locations	5.00
11 to 20 locations	10.00
21 to 50 locations	25.00
51 to 100 locations	50.00
101 to 200 locations	100.00
201 to 300 locations	150.00
301 or more locations	200.00

(4) For all other vending machines:

1 location	$ 0.50
2 to 10 locations	25.00
11 to 50 locations	100.00
51 or more locations	200.00

Added by St.1963, c. 487, § 3.

§ 310. List of locations; inspection of premises

Each licensee shall keep a list of all locations within the commonwealth wherein vending machines are operated by him and of all commissaries servicing such vending machines. Such information shall be available to the commissioner upon his request.

The commissioner or any authorized agent or employee shall, after proper identification, be permitted to enter, at any reasonable time, any premises wherein vending machines are operated, or any commissary servicing such machines for the purpose of inspecting the same. The licensee shall at the request of the commissioner make provision for the commissioner or any authorized agent or employee to have access, either in company with an employee of the operator or otherwise, to the interior of any vending machine operated by him.

Added by St.1963, c. 487, § 3.

§ 311. Suspension or revocation of license; notice and hearing; reinstatement of license

(*a*) A license to operate a vending machine may be suspended by the commissioner for violation of any provision of this chapter, or may be revoked for serious or repeated violations of any such provision.

(*b*) Whenever the commissioner finds that an operator has violated any applicable provision of this chapter or that unsanitary or other conditions exist in the operation of any vending machine or commissary, he shall issue a written notice to the operator citing the existence of such condition, specifying the corrective action to be taken, stating that a hearing on such findings shall be given upon the written request of the operator filed within ten days of the receipt of this notice, and advising the operator that unless such violation and condition is corrected within a specified and reasonable period of time his license may be suspended or revoked. When the necessary corrective action has been taken, the operator shall forthwith notify the commissioner who shall cause a new inspection to be made.

(*c*) After any hearing held under the provisions of this section, the commissioner shall sustain, modify or rescind any notice or order considered in the hearing.

(*d*) Any operator whose license has been suspended, may at any time make application for the reinstatement of the license. Within ten days after the receipt of a written application, accompanied by, or including, a statement signed by the operator to the effect that the conditions responsible for such suspension have been corrected and no longer exist, the commissioner shall cause a new inspection to be made. If the inspection satisfies the commissioner that the applicant is again complying with applicable provisions of law, the commissioner shall reinstate the license.

Added by St.1963, c. 487, § 3.

§ 312. Food, beverage and ingredients processed and prepared outside commonwealth; conditions for sale

Food, beverage and ingredients processed and prepared in commissaries outside the commonwealth may be sold in a vending machine within the commonwealth, if such commissaries conform to the provisions of law governing commissaries within the commonwealth, provided that the operator of said vending machine is licensed under the provisions of section three hundred and nine.

To determine the extent of compliance with such provisions, the commissioner may accept reports from the responsible authority in such jurisdictions outside the commonwealth where such commissaries are located.

Added by St.1963, c. 487, § 3.

§ 313. Penalties

Whoever violates any provision of sections three hundred and eight to three hundred and twelve, inclusive, or who continues to operate a vending machine after his license has been suspended or revoked, shall be punished for the first offense by a fine of not more than one hundred dollars and for a subsequent offense by a fine of not more than five hundred dollars.

Added by St.1963, c. 487, § 3.

ELECTRIC APPLIANCES

§ 314. Definitions applicable to sections 315 to 318

As used in sections three hundred and fifteen through three hundred and eighteen, inclusive, the following words and phrases shall, unless the context otherwise requires, have the following meanings:

"Appliance", an air conditioner, refrigerator, freezer or refrigerator-freezer which is not used or secondhand;

"Class of appliances", all appliances performing similar functions;

"Consumer", a person who purchases an appliance for use by himself or others and not for resale as a new appliance;

"Director", the director of the division of standards;

"Secretary", the secretary of the executive office of consumer affairs;

"Subclass of appliances", those appliances within a class of appliances which are determined by the secretary to be comparable in size, capacity or capability.

Added by St.1973, c. 891, § 1.

§ 315. Display or offer for sale, or sale, of certain appliances prohibited

No person shall display for sale to consumers or for promotional purposes an appliance required by the secretary to be labelled under the provisions of section three hundred and sixteen unless said appliance prominently bears a label complying with said provisions, and no person shall sell or offer for sale an appliance whose sale has been suspended under the provisions of section three hundred and seventeen.

Added by St.1973, c. 891, § 1.

§ 316. Labels required; regulations; information; form, etc.

The secretary may, in accordance with the provisions of chapter thirty A, adopt and amend regulations which require that each appliance in a class or subclass of appliances which is displayed for sale or for promotional purposes bear a label. The same regulations shall apply to each appliance in any subclass of appliances. The secretary may require said label to contain any or all of the following information, in such form as he may prescribe: (1) the cost in dollars or units of energy or both of operating the appliance during a year or any part of said year as determined under section three hundred and seventeen; (2) any numerical measure of efficiency which accurately reflects the relative efficiencies of all appliances within a class or subclass; and (3) a brief description of testing and computation procedures used to determine the above information.

The secretary shall prescribe the form of such labels and may establish procedures for their production, distribution and use, except that he may not require that any label be produced, distributed or affixed outside the commonwealth.

Added by St.1973, c. 891, § 1.

§ 317. Standardized computation and testing procedures; regulations; determination of energy cost and efficiency information; report of results by manufacturer, et al.; failure to report; false reports; enforcement remedies

The secretary may, in accordance with the provisions of chapter thirty A, adopt regulations for standardized computation procedures to be used to determine the information described in section three hundred and sixteen. The same computation procedures shall apply to each appliance in any subclass of appliances. Such procedures may provide for the computation of a range of annual energy costs as well as a single figure. The secretary may apply such computation procedures to any subclass of appliances for which there is available accurate and recent information concerning the efficiency of at least eighty per cent of the appliances in said subclass that are sold in the commonwealth. The secretary may prescribe standardized testing procedures for any appliances from such a subclass for which such information is not available. The same testing procedures shall apply to each such appliance in any subclass of appliances. He may require the director or manufacturers, distributors or importers to test such appliances in accordance with said standardized testing procedures and to report the results to him in such manner and within such time as he shall determine.

If a manufacturer, distributor, or importer fails to report such test results as required by the secretary or if such results are determined by the director to be false or misleading, the secretary may order the suspension of sales of the affected appliance within not fewer than five days. Any person aggrieved by such order may demand a hearing concerning such order, which hearing shall be conducted by the secretary or his designee within forty-five days of such demand in accordance with the provisions of chapter thirty A. If the secretary finds that the test results were not false or misleading, he shall rescind the order immediately. If a manufacturer, distributor, or importer reports to the secretary new test results which the secretary determines to be correct and complete, the secretary shall rescind the order within fourteen days from receipt of such report.

Added by St.1973, c. 891, § 1.

§ 318. Penalties; violations of sections 315 and 317

Whoever knowingly violates the provisions of section three hundred and fifteen shall be punished for each offense by a fine of not more than five hundred dollars. Whoever knowingly provides false or misleading information required under the provisions of section three hundred and seventeen shall be punished for each offense by a fine of not less than one thousand dollars nor more than ten thousand dollars, or imprisonment for not more than one year, or both.

Added by St.1973, c. 891, § 1.

METAL DRINK CONTAINERS

§ 319. Construction of malt beverage or soft drink metal containers

No person shall distribute, sell, or offer for sale any malt beverage or carbonated soft drink for consumption within the commonwealth in a metal can so constructed that in order to open the can a part may be moved which, by design, is not intended to remain attached to the open can. Whoever violates the provisions of this section shall be punished by a fine of not more than one hundred dollars.

Added by St.1977, c. 399, § 1.

"Fluid milk", any milk, other than cream, which is sold, distributed or used for any purpose other than manufacture of cream, ice cream, butter or cheese; or, in any market for which the board has by order, rule or regulation, established classification on the basis of use, such portion thereof as may from time to time be classified by such order, rule or regulation within the highest use classification for the market concerned.

"Licensee", a milk dealer licensed under any provision of this chapter or of similar provisions of earlier law.

"Market", one or more cities or towns, or any portion thereof, designated by the board as a natural milk marketing area within the commonwealth.

"Milk", includes whole milk and cream, fresh, sour or storage; skimmed milk and buttermilk; irrespective of whether or not any such milk is flavored.

"Milk dealer", any person, irrespective of whether such person is also a producer or an association of producers, who, on his own account or on behalf of producers, is engaged within the commonwealth in the business of receiving, purchasing, pasteurizing, bottling, processing, distributing or otherwise handling milk. No owner or operator of a hotel or restaurant who sells milk consumed on the premises where sold, and does not purchase or receive milk from producers, and no producer who delivers raw milk only to a milk dealer, shall be deemed a milk dealer for the purposes of this chapter.

"Person", any individual, partnership, association, corporation or other business entity, or a subsidiary or affiliate thereof.

"Producer", a person producing milk.

"Store", includes a grocery store, dairy products store or any similar mercantile establishment at which milk is sold for consumption off the premises.

"Subsidiary", any person of or over whom a milk dealer or an affiliate of a milk dealer has, or several milk dealers and their respective affiliates, or any of them collectively have, either directly or indirectly, actual or legal control, whether by stock ownership or in any other manner.

Added by St.1941, c. 691, § 2. Amended by St.1953, c. 604, § 2; St.1967, c. 768, § 1.

POWERS AND DUTIES OF BOARD

§ 2. Powers and duties of milk control commission

The commission shall have the following powers and duties, in addition to any others granted to it by any other provision of this chapter and by sections eight and nine of chapter twenty:—

(1) To designate and establish as markets the several natural milk marketing areas of the commonwealth; to supervise and regulate the milk industry of the commonwealth, including the production, purchase, receipt, sale, payment and distribution of milk within the commonwealth and the control of unreasonable and burdensome surplus of milk in any market coming from either within or without the commonwealth; to prescribe such regulations as shall tend (*a*) equitably to apportion the total value of the milk purchased or received by any dealer, or by all dealers in any market, among the producers delivering to such dealer or dealers, on the basis of their marketings of milk during a prior representative period, and (*b*) to encourage the production of a regular, continuous and adequate supply for such market or markets of fresh fluid milk conforming to law; and to promote programs designed to increase the consumption of milk;

(2) To investigate and regulate, as conditions permit and the purposes of this chapter require, all matters pertaining to markets, to the production, manufacture, processing, storage, transportation, disposal, distribution and sale of milk within the commonwealth, and to the establishment and maintenance of reasonable trade practices relative to milk;

(3) The commission may, after examination and investigation, and after hearing held after due notice, adopt all orders, rules and regulations, not inconsistent with law, which it deems necessary or desirable to administer or effectuate any of the purposes of this chapter. In the administration and enforcement of this section, the commission may appoint and consult and advise with representative com-

mittees and groups in the milk industry, which persons shall serve voluntarily and without compensation.

(4) No provision of this chapter conferring a general power upon the commission shall be deemed to be impaired or qualified by the granting to the commission of any specific power or powers.

(5) The commission may act as mediators and arbitrators in any controversy or issue among or between producers and milk dealers either as individuals or as groups, associations or corporations.

(6) Nothing in this chapter shall be construed to empower or authorize the adoption and enforcement of any public health rule or regulation by the commission.

Added by St.1941, c. 691, § 2. Amended by St.1953, c. 604, § 3; St.1955, c. 757, § 9.

ENFORCEMENT

§ 3. Enforcement by director; appeal; hearing; notice

Subject to the supervision and control of the commission, the director shall enforce the provisions of this chapter and all orders, rules and regulations of the commission.

Any person aggrieved by any act or decision of the director in such enforcement may, within such time as the commission by rule or regulation shall provide, appeal to the commission for a review thereof, and the commission shall grant such person a hearing after due notice.

Added by St.1941, c. 691, § 2. Amended by St.1953, c. 604, § 3.

LICENSES

§ 4. Licensing of milk dealers; exception; licenses for schools, hospitals and charitable institutions

(*a*) No milk dealer, except as provided in subsection (*b*), shall within the commonwealth buy or receive milk from producers or others, or sell or distribute milk, or pasteurize, bottle, package or otherwise process milk for sale, unless he is duly licensed as provided in this chapter, and no milk dealer shall buy milk from or sell milk to another milk dealer who, being required to be licensed, is not so licensed, or in any way deal in or handle milk which he has reason to believe has previously been dealt in or handled in violation of any provision of this chapter, or of any order, rule or regulation made thereunder.

(*b*) The commission, provided it shall first determine that such action will not adversely affect market conditions relative to milk, may by its order exempt from the operation of all or any portion of this chapter any milk dealer who purchases milk only from a licensed milk dealer, and whose only sales of milk are at a store.

(*c*) Licenses required by this chapter shall be in addition to any other license required by law.

(*d*) Any school, hospital, infirmary or other like charitable institution, located within the commonwealth and wholly supported by funds of the United States or of the commonwealth, or of any county, city, town or legally organized district within the commonwealth, and which purchases or receives from producers raw milk delivered in containers holding not less than twenty quarts each, and, on the premises of said institution, pasteurizes or otherwise processes the same for consumption on said premises, or uses the same in the manufacture of milk products for use or consumption on said premises, or proposes so to do, may make application, in the manner provided in section five, for a milk dealer license, which the commission is hereby authorized to grant.

Added by St.1941, c. 691, § 2. Amended by St.1953, c. 604, § 3.

ENTRY, INSPECTION OF RECORDS AND REPORTS

§ 13. Entry on premises for inspection; reports to director; results of inspection; definitions

(*a*) For the purpose of administering this chapter, any member of the commission, the director, or any employee or other representative designated by the commission or by him for the purpose, may enter, at all reasonable hours, every place where milk is being produced, stored, bottled or otherwise packaged, processed, sold or otherwise handled for sale or distribution. Any such person may also, at all reasonable hours, inspect and verify by reference to the actual operations and transactions all books and records relating to milk in any place within the commonwealth for the purpose of ascertaining facts required for proper administration of this chapter.

(*b*) All milk dealers required to be licensed under this chapter, their affiliates and subsidiaries, shall from time to time furnish to the director such information as the commission may by order, rule or regulation require, upon and in conformity to forms or reports approved by the commission and supplied by the director, for the purpose of enabling the director to administer and enforce this chapter and the orders, rules and regulations made by the commission thereunder. All such reports shall be on oath or made under the penalties of perjury.

(*c*) Each milk dealer required to be licensed under this chapter shall permit any member of the commission, the director, or any employee or other representative designated for the purpose by the commission or by him, at all reasonable hours, to enter any place occupied or controlled by such milk dealer where milk is produced, stored, bottled or otherwise packaged, pasteurized, processed, sold or otherwise handled. Each such dealer shall at all reasonable hours identify and make available to any such person all books and records relating to milk or to such milk dealer's business which are in his possession or custody or under his control, and permit such person to inspect and verify the same as provided in subsection *(a)*.

(d) The information obtained by any inspection authorized or reports required by this chapter or by similar provisions of earlier law shall be treated as confidential and shall not be disclosed by any person except as may be required in the proper administration of this chapter; provided, that the commission may use such information together with other similar information, for compilation and publication of statistics of the milk industry in this commonwealth. Such statistics shall not contain the name of, or disclose, by inference or otherwise, information obtained from the books and records of any milk dealer.

(e) Except as to markets in which there is in operation and effect an order or regulation issued by the legally constituted authorities of the United States regulating the marketing of milk in such markets, and except as to markets in which there is in operation and effect an order issued by the commission regulating the marketing of milk in such markets upon a market-wide pool basis, each milk dealer required to be licensed under this chapter, except a milk dealer eligible for exemption under subsection *(b)* of section four, and except a milk dealer who is also a producer selling to consumers not more than fifty quarts of milk daily, shall, within such period as the commission by order, rule or regulation requires, but not later than ten days after the close of each delivery period with respect to milk or cream received by such milk dealer, file with the director, in detail and form approved by the commission, a report as follows:—

(1) The receipts at each plant from producers, including the quantity, if any, of his own production;

(2) The receipts at each plant from any other milk dealer, including a milk dealer who is also a producer;

(3) The respective quantities of milk which were sold, distributed or used within each market, including sales to other milk dealers, in each use classification established by the commission.

The director shall compute for each such milk dealer who purchases or receives milk from producers on the composite or on a base rating plan the percentage of milk sold, distributed or used by him in each such use classification and, notwithstanding the provisions of subsection *(d)*, shall announce by mail, postage prepaid, to all such milk dealers and to all milk producers associations within the commonwealth the results of such computation, and the minimum composite price, or minimum base and excess prices which on the basis of said report such milk dealer, pursuant to the orders, rules and regulations of the commission, is required to pay per hundredweight of milk containing three and seven tenths per cent butter fat content, delivered to the plant of such milk dealer by producers during each delivery period.

Such announcement shall be made on or before the fifteenth day after the end of each delivery period. If any such milk dealer receives milk from producers at more than one plant subject to the provisions of this subsection, such percentage and such minimum price or prices shall be separately computed and announced by the director for each such plant.

The words "delivery period", as used in this subsection, shall mean, with respect to milk dealers who buy no milk from producers, a monthly period beginning on the first day of each month and, with respect to all other milk dealers, the delivery period applicable to such milk dealers as determined by order of the commission. The composite plan and base rating plan referred to in this subsection shall mean the composite plan and base rating plan as determined by order of the commission.

(*f*) Subsection (*e*) shall be construed as being in addition to and in no way limiting the power and authority of the commission under subsection (*b*).

Added by St.1941, c. 691, § 2. Amended by St.1945, c. 134; St.1946, c. 312; St.1953, c. 604, § 3.

GENERAL PROVISIONS

§ 25. Public interest; intention and purpose of statute

It is hereby declared that the production and distribution of milk is an industry affected with a paramount public interest relating to the public health. The intention and purpose of this chapter is hereby declared to extend to the regulation of said industry and to the control of all milk sold or offered for sale in the commonwealth, to the full extent permitted by the constitutions of the commonwealth and of the United States, respectively.

HAZARDOUS SUBSTANCES LABELING LAW

§ 1. Definitions

The following words as used in this chapter, unless the context otherwise requires shall have the following meanings:

"Banned hazardous substance", any toy, or other article intended for use by children, which is a hazardous substance, or which bears or contains a hazardous substance susceptible of access to a child, or is otherwise hazardous because it presents electrical, mechanical or thermal hazards; or any hazardous substance intended or packaged in a form suitable for use in households, which the commissioner by regulation classifies as a "banned hazardous substance" on the basis of a finding that notwithstanding cautionary labeling required under this chapter, the degree or nature of the hazard involved in the presence or use of the substance in households is such that the protection of the public health and safety can be adequately served only by keeping the substance out of the channels of commerce. The commissioner, by regulation, shall, however, exempt articles, such as chemical sets, which by reason of their functional purpose, require the inclusion of the hazardous substance involved or necessarily present an electrical, mechanical, or thermal hazard, and which bear labeling giving adequate direction and warnings for safe use and are intended for use by children who have attained sufficient maturity and who may reasonably be expected to read and heed these warnings.

"Combustible", any substance or mixture of substances which has a flash point from eighty degrees to and including one hundred and fifty degrees Fahrenheit, as determined by the Tagliabue Open Cup Tester.

"Commerce", any and all commerce within the commonwealth, including the operation of any business or service establishment.

"Commissioner", the commissioner of public health.

"Corrosive", any substance which when in contact with living tissue will cause destruction of such tissue by chemical action.

"Department", the department of public health.

"Director", the director of the division of food and drugs in the department.

"Division", the division of food and drugs in the department.

"Electrical hazard", an article which in normal use or when subjected to reasonably foreseeable damage or abuse, by its design or manufacture, may cause personal injury or illness by electrical shock.

"Extremely flammable", when used with respect to a substance, any substance which has a flash point at or below twenty degrees Fahrenheit as determined by the Tagliabue Open Cup Tester.

"Flammable", when used with respect to a substance, any substance which has a flash point of above twenty degrees to and including eighty degrees Fahrenheit, as determined by the Tagliabue Open Cup Tester; when used with respect to all items of wearing apparel in sizes 0 through 6X intended to be worn primarily for sleeping or activities related to sleeping and for fabric or related material intended or promoted for use in such wearing apparel, which exceeds the acceptance criteria specified in the federal children's sleepwear standard, DOC FF 3–71, and determined by an appropriate test performed in accordance with said standard; or when used with respect to all items of wearing apparel in sizes 7 through 14 intended to be worn primarily for sleeping or activities related to sleeping and for fabric or related material intended or promoted for use in such wearing apparel, which exceeds the acceptance criteria specified in the federal children's sleepwear standard, FF5–74, and determined by an appropriate test performed in accordance with said standard; provided, that the flammability of solids and of the contents of self-pressurized containers shall be determined by methods generally recognized as applicable to such containers and established by regulations issued by the commissioner.

"Hazardous substance", any substance or mixture of substances which is toxic, corrosive, an irritant, a strong sensitizer, flammable or which generates pressure through decomposition, heat, or other means, if such substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonable foreseeable ingestion by children, or any toy or other article intended for use by children which presents an electrical, mechanical or thermal hazard. It shall include any radioactive substance if, with respect to such substance as used in a particular class of article or as packaged, the commissioner determines by regulation that the substance is sufficiently hazardous to require labeling in accordance with this chapter in order to protect the public health. It shall not include economic poisons subject to the Federal Insecticide, Fungicide and Rodenticide Act,[1] unless the commissioner finds that such economic poison is not adequately labeled for the protection of the public health, nor foods, drugs and cosmetics subject to the Federal Drug and Cosmetic Act [2] or to chapter ninety-four, nor substances intended for use as fuels when stored in containers and used in heating, cooking, or refrigeration systems. It shall include any article which is not itself an economic poison within the meaning of the Federal Insecticide, Fungicide and Rodenticide Act but which is a hazardous substance within the meaning of this definition by reason of bearing or containing such economic poison.

"Highly toxic", when used with respect to a substance, any substance which (*a*) produces death within fourteen days in half or more than half of a group of ten or more laboratory white rats each weighing between two hundred and three hundred grams, at a single dose of fifty milligrams or less per kilogram of body weight, when orally administered; or (*b*) produces death within fourteen days in half or more than half of a group of ten or more laboratory white rats each weighing between two hundred and three hundred grams, when inhaled continuously for a period of one hour or less at an atmospheric concentration of two hundred parts per million by volume or less of gas or vapor or two milligrams per liter or less of mist or dust, provided such concentration is likely to be encountered by man when the substance is used in any reasonably foreseeable manner; or (*c*) produces death within fourteen days in half or more than half of a group of ten or more rabbits tested in a dosage of two hundred milligrams or less per kilogram of body weight, when administered by continous contact with the bare skin for twenty-four hours or less; provided that if the commissioner finds that available data on human experience with any substance indicate results different from those obtained on animals with the aforesaid dosages or concentrations, the human data shall take precedence.

"Immediate container", excludes a package liner.

"Inspector", an inspector of the division of food and drugs in the department.

"Irritant", any substance not corrosive which on immediate, prolonged or repeated contact with normal living tissue will induce a local inflammatory reaction.

"Label", a display of written, printed, or graphic matter upon the immediate container of any substance, or in the case of an article which is unpackaged or is not packaged in an immediate container intended or suitable for delivery to the ultimate consumer, a display of such matter directly on the article involved or on a tag or other suitable material affixed thereto, and a requirement made by or under authority of this chapter that any word, statement, or other information appear on the label shall not be considered to be complied with unless such word, statement or other information also appears on the outside container or wrapper, if any there be, unless it is easily legible through the outside container or wrapper and on all accompanying literature where there are directions for use, written or otherwise.

"Mechanical hazard", an article which, in normal use or when subjected to reasonably foreseeable damage or abuse, by its design or manufacture presents an unreasonable risk of personal injury or illness from fracture, fragmentation or disassembly of the article, from propulsion of the article or any part or accessory thereof, from points or other protrusions, surfaces, edges, openings or closures, from moving parts, from lack or insufficiency of controls to reduce or stop motion, as a result of self-adhering characteristics of the article, because the article or any part or accessory thereof may be aspirated or ingested, because of instability, or any other aspect of the article's design or manufacture.

"Misbranded package" or "misbranded package of a hazardous substance", a hazardous substance in a container, or not in a container if the substance can be handled or transported without one, which is intended or suitable for household use or personal use and which, except as otherwise provided by or pursuant to section two, fails to bear a label which states prominently in the English language, in conspicuous and legible type in contrast by typography, layout or color with other printed matter on the label, (*a*) the name and place of business of the manufacturer, packer, distributor or seller; (*b*) the common or usual name or the chemical name, if there be no common or usual name, of the hazardous substance or of each component which contributes substantially to its hazard, unless the commissioner by regulation permits or requires the use of a recognized generic name; (*c*) the signal word "DANGER" on substances which are corrosive, extremely flammable or highly toxic; (*d*) the signal word "WARNING" or "CAUTION" on all other hazardous substances; (*e*) an affirmative statement of the principal hazard or hazards, such as "Flammable", "Vapor Harmful", "Causes Burns", "Absorbed Through Skin", or similar wording descriptive of the hazard; (*f*) precautionary measures describing the action to be followed or avoided, except when modified by regulations of the commissioner pursuant to section two; (*g*) instructions, when necessary or appropriate, for first-aid treatment; (*h*) the word "POISON" for any hazardous substance which is defined as "highly toxic" by this section; (*i*) instructions for handling and storage of packages which require special care in handling or storage; and (*j*) the statement "Keep out of reach of children", or its practical equivalent.

"Person", includes an individual, partnership, corporation, association, or legal representative or agent.

"Radioactive substance", a substance which emits ionizing radiation.

"Strong sensitizer", a substance which will cause on normal living tissue, through an allergic or photodynamic process, a hypersensitivity which becomes evident on reapplication of the same substance and which is designated as such by the commissioner. Before designating any substance as a strong sensitizer, the commissioner, upon consideration of the frequency of occurrence and severity of the reaction, shall find that the substance has a significant potential for causing hypersensitivity.

"Thermal hazard", an article which, in normal use or when subjected to reasonably foreseeable damage or abuse, by its design or manufacture presents an unreasonable risk of personal injury or illness because of heat as from heated parts, substances or surfaces.

"Toxic", when used with respect to a substance, any substance, other than a radioactive substance, which has the capacity to produce personal injury or illness to man through ingestion, inhalation, or absorption through any body surface.

Added by St.1960, c. 727, § 1. Amended by St.1972, c. 506, § 1; St.1973, c. 649, §§ 1, 2; St.1974, c. 642, §§ 1, 2.

§ 2. Commissioner; general powers

(*a*) Whenever in the judgment of the commissioner such action will promote the objectives of this chapter by avoiding or resolving uncertainty as to its application, the commissioner may by reasonable rules and regulations declare to be a hazardous substance, for the purpose of this chapter, any substance or mixture of substances which he finds meets the requirements of the same term as defined in section one.

(*b*) If the commissioner finds that the requirements of section one, as to labeling of a "misbranded hazardous substance" are not adequate for the protection of the public health and safety in view of the special hazard presented by any particular hazardous substance, he may by regulation establish such reasonable variations of additional label requirements as he finds necessary for the protection of the public health and safety; and any hazardous substance intended, or packaged in a form suitable, for use in the household or by children, which fails to bear a label in accordance with these regulations shall be deemed to be a misbranded hazardous substance.

(*c*) If the commissioner finds that, because of the size of the package involved or because of the minor hazard presented by the substance contained therein, or for other good and sufficient reasons, full compliance with the labeling requirements otherwise applicable under this chapter is impracticable or is not necessary for the adequate protection of the public health and safety, he shall promulgate regulations exempting the substance from these requirements, to an extent he determines consistent with adequate protection of the public health and safety.

(*d*) If the commissioner finds that an article subject to this chapter cannot be labeled adequately to protect the public health and safety, or the article presents an imminent danger to the public health and safety, he may declare the article to be a banned hazardous substance and require its removal from commerce.

The commissioner shall cause the regulations promulgated under this chapter to conform, insofar as practicable, with the regulations established pursuant to the Federal Hazardous Substances Act.[1]

[1] 15 U.S.C.A. § 1261 et seq.

§ 3. Prohibited acts

(*a*) No person shall sell, expose for sale, deliver, give away, have in his possession, introduce or deliver for introduction into commerce any misbranded hazardous substance or banned hazardous substance.

(*b*) No person shall alter, mutilate, destroy, obliterate or remove the whole or any part of the label of, or do any other act with respect to, any hazardous substance if such act is done while the substance is in commerce or held for sale, whether or not the first sale, and such act results in the hazardous substance being a misbranded hazardous substance or a banned hazardous substance.

(*c*) No person shall receive in commerce any misbranded hazardous substance or banned hazardous substance and deliver or proffer delivery thereof for pay or otherwise.

(*d*) No person shall give a guarantee or undertaking referred to in section four which guarantee or undertaking is false, except in reliance upon a guarantee or undertaking to the same effect signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the hazardous substance.

(*e*) No person shall sell, expose for sale, deliver, give away, have in his possession, introduce or deliver for introduction into commerce, or receive in commerce and subsequently deliver or proffer delivery for pay or otherwise, any hazardous substance in a reused food, drug or cosmetic container or in a container which though not a reused container, is identifiable as a food, drug, or cosmetic container by its labeling or by other identification. The reuse of a food, drug, or cosmetic container as a container for a hazardous substance shall be deemed to be an act which results in the hazardous substance being a misbranded hazardous substance. As used in this paragraph, the terms "food", "drug", and "cosmetic" shall have the same meaning as in section one of chapter ninety-four.

(*f*) No person shall manufacture any hazardous substance that is misbranded with the intent that the same be distributed or sold in violation of this chapter.

(*g*) No person shall use to his own advantage, or reveal other than to the commissioner or officers or employees of the department or to the courts when relevant in any judicial proceeding under this chapter or to a physician treating a patient for potential poisoning any information acquired under authority of sections six and seven concerning any method or process which as a trade secret is entitled to protection.

Added by St.1960, c. 727, § 3. Amended by St.1972, c. 506, § 1.

§ 4. Penalties for violation of section 3; exceptions

Any person who violates any of the provisions of section three shall be punished for a first offense by a fine of not less than one hundred dollars nor more than five hundred dollars or by imprisonment for not more than ninety days, or both; and for a second and subsequent offenses, shall be punished by imprisonment for not more than one year, or a fine of not less than six hundred dollars nor more than three thousand dollars, or both; provided, however, that no person shall be subject to such penalties for having violated the provisions of paragraph (*c*) of section three if the receipt, delivery, or proffered delivery of the hazardous substance, was made in good faith, unless he refused to furnish on request of an officer or employer duly designated by the commissioner the name and address of the person from whom he purchased or received such hazardous substance, and copies of all documents, if any there be, pertaining to the delivery of the hazardous substances to him; or for having violated paragraph (*d*) of section three if he establishes a guarantee or undertaking signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the hazardous substance, to the effect that the hazardous substance is not a misbranded hazardous substance or a banned hazardous substance within the meaning of those terms in this chapter, or for having violated paragraph (*a*) of section three in respect to any hazardous substance shipped or delivered for shipment for export to any foreign country, in a package marked for export on the outside of the shipping container and labeled in accordance with the specifications of the purchaser and in accordance with the laws of the United States or of the foreign country.

Added by St.1960, c. 727, § 4. Amended by St.1972, c. 506, § 1.

§ 5. Embargo; notice; destruction or return of articles; exports

(*a*) Whenever the director or his duly authorized inspector finds or has probable cause to believe that any hazardous substance is misbranded, or is a banned hazardous substance within the meaning of this chapter, he shall affix or cause to be affixed to such article a tag or other appropriate marking, giving notice to the manufacturer of the substance, the distributor, and the owner thereof, that such article is, or is suspected of being misbranded or is a banned hazardous substance and has been detained or embargoed, and warning all persons not to remove or dispose of such article by sale or otherwise until permission for removal or disposal is given by the director, his inspector, or the court, provided, any such article may at the discretion of the manufacturer, distributor or owner thereof be removed from public display but shall not be removed from the immediate premises. Such manufacturer, distributor or owner shall be authorized to destroy the article so detained if such article is destroyed under the supervision of the director, or his inspector. When an article detained or embargoed has been found to be a misbranded or banned hazardous substance, the director or his agent shall within thirty-days file a petition in any district or municipal court within whose jurisdiction the article is detained or embargoed for a libel of condemnation of such article. When such inspector has found that an article so detained or embargoed is not a misbranded or banned hazardous substance, he shall remove the tag or other marking; thereby permitting its release. Such toy or other article shall be deemed to be a banned hazardous substance for purposes of this chapter until the proceeding has been completed.

(*b*) If the court finds that a detained or embargoed article is misbranded or a banned hazardous substance, such article shall, after entry of the decree, be destroyed at the expense of the manufacturer, distributor or owner thereof, under supervision of such inspector, and all court costs and fees, and storage and other proper expenses, shall be taxed against him of such article or his agent; provided, that when the misbranding can be corrected by proper labeling of the article, the court, after entry of the decree and after such costs, fees and expenses have been paid and a good and sufficient bond, conditioned that such article shall be so labeled, has been executed may by order direct that such article be returned to such person for such labeling under the supervision of an inspector of the commissioner. The expense of such supervision shall be paid by such manufacturer, distributor or owner. The article shall be returned to such manufacturer, distributor or owner on the representation to the court by the commissioner that the article is no longer in violation of this chapter and that the expenses of such supervision have been paid.

This section shall not apply to a hazardous substance intended for export to any foreign country if it (1) is in a package branded in accordance with the specifications of the foreign purchaser, (2) is labeled in accordance with the laws of the foreign country, and (3) is labeled on the outside of the shipping package to show that it is intended for export, and (4) is so exported.

Added by St.1960, c. 727, § 5. Amended by St.1972, c. 506, § 1.

§ 6. Inspection; access to premises; penalties

(*a*) For the purpose of administering the provisions of this chapter, the director and inspectors shall have access and entry at reasonable times to any premises pursuant to a search warrant duly issued by a court of competent jurisdiction, provided that no sample of an alleged hazardous substance obtained in the course of such inspection and no result of any analysis or test of any such sample shall be received in evidence in any criminal proceeding under this chapter unless the sample shall have been taken and the analysis or test conducted in accordance with the procedure provided in sections one hundred and eighty-eight and one hundred and eighty-nine of chapter ninety-four.

(*b*) Any person who obstructs the director or an inspector from entering premises under a valid search warrant where a hazardous substance is kept as provided in section six, or any person who does not comply with the provisions of section seven, shall be punished by a fine of not less than five hundred nor more than two thousand dollars or by imprisonment for not more than six months, or both.

Added by St.1960, c. 727, § 6. Amended by St.1972, c. 506, § 1.

§ 7. Examination of records

For the purpose of enforcing the provisions of this chapter, carriers engaged in commerce, and persons storing or receiving hazardous substances in commerce or holding such hazardous substances so received shall, upon the request of an officer or employee duly designated by the commissioner acting under authority of a search warrant duly issued by a court of competent jurisdiction, permit such officer or employee at reasonable times, to have access to and to copy all records showing the movement in commerce of any such hazardous substances, or the holding thereof during or after such movement, and the quantity, shipper, and consignee thereof.

Added by St.1960, c. 727, § 7. Amended by St.1972, c. 506, § 1.

§ 8. Repurchase of banned hazardous substances

In the case of any article or substance sold by its manufacturer, distributor, or dealer which is a banned hazardous substance, whether or not it was such at the time of its sale, such article or substance shall, in accordance with regulations of the commissioner, be repurchased as follows:

(*a*) The manufacturer of any such article or substance shall repurchase it from the person to whom he sold it, and shall refund to that person the purchase price paid for such article or substance. If that person repurchased such article or substance pursuant to the provisions in this section, the manufacturer shall reimburse him for any amounts paid in connection with its repurchase, and reimburse such person for any reasonable and necessary expenses incurred in returning it to the manufacturer.

(*b*) The distributor of any such article or substance shall repurchase it from the person to whom he sold it, and shall refund to that person the purchase price paid for such article or substance. If that person has repurchased such article or substance pursuant to the provisions of this section, the distributor shall reimburse him for any amounts paid for the return of such article or substance in connection with its repurchase and reimburse that person for any reasonable and necessary expenses incurred in returning it to the distributor.

(*c*) In the case of any such article or substance sold at retail by a dealer, if the person who purchased it from the dealer returns it to him, the dealer shall refund the purchase price paid for it and reimburse him for any reasonable and necessary transportation charges incurred in its return.

For the purpose of this section, (1) the term "manufacturer" includes an importer for resale, and (2) a dealer who sells at wholesale an article or substance shall with respect to that sale be considered the distributor of that article or substance.

Added by St.1972, c. 506, § 1.

§ 9. Publication of reports and dissemination of information pertaining to hazardous substances

(*a*) The commissioner may cause to be published from time to time reports summarizing any judgments, decrees or court orders which have been rendered under this chapter including the nature of the charge and the disposition thereof.

(*b*) The commissioner may also cause to be disseminated information regarding hazardous substances in situations involving, in the opinion of the commission, possible danger to health. Nothing in this section shall be construed to prohibit the commissioner from collecting, reporting and illustrating the results of his investigations.

Added by St.1972, c. 506, § 1.

§ 1. Definitions

As used in this chapter, the following words shall, unless the context clearly requires otherwise, have the following meanings:

"Administer", the direct application of a controlled substance whether by injection, inhalation, ingestion, or any other means to the body of a patient or research subject by—

(*a*) a practitioner, or

(*b*) a nurse at the direction of a practitioner in the course of his professional practice, or

(*c*) an ultimate user or research subject at the direction of a practitioner in the course of his professional practice.

"Agent", an authorized person who acts on behalf of or at the direction of a manufacturer, distributor, or dispenser; except that such term does not include a common or contract carrier, public warehouseman, or employee of the carrier or warehouseman, when acting in the usual and lawful course of the carrier's or warehouseman's business.

"Bureau", the Bureau of Narcotics and Dangerous Drugs, United States Department of Justice, or its successor agency.

"Class", the lists of controlled substances for the purpose of determining the severity of criminal offenses under this chapter.

"Clinical research", any systematic investigation or study carried out in connection with the good faith professional practice of medicine, dentistry, or podiatry for the alleviation of pain and suffering or for the treatment or alleviation of disease. Such clinical research shall be deemed to be within the meaning of the term "in the course of professional practice" as used in this chapter.

"Commissioner", the commissioner of public health.

"Controlled substance", a drug, substance, or immediate precursor in any schedule or class referred to in this chapter.

"Counterfeit substance", a substance which is represented to be a particular controlled drug or substance, but which is in fact not that drug or substance.

"Deliver", to transfer, whether by actual or constructive transfer, a controlled substance from one person to another, whether or not there is an agency relationship.

"Department", the department of public health.

"Depressant or stimulant substance",

(*a*) a drug which contains any quantity of barbituric acid or any of the salts of barbituric acid; or any derivative of barbituric acid which the United States Secretary of Health, Education, and Welfare has by regulation designated as habit forming; or

(*b*) a drug which contains any quantity of amphetamine or any of its optical isomers; any salt of amphetamine or any salt of an optical isomer of amphetamine; or any substance which the United States Attorney General has by regulation designated as habit forming because of its stimulant effect on the central nervous system; or

(*c*) lysergic acid diethylamide; or

(*d*) any drug except marihuana which contains any quantity of a substance which the United States Attorney General has by regulation designated as having a potential for abuse because of its depressant or stimulant effect on the central nervous system or its hallucinogenic effect.

"Dispense", to deliver a controlled substance to an ultimate user or research subject or to the agent of an ultimate user or research subject by a practitioner or pursuant to the order of a practitioner, including the prescribing and administering of a controlled substance and the packaging, labeling, or compounding necessary for such delivery.

"Distribute", to deliver other than by administering or dispensing a controlled substance.

"Drug",

(*a*) substances recognized as drugs in the official United States Pharmacopoeia, official Homeopathic Pharmacopoeia of the United States, or official National Formulary, or any supplement to any of them;

(*b*) substances intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in man or animals;

(*c*) substances, other than food, intended to affect the structure, or any function of the body of man and animals; or

(*d*) substances intended for use as a component of any article specified in clauses (*a*), (*b*) or (*c*), exclusive of devices or their components, parts or accessories.

"Immediate precursor", a substance which the commissioner has found to be and by rule designates as being a principal compound commonly used or produced primarily for use, and which is an immediate chemical intermediary used or likely to be used in the manufacture of a controlled substance, the control of which is necessary to prevent, curtail, or limit manufacture.

"Isomer", the optical isomer, except that wherever appropriate it shall mean the optical, position or geometric isomer.

"Manufacture", the production, preparation, propagation, compounding, conversion or processing of a controlled substance, either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, including any packaging or repackaging of the substance or labeling or relabeling of its container except that this term does not include the preparation or compounding of a controlled substance by an individual for his own use or the preparation, compounding, packaging, or labeling of a controlled substance:

(*a*) by a practitioner as an incident to his administering a controlled substance in the course of his professional practice, or

(*b*) by a practitioner, or by his authorized agent under his supervision, for the purpose of, or as an incident to, research, teaching or chemical analysis and not for sale, or

(*c*) by a pharmacist in the course of his professional practice.

"Marihuana", all parts of the plant Cannabis sativa L., whether growing or not; the seeds thereof; and resin extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds or resin. It does not include the mature stalks of the plant, fiber produced from the stalks, oil, or cake made from the seeds of the plant, any other compound, manufacture, salt derivative, mixture, or preparation of the mature stalks, except the resin extracted therefrom, fiber, oil, or cake or the sterilized seed of the plant which is incapable of germination.

"Narcotic drug", any of the following, whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

(*a*) Opium and opiate, and any salt, compound, derivative, or preparation of opium or opiate;

(*b*) Any salt, compound, isomer, derivative, or preparation thereof which is chemically equivalent or identical with any of the substances referred to in clause (*a*), but not including the isoquinoline alkaloids of opium;

(*c*) Opium poppy and poppy straw;

(*d*) Coca leaves and any salt, compound, derivative, or preparation of coca leaves, and any salt, compound, isomer, derivative, or preparation thereof which is chemically equivalent or identical with any of these substances, but not including decocainized coca leaves or extractions of coca leaves which do not contain cocaine or ecgonine.

"Nurse", a nurse registered or licensed pursuant to the provisions of section seventy-four or seventy-four A of chapter one hundred and twelve, a graduate nurse as specified in section eighty-one of said chapter one hundred and twelve or a student nurse enrolled in a school approved by the board of registration in nursing.

"Opiate", any substance having an addiction-forming or addiction-sustaining liability similar to morphine or being capable of conversion into a drug having addiction-forming or addiction-sustaining liability. It does not include, unless specifically designated as controlled under section two, the dextrorotatory isomer of 3-methoxy-n-methyl-morphinan and its salts, dextromethorphan. It does include its racemic and levorotatory forms.

"Opium poppy", the plant of the species Papaver somniferum L., except its seeds.

"Oral prescription", an oral order for medication which is dispensed to or for an ultimate user, but not including an order for medication which is dispensed for immediate administration to the ultimate user by a practitioner, registered nurse, or practical nurse.

"Person", individual, corporation, government, or governmental subdivision or agency, business trust, estate, trust, partnership or association, or any other legal entity.

"Pharmacist", any pharmacist registered in the commonwealth to dispense controlled substances, and including any other person authorized to dispense controlled substances under the supervision of a pharmacist registered in the commonwealth.

"Pharmacy", a facility under the direction or supervision of a registered pharmacist which is authorized to dispense controlled substances, including but not limited to "retail drug business" as defined below.

"Poppy straw", all parts, except the seeds of the opium poppy, after mowing.

"Practitioner",

(*a*) A physician, dentist, veterinarian, podiatrist, scientific investigator, or other person registered to distribute, dispense, conduct research with respect to, or use in teaching or chemical analysis, a controlled substance in the course of professional practice or research in the commonwealth;

(*b*) A pharmacy, hospital, or other institution registered to distribute, dispense, conduct research with respect to or to administer a controlled substance in the course of professional practice or research in the commonwealth.

"Prescription drug", any and all drugs upon which the manufacturer or distributor has, in compliance with federal law and regulations, placed the following: "Caution. Federal law prohibits dispensing without prescription".

"Production", includes the manufacture, planting, cultivation, growing, or harvesting of a controlled substance.

"Registrant", a person who is registered pursuant to any provision of this chapter.

"Registration", unless the context specifically indicates otherwise, such registration as is required and permitted only pursuant to the provisions of this chapter.

"Registration number", such registration number or numbers, either federal or state, that are required with respect to practitioners by appropriate administrative agencies.

"Retail drug business", a store for the transaction of "drug business" as defined in section thirty-seven of chapter one hundred and twelve.

"Schedule", the list of controlled substances established by the commissioner pursuant to the provisions of section two for purposes of administration and regulation.

"State", when applied to a part of the United States other than Massachusetts includes any state, district, commonwealth, territory, insular possession thereof, and any area subject to the legal authority of the United States of America.

"Tetrahydrocannabinol", tetrahydrocannabinol or preparations containing tetrahydrocannabinol excluding marihuana except when it has been established that the concentration of delta-9 tetrahydrocannabinol in said marihuana exceeds two and one-half per cent.

"Ultimate user", a person who lawfully possesses a controlled substance for his own use or for the use of a member of his household or for the use of a patient in a facility licensed by the department or for administering to an animal owned by him or by a member of his household.

"Written prescription", a written order for medication which is dispensed to or for an ultimate user, but not including an order for medication which is dispensed for immediate administration to the ultimate user by a practitioner, registered nurse or practical nurse.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, §§ 1 to 6; St.1973, c. 1190, §§ 1 to 6.

§ 2. Regulations establishing schedules of drugs or other substances controlled; factors determinative of control or removal; exclusions

(*a*) For the purpose of administration and regulation of the manufacture, distribution, dispensing, and possession of controlled substances by persons authorized under this chapter, the commissioner shall establish by regulations pursuant to the provisions of chapter thirty A five schedules incorporating the five schedules of controlled substances under the "Comprehensive Drug Abuse, Prevention and Control Act of 1970" [1] or any amendment thereof. In addition thereto the commissioner shall by regulation as aforesaid establish a sixth schedule which shall include all prescription drugs not included in the first five schedules.

(*a½*) The commissioner may, pursuant to the provisions of chapter thirty-A, delete or reschedule all substances enumerated in the schedules established pursuant to the provisions of subsection (*a*) except that if any substance which has not been scheduled pursuant to the provisions of this section is designated a controlled substance under the Federal Comprehensive Drug Abuse, Prevention and Control Act of 1970 or any amendment thereof [1a], or if any substance which has been scheduled pursuant to the provisions of this section is designated a controlled substance of greater abuse liability under the Federal Comprehensive Drug Abuse, Prevention and Control Act of 1970 or any amendment thereof, the commissioner, pursuant to the provisions of chapter thirty A, shall, not more than thirty days after publication of final notice in the federal register or not more than thirty days after the effective date of any federal statute affecting the scheduling of controlled substances under said federal act or any amendment thereof, issue a regulation controlling the substance in a schedule corresponding to the federal schedules.

(*b*) In making any finding under subsection (*a*) of this section or under subsection (*a*) of section three, the commissioner shall consider the following factors with respect to each drug or other substance proposed to be controlled or removed from the schedules:

(1) Its actual or relative potential for abuse.

(2) Scientific evidence of its pharmacological effect, if known.

(3) The state of current scientific knowledge regarding the drug or other substance.

(4) Its history and current pattern of abuse.

(5) The scope, duration and significance of abuse.

(6) What, if any, risk there is to the public health.

(7) Its psychological or physiological dependence liability.

(8) Whether the substance is an immediate precursor of a substance already controlled under this chapter.

(*c*) The commissioner acting jointly with the board of registration in pharmacy shall by regulation pursuant to the provisions of chapter thirty A exclude any non-narcotic substance from a schedule if such substance may, under the Federal "Comprehensive Drug Abuse Prevention and Control Act of 1970 [2] " and the Food, Drug, and Cosmetic Act [3], be lawfully sold over the counter without a prescription.

(*d*) Authority to control under this section shall not extend to distilled spirits, wine, malt beverages, or tobacco, as those terms are defined or used in subtitle E of the Internal Revenue Code of 1954.[4]

§ 3. Schedules of drugs or other substances; findings required

Except in the case of an immediate precursor, a drug or other substance may not be placed in any schedule unless such drug or substance has been scheduled pursuant to the provisions of the Federal Comprehensive Drug Abuse, Prevention and Control Act of 1970, or any amendment thereof [1], or unless the findings required for such schedule are made with respect to such drug or other substance. The findings required for each of the schedules are as follows:

(1) SCHEDULE I.—

(A) The drug or other substance has a high potential for abuse.

(B) The drug or other substance has no currently accepted medical use in treatment in the United States.

(C) There is a lack of accepted safety for use of the drug or other substance under medical supervision.

(2) SCHEDULE II.—

(A) The drug or other substance has a high potential for abuse.

(B) The drug or other substance has a currently accepted medical use in treatment in the United States or a currently accepted medical use with severe restrictions.

(C) Abuse of the drug or other substances may lead to severe psychological or physical dependence.

(3) SCHEDULE III.—

(A) The drug or other substance has a potential for abuse less than the drugs or other substances in schedules I and II.

(B) The drug or other substance has a currently accepted medical use in treatment in the United States.

(C) Abuse of the drug or other substance may lead to moderate or low physical dependence or high psychological dependence.

(4) SCHEDULE IV.—

(A) The drug or other substance has a low potential for abuse relative to the drugs or other substances in schedule III.

(B) The drug or other substance has a currently accepted medical use in treatment in the United States.

(C) Abuse of the drug or other substance may lead to limited physical dependence or psychological dependence relative to the drugs or other substances in schedule III.

(5) SCHEDULE V.—

(A) The drug or other substance has a low potential for abuse relative to the drugs or other substances in schedule IV.

(B) The drug or other substance has a currently accepted medical use in treatment in the United States.

(C) Abuse of the drug or other substance may lead to limited physical dependence or psychological dependence relative to the drugs or other substances in schedule IV

(6) SCHEDULE VI.—

(A) The substance is a prescription drug; and

(B) Said prescription drug has not been included in Schedules I through V.

[1] See 21 U.S.C.A. § 812.

§ 4. Exceptions by regulation; rescission or revocation

The commissioner acting jointly with the board of registration in pharmacy may by regulation pursuant to the provisions of chapter thirty A except any compound, mixture or preparation containing any substances in paragraph (*a*) or (*b*) of Schedule III or in Schedule IV, V or VI established pursuant to the provisions of section two from the application of all or any part of this chapter if

(1) the compound, mixture, or preparation contains one or more active medicinal ingredients not having a depressant or stimulant effect on the central nervous system, and

(2) such ingredients are included therein in such combinations, quantity, proportion, or concentration as to vitiate the potential for abuse of the substances which do have a depressant or stimulant effect on the central nervous system, and

(3) the compound, mixture, or preparation has been similarly excepted under the provisions of the Federal "Comprehensive Drug Abuse, Prevention and Control Act of 1970", or any amendment thereof.[1]

Such regulation shall state the weight of the controlled substance per fluid ounce, or if a solid or semi-solid preparation the weight in the avoirdupois amounts, and if the metric system is used, the weight in grams per hundred cubic centimeters in the case of a fluid, or the weight per gram in the case of a solid or semi-solid preparation.

The commissioner shall by regulation modify, rescind or revoke an exception whenever it has been modified, rescinded or revoked under the provisions of the Federal Comprehensive Drug Abuse, Prevention and Control Act of 1970 or any amendment thereof.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 9.

§ 5. Dispensing controlled substances excepted under section 4; conditions; record book

Controlled substances which are excepted pursuant to section four may be dispensed, or sold at retail, except that the exception authorized by this section shall be subject to the following conditions:

(1) that such preparation shall be dispensed, or sold in good faith as a medicine, and not for the purpose of evading the provisions of the controlled substances law; (2) that the purchaser of such preparation identify himself to the satisfaction of the pharmacist; and (3) that of such preparation not more than four ounces are dispensed, or sold to a person during any 48 hour period.

The pharmacist dispensing such excepted substances shall keep an accurate record book including the name and address of the purchaser, the name of the preparation, the strength per dosage unit, the quantity dispensed and the date.

Added by St.1971, c. 1071, § 1.

§ 6. Rules and regulations

The board of registration in pharmacy in the case of a retail drug business or wholesale druggist and the commissioner in all other cases may promulgate rules and regulations relative to registration and control of the manufacture, distribution, dispensing and possession of controlled substances within the commonwealth.

Added by St.1971, c. 1071, § 1.

§ 7. Registration of persons who manufacture, distribute, dispense or possess controlled substances; exceptions

(*a*) Except in the case of a pharmacy or wholesale druggist, every person who manufactures, distributes or dispenses, or possesses with intent to manufacture, distribute, or dispense any controlled substance within the commonwealth shall upon payment of a fee of ten dollars register with the commissioner, in accordance with his regulations, said registration to be effective for one year from the date of issuance. Every wholesale druggist shall register with the board of registration in pharmacy in accordance with its regulations. Such registration shall be effective until July first, nineteen hundred and seventy-four, if such registration is issued prior to July first, nineteen hundred and seventy-four. Such registration shall be effective until January first, nineteen hundred and seventy-six, if such registration is issued between July first, nineteen hundred and seventy-four, and January first, nineteen hundred and seventy-six. Such registration shall be effective until the end of the calendar year in which said registration is issued if registration is issued subsequent to December thirty-first, nineteen hundred and seventy-five; provided, that such wholesale druggist shall pay a registration fee of twenty-five dollars for any initial registration issued prior to July first, nineteen hundred and seventy-four, and shall pay any registration fee of thirty-seven dollars and fifty cents for a registration which is issued between July first, nineteen hundred and seventy-four, and January first, nineteen hundred and seventy-six. Such wholesale druggist shall, commencing January first, nineteen hundred and seventy-six, pay an annual registration fee of twenty-five dollars for each year or any part thereof. For the purposes of this section, "wholesale druggist" shall mean any person who distributes controlled substances at wholesale. Every pharmacy shall register with the said board in accordance with its regulations. Such registration shall be effective until July first, nineteen hundred and seventy-four, if any registration is issued prior to July first, nineteen hundred and seventy-four. Such registration shall be effective until January first, nineteen hundred and seventy-six, if such registration is issued between July first, nineteen hundred and seventy-four, and January first, nineteen hundred and seventy-six. Such registration shall be effective until the end of the first uneven numbered year following the date of issuance of such registration if such registration is issued subsequent to December thirty-first, nineteen hundred and seventy-five; provided, that such pharmacy shall pay a registration fee of twenty-five dollars for an initial registration issued prior to midnight of July first, nineteen hundred and seventy-four, and shall pay a registration fee of thirty-seven dollars and fifty cents for any registration issued between July first, nineteen hundred and seventy-four, and January first, nineteen hundred and seventy-six, and shall, commencing January first, nineteen hundred and seventy-six, pay a biennial registration fee of twenty-five dollars for every two years, or any part thereof.

(*b*) Every person who is engaged in the qualitative or quantitative analysis of controlled substances within a scientific laboratory shall, upon payment of a fee of ten dollars obtain a registration issued by the commissioner in accordance with his rules, said registration to be effective for one year from date of issuance.

(*c*) A person registered under this chapter to manufacture, distribute, dispense, or possess controlled substances may possess, manufacture, distribute, or dispense those substances to the extent authorized by his registration and in conformity with the other provisions of this chapter.

(*d*) The following persons shall not require registration and may lawfully possess and distribute controlled substances:

(1) an agent or employee of any manufacturer, distributor, or dispenser registered under this chapter, if he is acting in the usual course of his business or employment, except that a salesman, detail man or other field representative of a registered manufacturer, wholesaler, jobber or dealer in controlled substances may not possess any controlled substance in schedule I, II, III, IV, or V of section three for the purpose of demonstrating, displaying, selling, or distributing as samples said controlled substances to a practitioner;

(2) a common or contract carrier or warehouseman, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment;

(3) any public official or law enforcement officer acting in the regular performance of his official duties;

(4) a registered nurse or licensed practical nurse when acting under the supervision of a practitioner;

(5) a graduate of a school for nurses or practical nurses which has been approved in accordance with the provisions of chapter one hundred and twelve, whenever said person is acting under the supervision of a practitioner and is engaged in professional practice during the period from such person's graduation from said school until the announcement of the results of the first licensing examination for registered nurses or licensed practical nurses, as the case may be, thereafter held in accordance with the provisions of said chapter one hundred and twelve;

(6) any person duly licensed to practice nursing within any other jurisdiction, whenever such person is acting under the supervision of a practitioner and is discharging official duties as an employee of the federal government;

(7) any person covered by clauses (1), (2), (3) and (5) of section eighty B of chapter one hundred and twelve when any such person is acting under the supervision of a practitioner;

(8) any therapist, technician, or medical student when performing under the supervision of a practitioner those services which are defined to be functions of their respective callings;

(9) any person who belongs to a class of persons which is authorized by regulation of the commissioner to provide services for the purpose of diagnosis, care, treatment, or research.

(*e*) An ultimate user or research subject may lawfully possess or administer a controlled substance at the direction of a practitioner in the course of his professional practice.

(*f*) Notwithstanding any other provision of this section, the commissioner shall, upon receipt of the fee as hereinbefore provided, automatically issue to any physician, dentist, podiatrist or veterinarian who is duly authorized to practice his profession in the commonwealth a registration to dispense, other than for research pursuant to section eight, unless the registration of such physician, dentist, podiatrist, or veterinarian has been supended or revoked pursuant to the provisions of sections thirteen or fourteen or unless said registration is denied for cause by the commissioner pursuant to the provisions of chapter thirty A. Such registration shall continue in full force and effect unless it is suspended or revoked, or unless it is recalled and a new registration issued in accordance with the rules and regulations of the commissioner.

(*g*) The commissioner may by regulation authorize the registration for a specific activity or activities requiring registration under this section of such persons as he determines to be qualified for such registration.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 684, §§ 13 to 15; St.1973, c. 1190, §§ 7 to 9; St.1973, c. 1220; St.1974, c. 770.

§ 8. Research projects; narcotic drugs; human subjects; federal approval; protocol; rules and regulations; records and access thereto; termination orders; dispensing of drugs; restrictions

(*a*) No person shall carry out any research project or study involving any narcotic drug in Schedule II or the investigational use on human beings of any new drug as defined in section two hundred and one (*p*) of the Federal Food, Drug and Cosmetic Act, as amended [1], unless he supplies the commissioner and the commissioner of mental health with satisfactory evidence of compliance with any applicable federal law, and, if the commissioner so requires, with a protocol describing the research project or study to be undertaken.

(*b*) The commissioner shall pursuant to the provisions of chapter thirty A promulgate rules and regulations establishing standards for such protocol and requiring, among such other conditions relating to the protection of the public health that the commissioner may prescribe, the establishment and maintenance of records and the making of reports to the commissioner of data, including but not limited to analytical reports by investigators, obtained as the result of the investigational use of the drug. The commissioner may waive any or all such conditions with respect to a particular research project or study described in this section if he deems it consistent with the public interest.

(*c*) The commissioner shall, after due notice and opportunity for hearing pursuant to the provisions of chapter thirty A, issue an order that such research project or study be terminated if the commissioner finds (1) that the drug under investigation is unsafe under the conditions of use; or (2) that the investigators lack the necessary training and experience to conduct such research project or study; or (3) that the research protocol contains any untrue statement of a material fact, provided, that if the commissioner finds that there is an imminent hazard to health he shall order that the research project or study be discontinued upon notice and afford those persons who are undertaking the research the opportunity for an expedited hearing. The commissioner may also, after due notice and opportunity for a hearing pursuant to the provisions of chapter thirty A order that a research project or study be discontinued if the commissioner finds (1) that the persons who are undertaking the research have failed to establish a system for maintaining required records, or have repeatedly or deliberately failed to maintain such records or to make reports which are required by the commissioner or the persons undertaking the research project or study have refused to permit access to or copying or verification of such records; or (2) the methods used in, or the facilities and controls used for the research project or study are inadequate to safeguard against unlawful diversion of the drug under investigation.

(*d*) Every person who is required pursuant to the provisions of this section to maintain records, and every person in charge or custody thereof, shall, upon request of an officer or employee designated by the commissioner permit such officer or employee at all reasonable times to have access to and copy and verify such records.

(*e*) No person who undertakes research pursuant to the provisions of this section shall use as a subject for such research any human being unless such subject or his legal representative has given in writing his informed consent based upon information about the nature, duration and purpose of the investigation; the method and means by which it is to be conducted; all inconveniences and hazards reasonably to be expected; and the effects upon the subject's health or person which may reasonably be expected to come from his participation.

(*f*) A person who is conducting research pursuant to the provisions of this section may to the extent authorized by the commissioner and in conformity with the provisions of this section dispense any drug for investigational use without an oral or written prescription.

(*g*) Notwithstanding any other provision of this section, the administering or dispensing directly or prescribing of narcotic drugs listed in any schedule to a narcotic drug dependent person for the purpose of continuing his dependence upon such drugs in the course of conducting an authorized clinical investigation pursuant to a narcotic addict rehabilitation program shall be deemed to be within the meaning of the term "in the course of professional practice" as used in this chapter, provided, that federal approval, if such approval is required by federal law, is obtained prior to the initiation of such a program, and satisfactory evidence of such approval is submitted to the commissioner.

(*h*) Notwithstanding the provisions of paragraphs (*a*) to (*g*), inclusive, this section shall not apply to any drug recognized as safe and which has been exempted by section one hundred and seven of the Federal Drug Amendments Act of 1962 [2] from the operation of sections two hundred and one (*p*) and five hundred and five of the Federal Food, Drug and Cosmetic Act, as amended [3].

(*i*) Whoever knowingly or intentionally violates any provision of this section shall be punished for each offense by imprisonment in a jail or house of correction for not more than one year or by a fine of not more than one thousand dollars, or both.

§ 9. Administering and dispensing of controlled substances by registered physicians, dentists, podiatrists and veterinarians in course of professional practice; records; inspection

(*a*) A physician, dentist, podiatrist, or veterinarian, when duly registered pursuant to the provisions of section seven and when acting conformably with the provisions of the Federal "Comprehensive Drug Abuse Prevention and Control Act of 1970" or any amendment thereof [1], the Federal Food, Drug and Cosmetic Act [2], and any provision of this chapter which is consistent with Federal laws, in good faith and in the course of his professional practice for the alleviation of pain and suffering or for the treatment or alleviation of disease, may possess such controlled substances as he may reasonably require for the purpose of patient treatment and may administer controlled substances, or he may cause the same to be administered under his direction by a nurse.

(*b*) Notwithstanding the provisions of section seventeen, a physician, dentist, podiatrist, or veterinarian who is duly registered pursuant to the provisions of section seven, when acting in good faith and in the legitimate practice of medicine, dentistry, podiatry or veterinary medicine, or a nurse when authorized by a physician, dentist, podiatrist, or veterinarian in the course of said nurse's professional practice, may dispense by delivering to an ultimate user a controlled substance in a single dose or in such quantity as is in the opinion of the physician, dentist, podiatrist or veterinarian essential for the proper treatment of the patient; provided, that such amount or quantity of said controlled substance shall not exceed that needed for the immediate treatment of the patient and that all further such controlled substances required by the person as part of his treatment shall be dispensed by prescription to the ultimate user in accordance with the provisions of this chapter.

For purposes of this subsection the words "immediate treatment" shall mean that quantity of a controlled substance which is necessary for the proper treatment of the patient until it is possible for him to have a prescription filled by a pharmacy.

(*c*) A nurse who has obtained from a physician, dentist, podiatrist or veterinarian a controlled substance for dispensing to an ultimate user pursuant to the provisions of subsection (*b*) of this section or for administration to a patient pursuant to the provisions of subsection (*a*) of this section during the absence of such physician, dentist, podiatrist, or veterinarian shall return to such physician, dentist, podiatrist, or veterinarian any unused portion of such substance which is no longer required by the patient.

(*d*) Every physician, dentist, podiatrist, or veterinarian shall in the course of his professional practice keep and maintain records, open to inspection by the commissioner or by his specially authorized agent during reasonable business hours, which shall contain the names and quantities of any controlled substance in Schedule I, II, or III received by the practitioner; the name and address of the patient for whom the controlled substance is administered or dispensed; the name, dosage, and strength per dosage unit of such controlled substance; and the date of administration or dispensing.

§ 10. Separate registration

A separate registration shall be required at each principal place of business or professional practice where the registrant manufactures, distributes, or dispenses controlled substances.

Added by St.1971, c. 1071, § 1. Amended by St.1973, c. 1190, § 14.

§ 11. Inspection of establishments of registrants or applicants

The board of registration in pharmacy in the case of a pharmacy and the commissioner in any case may inspect in accordance with his or its rules and regulations the establishment of a registrant or applicant for registration pursuant to the provisions of this chapter.

Added by St.1971, c. 1071, § 1.

§ 12. Registration to manufacture or distribute controlled substances; factors considered

(*a*) The board of registration in pharmacy in the case of a retail drug business or wholesale druggist and the commissioner in all other cases shall register an applicant to manufacture or distribute controlled substances included in the schedules established pursuant to section two unless he determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board of registration in pharmacy in the case of a retail drug store or a wholesale druggist and the commissioner in all other cases shall consider the following factors:

(1) maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;

(2) compliance with applicable federal, state and local law;

(3) any conviction of the applicant under any federal and state law relating to any controlled substance;

(4) past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion;

(5) furnishing by the applicant of false or fraudulent material in any application filed under the provisions of this chapter;

(6) suspension or revocation of the applicant's federal registration to manufacture, distribute or dispense controlled substances as authorized by federal law; and

(7) any other factors relevant to and consistent with the public health and safety.

(*b*) Registration under subsection (*a*) of this section shall not entitle a registrant to manufacture or distribute controlled substances in Schedules I or II established pursuant to the provisions of section two except to the extent specified in the registration.

Added by St.1971, c. 1071, § 1.

§ 13. Suspension or revocation of registration; hearing; findings; report of criminal violations; controlled substances affected placed under embargo; disposition; forfeiture; notice to bureau

(*a*) The board of registration in pharmacy in the case of a retail drug business or wholesale druggist and the commissioner in all other cases may suspend or revoke a registration to manufacture, distribute, dispense or possess a controlled substance, after a hearing pursuant to the provisions of chapter thirty A upon a finding that the registrant:

(1) has furnished false or fraudulent material information in any application filed under the provisions of this chapter;

(2) has been convicted under any state or federal law of any criminal violation relating to his fitness to be registered under this chapter;

(3) has had his federal registration suspended or revoked to manufacture, distribute, dispense, administer or possess controlled substances; or

(4) is, upon good cause, found to be unfit or unqualified to manufacture, distribute, dispense, or possess any controlled substance.

(*b*) The board of registration in pharmacy in the case of a retail drug business or wholesale druggist and the commissioner in all other cases may pursuant to the provisions of this section or section fourteen suspend or revoke any registration issued by him or it for violation of any provision of this chapter.

(*c*) Whenever the commissioner, the board of registration in pharmacy, or the commissioner of mental health has substantial reason to believe that a registrant has committed a criminal violation of any provision of this chapter, he or it shall promptly report all pertinent facts to the district attorney in the county where the violation is believed to have occurred, or to the attorney general.

(*d*) The board of registration in pharmacy in the case of a retail drug business or wholesale druggist and the commissioner in all other cases may limit revocation or suspension of a registration to the particular controlled substance with respect to which grounds for revocation or suspension exists.

(*e*) If the board of registration in pharmacy in the case of a retail drug business or wholesale druggist or the commissioner in all other cases suspends or revokes a registration, all controlled substances which are affected by such suspension or revocation order at the time of suspension or the effective date of the revocation order shall be placed under embargo pursuant to the procedures prescribed in sections one hundred and eighty-nine and one hundred and eighty-nine A of chapter ninety-four. No disposition may be made of substances under such embargo until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the commonwealth under the provisions of section forty-seven.

(*f*) The board of registration in pharmacy in the case of a retail drug business or wholesale druggist and the commissioner in all other cases shall promptly notify the bureau of all orders suspending or revoking a registration and all forfeitures of controlled substances.

Added by St.1971, § 1. Amended by St.1972, c. 806, §§ 12, 13.

§ 14. Suspension of or refusal to renew registration pending proceedings in cases of imminent danger to public; dissolution or withdrawal

The board of registration in pharmacy in the case of a retail drug business or wholesale druggist or the commissioner in all other cases may without hearing suspend or refuse to renew any registration if he finds that there is an imminent danger to the public health or safety which warrants this action, provided he promptly affords the registrant an opportunity for a hearing under chapter thirty A. The suspension shall continue in effect until the conclusion of the proceedings including judicial review thereof, unless sooner dissolved by a court of competent jurisdiction, or withdrawn by the board of registration in pharmacy in the case of a retail drug business or wholesale druggist, or withdrawn by the commissioner in any other case.

Added by St.1971, c. 1071, § 1.

§ 15. Record–keeping and inventory requirements

Persons registered to manufacture, distribute, dispense, or possess controlled substances shall keep records and maintain inventories in conformance with the record-keeping and inventory requirements of the Federal "Comprehensive Drug Prevention and Control Act of 1970" or any amendment thereof,[1] and the Federal Food, Drug and Cosmetic Act,[2] and with any additional rules or regulations promulgated by the board of registration in pharmacy in the case of a retail drug business or wholesale druggist or by the commissioner in all other cases.

§ 17. Prescription; necessity for dispensing controlled substances; emergency

(*a*) No controlled substance in Schedule II may be dispensed without the written prescription of a practitioner, except that—

(*b*) In emergency situations, as defined by rule or regulation of the commissioner acting jointly with the board of registration in pharmacy, drugs in said Schedule II may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy, pursuant to the provisions of subsection (*a*) of section twenty.

(*c*) A controlled substance included in Schedule III, IV, V or VI shall not be dispensed without a written or oral prescription of a practitioner.

Added by St.1971, c. 1071, § 1.

§ 18. Prescription; issuance by qualified practitioner only; communication by agent if oral

(*a*) A prescription for a controlled substance may be issued only by a practitioner who is;

(1) authorized to prescribe controlled substances; and

(2) registered pursuant to the provisions of this chapter.

(*b*) An oral prescription issued by a practitioner may be communicated to a pharmacist by an expressly authorized employee or agent of the practitioner.

(*c*) A prescription for a controlled substance may also be issued by any physician who is licensed or registered in a contiguous state and who resides or practices in said state provided that such physician is registered with the commissioner subject to such rules and regulations as he may establish. Such registration shall be valid only for the purpose of authorizing the filling of prescriptions within the commonwealth and shall not authorize such physician to possess, administer or dispense controlled substances as provided in section nine, or to practice medicine within the commonwealth. Any prescription issued under this paragraph shall be issued in the manner prescribed in section twenty-two and all relevant provisions of this chapter shall apply to such physician and prescription.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 14; St. 1976, c. 498.

§ 19. Prescription; issuance by practitioner in course of professional treatment or research; responsibilities; penalties; general dispensing to patients prohibited; dispensing of drugs or controlled substances to drug dependent persons restricted

(*a*) A prescription for a controlled substance to be valid shall be issued for a legitimate medical purpose by a practitioner acting in the usual course of his professional practice. The responsibility for the proper prescribing and dispensing of controlled substances shall be upon the prescribing practitioner, but a corresponding responsibility shall rest with the pharmacist who fills the prescription. An order purporting to be a prescription issued not in the usual course of professional treatment or in legitimate and authorized research is not a prescription within the meaning and intent of section one and the person knowingly filling such a purported prescription, as well as the person issuing it, shall be subject to the penalties provided by section thirty-two.

(*b*) No prescription shall be issued in order for a practitioner to obtain controlled substances for supplying the practitioner for the purpose of general dispensing to patients.

(*c*) Unless permitted by federal law, a prescription shall not be issued for the dispensing of drugs or controlled substances as defined in section thirty-eight of chapter one hundred and twenty-three, listed in any schedule to a drug dependent person for the purpose of continuing his dependence upon such drugs, in the course of conducting an authorized clinical investigation pursuant to an addict rehabilitation program.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 15.

§ 20. Oral prescription; duties of practitioner and pharmacist; report of subsection (c) violations

(*a*) Upon receiving an oral prescription for a controlled substance from an authorized practitioner, the pharmacist shall immediately reduce the prescription to writing on a prescription form and shall record the name, address and registration number of the practitioner and the name of any expressly authorized representative, the date of the prescription, the name, dosage and strength per dosage unit of the controlled substance, the serial number assigned to the prescription by the dispensing pharmacy, the name of said pharmacy, the name and address of the patient unless it is a veterinary prescription, the directions for use and any cautionary statements required, and a statement indicating the number of times to be refilled.

(*b*) If the prescribing practitioner is not known to the pharmacist, he shall make a reasonable effort to determine that the oral authorization came from a registered practitioner.

(*c*) Whenever a practitioner dispenses a controlled substance by oral prescription, such practitioner shall, within a period of not more than seven days or such shorter period that is required by federal law cause a written prescription for the prescribed controlled substance to be delivered to the dispensing pharmacy. The prescription may be delivered to the pharmacy in person or by mail, but if delivered by mail the envelope shall be postmarked within the seven-day period or such shorter period that is required by federal law. Upon receipt, the dispensing pharmacy shall attach said prescription to the oral prescription which the pharmacy has reduced to writing. Persons charged with the enforcement of this chapter shall report violations of this subsection to the board of registration in medicine, the board of registration in dentistry, the board of registration in podiatry or the board of registration in veterinary medicine, whichever is applicable, and to the commissioner or board of registration in pharmacy, whichever is applicable.

Added by St.1971, c. 1071, § 1.

§ 21. Packaging and labeling by pharmacist filling prescription

The pharmacist filling a written or oral prescription for a controlled substance shall package the controlled substance in a container, affixing to the container a label showing the date of filling, the pharmacy name and address, the serial number of the prescription, the name of the patient, unless it is a veterinary prescription, the name of the prescribing practitioner, the name of the controlled substance, directions for use and cautionary statements, if any, contained in such prescription or required by law, and if the controlled substance is dispensed as tablets or capsules the number of same in such container.

Added by St.1971, c. 1071, § 1. Amended by St.1976, c. 110.

§ 22. Written prescription; contents; packaging and labeling by practitioner dispensing to user

(*a*) A practitioner who dispenses a controlled substance by issuing a written prescription shall state on the prescription the name, address and registration number of the practitioner, the date of delivery of the prescription, the name, dosage and strength per dosage unit of the controlled substance, the name and address of the patient unless it is a veterinary prescription, the directions for use and any cautionary statements required, and a statement indicating the number of times to be refilled.

(*b*) A practitioner who dispenses by delivering to an ultimate user a controlled substance which is not for immediate administration shall package the controlled substance in a container, affixing to the container a label bearing the practitioner's name and address, the date of dispensing, the name of the patient unless it is a veterinary prescription, the name, dosage and strength per dosage unit, of the controlled substance, directions for use and any necessary cautionary statements.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 16.

§ 23. Written prescription; signatures; filing and inspection; expiration; refilling; restrictions

(*a*) A written prescription for a controlled substance in Schedule II shall become invalid five days after the date of issuance.

(*b*) A written prescription for a controlled substance in Schedule II shall not be refilled and shall be kept in a separate file.

(*c*) The pharmacist filling a written prescription for a controlled substance in Schedule II shall endorse his own signature on the face thereof.

(*d*) In regard to a controlled substance in Schedule II or III, no prescription shall be filled for more than a thirty-day supply of such substance upon any single filling; provided, however, that with regard to dextro amphetamine sulphate and methyl phenidate hydrochloride, a prescription may be filled for up to a sixty-day supply of such substance upon any single filling if said substance is being used for the treatment of minimal brain dysfunction or narcolepsy.

(*e*) All prescriptions for controlled substances shall be kept for two years by the pharmacy and shall be subject to inspection pursuant to the provisions of this chapter.

(*f*) No prescription for a controlled substance shall be refilled unless the original prescription provides for such refilling and unless the number of refills has been specified in said prescription.

(*g*) A prescription shall be written in ink, indelible pencil or typewriter; and a written prescription shall be signed by the prescriber with his usual signature.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 17; St.1974, c. 264.

§ 24. Dispensing by practitioner for narcotic drug research or treatment of drug dependent persons; report to commissioner of mental health; confidential and privileged records; notice of multiple sources of drugs; failure to report; penalties; rules and regulations; acute poisoning by controlled substances

(*a*) A practitioner who dispenses a controlled substance in Schedule I, II, or III in the course of research conducted pursuant to the provisions of section eight or for the purpose of treating for his drug dependency a drug dependent person as defined in section thirty-eight of chapter one hundred and twenty-three shall report to the commissioner of mental health or his designee identifying information and the address of each research subject or patient to whom such controlled substance is dispensed, and the name, dosage and strength per dosage unit of the substance so dispensed. Said commissioner shall maintain records of each such report.

(*b*) Such records maintained by the commissioner of mental health shall be closed to the public and shall not be available to any law enforcement officer for any purpose, nor shall they be used in the criminal prosecution of such research subject or patient pursuant to any provision of this chapter, nor shall they be admissible in evidence against such research subject or patient in any criminal proceeding.

(*c*) If the commissioner of mental health determines that the research subject or patient is receiving any controlled substance from more than one source and in quantities which he determines to be harmful to the health of the research subject or patient, said commissioner shall so notify the practitioners who have dispensed the controlled substance.

(*d*) The commissioner of mental health shall report to the commissioner any failure of a practitioner to report the information required by the provisions of this section. The failure of a practitioner to report as aforesaid shall constitute sufficient grounds for the termination of the research project or study pursuant to the provisions of subsection (*c*) of section eight, or the revocation, suspension or modification of the practitioner's registration, or both.

(*e*) In order to prevent the dispensing of controlled substances to the same individual from multiple sources or the unlawful diversion of controlled substances, the commissioner of mental health shall pursuant to the provisions of chapter thirty A, after consultation with the commissioner of public health, adopt rules and regulations for carrying out the provisions of this section.

(*f*) Every physician attending or treating a case of acute poisoning caused by any controlled substance shall report the circumstances of such poisoning to the commissioner, provided, however, that such physician shall not report the identity of any person who has been so poisoned to the commissioner or to any law enforcement officer or agency for any purpose without the written consent of such person, nor shall the identity of such person be admissible in evidence against said person in any criminal proceeding. The commissioner may then require or conduct further investigation into the circumstances of such poisoning.

(*g*) This section shall not apply to a practitioner who has been authorized by the Attorney General of the United States to withhold the names and other identifying characteristics of certain persons pursuant to 21 U.S.C. § 872(c) [1].

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, §§ 18, 19; St.1973, c. 469.

[1] 21 U.S.C.A. § 872(c).

§ 25. **Restrictions**

No person—

(1) who is subject to the requirements of sections six and seven and twelve to seventeen, inclusive, shall dispense a controlled substance in violation of said section seventeen;

(2) shall distribute or dispense a controlled substance not authorized by his registration to another registrant or other authorized person or manufacturer a controlled substance not authorized by his registration;

(3) who is a registrant shall distribute a controlled substance in violation of section sixteen;

(4) shall remove, alter, or obliterate a symbol or label required by federal law and the laws of the commonwealth;

(5) shall refuse or fail to make, keep, or furnish any record, report, notification, declaration, order or order form, statement, invoice, or information required under this chapter;

(6) shall refuse any entry into any premises or inspection authorized by this chapter;

(7) shall remove, break, injure, or deface a seal placed upon controlled substances pursuant to this chapter, or remove or dispose of substances so placed under seal;

(8) shall use, to his own advantage, or reveal, other than to duly authorized officers or employees of the United States or of the commonwealth or to the courts when relevant in any judicial proceeding under this chapter, any information acquired in the course of an inspection authorized by this chapter concerning any method or process which is a trade secret.

No person who is a registrant shall manufacture a controlled substance in Schedule I or II which is not expressly authorized by his registration.

Added by St.1971, c. 1071, § 1.

§ 26. Distribution in course of business in violation of section 16 or furnishing false information in application, etc. prohibited

No person who is a registrant shall knowingly or intentionally;

(1) distribute a controlled substance classified in Schedule I or II in the course of his legitimate business, except pursuant to an order or an order form as required by section sixteen; or

(2) furnish false or fraudulent material information in, or omit any material information from, any application, report, record, or other document required to be made, kept, or filed pursuant to the provisions of this chapter.

Added by St.1971, c. 1071, § 1.

§ 27. Instruments for administering controlled substances by injection; unauthorized possession, delivery or sale prohibited; purchase by prescription; records and inspection; licenses; fees

(*a*) No person, not being a physician, dentist, nurse or veterinarian registered under the laws of this commonwealth, or of the state where he resides, or a registered embalmer, manufacturer of or dealer in embalming supplies, pharmacist, wholesale druggist, manufacturing pharmacist, manufacturer of or dealer in surgical supplies, student engaged in an activity necessary to a course prescribed by a school of medicine, dentistry, podiatry, veterinary medicine, nursing or embalming approved under the provisions of chapter one hundred and twelve, official of any government having possession of the articles hereinafter mentioned by reason of his official duties, nurse acting under the direction of a physician or dentist, employee of a hospital or other facility licensed by the department acting under the direction of its superintendent or officer in immediate charge, or a carrier or messenger engaged in the transportation of such articles, or a person who has received a written prescription issued under subsection (*c*), or a podiatrist who has received a certificate from the board of registration in podiatry stating that upon examination by said board he has been determined to be competent to use hypodermic needles or a scientific investigator registered pursuant to the provisions of section seven, or a person licensed under subsection (*e*), shall have in his possession a hypodermic syringe, hypodermic needle, or any instrument adapted for the administration of controlled substances by injection.

(*b*) No such syringe, needle or instrument shall be delivered or sold to, or exchanged with, any person except a pharmacist, dentist, physician, veterinarian, registered embalmer, manufacturer of or dealer in embalming supplies, scientific investigator registered pursuant to the provisions of section seven, wholesale druggist, manufacturing pharmacist, manufacturer of or dealer in surgical supplies, a student enrolled in a course for which such possession is necessary and prescribed at an approved school of medicine, dentistry, podiatry, veterinary medicine, nursing or embalming, an official of any government agency requiring the use of such syringe, needle or instrument by reason of his official duties, a nurse upon the written order of a physician or dentist, or a person who has received a written prescription issued under subsection (*c*), a podiatrist certified as aforesaid, or an employee of a hospital, clinic, nursing home, rest home or detoxification facility licensed by the department, or scientific institution upon the written order of its superintendent or officer in immediate charge of a person licensed under subsection (*e*).

(*c*) A physician may issue to a patient under his immediate charge a written prescription to purchase, from a pharmacist only, any of the instruments specified in subsection (*a*). Such prescription shall contain the name and address of the patient, the description of the instrument prescribed and the number of instruments prescribed. The pharmacist filling the prescription shall record upon the face of said prescription, over the signature of the pharmacist making the sale, the date of such sale. Such prescription may be renewed or refilled for one year unless the physician indicates otherwise on the prescription, and each refilling shall be noted upon the prescription. No prescription for such instruments shall be refilled after one year from date of issue. The pharmacist filling the prescription shall dispense any such instrument in a sanitary container which shall completely enclose such instrument, and shall affix to said container a label bearing (1) the name and address of the pharmacy, and if said pharmacy is in a hospital, the name and address of said hospital, (2) the name and address of the patient, (3) the file number of the prescription, and (4) the name of the physician prescribing the same. The person to whom the prescription is issued shall keep such instrument in said container at all times, except when such instrument is in actual use or is in the process of being cleaned.

(*d*) A record shall be kept by the person selling such syringes, needles or instruments, which shall give the date of the sale, the name and address of the purchaser and a description of the instrument. This record shall be open to inspection pursuant to a judicial warrant or to the provisions of section thirty.

(*e*) No person, except a manufacturer of or dealer in surgical supplies, a manufacturer of or dealer in embalming supplies, a pharmacist or wholesale druggist, which pharmacist or wholesale druggist is licensed under the provisions of chapter one hundred and twelve, shall sell, offer for sale, deliver, or have in possession with intent to sell hypodermic syringes, hypodermic needles or any instrument adapted for the administration of controlled substances by injection, unless licensed so to do by the department. Such license shall be valid for a period of one year. The fee for such license shall be ten dollars. A license issued to a company or corporation which has more than one branch or department shall include any and all branches and departments or sections of said company or corporation.

No person except a person listed in subsections (*b*) or (*c*) shall obtain, receive or purchase a hypodermic syringe, hypodermic needle or any instrument adapted for the administration of controlled substances by injection, unless licensed so to do by the department, or by a local board of health. A license to obtain, receive or purchase any such instrument, which license shall be valid throughout the commonwealth, may be obtained from the department upon payment of a fee of five dollars, and a license to obtain, receive or purchase any such instrument, which license shall be valid only in a particular city or town of the commonwealth, may be obtained from the local board of health upon payment of a fee of fifty cents. Said license shall be valid for one year.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 20; St. 1973, c. 1190, §§ 15 to 17.

§ 28. Violations of this chapter; injunction; jurisdiction

Upon petition of the board of registration in pharmacy or the commissioner in the case of a pharmacy, or upon petition of the commissioner in any case, the superior court shall have jurisdiction to restrain or enjoin a violation of this chapter.

Added by St.1971, c. 1071, § 1.

§ 29. Educational programs for prevention of abuse of controlled substances; powers and duties of commissioner of mental health

(*a*) The commissioner of mental health in cooperation with the commissioner of education shall carry out educational programs designed to prevent and deter misuse and abuse of controlled substances. In connection with these programs he shall:

(1) promote better recognition of the problem of misuse and abuse of controlled substances within the regulated industry and among interested groups and organizations;

(2) assist the regulated industry and interested groups and organizations in contributing to the reduction of misuse and abuse of controlled substances;

(3) consult with interested groups and organizations to aid them in solving administrative and organizational problems;

(4) evaluate procedures, projects, techniques, and controls conducted or proposed as part of educational programs on misuse and abuse of controlled substances;

(5) disseminate the results of research on misuse and abuse of controlled substances to promote a better public understanding of what problems exist and what can be done to combat them; and

(6) assist the attorney general in the education and training of state and local law enforcement officials in their efforts to control misuse and abuse of controlled substances.

(*b*) The commissioner of mental health shall encourage research on misuse and abuse of controlled substances. In connection with the research, and in furtherance of the enforcement of this chapter, he shall:

(1) establish methods to assess accurately the effects of controlled substances and identify and characterize those with potential for abuse;

(2) make studies and undertake programs of research to:

(*i*) develop new or improved approaches, techniques, systems, equipment, and devices to strengthen the enforcement of this chapter;

(*ii*) determine patterns of misuse and abuse of controlled substances and the social effects thereof; and

(*iii*) improve methods for preventing, predicting, understanding and dealing with the misuse and abuse of controlled substances; and

(3) enter into contracts with public agencies, institutions of higher education and private organizations or individuals for the purpose of conducting research, demonstrations or special projects which bear directly on misuse and abuse of controlled substances.

(*c*) The commissioner of mental health may enter into contracts for educational and research activities.

Added by St.1971, c. 1071, § 1.

§ 30. Administrative inspection of controlled premises; warrants; issuance; requisites and procedure; entry and inspection without warrant; inventory and seizure of property

(*a*) Administrative inspection warrants shall issue for the inspection of controlled premises in accordance with the provisions of this section. As used in this section "administrative inspection warrants" are warrants for the purpose of inspecting, copying and verifying the correctness of records, reports or other documents required to be kept by a registrant on controlled premises and for the seizure of property appropriate to such inspection. For the purposes of this section "controlled premises" means any place or area, including but not limited to any building, conveyance, warehouse, factory, or establishment, in which persons registered under the provisions of this chapter or required thereunder to keep records, are permitted to hold, manufacture, compound, process, distribute, deliver, dispense, or administer any controlled substance or in which such persons make or maintain records pertaining thereto.

(*b*) A district court or justice or superior court justice may, upon proper oath or affirmation by the commissioner or his designee except in the case of a pharmacy, by the commissioner or his designee or by the designee of the board of registration in pharmacy, or by a police officer showing probable cause, issue warrants for the purpose of conducting administrative inspections authorized by this chapter or rules hereunder, and seizures of property if appropriate to the inspections. For the purposes of the issuance of administrative inspection warrants, probable cause exists upon a showing of a reasonable and valid public interest in the effective enforcement of this chapter or rules or regulations hereunder under a general plan sufficient to justify administrative inspection of an area, premises, buildings or conveyances in the circumstances specified in the application or such warrant.

(*c*) An administrative inspection warrant shall issue only upon affidavit sworn to before the court, or justice establishing the grounds for issuing the warrant. If the court or justice is satisfied that grounds for the issuance of such warrant exists or that there is probable cause to believe they exist, he shall issue such warrant identifying the area, premises, buildings or conveyances to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any. Such warrant shall:

(1) be directed to the commissioner or his designee, except in the case of a pharmacy to the commissioner or to the designee of the board of registration in pharmacy, or to a police officer;

(2) command the person to whom it is directed to inspect the area, premises, buildings or conveyances identified for the purpose specified and, if appropriate, direct the seizure of the property specified;

(3) describe the item or types of property to be inspected or seized, if any;

(4) direct that it be served during normal business hours.

(*d*) An administrative inspection warrant issued and executed pursuant to the provisions of this section shall be returned to the issuing court, except if said warrant is issued by the superior court it shall be returned to any court named in such warrant, within ten days of the date of issuance thereof unless, upon a showing of a need for additional time, the court or justice orders otherwise. If property is seized pursuant to such warrant, a copy of the inventory shall be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. The inventory shall be made in the presence of the person executing such warrant and of the person from whose possession or premises the property was taken, if present. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was taken and to the applicant for such warrant at the time it is returned to a court.

(*e*) When authorized by an administrative inspection warrant issued pursuant to this section a person designated by the commissioner, except in the case of a pharmacy by the commissioner or by the board of registration in pharmacy, upon showing such warrant to the owner, operator, or agent in charge, may enter controlled premises for the purpose of conducting an administrative inspection.

(*f*) A person executing an administrative inspection warrant may:

(1) use reasonable force and means to execute the warrant;

(2) inspect and copy records required by this chapter to be kept;

(3) inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and except as provided in subsection (*h*), all other things therein, including records, files, papers, processes, controls, and facilities bearing on violation of this chapter; and

(4) inventory any stock of any controlled substance therein and obtain samples thereof.

(*g*) This section shall not prevent entries and administrative inspections, including seizures of property, without a warrant:

(1) if the owner, operator, or agent in charge of the controlled premises consents;

(2) in situations presenting imminent danger to health or safety;

(3) in situations involving inspection of conveyances if there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

(4) in any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; or

(5) in all other situations in which a warrant is not required by the laws and constitution of the commonwealth or of the United States.

(*h*) An inspection authorized by this section shall not extend to financial data, sales data, other than shipment data, or pricing data unless the owner, operator, or agent in charge of the controlled premises consents in writing.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 21.

§ 31. Classes of controlled substances; establishment of criminal penalties for violations of this chapter

For the purposes of establishing criminal penalties for violation of a provision of this chapter, there are established the following five classes of controlled substances:

CLASS A

(*a*) Unless specifically excepted or unless listed in another schedule, any of the following opiates, including their isomers, esters, ethers, salts, and salts of isomers, esters and ethers, whenever the existence of such isomers, esters, ethers and salts is possible within the specific chemical designation:

(1) Acetylmethadol
(2) Allylprodine
(3) Alphacetylmethadol
(4) Alphameprodine
(5) Alphamethadol
(6) Benzethidine
(7) Betacetylmethadol
(8) Betameprodine
(9) Betamethadol
(10) Betaprodine
(11) Clonitazene

(12) Dextromoramide
(13) Dextrorphan
(14) Diampromide
(15) Diethylthiambutene
(16) Dimenoxadol
(17) Dimepheptanol
(18) Dimethylthiambutene
(19) Dioxaphetylbutyrate
(20) Dipipanone
(21) Ethylmethylthiambutene
(22) Etonitazene
(23) Etoxeridine
(24) Furethidine
(25) Hydroxypethidine
(26) Ketobemidone
(27) Levomoramide
(28) Levophenacylmorphan
(29) Morpheridine
(30) Noracymethadol
(31) Norlevorphanol
(32) Normethadone
(33) Norpipanone
(34) Phenadoxone
(35) Phenampromide
(36) Phenomorphan
(37) Phenoperidine
(38) Piritramide
(39) Proheptazine
(40) Properidine
(41) Racemoramide
(42) Trimeperidine

(*b*) Unless specifically excepted or unless listed in another schedule, any of the following opium derivatives, their salts, isomers, and salts of isomers whenever the existence of such salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Acetorphine
(2) Acetyldihydrocodeine
(3) Benzylmorphine
(4) Codeine methylbromide
(5) Codeine-N-Oxide
(6) Cyprenorphine
(7) Desomorphine
(8) Dihydromorphine
(9) Etorphine
(10) Heroin
(11) Hydromorphinol
(12) Methyldesorphine

(13) Methylhydromorphine
(14) Morphine methylbromide
(15) Morphine methylsulfonate
(16) Morphine-N-Oxide
(17) Myrophine
(18) Nicocodeine
(19) Nicomorphine
(20) Normorphine
(21) Pholcodine
(22) Thebacon

CLASS B

(*a*) Unless specifically excepted or unless listed in another schedule, any of the following substances whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

(1) Opium and opiate, and any salt, compound, derivative, or preparation of opium or opiate

(2) Any salt, compound, derivative, or preparation thereof which is chemically equivalent or identical with any of the substances referred to in paragraph (1) except that these substances shall not include the isequinoline alkaloids of opium

(3) Opium poppy and poppy straw

(4) Coca leaves and any salt, compound, derivative, or preparation of coca leaves, and any salt, compound, derivative, or preparation thereof which is chemically equivalent or identical with any of these substances, except that the substances shall not include decocainized coca leaves or extraction of coca leaves, which extractions do not contain cocaine or ecgonine.

(*b*) Unless specifically excepted or unless listed in another schedule, any of the following opiates, including isomers, esters, ethers, salts, and salts of isomers, esters, and ethers, whenever the existence of such isomers, esters, ethers, and salts is possible within the specific chemical designation:

(1) Alphaprodine
(2) Anileridine
(3) Bezitramide
(4) Dihydrocodeine
(5) Diphenoxylate

(6) Fentanyl
(7) Isomethadone
(8) Levomethorphan
(9) Levorphanol
(10) Metazocine
(11) Methadone
(12) Methadone-Intermediate, 4-cyano-2-dimethylamino-4, 4-diphenyl butane
(13) Moramide-Intermediate, 2-methyl-3-morpholine-1, 1-diphenylpropane carboxylic acid
(14) Pethidine
(15) Pethidine-Intermediate-A, 4-cyano-1-methyl-4-phenylpiperidine
(16) Pethidine-Intermediate-B, ethyl-4-phenylpiperidine-4-carboxylate
(17) Pethidine-Intermediate-C, 1-methyl-4-phenylpiperidine-4-carboxylic acid
(18) Phenazocine
(19) Piminodine
(20) Racemethorphan
(21) Racemorphan

(*c*) Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system:

(1) Amphetamine, its salts, optical isomers, and salts of its optical isomers

(2) Any substance which contains any quantity of methamphetamine, including its salts, isomers and salts of isomers

(3) Phenmetrazine and its salts.

(4) Methylphenidate.

(*d*) Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of the following substances having a depressant effect on the central nervous system:

(1) Any substance which contains any quantity of a derivative of barbituric acid, or any salt of a derivative of barbituric acid

(2) Any substance which contains any quantity of methaqualone, or any salt or derivative of methaqualone.

CLASS C

(*a*) Unless specifically excepted or unless listed in another schedule, any material compound, mixture, or preparation which contains any quantity of the following substances having a depressant effect on the central nervous system:

(1) Chorhexadol
(2) Glutethimide
(3) Lysergic acid
(4) Lysergic acid amide
(5) Methyprylon
(6) Phencyclidine
(7) Sulfondiethylmethane
(8) Sulfonethylmethane
(9) Sulfonmethane

(*b*) Nalorphine

(*c*) Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation containing limited quantities of any of the following narcotic drugs, or any salts thereof:

(1) Not more than 1.8 grams of codeine per 100 milliliters or not more than 90 milligrams per dosage unit with an equal or greater quantity of an isoquinoline alkaloid of opium.

(2) Not more than 1.8 grams of codeine per 100 milliliters or not more than 90 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(3) Not more than 300 milligrams of dihydrocodeinone per 100 milliliters or not more than 15 milligrams per dosage unit, with a fourfold or greater quantity of an isoquinoline alkaloid of opium.

(4) Not more than 300 milligrams of dihydrocodeinone per 100 milliliters or not more than 15 milligrams per dosage unit, with one or more active nonnarcotic ingredients in recognized therapeutic amounts.

(5) Not more than 1.8 grams of dihydrocodeine per 100 milliliters or not more than 90 milligrams per dosage unit, with one or more active nonnarcotic ingredients in recognized therapeutic amounts.

(6) Not more than 300 milligrams of ethylmorphine per 100 milliliters or not more than 15 milligrams per dosage unit with one or more active nonnarcotic ingredients in recognized therapeutic amounts.

(7) Not more than 500 milligrams of opium per 100 milliliters or per 100 grams, or not more than 25 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(8) Not more than 50 milligrams of morphine per 100 milliliters or per 100 grams with one or more active nonnarcotic ingredients in recognized therapeutic amounts.

[(*d*) Blank.]

(*e*) Unless specifically excepted or listed in another schedule, any material, compound, mixture, or preparation, which contains any quantity of the following hallucinogenic substances, or which contains any of their salts, isomers, and salts of isomers whenever the existence of such salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) 3, 4-methylenedioxy amphetamine
(2) 5-methoxy-3,4-methylenedioxy amphetamine
(3) 3,4,5-trimethoxy amphetamine
(4) Bufotenine
(5) Diethyltryptamine
(6) Dimethyltryptamine
(7) 4-methyl-2,5-dimethoxyamphetamine
(8) Ibogaine
(9) Lysergic acid diethylamide
(10) Mescaline
(11) Peyote
(12) N-ethyl-3-piperidyl benzilate
(13) N-methyl-3-piperidyl benzilate
(14) Psilocybin
(15) Psilocyn
(16) Tetrahydrocannabinols
(17) 4-Bromo-2,5-dimethoxy-amphetamine.

CLASS D

(*a*)

(1) Barbital
(2) Chloral betaine
(3) Chloral hydrate
(4) Ethchlorvynol
(5) Ethinamate
(6) Methohexital
(7) Meprobamate
(8) Methylphenobarbital
(9) Paraldehyde
(10) Petrichloral
(11) Phenobarbital

(*b*) Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation, which contains any quantity of the following substances, or which contains any of their salts, isomers, and salts of isomers whenever the existence of such salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Marihuana

(2) Butyl Nitrite

(3) Isobutyl Nitrite

(4) 1-Nitrosoxy-Methyl-Propane.

CLASS E

(*a*) Any compound, mixture, or preparation containing any of the following limited quantities of narcotic drugs, which shall include one or more nonnarcotic active medicinal ingredients in sufficient proportion to confer upon the compound, mixture, or preparation valuable medicinal qualities other than those possessed by the narcotic drug alone:

(1) Not more than 200 milligrams of codeine per 100 milliliters or per 100 grams

(2) Not more than 100 milligrams of dihydrocodeine per 100 milliliters or per 100 grams

(3) Not more than 100 milligrams of ethylmorphine per 100 milliliters or per 100 grams

(4) Not more than 2.5 milligrams of diphenoxylate and not less than 25 micrograms of atropine sulfate per dosage unit

(5) Not more than 100 milligrams of opium per 100 milliliters or per 100 grams.

(*b*) Prescription drugs other than those included in Classes A, B, C, D, and subsection (*a*) of this Class.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 22; St.1973, c. 459, § 1; St.1977, c. 824; St.1979, c. 379.

§ 32. Unlawful manufacture, distribution, dispensing or possession of controlled or counterfeit substances in classes A to E of section 31; criminal penalties

Except as authorized by this chapter, no person shall knowingly or intentionally manufacture, distribute, dispense, or possess with intent to manufacture, distribute or dispense a controlled substance; or create, distribute, dispense or possess with intent to distribute or dispense a counterfeit substance.

Whoever violates any provision of this section relative to a controlled substance in Class A or B of section thirty-one shall be punished by imprisonment in the state prison for not more than ten years or in a jail or house of correction for not more than two and one half years or by a fine of not more than twenty thousand dollars, or both such fine and imprisonment. Whoever violates any provision of this section after one or more prior convictions of a felony under any provision of this chapter, or under a corresponding provision of prior law relating to the sale or manufacture of a narcotic drug as defined in said earlier law, shall be punished by imprisonment in the state prison for not less than five years and not more than fifteen years and by a fine of not more than thirty thousand dollars; except that if a person has a prior conviction of any offense involving the manufacture, distribution, or dispensing of heroin or the possession with intent to manufacture, distribute or dispense heroin, such person shall be punished by imprisonment in the state prison for not less than ten years nor more than twenty-five years and by a fine of not more than thirty thousand dollars.

Whoever violates any provision of this section relative to a controlled substance in Class C of section thirty-one shall be punished by imprisonment in the state prison for not more than five years or in a jail or house of correction for not more than two and one half years, or by a fine of not more than ten thousand dollars, or by both such fine and imprisonment. Whoever violates any provision of this section after one or more prior convictions of a felony under any provision of this chapter, or under a corresponding provision of prior law relating to the sale or manufacture of a narcotic drug as defined in said earlier law, shall be punished by imprisonment in the state prison for not less than three years nor more than ten years and by a fine of not more than twenty thousand dollars.

Whoever violates any provision of this section relative to controlled substances in Class D of section thirty-one, shall be punished by imprisonment in a house of correction for not more than two years or by a fine of not more than five thousand dollars, or both. Whoever violates any provision of this paragraph after one or more prior convictions of an offense under any provision of this section, or of a felony under any provision of this chapter, or under a provision of prior law relative to the sale or manufacture of a narcotic drug or a harmful drug as defined in said earlier law shall be punished by imprisonment in the state prison for not less than two years nor more than five years and by a fine of not more than ten thousand dollars.

Whoever violates any provision of this section relative to Schedule E of section thirty-one, shall be punished by imprisonment for not more than one year or by a fine of not more than twenty-five hundred dollars, or both. Whoever violates any provision of this paragraph after one or more prior convictions of an offense under any provision of this section, or of a felony under any provision of this chapter, or under a provision of prior law relative to the sale or manufacture of a narcotic drug or a harmful drug as defined in said earlier law, shall be punished by imprisonment for not less than one year nor more than two years and by a fine of not more than five thousand dollars.

Added by St.1971, c. 1071, § 1.

§ 33. Unlawful use of registration numbers in manufacture or distribution, or fraudulently obtaining possession, of controlled substances; criminal penalties

(*a*) No person shall knowingly or intentionally use in the course of the manufacture or distribution of a controlled substance a registration number which is fictitious, revoked, suspended, or issued to another person.

(*b*) No person shall utter a false prescription for a controlled substance, nor knowingly or intentionally acquire or obtain possession of a controlled substance by means of forgery, fraud, deception or subterfuge, including but not limited to the forgery or falsification of a prescription or the nondisclosure of a material fact in order to obtain a controlled substance from a practitioner.

(*c*) Whoever violates any provision of this section shall be punished by imprisonment in the state prison for not more than four years or in a house of correction for not more than two and one half years or by a fine of not more than twenty thousand dollars, or by both such fine and imprisonment. Whoever violates any provision of this section after one or more prior convictions of a violation of this section, or of a felony under any other provision of this chapter, or under a provision of prior law relative to the sale or manufacture of a narcotic drug or a harmful drug as defined in said earlier law shall be punished by imprisonment in the state prison for not more than eight years or in a jail or house of correction for not more than two and one half years, or by a fine of not more than thirty thousand dollars or by both such fine and imprisonment.

Added by St.1971, c. 1071, § 1. Amended by St.1974, c. 102.

§ 34. Unlawful possession; particular controlled substances, including heroin and marihuana; prior convictions; criminal penalties; continuance; probation; dismissal; sealing of records

No person knowingly or intentionally shall possess a controlled substance unless such substance was obtained directly, or pursuant to a valid prescription or order, from a practitioner while acting in the course of his professional practice, or except as otherwise authorized by the provisions of this chapter. Except as hereinafter provided, any person who violates this section shall be punished by imprisonment for not more than one year or by a fine of not more than one thousand dollars, or by both such fine and imprisonment. Any person who violates this section by possessing heroin shall for the first offense be punished by imprisonment in a house of correction for not more than two years or by a fine of not more than two thousand dollars, or both, and for a second or subsequent offense shall be punished by imprisonment in the state prison for not less than two and one-half years nor more than five years or by a fine of not more than five thousand dollars and imprisonment in a jail or house of correction for not more than two and one-half years. Any person who violates this section by possession of marihuana or a controlled substance in Class E of section thirty-one shall be punished by imprisonment in a house of correction for not more than six months or a fine of five hundred dollars, or both. Except for an offense involving a controlled substance in Class E of section thirty-one, whoever violates the provisions of this section after one or more convictions of a violation of this section or of a felony under any other provisions of this chapter, or of a corresponding provision of earlier law relating to the sale or manufacture of a narcotic drug as defined in said earlier law, shall be punished by imprisonment in a house of correction for not more than two years or by a fine of not more than two thousand dollars, or both.

In any person who is charged with a violation of this section has not previously been convicted of a violation of any provision of this chapter or other provision of prior law relative to narcotic drugs or harmful drugs as defined in said prior law, or of a felony under the laws of any state or of the United States relating to such drugs, has had his case continued without a finding to a certain date, or has been convicted and placed on probation, and if, during the period of said continuance or of said probation, such person does not violate any of the conditions of said continuance or said probation, then upon the expiration of such period the court may dismiss the proceedings against him, and may order sealed all official records relating to his arrest, indictment, conviction, probation, continuance or discharge pursuant to this section; provided, however, that departmental records which are not public records, maintained by police and other law enforcement agencies, shall not be sealed; and provided further, that such a record shall be maintained in a separate file by the department of probation solely for the purpose of use by the courts in determining whether or not in subsequent proceedings such person qualifies under this section. The record maintained by the department of probation shall contain only identifying information concerning the person and a statement that he has had his record sealed pursuant to the provisions of this section. Any conviction, the record of which has been sealed under this section, shall not be deemed a conviction for purposes of any disqualification or for any other purpose. No person as to whom such sealing has been ordered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his failure to recite or acknowledge such arrest, indictment, conviction, dismissal, continuance, sealing, or any other related proceeding, in response to any inquiry made of him for any purpose.

Notwithstanding any other penalty provision of this section, any person who is convicted for the first time under this section for the possession of marihuana or a controlled substance in Class E and who has not previously been convicted of any offense pursuant to the provisions of this chapter, or any provision of prior law relating to narcotic drugs or harmful drugs as defined in said prior law shall be placed on probation unless such person does not consent thereto, or unless the court files a written memorandum stating the reasons for not so doing. Upon successful completion of said probation, the case shall be dismissed and records shall be sealed.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, §§ 23, 24; St.1974, c. 207; St.1974, c. 440; St.1975, c. 369.

§ 35. Unlawful presence at a place where heroin is kept or being in company of person in possession thereof; criminal penalties; application of section 34 to probation and repeated violations

Any person who is knowingly present at a place where heroin is kept or deposited in violation of the provisions of this chapter, or any person who is in the company of a person, knowing that said person is in possession of heroin in violation of the provisions of this chapter, shall be punished by imprisonment for not more than one year or by a fine of not more than one thousand dollars, or both; provided, however, that the provisions of the third paragraph of section thirty-four relative to probation sealing of the records and repeated violations shall apply to him.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 25.

§ 36. Protective custody of children found present where controlled substances are kept or possessed in violation of this chapter

Notwithstanding the provisions of section thirty-five, if a police officer finds a child present where said officer finds a substance which he reasonably believes to be a controlled substance listed in Class A, B, or C of section thirty-one kept or possessed in violation of any provision of this chapter, and if the police officer reasonably believes that the child has not reached his seventeenth birthday and that the child knew of the presence of such controlled substance, the police officer may lawfully take such child into protective custody for a period not to exceed four hours. Persons having custody of a child under this section shall make reasonable efforts to notify the child's parent or guardian or other person having lawful custody. Such persons shall be considered to be acting in the conduct of their official duties and shall not be held criminally or civilly liable for such acts. A child detained pursuant to the provisions of this section shall not be considered to have been arrested or to have a criminal record for any purpose; however, only a departmental record of custody shall be made by the officer indicating the circumstances of custody. The procedures and processes provided by this section for the care, protection, and custody of children are not exclusive but are in addition to all others provided by law.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 26.

§ 37. Stealing of controlled substances from persons authorized to dispense or possess; criminal penalties

Whoever steals a controlled substance from a registered manufacturer, wholesale druggist, pharmacy or other person authorized to dispense or possess any controlled substance shall be punished by imprisonment in the state prison for not more than ten years or in a jail or house of correction for not more than two and one-half years or by a fine of not more than five hundred dollars.

Added by St.1971, c. 1071, § 1.

§ 38. Violation of sections 24(a), 25, 26 or 27; prior convictions; criminal penalties

Any person who knowingly violates any provision of subsection (*a*) of section twenty-four, or of section twenty-five, twenty-six or twenty-seven shall be punished by imprisonment for not more than one year or by a fine of not more than one thousand dollars, or both. Whoever violates any of the provisions of any of said sections after one or more prior convictions of a violation of any provision of this chapter or of a provision of prior law relating to the sale or manufacture of narcotic drugs or harmful drugs as defined in said prior law shall be punished by imprisonment for not more than two years or by a fine of not more than two thousand dollars, or both.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 27.

§ 39. Violation of sections 21 or 22; prior convictions; criminal penalties

Any person who knowingly violates any provision of sections twenty-one or twenty-two shall be punished by imprisonment for not more than six months or by a fine of not more than fifteen hundred dollars, or by both. Whoever violates any of the provisions of said sections after one or more prior convictions of a violation of any provision of this chapter, or of a provision of prior law relating to narcotic drugs or harmful drugs as defined in said prior law shall be punished by imprisonment for not more than two years or by a fine of not more than two thousand dollars, or both.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 28.

§ 40. Conspiracy to violate this chapter; punishment

Whoever conspires with another person to violate any provision of this chapter shall be punished by imprisonment or fine, or both, which punishment shall not exceed the maximum punishment described for the offense, the commission of which was the object of the conspiracy.

Added by St.1971, c. 1071, § 1.

§ 41. Arrest without warrant

A police officer shall have the authority to arrest without a warrant:

(*a*) any person committing in his presence any offense set forth in this chapter;

(*b*) any person who he has probable cause to believe has committed or is committing a felony set forth under the provisions of this chapter; or

(*c*) any person who he has probable cause to believe has committed or is commiting a violation of the provisions of sections twenty-seven, thirty-two, thirty-three, thirty-four, thirty-five, thirty-seven and forty.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, § 29.

§ 42. Cooperation with federal and other state agencies

The commissioner and the attorney general shall cooperate with federal and other state agencies in discharging their responsibilities concerning traffic in controlled substances and in suppressing the abuse of controlled substances. To this end they may:

(1) Arrange for the exchange of information among governmental officials concerning the use and abuse of controlled substances;

(2) Coordinate and cooperate in training programs concerning the enforcement of laws governing controlled substances at local and state levels;

(3) Cooperate with the bureau by establishing a centralized unit to accept, catalog, file and collect statistics including statistics regarding drug dependent persons and controlled substance law offenders within the commonwealth and make the information available for federal, state and local law enforcement purposes, provided that they shall not furnish the name or identity of a patient or research subject; and

(4) Conduct programs of eradication aimed at destroying wild or illicit growth of plant species from which controlled substances may be extracted.

Added by St.1971, c. 1071, § 1.

§ 43. Conformity with federal acts

Notwithstanding any other provisions of this chapter, no practitioner shall dispense, distribute, administer, or possess any controlled substance except in conformity with the provisions of the Federal "Comprehensive Drug Abuse Prevention and Control Act of 1970" [1] or any amendment thereof and the Federal Food, Drug and Cosmetic Act [2].

Added by St.1971, c. 1071, § 1.

[2] 21 U.S.C.A. § 301 et seq.

§ 44. Violations of section 34; acquittal, dismissal or indictment nol prossed; sealing of records

If any person is found not guilty of the violation of any provision of section thirty-four or if a complaint against him is dismissed or an indictment nol prossed for a violation of said section, the court shall order all official records relating to his arrest, indictment, conviction, continuance or discharge to be sealed; provided, however, that departmental records maintained by police and other law enforcement agencies which are not public records shall not be sealed.

No person as to whom such sealing has been ordered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise making a false statement by reason of his failure to recite or acknowledge such arrest, indictment, disposition, sealing or any other related court proceeding, in response to any inquiry made of him for any purpose.

Added by St.1971, c. 1071, § 1. Amended by St.1973, c. 533, § 1.

§ 45. Photographing and fingerprinting of persons charged with felony violation of this chapter authorized

Any person arrested for or charged with the criminal violation of any provision of this chapter which constitutes a felony may at the time of arrest or as soon thereafter as is practicable be photographed and fingerprinted according to the system of the state bureau of identification, and upon conviction any such fingerprints and photographs shall be made a part of permanent records of the police department of the municipality where the arrest took place, and without delay two copies of the fingerprints and photographs shall be forwarded, with such other description as may be required and a written history of the offense, to the state bureau of identification.

Added by St.1971, c. 1071, § 1.

§ 46. Repealed by St.1978, c. 508, § 1

§ 47. Forfeiture of property; exceptions; jurisdiction; procedure; disposition; records and inspection; seizure of property; species of plants; summary forfeiture

(*a*) The following property shall be subject to forfeiture to the commonwealth and all property rights therein shall be in the commonwealth:

(1) All controlled substances which have been manufactured, delivered, distributed, dispensed or acquired in violation of this chapter.

(2) All materials, products, and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, dispensing, distributing, importing, or exporting any controlled substance in violation of this chapter.

(3) All conveyances, including aircraft, vehicles, or vessels, which are used, or are intended for use, to transport, conceal, or otherwise to facilitate the manufacture, dispensing, or distribution of, or possession with intent to manufacture, dispense, or distribute, a controlled substance in violation of the provisions of section thirty-two.

(4) All books, records, and research, including formulas, microfilm, tapes and data which are used, or intended for use, in violation of this chapter.

(5) All moneys used, or intended for use, in the procurement, manufacture, compounding, processing, delivery, or distribution of any controlled substance in violation of this chapter; all moneys which are the proceeds of any sale of any controlled substance in violation of this chapter.

(*b*) Property subject to forfeiture under subparagraphs (1), (2), (4), and (5) of subsection (*a*) shall be declared forfeit by any court having jurisdiction over said property or having final jurisdiction over any related criminal proceeding brought under any provision of this chapter. Property subject to forfeiture under subparagraph (1) of subsection (*a*) of this section shall be destroyed, regardless of the final disposition of such related criminal proceeding, if any, unless the court for good cause shown orders otherwise.

(*c*) The court shall order forfeiture of all conveyances subject to the provisions of subparagraph (3) of subsection (*a*) of this section, except as follows:

(1) No conveyance used by any person as a common carrier in the transaction of business as a common carrier shall be forfeited unless it shall appear that the owner or other person in charge of such conveyance was a consenting party of privy to a violation of this chapter.

(2) No conveyance shall be forfeited by reason of any act or omission established by the owner thereof to have been committed or omitted by any person other than such owner while such conveyance was unlawfully in the possession of a person other than the owner in violation of the criminal laws of the United States, or of the commonwealth, or of any state.

(3) No conveyance shall be subject to forfeiture unless the owner thereof knew or should have known that such conveyance was used in and for the business of unlawfully manufacturing, dispensing, or distributing controlled substances. Proof that the conveyance was used to facilitate the unlawful dispensing, manufacturing, or distribution of, or possession with intent unlawfully to manufacture, dispense or distribute, controlled substances on three or more different dates shall be prima facie evidence that the conveyance was used in and for the business of unlawfully manufacturing, dispensing, or distributing controlled substances.

(4) No conveyance used to facilitate the unlawful manufacturing, dispensing, or distribution of, or the possession with intent unlawfully to manufacture, dispense, or distribute marihuana or a substance, not itself a controlled substance, containing any marihuana shall be forfeited if the net weight of the substance so manufactured, dispensed, or distributed or possessed with intent to manufacture, dispense or distribute, is less than ten pounds in the aggregate.

(*d*) A district attorney or the attorney general may petition the superior court in the name of the commonwealth in the nature of a proceeding in rem to order forfeiture of a conveyance or moneys subject to forfeiture under the provisions of subparagraphs (3) and (5) of subsection (*a*). Such petition shall be filed in the court having jurisdiction over said conveyance or said moneys or having final jurisdiction over any related criminal proceeding brought under any provision of this chapter. Such proceeding shall be deemed a civil suit in equity, in which the commonwealth shall have the burden of proving all material facts by a preponderance of the evidence, and the owner of said conveyance or other person claiming thereunder shall have the burden as to all exceptions set forth in subsection (*c*). The court shall order the commonwealth to give notice by certified or registered mail to the owner of said conveyance or said moneys and to such other person as appears to have an interest therein, and shall promptly, but not less than two weeks after notice, hold a hearing on the petition. At such hearing the court shall hear evidence and make findings of fact and enter conclusions of law, and shall thereupon issue a final order, from which the parties shall have such right of appeal as from a decree in equity. Such final order shall provide for disposition of said conveyance or said moneys by the commonwealth or any subdivision thereof in any manner not prohibited by law, including official use by an authorized law enforcement or other public agency, or sale at public auction or by competitive bidding. The proceeds of any such sale shall be used to pay the reasonable expenses of the forfeiture proceedings, seizure, storage, maintenance of custody, advertising, and notice, and the balance, if any, shall be deposited in the treasury of the commonwealth.

(*e*) Any officer, department, or agency having custody of any property subject to forfeiture under this chapter or having disposed of said property shall keep and maintain full and complete records showing from whom it received said property, under what authority it held or received or disposed of said property, to whom it delivered said property, the date and manner of destruction or disposition of said property, and the exact kinds, quantities and forms of said property. Said records shall be open to inspection by all federal and state officers charged with enforcement of federal and state drug control laws. Persons making final disposition or destruction of said property under court order shall report, under oath, to the court the exact circumstances of said disposition or destruction.

(*f*) During the pendency of the proceedings the court may issue at the request of the commonwealth *ex parte* any preliminary order or process as is necessary to seize or secure the property for which forfeiture is sought and to provide for its custody. Process for seizure of said property shall issue only upon a showing of probable cause, and the application therefor and the issuance, execution, and return thereof shall be subject to the provisions of chapter two hundred and seventy-six, so far as applicable.

(*g*) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths may be seized by any police officer and summarily forfeited to the commonwealth.

(*h*) The failure, upon demand by a police officer of the person in occupancy or in control of land or premises upon which the species of plants are growing to produce an appropriate registration, or proof that he is a holder thereof, constitutes authority for the seizure and forfeiture of the plants.

Added by St.1971, c. 1071, § 1. Amended by St.1972, c. 806, §§ 30, 31; St. 1977, c. 556, §§ 1 to 3.

§ 47A. Seized controlled substances and narcotic drugs; custodian; destruction or disposal upon completion of trial

The police commissioner, chief superintendent or other officer or board at the head of each police department in the commonwealth shall appoint a police officer to act as custodian of all controlled substances and narcotic drugs seized in the course of any arrest or investigation. Such custodian shall be designated as the "evidence officer".

Amended by St.1972, c. 806, § 30.

§ 48. Severability

If any provision of this chapter or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the chapter which can be given effect without the invalid provisions or application, and to this end the provisions of this chapter are severable.

TRANSIENT VENDORS, HAWKERS AND PEDDLERS

HAWKERS AND PEDDLERS

Sec.
13. Definitions.
15. Application of chapter.
17. Sale of certain articles without license.
22. License; certificate of police chief; fees; special state licenses; rules and regulations.
22A. License for sale of prepared food; requisites.
24. Special licenses to veterans and blind persons; authority to sell on public streets.

HAWKERS AND PEDDLERS

§ 13. Definitions

Except as hereinafter expressly provided, the terms "hawker" and "pedler" as used in this chapter shall mean and include any person, either principal or agent, who goes from town to town or from place to place in the same town selling or bartering, or carrying for sale or barter or exposing therefor, any goods, wares or merchandise, either on foot, on or from any animal or vehicle.

§ 15. Application of chapter

The provisions of this chapter relating to hawkers and pedlers shall not apply to wholesalers or jobbers selling to dealers only, nor to commercial agents or other persons selling by sample, lists, catalogues or otherwise for future delivery, nor to any dealer regularly engaged in supplying customers with fuel oil for heating or cooking purposes from a fixed place of business within the commonwealth and who does not customarily solicit direct sales from house to house or by means of outcry, sign or signal, nor to any person who peddles only fish obtained by his own labor or that of his family, fruits, vegetables or other farm products raised or produced by himself or his family, nor to persons selling articles for charitable purposes under section thirty-three, nor to persons licensed under section forty of chapter ninety-four with respect to the sale by them of eggs, or milk, skimmed milk, cream, butter, cheese or other milk products, except frozen desserts as defined in section sixty-five G of said chapter ninety-four.

Amended by St.1937, c. 214; St.1937, c. 333; St.1955, c. 757, § 11.

§ 17. Sale of certain articles without license

Hawkers and pedlers may sell without a license newspapers, religious publications, ice, flowering plants, and such flowers, fruits, nuts and berries as are wild or uncultivated. The aldermen or selectmen may by regulations, not inconsistent with this chapter, regulate the sale or barter, and the carrying for sale or barter or exposing therefor, by hawkers and pedlers, of said articles without the payment of any fee; may in like manner require hawkers and pedlers of meats, butter, cheese, fish, and fresh fruit or vegetables, whether adults or minors, to be licensed except as otherwise provided, and may make regulations governing the same, provided that the license fee does not exceed that prescribed by section twenty-two for a license embracing the same territorial limits; and may in like manner affix penalties for violations of such regulations not to exceed the sum of twenty dollars for each such violation. A hawker and pedler of meats, butter, cheese, fish, or fresh fruit and vegetables licensed under this section need not be licensed under section twenty-two.

§ 22. License; certificate of police chief; fees; special state licenses; rules and regulations

The director may grant a license to go about carrying for sale or barter, exposing therefor and selling or bartering any goods, wares or merchandise, the sale of which is not prohibited by section sixteen, to any person who is, or has declared his intention to become, a citizen of the United States and who files with the director a completely executed application to be furnished by the director and on which shall be a certificate which shall be signed by the chief of police of the city or town in which the applicant resides and which shall state that to the best of his knowledge and belief the applicant therein named is of good repute as to morals and integrity. The director shall cause to be inserted in every such license the amount of the license fee and the name of the town for which it is issued. The licensee may go about carrying for sale or barter, exposing therefor and selling or bartering in any town mentioned in his license any meats, butter, cheese, fish, fruits, vegetables or other goods, wares or merchandise, not prohibited in section sixteen, upon payment to the director of the following fees: for each town containing not more than one thousand inhabitants, according to the then latest census, state or national, four dollars; for each town containing more than one thousand and not more than two thousand inhabitants, seven dollars; for each town containing more than two thousand and not more than three thousand inhabitants, nine dollars; for each town containing more than three thousand and not more than four thousand inhabitants, eleven dollars; and for each city and each other town, eleven dollars, and one dollar for every one thousand inhabitants thereof over four thousand; but the fee shall in no case exceed twenty-six dollars, and the amount paid shall be certified on the face of the license. The director shall retain one dollar for every city and town named in each of the above described licenses, and shall pay over to the treasurers of the respective cities and towns at least semi-annually the balance of said fees so received. The director may grant, as aforesaid, special state licenses upon payment by the applicant of fifty dollars for each license; and the licensee may go about carrying for sale or barter, exposing therefor and selling or bartering in any city or town in the commonwealth any meats, butter, cheese, fish, fruits, vegetables, or other goods, wares or merchandise, the sale of which is not prohibited by statute. A hawker or pedler licensed under this section need not be licensed under section seventeen within the territorial limits for which the license under this section is issued. A hawker or pedler licensed under this section shall be subject to such local rules and regulations as may be made in a city by the mayor and city council and in a town by the selectmen.

Amended by St.1948, c. 493, § 2; St.1961, c. 293, § 1; St.1967, c. 274.

§ 22A. License for sale of prepared food; requisites

No license shall be issued pursuant to section twenty-two to a person for the business of selling or exposing for sale from a mobile vending or peddling vehicle prepared food, meals or lunches intended to be consumed by the purchaser without further preparation or processing thereof by the purchaser, unless a certificate of registration as required by section three hundred and five C of chapter ninety-four has been issued for the premises or place of business at which such food, meals or lunches are prepared, handled or processed. The location of said premises or place of business and the fact that they have been so registered shall be endorsed upon the license issued under said section twenty-two.

Added by St.1962, c. 541.

§ 24. Special licenses to veterans and blind persons; authority to sell on public streets

The director may grant without fee, on proof of identity, a special state license to act as hawker or peddler, subject otherwise to this chapter, to a World War I or II or Korean or Vietnam veteran, as defined in clause Forty-third of section seven of chapter four, who has a service-connected disability as recognized by the United States government; and to any blind person resident in the commonwealth and approved by the commissioner of the blind; provided, that no license under this section shall authorize the holder thereof to act as hawker or peddler on any public street or sidewalk in any city or town unless and until he shall have received written authority so to do from the chief of police or other official having charge of the police therein.

Amended by St.1936, c. 74; St.1945, c. 493, § 1; St.1948, c. 493, § 4; St. 1951, c. 395; St.1954, c. 627, § 22; St.1955, c. 214; St.1961, c. 293, § 3; St.1966, c. 535, § 7; St.1967, c. 478.

REGISTRATION OF CERTAIN TOWELS, GARMENTS, APRONS, AND LINENS

25A. Registration of rented towels, etc.
25B. Unauthorized use or disposition of registered towels, etc.
25C. Unauthorized destruction or mutilation of registered towels, etc.

PENALTIES

28. Illegal use of registered cans; mutilation.
29. Penalty for violation of sections 25A to 25C.

REGISTERED BOTTLES

§ 17. Registration of bottles; description of name on bottles; fees; publication

A person engaged in manufacturing, bottling or selling beverages in vessels, with his name and the word "registered" branded, engraved, blown or otherwise produced thereon, or on boxes used by him, may have such vessels registered by filing in the office of the clerk of the city or town where his principal place of business is situated and in the office of the state secretary a description of the name so used by him and paying the fee provided by clause (63) of section thirty-four of chapter two hundred and sixty-two, and shall publish such description once in each of four successive weeks in a newspaper published in the city or town where the description has been filed.

Amended by St.1948, c. 550, § 16.

§ 18. Unlawful use of registered bottles; application of section

No person, without the written consent of the registered owner thereof, shall fill with a beverage with intent to sell the same any vessel registered under the preceding section, or change in any way, or conceal any name or the word "registered" thereon, or buy, sell, traffic in or dispose of any such vessel. This section shall not apply to vessels purchased from the registered owner; provided, that making a money charge or requiring the deposit of a sum of money under an agreement to refund the same upon the redelivery of the vessel shall not constitute a purchase thereof, within the meaning of this section. Violation of any provision of this section shall for the first offence be punished by a fine of not less than fifty cents for each vessel in respect to which the violation occurs or by imprisonment for not less than ten days nor more than one year, or both, and for each subsequent offence by a fine of not less than one nor more than five dollars for each such vessel or by imprisonment for not less than twenty days nor more than one year.

§ 19. Prima facie evidence of unlawful use

The purchase, sale, traffic in, disposal or use of any such registered vessel by a person engaged in the manufacture, bottling or sale of beverages, without the written consent of the owner thereof, shall be prima facie evidence of a violation of the preceding section. Possession of any such registered vessel by a junk dealer or dealer in second hand articles, without the written consent of the owner, shall be prima facie evidence of such violation. This section shall not apply to vessels purchased from the owner.

§ 20. Search warrant

Upon complaint of a person who has complied with section seventeen, or his agent, to a district court, that he has reason to believe and does believe that any of his registered vessels are being unlawfully used or filled by a person engaged in manufacturing, bottling or selling beverages, or that a junk dealer or dealer in second hand articles or a vendor of cans or bottles has such vessels in his possession or secreted in any place, said court may thereupon issue a search warrant; and may also cause the person in whose possession such vessels are found to be brought before him, and shall thereupon inquire into the circumstances of such possession; and shall award to the owner thereof possession of the property taken upon such search warrant.

Amended by St.1953, c. 319, § 13.

REGISTRATION OF MILK CANS AND ICE CREAM CANS, TUBS AND CABINETS

§ 21. Registration of milk cans; description of name; fees; publication

A person engaged in buying, selling or dealing in milk or cream in cans, or who uses cans, tubs or cabinets in the sale, transportation or storage of frozen desserts and/or frozen dessert mix, with his name and the word "registered" produced in a permanent manner in or upon such cans, tubs or cabinets, may register such articles by filing in the office of the clerk of the city or town where his principal place of business is situated, and also in the office of the state secretary, a description of the name so used by him, and paying the fee provided by clause (64) of section thirty-four of chapter two hundred and sixty-two, and shall publish such description once in each of four successive weeks in a newspaper published in the city or town where the description has been filed.

Amended by St.1934, c. 373, § 5; St.1948, c. 550, § 17; St.1957, c. 356, § 15.

§ 22. Use of registered cans without consent of owner

No person shall without the consent of the owner take, detain, use, buy, sell, traffic in or otherwise dispose of any registered can, tub or cabinet. Possession of any such registered can, tub or cabinet by a person in the transaction of his business shall be prima facie evidence of violation of this section.

§ 23. Destruction or mutilation of registered cans

No person shall without the consent of an owner wilfully destroy, mutilate or deface any registered can, tub or cabinet bearing such owner's name, or wilfully erase, mar, cover or change any word or name branded, engraved, blown or otherwise produced in a permanent manner in or upon such can, tub or cabinet.

§ 24. Defiling registered cans

Whoever puts an unclean or foul substance into any registered can, tub or cabinet shall for the first offence be punished by a fine of not less than fifty cents nor more than five dollars for each can, tub or cabinet with respect to which the violation occurs and for any subsequent offence by a fine of not less than two nor more than twenty dollars for each such can, tub or cabinet.

§ 25. Search warrant

Upon complaint of a person who has complied with section twenty-one, or his agent, to a district court that he has reason to believe and does believe that a person has wrongfully in his possession or is secreting any of his registered cans, tubs or cabinets, said court may issue a search warrant to discover and obtain the same, and may also cause to be brought before him the person or his agent or employee in whose possession such cans, tubs or cabinets are found, and shall thereupon inquire into the circumstances of such possession; and, if said court finds that such person has been guilty of a wilful violation of any of the provisions of the three preceding sections, he shall impose the penalty prescribed therefor and shall also order the property taken upon such search warrant to be delivered to the owner.

Amended by St.1953, c. 319, § 14.

REGISTRATION OF CERTAIN TOWELS, GARMENTS, APRONS, AND LINENS

§ 25A. Registration of rented towels, etc.

A person engaged in the business of supplying or furnishing for hire or compensation on a rental or lease basis clean laundered garments, towels, aprons, bed linen or table linen who uses his name and the word "registered" on such articles or supplies may register such articles or supplies by filing in the office of the clerk of the city or town where his principal place of business is situated, and also in the office of the state secretary, a description of the name so used by him, and paying the fee provided by clause (64) of section thirty-four of chapter two hundred and sixty-two, and shall publish such description once in each of three successive weeks in a newspaper having a circulation in the city or town where the description has been filed.

Added by St.1958, c. 389, § 1.

§ 25B. Unauthorized use or disposition of registered towels, etc.

No person shall without the written consent of the owner take, detain, use, sell, traffic in or otherwise dispose of, or use for any purpose other than that for which such article was intended, any registered towel, garment, apron, bed linen or table linen; provided, however, that the use of such article or articles at the place where the same are placed or delivered by the owner or owners under an agreement, lease or license from such owner, shall not be unlawful; and provided, further, that nothing herein contained shall make it unlawful for any hotel, restaurant, cafe or other public hostelry to permit and allow the use of such towel, garment, apron, bed linen or table linen to any guest, boarder or regularly hired employee thereof, during the period of any lease, renting or hiring agreement of said supplies with the owner thereof.

Added by St.1958, c. 389, § 1.

§ 25C. Unauthorized destruction or mutilation of registered towels, etc.

No person shall without the written consent of the owner wilfully destroy, mutilate or deface any registered towel, garment, apron, bed linen or table linen, or wilfully erase, mar, cover, remove or alter any word or name printed, branded, stamped or otherwise produced in a permanent manner upon such towel, garment, apron, bed linen or table linen.

Added by St.1958, c. 389, § 1.

PENALTIES

§ 28. Illegal use of registered cans; mutilation

Violation of any provision of section twenty-two or twenty-three shall be punished for the first offence by a fine of not more than five dollars or by imprisonment for not more than two months for each can, tub or cabinet in respect to which the violation occurs and for any subsequent offence by a fine of not more than ten dollars or by imprisonment for not more than six months for each such can, tub or cabinet.

§ 29. Penalty for violation of sections 25A to 25C

Whoever violates any of the provisions of sections twenty-five A to twenty-five C, inclusive, shall be punished for the first offence by a fine of not less than ten nor more than fifty dollars, and for each subsequent offence shall be punished by a fine of not less than twenty nor more than one hundred dollars, or by imprisonment in jail for not less than thirty days nor more than three months, or both.

Added by St.1958, c. 389, § 2.

§§ 1A, 1B. Repealed by St.1966, c. 685, § 4

DUTIES OF THE DEPARTMENT OF PUBLIC HEALTH

§ 2. Duties of commissioner of public health

The commissioner shall administer the laws relative to health and sanitation and the regulations of the department, and shall prepare rules and regulations for the consideration of the council. The secretary of elder affairs and the commissioner shall jointly develop and submit to the council rules and regulations governing the licensure and operation of convalescent or nursing homes, rest homes, infirmaries maintained in a town and charitable homes for the aged. He may direct any executive officer or employee of the department to assist in the study, suppression or prevention of disease in any part of the commonwealth. He shall submit annually to the council a report containing recommendations in regard to health legislation.

The commissioner shall prepare from the birth, marriage and death records received by him under the provisions of chapter forty-six, and from the divorce returns received by him under the provisions of section forty-six of chapter two hundred and eight, such statistical tables as he deems useful, and shall make annual report thereof to the general court. The commissioner may make further use of such records as he deems useful for administrative and research purposes connected with health programs and population studies. He shall, as soon as is reasonably practicable, cause the birth, marriage and death records to be bound with indexes thereto and shall retain their custody. He shall prepare an alphabetical index of such divorce returns showing the names of the parties, year and number of the judgment and the county in which the divorce occurred.

Amended by St.1964, c. 508, § 2; St.1971, c. 544, § 1; St.1973, c. 1168, § 18; St.1976, c. 486, § 17.

§ 2A. Co-operation with Massachusetts rehabilitation commission

The commissioner and any executive officer or employee appointed by him shall co-operate with the Massachusetts rehabilitation

commission under the provisions of section eighty-one of chapter six for the vocational rehabilitation of any handicapped person.
Added by St.1956, c. 602, § 11.

§ 2B. Air pollution emergencies

If the commissioner of environmental quality engineering, in this section called the commissioner, determines that the condition or impending condition of the atmosphere in the commonwealth or in any part thereof constitutes a present or reasonably imminent danger to health, he may, with the approval of the governor, declare an air pollution emergency and cause the fact to be made known to the public.

The department, after public hearing held in accordance with section two of chapter thirty A, of environmental quality engineering, in this section called the department may, and with the approval of the governor, establish, and from time to time revise, an air pollution emergency plan to protect the public health during periods of such declared emergency. Said plan may include the imposition, during such periods, of controls and restrictions upon the use of certain fuels and fuel-burning installations, the practices of incineration and open burning, and the movement of specific types of motor vehicles, and said plan may include such other provisions as the department deems necessary to protect the public health during such emergency period.

During an air pollution emergency the commissioner may, with the approval of the governor, take whatever action is necessary to maintain and protect the public health, including but not limited to the implementing of the air pollution emergency plan, and prohibiting, restricting and conditioning emissions of dangerous or potentially dangerous air contaminants from whatever source derived, and requiring the evacuation of the public from, or restricting public entry into, designated areas. The commissioner shall clearly specify the geographical area to which such action shall apply.

If conditions which warrant the declaration of an air pollution emergency change or are so modified that they no longer constitute an actual or reasonably imminent danger to the public health, the commissioner shall, with the approval of the governor, declare the air pollution emergency terminated, and shall cause this fact to be made known to the public.

Any orders promulgated by the commissioner pursuant to this section, hereinafter called emergency orders, shall be enforced by personnel of the department of public health and by the state and local police. A court, judge or justice authorized to issue warrants in criminal cases may, upon complaint on oath by a person authorized to enforce emergency orders under this section that he believes that such an order is being violated in a particular property, premise or place, if satisfied that there is reasonable cause for such belief, issue a warrant identifying such property, premises or place and commanding such person to search such premises for further evidence of such violation. Information relating to trade secrets, secret processes or methods of manufacture or production shall be confidential and shall not be disclosed or received during the course of any such investigation; nor shall such information be used or disclosed in any public hearing under this section. Such enforcement personnel are further empowered to order any person having control of an air contamination source to stop and abate violation of any emergency order. Whoever knowingly fails within a reasonable time to comply with any such order to stop or abate giving due consideration to the practicability and to the physical and economic feasibility of compliance with such order shall be punished by a fine of not less than twenty dollars nor more than ten thousand dollars. For the purpose of this paragraph, each day or part thereof of violation of any such order to stop or abate, whether such violation be continuous or intermittent, shall be construed as a separate and succeeding offense. The superior court, on petition of any person authorized by this section to enforce emergency orders, shall have jurisdiction in equity to enforce compliance with such emergency orders.

Any aggrieved person may appeal to the commissioner or his designee for relief from the continuance of an order. If the commissioner or his designee finds that the continuance of any order in whole or in part is unreasonable or unnecessary in light of the then prevailing conditions of air pollution, he may terminate or modify any such order.

If such an appeal is disapproved by the commissioner or his designee, the aggrieved person shall, upon his request, be granted a public hearing on the question of relief from unreasonable restrictions and the continuance of such order by the commissioner. Such public hearing shall not be subject to the provisions of chapter 30A but shall be held as soon as may be by said commissioner, who shall give notice of the same. If the commissioner, upon conclusion of said hearing, determines that any such order should be terminated, or modified in any way whatever, he shall enter such further order as he deems appropriate.

All powers granted to the commissioner by this section shall be in addition to and not in limitation of any powers granted him by any other provision of law.

"Air contaminant", as used in this section, includes, but is not limited to, dust, fly ash, fume, gas, mist, odor, smoke, vapor, pollen, microorganisms, radioactive material, ionizing radiation, any combination thereof, or any decay or reaction product thereof.

Added by St.1967, c. 900. Amended by St.1974, c. 806, §§ 11, 12; St.1975, c. 706, §§ 160, 161.

§ 2C. Pollution violations; orders of department of environmental quality engineering

The commissioner of environmental quality engineering or his designee may issue orders in the name of the department of environmental quality engineering upon witnessing or being presented proof of the violation of any statute, rule, regulation or code which the said department is authorized to enforce relative to pollution. Such orders shall have the same force and effect as any rule or regulation promulgated by said department and any such order may be revoked by said department.

Added by St.1971, c. 806. Amended by St.1975, c. 706, § 162.

§ 3. Public health council; hearings, intervention

The council shall make and promulgate rules and regulations, take evidence in appeals, consider plans and appointments required by law, hold hearings, and discharge other duties required by law; but it shall have no administrative or executive functions. Hearings of the department may be held by the commissioner, or his designee or the hearings officer if so authorized by the commissioner, or by the hearings officer as provided in section seventy-one with respect to a refusal to renew or revocation of a license of a convalescent or nursing home, rest home or charitable home for the aged. The secretary of elder affairs or his designee may intervene on behalf of a resident or residents or the owner or administrator of a convalescent or nursing home, rest home, infirmary maintained in a town, or a charitable home for the aged in any proceedings before the council.

Amended by St.1946, c. 152; St.1966, c. 713, § 2; St.1973, c. 1168, § 19.

§ 3A. Board of trustees of Massachusetts hospital school; appointment

There shall be a board of trustees, to be known as the board of trustees of the Massachusetts hospital school, serving in the department and consisting of five persons. The governor, with the advice and consent of the council, shall annually appoint a member of the board, who shall serve for five years beginning on the first Monday in December in the year of his appointment and until his successor is qualified.

Added by St.1956, c. 436, § 3.

§ 4. Health districts; district health officers; enforcement of laws in districts

The commissioner, with the approval of the council, shall from time to time divide the state into not more than eight health districts. He may from time to time order two or more district health officers to work in one district, in order to study, suppress or prevent disease. Each district health officer shall act as the representative of the commissioner, and under his direction shall secure the enforcement within his district of the laws and regulations relating to public health. He shall have the powers and perform the duties set forth in this chapter, and, under the direction of the commissioner, shall perform such other duties as he may prescribe.

§§ 4A to 4D. Repealed by St.1971, c. 1076, § 3

§ 4E. Program to combat mental retardation in children

The department of public health is hereby authorized and directed to establish a program to combat mental retardation in children suffering from a genetic effect causing phenylketonuria. The said program may be conducted in conjunction with any foundation or scientific organization, hospital or medical school or with an agency of the federal government. The department may accept for such purpose any special grant of money, services or property from the federal government or any of its agencies or from any such foundation, organization or medical school.

Added by St.1962, c. 706.

§ 4F. Advisory council on radiation protection

There shall be an advisory council on radiation protection consisting of the commissioners of public health, labor and industries, public safety, and administration, the personnel administrator, the director of civil defense, and six persons to be appointed by the governor, of whom two shall hold the degree of doctor in medicine or dental medicine and shall be specialists in the field of ionizing radiation injuries, one shall have training or experience in radiology, one in radiation or health physics, one in radiation law, and one in nuclear engineering or in the industrial application of ionizing radiation. Upon the expiration of the term of office of an appointive member, his successor shall be appointed in like manner for a term of six years. One of the appointive members shall be designated chairman of the council by the governor. The members of the council shall serve without compensation and shall not be reimbursed for any expenses incurred by them in the performance of their duties.

The advisory council shall meet at least twice a year at the call of the chairman or by vote of a majority of the members of the council. It may hold public hearings but shall not have the power to summon witnesses nor to require the production of books, records and papers. It shall consider and make recommendations to the governor, the general court, and the various departments of the executive branch as to the development, growth, and status of all substances, things, and apparatus within the commonwealth capable of emitting ionizing radiation.

Added by St.1965, c. 484, § 1. Amended by St.1966, c. 420; St.1974, c. 835, § 149.

§ 4G. Epileptics; program for care, treatment and rehabilitation

The department shall establish, in one or more institutions under its control, a program for the care, treatment and medical rehabilitation of persons suffering from epilepsy and shall disseminate such information relative to the management of convulsive disorders as it considers proper. The department may accept for such purposes and for research into the causes of convulsive disorders any special grant of money, services or property from the federal government or any of its agencies or from any foundation, organization or medical school.

The department shall cooperate with the Massachusetts rehabilitation commission in developing vocational rehabilitation programs for epileptics.

Added by St.1967, c. 865, § 1.

§ 4H. Chronic renal diseases; care and treatment; agreements

The department is hereby authorized, subject to appropriation, to establish and maintain services for the treatment and care of persons suffering from chronic renal diseases within the commonwealth.

The department may enter into such agreements with community hospitals and other health, welfare and rehabilitation agencies as are necessary to carry out the purposes of this section.

The department may enter into agreements with out-of-hospital dialysis units licensed under the provisions of section fifty-one A for the care and treatment of persons suffering from renal disease; provided, that said units are licensed and operated pursuant to the rules and regulations of the department relative to out-of-hospital dialysis units; and, provided further, that any such agreement with an out-of-hospital dialysis unit be made in conjunction with a facility operated by the department which provides in-patient care and treatent for persons suffering from renal disease. Any payment made by the department or any other agency of the commonwealth to an out-of-hospital dialysis unit with which an agreement has been made in accordance with the provisions of this section shall be subject to the provisions of sections thirty K to thirty P, inclusive, of chapter seven [1] and shall in no case be in excess of any applicable rate determined by the rate setting commission or any successor agency.

Added by St.1968, c. 498. Amended by St.1973, c. 1186, § 1.

§ 4J. Multiple-handicapped children; financial assistance for hospital and nursing care; eligibility; payments; review; rules and regulations

Financial assistance in the payment of expenses for the hospital and nursing care of multiple-handicapped children twenty years of age or under may be paid by the department on a statewide basis, provided, that: (1) eligibility for assistance shall be determined in accordance with an income and resource schedule established by the department which takes into account the number of persons in the family and the out-of-pocket expenses for such hospital or nursing care; (2) any person applying for such assistance shall provide the department with a financial statement which discloses in full any income, assets, liabilities or other data deemed relevant by the department; (3) a medical review team under the supervision of or approved by the department, in cooperation with the department of mental health, finds that the child requires such hospital or nursing care; and (4) if such care is required as a result of injury, disease, or disability for which a third party may be liable, the department shall require the person receiving such care, his parent or legal guardian, to provide for assignment to the commonwealth of the amounts expended under this section from the proceeds of any claim against the third party. Payments made under this section shall not supersede payments or services available under any other federal, state, local or private health program or insurance plan and shall be made only to providers of care in accordance with rates established by the rate setting commission under chapter six A. The department shall review at least annually the financial need for assistance and shall terminate any payments when such need no longer exists.

The department may adopt rules and regulations to carry out the purposes of this section including, but not limited to, standards and certification requirements of providers of service and procedures for review of individuals needing care.

Added by St.1971, c. 1084, § 1. Amended by St.1973, c. 1229, § 4N.

§ 5. Powers and duties of department

The department shall take cognizance of the interests of life, health, comfort and convenience among the citizens of the commonwealth; shall conduct sanitary investigations and investigations as to the causes of disease, and especially of epidemics, and the sale of food and drugs and adulterations thereof; and shall disseminate such information relating thereto as it considers proper. It shall advise the government concerning the location and other sanitary condition of any public institution. It may produce and distribute immunological, diagnostic and therapeutic agents as it may deem advisable, and may sell such portions of such materials produced in its laboratories as constitute an excess over those required for its use within the commonwealth.

Amended by St.1941, c. 388; St.1945, c. 615; St.1957, c. 678, § 1; St. 1959, c. 522; St.1960, c. 172, § 1; St.1963, c. 390; St.1965, c. 898, § 1; St.1975, c. 706, § 163.

§ 5A. Preparation and distribution of antitoxins, serums, vaccines and products applicable to prevention and cure of diseases

Whenever the commissioner determines that the inoculation of the general public by, or the administration to the general public of, any antitoxin, serum, vaccine or other analogous product is essential in the interest of the public health and that an emergency exists by reason of a shortage of such product, the department may purchase, produce and distribute such product under such conditions and restrictions as it may prescribe; and while such emergency exists, as determined by the commissioner, the department may establish by written order or orders, rules and priorities for the distribution and use of any such product within the commonwealth. Whoever violates any provision of any such order shall be punished by a fine of not less than fifty dollars nor more than two hundred dollars or by imprisonment for not more than six months, or both.

The department, with the approval of the executive office for administration and finance, may, for the purpose of aiding in national defense in case of war or in any national emergency declared by the president, prepare and distribute without as well as within the commonwealth, and sell or give away, in its discretion, antitoxins, serums, vaccines, viruses and analogous products applicable to the prevention or cure of diseases of man, for the use of the armed forces of the United States or in civilian defense work. This paragraph shall not curtail any powers or duties of the department under section five.

Added by St.1941, c. 612. Amended by St.1964, c. 415.

§ 5B. Transportation, storage, packaging, sale, distribution, production and disposal of radioactive materials; rules and regulations; enforcement

The department may require registration of sources of ionizing radiation and shall, from time to time, after a public hearing, prescribe and establish rules and regulations to control the radiation hazards of radioactive materials and of machines which emit ionizing radiation for the purpose of protecting the general public and individuals against hazards associated with the use, transportation, storage, packaging, sale, distribution, production and disposal thereof. Such rules and regulations shall not limit the kind and amount of radiation that may be intentionally administered to a person or animal for diagnostic, therapeutic or experimental purposes by or under the direction of a physician, dentist, podiatrist, veterinarian or other person licensed to so administer radiation under the laws of the commonwealth. Such rules and regulations shall be filed with the Massachusetts commission on atomic energy at least thirty days prior to their effective date and shall become effective upon filing with the state secretary, unless a later effective date is specified by the department. Whoever violates any such rule or regulation shall be punished by a fine of not less than ten nor more than fifty dollars. Whoever, after due notice, continues to violate any such rule or regulation shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars to the use of the commonwealth for each offense. Each day of such violation after such notice shall constitute a separate offense. The supreme judicial court or superior court, upon application of the department, or upon application of any party interested, with the approval of the department, may enforce such rules and regulations, and restrain the use or occupation of premises or such portion thereof as the department may specify until such rules and regulations have been complied with.

Nothing in this section shall prevent the department of labor and industries from establishing rules and regulations for the protection of the health and safety of employees against ionizing radiation in any place of employment as defined in section one of chapter one hundred and forty-nine. Said department of labor and industries shall consult with the department of public health at least thirty days prior to the adoption or modification of any rules or regulations in so far as they pertain to the health aspects of ionizing radiation. The department of public health shall approve, modify, or disapprove all proposed rules and regulations of political subdivisions of the commonwealth in so far as they pertain to the health aspects of ionizing radiation and no such rules and regulations which do not have the approval of the department shall be adopted.

§ 5C. Repealed by St.1958, c. 79, § 1

§ 5D. Plastic bags and film; rules and regulations

The department shall make such rules and regulations concerning labeling, thickness and methods of use of plastic bags and plastic film as it shall deem necessary for the protection of the lives and safety of the public, which rules and regulations may provide penalties for the violation thereof not exceeding five hundred dollars for any one offence.

Added by St.1959, c. 501.

§ 5E. Application of chemicals to control aquatic nuisances; licenses; rules and regulations; violations; penalties; applicability of section

No person shall for the purpose of controlling algae, weeds and other aquatic nuisances therein apply chemicals to a lake, pond, stream, or other body of water within the territorial limits of the commonwealth without first obtaining a license from the department of environmental quality engineering in this section and sections five F and five G, called the department. The department shall, upon payment of a fee of twenty-five dollars, issue such license to any person whom it deems responsible and qualified to apply chemicals to lakes, ponds, streams, and other bodies of water for the control of algae, weeds and other aquatic nuisances. Such license shall be valid for a period of two years, and may upon payment of a fee of twenty-five dollars be renewed by the department for a like period. It shall not be transferable or assignable. Any such license may be revoked for cause by the department. Any applicant or licensee aggrieved by the failure of the department to grant an original license or to to renew the same or by the revocation of such license may, within thirty days after such failure or revocation, appeal in writing to the commissioner of the department of environmental management of the executive office of environmental affairs. Said commissioner shall within twenty days of the receipt of such appeal give the appellant a hearing and shall, within thirty days after such hearing, render a decision which shall be a matter of public record.

The department may, after a public hearing, establish rules and regulations relative to the issuance of licenses and the application of chemicals for the control of algae, weeds and other aquatic nuisances and may from time to time amend the same in like manner and may provide penalties for violations of said rules and regulations not exceeding five hundred dollars for any one offence.

Whoever, not being licensed, applies chemicals to a body of water for the purpose of controlling algae, weeds and other aquatic nuisances, except as hereinafter provided, shall be punished by a fine of not less than twenty-five nor more than five hundred dollars.

This section shall not apply to employees and agents of the departments of environmental quality engineering environmental management, and fisheries, wildlife, and recreational vehicles, or of the state reclamation board or of related federal agencies, while in the conduct of their official duties, nor shall it apply to the use of chemicals in privately owned ponds from which there are no flowing outlets, or to algaecides approved by the department and used by legally established water supply agencies to control taste and odors.

Added by St.1960, c. 677. Amended by St.1974, c. 806, § 13; St.1975, c. 706, §§ 164, 165.

§ 5F. Aquatic nuisances, control

The department shall undertake the control of algae, weeds and other aquatic nuisances in waters within the commonwealth in accordance with priorities established under this section; provided, however, no funds of the commonwealth shall be expended for a control program in waters to which there is no public access. In undertaking such control work the department shall consider the public health implications as they relate to public and private water supply uses, bathing and industrial process uses.

The department shall receive requests from any person or agency of the commonwealth to consider waters for control and shall submit to the water resources commission all such requests which it approves. The water resources commission shall review such requests and establish priorities for control, considering public accessibility, recreational and agricultural uses, the general public advantage, the importance to commercial, agricultural or other interests, the local interest therein as manifested by municipal or other contributions therefor, and other considerations affecting the feasibility, necessity or advantage of the proposed work. The water resources commission shall forward the results of its review to the department within a period of sixty days, and if such review is not completed within sixty days or within such further time as may be mutually agreed upon, the department shall establish priorities.

No work authorized under this section shall be begun until the department conducts bioengineering surveys to determine the types and extent of nuisance aquatic growth, evaluates water usages, establishes restrictions where necessary to protect the public health, safety and property, as well as fish and other animal life, and develops estimates of costs. Personnel of the department of environmental quality engineering in the performance of their duties under this section may enter upon, pass through or over private lands or property whether or not covered by water.

§ 5G. Water supply; treatment facilities

The department may require by order a city, town, person or district maintaining a water supply to provide and operate such treatment facilities as are in its opinion necessary to insure the delivery of a safe water supply to all consumers. The supreme judicial or the superior court shall have jurisdiction in equity to enforce any such order.

Added by St.1961, c. 625. Amended by St.1977, c. 526, § 1.

§ 5H. Nuclear materials and reactors

(A) The department, subject to appropriation, shall adopt rules and regulations that monitor the use and release of nuclear materials, source materials, or radioactive materials, whether irradiated or not, as they pertain to the operation of nuclear reactors.

(B) The department shall, subject to appropriation, establish and maintain a monitoring and surveillance program for all nuclear reactors. Such a program shall include, but not be limited to, the following activities:—

(1) The department, subject to appropriation, shall create a network of monitoring stations not all in fixed locations, to ascertain the movement, dispersal and reconcentration of any radioactive materials originating from nuclear reactors, whether in gaseous, liquid or solid form. For the purpose of this section, the department may utilize, (I) equipment owned and operated by the department, (II) equipment maintained and operated by the nuclear reactor operators either directly or indirectly and (III) the data obtained therefrom.

(2) The department shall, subject to appropriation, conduct periodic surveys to determine the extent and seriousness of radiation doses received by humans and animal life resulting from the reconcentration of radioactive materials, released from nuclear reactors. Such surveys and monitoring programs may be conducted in cooperation with other departments or agencies of the common-

wealth or of any other state, or with the federal environmental protection agency, the nuclear regulatory commission, or any other federal agency, or with any other suitable qualified persons or institutions.

(3) The department shall, subject to appropriation, make inspections either announced or unnanounced, of each nuclear reactor installation or site located within the Commonwealth. For the purposes of such inspections, the department is hereby specifically authorized to enter at any time (I) upon the site of said nuclear reactor installation whether said reactor is proposed, under construction, or in operation and (II) any buildings or facilities thereon, as may be necessary, in the judgment of the department, to determine compliance with its rules and regulations adopted under the provisions of this section. Subject to appropriation, the commissioner may appoint and remove inspectors to comply with the provisions of this section. Said inspectors shall have all the power and authority of inspectors as defined by section nine of this chapter.

(C) The department shall, subject to appropriation, publish and make available to the general public or to any interested party on a semi-annual basis, for each operating nuclear reactor, a summary and discussion of the results of the monitoring and surveillance program for the previous six months, including the results of any surveys completed under provisions of clause (2) of paragraph (B).

The summary for each nuclear reactor shall include, at a minimum: (1) a comparison of actual emissions and emission rates of radioactive materials, whether in a liquid or gaseous form, with those allowed by the technical specifications appearing in the facility operating license of the reactor; (2) the estimated radiation doses received as a result of said emissions at various geographical locations under various occupancy assumptions; (3) a comparison of said estimated doses with applicable federal exposure guidelines; and (4) a listing and discussion of all accidents or abnormal occurrences, as defined by 42 USC sec. 5848,[1] that were reported to the nuclear regulatory commission, pursuant to 42 USC sec. 5841 to 5849,[2] inclusive, to rules and regulations promulgated under the authority of said statute, or to the requirements of the facility operating license of nuclear reactors.

(D) To support the development and operation of a state radiation monitoring program, the operators of nuclear reactors shall have reasonable charges levied against them.

§ 5*I*. Laser equipment; rules and regulations; penalties for violation

The department may from time to time, after a public hearing, adopt, alter or repeal such rules and regulations relative to the use of laser systems, devices or equipment as it shall deem necessary to protect the public from the hazards of laser rays or beams, with penalties for the violation thereof not exceeding five hundred dollars for any particular offense. Such rules and regulations may require the registration of said systems, devices or equipment.

This section shall not be construed as limiting the powers of the department of labor and industry under the provisions of chapter one hundred and forty-nine relative to the prevention of accidents or injuries to employees.

Added by St.1968, c. 560.

§ 5J. Radiation treatment; precautions

Any person who administers radiation treatment of any kind to another person shall use lead shields to protect such other person when clinically appropriate. If such other person is a female, any person who so administers such radiation treatment shall inform her that radiation can be hazardous to an unborn child, shall inquire whether such female believes she is pregnant, and if the answers [1] is affirmative, take clinically appropriate precautions before administering such treatment.

§ 6. Power to define diseases deemed dangerous to public health; control and prevention

The department shall have the power to define, and shall from time to time define, what diseases shall be deemed to be dangerous to the public health, and shall make such rules and regulations consistent with law for the control and prevention of such diseases as it deems advisable for the protection of the public health. The department shall also have the power to define, and shall from time to time so define, what diseases shall be included within the term venereal diseases in the provisions of the laws relative to public health.

Amended by St.1938, c. 265, § 7; St.1948, c. 129, § 1.

§ 6A. Hemophilia; program for care and treatment; definition

The department shall establish a program for the care and treatment of persons suffering from hemophilia. For the purposes of this and sections six B and six C, hemophilia shall mean a bleeding tendency resulting from a genetically determined deficiency of a clotting factor in the blood. This program shall assist persons who require continuing treatment with blood and blood derivatives to avoid crippling, extensive hospitalization and other effects associated with this condition, but who are unable to pay for the entire cost of such services on a continuing basis.

Added by St.1973, c. 1227.

§ 6B. Hemophilia advisory committee

The commissioner shall appoint a Hemophilia Advisory Committee, hereafter referred to as the committee, to consult with the department in the administration of this act. The committee shall be composed of five persons representing hospitals, the Massachusetts Blood Bank Association, voluntary agencies interested in hemophilia, medical specialists in hemophilia patient care and the general public.

The commissioner shall appoint one member as chairman. Each member shall hold office for a term of four years and until his successor is appointed and qualified. The committee shall meet as frequently as the chairman deems necessary, but not less than once each year.

The committee members shall serve without compensation but shall be reimbursed for actual expenses incurred in carrying out their official duties.

Added by St.1973, c. 1227.

§ 6C. Hemophilia program; powers and duties of department

The department shall:

(*a*) With the advice of the committee, develop standards for determining eligibility for and the nature of treatment under this program;

(*b*) Extend financial assistance to persons suffering from hemophilia in obtaining blood, blood derivatives and concentrates, and other efficacious agents for treatment of hemophilia in hospital, medical and dental facilities, and at home;

(*c*) Assist in the development and expansion of programs for the care and treatment of persons suffering from hemophilia, including self-administration, prevention, and home care and other medical and dental procedures and techniques designed to provide maximum control over bleeding episodes typical of this condition;

(*d*) Institute and carry on educational programs among physicians, dentists, hospitals, public health departments, and the public concerning hemophilia, including dissemination of information and the conducting of educational programs concerning the methods of care and treatment of persons suffering from this condition; and

(*e*) Promulgate all rules and regulations necessary to effectuate the purposes of this section and sections six A and six B.

Added by St.1973, c. 1227.

§ 7. Investigation of contagious or infectious diseases; notice

If smallpox or any other contagious or infectious disease declared by the department to be dangerous to the public health exists or is likely to exist in any place within the commonwealth, the department shall make an investigation thereof and of the means of preventing the spread of the disease, and shall consult thereon with the local authorities. It shall have co-ordinate powers as a board of health, in every town, with the board of health thereof. It may require the officers in charge of any city or state institution, charitable institution, public or private hospital, dispensary or maternity hospital, or any board of health, or the physicians in any town to give notice of cases of any disease declared by the said department to be dangerous to the public health. Such notice shall be given in such manner as the department may deem advisable. If any such officer, board or physician refuses or neglects to give such notice, he or they shall forfeit not less than fifty nor more than two hundred dollars.

§ 8. Use of common drinking cup or towel; rules and regulations

In order to prevent the spread of communicable diseases, the department may prohibit in hotels and in such public places, vehicles or buildings as it may designate the providing of a common drinking cup or a common towel, and may establish rules and regulations for this purpose. Whoever violates any such rule or regulation shall be punished by a fine of not more than twenty-five dollars.

§ 8A. Poisonous or corrosive substances; disposal or closures of containers

The department shall make such rules and regulations concerning the disposal or discard of containers of poisonous substances and concerning the closures of containers of corrosive substances intended for household use as it shall deem necessary for the protection of the lives and safety of the public, which rules and regulations may provide penalties for the violation thereof not exceeding five hundred dollars for any one offence.

Added by St.1959, c. 502. Amended by St.1960, c. 759.

§ 8B. Repealed by St.1973, c. 948, § 6

§ 8C. Fluoridation of public water supplies by local boards; advice of commissioner; election; discontinuance

The department in taking cognizance of the dental health of the people in the commonwealth shall recommend such methods as in its opinion are advisable to reduce or limit the prevalence of dental caries and other dental diseases and defects. If the commissioner determines that the fluoride content of the public water supply for domestic use in any city, town or district is not at optimum level for sound dental health, he shall so notify the local board of health of his findings. Such board of health, after making such inquiry and other use of the consulting services of the department or elsewhere as it chooses, shall, if it considers doing so in the best interest of the inhabitants of the city, town or district within its jurisdiction, order the upward adjustment of the fluoride content of the water supply available for domestic use in that city, town or district. No such order shall be effective until ninety days after it has been published in a newspaper having a general circulation in such city or town, or until favorable vote has been taken in accordance with the provisions of this section, whichever occurs later.

The provisions of this section shall not apply if two or more cities or towns are supplied water from the same source, if such supply to each city or town cannot be treated independently and if the majority of the boards of health representing such cities and towns have voted not to accept such recommendation; provided, however, that any such city or town desiring to adjust upward the fluoride content of the water consumed within its own jurisdiction may comply with the order by the installation of proper equipment that will comply therewith if it does not interfere with the water supply of said other cities or towns.

In any city, town or district where the board of health has ordered the upward adjustment of the fluoride content of the water supply under the provisions of this section, upon petition of ten per cent of the registered voters of said city, town or district, filed in the office of the city or town clerk, as the case may be, within ninety days of the publication of such order, the following question shall be placed upon the official ballot to be used at the next regular city election or for the election of town officers at the next annual town meeting or at a biennial state election, whichever occurs first, but not earlier than sixty days following the date of filing the petition with the city or town clerk:—"Shall the public water supply for domestic use in (this city) (this town) be fluoridated?", or in such district the following question shall be placed before the next annual meeting of the inhabitants of the district:—"Shall the public water supply for domestic use in this district be fluoridated?" If the majority of votes in answer to said question is in the negative, the water supply of such city, town or district shall not be fluoridated, and the fluoridation of such water supply shall not be ordered again by the board of health for a period of at least two years from the date of such vote.

Added by St.1968, c. 548, § 1. Amended by St.1971, c. 1024, §§ 1, 2; St. 1976, c. 129.

§ 9. Inspectors, analysts and chemists; appointment; removal; power and authority; interference with

In the performance of the duties relative to the sale of drugs and food the commissioner may appoint and remove inspectors, analysts and chemists. Such inspectors shall, in addition to the powers given by sections one hundred and twenty-one to one hundred and twenty-three, inclusive, of chapter ninety-four, have the same power and authority relative to drugs, fish, food and milk as is given inspectors of milk by sections thirty-five and sixty of said chapter. Such inspectors shall, in the enforcement of laws relative to controlled substances as defined in section one of chapter ninety-four C, have all the powers and authority of police officers and constables except the power to serve civil process. Inspectors assigned to investigate violations of laws relative to controlled substances as defined in section one of chapter ninety-four C may at the request of the commissioner carry revolvers, billies, clubs, handcuffs and any other paraphernalia necessary for their protection and the enforcement of such laws. Whoever hinders, obstructs or in any way interferes with any such inspector, analyst or chemist in the performance of his official duty shall for the first offence be punished by a fine of not more than fifty dollars, and for a subsequent offence by a fine of not more than one hundred dollars.

Amended by St.1957, c. 593; St.1964, c. 477, § 2; St.1972, c. 806, § 33.

§ 10. Chemical analyses of paint, turpentine, linseed oil or synthetic substitutes

The department shall make, free of charge, a chemical analysis of paint, turpentine, linseed oil, or any synthetic substitute for them, or any preparation containing the same, when submitted to it by the commissioner of public safety; and the department shall furnish to the said commissioner a certificate of the analysis, which shall be prima facie evidence of the composition and quality of the material so analyzed.

§ 11. Analyses of samples of alcoholic beverages

It shall analyze, in accordance with sections thirty-six to thirty-nine, inclusive, of chapter one hundred and thirty-eight, all samples of alcoholic beverages, as defined in section one of said chapter one hundred and thirty-eight, submitted to it for that purpose by the officers mentioned in said section thirty-six if satisfied that the analysis is to be used in enforcing the laws.

Amended by St.1934, c. 328, § 1.

§ 12. Analyses of narcotic drugs, poison, drugs, medicines or chemicals

It shall make, free of charge, a chemical analysis of any narcotic drug, or any synthetic substitute for the same, or any preparation containing the same, or any salt or compound thereof, and of any poison, drug, medicine or chemical, when submitted to it by police authorities or by such incorporated charitable organizations in the commonwealth, as the department shall approve for this purpose; provided, that it is satisfied that the analysis is to be used for the enforcement of law.

Amended by St.1943, c. 331, § 1.

§ 13. Certificate of result of analysis of narcotic drugs, poisons, drugs, medicines or chemicals; evidence

The analyst or an assistant analyst of the department shall upon request furnish a signed certificate, on oath, of the result of the analysis provided for in the preceding section to any police officer or any agent of such incorporated charitable organization, and the presentation of such certificate to the court by any police officer or agent of any such organization shall be prima facie evidence that all the requirements and provisions of the preceding section have been complied with. This certificate shall be sworn to before a justice of the peace or notary public, and the jurat shall contain a statement that the subscriber is the analyst or an assistant analyst of the department. When properly executed it shall be prima facie evidence of the composition and quality of the naroctic or other drug, poison, medicine or chemical analyzed, and the court shall take judicial notice of the signature of the analyst or assistant analyst, and of the fact that he is such. A signed certificate of drug analysis furnished by an analyst, assistant analyst or other designated employee of the Drug Enforcement Administration of the United States Department of Justice, which conforms with the requirements of this section, shall be prima facie evidence of the composition and quality of the narcotic or other drug, poison, medication or chemical analyzed and the court shall take judicial notice of the signature of the analyst, assistant analyst or other designated employee, and the fact that he is such.

Amended by St.1943, c. 331, § 2; St.1977, c. 128.

§ 14. Remedies for prevention of ophthalmia neonatorum

It shall furnish, free of cost, to registered physicians such prophylactic remedies as it may deem best for the prevention of ophthalmia neonatorum.

§ 14A. Rheumatic fever; treatment of patients

The department shall purchase and distribute to the boards of health in cities and towns penicillin and such other prophylactic drugs as the commissioner may approve for the treatment of persons recovering from rheumatic fever, and said local board of health may furnish such drugs free of cost to any such person when they are prescribed for him by his physician, provided that such person, or the person bound by law to support him, is unable to pay for such drugs.

Added by St.1960, c. 678.

§ 15. Services for division of animal health

It may perform for the division of animal health, upon such terms and conditions as may be agreed upon, such services in its laboratory as may be necessary in the examination of materials from animals suspected of being infected with glanders, tuberculosis, rabies or other diseases of domestic animals.

Amended by St.1934, c. 340, § 7; St.1967, c. 347, § 2.

§ 16. Unsanitary condition of barns, stables or enclosures in which cattle are kept; report

It shall report to the director of animal health all cases brought to its attention where barns, stables or other enclosures, in which neat cattle, other ruminants or swine are kept, are in an unsanitary condition.

Amended by St.1934, c. 340, § 8; St.1967, c. 347, § 3.

§ 17. Disposal of sewage; consultation, advice or experiments; hearing; improvements; definition

The department of environmental quality engineering, in this section called the department, shall consult with and advise the officers of towns and persons having or about to have systems of water supply, drainage or sewerage as to the most appropriate source of water supply and the best method of assuring its purity, or as to the best method of disposing of their drainage or sewage with reference to the existing and future needs of other towns or persons which may be affected thereby. It shall also consult with and advise persons engaged or intending to engage in any manufacturing or other business whose drainage or sewage may tend to pollute any inland water as to the best method of preventing such pollution, and it may conduct experiments to determine the best methods of the purification or disposal of drainage or sewage. No person shall be required to bear the expense of such consultation, advice or experiments. Towns, districts and persons shall submit to said department for its advice and approval their proposed system of water supply or of the disposal of drainage or sewage, and no such system shall be established without such approval. All petitions to the general court for authority to introduce a system of water supply, drainage or sewerage shall be accompanied by a copy of the recommendation, advice and approval of said department thereon. The department may after a public hearing require a town, person, district or water company to make such improvements relative to any existing treatment, works or system of water supply as in its judgment may be necessary for the protection of public health. In this section the term "drainage" means rainfall, surface and subsoil water only, and "sewage" means domestic and manufacturing filth and refuse.

Amended by St.1937, c. 340; St.1975, c. 706, § 167; St.1977, c. 526, § 2.

§ 18. Powers and duties of district health officer

Every district health officer shall inform himself respecting the sanitary condition of his district and concerning all influences dangerous to the public health or threatening to affect the same; he shall gather all information possible concerning the prevalence of tuberculosis and other diseases dangerous to the public health within his district, shall disseminate knowledge as to the best methods of preventing the spread of such diseases, and shall take such steps as, after consultation with the department and the local authorities, shall be deemed advisable for their eradication.

§ 19. Annual report of district health officer

Every such officer shall keep a record of his proceedings and observations, shall annually on or before December first make a report thereof to the department, shall from time to time furnish the department with such information as it may require of circumstances affecting the public health in his district, and shall in every instance where a written suggestion is made by him to the local authorities send a copy of such suggestion to said department.

§ 20. Inspection of correctional institutions; findings and recommendations; report

At least twice each year the department shall inspect each correctional institution, as defined in section one of chapter one hundred and twenty-five, and shall file a report of its findings and recommendations with respect to each such facility with the department of correction, the secretary of human services, the superintendent or administrator of each such facility, and the general court.

Amended by St.1947, c. 76; St.1972, c. 777, § 4.

§ 21. Rules for police stations, lockups, jails, prisons and reformatories

The department shall make rules for police station houses, lockups, houses of detention, jails, houses of correction, prisons and reformatories, regarding the care and use of drinking cups and of dishes used for food, the care and use of bedding, the ventilation of the buildings and minimum plumbing facilities for human habitation. Such rules may be general or applicable to a single building. A copy of such rules as are applicable to station houses, houses of detention or lockups shall be sent by the said department to the mayor of every city and to the selectmen of every town to which the rules apply; and a copy of such rules as are applicable to jails, houses of correction, prisons or reformatories shall be sent by the department to the proper authorities. Said officials shall enforce said rules.

Amended by St.1968, c. 274.

§ 22. Approval of plans for police station houses, houses of detention or lockups

No station house, house of detention or lockup shall be built until the department has approved in writing the plans, the provisions for lighting, heating and ventilation and for the disposal of sewage, and the dimensions and form of construction of the cells.

§ 23. Annual report of commissioner of environmental quality engineering; recommendations; prosecutions

The commissioner of environmental quality engineering shall make an annual report, including the results of the examination of main outlets of sewers and drainage of towns and the effect of sewage disposal, with such recommendations for the preservation of the interest of persons and property and for the prevention of offensive odors and objectionable conditions as he considers expedient, together with recommendations for the prevention of the pollution of waters used for ice or water supply and for the removal of polluting substances, in order to protect and develop the rights and property of the commonwealth therein and protect public health; and he may recommend any legislation or plans for systems of main sewers necessary for the preservation of the public health and for the purification and prevention of pollution of ponds, streams and inland waters of the commonwealth. The commissioner of environmental quality engineering shall include in his annual report the number of prosecutions by the department of environmental quality engineering and an itemized account of the money expended by it in enforcement actions.

Amended by St.1975, c. 706, §§ 168, 169.

§ 24. Publication of parts of annual report; manual of laws

The department may publish for general distribution such parts of its annual report to the general court and such other matter as it may deem adapted to promote the interests of the public health in the commonwealth. The department shall publish every five years for distribution among boards of health and other health agencies a manual of the laws relating to boards of health in the commonwealth, containing such information upon the same subject as it may deem expedient. The cost of any publications referred to in this section shall be paid out of the appropriation for the general expenses of the department.

Amended by St.1937, c. 365; St.1939, c. 234; St.1945, c. 292, § 10.

§ 24A. Reduction of morbidity and mortality; establishment of program; information and reports

The commissioner may authorize or cause to be made scientific studies and research which have for their purpose the reduction of morbidity and mortality within the commonwealth.

All information, records of interviews, written reports, statements, notes, memoranda, or other data procured in connection with such scientific studies and research conducted by the department, or by other persons, agencies or organizations so authorized by the commissioner shall be confidential and shall be used solely for the purposes of medical or scientific research.

The furnishing of such information to the department or to the authorized representative of such an authorized study or research project, shall not subject any person, hospital, sanitarium, rest home, nursing home or other person or agency furnishing such information, to any action for damages or other relief.

Such information, records, reports, statements, notes, memoranda, or other data shall not be admissible as evidence in any action of any kind in any court or before any other tribunal, board, agency or person. Such information, records, reports, statements, notes, memoranda, or other data shall not be exhibited nor their contents disclosed in any way, in whole or in part, by any officer or representative of the department, nor by any other person, except as may be necessary for the purpose of furthering the study or research project to which they relate. No person participating in such an authorized study or research project shall disclose, in any manner, the information so obtained except in strict conformity with such research project. Any person who discloses such information in violation of this section shall be punished by a fine of fifty dollars.

Added by St.1960, c. 624.

§ 24B. Birth information; statistical purposes

Upon the birth of any child the physician, administrator or other person in charge of a hospital shall forward to the commissioner any information which the said commissioner deems necessary for administrative, research and statistical purposes. The commissioner shall provide such forms as he shall prescribe which shall bear the caption "Confidential Information", and when such information is forwarded to the commissioner it shall not constitute a public record nor be available except as may be necessary for the foregoing purposes.

Added by St.1968, c. 358, § 3. Amended by St.1976, c. 486, § 18.

§ 24C. Pregnant women; medical assistance, counseling, etc.

The department shall, in cooperation with other appropriate state agencies, establish a program to encourage the providing of medical assistance, counseling and financial support to enable pregnant women to carry pregnancies to full term and delivery.

Added by St.1979, c. 268, § 11.

§ 25. Publication of certificate of examination or results of analyses

The department shall publish in each issue of its official departmental publication, and also, if in its opinion the public health can be served thereby, may publish in one or more newspapers in the commonwealth, a certificate of the examination or analysis made under its authority during the preceding months of any article of food manufactured or offered for sale in the commonwealth which is adulterated within the meaning of chapter ninety-four; and it shall also publish, with such certificate of examination, a statement of the trade mark, brand mark or name, with the name and place of business of the manufacturer, appearing upon the package or box containing such adulterated article, or with the name and place of business of the wholesale dealer of whom the goods were obtained.

§ 25A. Inventory of health care resources and related information; status as public record; reporting regulations; publication; inter-agency cooperation; contracts authorized

The department, in order to identify the location, distribution and nature of all health care resources in the commonwealth shall establish and maintain on a current basis an inventory of all such resources together with all other reasonably pertinent information concerning such resources. For purposes of this section, a health care resource shall include any resource, whether personal or institutional in nature and whether owned or operated by any person, the commonwealth or political subdivision thereof, the principal purpose of which is to provide, or facilitate the provision of, services for the prevention, detection, diagnosis or treatment of those physical and mental conditions experienced by humans which usually are the result of, or result in, disease, injury, deformity, or pain; and provided that the term "treatment" shall include custodial and rehabilitative care incident to infirmity, developmental disability or old age.

Such inventory and all related information shall be maintained in a form usable by the general public in a designated office of the department, shall constitute a public record, and shall be coordinated with information collected by the department under other provisions of law, federal and state census information, and other vital statistics from reliable sources; provided, however, that any item of information which is confidential or privileged in nature shall not be regarded as a public record under this section.

The department may require health care resources to provide information for the purposes of this section and may prescribe by regulation uniform reporting requirements. In prescribing such regulations the department shall strive to make any reports required under this section of mutual benefit to those providing as well as those using such information, and shall avoid placing any burdens on such providers which are not reasonably necessary to accomplish the purposes of this section.

The department shall publish analyses, reports and interpretations of information collected under this section in order to further public knowledge concerning the distribution and nature of health care resources in the commonwealth.

Agencies of the Commonwealth which collect cost or other data concerning health care resources shall cooperate with the department in coordinating such data with information collected under this section.

In the performance of its duties, the department, subject to appropriation, may enter into such contracts with agencies of the federal government, the Commonwealth or its political subdivisions, and public or private bodies, as it deems necessary; provided, however, that no information received under such a contract shall be published or relied upon for any purpose by the department unless the department has determined such information to be reasonably accurate by statistical sampling or other suitable techniques for measuring the reliability of information-gathering processes.

HEALTH CARE FACILITIES

§ 25B. Definitions

In this section and sections twenty-five C to twenty-five G, inclusive, the following words shall have the following meanings:

"Appropriate regional comprehensive health planning agency," the regional agency designated pursuant to the provisions of section three hundred and fourteen (*b*) the Federal Public Health Service Act,[1] which has geographical jurisdiction of the area served by a health care facility.

"Construction", construction of a new health care facility; the alteration of, expansion of, making of major repairs to, remodeling of, renovation of or replacement of an existing health care facility; the initial, additional or replacement equipping of any such facility; the acquisition of consulting, architectural, and engineering services, and of site, when such acquisition is directed toward an undertaking sufficiently specific to constitute part of the subject matter of an application for determination of need under section twenty-five C.

"Department", the department of public health; provided, however, that no member of the public health council who is an owner, in whole or in part, an officer or an employee of a health care facility, or who bears any other fiduciary relationship to such a facility, shall participate in any decision which would substantially affect the facility to which he is related.

"Health care facility", a hospital, institution for the care of unwed mothers or clinic, as defined in section fifty-two; a long-term care facility, which is an infirmary maintained in a town, a convalescent or nursing home, a rest home or a charitable home for the aged, as defined in section seventy-one; a clinical laboratory subject to licensing under chapter one hundred and eleven D, a public medical institution, which is any medical institution, and, after December first, nineteen hundred and seventy-two, any institution for the mentally ill or retarded, supported in whole or in part by public funds, staffed by professional, medical and nursing personnel and providing medical care, in accordance with standards established through licensing, approval or certification for participation in the programs administered under Titles 18 and 19 of the Federal Social Security Act,[2] by the department; and any part of such facilities; provided, however, that "health care facility" shall not include a facility operated by a religious group relying solely on spiritual means through prayer and healing and in which health care by or under the supervision of doctors of medicine, osteopathy, or dentistry is not provided.

"State comprehensive health planning agency", the agency designated pursuant to the provisions of section three hundred fourteen (*a*) of the Federal Public Health Service Act.[3]

"Substantial capital expenditure", the expenditure of a sum of money, including an expenditure for the lease of capital equipment at the purchase value of such equipment, for construction of a health care facility which exceeds, or may reasonably be regarded as leading to an expenditure for construction in excess of, one hundred and fifty thousand dollars for an undertaking sufficiently specific to constitute the subject matter of an application for determination of need under section twenty-five C.

"Substantial change in services", a change in kind, rather than degree, of service as further defined by the department; provided, however, that any increase in bed capacity of more than four beds shall be a substantial change in service; and, provided further, that any decrease in the level of service offered by a nursing, convalescent or rest home, and any change in service provided by a hospital to persons who are not admitted as inpatients, which does not involve a substantial capital expenditure shall not be subject to the provisions of sections twenty-five C to twenty-five G, inclusive.

§ 25C. Determination of need; exempt projects; policy; application; filing; fee; emergencies; procedural requisites; time limits; conditions; review

Notwithstanding any contrary provision of law, no person or agency of the commonwealth or any political subdivision thereof shall make substantial capital expenditures for construction of a health care facility or substantially change the services of such a facility unless there is a determination by the department that there is need therefor; provided, however, that no such determination shall be required whenever any such expenditure in excess of one hundred and fifty thousand dollars or any change in service (1) shall be essential to the conduct of research in the basic biomedical or health care delivery areas or to the training of health care personnel, (2) shall at no time result in any increase in the clinical bed capacity or outpatient load capacity of the facility, and (3) the cost of such expenditure or change shall cause no increase in the total patient care charges of the facility to the public for health care services, supplies, and accommodations, as such charges shall be defined from time to time in accordance with section five of chapter four hundred and nine of the acts of nineteen hundred and seventy-six. Any health care facility undertaking any such expenditure essential to the conduct of such research or training which shall exceed or may reasonably be regarded as likely to exceed one hundred and fifty thousand dollars, or any such change in service essential to the conduct of such research or training, shall give written notice thereof to the department and the rate setting commission at least twenty-one days before undertaking such expenditure or change in service; and any such expenditure or change of service made in violation of this section shall subject the facility to liability for a civil penalty of not more than one thousand dollars for each day of such violation assessable by the superior court in an appropriate action brought by the attorney general. Said statement shall assure that such expenditure or change (1) shall be essential to the conduct of research in the basic biomedical or health care delivery areas or to the training of health care personnel, (2) shall at no time result in any increase in the clinical bed capacity or outpatient load capacity of the facility, and (3) shall cause no increase in the total patient care charges, as defined in accordance with section five of chapter four hundred and nine of the acts of nineteen hundred and seventy-six, of the facility to the public for health care services, supplies and accommodations.

The department, in making any such determination, shall encourage appropriate allocation of private and public health care resources and the development of alternative or substitute methods of delivering health care services so that adequate health care services will be made reasonably available to every person within the commonwealth at the lowest reasonable aggregate cost.

Applications for such determination shall be filed with the department, together with such other forms and information as shall be prescribed by, or acceptable to, the department. A duplicate copy of such application, together with supporting documentation therefor, shall be a public record and kept on file in the department. The department may require a public hearing on any such application. A reasonable fee, established by the department, shall be paid upon the filing of such application; provided, that in no event shall such fee exceed one tenth of one per cent of the capital expenditures, if any, proposed by the applicant.

Except in the case of an emergency situation determined by the department as requiring immediate action to prevent further damage to the public health or to a health care facility, the department shall not act upon an application for such determination unless (*a*) the application has been on file with the department for at least thirty days, (*b*) the state and appropriate regional comprehensive health planning agencies and, in the case of long-term care facilities only, the department of elder affairs, have been provided copies of such application and supporting documents and given reasonable opportunity to comment thereon, and (*c*) a public hearing has been held thereon when requested by the applicant, the state or appropriate regional comprehensive health planning agency, or any ten taxpayers of the commonwealth. The department may establish filing periods for such applications; and in such event shall not act only upon an individual application filed during such a period when such action would implicitly decide any other application filed during such period.

The department shall so approve or disapprove in whole or in part each such application for a determination of need within eight months after filing with the department; provided that the department may, on one occasion only, delay such action for up to two months after the applicant has provided information which the department reasonably has requested during such eight month period. Applications remanded to the department by the health facilities appeals board pursuant to the provisions of section twenty-five E shall be acted upon by the department within the same time limits provided in this section for the department to approve or disapprove applications for a determination of need. Any application which has not been acted upon by the department within such time limits shall be deemed to have been approved.

Such determinations of need shall be based on the written record compiled by the department during its review of the application and on such criteria consistent with sections twenty-five B to twenty-five G, inclusive, as were in effect on the date of filing of the application. In compiling such record the department shall confine its requests for information from the applicant to matters which shall be within the normal capacity of the applicant to provide. In each case the action by the department on the application shall be in writing and shall set forth the reasons therefor; and every such action and the reasons therefor shall constitute a public record and be filed in the department.

The department shall stipulate the period during which a determination of need shall remain in effect, which in no event shall originally be longer than three years but which may be extended by the department for cause shown. Any such determination shall continue to be effective only upon the applicant (*a*) making reasonable progress toward completing the construction or substantial change in services for which need was determined to exist, (*b*) complying with all other provisions of law relating to the construction, licensure, and operation of health care facilities, and (*c*) complying with such further terms and conditions as the department reasonably shall require.

The department shall notify the secretary of elder affairs forthwith of the pendency of any proceeding, of any public hearing and of any action to be taken under this section on any application submitted by or on behalf of any long-term care facility.

Added by St.1972, c. 776, § 3. Amended by St.1973, c. 1168, §§ 20, 21; St.1977, c. 945, §§ 3, 4.

§ 25D. Financing; notice of intent; necessity of application for determination of need; acceptance of gifts; governmental bodies as applicant; report

Every person, at least thirty days prior to making a public solicitation of funds or otherwise securing financing for construction of a health care facility or a substantial change in the services of a facility, shall file written notice of his intent to do so with the department. In the case of a solicitation of funds from the general public, the department may require such person to file an application for a determination of need for such construction or substantial change in services and to postpone any such public solicitation of funds until such application has been acted upon by the department and such need has been found to exist; provided, however, that failure of the department to comment upon a notice of intent shall not be construed to constitute a determination that such need exists. Nothing in this section shall be construed to prohibit any person or agency subject to sections twenty-five C to twenty-five G, inclusive, from accepting gifts, and the provisions of this section shall not apply to any such solicitation or securing of financing where the undertaking to be funded is not sufficiently specific to constitute the subject matter of an application for determination of need under section twenty-five C.

Each agency of the commonwealth and its political subdivisions desiring to make substantial capital expenditure for construction of a health care facility or to substantially change the services of such a facility shall make application for determination of need therefor pursuant to section twenty-five C, and the department shall transmit a report of its determination thereon to the agencies empowered to recommend and to make appropriations of money for the applicant agency.

Added by St.1972, c. 776, § 3.

§ 25E. Administrative appeal; hearing; decision; judicial review

Any person or agency filing an application for determination of need or empowered to request a public hearing under the provisions of section twenty-five C, and aggrieved by the determination thereof may, within fourteen days after such determination, file an appeal to the health facilities appeals board established by section one hundred and sixty-six of chapter six. The appellant shall include with any such appeal a certificate stating that said appeal is not knowingly interposed for delay.

The board in considering any such appeal shall restrict itself to a review of materials on file with the department and to consideration of whether the determination appealed from was an abuse of discretion, without observance of procedure required by law or in violation of applicable provisions of law. In the event the board determines that the materials available to it are inadequate to allow the required consideration, it may order a hearing on the appeal. Such appeal shall be heard by the board or its designated hearing officer within thirty days after its filing. If the matter is heard by a hearing officer, such officer, within thirty days after hearing, shall submit a recommended decision, reasons therefor and a determination of each issue of fact or law incident to said recommended decision to the board. The board shall, within sixty days after filing of the appeal, issue a final decision, either denying the appeal, in which case said decision shall be subject to judicial review under the provisions of section fourteen of chapter thirty A to the extent they are not inconsistent with the provisions of this section, or order the matter remanded to the department for action consistent with the opinion of the board. All proceedings of the board shall be subject to the provisions of chapter thirty A to the extent they are not inconsistent with the provisions of this section.

Added by St.1972, c. 776, § 3.

§ 25F. Rules and regulations; effective date

The department and the health facilities appeals board are hereby authorized and directed to promulgate rules and regulations necessary for the implementation of sections twenty-five C to twenty-five G, inclusive; provided, however, that no new promulgated rule or regulation shall take effect before the thirtieth day next following the date which a copy of the rule or regulation shall have been filed with the joint committee on health care of the general court.

Added by St.1972, c. 776, § 3. Amended by St.1977, c. 945, § 5.

§ 25G. Enforcement; jurisdiction; effect of violations

The superior and supreme judicial courts shall have jurisdiction, upon request of the department, the appropriate regional comprehensive health planning agency, or of any ten taxpayers in the commonwealth to enforce the provisions of sections twenty-five C to twenty-five G, inclusive. Any violation of such provisions also shall constitute grounds for refusing to grant or renew, modifying or revoking the license of a health care facility or of any part thereof.

Added by St.1972, c. 776, § 3.

§ 25H. Unused medication; return by health care facilities

The commissioner by rules and regulations may provide that either a resident or consultant pharmacist in a health care facility may return to the pharmacy from which it was purchased any unused medication provided that such medication is sealed in unopened, individually packaged units and within the recommended period of shelf life, and provided that such medication is not a controlled substance as defined in chapter ninety-four C. Such rules and regulations shall permit the pharmacy to which such medication is returned to restock and redistribute such medication, and shall be required to reimburse or credit the purchaser for any such returned medication.

Added by St.1977, c. 339.

CITY AND TOWN BOARDS OF HEALTH

§ 26. Boards of health in cities; membership; appointment; removal; compensation

In each city, except as hereinafter provided, the board of health shall consist of three persons, one of whom shall be a physician. No one of them shall be a member of the city council. One member shall be appointed in January of each year for three years from the first Monday of the following February. Unless otherwise provided in the city charter, the members shall be appointed by the mayor, subject to confirmation by the board of aldermen, and may be removed by the mayor for cause, and vacancies shall be filled by appointment for the residue of the unexpired term. Members of the board shall receive such compensation as the city council may determine. Boards of health in towns shall be chosen as provided in chapter forty-one. This section shall not apply to any city in which a different type of organization is authorized by special legislative act or by the acceptance of sections twenty-six A to twenty-six E, inclusive.

Amended by St.1946, c. 268, § 1.

§ 26A. Health departments in cities; commissioners

A city, by accepting the provisions of this section and sections twenty-six B to twenty-six E, inclusive, by vote of the city council and approval of the mayor, and a town, by accepting the provisions of said sections by vote of the town, may create a health department to replace the board of health therein. Such health department shall consist of a commissioner of health who shall perform and exercise the duties and powers of a board of health, with the advice of an advisory council of health.

Added by St.1946, c. 268, § 2.

§ 26B. Commissioner of health in cities; appointment; removal; qualifications

In a city the mayor, with the approval of the city council, unless otherwise provided in the city charter, and in a town the board of selectmen, if authorized by a vote of the town, shall appoint, and may remove for cause, a commissioner of health who shall be a citizen of the United States who has been graduated from a medical school approved by the state authority for the approval of medical schools, and either shall be the holder of a degree of public health with at least two years' full-time experience in a responsible position in public health service, or shall have had four years' full-time experience in a responsible position in such service. He shall be eligible to be registered to practice medicine under the laws of the commonwealth. Said commissioner shall devote his entire time to the performance of his duties and the supervision of the employees of the department. He shall be appointed in January for a period of five years beginning the first Monday of the following February, and until the qualification of his successor. Any vacancy in office shall be filled for the balance of the unexpired term in the same manner as the original appointment. His salary shall be such as the city council or selectmen may determine.

Added by St.1946, c. 268, § 2.

§ 26C. Advisory council of health in cities; members; qualifications; appointment; terms; removal; compensations; meetings; function

The advisory council of health shall consist of nine persons, two of whom shall be registered physicians and five of whom shall be nonprofessionals. For the purposes of this section "nonprofessionals" shall mean a person whose background and experience indicate that he is qualified to act in the broad public interest. Such person, his spouse, parents, siblings or children shall not be employed by a health care facility, by a nonprofit service corporation established in accordance with chapters one hundred seventy-six A to one hundred seventy-six E, inclusive, nor by a corporation authorized to insure the health of individuals. Such person or his spouse shall not be licensed to practice medicine. No member of said council shall be a member of the city council. The members of said council first appointed hereunder shall be appointed as follows:—three members to serve for one year, three members to serve for two years, and three members to serve for three years, from the first Monday of the following February, and until the qualification of their respective successors, and thereafter three members shall be appointed in January of each year for three years from the first Monday of the following February, and until the qualification of their respective successors. In a city, unless a different mode of appointment or election is provided in the city charter, the members shall be appointed by the mayor, subject to confirmation by the city council, and in a town the members shall be appointed by the board of selectmen. Members may be removed in the same manner, for cause, and vacancies shall be filled in the same manner, by appointment for the remainder of the unexpired term. Members of the advisory council of health shall be compensated at ten dollars a day while on duty plus expenses incurred in line of duty. Said council shall meet quarterly and additional meetings may be held at any time at the call of the commissioner of health who shall act as chairman of said council. The advisory council of health shall advise and assist the commissioner of health.

Added by St.1946, c. 268, § 2. Amended by St.1973, c. 204, § 1.

§ 26D. Abolition of boards of health in cities and towns upon qualification of commissioner

Upon the qualification of the commissioner of health first appointed under section twenty-six B, the terms of the then existing members of the board of health of the city or town shall terminate and said offices shall thereupon be abolished.

Added by St.1946, c. 268, § 2.

§ 26E. Rules and regulations for departments of health; assistants and clerks

Every such commissioner of health shall make rules and regulations for the department of health, its officers, agents and assistants. He may appoint such necessary assistants and clerks as may be required to execute the health laws and regulations of the department. They shall devote their entire time to the performance of their duties unless specifically employed on a part-time basis.

Added by St.1946, c. 268, § 2.

§ 27. Organization of boards; appointment of physician and clerk; compensation

Every such board shall organize annually by the choice of one of its number as chairman. It may make rules and regulations for its own government and for the government of its officers, agents and assistants. It may appoint a physician to the board, who shall hold his office during its pleasure, may choose a clerk, who in a city shall not be a member of the board, and may employ the necessary officers, agents and assistants to execute the health laws and its regulations. It may fix the salary or other compensation of such physician and its clerk and other agents and assistants.

§ 27A. Appointment of health officer by two or more towns; duties; compensation; joint committee

Two or more towns may, by vote of each, form a district for the purpose of employing therein a health officer and necessary assistants and clerks, all of whom shall be appointed and may be removed by a joint committee composed of the boards of health of said towns. Persons so employed shall perform such duties and receive such compensation as said joint committee shall determine and, in so far as their duties in a given town are concerned, shall be the employees of and responsible to the regularly constituted board of health of said town. Said joint committee shall annually elect a chairman and a secretary and shall determine the relative amount of service to be performed in each town of the district by persons employed hereunder. The treasurer of one of the towns of the district designated by the joint committee shall be treasurer of the district and shall give to the district a bond with a surety company authorized to transact business in the commonwealth as surety, for the faithful performance of his duties as treasurer of the district, in such sum and upon such conditions as the joint committee may require. Said joint committee, annually in the month of December, shall estimate the amount of money required to pay the costs and expenses of the district for the following year, shall fix and determine the proportion of such costs and expenses to be paid by the respective towns thereof during such year and shall certify the amount so determined for each such town to the assessors thereof who shall include the same in the tax levy of such year. Upon order of the board of health of each such town, the town treasurer thereof shall, from time to time, subject to the provisions of section fifty-two of chapter forty-one, pay to the district treasurer such sums not exceeding the amount certified by the joint committee as the town's share of the costs and expenses of the district. The district treasurer shall disburse the money so received, upon warrants approved by the health officer. Any constituent town may, by vote passed prior to December first in any year, withdraw from the district, such withdrawal to become effective on January first following. This section shall not apply in the county of Barnstable nor shall it authorize any city to join in forming such a district.

Amended by St.1932, c. 209; St.1963, c. 145.

§ 27B. Regional health districts; regional board of health; powers and duties; administration; organization; management; accounts; rules and regulations

Two or more municipalities may, in a city having a Plan E charter by the affirmative vote of a majority of all members of the city council, in other cities by vote of the city council and approval of the mayor, and by vote of a town at a regular annual town meeting, form a regional health district which shall consist of a regional board of health, a director of health and his staff. The regional health district shall have all the powers and shall perform all the duties conferred upon, or exercised by, the boards of health and health departments of the constituent municipalities under any law or ordinance pertaining thereto, except in so far as the regional health district may by majority vote delegate certain powers and duties to the constituent municipalities.

The regional health district, hereinafter referred to as the district, shall be administered by a full-time director of health, who shall be either (*a*) a physician, graduated from an approved school of medicine and registered or eligible for registration to practice medicine in the commonwealth, with one year of full-time graduate public health academic training or two years of full-time experience, and not engaged in private practice while serving as director of health; or (*b*) a lay person with professional academic training equivalent to a bachelor's degree and with five years of satisfactory full-time experience in generalized public health programs, or a lay person with ten years of full-time satisfactory administrative experience and supervision of generalized public health programs. When a lay health officer is employed, there shall be employed a registered physician to perform such medical functions as are required.

The regional board of health, hereinafter referred to as the board, shall be comprised of at least one representative from each constituent municipality. Each constituent municipality having a population greater than ten thousand shall have one additional representative to the board for every population unit of ten thousand or major fraction thereof beyond the first ten thousand. In no instance shall there be more than five representatives from a single municipality on a board. Towns shall at a town meeting select, or change the method of selecting, their representative or representatives by any of the following methods:—(*a*) by appointment of the board of health, (*b*) by appointment of the selectmen, (*c*) by vote at the annual town meeting, or (*d*) by any other method decided at the annual town meeting. In cities such representatives shall be appointed by the mayor with the approval of the city council, or in cities having Plan E charters by the city manager, unless a definite mode of appointment is otherwise provided by the city charter. When the district includes one or more entire counties, the county commissioners of each entire county shall appoint an additional representative to the board. Each representative shall serve for a period of three years, excepting that at its initial organization the board shall decide the term of years for the first representatives who shall be elected or appointed to the board, so that thereafter approximately one third of the representatives will be elected or appointed each year. Said representatives shall serve without compensation, but shall receive their necessary traveling expenses from the board while in the performance of their official duties. Representatives to the board may be re-elected or reappointed for a maximum of two terms. The board shall meet annually and at such other times as it shall determine by its rules or when requested by the chairman of the board or the director of health.

Any constituent municipality may, by vote passed prior to July first in any year, withdraw from the district, such withdrawal becoming effective January first following; provided, that the municipality shall have been a member of the district for at least five years.

The board shall select a treasurer, who may be the treasurer of one of the constituent municipalities, to act as treasurer for the district. For the faithful performance of his duties, said treasurer shall give bond, with a surety company authorized to transact business in the commonwealth, in such sums and upon such conditions as the board may require. Said board, annually in the month of December, shall (*a*) estimate the amount of money required to pay the cost and expense of the district for the following year, (*b*) fix and determine by a majority vote the proportion of such costs and expenses to be paid by the individual municipalities thereof during such year, and (*c*) certify the amount so determined for each municipality to the assessors thereof, who shall include same in the tax levies of each year, and each municipality shall appropriate such sum for the district. In apportioning the costs, the board by a majority vote may use any of the following formulae as a basis for their apportionment:—(*a*) valuation according to the latest state valuation, establishing the basis of apportionment of state and county taxes, (*b*) population as determined by the most recent estimate by the secretary of the commonwealth, exclusive of universities and federal, state and county institutions, (*c*) a combined formula of valuation according to the latest state valuation and population as determined by the most recent estimate by the secretary of the commonwealth, exclusive of universities and federal, state and county institutions, or (*d*) any other method decided by majority vote of the board. Upon order of the board, the treasurer of each constituent municipality thereof shall from time to time, subject to the provisions of section fifty-two of chapter forty-one, pay to the treasurer of the district the amount certified by the board as the municipality's share of the cost and expenses of the district. The treasurer of the district shall disburse the money so received upon warrant approved by the director of health and signed by the chairman or vice-chairman of the board. The accounts of each district shall be audited annually by the bureau of accounts of the department of corporations and taxation, under the provisions of sections thirty-five, forty and forty-one of chapter forty-four.

The board shall appoint, and may reappoint, for a term of five years, a director of health, hereinafter referred to as the director, as provided in this section. The board may remove the director for cause after proper notice and a public hearing. The director shall serve as secretary of the board, but shall have no vote. He shall be the executive and administrative head of the district, and may, with the approval of the board, designate one or more deputies and may appoint and employ, with like approval, such assistants as may be provided for in the budget. The director shall prepare and present annually to the board a report and a budget for its approval, together with such recommendations as he may deem proper. The board shall make and promulgate reasonable rules and regulations, for which notice and public hearing shall be given in the same manner and extent as required by the provisions of section thirty-seven of chapter thirty and section two of chapter thirty A. The board shall also (*a*) take evidence in appeals, (*b*) consider plans and appointments required by law, (*c*) hold hearings, and (*d*) discharge other duties required by law; but it shall have no administrative or executive functions. The board may delegate the holding of hearings to the director or his deputies. The board may elect an executive committee consisting of its chairman, vice-chairman, secretary and such other members as its rules may determine. Said executive committee shall have the authority to act for the board when the board is not in session.

All full-time incumbents of any office or position brought under the district at the time of its formation shall be transferred thereto without loss of civil service, retirement or other rights. All positions and offices of the district, including the director, but excluding representatives to the board, shall be subject to the provisions of chapter thirty-two, and all such included offices and positions shall be placed in the county retirement system of the county which has the majority of the population of the area served by the district at the time of its organization. Ninety days after the organizational meeting of the board, all district positions and offices, except the director and the representatives to the board, not under the provisions of chapter thirty-one at the time of the formation of the regional board of health, shall be placed within the civil service in the manner provided by chapter thirty-one and the rules and regulations promulgated thereunder, and all positions and offices subsequently established by the board shall be subject to the provisions of said chapter thirty-one and the rules and regulations thereof, unless the board by a majority vote within ninety days after its organizational meeting votes not to extend the provisions of said chapter to any or all of such eligible positions and offices. At any time after such a vote to exclude, however, the board by a majority vote may bring within the provisions of chapter thirty-one, in the manner set forth therein, any or all positions and offices, except the director and the representatives to the board, which were excluded but which are still subject to the jurisdiction of the board. The wages and salaries of all offices and positions, including those subject to chapter thirty-one, shall be determined by the board.

§ 27C. Regional health districts; reimbursement; qualification; statement

Each regional health district established under the provisions of section twenty-seven B shall be entitled to reimbursement from the commonwealth, to an amount not exceeding in the aggregate fifty cents per inhabitant of the constituent cities and towns, as determined by the last state or federal census, for expenditures incurred by it for initial capital outlays, including in such term the acquisition, construction, improvement or renovation of any buildings or premises for the use of the district and any original furnishings and equipment therefor, but excluding the costs of supplies, salaries and other expenses for the ordinary maintenance and operation of such district. In order to qualify for such reimbursement a regional board of health shall, before incurring any expenses reimbursable under this section, submit to the commissioner of public health an itemized statement of all proposed expenditures for such purposes. The commissioner shall examine such statement and shall notify said board to what extent, in his opinion, the proposed expenditures are reasonably necessary for the purposes of the regional health district and reimbursable hereunder, and the probable amount of reimbursement therefor. Within three months after the date of final payment for such capital outlays the said board shall submit to the commissioner a certified statement of its actual expenditures for such purposes. The commissioner shall, if he is satisfied that the expenditures so certified are reimbursable and not unreasonable or excessive, certify to the comptroller and the treasurer shall forthwith pay to such regional health district, from any amounts appropriated therefor, the amount of such approved reimbursement.

Added by St.1953, c. 600, § 1.

§ 28. Annual reports

In each city such board shall annually in January make a full and comprehensive report to the city council of its acts during the preceding year and of the sanitary condition of the city. It shall also, if the city council or the standing committee on finance thereof so requires, send to the city auditor a detailed estimate of the appropriation required by its department for the next financial year.

§ 29. Weekly reports of deaths from diseases dangerous to public health

Boards of health shall send to the department every week, upon forms to be prescribed by it, a report of deaths in their towns for the week ending Saturday noon, from all diseases declared by the department to be dangerous to the public health.

§ 30. Agents; appointment; inspections

Boards of health may appoint agents or directors of public health to act for them in cases of emergency or if they cannot conveniently assemble, and any such agent or director shall have all the authority which the board appointing him had; but he shall in each case within two days report his action to the board for its approval, and shall be directly responsible to it and under its direction and control. An agent or director of public health appointed to make sanitary inspections may make complaint of violations of any law, ordinance or bylaw relative to the public health.

Amended by St.1961, c. 55.

§ 31. Health regulations; publication; violation

Boards of health may make reasonable health regulations. All regulations made by boards of health under this chapter shall be published once in a newspaper published in the town, and such publication shall be notice to all persons. Whoever, himself or by his servant or agent, or as the servant or agent of any other person or any firm or corporation, violates any reasonable health regulation, made under authority of this section, for which no penalty by way of fine or imprisonment, or both, is provided by law, shall be punished by a fine of not more than twenty dollars.

Amended by St.1937, c. 285.

§ 31A. Permit for removal or transportation of garbage; application; approval

No person shall remove or transport garbage, offal or other offensive substances through the streets of any city or town without first obtaining a permit from the board of health of such city or town. An application for such permit shall be in such form and contain such information, on oath, as such board shall require. All such permits shall expire at the end of the calendar year in which they are issued, but may be renewed annually on application as herein provided. No permit shall be transferred except with the approval of the said board.

Notwithstanding the foregoing provisions, any person may, without such a permit, transport garbage, offal or other offensive substances through the streets of a city or town in which said substances were not collected; provided, that he registers with the board of health of such city or town; and, provided further, that he transports said substances in accordance with such reasonable rules and regulations as may be established by such board of health.

Amended by St.1937, c. 282; St.1945, c. 423.

§ 31B. Rules and regulations for removal of garbage; penalty

Boards of health shall, from time to time, make rules and regulations for the control of the removal, transportation or disposal of garbage, offal or other offensive substances. Whoever violates any provision of section thirty-one A, or of any rule or regulation made thereunder, shall be punished by a fine of not more than fifty dollars.

Added by St.1937, c. 282.

§ 31C. Atmospheric pollution; regulation and control; publication; hearings; penalties; enforcement; jurisdiction; injunction

A board of health, or other legal authority constituted for such purpose by vote of the town or city council shall have jurisdiction to regulate and control atmospheric pollution, including, but not limited to, the emission of smoke, particulate matter, soot, cinders, ashes, toxic and radioactive substances, fumes, vapors, gases, industrial odors and dusts as may arise within its bounds and which constitutes a nuisance, a danger to the public health, or impair the public comfort and convenience.

Said board of health or other legal authority, subject to the approval of the department of environmental quality engineering, in this section called the department, may from time to time adopt reasonable rules and regulations for the control of atmospheric pollution. Before the board of health or other legal authority submits such rules and regulations to the department for approval, such board or other legal authority shall hold a public hearing thereon, of which notice shall be given by publication for one day in each of two successive weeks in a newspaper published in the town, the first publication to be at least fourteen days prior to the date of the hearing, or if no newspaper is published in such town, by posting a copy of such notice in a public place therein. Said rules and regulations, when approved by the department, and after publication in a newspaper published in the town, or, if no newspaper is published in such town, after posting a copy in a public place, shall have the force of law.

The department shall advise the board or other legal authority in all matters of atmospheric pollution. The department may, upon request of the board of health or other legal authority of a town adversely affected by atmospheric pollution arising in another town, after a hearing to all parties interested, assume joint jurisdiction to regulate or control such cause of atmospheric pollution and may exercise all powers of the local board of health or other legal authority under provisions of the General Laws or any special laws.

Whoever violates any order, rule or regulation promulgated or adopted under the provisions of this section shall be punished, for the first offence, by a fine of not less than fifty dollars nor more than one hundred dollars and for a subsequent offence, by a fine of not less than two hundred dollars nor more than five hundred dollars. For the purpose of this paragraph each day or part thereof of violation of such an order, rule or regulation whether such violation be continuous or intermittent, shall be construed as a separate and succeeding offence.

Rules and regulations promulgated or adopted under the provisions of this section shall be enforced by said board of health or other legal authority either of which may delegate the power to enforce specific regulations to other agencies or departments of the same city or town. The superior court shall have jurisdiction in equity to enforce such rules and regulations and may restrain by injunction any violation thereof.

Added by St.1954, c. 672, § 4. Amended by St.1963, c. 483; St.1970, c. 841, §§ 1 to 3; St.1975, c. 706, § 170.

§ 31D. Privy, cesspool and septic tank contents; disposal; investigation of facilities; joint action

Cities, towns and sewerage districts may, subject to the approval of the department of environmental quality engineering, provide facilities for the receipt and disposal of privy, cesspool and septic tank contents collected for hire by private persons and may establish such charges for the use of such facilities as may be necessary for defraying the cost of construction, operating and maintaining the same.

The commissioner of environmental quality engineering may investigate facilities for the receipt and disposal of privy, cesspool and septic tank contents in cities, towns and sewerage districts. If in his opinion he determines such facilities are inadequate for proper disposal of such contents, he may recommend necessary action for the protection of the public. If after a reasonable time, the city, town or sewerage district fails to act upon his recommendation in a manner satisfactory to him, upon an order issued by the department of environmental quality engineering, a city, town or sewerage district shall provide facilities for the receipt and disposal of privy, cesspool and septic tank contents collected for hire by private persons. The city, town or sewerage district may establish such charges for the use of such facilities as may be necessary for defraying the cost of constructing, operating and maintaining the same.

Nothing in this section shall prevent a city, town or sewerage district, or a combination of cities and towns or cities, towns and a sewerage district from acting jointly in carrying out the provisions of this section.

Added by St.1967, c. 455. Amended by St.1969, c. 795; St.1975, c. 706, §§ 171 to 173; St.1979, c. 131.

§ 32. Retention of cases by board of health

A board of health shall retain charge of any case arising under this chapter in which it has acted.

Amended by St.1974, c. 260, § 4.

SANITARY STATIONS

§ 33. Construction and maintenance of sanitary stations

In every city, and in every town having a population of over ten thousand, when, in the opinion of the board of health, public necessity requires it, there shall be established and maintained by the town in some convenient places, at or near the business centre, one or more sanitary stations, with separate water closets for the use of each sex. Their number and location shall be determined by the board of health.

BAKERIES

§§ 34 to 49. Repealed by St.1937, c. 362, § 6

HOSPITALS, CLINICS AND DISPENSARIES

§ 50. Establishment and maintenance of dental, medical and health clinics; appropriations

Towns may establish and maintain dental, medical and health clinics, and in connection therewith may conduct campaigns of general education relative to matters of public health. Acting through their respective boards of health, they may unite and co-operate for the foregoing purposes and may provide for the maintenance of clinics as aforesaid in one or more of the towns so uniting.

All appropriations made for the purposes of this section shall be expended under the direction of the local board of health, and clinics established hereunder shall be conducted subject to such rules and regulations as said board may establish.

§ 51. Hospitals, institutions for unwed mothers or clinics; licensing

The department shall issue for a term of two years, and shall renew for like terms, a license, subject to revocation by it for cause, to any person whom it deems responsible and suitable to establish or maintain a hospital, an institution for the care of unwed mothers or a clinic, which meets the requirements of the department established in accordance with its rules and regulations. In the case of the transfer of ownership of a hospital, an institution for the care of unwed mothers or a clinic, the application of the new owner for a license, when filed with the department on the date of transfer of ownership, shall have the effect of a license for a period of three months. If a license has not been issued by the department upon the expiration of said three months period, all the patients shall be transferred or discharged from such hospital or such institution for unwed mothers, and the hospital, institution for unwed mothers, or clinic, as the case may be, shall cease operating.

No original license shall be issued to establish or maintain a hospital, an institution for the care of unwed mothers or a clinic, unless there is determination by the department that there is need for such a facility at the designated location.

No original license shall be issued to establish a hospital, except a college and school infirmary, unless it complies with the construction standards of the state building code, is of at least type 1–B fireproof construction, and shall have been constructed for the purpose.

In the case of new construction of a hospital, an institution for unwed mothers or a clinic, or in the case of alterations or additions to an existing hospital, an institution for unwed mothers or a clinic, preliminary architectural plans and final architectural plans and specifications shall be submitted to the division of hospital facilities of the department. Written approval of the final architectural plans and specifications shall be obtained from said division prior to said new construction or alterations or additions.

No original license shall be issued nor shall a license be renewed hereunder unless there shall be first submitted to the department by the authorities in charge of the hospital, the institution for unwed mothers or the clinic, with respect to each building occupied by patients, (1) a certificate of inspection of the egresses, the means of preventing the spread of fire and the apparatus for extinguishing fire, issued by an inspector of the division of inspection of the department of public safety, and (2) a certificate of inspection issued by the head of the local fire department certifying compliance with the local ordinances.

Any applicant for an original or renewal license who is aggrieved by a written disapproval of a certificate of inspection by the head of the local fire department or by the division of inspection of the department of public safety, may, within thirty days from such disapproval, appeal in writing, to the department of public safety. Failure to either approve or disapprove within thirty days, after a written request by an applicant, shall be deemed a disapproval.

If the department of public safety approves the issuance of a certificate of inspection, it shall forthwith be issued by the agency that failed to approve. If said department disapproves, the applicant may appeal therefrom to the superior court. Failure of the department of public safety to either approve or disapprove the issuance of a certificate of inspection within thirty days after receipt of an appeal shall be deemed a disapproval. No original license shall be issued and no license shall be renewed by the department of public health until issuance of an approved certificate of inspection, as required in this section.

Upon a written request by an applicant who is aggrieved by the revocation of a license or the refusal of the department to renew a license, the commissioner and the council shall hold a public hearing, after due notice, and thereafter they may modify, affirm or reverse the action of the department. In no case shall the revocation of such a license take effect in less than thirty days after written notification by the department to the hospital, the institution for unwed mothers or the clinic. There shall be no new admissions to such hospital, an institution for unwed mothers or a clinic during the thirty day period herein referred to; and upon the expiration of said thirty days all the patients shall be transferred or discharged therefrom and the hospital or the institution for unwed mothers or the clinic shall cease operating.

The fee for the issue or renewal of each license in the case of a hospital or an institution for unwed mothers shall be fifty dollars, and in the case of a clinic shall be ten dollars for corporations organized under chapter one hundred and eighty, or unincorporated, nonprofit associations; and in the case of all other clinics, the fee shall be twenty-five dollars. The license shall not be transferable and shall be issued only for the premises described in the application.

Amended by St.1943, c. 16, § 1; St.1967, c. 891, § 1; St.1977, c. 868, § 1.

§ 51A. Out-of-hospital dialysis units; licensing

The department shall establish rules and regulations for the licensing of out-of-hospital dialysis units not operated as a part of a hospital licensed under this chapter. The department shall issue for a term of two years and renew for a like term, a license to maintain an out-of-hospital dialysis unit to any person whom it deems responsible and suitable to establish and maintain such a unit; provided, that said person presents evidence satisfactory to the department that said person has and maintains a written agreement with a hospital licensed under this section which maintains a chronic dialysis unit for supportive services deemed necessary by the department through regulation. Any license so granted shall be deemed an original license. Said licenses shall be subject to suspension, revocation, or refusal to renew for cause, subject to the provisions of this section. The fee for issue or renewal of said license shall be twenty-five dollars.

Added by St.1973, c. 1186, § 2.

§ 51B. Pregnancy clinics

Local boards of health, hospitals, dispensaries or other agencies may establish and maintain clinics or other services for pregnant girls and women for the purpose of carrying pregnancies to full term and delivery. For the purpose of this section, such other services may include medical treatment for such pregnant persons and, their unborn or newborn children, and reasonable transportation costs to and from the place where such treatment is given, subject to the rules and regulations which the department may from time to time establish.

Added by St.1978, c. 202.

§ 52. Definitions applicable to sections 51 to 56, inclusive

In sections fifty-one to fifty-six, inclusive, the following words shall have the following meanings:

"Hospital", any institution, however named, whether conducted for charity or for profit, which is advertised, announced, established or maintained for the purpose of caring for persons admitted thereto for diagnosis, medical, surgical or restorative treatment which is rendered within said institution.

"Institution for unwed mothers", any institution or place, however named, whether conducted for charity or profit which is advertised, announced, established or maintained for the purpose of caring for one or more unwed mothers admitted thereto, on a resident basis, for prenatal care, supervision and short-term postnatal care.

"Clinic", any entity, however organized, whether conducted for profit or not for profit, which is advertised, announced, established, or maintained for the purpose of providing ambulatory medical, surgical, dental, physical rehabilitation, or mental health services. In addition, "clinic" shall include any entity, however organized, whether conducted for profit or not for profit, which is advertised, announced, established, or maintained under a name which includes the word "clinic", "dispensary", or "institute", and which suggests that ambulatory medical, surgical, dental, physical rehabilitation, or mental health services are rendered therein. With respect to any entity which is not advertised, announced, established, or maintained under one of the names in the preceding sentence, "clinic" shall not include a medical office building, or one or more practitioners engaged in a solo or group practice, whether conducted for profit or not for profit, and however organized, so long as such practice is wholly owned and controlled by one or more of the practitioners so associated, or, in the case of a not for profit organization, its only members are one or more of the practitioners so associated or a clinic established solely to provide service to employees or students of such corporation or institution. No matter how the clinic is named, "clinic" shall not include a clinic conducted by a hospital licensed under section fifty-one or by the federal government, the commonwealth, or a local health department.

"Original license", a license issued to a hospital, institution for unwed mothers or clinic, not previously licensed; or a license issued to an existing hospital, institution for unwed mothers or clinic, in which there has been a change in ownership or location.

"Out-of-hospital dialysis unit", a unit, however named, maintained separately from a hospital or a license issued thereto, whether conducted for charity or for profit, for the purpose of providing dialysis treatment to persons suffering from renal disease. It shall not include a dialysis unit maintained as part of a hospital.

"Practitioner", any individual who may diagnose and treat medical, surgical, dental, physical rehabilitation, or mental health problems without limitation within the confines of his profession.

Amended by St.1967, c. 891, § 2; St.1973, c. 1186, § 3; St.1979, c. 674, §§ 1, 2.

§ 53. Classification of hospitals; rules and regulations; inspections

The department shall classify all hospitals. The department shall, after a public hearing, promulgate rules and regulations for the conduct of hospitals and clinics. Such rules and regulations shall include requirements for diagnostic and therapeutic facilities for the study, diagnosis, treatment and care of patients, and the keeping of proper medical records. The department shall, after a public hearing, promulgate rules and regulations for the conduct of institutions for unwed mothers. Such rules and regulations shall include requirements for the care and supervision of unwed mothers, and the keeping of proper medical records. The department shall promulgate rules and regulations for the conduct of out-of-hospital dialysis units, which rules and regulations shall include requirements for the care and treatment of patients, the keeping of proper medical records, provisions for the referral of patients to the unit, provisions for the referral of patients to other modes of treatment, including kidney transplant and home dialysis and provisions of in-hospital and other supportive services as deemed necessary by the department through regulation. The department or its agents may visit and inspect at any time any institution, entity, or unit subject to licensure under section fifty-one.

Amended by St.1943, c. 16, § 2; St.1967, c. 891, § 3; St.1973, c. 1186, § 4; St. 1979, c. 674, § 3.

§ 53A. Hospitals and in-patient clinics to offer and perform "Pap tests"

Every hospital and in-patient clinic licensed by the department or financially supported in whole or in part by the commonwealth or any political subdivision thereof shall offer to administer to any female, eighteen years of age and older, admitted as a patient to said hospital or clinic a Papanicolaou's Stain or Pap test, so-called, provided said female shall pay the cost of such test.

Added by St.1977, c. 359.

§ 54. Audit of medical records

The department shall, when deemed necessary, but not more than once in each year, order an audit of the medical records required to be kept by a hospital, institution for unwed mothers, out-of-hospital dialysis units or a clinic under the provisions of section fifty-three. Such audit shall be made by persons designated by the department, shall be conducted under the direction of the department and be made entirely at the expense of such hospital, institution for unwed mothers, out-of-hospital dialysis units or clinic, as the case may be.

Amended by St.1943, c. 16, § 3; St.1967, c. 891, § 4; St.1973, c. 1186, § 5.

§ 55. Advisory council

There shall be an advisory council on the licensing of hospitals, hospital surveys and construction planning, consisting of the commissioners of public health, mental health and public welfare, ex officiis, and twelve persons, who shall include representatives of nongovernmental organizations or groups, of agencies of the commonwealth concerned with the operation, construction or utilization of hospitals, and of consumers of hospital services selected from persons familiar with the need of such services in urban or rural areas, to be appointed by the governor. As the term of office of an appointive member expires, his successor shall be appointed by the governor, in like manner, for a term of four years. No member shall be reappointed for more than two years. The commissioner of public health shall be the chairman of the council. Members of said council shall serve without compensation but each member shall be paid by the commonwealth the traveling expenses necessarily incurred by him in connection with the performance of his official duties.

Said advisory council shall in order to carry out the Hospital and Medical Facilities Amendments of 1964 (P.L. 88–443),[1] and any other applicable federal law, consult with and advise the department in any matter relative to surveying the need for hospitals and to developing a program for constructing the same.

Amended by St.1967, c. 891, § 5.

[1] 42 U.S.C.A. § 291 et seq.

§ 56. Penalties; enforcement of sections fifty-one to fifty-six

Whoever advertises, announces, establishes or maintains, or is concerned in establishing or maintaining a hospital, an institution for unwed mothers or a clinic, without a license granted under section fifty-one, or whoever being licensed under said section violates any provision of section fifty-one to fifty-three, inclusive, shall, for a first offense, be punished by a fine of not more than five hundred dollars, and for a subsequent offense by a fine of not more than one thousand dollars or by imprisonment for not more than two years. A separate and distinct offense shall be deemed to have been committed on every day during which any violation continues after written notice thereof by the department to the authority in charge of the hospital, the institution for unwed mothers or the clinic concerned. The commissioner shall report to the attorney general any violation of sections fifty-one to fifty-six, inclusive.

The supreme judicial or superior court shall have jurisdiction upon the filing of a civil complaint by the department to restrain and enjoin any violation of sections fifty-one to fifty-six, inclusive, or any regulations promulgated thereunder, and to take such other action as equity and justice may require to enfore them.

Amended by St.1967, c. 891, § 6; St.1979, c. 674, § 4.

§ 57. Establishment and maintenance of tuberculosis dispensaries; rules and regulations; inspection

Every city having a population of fifty thousand or more, as determined by the last national census, shall establish and maintain within its limits a dispensary for the discovery, treatment and supervision of needy persons resident within its limits and afflicted with tuberculosis, unless there already exists in such city a dispensary satisfactory to the department. Every city having a population of less than fifty thousand, as determined as aforesaid, and every town may, and at the request of the department shall, establish and maintain a similar dispensary. Such dispensaries shall be subject to the regulation of the boards of health of the cities and towns where they are respectively situated, and shall be inspected by and be satisfactory to the department. A city or town which, upon the request of the department, refuses or neglects to comply with the provisions hereof shall forfeit not more than five hundred dollars.

§ 57A. Establishment and maintenance of cancer clinics

The department, with or without the cooperation of local boards of health, hospitals, dispensaries or other agencies, shall establish and maintain cancer clinics in such parts of the commonwealth as it may deem most advantageous to the public health, and may otherwise provide services and treatment for cancer, subject to such rules and regulations as the department may from time to time establish. For the purposes of this section, "providing treatment" shall include providing transportation, or the reasonable cost of such transportation, to and from the place where treatment is given whenever the patient is not able to pay for such transportation.

Added by St.1943, c. 436, § 1.

§ 57B. Establishment and maintenance of muscular dystrophy clinics

The department, with or without the co-operation of local boards of health, hospitals, dispensaries or other agencies, shall establish and maintain muscular dystrophy clinics in such parts of the commonwealth as it may deem most advantageous to the public health, and may otherwise provide services and treatment for muscular dystrophy and other similar diseases, subject to such rules and regulations as the department may from time to time establish. For the purposes of this section, "providing treatment" shall include providing transportation, or the reasonable cost of such transportation, to and from the place where treatment is given whenever the patient is not able to pay for such transportation.

Added by St.1953, c. 382.

§ 57C. Establishment and maintenance of clinics for the aging

The department, with the co-operation of local boards of health, hospitals, dispensaries or other agencies shall establish and maintain clinics for the aging in such parts of the commonwealth as it may deem most advantageous to the public health and may otherwise provide services and treatment for aging citizens subject to such rules and regulations as the department may from time to time establish. For the purposes of this section, "services and treatment" shall include transportation, or the reasonable cost of such transportation, to and from the place where treatment is given whenever the patient is not able to pay for such transportation.

§§ 58 to 62. Repealed by St.1972, c. 785, § 4

CHILDREN'S HEALTH CAMPS

§ 62A. Establishment of children's health camps in cities and towns

In each city and town which accepts this and the six following sections, in a city by vote of its city council subject to the provisions of its charter, or in a town by vote of its inhabitants, there shall, except as provided by section sixty-two F, be established, without unreasonable delay, one or more children's health camps for the care and treatment of children of school age in said city or town who upon examination are found to be in need of such care and treatment, but no child shall be given care or medical treatment whose parent or guardian objects thereto.

§ 62B. Commission on children's health camps; membership; appointment

In each such city and town there shall be an unpaid commission, called the commission on children's health camps, to consist of the mayor or chairman of the board of selectmen, who shall have no vote, the superintendent of schools, the members of the board of health, all to serve ex officiis, and also seven residents of such city or town to be appointed by the mayor or the chairman of the board of selectmen. One member of said board shall be designated as chairman by the mayor or the chairman of the board of selectmen. Of the seven persons first appointed after such acceptance, two shall be appointed for terms of one year each, two for terms of two years each, and three for terms of three years each, and thereafter as the term of each member expires his successor shall be appointed for the term of three years. Each appointment made to fill a vacancy in said commission shall be for the balance of the unexpired term.

§ 62C. Powers and duties of commission

Said commission shall establish, maintain and have control of all children's health camps for the purposes named in section sixty-two A, and in addition shall have the management of all sums appropriated by the city or town for the maintenance of such children's health camps. Said commission may receive in trust for the aforesaid purposes any gift or bequest of money or securities and shall forthwith transfer any money or securities so received to the city or town treasurer, who shall administer the same as provided by the following section.

§ 62D. Investment by city or town treasurer of money and securities received from commission; bond

The city or town treasurer shall invest, reinvest and hold in the name of said commission any money or securities, or the proceeds thereof, received from said commission under the preceding section, and shall disburse the income or principal thereof on its order; provided, that no disposition of either income or principal shall be made which is inconsistent with the terms of the trust on which the property is held. The treasurer shall furnish a bond satisfactory to the commission for the faithful performance of his duties relative to such property

§ 62E. Records; annual reports of receipts and disbursements

The commission shall keep a record of its doings and at the close of each financial year shall make a report to the city or town, showing the total amount of such funds and other receipts, together with investments, receipts and disbursements on account of the same, setting forth in detail the sources of the receipts and the purposes of the expenditures.

§ 62F. Formation of union children's health camp district by two or more cities or towns; management; commission; membership

Any two or more such cities or towns may vote to form, for such period of time not exceeding five years as such cities or towns may from time to time determine, a union children's health camp district for the purpose of establishing therein one or more union children's health camps. The management of such union children's health camps in such district shall be vested in an unpaid commission, called the commission on union children's health camps, to consist of the following persons from each of the cities or towns constituting such union, namely, the mayor or chairman of the board of selectmen, who shall have no vote, the superintendent of schools, the members of the board of health, all to serve, ex officiis, and also not exceeding ten members, residents of the cities and towns comprising the district, to be elected by the ex officiis members of the commission for terms commensurate with the duration of the agreement forming or continuing the union. The term of each person elected to fill a vacancy among the members not serving ex officiis shall be for the balance of the unexpired term. The treasurer of said commission shall be the treasurer for the time being of such city or town within the district as is determined by the members of the commission. The provisions of sections sixty-two C to sixty-two E, inclusive, so far as applicable, shall apply to such commission.

§ 62G. Location and construction plans for health camp; approval; inspection

No children's health camp shall be established under section sixty-two C or sixty-two F unless the location and construction plans of such camp have been approved by the department, which may inspect any camp at any time.

§ 62H. Contracts for care and treatment of children as compliance with sections 62A to 62G.

A contract for the care and treatment of children coming within the provisions of section sixty-two A, entered into by the commission on children's health camps of a city or town which accepts or has accepted sections sixty-two A to sixty-two G, inclusive, or by a commission on union children's health camps established or to be established under section sixty-two F, with the persons having control of any institution approved by the department in or near said city or town, shall, while such contract remains in force and effective, be deemed satisfactory compliance on the part of such city or town or union with the provisions of said sections sixty-two A to sixty-two G, inclusive, relative to the establishment and maintenance of children's health camps. No such contract shall become effective until it has been approved by the department.

MASSACHUSETTS HOSPITAL SCHOOL AND HOSPITAL FOR STATE MINOR WARDS

§ 62*I*. Hospital school and hospital for state minor wards; general supervision

The department shall have general supervision of the Massachusetts hospital school and hospital for state minor wards.

Added by St.1954, c. 508, § 1.

§ 62J. Purpose of school; children from other states; inpatient or outpatient services

The Massachusetts hospital school shall be maintained primarily for the education and care of crippled and deformed children of the commonwealth. When there is no child of the commonwealth on the entrance waiting list, crippled children from outside the commonwealth may be admitted to said hospital school, subject to such rules and regulations as the board of trustees may adopt; provided, however, that all costs for the care and treatment of such children are paid by their sponsors or other persons or agencies.

Subject to appropriation and subject to the provisions of sections twenty-five B to twenty-five G, inclusive, the department shall also be authorized to establish at the Massachusetts hospital school any inpatient or outpatient services, including but not limited to medical, surgical, restorative, rehabilitative or chronic services, mental health and mental retardation services, extended care services, dental services, rehabilitative therapy services, family planning services, services for treatment of alcoholism and drug addiction, skilled nursing care services, intermediate care facility services, and residency care services.

Added by St.1954, c. 508, § 1. Amended by St.1969, c. 619; St.1975, c. 752, § 1.

§ 62K. Trustees; corporation; additional powers and duties; grants; devises; gifts; trusts

The trustees shall be a corporation for the purpose of taking and holding, by them and their successors, in the name of the commonwealth, and in accordance with the terms thereof, any grant or devise of land or any gift or bequest of money or other personal property made for the use or benefit of the school, its inmates, former inmates or graduates or any association thereof, or for the use or benefit of state minor wards assigned to the care of the trustees under sections sixty-two P to sixty-two S, inclusive, and for the purposes of preserving and investing the proceeds thereof in notes or bonds secured by good and sufficient mortgages or other securities, with all the powers necessary to effect said purposes. For said purposes the trustees may employ such agencies as they may from time to time determine to be wise and proper, including any trust company or other corporation authorized by law to administer trusts, and may from funds received as aforesaid or the income thereof pay such expenses as may be necessary for the wise administration of such gifts or trusts, or may, with the approval of the governor and council, delegate any powers conferred by this section upon any such trust company or corporation. In the use, management and administration of such gifts or trusts, the trustees or their agents shall in their discretion so act as most effectively to aid the beneficiaries in accordance with the terms of the gift or trust, and when so acting their judgments and determinations in extending or denying aid or benefit to any individual shall be conclusive and final. No trustee shall be answerable for the use of any money or property received by any beneficiary or for the default or neglect of any co-trustee, or of any agent employed hereunder, or of any corporation to which power is delegated or transferred as herein authorized.

Added by St.1954, c. 508, § 1.

§ 62L. Administration of school; appointment of personnel; expenses

The trustees may appoint all persons necessary for the proper administration of the affairs of the school, and may incur all expenses necessary for the maintenance thereof.

Added by St.1954, c. 508, § 1.

§ 62M. Admissions; applications; discharges; tuition

The trustees may, upon application of any child entitled to receive the benefit of said school, or upon such application by a parent, guardian or person having the legal custody of the child, or by any state or municipal department, board or officer having such custody, admit such child to said school, subject to such rules and regulations as the trustees may prescribe, and the trustees may discharge such child from the school; provided, that no such rule or regulation shall prohibit the admission of a child for the reason that he commutes to said school or that he is able to pay the charges for his support at said school. The charges for the support of the children who are of sufficient ability to pay for the same, or have persons or kindred bound by law to maintain them, shall be paid by such children, such persons or such kindred at a rate determined by the rate setting commission established under chapter six A. The board of such children as reside in a town shall be paid by the town at a rate not exceeding seventeen dollars and fifty cents a week, notice of the reception of the children by the trustees being given by them to the town as soon as practicable; and the tuition and board of those having no such settlement shall be paid by the commonwealth. The trustees may receive other children having no means to pay for tuition and support, and the tuition and board of all such children shall be paid by the commonwealth. The attorney general and district attorneys shall upon request bring action to recover said charges in the name of the state treasurer. The admission of a child as aforesaid to the school shall be deemed a commitment of the child to the care and custody of the commonwealth, and the trustees, with the approval of the department, may detain the child at said school during its school age, or for such longer period during its minority as in the opinion of the trustees will tend to promote the education and welfare of the child.

Added by St.1954, c. 508, § 1. Amended by St.1967, c. 252; St.1968, c. 492, § 4; St.1973, c. 1229, § 4A; St.1974, c. 260, § 5.

§ 62N. Inspection of schools; report; audit

There shall be a thorough inspection of the school by two of the trustees thereof monthly, and by a majority of them quarterly, and by all of them semi-annually, and after each inspection a written report of the state of the institution shall be drawn up. The treasurer shall present his report at said annual meeting and the trustees shall then audit it. The commissioner shall make an annual report of the acts of the trustees.

Added by St.1954, c. 508, § 1.

§ 62*O*. Accounts and books of treasurer; inspection by trustees

The accounts and books of the treasurer shall at all times be open to the inspection of the trustees.

Added by St.1954, c. 508, § 1.

§ 62P. Construction and maintenance of hospital for state minor wards

The trustees of the Massachusetts hospital school, subject to supervision by the department, may construct from time to time, as appropriations are made by the general court, and thereafter may maintain, suitable buildings for the hospital care and treatment of such state minor wards as may be assigned to their care by the said department.

Added by St.1954, c. 508, § 1.

§ 62Q. Powers and duties of trustees; management; admissions; approval

The said trustees shall have the same powers and shall perform the same duties in the management and control of the said hospital for state wards as are vested in and required of them in their administration and control of the hospital school under sections sixty-two J to sixty-two O, inclusive, so far as applicable. No state ward shall be admitted to or received at the said hospital without the approval of the trustees and the written order of an authorized agent of the department, nor released from said hospital without notice to the said department.

Added by St.1954, c. 508, § 1. Amended by St.1975, c. 752, § 2.

§ 62R. Use of land, buildings and farm products by hospital school and hospital for state minor wards

Any land acquired or buildings erected for the Massachusetts hospital school or the hospital for state minor wards, unless it is otherwise expressly provided, and also any farm product raised at the said hospital school, or at the said hospital, may, as the trustees shall from time to time determine, be used either interchangeably or exclusively for said hospital school or said hospital, or in common for the benefit of both institutions, and for the care and maintenance of their respective inmates, officers, employees and attendants. Such officers, employees and attendants shall, as required by the trustees, render service to either or both of the said institutions. Any sewer, heating, ventilating, water or similar plant or system may so be used, separately or jointly.

Added by St.1954, c. 508, § 1.

§ 62S. Assignment of state minor wards to hospital; approval

No state minor wards shall be assigned to the said hospital until the commissioner, with the approval of the governor and council, finds that sufficient new building accommodations have been constructed to provide for the number thus to be assigned.

Added by St.1954, c. 508, § 1.

STATE HOSPITALS

§ 63. Supervision and control by commissioner

The commissioner shall have general supervision and control of the Rutland hospital, the Lakeville hospital, and the Western Massachusetts hospital and shall see that the affairs of such hospitals are conducted according to law, and to the by-laws and regulations established by the council in respect thereto.

Amended by St.1962, c. 546, §§ 1, 2; St.1962, c. 598, § 3; St.1963, c. 517, § 2.

§ 63A. Admissions to hospital

Subject to such rules and regulations as the department may provide, the superintendent of any hospital administered by the department shall be authorized to admit to any such hospital any person, including any person who is mentally ill, mentally retarded or suffering from any other mental disability, providing the admitting hospital is suitable for the care and treatment of such person.

Added by St.1975, c. 752, § 3.

§ 64. Annual inventory; report; audit

The commissioner shall annually cause to be made an accurate inventory of the stock and supplies on hand and the amount and value thereof at the end of the fiscal year at each hospital under the department; shall make a full and detailed annual report of the condition of each such hospital, and all its affairs, with a copy of the inventory required herein; shall receive and audit the annual report of the treasurer of each hospital, and shall deposit the same, with said annual report, with the state secretary.

Amended by St.1962, c. 546, § 3; St.1963, c. 517, § 3.

§ 65. Repealed by St.1963, c. 517, § 4

§ 65A. Admission to Lakeville hospital

The department may admit to the Lakeville hospital persons suffering from extra-pulmonary tuberculosis, persons crippled by poliomyelitis (infantile paralysis), arthritis or muscular dystrophy and other similar diseases, aging persons, crippled children as defined in the regulations of the department, and persons with chronic diseases; provided, that preference shall be given to citizens of the commonwealth.

Amended by St.1936, c. 346, § 1; St.1941, c. 506; St.1948, c. 412; St. 1952, c. 492; St.1953, c. 383; St.1954, c. 538, § 2; St.1955, c. 220; St. 1957, c. 458; St.1963, c. 517, § 5.

§ 65B. Repealed by St.1962, c. 598, § 4

§ 65C. Patients' funds; deposit

The superintendent of any institution under the supervision and control of the department may deposit in any bank or trust company within the commonwealth or on paid-up shares and accounts of and in co-operative banks, funds belonging to individual patients and funds deposited by their relatives or friends to be used for their benefit, or may use said funds to purchase share accounts of a federal savings and loan association located in the commonwealth, in an account entitled "Patients' Funds", or the superintendent may, whenever he deems it desirable, deposit such funds in such banks in separate accounts as trustee or use said funds to purchase share accounts of a federal savings and loan association located in the commonwealth, as trustee, in each instance, for the patient.

Added by St.1959, c. 131.

§ 65D. Patients' funds; disposition of unclaimed deposits

So much of any funds known as "Patients' Funds" as represents monies belonging to, or deposited for the benefit of, former patients of any such institution, which shall have remained unclaimed for more than seven years, shall be paid by the superintendent thereof to the state treasurer to be held subject to be paid to the person establishing a lawful right thereto, with interest at the rate of three per cent per annum from the time when it was so paid to the state treasurer to the time when it is paid by him to such person; provided, that so much of any monies so paid to the state treasurer as may be necessary to reimburse the institution for any sum due for the support of the person by whom or for whose benefit such money was originally deposited shall be credited to said trustees for that purpose. After six years from the date when any such monies were paid to the state treasurer the same or any balance thereof then remaining in his hands may be used as a part of the ordinary revenue of the commonwealth. Any person may, however, establish his claim after the expiration of the six years above mentioned, and any claim so established shall be paid from the ordinary revenue of the commonwealth. Any person claiming a right to money deposited with the state treasurer under this section may establish the same by a petition to the probate court; provided, that in cases where claims amount to less than fifty dollars, the claims may be presented to the comptroller, who shall examine the same and allow and certify for payment such as may be proved to his satisfaction.

Added by St.1959, c. 131.

§§ 66, 66A. Repealed by St.1961, c. 608, § 1

§ 67. Gifts or bequests

The department may take and hold in trust gifts or bequests for its own use or for the use of any hospital under its charge and shall succeed to and retain the rights, powers and duties formerly held or acquired by the trustees of hospitals for consumptives.

Amended by St.1956, c. 345; St.1963, c. 517, § 6.

CARE OF CERTAIN INFANTS PREMATURELY BORN

§ 67A. Infants prematurely born; notification

If an infant weighing five and one half pounds or less at birth is born in a hospital, the superintendent or other person in charge of such hospital shall file immediately in the case of such an infant born to an unwed mother with the state department of public health, and in the case of any other such infant with the board of health of the town in which the mother of such infant resides, a written report stating the name and location of the hospital, name and address of the parents and the date of delivery, and the sex and color of child.

If an infant weighing five and one half pounds or less at birth is born in a place other than a hospital, the physician having charge of the birth of such infant shall as soon as possible after the birth occurs, by telephone, if possible, notify in the case of such an infant born to an unwed mother the state department of public health, and in the case of any other such infant the board of health of the town in which the mother resides, stating the name of the parents and the address where the infant was born. In addition thereto, such physician shall, within twenty-four hours after such birth, file a written report with said department or said board, as the case may be, in such form and containing such information as the state department of public health shall prescribe.

Added by St.1937, c. 322. Amended by St.1939, c. 246, § 1; St.1949, c. 601, § 1; St.1965, c. 695, § 1.

§ 67B. Transportation of infant to hospital

Upon request of the attending physician, such board of health or its duly authorized representative, upon receiving the notification referred to in section sixty-seven A, shall forthwith provide for suitable transportation of such infant to a hospital equipped to care for prematurely born infants, unless other provision for such transportation shall have been made.

Added by St.1937, c. 332. Amended by St.1949, c. 601, § 2.

§ 67C. Liability for charges for care of infants prematurely born; reimbursement by commonwealth

Expenses for the care and hospitalization of an infant weighing five pounds or less at birth shall be paid by the parents or guardian or any person bound by law to maintain such infant, if he or they are able to pay. If he or they are unable to pay, such expenses, in accordance with rates established by the rate setting commission under chapter six A, shall in the case of such an infant born to an unwed mother be paid by the commonwealth, subject to notice as hereinafter provided, and in the case of any other such infant by the board of health of the town wherein the mother of such infant resides, subject to notice and reimbursement as hereinafter provided. No payments shall be made by the commonwealth or by a town for such expenses incurred more than thirty days prior to the receipt by the department or by such board of health of a written notice or a telephone request, confirmed in writing, from the superintendent or other person in charge of such hospital. Any payments made hereunder by the commonwealth or by the town may be recovered in contract from the parent, guardian or other person bound by law to maintain such infant, if such person is able to pay.

The commonwealth shall reimburse the town wherein the mother resides for one half of all expenses incurred by such town under this section.

Notwithstanding any other provision of this section, the department and boards of health may refer persons eligible under Medicaid for payment of hospital care for premature infants to the appropriate agency for such assistance, and may accept such payments for the care and hospitalization of such infants.

Added by St.1937, c. 332. Amended by St.1939, c. 246, § 2; St.1945, c. 535; St.1949, c. 601, § 3; St.1955, c. 753; St.1961, c. 54; St.1963, c. 573, § 1; St.1965, c. 695, § 2; St.1968, c. 492, § 5; St.1968, c. 559; St.1973, c. 1229, § 4B.

§ 67D. Charges for care of infant as public relief

Sums paid by any town as provided in sections sixty-seven B and sixty-seven C shall not be deemed to have been paid as public relief, and no person shall be deemed to be in receipt of public relief because of his inability to pay such sums.

Added by St.1937, c. 332. Amended by St.1963, c. 573, § 2.

§ 67E. Children born with congenital deformities or birth injuries; reports

Within ten days after the date of birth in the commonwealth of any child with a congenital deformity or a birth injury which may lead to an incapacity or disability, the hospital wherein such birth occurred shall report such congenital deformity or injury to the department on a form to be furnished by said department. The contents of such report shall be solely for the use of the department and such report shall not be open to public inspection or constitute a public record.

Added by St.1963, c. 22, § 3.

§ 67F. Children with hearing impairments; distribution of literature; diagnostic evaluation

Within ten days after the date of birth in the commonwealth of any child, the hospital wherein such birth occurred shall provide the parents or legal guardians of the child with literature describing those conditions which cause certain children to be placed in a high risk category for hearing impairment. Such literature shall urge the parents to discuss such high risk factors with their physicians in order to make a decision as to whether or not the infant may fall into such a high risk category as defined in section sixty-seven H. Such literature shall be furnished to hospitals by the department.

The department shall offer the parents or legal guardians of those children who may fall into such high risk category complete diagnostic evaluation at hospital centers approved by it. Such centers shall maintain suitable otological, audiological, pediatric and neurological support in order to receive such approval, and shall test each child referred thereto in accordance with specific conditions and tables established by the department. Such diagnostic examinations shall, upon request, be given to such children every six months from birth up to age two and at necessary intervals thereafter, at a cost to be borne entirely by the commonwealth.

Added by St.1971, c. 1095.

§ 67G. Audiometric testing of children; costs

Every person in control of a child who has reached age four shall cause such child to be given a complete pure tone test using conventional audiometric tests at such public schools and by such pediatric audiologists or school testers as are approved and designated by the commissioner. The costs for such examinations shall be borne by the commonwealth. In the event such a child fails such pure tone tests, the tester or pediatric audiologist shall advise the parent or legal guardian to consult the otologist of his choice who is in private practice. If upon examination such otologist recommends further tests, the diagnostic services of the approved hospital centers referred to in section sixty-seven F shall be made available to such children at a cost to be borne by the commonwealth.

Added by St.1971, c. 1095.

§ 67H. Literature on hearing impairments

The literature required by section sixty-seven F shall describe the following high risk conditions:—(1) Before birth (*a*) Family history of deafness as indicated by one or more deaf or hard of hearing children in family; (*b*) Maternal thyroid abnormality; (*c*) Maternal German measles in the first three months of pregnancy; (*d*) Maternal influenza or chicken pox in first three months of pregnancy, and (2) Newborn difficulty (*a*) Mycin drugs administered to infant; (*b*) Multiple abnormalities of infant, from whatever cause.

Added by St.1971, c. 1095.

§ 68. Repealed by St.1924, c. 477, § 4

§ 69. Repealed by St.1931, c. 426, § 14

PONDVILLE HOSPITAL

§§ 69A to 69D. Repealed by St.1957, c. 459, § 1

LEMUEL SHATTUCK AND OTHER HOSPITALS

§ 69E. Inpatient and outpatient services; diagnostic evaluation and treatment center; admissions policy

The commissioner shall have general supervision and control of the Lemuel Shattuck hospital, the Rutland hospital, the Lakeville hospital, the Pondville hospital, and the Western Massachusetts hospital. Subject to appropriation and subject to the provisions of sections twenty-five B to twenty-five G, inclusive, the department shall be authorized to establish at these hospitals any inpatient or outpatient health services, including but not limited to medical, surgical, restorative, rehabilitative or chronic services, mental health and mental retardation services, extended care services, dental services, rehabilitative therapy services, family planning services, services for treatment of alcoholism and drug addiction, skilled nursing care services, intermediate care facility services, and residency care services. Subject to appropriation, the commissioner shall establish a diagnostic evaluation and treatment center for emphysema which is to include professional education and training at the Lemuel Shattuck hospital.

The department may admit patients to any of the services provided at the above hospitals subject to such rules and regulations as the department may prescribe; provided, however, that preference shall be given to residents of the commonwealth. Any such patient shall be discharged from said hospital either upon his own request or upon determination of the department but not otherwise.

Added by St.1954, c. 552. Amended by St.1957, c. 459, § 2; St.1958, c. 357; St.1959, c. 494; St.1962, c. 546, §§ 1, 5; St.1963, c. 517, § 7; St.1973, c. 1167; St.1975, c. 572, § 4.

§ 69F. Notice of admission of needy person

Notice of admission of a needy person shall be given within ten days to the department of public welfare.

Added by St.1954, c. 522. Amended by St.1974, c. 260, § 6.

§ 69G. Effect of notice of admission of needy person

In the case of a needy person not already in receipt of public assistance, the notice of admission shall constitute an application on behalf of the patient. Upon receipt of such application, the department of public welfare shall determine his eligibility for assistance, and if he is found eligible, he shall be granted the type of assistance for which he qualifies, from the date of the notice or application.

Added by St.1954, c. 522. Amended by St.1974, c. 260, § 7.

§ 69H. Charges for support; rate

The charges for the support of persons receiving care in said hospitals shall be at the rate determined by the rate setting commission established under chapter six A.

Added by St.1954, c. 522. Amended by St.1957, c. 459, § 3; St.1962, c. 546, § 6; St.1968, c. 492, § 6; St.1973, c. 1229, § 4C.

§ 69*I*. Liability for charges for support; assessment; proceedings; written statements

A person, his executor, or administrator, shall be liable in contract for such charges except that persons in receipt of public assistance shall have their responsibility for payment of such charges fixed in accordance with the provisions of the particular category of assistance under which they are aided. Persons or kindred bound by law to support such needy persons, not eligible for public assistance, shall be assessed in accordance with a schedule approved by the department. In all proceedings under this section, the sworn written statement of a person that he is the superintendent of the hospital or that he keeps or has custody of records relating to inmates thereof, and that a person has been a duly admitted patient therein during a stated period at a stated charge, and that said charge has not been paid in whole or in part, and the sworn written statement of an official of the hospital or department that notice of admission of the said patient was given on a stated date to the department of public welfare, that the charges for support of said patient were determined pursuant to the provisions of section sixty-nine H, and that no satisfactory security was given for his support, shall be prima facie evidence of the said facts.

Added by St.1954, c. 522. Amended by St.1957, c. 459, § 4; St.1962, c. 546, § 7; St.1974, c. 260, § 8.

§ 69J. Operation of concession

The department is authorized to make contracts with private persons or corporations for the operation of concessions in institutions under its charge.

Added by St.1956, c. 497. Amended by St.1958, c. 268.

HOSPITALS

§ 70. Records of hospitals or clinics; custody; inspection; copies; fees

Hospitals or clinics licensed by the department of public health or supported in whole or in part by the commonwealth, shall keep records of the treatment of the cases under their care including the medical history and nurses' notes. Such records may be made in handwriting, or in print, or by typewriting, or by the photographic or microphotographic process, or any combination of the same. Whenever preexisting records shall have been photographed or microphotographed, and the photographs or microphotographs shall have been duly indexed and filed, such licensee upon notifying in writing the supervisor of public records referred to in chapter sixty-six may destroy the original records so photographed or microphotographed, and such photographs or microphotographs shall have the same force or effect as the original records from which they were made. Such records shall be in the custody of the licensee. Section ten of chapter sixty-six shall not apply to such records; provided, that such records and similar records kept by the licensee, except a hospital or clinic under the control of the department of mental health, may be inspected by the patient to whom they relate or by his attorney upon delivery of a written authorization from said patient, and a copy shall be furnished upon his request and a payment of a reasonable fee; and provided, further, that upon proper judicial order, whether in connection with pending judicial proceedings or otherwise, or, except in the case of records of hospitals under the control of the department of mental helath, upon order of the head of the state department which issues the license or of the head of the state department having jurisdiction or control of such licensee, and in compliance with the terms of said order, and, in the case of a hospital or clinic under the control of the department of mental health, when the commissioner of mental health determines that a disclosure would be in the best interest of a patient as provided in the rules and regulations promulgated by the commissioner, such records may be inspected and copies furnished on payment of a reasonable fee. Any such record or any part or portion thereof may be destroyed thirty years after the discharge or the final treatment therein of the patient to whom it relates.

In the event of the transfer of ownership of a hospital, an institution for unwed mothers or a clinic, all medical records of the same shall be maintained by the new owner as if there were no change in ownership.

§ 70A. Hospital lien; creation; priority of liens; application

Any person and any city or town maintaining a hospital licensed under the provisions of section fifty-one, any hospital located in the commonwealth and operated by the United States Veterans Administration, any hospital operated by the commonwealth which furnished medical or other services to any person injured in an accident not covered by the workmen's compensation act shall, subject to the provisions of section seventy B, have a lien for the reasonable and necessary charges of such hospital, not exceeding, however, the amount which would be charged in a ward of such hospital, and any health maintenance organization which has furnished health services, and any hospital, medical, or dental service corporation which has provided benefits for covered services furnished to a person injured in such an accident shall, subject to the provisions of section seventy B, have a lien for such benefits, upon the net amount payable to such injured person, his heirs or legal representative out of the total amount of any recovery or sum had or collected or to be collected, whether by judgment or by settlement or compromise, from another person as damages on account of such injuries. The lien of any attorney shall have precedence over the lien created under this section. The provisions of this section shall not apply to any such charges incurred subsequent to any such judgment, settlement or compromise.

Added by St.1959, c. 624, § 1. Amended by St.1961, c. 161; St.1967, c. 891, § 8; St.1978, c. 133, § 1.

§ 70B. Notice of lien

Such lien shall take effect if, prior to any such judgment, settlement or compromise, a written notice containing the name and address of the injured person, the date of the accident, the name and location of the provider of hospital, medical or dental services, the name of the person alleged to be liable to the injured person for the injuries received and, if applicable, the name and address of the health maintenance organization, or the hospital, medical, or dental service corporation, shall be mailed by the hospital, health maintenance organization, medical or dental service corporation, certified mail, return receipt requested, to such injured person, to his attorney, to the person alleged to be liable to such injured person for the injuries sustained and to any insurance carrier which has insured such person against liability.

Added by St.1959, c. 624, § 1. Amended by St.1978, c. 133, § 2.

§ 70C. Settlement disregarding hospital lien; effect; limitation of action

Any person who pays over any money upon which there is a lien as provided in section seventy A of which he has received notice as provided in section seventy B to any such injured person, his attorney or his heirs or legal representatives shall be liable to the person or the city or town having such lien for the amount thereof, not exceeding, however, said net amount paid to such injured person, his heirs or legal representatives. Any action under this section shall be commenced within one year after the date of such payment.

Added by St.1959, c. 624, § 1.

§ 70D. Itemized statement of charges; effect of failure to furnish

Upon receipt of a written request mailed by certified mail, return receipt requested, from any person notified of such lien in accordance with the provisions of section seventy B, such hospital shall within ten days after receipt of such request furnish such person with a certified itemized statement of all charges of such hospital in reference to such injured person as provided in section seventy A, or if such injured person has not been discharged from said hospital at the time such request is received, then such statement shall be so furnished within ten days after such person has been discharged from said hospital.

If such hospital fails to comply with the provisions of this section, such lien shall be dissolved and no person shall be held liable under the provisions of section seventy C for the amount thereof.

Added by St.1959, c. 624, § 1.

§ 70E. Rights of patients and residents

As used in this section, "Facility" shall mean any hospital, institution for the care of unwed mothers, clinic, infirmary maintained in a town, convalescent or nursing home, rest home, or charitable home for the aged, licensed or subject to licensing by the department; any state hospital operated by the department; any "Facility" as defined in section three of chapter one hundred and eleven B; any private, county or municipal facility, department or ward which is licensed or subject to licensing by the department of mental health pursuant to section twenty-nine of chapter nineteen; any "Facility" as defined in section thirty-eight of chapter one hundred and twenty-three; the Soldiers' Home in Holyoke, and the Soldiers' Home in Massachusetts.

The rights established under this section shall apply to every patient or resident in said facility. Every patient or resident shall receive written notice of the rights established herein upon admittance into such facility, except that if the patient is a member of a health maintenance organization and the facility is owned by or controlled by such organization, such notice shall be provided at the time of enrollment in such organization, and also upon admittance to said facility. In addition, such rights shall be conspicuously posted in said facility.

Every such patient or resident of said facility shall have, in addition to any other rights provided by law, the right to freedom of choice in his selection of a facility, or a physician or health service mode, except in the case of emergency medical treatment or as otherwise provided for by contract, or except in the case of a patient or resident of a facility named in section fourteen A of chapter nineteen; provided, however, that the physician, facility, or health service mode is able to accommodate the patient exercising such right of choice.

Every such patient or resident of said facility in which billing for service is applicable to such patient or resident, upon reasonable request, shall receive from a person designated by the facility an itemized bill reflecting laboratory charges, pharmaceutical charges, and third party credits and shall be allowed to examine an explanation of said bill regardless of the source of payment. This information shall also be made available to the patient's attending physician.

Every patient or resident of a facility shall have the right:

(a) upon request, to obtain from the facility in charge of his care the name and specialty, if any, of the physician or other person responsible for his care or the coordination of his care;

(b) to confidentiality of all records and communications to the extent provided by law;

(c) to have all reasonable requests responded to promptly and adequately within the capacity of the facility;

(d) upon request, to obtain an explanation as to the relationship, if any, of the facility to any other health care facility or educational institution insofar as said relationship relates to his care or treatment;

(e) to obtain from a person designated by the facility a copy of any rules or regulations of the facility which apply to his conduct as a patient or resident;

(f) upon request, to receive from a person designated by the facility any information which the facility has available relative to financial assistance and free health care;

(g) upon request, to inspect his medical records and to receive a copy thereof in accordance with section seventy, and the fee for said copy shall be determined by the rate of copying expenses;

(h) to refuse to be examined, observed, or treated by students or any other facility staff without jeopardizing access to psychiatric, psychological, or other medical care and attention;

(i) to refuse to serve as a research subject and to refuse any care or examination when the primary purpose is educational or informational rather than therapeutic;

(j) to privacy during medical treatment or other rendering of care within the capacity of the facility;

(k) to prompt life saving treatment in an emergency without discrimination on account of economic status or source of payment and without delaying treatment for purposes of prior discussion of the source of payment unless such delay can be imposed without material risk to his health, and this right shall also extend to those persons not already patients or residents of a facility if said facility has a certified emergency care unit;

(l) to informed consent to the extent provided by law; and

(m) upon request to receive a copy of the bill or other statement of charges submitted to any third party by the facility for the care of the patient or resident.

Every patient or resident of a facility shall be provided by the physician in the facility the right:

(a) to informed consent to the extent provided by law;

(b) to privacy during medical treatment or other rendering of care within the capacity of the facility;

(c) to refuse to be examined, observed, or treated by students or any other facility staff without jeopardizing access to psychiatric, psychological or other medical care and attention;

(d) to refuse to serve as a research subject, and to refuse any care or examination when the primary purpose is educational or informational rather than therapeutic;

(e) to prompt life saving treatment in an emergency without discrimination on account of economic status or source of payment and without delaying treatment for purposes of prior discussion of source of payment unless such delay can be imposed without material risk to his health;

(f) upon request, to obtain an explanation as to the relationship, if any, of the physician to any other health care facility or educational institutions insofar as said relationship relates to his care or treatment, and such explanation shall include said physician's ownership or financial interest, if any, in the facility or other health care facilities insofar as said ownership relates to the care or treatment of said patient or resident;

(g) upon request to receive an itemized bill including third party reimbursements paid toward said bill, regardless of the sources of payment; and

(h) in the case of a patient suffering from any form of breast cancer, to complete information on all alternative treatments which are medically viable.

Any person whose rights under this section are violated may bring, in addition to any other action allowed by law or regulation, a civil action under sections sixty B to sixty E, inclusive, of chapter two hundred and thirty-one.

No provision of this section relating to confidentiality of records shall be construed to prevent any third party reimburser from inspecting and copying, in the ordinary course of determining eligibility for or entitlement to benefits, any and all records relating to diagnosis, treatment, or other services provided to any person, including a minor or incompetent, for which coverage, benefit or reimbursement is claimed, so long as the policy or certificate under which the claim is made provides that such access to such records is permitted. No provision of this section relating to confidentiality of records shall be construed to prevent access to any such records in connection with any peer review or utilization review procedures applied and implemented in good faith.

No provision herein shall apply to any institution operated or listed and certified by The First Church of Christ, Scientist, in Boston, or patients whose religious beliefs limit the forms and qualities of treatment to which they may submit.

No provision herein shall be construed as limiting any other right or remedies previously existing at law.

Added by 1979, c. 214. Amended by St.1979, c. 720.

§ 71. Licensing of infirmaries, nursing homes, etc.

The department shall issue for a term of two years, and shall renew for like terms, a license, subject to revocation by it for cause, to any person whom it deems responsible and suitable to establish or maintain an infirmary maintained in a town, a convalescent or nursing home, a rest home, a charitable home for the aged or an intermediate care facility for the mentally retarded, which meets the requirements of the department established in accordance with its rules and regulations; provided, however, that each convalescent or nursing home and each intermediate care facility for the mentally retarded shall be inspected at least once a year.

No original license shall be issued to establish or maintain an intermediate care facility for the mentally retarded, unless there is a determination by the department that there is a need for such facility at the designated location; provided, however, that in the case of a facility previously licensed as an intermediate care facility for the mentally retarded in which there is a change in ownership, no such determination shall be required and in the case of a facility previously licensed as an intermediate care facility for the mentally retarded in which there is a change in location, such determination shall be limited to consideration of the suitability of the new location.

In the case of the transfer of ownership of a convalescent or nursing home, infirmary maintained in a town, rest home, charitable home for the aged or intermediate care facility for the mentally retarded, the application of the new owner for a license shall have the effect of a license for a period of three months when filed with the department.

The department shall not reduce the number of beds originally approved by it in granting a license for a convalescent or nursing home or rest home upon the transfer of ownership of said convalescent or nursing home or rest home from one licensee to another, unless the public safety requires it.

No original license shall be issued or no license renewed hereunder unless there shall be first submitted to the department by the authorities in charge of the convalescent or nursing home, infirmary maintained in a town, rest home, charitable home for the aged or intermediate care facility for the mentally retarded with respect to each building occupied by patients, (1) a certificate of inspection of the egresses, the means of preventing the spread of fire and apparatus for extinguishing fire, issued by an inspector of the division of inspection of the department of public safety, and (2) a certificate of inspection issued by the head of the local fire department certifying compliance with the local ordinances.

Any applicant for an original or renewal license who is aggrieved, on the basis of a written disapproval of a certificate of inspection by the head of the local fire department or by the division of inspection of the department of public safety, may, within thirty days from such disapproval, appeal in writing to the department of public safety. Failure to either approve or disapprove within thirty days, after a written request by an applicant, shall be deemed a disapproval.

If the department of public safety approves the issuance of a certificate of inspection, it shall forthwith be issued by the agency that failed to approve. If said department disapproves, the applicant may appeal therefrom to the superior court. Failure of said department to either approve or disapprove the issuance of a certificate of inspection within thirty days after receipt of an appeal shall be deemed a disapproval. No original license shall be issued or no license shall be renewed by the department of public health until issuance of an approved certificate of inspection, as required in this section.

Nothing in this section or in section seventy-two or seventy-three shall be construed to revoke, supersede or otherwise affect any laws, ordinances, by-laws, rules or regulations relating to building, zoning, registration or maintenance of a convalescent or nursing home, infirmary maintained in a town, rest home or charitable home for the aged.

Upon a written request by an applicant who is aggrieved by the revocation of a license or the refusal of the department to renew a license, the commissioner and the council shall hold a public hearing, after due notice, and thereafter they may modify, affirm or reverse the action of the department; provided, however, that the department may not refuse to renew and may not revoke the license of a convalescent or nursing home, rest home, charitable home for the aged or intermediate care facility for the mentally retarded until after a hearing before a hearings officer, and any such applicant so aggrieved shall have all the rights provided in chapter thirty A with respect to adjudicatory proceedings.

In no case shall the revocation of such a license take effect in less than thirty days after written notification by the department to the convalescent or nursing home, infirmary maintained in a town, rest home, charitable home for the aged or intermediate care facility for the mentally retarded.

The fee for the issue or renewal of each license in the case of a convalescent or nursing home, infirmary maintained in a town, rest home, charitable home for the aged or intermediate care facility for the mentally retarded shall be twenty-five dollars, and the license shall not be transferable or assignable and shall be issued only for the premises named in the application.

For the purposes of this section and sections seventy-two, seventy-two A and seventy-three, a convalescent or nursing home is defined as any institution, however named, whether conducted for charity or profit, which is advertised, announced or maintained for the express or implied purpose of caring for three or more persons admitted thereto for the purpose of nursing or convalescent care. An infirmary maintained in a town is an infirmary which hitherto the department of public welfare has been directed to visit by section seven of chapter one hundred and twenty-one. A rest home is defined as any institution, however named, which is advertised, announced or maintained for the express or implied purpose of providing care incident to old age to three or more persons who are ambulatory and who need supervision. A charitable home for the aged is defined as any institution, however named, conducted for charitable purposes and maintained for the purpose of providing a retirement home for elderly persons and which may provide nursing care within the home for its residents. An intermediate care facility for the mentally retarded is defined as any institution, however named, whether conducted for charity or profit, which is advertised, announced or maintained for the purpose of providing habilitative services and active treatment to mentally retarded persons or persons with related conditions, as defined in regulations promulgated pursuant to Title XIX of the federal Social Security Act (P.L. 89–97); which is not both owned and operated by a state agency; and which makes application to the department for a license for the purpose of participating in the federal program established by said Title XIX. An original license shall mean a license issued to a convalescent or nursing home, infirmary maintained in a town, rest home, charitable home for the aged or intermediate care facility for the mentally retarded, not previously licensed or a license issued to an existing convalescent or nursing home, infirmary maintained in a town, rest home, charitable home for the aged or intermediate care facility for the mentally retarded in which there has been a change in ownership or location; provided, however, that an application for a license to establish or maintain a charitable home for the aged by any person licensed hereunder shall be deemed an application for renewal of a license and not an application for an original license.

Nursing institutions licensed by the department of mental health for mental cases shall not be licensed or inspected by the department of public health. The inspections herein provided shall be in addition to any other inspections required by law.

In the case of new construction, or major addition, alteration, or repair with respect to any facility subject to this section, preliminary architectural plans and specifications and final architectural plans and specifications shall be submitted to a qualified person designated by the commissioner. Written approval of the final architectural plans and specifications shall be obtained from said person prior to said new construction, or major addition, alteration, or repair.

Notwithstanding any of the foregoing provisions of this section, no original license for the establishment or maintenance of a convalescent or nursing home shall be issued by the department unless the applicant for such license submits to the department a certificate of an inspector of the division of inspection of the department of public safety that each building to be occupied by patients of such convalescent or nursing home meets the construction standards of the state building code, and is of at least type 1–B fireproof construction; provided, however, that this paragraph shall not apply in the instance of change of ownership of a convalescent or nursing home whose license had not been revoked as of the time of such change of ownership; and provided, further, that a public medical institution as defined under section two of chapter one hundred and eighteen E, which meets the construction standards as defined herein, shall not be denied a license as a nursing home under this section because it was not of new construction and designed for the purpose of operating a convalescent or nursing home at the time of application for a license to operate a nursing home. An intermediate care facility for the mentally retarded shall be required to meet the construction standards established for such facilities by Title XIX of the Social Security Act (P.L. 89–97) and any regulations promulgated pursuant thereto, and by regulations promulgated by the department.

The licensee of every convalescent or nursing home shall file with the department, at the time his license is due for renewal, a sworn statement of the names and addresses of any person with an ownership or control interest in the home or in the real property occupied and used as such home. As used herein, the phrase "person with an ownership or control interest" shall have the definition set forth in 42 USC Sec. 1320a–3 of the Social Security Act and in regulations promulgated hereunder by the department.

The department may, when public necessity and convenience require, or to prevent undue hardship to an applicant or licensee, under such rules and regulations as it may adopt, grant a temporary provisional or probationary license under this section; provided, however, that no such license shall be for a term exceeding one year.

For the purposes of this section "changes in ownership" of a convalescent or nursing home, infirmary, rest home, charitable home for the aged or intermediate care facility for the mentally retarded shall, in the case of a corporation, mean transfer of a majority of the stock thereof, and in all other cases, a transfer of a majority interest therein.

The department shall notify the secretary of elder affairs forthwith of the pendency of any proceeding of any public hearing or of any action to be taken under this section relating to any convalescent or nursing home, rest home, infirmary maintained in a town, or charitable home for the aged. The department shall notify the commissioner of mental health forthwith of the pendency of any proceeding, public hearing or of any action to be taken under this section relating to any intermediate care facility for the mentally retarded.

§§ 71A, 71B. Repealed by St.1967, c. 891, § 12

§ 72. Classification of convalescent and nursing homes, infirmaries, etc.; rules and regulations; inspections; records of violations

The department shall classify convalescent and nursing homes, infirmaries maintained in towns, rest homes, charitable homes for the aged and intermediate care facilities for the mentally retarded and shall, after a public hearing, promulgate rules and regulations for the conduct of the same. Such rules and regulations for convalescent and nursing homes, infirmaries maintained in a town, rest homes, charitable homes for the aged and intermediate care facilities for the mentally retarded shall include minimum requirements for medical and nursing care, the keeping of proper medical and nursing records, uniform requirements for the handling of patient funds and sanitation. Regulations for intermediate care facilities for the mentally retarded shall also include minimum requirements for social services, psychological services and other services appropriate for the care of mentally retarded and developmentally disabled persons and shall limit the size of intermediate care facilities for the mentaly retarded to not more than fifteen beds. The department in promulgating such rules and regulations for convalescent or nursing homes, rest homes, charitable homes for the aged and intermediate care facilities for the mentally retarded shall consider the ability of such facilities to provide service under rates set under the provisions of section thirty-two of chapter six A. No such rule or regulation shall apply to a convalescent or nursing home, rest home, charitable home for the aged, or intermediate care facility for the mentally retarded licensed at the time of promulgation of such rule or regulation, or a convalescent or nursing home, rest home, charitable home for the aged or intermediate care facility for the mentally retarded being constructed at the time of such promulgation under plans approved by the department, unless such rule or regulation has a direct and material relation to patient diet, cleanliness, nursing care or health of the patient, or to habilitative services and active treatment for mentally retarded persons or persons with related conditions; provided, however, that nothing herein contained shall be interpreted to prevent the department from adopting or interpreting rules and regulations more favorable toward existing convalescent or nursing homes, rest homes, charitable homes for the aged, or intermediate care facilities for the mentally retarded.

The department or its agents and the board of health or its agents of the city or town wherein any portion of such convalescent home or nursing home, infirmary maintained in a town, rest home, charitable home for the aged or intermediate care facility for the mentally retarded is located may visit and inspect such institution at any time.

Any person making an inspection under authority of this section shall record in writing every violation which he finds of the applicable rules and regulations of the department. Every record of inspection so made shall be treated as a public record except to such extent as the record or a portion thereof is expressly exempt from such treatment under section seven of chapter four, said violations shall be made public at the same time that a written plan of correction is submitted. If a written plan of correction is not submitted within the allowable time, said violations shall be made public at the expiration of the allowable time. Inspections hereunder shall be unannounced and made at such intervals as the department shall specify in its rules and regulations, but at least twice per annum. A visit made to a facility for the purpose of providing consultation shall not be considered to be an inspection.

§§ 72A, 72B. Repealed by St.1967, c. 891, § 12

§ 72C. Convalescent or nursing homes; lighting and ventilation

All convalescent or nursing homes shall be provided throughout with electric lighting, and shall have an emergency lighting system for the boiler room, exits, stairs, patient corridors and nurses' stations, which shall be maintained in proper working order and kept available for use when required, and an emergency generator or battery with a capacity sufficient to supply the emergency lighting system for a period of at least one and one half hours, and for such further period as may be determined by rule or regulation of the department. Lighting of not less than five foot candles shall be provided during the night in all corridors and toilets, and lighting of not less than one foot candle shall be provided during the night in patients' rooms. All rooms or other areas used by patients shall, unless lights are kept on therein continuously, have light switches so located as to be within easy reach of wheel chair patients.

The use of candles, kerosene lamps or lanterns or other open flame methods of illumination in a convalescent or nursing home is prohibited.

All convalescent or nursing homes shall provide each room and space therein which does not have an outside window and which is used by patients or personnel of such home with forced or other ventilation sufficient to change the air therein at least once in six minutes.

The department shall make such rules and regulations as may be necessary to carry out the provisions of this section, and shall establish standards of lighting for convalescent or nursing homes, said standards to be in accordance with the lighting levels of the Illuminating Engineering Society.

Added by St.1963, c. 730, § 1. Amended by St.1964, c. 602.

§ 72D. Long-term care facilities; telephone service; regulations

All long-term care facilities licensed to care for any number of persons shall provide telephone service for the use of the residents therein. The department shall promulgate regulations which shall specify such phone service.

Added by St.1967, c. 48. Amended by St.1975, c. 122.

§ 72E. Convalescent and nursing homes; notice of violations; plan of correction; penalties; enforcement

The department shall, after every inspection by its agent made under authority of section seventy-two, give the licensee of the inspected facility notice in writing of every violation of the applicable rules and regulations of the department found upon said inspection. The department in such notice shall specify a reasonable time, not more than sixty days after receipt thereof, by which time the licensee shall remedy or correct each violation cited therein; provided, that, in the case of any violation which in the opinion of the department is not capable of correction within sixty days, the department shall require only that the licensee submit a written plan for correction of the violation in a reasonable manner. The department may modify any nonconforming plan upon notice in writing to the licensee. Failure to remedy or correct a cited violation by the date specified in a written notice hereunder or failure to remedy or correct a cited violation by the date specified in a plan for correction as accepted or modified by the department, as the case may be, shall be cause for license revocation or such civil fine as may be imposed upon the licensee after complaint brought by the department under section seventy-three, unless the licensee shall demonstrate to the satisfaction of the department or the court, as the case may be, that such failure was not due to any neglect of his duty and occurred despite his attempt in good faith to make correction by the specified time. The department may pursue either remedy or both or such other sanction as the department may impose administratively upon the licensee under section seventy-one.

Nothing in this section shall be construed to prohibit the department from enforcing a rule or regulation, administratively or in court, without first affording formal opportunity to make correction under this section, where, in the opinion of the department, the violation of such rule or regulation jeopardizes the health or safety of patients or the public or seriously limits the capacity of facility to provide adequate care, or where the violation of such rule or regulation is the second or subsequent such violation occurring during a period of twelve full months.

Added by St.1975, c. 877, § 2.

§ 73. Penalties

Whoever advertises, announces, establishes or maintains, or is concerned in establishing or maintaining, a convalescent or nursing home, infirmary maintained in a town, a rest home, charitable home for the aged or intermediate care facility for the mentally retarded, or is engaged in any such business, without a license granted under section seventy-one, or whoever being licensed under said section violates any provision of sections seventy-one to seventy-three, inclusive, shall for a first offense be punished by a fine of not more than five hundred dollars, and for a subsequent offense by a fine of not more than one thousand dollars or by imprisonment for not more than two years.

Whoever violates any rule or regulation made under sections seventy-one, seventy-two and seventy-two C shall be punished by such fine, not to exceed fifty dollars, as the department may establish. If any person violates any such rule or regulation by allowing a condition to exist which may be corrected or remedied, the department shall order him, in writing, to correct or remedy such condition, and if such person fails or refuses to comply with such order, each day during which such failure or refusal to comply continues shall constitute a separate offense.

§ 73A. Facilities operated by First Church of Christ, Scientist in Boston

Nothing in this chapter or in any rule or regulation adopted pursuant thereto, shall be construed to authorize or require any facility which is operated, or listed and certified by The First Church of Christ, Scientist, in Boston, Massachusetts, to be licensed or inspected except under laws, rules or regulations pertaining to sanitation, fire, safety, and building and construction codes; nor shall any guests, patients, residents or personnel thereof be subjected to any medical supervision, regulation or control in connection with the operation of any such facility.

Added by St.1967, c. 891, § 11A.

§ 73B. Facilities operated by Roman Catholic Church

Nothing in this chapter or in any rule or regulation adopted pursuant thereto, shall be construed to authorize or require any facility which is operated for only those duly ordained priests, or for the members of the religious orders of the Roman Catholic Church in their own locations, buildings, residences or headquarters to provide care, shelter, treatment and medical assistance for any of the said duly ordained priests or members of the said religious orders, to be licensed or inspected; except under laws, rules or regulations pertaining to sanitation, fire, safety, and building construction codes; nor shall personnel while working at such facility be subjected to any requirements of medical supervision, regulation, or control in connection with the operation of any such facility.

Added by St.1976, c. 400.

§ 74. Appropriation of money for maintenance of free bed in hospital

Any town not maintaining or managing a hospital may annually appropriate a sum not exceeding one thousand dollars, to be paid to a hospital established in such town or in the vicinity thereof, for the establishment and maintenance of a free bed in the hospital for the care and treatment of persons certified by the selectmen to be residents of the town and unable to pay for such care and treatment. This section shall not apply to cities.

Amended by St.1941, c. 72.

§ 75. Unlawful use of buildings for hospitals

Whoever occupies or uses a building for a hospital in a part of a town prohibited by the aldermen or selectmen shall forfeit not more than fifty dollars for every month of such occupancy or use and in like proportion for a shorter time. The supreme judicial or superior court may restrain such occupancy or use.

§ 76. Repealed by St.1961, c. 608, § 1

§ 77. Department; duty to provide care and treatment of tuberculosis patients

The department shall have responsibility for providing hospital care and treatment for all persons resident in the commonwealth suffering from tuberculosis and who need such hospital care. Such care and treatment may be made available in hospitals within the department or under a contract basis in other public or private hospitals or sanatoria licensed for such care under section seventy-one. Contracts for such care may be made by the department under such arrangements as are determined reasonable and adequate by the department except in the case of county hospitals where contracts shall be made in accord with section seventy-eight.

Added by St.1961, c. 608, § 2.

§ 78. Utilization of county institutions; contracts; notice of discontinuance; payments; regulations

Where county institutions are utilized for providing such care and treatment, the department is authorized to enter into a contract with the county commissioners of the respective counties upon terms satisfactory to the contracting parties under which the county institutions will admit tuberculous patients and give them care and treatment in compliance with the terms of the contract and the regulations of the department in regard thereto. Such contracts shall be made for periods of not longer than two years and may be renewed upon such terms as are satisfactory to the parties. Should the department determine that a particular county institution will no longer be utilized for such tuberculosis care and treatment, it must give written notice of such intention to the county commissioners at least one year in advance of such discontinuance. If such notice is given and would take effect after the expiration of an existing contract, the terms of the existing contract shall remain in effect until the end of the notice period unless a new contract is entered into by the parties. Under the terms of contracts entered into under this section the department shall pay the institutions so utilized for all general health supplies, care, services and accommodations furnished each patient under the contract the rate or rates established by the rate setting commission under chapter six A.

The department is hereby authorized to adopt regulations concerning the care and treatment of tuberculous patients in hospitals under such contract arrangements. If a hospital or sanatorium is not in compliance with these regulations the department may refuse to utilize it for such contract care.

Added by St.1961, c. 608, § 2. Amended by St.1968, c. 492, § 7; St.1973, c. 1229, § 4D.

§ 78A. Hospital care of persons suffering from chronic diseases; admission; cost

The trustees of a county tuberculosis hospital may admit as patients in said hospital persons who are suffering from chronic disease; provided, that sufficient beds are at all times available for persons with tuberculosis who are eligible for admission to said hospital; and provided, further, that before the trustees admit any such chronic disease patients, said hospital is inspected by the department, is duly licensed under section seventy-one, and otherwise complies with sections seventy-two and seventy-three. Such trustees shall promulgate rules and regulations concerning the admission of such chronic disease patients as well as the method of reimbursement and the charges for their care and treatment, notwithstanding any contrary provision of this chapter. The charges to the general public for all general health supplies, care, services and accommodations shall be the rate or rates established by the rate setting commission under chapter six A. Such rules and regulations shall be approved by the department before taking effect.

Added by St.1959, c. 529. Amended by St.1968, c. 492, § 8; St.1973, c. 1229, § 4E.

§ 79. Admissions, transfers and discharges of tuberculous patients; supervision; rates of charges

The department shall have supervision and control of all admissions, transfers, and discharges of tuberculous patients in hospitals within the department or in other hospitals under contract with the department under sections seventy-seven and seventy-eight. The department may adopt regulations concerning such admissions, transfers, and discharges as it deems necessary. The rate or rates for general health supplies, care, services and accommodations to be paid hospitals caring for tuberculosis patients under contract with the department shall be those established by the rate setting commission under chapter six A. No such payment shall be made with respect to any patient not approved for admission by the department. In the case of hospitals under such contracts patients may be admitted who are reasonably suspected of having tuberculosis, but a final diagnosis must be made within sixty days of admission or such longer period as specifically authorized in writing by the department.

Added by St.1961, c. 608, § 2. Amended by St.1968, c. 492, § 9; St.1973, c. 1229, § 4F.

§ 80. Payments for care by cities, towns or able patients; definitions; classifications; appeals

Each city and town shall pay to the commonwealth as its share of the cost of providing general health supplies, care, services and accommodations for any tuberculosis patient resident in such city or town hospitalized under sections seventy-eight and seventy-nine of this chapter a sum equal to one half the reasonable cost as established by the rate setting commission under chapter six A. If a patient is able to pay or if a third party payor is responsible, the department shall collect from the patient or the payor such rates as are established by the rate setting commission. Fifty per cent of the amount so received on account of any patient shall be credited against the payment charged to a city or town on account of such patient as authorized in this section.

For the purposes of this section, the term "resident" means any person having his principal living quarters in such city or town and having no present intention to move to another city or town, or, in the case of a person who is an inmate or patient in an institution, in the city or town in which he last maintained a residence outside of an institution; provided, however, that any tuberculous patient determined to be a chronically non-resident person and a special problem for tuberculosis disease control shall not be charged as a resident of any city or town, and shall be the financial responsibility of the state. For the purposes of this section an "institution" shall include any sanatorium, hospital, rest home, convalescent or nursing home, for the operation of which a license is required by law; any facility conducted by an agency incorporated under chapter one hundred and eighty; and any facility operated by municipal, county, state and federal governments. For purposes of this section the term "chronically nonresident" means a person who evidences by his past conduct an inability or unwillingness to establish and maintain a residency with any degree of permanency and whose instability and general living standards in exposing himself and others to infection makes him a special problem for tuberculosis disease control in the commonwealth. If a city or town requests that a patient be classified as chronically non-resident as indicated in this section, the division of sanitoria and tuberculosis may so classify him. If on such a request, the division does not agree to so classify the patient, the city or town may appeal this decision to a three-member board made up as follows: The public health council shall appoint the members of the board who shall serve without compensation. In the first appointments, one member shall be appointed for three years, one for two, and one for one year with all appointments thereafter being for three years. One member of the board shall be a medical director of a municipal health department, one member shall be a non-medical public health administrator or agent of a municipal health department, and one member shall be a person experienced in social work on a municipal or state level. On any such appeal the board shall hold a hearing and may affirm or reverse such decision. The decision of the board shall be final.

Patients who are receiving or are eligible to receive public assistance shall have their responsibility to pay such charges to their city or town of residence fixed in accordance with the provisions of the particular category of public assistance applicable to them.

Added by St.1961, c. 608, § 2. Amended by St.1965, c. 362; St.1968, c. 492, § 10; St.1973, c. 1229, § 4G.

§ 81. Programs of control and eradication of tuberculosis; responsibility

The department shall have responsibility for conducting programs aimed at controlling and eradicating tuberculosis in the commonwealth. It may establish, foster, and give such aid and assistance as it deems necessary for the establishment and maintenance of outpatient and diagnostic facilities for tuberculosis within tuberculosis hospitals, in other institutions, or in collaboration with local boards of health. It shall provide co-ordination and consultation to local boards of health in gathering and disseminating information on a state-wide basis regarding the prevalence of tuberculosis in the commonwealth.

Added by St.1961, c. 608, § 2.

§ 81A. Use of intradermal tuberculin tests to show freedom from tuberculosis

No ordinance, by-law, rule or regulation of a board of health or the requirements of any public or private institution, school or college shall be enacted, promulgated, or continued in effect which would require a chest x-ray examination to show freedom from tuberculosis in a communicable form, unless the recipient of such x-ray is known to be turberculin positive. Any report required by such ordinance, by-law, rule or regulation showing freedom from tuberculosis in a communicable form shall be based upon a negative intradermal tuberculin test that is administered and interpreted in a manner approved by the commissioner. In the case of a person whose tuberculin test is positive, a statement by a physician, based upon the results of a standard chest x-ray film shall be required, and such other laboratory and clinical examinations as may be necessary for the exclusion of tuberculosis in a communicable form.

Added by St.1977, c. 513.

§ 82. Operation of hospitals by county commissioners or trustees

The county commissioners may operate and maintain a hospital for purposes as indicated in this section. Where the county commissioners or trustees of such hospital determine that they will provide care and treatment for tuberculous patients and they enter into a contract with the department for such care under section seventy-eight they may so operate such a hospital or portion of a hospital under the terms of such contract and the provisions of this chapter. Where a county has maintained a tuberculosis hospital or sanitorium and such institution is not to be included in the contractual arrangements for care of tuberculous patients under section seventy-eight, or where, after the passage of time, contractual arrangements under section seventy-eight are not continued, the commissioners or trustees may after being licensed under section seventy-one convert such hospital into a chronic disease hospital, or a convalescent or nursing home, or a rest home, or the institution may be discontinued and the property liquidated in accordance with law. The county commissioners or trustees may with the approval of the department adopt such rules and regulations concerning the operation of their institutions as chronic disease hospitals, convalescent or nursing homes, or rest homes as they deem necessary. The county commissioners or trustees shall determine the admission policy of such institutions. The rate or rates to be charged for all general health supplies, care, services and accommodations shall be established by the rate setting commission under chapter six A, provided that such policy shall be approved by the rate setting commission. The county commissioners or trustees may, however, continue to operate out-patient facilities for the tuberculosis as long as such services are deemed by them to be necessary or advisable.

Added by St.1961, c. 608, § 2. Amended by St.1962, c. 769, § 1; St.1965, c. 710, § 1; St.1968, c. 487, § 3; St.1968, c. 492, § 11; St.1973, c. 1229, § 4H.

§ 83. County or municipal tuberculosis institutions; conveyance to commonwealth

Where a county or municipal institution is operating for the care and treatment of tuberculous patients and the county commissioners or officers in charge of the municipal institution determine that it is no longer feasible to continue the institution as a county or municipal responsibility or to liquidate it, the commissioners or other authorized officers may with the approval of the commissioner of public health convey to the commonwealth the institution and so much of the estate on which it is situated as is used for the purposes of the institution and also the personal property owned by the county or municipality and held or used for the purposes of the institution. The commissioner of public health is hereby authorized to accept, subject to appropriation, such conveyance in the name and behalf of the commonwealth if at the time such offer of conveyance is made he determines that it is in the best interests of the commonwealth to accept such conveyance.

Added by St.1961, c. 608, § 2.

§ 83A. Indemnity insurance for officers and employees of hospital

The county commissioners of any county, acting as trustees of a hospital established therein under section eighty-two may effect insurance providing indemnity for or protection to the officers and employees of such hospital against loss by reason of their liability to pay damages to others for bodily injuries, including death at any time resulting therefrom, or for damage to property, caused by the operation, within the scope of their official duties or employment, of motor or other vehicles owned by the institution to an amount not exceeding forty thousand dollars on account of the injury to or death of one person, or not exceeding one hundred thousand dollars for any one accident, and not exceeding one thousand dollars on account of damage to property. The expense of such insurance shall be included as a part of the cost of maintenance of such hospital.

Added by St.1961, c. 608, § 2.

§ 83B. Authority to raise and expend money for tuberculosis hospital; borrowing; notes; apportionment of costs

County commissioners in carrying out their responsibilities as trustees of county institutions under section eighty-two shall raise and expend such sums of money for acquiring land and constructing and equipping buildings including out-patient and diagnostic facilities and for the alteration and enlargement of existing buildings, for care, maintenance, and repair of all facilities, and for all other purposes as authorized by the general court, except for such temporary financing as provided in section eighty-five A. They may borrow, on the credit of the county, when so authorized by the general court, the said sums, and issue notes of the county therefor, with such interest as may be fixed under section thirty-nine of chapter thirty-five, payable semi-annually, or without interest, in which case they may sell such notes at such discount as they deem proper. The notes shall be signed by the county treasurer and countersigned by the county commissioners. The county may sell the said securities, at public or private sale, on terms and conditions deemed proper, but the proceeds shall be used only for the purposes for which such securities are issued. Said notes may be renewed from time to time without specific authorization from the general court until all the cities and towns liable have paid to the county treasurer the amounts assessed against them. Any amount of interest paid or due on said notes and renewals thereof may be similarly borrowed. All reimbursement from cities and towns on such assessments shall be applied to the payment of temporary debt incurred under this section. Such assessments shall be made against the cities and towns in the county in accordance with their valuation used in assessing county taxes and shall be paid in such manner and such installments as the commissioner shall by special order direct. If any city or town shall neglect or refuse to pay its proportion as required by said order, the county commissioners shall, after notice to the city or town and unless sufficient cause is shown to the contrary, issue a warrant against it for the sum which it was ordered to pay, with interest, and the costs of the notice and warrant; and the same shall be collected and paid into the county treasury, to be applied in payment of the expenses aforesaid.

§ 84. Repealed by St.1931, c. 426, § 218

§ 85. Maintenance of county tuberculosis hospitals; apportionment of costs and expenses

The county commissioners shall provide for the maintenance, operation, and repair of institutions under section eighty-two provided that the expenditure of money for the purposes of this section shall be limited to such amounts as may be authorized by the general court. The commissioners shall, immediately after July tenth of each year, apportion the balance of the cost of maintenance, operation and repair of such hospitals, including the interest paid or due on temporary notes issued therefor, for the previous fiscal year, as defined by section sixteen of chapter thirty-five, to the cities and towns in the county in accordance with their evaluation as used in assessing the county taxes, and shall issue their warrants against such cities and towns for the amount for which they are assessed. Any balance of such cost not so assessed for such year by reason of an underestimate by the commissioners shall be assessed for the next subsequent fiscal year and any excess assessed in accordance with the foregoing provision by reason of an over-estimate by them shall be deducted in determining the amount to be assessed for the next subsequent fiscal year. The county may, thirty days after a written demand for payment, recover in contract against any city or town the amount for which it is liable under this section.

§ 85A. Maintenance, operation and repair of hospitals; apportionment; expenditures

To provide such funds as may be necessary to meet the cost of the care, maintenance and repair of a county institution in compliance with section eighty-five, the county commissioners may in any year borrow money on the credit of the county by temporary loans without specific authorization by the general court, and for such purposes the county treasurer may, with the approval of the county commissioners, issue notes of the county therefor, maturing in not more than twelve months from their dates, and may from time to time renew the same, until all the cities and towns liable to assessment under said section eighty-five have paid to the county treasurer the sums so assessed against them for the aforesaid cost for said year. Receipts of such institutions shall be paid to the county treasurer at such times as the county commissioners may determine. Receipts for said year and payments to the county of the assessments made under section eighty-five to meet the aforesaid cost for said year shall be applied to the payment of the cost of maintenance or to the payment of such temporary loans.

Notwithstanding the limitations imposed by section thirty-seven A of chapter thirty-five, expenditures for the cost in any year of the care, maintenance and repair of county institutions under section eighty-five may be made from any cash balance remaining in the treasury of any such institution at the end of the preceding fiscal year resulting from loans issued under the authority of this section.

§ 88. Conversion of hospitals into chronic disease hospitals or homes for the aged

Where, at the time this section goes into effect, a city or town is maintaining a tuberculosis hospital and such hospital is not utilized by the commonwealth for the care and treatment of tuberculosis patients under contractual arrangements under section seventy-seven, and where such hospital is deemed by the board or officer in charge as no longer necessary for the care of tuberculous patients, the hospital may after being licensed under section seventy-one be converted into a chronic disease hospital or home for the care and treatment of aging persons, or the institution may be liquidated in accordance with law. The board or officer in charge of such institution may adopt such rules and regulations concerning the operation of the institution as a chronic disease hospital or home for the aging and concerning admission of patients thereto as deemed necessary; provided, however, that the rate or rates in such a chronic disease hospital or home for the aging for all general health supplies, care, services and accommodations shall be established by the rate setting commission under chapter six A.

§§ 88B to 90. Repealed by St.1961, c. 608, § 1

§ 91. Exemptions; size of cities and towns; change; cities and towns to become part of district; proportionate payment of costs

Cities having one hundred thousand or more inhabitants as determined by the last national census, and cities and towns having less than one hundred thousand inhabitants as determined as aforesaid and already possessing and continuing to furnish satisfactory tuberculosis hospital provision, shall be exempt from the provisions of sections seventy-eight to ninety, inclusive; provided, that no city included within a tuberculosis hospital district shall become entitled to such exemption by reason of any change in the number of inhabitants of such city, and provided, further, that each city or town of less than one hundred thousand inhabitants as aforesaid, which on July first, nineteen hundred and twenty-seven or at any time thereafter shall have failed to furnish tuberculosis hospital provision to the satisfaction of the department in a tuberculosis hospital maintained by said city or town or in a building or ward of a hospital set apart by it for its tubercular patients, or in any other public or private facility caring for patients with tuberculosis, shall, upon receipt of written notification from the department of such failure, become and be a part of the district of the tuberculosis hospital for the county or section thereof in which such city or town is situated; and provided, further, that any city or town may, at any time upon application and payment of its proportionate share of the actual construction costs, as hereinafter provided, of said county tuberculosis hospital, if any, become a part of the hospital district of the county or section thereof in which it is situated. Each city or town becoming, by reason of its failure to comply with this section or upon application as aforesaid, a part of a county hospital district shall pay to the district treasurer its proportionate share of the actual construction costs of said county tuberculosis hospital, if any, including land, buildings and equipment, computed as of the date of such failure or such application. In case the city council of such city or the selectmen of such town and the trustees of such county tuberculosis hospital do not agree on the amount of such proportionate share within three months after the receipt by said city or town of written notification from the department of failure as aforesaid or within three months after application as aforesaid, the amount of such share shall be determined by a valuation board consisting of the mayor of the city or the chairman of the board of selectmen of the town, a person to be selected forthwith after the expiration of said three months' period by the county commissioners of the county in which such city or town is situated, and a third person to be selected by the other two. If the representatives of the city or town and the county do not, within thirty days after the selection of the county representative on said board, agree upon a third member thereof, such third member shall, on petition therefor by any party in interest to the supreme judicial court, be appointed by a justice thereof. The decision of a majority of said valuation board shall be final.

Any city or town, not excepting those in excess of one hundred thousand population, which, on June first, nineteen hundred and fifty-four, was meeting the provisions of this section and section ninety-two for the care of tuberculosis patients in a hospital maintained by the city or town, may by contract, with the approval of the department, provide for such hospital care with any other city or town or with any county or with the department or with a private charitable tuberculosis sanatorium or hospital as provided in section seventy-nine, and any such city or town contracting for such care shall be exempt from the payment of construction costs of existing county sanatoria.

§§ 91A, 91B. Repealed by St.1961, c. 608, § 1

§ 91C. Diseases of chest; use of facilities for treatment; rules and regulations

Whenever, in the opinion of the board or officer in charge of a tuberculosis hospital maintained by a city or town, the entire facilities of such hospital are no longer needed for the treatment and care of persons in said city or town suffering from pulmonary tuberculosis, such board or officer may, so long as the department approves, establish and maintain at such hospital a division for the care and treatment of persons suffering from other diseases of the chest; provided, that sufficient beds are at all times available for persons with tuberculosis; and provided, further, that such division is licensed in accordance with sections seventy to seventy-three, inclusive. Subject to the approval of the department, the board or officer in charge of such hospital may, notwithstanding any contrary provisions of this chapter, promulgate rules and regulations for such division, including the charges for care and treatment therein.

Added by St.1959, c. 462.

DANGEROUS DISEASES

§ 92. Construction and maintenance of isolation hospitals; approval

Each city shall, and each town may, and upon request of the department shall, establish and maintain constantly within its limits one or more hospitals for the reception of persons having smallpox, diphtheria, scarlet fever, or other diseases dangerous to the public health except tuberculosis as defined by the department unless there already exists therein a hospital satisfactory to the department for the reception of persons ill with such diseases, or unless some arrangement satisfactory to the department is made for the care of such persons. All such hospitals established and maintained by cities and towns shall be subject to the orders and regulations of the boards of health thereof. Plans for construction of such hospitals shall be approved by the department before they are constructed, and the district health officers shall annually make such examination of said hospitals, and of all other hospitals, sanatoria, asylums, homes, prisons and dispensaries, both public and private, caring for diseases dangerous to the public health, as in the opinion of the department may be necessary, and report as to their condition and needs to those responsible for their management. A city or town which, upon the request of the department, refuses or neglects to establish and maintain such a hospital shall forfeit not more than five hundred dollars; provided, that if, in the opinion of the boards of health of two or more adjoining municipalities, such hospitals can advantageously be established and maintained in common, the authorities of the said cities or towns may, subject to the approval of the department, enter into any agreements deemed necessary to establish and maintain the same.

Amended by St.1955, c. 559, § 2; St.1961, c. 608, § 9.

§ 93. Regulation of persons approaching isolation hospital

Physicians, nurses, attendants, patients and all persons approaching or coming within the limits of such hospitals, and all furniture and other articles used or brought there, shall be subject to the regulations of the board of health.

§ 94. Receiving persons from adjoining towns

The board of health of any town which has established or which may hereafter establish within its limits a hospital for the reception of persons having smallpox or any other disease dangerous to the public health may receive for care and treatment in such hospital persons from an adjoining town who are infected with any of said diseases.

§ 94A. Certification of non-hospitalized persons afflicted with active tuberculosis; examination; transportation; release

(*a*) The board of health of any city or town, or any member thereof, or two physicians licensed to practice medicine in the commonwealth, may certify to the commissioner any non-hospitalized person who (1) is afflicted with active tuberculosis, (2) is unwilling or unable to accept proper medical treatment, and (3) is thereby a serious danger to the public health.

(*b*) On receipt of such certification the commissioner or his agent shall conduct or have conducted an examination of such person, and, if he concurs in the certification shall file a petition in the district court under section ninety-four C for the hospitalization of such person. If, however, such person refuses to submit to examination, the commissioner may order him to be hospitalized immediately at the tuberculosis treatment center, established under section ninety-four D for a fifteen-day observational period.

(*c*) If the commissioner or his agent concurs in the certification of the board of health, and finds that such person is in need of immediate hospitalization for the protection of the public health, he may order him to be hospitalized immediately at the tuberculosis treatment center for a fifteen-day emergency observational period.

(*d*) The commissioner or his agent may call on the police department of the city or town whose board of health certified such person, or the police department of the place where such person is present, to provide the transportation to the tuberculosis treatment center.

(*e*) If the patient is sent to the tuberculosis treatment center under this section, the superintendent thereof shall, at the expiration of fifteen days, either release the patient or file a petition with the district court under section ninety-four C. The patient may be detained at the center pending disposition of the petition.

Added by St.1956, c. 615, § 1. Amended by St.1964, c. 419, § 1.

§ 94B. Detention of patient at sanatorium; petition; transfer to tuberculosis treatment center; release

If any active tuberculosis patient in a municipal, county, state or private sanatorium or hospital indicates his desire to leave the institution against the medical advice of the superintendent or manager of the institution in accord with the accepted medical policy of the institution, and the superintendent or manager determines that to allow his release would be a serious danger to the public health, he may detain the patient, or, if he fears the patient may try to leave the hospital, he may request the local police department to transport the patient immediately to the tuberculosis treatment center established under section ninety-four D.

If the superintendent or manager detains the patient at his own institution, he shall immediately file a petition in the district court under section ninety-four C for the prolonged hospitalization of the patient. The patient may be detained at the institution pending disposition of the petition.

If the patient is transported to the tuberculosis treatment center he shall be detained there no longer than fifteen days, and upon the expiration of that time he shall be released, unless a petition for the prolonged hospitalization of such patient is filed by the superintendent thereof in the district court under section ninety-four C.

Added by St.1956, c. 615, § 1. Amended by St.1964, c. 419, § 2.

§ 94C. Court commitment to tuberculosis treatment center; procedure; notice; hearing

Any justice or associate justice of the district court may commit to the tuberculosis treatment center established under section ninety-four D, for prolonged hospitalization, any person afflicted with active tuberculosis and residing in or present in the jurisdiction of the court, concerning whom a petition has been filed in accordance with sections ninety-four A and ninety-four B.

The procedure for commitment shall be as follows:—

(1) If the petition is filed by the commissioner of public health or his agent under section ninety-four A in a nonemergency situation, the court shall appoint two physicians experienced in the diagnosis, care and treatment of tuberculosis to examine the person and report to the court on his condition and on his willingness and ability to accept proper medical treatment, and to give their opinion on whether or not it would be a serious danger to the public health to allow the person to be unhospitalized. Neither of these physicians shall be on the full-time staff of a state, county or municipal tuberculosis hospital.

The court shall give the person notice of his right to a hearing on the matter of his commitment. If the person does not request a hearing, the judge may order his commitment on the basis of the physicians' reports. If a hearing is requested, the court shall allow the person a reasonable time to prepare his case. The court need not see the person or hear him in open court if it is deemed inadvisable by the physicians because of his contagious condition. If, however, it is determined that the person cannot be present because of his condition, he must be given notice of this fact and of his right to have counsel and witnesses present at the hearing. In the latter case, the court shall appoint legal counsel to represent the person's interests at the hearing if he does not have his own legal counsel.

If the judge finds the person is afflicted with tuberculosis and is unwilling or unable to accept proper medical treatment, and is thereby a serious danger to the public health, the judge shall commit the person to the care and custody of the commissioner, to be cared for and treated at the tuberculosis treatment center.

(2) If the petition is filed by the superintendent of the tuberculosis treatment center under section ninety-four A or ninety-four B,

or under section ninety-four B by the superintendent or manager of another sanatorium or hospital, the judge shall give notice to the patient of his right to a hearing on the matter of his commitment. If a hearing is requested it shall be granted and the commitment procedure and medical examination shall be conducted in compliance with paragraph (1). If no hearing is requested the judge may, on the basis of the petition of the superintendent and on such other evidence as he may require, order the person committed.

Added by St.1956, c. 615, § 1. Amended by St.1964, c. 419, § 3.

§ 94D. Tuberculosis treatment center; establishment; supervision

The department shall establish a tuberculosis treatment center in one of the state hospitals, or may contract with a county, municipal or general hospital for the custody, care, treatment and rehabilitation of patients hospitalized under sections ninety-four A to ninety-four C, inclusive. Such center or hospital shall be equipped with adequate safeguards to prevent the escape of such patients. Such center or hospital shall be under the supervision of its superintendent, subject to the provisions of this chapter, or of any rules or regulations made by the commissioner.

The commissioner may construct facilities similar to said treatment center at any state hospital, and all such facilities, including facilities provided by contract for the same purpose, shall constitute the treatment center, as used in sections ninety-four A to ninety-four C, inclusive. On any hospitalization under said sections, the commissioner may assign the patients to whichever facility he deems best suited to care for them. The commissioner may transfer such patients from one such facility to another if he deems it advisable.

Added by St.1956, c. 615, § 1. Amended by St.1964, c. 419, § 4.

§ 94E. Financial responsibility for treatment of patients; residence

The full financial responsibility for the care and treatment of patients hospitalized at the tuberculosis treatment center shall be on the commonwealth. The placing of such financial responsibility on the commonwealth for the patients shall in no way affect the residence or other matters concerning the family or dependents of the patients.

Added by St.1956, c. 615, § 1. Amended by St.1961, c. 608, § 10; St.1964, c. 419, § 5; St.1974, c. 260, § 9.

§ 94F. Discharge from treatment center; declassification; transfer

Any person hospitalized at the treatment center may be discharged therefrom by the superintendent at any time he determines that it is in the best interest of the patient and of the public health so to do.

The superintendent may also declassify the patient as under the care and custody of this center and transfer him to an open ward at the same hospital, or transfer him to another sanatorium or hospital, state, county, municipal or private, if he deems it in the best interest of the patient and the public health. The admission of the patient to such other institutions shall be in accordance with the requirements of law for admission to such institutions.

Added by St.1956, c. 615, § 1. Amended by St.1964, c. 419, § 6.

§ 94G. Petition for release; order of release

Any person hospitalized at the treatment center may petition the district court which committed him to release him therefrom. Such petition shall not be made until six months after the original court commitment. If such petition is denied, another such petition shall not be filed until six months after the date of denial of a previous petition.

The court may order the person released from the treatment center if it finds such person is no longer affected with active tuberculosis, or is willing and able to accept proper medical treatment, and is thereby no longer a danger to the public health.

Added by St.1956, c. 615, § 1.

§ 94H. Regulations concerning content of certification; minimum standards

The commissioner and the public health council may make regulations concerning the content of the certification made by boards of health and physicians under section ninety-four A, including the definition of, and the methods for determining active tuberculosis. The commissioner and public health council may make regulations concerning the minimum standards for proper medical treatment for active tuberculosis patients cared for outside a hospital, so that such patients will not be a menace to the public health.

Added by St.1956, c. 615, § 1.

§ 95. Powers and duties of boards in cases of infectious diseases

If a disease dangerous to the public health breaks out in a town, or if a person is infected or lately has been infected therewith, the board of health shall immediately provide such hospital or place of reception and such nurses and other assistance and necessaries as is judged best for his accommodation and for the safety of the inhabitants, and the same shall be subject to the regulations of the board. The board may cause any sick or infected person to be removed to such hospital or place, if it can be done without danger to his health; otherwise the house or place in which he remains shall be considered as a hospital, and all persons residing in or in any way connected therewith shall be subject to the regulations of the board, and, if necessary, persons in the neighborhood may be removed. When the board of health of a town shall deem it necessary, in the interest of the public health, to require a resident wage earner to remain within such house or place or otherwise to interfere with the following of his employment, he shall receive from such town during the period of his restraint compensation to the extent of three fourths of his regular wages; provided, that the amount so received shall not exceed two dollars for each working day.

§ 96. Warrants to remove persons infected with dangerous disease

A magistrate authorized to issue warrants may issue a warrant directed to the sheriff of the county or his deputy, or to any constable or police officer, requiring him, under the direction of the board of health, to remove any person infected with a disease dangerous to the public health or who is a carrier of the causative agent thereof, or to take control of convenient houses and lodgings, and to impress into service and use such convenient houses, lodgings, nurses, attendants and other necessaries. The removal authorized by this section may be made to a hospital in any town established for the reception of persons having diseases dangerous to the public health; provided, that the assent of the board of health of the town to which such removal is to be made shall first have been obtained.

Amended by St.1938, c. 265, § 8.

§ 96A. Transportation of person infected with dangerous disease to another town

No town shall transport or permit to be transported to another town any person infected with a disease dangerous to the public health, without first obtaining the assent of the board of health of the town to which the patient is to be transported; but this requirement shall not apply to transportation to a hospital except under section ninety-six.

Added by St.1938, c. 265, § 9.

§ 97. Removal of patient from home where patient cannot be isolated

Sections ninety-five and ninety-six, so far as they confer authority for the removal of patients from their homes, shall apply only to persons residing in boarding houses or hotels, or to two or more families occupying the same dwelling, or in other cases where, in the opinion of the board, the patient cannot properly be isolated.

Amended by St.1938, c. 265, § 10.

§ 98. Permits for removal of infected articles or sick persons

Boards of health may grant permits for the removal of any nuisance, infected articles or sick person within the limits of their towns.

§ 99. Warrant to secure infected articles; application

If upon application of the board it appears to a magistrate authorized to issue warrants that there is just cause to suspect that baggage, clothing or goods found within the town are infected with any disease dangerous to the public health, he shall, by warrant directed to the sheriff or his deputy or to any constable, require him to impress as many men as said magistrate may judge necessary to secure such baggage, clothing or goods, and to post said men as a guard over the house or place containing such articles to prevent persons from removing or coming near the same until due inquiry is made into the circumstances.

§ 100. Warrant to take houses for safe keeping of infected articles

The magistrate may, by the same warrant, require the officers, under the direction of the board, to impress and take up convenient houses or stores for the safe keeping of such articles; and the board may remove them thereto or otherwise detain them until, in its opinion, they are freed from infection.

§ 101. Execution of warrant; breaking open houses

The officers, in executing the warrant, may command aid and may break open any house, shop or other place mentioned in the warrant. Whoever, being commanded by said officers to assist in the execution of the warrant, neglects or refuses so to do shall forfeit not more than ten dollars.

§ 102. Payment of expenses in purifying infected articles

The expense of securing, transporting and purifying such articles as fixed by the board shall be paid by the owners or by the town, as the board may determine. For any article of furniture or wearing apparel ordered destroyed by the board the town may recompense the owner to an amount not exceeding fifty dollars.

§ 103. Compensation for houses and stores impressed

If a sheriff or other officer impresses or takes up any houses, stores, lodging or other necessaries, or impresses men, the town where such persons or property are so impressed shall pay a just compensation to the persons entitled thereto. Compensation for taking or impressing property may be recovered under chapter seventy-nine.

§ 104. Prevention of spread of infection; public notice; removal

If a disease dangerous to the public health exists in a town, the selectmen and board of health shall use all possible care to prevent the spread of the infection and may give public notice of infected places by such means as in their judgment may be most effectual for the common safety. Whoever obstructs the selectmen, board of health or its agent in using such means, or whoever wilfully and without authority removes, obliterates, defaces or handles such public notices which have been posted, shall forfeit not less than ten nor more than one hundred dollars.

Amended by St.1938, c. 265, § 11.

§ 105. Violation of regulations

If a physician or other person who is in any of the hospitals or places of reception mentioned in section ninety-five, or who attends, approaches or is concerned with them, violates a regulation of the board of health relative thereto, he shall forfeit not less than ten nor more than one hundred dollars.

§ 106. Travelers from infected places outside commonwealth; license

The board of health of a town near to or bordering upon an adjoining state may in writing appoint suitable persons, who shall attend at places by which travelers may pass from infected places without the commonwealth, and who may examine such travelers as the board suspects of bringing any infection dangerous to the public health, and, if necessary, restrain them from traveling until licensed thereto by the board of health of the town to which they may come. A traveler coming from an infected place who, without such license, travels within the commonwealth, unless to return by the most direct way to the state whence he came, after he has been cautioned to depart by the persons so appointed, shall forfeit not more than one hundred dollars.

§ 107. Transportation of infected dead bodies; rules and regulations

No person shall convey or cause to be conveyed through or from any town in the commonwealth the body of any person who has died from any disease dangerous to the public health, except in accordance with such rules and regulations as may be made from time to time by the department. No town clerk, or clerk or agent of the board of health, shall give a permit for the removal of such a body until he has received from the board of health of the town where the death occurred a certificate stating the cause of death, and that said body has been prepared so as to preclude danger of contagion or infection by its transportation. The certificate shall be delivered to the agent or person receiving the body. The department shall formulate such rules and regulations pertaining to funerals of all persons dying from any disease dangerous to the public health as it deems necessary to prevent the spread of infection. Whoever violates any provision of this section or any rule or regulation made hereunder shall forfeit not more than twenty-five dollars.

Amended by St.1938, c. 265, § 12.

§ 108. Removal of sick prisoners

If a prisoner in a jail or house of correction has a disease which, in the opinion of the physician of the board of health or of such other physician as it may consult, is dangerous to the safety and health of other prisoners or of the inhabitants of the town, the board shall, in writing, direct his removal to a hospital or other place of safety, there to be provided for and securely kept until its further order. If he recovers from the disease, he shall be returned to his former place of confinement. If the person so removed has been committed by order of court or under judicial process, the order for his removal, or a copy thereof attested by the presiding member of the board, shall be returned by him, with the doings thereon, into the office of the clerk of the court from which the process of commitment was issued. No prisoner so removed shall thereby commit an escape.

§ 109. Notice of householder that person in family or house is infected with dangerous disease

A householder who knows or has cause to believe that a person in his family or house is infected with a disease dangerous to the public health shall forthwith give notice thereof to the board of health of the town where such householder dwells, unless a physician is in attendance. Upon the death, recovery or removal of such person, the householder shall disinfect to the satisfaction of the board such rooms of his house and articles therein as, in the opinion of the board, have been exposed to infection or contagion, but the board may in its discretion, disinfect all such premises as, in its opinion, have been exposed to any disease dangerous to the public health, at the expense of the town, and may employ any proper and competent person to so disinfect. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars.

Amended by St.1938, c. 265, § 13.

§ 109A. Treatment of infants' eyes at time of birth

The physician, or hospital medical officer registered under section nine of chapter one hundred and twelve, if any, personally attending the birth of a child shall treat his eyes within two hours after birth with a prophylactic remedy furnished or approved by the department. Whoever violates this section shall be punished by a fine of not more than one hundred dollars.

Added by St.1936, c. 115. Amended by St.1943, c. 46; St.1968, c. 358, § 4.

§ 110. Report of diseases of the eyes of infants

If either eye of an infant becomes inflamed, swollen and red, or shows an unnatural discharge within two weeks after birth, the nurse, relative or other attendant having charge of such infant shall report in writing, within six hours thereafter, to the board of health of the town where the infant is, the fact that such inflammation, swelling and redness of the eyes or unnatural discharge exist. On receipt of such report, or of notice of the same symptoms given by a physician, or a hospital medical officer registered under section nine of chapter one hundred and twelve, as provided by the following section, the board of health shall take such immediate action as it may deem necessary, including, so far as may be possible, consultation with an oculist and the employment of a trained nurse, in order that blindness may be prevented. Whoever violates this section shall be punished by a fine of not more than one hundred dollars.

Amended by St.1932, c. 180, § 17.

§ 110A. Tests of newborn children for treatable disorders

The physician attending a newborn child shall cause said child to be subjected to tests for phenylketonuria, cretinism and such other specifically treatable genetic or biochemical disorders which may be determined by testing as specified by the commissioner. The commissioner may convene an advisory committee on newborn screening to assist him in determining which tests are necessary.

The department shall make such rules pertaining to such tests as accepted medical practice shall indicate.

The provisions of this section shall not apply if the parents of such child object thereto on the grounds that such test conflicts with their religious tenets and practices.

Added by St.1963, c. 545. Amended by St.1978, c. 108.

§ 110B. Reyes syndrome treatment or examination; reports

A physician, intern, physician assistant, a public health nurse, or another person who professionally examines or treats a child with reyes syndrome shall report such examination or treatment to the department of public health in accordance with the rules and regulations of the department. Such report shall be made on forms prescribed by the commissioner and shall be submitted as soon as possible after such examination or treatment.

The department shall, subject to appropriation, maintain comprehensive records of all reports submitted pursuant to this section. Such reports shall be confidential and shall be released by the department only upon written request of the subject of such report, or his guardian, executor, attorney, or other person designated by said subject in writing. Such reports and records or information contained therein, may also be released by the department to persons authorized by the commissioner to conduct research studies or to other persons, but no report or record shall be released which allows identification of the subjects of said reports or records. Whoever violates this section shall be punished by a fine of not more than one hundred dollars.

Added by St.1978, c. 395.

§ 111. Notice to board of health that persons infected with dangerous diseases; application of section

If a physician knows or has cause to believe that a person whom he visits is infected with a disease dangerous to the public health, or if either eye of an infant whom or whose mother a physician, or a hospital medical officer registered under section nine of chapter one hundred and twelve, visits, becomes inflamed, swollen and red, or shows an unnatural discharge within two weeks after birth, he shall immediately give written notice thereof, signed by him, to the board of health of the town where the patient is being attended by him. If the board of health which receives such written notice is the board of health of a town other than that wherein the patient dwells, it shall, immediately upon receipt of such notice, send a copy thereof to the board of health of the town wherein the patient dwells; and, in addition thereto, the board of health which receives such written notice, whether or not it is the board of health of the town wherein the patient dwells, shall send a copy thereof to the board of health of the town in which the patient is known to have contracted such disease and to the board of health of each town in which he is known to have exposed any person to such disease. If a physician or such a hospital medical officer refuses or neglects to give the notice required by this section he shall be punished by a fine of not less than fifty nor more than two hundred dollars.

The foregoing provisions of this section and the provisions of section one hundred and nine shall not apply to venereal diseases as defined under section six, except in the case of eye infections in infants under two weeks of age. Any person having a venereal disease shall be reported to local boards of health either directly or through the department in accordance with such special rules and regulations as the department may make, having due regard for the best interests of the public.

Amended by St.1938, c. 265, § 14; St.1948, c. 129, § 2.

§ 111A. Cerebral palsy; reports

If a physician or hospital medical officer registered under section nine of chapter one hundred and twelve knows or has cause to believe that a person whom he is attending is afflicted with cerebral palsy, he shall give written notice thereof to the board of health of the city or town where the patient is being attended. Said board of health shall annually make such report to the department of the notices required under this section as the department by rule or regulation may prescribe. Such notices and such reports shall be solely for use of the boards of health and the department and shall not be open to public inspection or constitute a public record.

Added by St.1963, c. 118.

§ 112. Notice by local board to department

If the board of health of a town has had notice of a case of any disease declared by the department dangerous to the public health therein, it shall within twenty-four hours thereafter give notice thereof to the department, stating the name and the location of the patient so afflicted, and upon request the department shall forthwith certify any such reports to the department of public welfare.

Amended by St.1938, c. 265, § 15.

§ 113. Records of reports of dangerous diseases; notice

Every board of health shall keep a record of all reports received pursuant to sections one hundred and nine to one hundred and eleven, inclusive, containing the name and location of all persons who are infected, their disease, the name of the person reporting the case, the date of such report, and other information required by the department. Such records shall be kept in the manner or upon forms prescribed by the department. The board of health shall forthwith give information to the school committee of all diseases dangerous to the public health so reported to it. Every board of health shall appoint some person, who may or may not be a member of the board, who shall give notice to the department, as provided in the preceding section, of any person infected with a disease dangerous to the public health; and in case of the absence or disability of such appointee, the board of health shall appoint another person to perform this duty during such absence or disability. Such appointments and the acceptance thereof by the persons so appointed shall be placed upon the records of the board. Any person, having accepted such appointment, who wilfully refuses or wilfully neglects or through gross negligence fails to give such notices shall be punished by a fine of not more than fifty dollars.

Amended by St.1938, c. 265, § 16.

§ 114. Forfeiture of claim

A claim of a town against the commonwealth for reasonable expenses incurred by the board of health in making the provision required by law for persons infected with a disease dangerous to the public health shall not be defeated by reason of the failure on the part of the board to give notice of such disease to the department under section one hundred and twelve, if such claim is otherwise a valid claim against the commonwealth.

§ 115. Recovery of expenses

Expenses incurred by a town in the removal of nuisances or for the preservation of the public health, for which any person is liable, may be recovered in contract.

§ 116. Payment of reasonable expenses; chronically nonresident person defined

Reasonable expenses incurred by boards of health or by the commonwealth in making the provision required by law for persons infected with smallpox or other disease dangerous to the public health, other than tuberculosis, shall be paid by such persons, or, if such person is a minor, by his parents, if he or they are able to pay; otherwise, by the town where he has a residence upon the approval of the bill by the board of health of such town or by the department of public health of such town or by the department of public health when such person is determined to be a chronically nonresident person.

For the purposes of this section the term "chronically nonresident person" means a person who evidences by his past conduct an inability or unwillingness to establish and maintain a residency with any degree of permanency and whose instability and general living standards in exposing himself and others to infection makes him a special problem for control in the commonwealth of smallpox or other disease dangerous to the public health.

Amended by St.1943, c. 275, § 1; St.1961, c. 608, § 11; St.1964, c. 339, § 1; St.1967, c. 508.

CHRONIC RHEUMATISM

§ 116A. Hospitalization of persons suffering from chronic rheumatism; rules and regulations

The department, subject to rules and regulations approved by the rate setting commission, may provide for the care and treatment of persons suffering from chronic rheumatism for a period not exceeding six months in case of any one such person, and said department may enter into contracts with one or more existing hospitals within any metropolitan district for the care and treatment of such patients; provided, that not more than twenty-five such patients may be cared for or treated under this section at any one time.

Added by St.1937, c. 393. Amended by St.1968, c. 492, § 13.

VENEREAL DISEASES

§ 117. Establishment and maintenance of clinics for treatment of venereal diseases; examinations; minors

For the purpose of providing treatment for persons suffering from venereal diseases, as defined under section six, and who are unable to pay for private medical care, the department shall, or with the co-operation of local boards of health, hospitals, dispensaries or other agencies may, establish and maintain clinics in such parts of the commonwealth as it may deem most advantageous to the public health, and may otherwise provide treatment for such diseases subject to such rules and regulations as the department may from time to time establish. Cities and towns, separately or jointly, through their boards of health or municipal hospitals, may establish and maintain such clinics. For the purposes of this section, providing treatment shall include providing transportation or the reasonable cost of such transportation to and from the place where treatment is given whenever the patient is not able to pay for such transportation.

For the purposes of this section, physical examination and treatment by a registered physician or surgeon upon the person of a minor who voluntarily appears therefor, shall not constitute an assault or an assault and battery upon said person.

Amended by St.1935, c. 155; St.1937, c. 391; St.1948, c. 129, § 3; St. 1954, c. 44; St.1974, c. 187.

§ 118. Discrimination against treatment of venereal diseases

No discrimination shall be made against the treatment of venereal diseases, as defined under section six, in any general hospital supported by taxation in any city or town where special hospitals, other than hospitals connected with penal institutions, are not provided for the treatment of such diseases at public expense; but any such hospital may establish a separate ward for their treatment.

Amended by St.1933, c. 44; St.1948, c. 129, § 4.

§ 119. Records pertaining to venereal diseases

Hospital, dispensary, laboratory and morbidity reports and records pertaining to venereal diseases, as defined under section six, shall not be public records, and the contents thereof shall not be divulged by any person having charge of or access to the same, except upon proper judicial order or to a person whose official duties, in the opinion of the commissioner, entitle him to receive information contained therein. Violations of this section shall for the first offence be punished by a fine of not more than fifty dollars, and for a subsequent offence by a fine of not more than one hundred dollars.

Amended by St.1948, c. 129, § 5.

§ 120. Repealed by St.1948, c. 120

§ 121. Treatment of venereal diseases or pulmonary tuberculosis in public charitable or penal institutions; expenses

An inmate of a public charitable institution or a prisoner in a penal institution who is afflicted with a venereal disease, as defined under section six or pulmonary tuberculosis shall be forthwith placed under medical treatment, and if, in the opinion of the attending physician, it is necessary, he shall be isolated until danger of contagion is passed or the physician determines his isolation unnecessary. If at the expiration of a prisoner's sentence he is afflicted with a venereal disease, as defined under section six or pulmonary tuberculosis in its contagious or infectious stages, or if, in the opinion of the attending physician of the institution or of such physician as the authorities thereof may consult, his release would be dangerous to public health, he shall be placed under medical treatment in the institution where he has been confined. Thereupon the authorities of such institution shall notify the department of public welfare of his condition and said department shall provide for his hospitalization and medical care at an institution until, in the opinion of the attending physician of the institution wherein he is being treated, the symptoms have disappeared and his release will not endanger the public health. Notice of a prisoner's release hereunder to the department of public welfare shall be made to the department of public health. The expense of his support, not exceeding three dollars and fifty cents a week, shall be paid by the town where he resides, after notice of the expiration of his sentence and of his condition to such town, or, if he is a state charge, by the commonwealth after like notice to the department of public welfare.

Amended by St.1945, c. 555; St.1948, c. 129, § 6; St.1974, c. 260, § 10.

§ 121A. Serological test for syphilis of pregnant women

A physician attending a pregnant woman in this commonwealth during gestation shall take or cause to be taken a sample of blood of such woman at the time of first examination, and shall submit such sample for a standard serological test for syphilis to a laboratory of the department or to a laboratory approved for such test by the department; provided, that not more than one physician attending a pregnant woman during gestation shall be required to comply with the provisions of this section.

Added by St.1939, c. 407.

NUISANCES

§ 122. Regulations relative to nuisances; examinations

The board of health shall examine into all nuisances, sources of filth and causes of sickness within its town, or on board of vessels within the harbor of such town, which may, in its opinion, be injurious to the public health, shall destroy, remove or prevent the same as the case may require, and shall make regulations for the public health and safety relative thereto and to articles capable of containing or conveying infection or contagion or of creating sickness brought into or conveyed from the town or into or from any vessel. Whoever violates any such regulation shall forfeit not more than one hundred dollars.

§ 122A. Unsafe or inadequate supply of water in places of habitation or where food or drink is served to public; option order

Upon determination by the board of health that the available supply of water for drinking, culinary and other domestic purposes in any place of habitation, or in any place where food or drink is prepared, handled or served to the public, is so unsafe or inadequate as to constitute a nuisance within the meaning of this chapter, said board may issue a written order to the owner of such place, as appearing in the current records of the assessors, requiring him to discontinue the use of the water supply, or, at his option, to provide such place with a water supply safe and adequate for such purposes. Any person who wilfully fails or refuses to comply with such an order shall be punished by a fine of not less than fifty dollars, and the board may thereupon cause the removal of the occupants of the place to which the order relates, which shall not again be occupied as a place of habitation or place in which food or drink is prepared, handled or served to the public, without its written permission. The superior court, on a petition in equity brought by said board, shall have jurisdiction by injunction or otherwise to enforce any order issued under this section.

Added by St.1947, c. 148.

§ 123. Abatement by owner

Said board shall order the owner or occupant of any private premises, at his own expense, to remove any nuisance, source of filth or cause of sickness found thereon within twenty-four hours, or within such other time as it considers reasonable, after notice; and an owner or occupant shall forfeit not more than twenty dollars for every day during which he knowingly violates such order.

§ 124. Service of order for abatement

Such order shall be in writing, and may be served personally on the owner, occupant or his authorized agent by any person authorized to serve civil process; or a copy of the order may be left at the last and usual place of abode of the owner, occupant or agent, if he is known and within or without the commonwealth; or a copy of the order may be sent to the owner, occupant or agent by registered mail, return receipt requested, if he is known and within the commonwealth. If the order is directed against the owner and if the residence and whereabouts of the owner or his agent are unknown or without the commonwealth, the board may direct the order to be served by posting a copy thereof in a conspicuous place on the premises and by advertising it for at least three out of five consecutive days in one or more newspapers of general circulation within the municipality wherein the building affected is situated.

Amended by St.1949, c. 280; St.1965, c. 898, § 2.

§ 125. Removal of nuisance by board

If the owner or occupant fails to comply with such order, the board may cause the nuisance, source of filth or cause of sickness to be removed, and all expenses incurred thereby shall constitute a debt due the city or town upon the completion of the removal and the rendering of an account therefor to the owner, his authorized agent, or the occupant, and shall be recoverable from such owner or occupant in an action of contract.

The provisions of the second paragraph of section three A of chapter one hundred and thirty-nine, relative to liens for such debt and the collection of the claims for such debt, shall apply to any debt referred to in this section, except that the board of health shall act hereunder in place of the mayor or board of selectmen.

Amended by St.1970, c. 649, § 1.

§ 125A. Review of order adjudging the operation of a farm to be a nuisance

If, in the opinion of the board of health, a farm or the operation thereof constitutes a nuisance, any action taken by said board to abate or cause to be abated said nuisance under sections one hundred and twenty-two, one hundred and twenty-three and one hundred and twenty-five shall, notwithstanding any provisions thereof to the contrary, be subject to the provisions of this section; provided, however, that the odor from the normal maintenance of livestock or the spreading of manure upon agricultural and horticultural lands shall not be deemed to constitute a nuisance.

In the case of any such nuisance a written notice of an order to abate the same within ten days after receipt of such notice shall first be given as provided in section one hundred and twenty-four. If no petition for review is filed as herein provided, or upon final order of the court, said board may then proceed as provided in said sections one hundred and twenty-two, one hundred and twenty-three and one hundred and twenty-five, or in the order of the court. If the owner or operator of said farm within said ten days shall file a petition for a review of such order in the district court for the district in which the farm lies, the operation of said order shall be suspended, pending the order of the court. Upon the filing of such petition the court shall give notice thereof to said board, shall hear all pertinent evidence and determine the facts, and upon the facts as so determined review said order and affirm, annul, alter or modify the same as justice may require. The parties shall have the same rights of appeal on questions of law as in other civil cases in the district courts.

Added by St.1958, c. 469. Amended by St.1979, c. 224.

§ 126. Location of privy vaults

If the city council of a city, or a town having a population of more than one thousand, accepts this section, or has accepted corresponding provisions of earlier laws, no privy vault shall be constructed upon premises connected with a common or private sewer or abutting on a public or private street, court or passageway in which there is a common sewer opposite thereto, without permission in writing having first been obtained from the board of health. And if, in the opinion of said board, a privy vault so situated is injurious to the public health, it shall declare the same a nuisance and forbid its continuance, and the three preceding sections shall apply thereto.

§ 127. Regulations relative to house drainage

The board of health of a city or town may make and enforce regulations for the public health and safety relative to house drainage and connection with common sewers, if such a sewer abuts the estate to be drained. Master plumbers and journeymen licensed under chapter one hundred and forty-two shall be exempt from any such regulation relative to license qualifications, but shall be subject to all other regulations. Whoever violates any such regulation shall forfeit not more than one hundred dollars.

Amended by St.1937, c. 339; St.1963, c. 148, § 2.

§ 127A. State sanitary code; adoption; enforcement; jurisdiction; speedy trial

Said department shall adopt, and may from time to time amend, public health regulations to be known as the state sanitary code, which may provide penalties for violations thereof not exceeding five hundred dollars for any one offence. Said code shall become effective and have the force of law upon filing with the state secretary or at such later date as may be specified by the department. The code shall deal with matters affecting the health and well-being of the public in the commonwealth in subjects over which the department takes cognizance and responsibility, including, but not limited to, standards of fitness for human habitation, housing and sanitation standards for farm labor camps, standards for recreational camps for children, and sanitation standards for food service establishments; provided, however, that single-purpose classes, workshops, clinics or programs sponsored by municipal recreation departments, or neighborhood playgrounds designed to serve primary play interests and needs of children, as well as affording limited recreation opportunities for all people of a residential neighborhood, whether supervised or unsupervised, located on municipal or non-municipal property, whether registration is required or participation is on a drop-in basis, shall not be deemed to be recreational camps for children. Nothing contained in the code shall be in conflict with any general or special law. This section shall not be deemed to limit the right of any board of health to adopt such rules and regulations as, in its opinion, may be necessary for the particular locality under its jurisdiction; provided, such rules and regulations do not conflict with the laws of the commonwealth or the provisions of the code. Said code may provide for the demolition, removal, repair or cleaning by local boards of health and, in the cities of Boston and Worcester, by the commissioner of housing inspection, of any structure which so fails to comply with the standards of fitness for human habitation or other regulations in said code, as to endanger or materially impair the health or well-being of the public. Said code or a supplement thereto shall designate those conditions which, when found to exist upon inspection of residential premises, shall be deemed to endanger or materially impair the health or safety of persons occupying the premises. This designation shall not be construed at prohibiting an inspector or other authorized person from certifying that any other violation or combination or series of violations of said code or other applicable laws, ordinances, by-laws, rules or regulations may endanger or materially impair the health or safety of said persons when such certification is otherwise appropriate.

Local boards of health shall enforce said code in the same manner in which local health rules and regulations are enforced, but, if any such local boards fail after the lapse of a reasonable length of time to enforce the same, the department may in like manner enforce said code against any violator. The superior court shall have jurisdiction in equity to enforce the provisions of said code and any actions brought to enforce said provisions shall be advanced for speedy trial.

§ 127B. Dwellings unfit for human habitation; order to vacate or to abate nuisance; removal of occupants; demolition expense, lien; inspection reports; code violations; notices; enforcement proceedings, jurisdiction; appeal

Upon a determination by the board of health, or, in the cities of Boston and Worcester, by the commissioner of housing inspection, after examination as provided in said code, that a building, tenement, room, cellar, mobile dwelling place or any other structure *(a)* is unfit for human habitation, *(b)* is or may become a nuisance, or *(c)* is or may be a cause of sickness or home accident to the occupants or to the public, it may issue a written order to the owner or occupant or any of them thereof, requiring the owner or occupant to vacate, to put the premises in a clean condition, or to comply with the regulations set forth in said code which are not being complied with or to comply with the rules and regulations adopted by the board of health as being necessary for the particular locality. The order shall be served in the same manner as is provided for the service of an order by section one hundred and twenty-four. A copy of such order shall be served upon any mortgagee of record by sending the same by registered mail, return receipt requested. If the owner or occupant refuses to comply with such order, the board of health may cause the premises to be properly cleaned at the expense of the owner or occupant, remove the occupant forcibly and close up the premises, or it may issue a written notice to the owner of such building, as appearing in the current records of the assessors of such town, setting forth the particulars of such unfitness and requiring that the conditions be remedied. If the person so notified fails within a reasonable time to remedy the conditions thus set forth, the superior court on a petition in equity brought by the board of health, shall have jurisdiction, by injunction or otherwise, to enforce the requirements of the board of health. A copy of such written notice shall be served upon any mortgagee of record, by sending the same by registered mail, return receipt requested. No occupant of any residential premises may be removed, nor any order to vacate issued to any such occupant, unless the board of health has previously issued a written finding that the premises are unfit for human habitation. The board shall enter in said finding the material facts upon which such finding is based. No such finding shall be made before said occupants have been given written notice and an opportunity for a public hearing to be held not less than five days after receipt of such notice, unless the board of health determines in writing that the danger to the life or health of the occupants is so immediate that no delay may be permitted. In all other cases in which the board of health determines that residential premises are not unfit for human habitation but that conditions within such premises in violation of said code or rules and regulations may not be remedied unless the occupants are removed therefrom, it may bring an action to remove the occupants from the premises pursuant to chapter two hundred and thirty-nine. In any such action, the court shall consider the matter according to the procedures and standards otherwise set forth in said chapter, and may grant a stay or stays of execution when appropriate. Premises closed up under the provisions of this section shall not be occupied as a human habitation without written permission of the board of health. If compliance with the regulations contained in said code has not been effected within one year from the date the premises have been so closed up the board of health may cause such structure to be demolished or removed; provided, however, that said board, upon written certification to it by the head of the local health department that immediate demolition or removal is essential to protect the health and safety of the public, may cause such demolition or removal within ninety days of said closing. A claim for the expense incurred by said board in cleaning the premises or in causing such structure to be demolished or removed shall constitute a debt due the city or town upon the completion of the work and the rendering of an account therefor to the owner of such structure, and shall be recoverable from such owner in an action of contract.

Any such debt, together with interest thereon at the rate of six per cent per annum from the date such debt becomes due, shall constitute a lien on the land upon which the structure is or was located if a statement of claim, signed by the board of health, setting forth the amount claimed without interest is filed, within ninety days after the debt becomes due, with the register of deeds for record or registration, as the case may be, in the county or in the district, if the county is divided into districts, where the land lies. Such lien shall take effect upon the filing of the statement aforesaid and shall continue for two years from the first day of October next following the date of such filing. Such lien may be dissolved by filing with the register of deeds for record or registration, as the case may be, in the county or in the district, if the county is divided into districts, where the land lies, a certificate from the collector of the city or town that the debt for which such lien attached, together with interest and costs thereon, has been paid or legally abated. Such collector shall have the same powers and be subject to the same duties with respect to such claim as in the case of the annual taxes upon real estate, and the provisions of law relative to the collection of such annual taxes, the sale or taking of land for the nonpayment thereof, and the redemption of land so sold or taken shall apply to such claim.

Local boards of health shall enforce said code in the same manner in which local health rules and regulations are enforced but if, any such local board fails after the lapse of a reasonable length of time to enforce the same, the department may in like manner enforce said code against any violator.

The superior court shall have jurisdiction in equity to enforce the provisions of said code.

A board of health and, in the cities of Boston and Worcester the commissioner of housing inspection, or local code enforcement agency may file a petition under section one hundred and twenty-seven H.

A copy of the report of any investigation or inspection of residential premises for violations of the code or other applicable laws, ordinances, by-laws, rules or regulations, and of any written order or notice issued by the board, shall be delivered personally or sent by first class mail to the occupants of all affected premises within seven days after the investigation or inspection of the premises or the issuance of the order or notice. A notice of the date, time and place of any administrative or court hearings scheduled by or known to the board relating to violations, including all referrals of violations to other government agencies, shall also be delivered or sent to the occupants. All investigation or inspection reports shall include the name of the inspector, and the date and time of the inspection or investigation; the date and time of any scheduled follow-up inspection; a description of the conditions constituting the violations, if any; a listing of the specific provisions of the code or other applicable laws, ordinances, by-laws, rules or regulations that appear to be violated; a determination by the official inspecting the premises whether each violation, or the cumulative effect of all violations, may endanger or materially impair the health, safety or well-being of any occupant or the public; a determination by said official whether any violations appeared to be substantially caused by the occupant or any person acting under his control; and a brief summary of the statutory remedies available to occupants of the affected premises. All reports, orders or notices relating to such inspections, investigations, or violations shall be public records, and shall be kept on file by the originating agency according to law.

Any person aggrieved by the failure of any inspectors or other personnel of the board or other code enforcement agency to inspect upon request any premises that the board or agency may lawfully inspect, or to find violations of law where such violations are claimed to exist, or to certify that such violations may endanger or materially impair the health, safety or well-being of the occupants, may appeal such failure to act to the full board or to the head of the agency. Such appeal shall be given a speedy hearing before said board or an impartial officer of said agency.

Added by St.1965, c. 898, § 3. Amended by St.1966, c. 78; St.1972, c. 522; St.1973, c. 295; St.1973, c. 920; St.1974, c. 298; St.1978, c. 104, §§ 2, 3.

§ 127C. Petition in district court for violation of sanitary code; requisites

If the condition of any building or any part thereof used for residential purposes is in violation of the standards of fitness for human habitation established under the state sanitary code, as provided by section one hundred and twenty-seven A, or in violation of any board of health standards, a petition may be filed by any affected tenant or by the board of health, or, in the cities of Boston and Worcester, by the commissioner of housing inspection, in a district court within the judicial district of which such building is situated. The petition shall state that the premises have been inspected by the board of health or other appropriate inspection agency and that the condition of said premises has been found to be in violation of the state sanitary code; that such condition may endanger or materially impair the health or well-being of any tenant therein; and that said condition was not substantially caused by the tenant or any other person acting under his control.

An affected tenant may also file a petition in such district court without stating that such premises have been found by an appropriate inspection agency to be in violation of any such standards, provided that he states (*a*) facts sufficient to demonstrate a likely violation of the state sanitary code which may endanger or materially impair the health or well-being of any tenant in the building or premises occupied by such tenant, (*b*) that the conditions in question were not substantially caused by such tenant or any person acting under his control and (*c*) that a request for inspection of such premises was made to the appropriate inspecting agency at least twenty-four hours prior to the filing of the petition and that there has been no inspection.

Added by St.1965, c. 898, § 3. Amended by St.1969, c. 242; St.1978, c. 104, § 4.

§ 127D. Entry fee; notice upon offending owner

The entry fee for a petition under section one hundred and twenty-seven C shall be two dollars. Upon the filing of such a petition, an order of notice shall issue requiring the owner of record to appear at a time not later than fourteen days after the issuance of said order of notice, to file an answer to the matters alleged in the petition including therein the names and addresses of any mortgagees or lienors of record known to the owner of record, and to submit to a hearing thereon.

Such order of notice shall be served at least seven days before the return day thereof, by any officer qualified to serve civil process by delivering to the respondent an attested copy thereof, or, by leaving such copy at his last and usual place of abode, or, at the address to which the rent is sent or delivered, or, if the respondent is a corporation, service may also be made in the manner provided by law or by leaving an attested copy thereof at the last and usual place of abode of the president, treasurer or clerk of the corporation, or in such other manner as the court may direct.

Added by St.1965, c. 898, § 3.

§ 127E. Copy of report of investigation; admissibility in evidence

A copy of the report of the investigation by the department of public health or the board of health, or, in the cities of Boston and Worcester, the commissioner of housing inspection, certified as a true copy by the custodian of the records of such agency shall be admissible in any proceeding brought under section one hundred and twenty-seven C without further authentication, and shall be prima facie evidence of the facts stated therein.

Added by St.1965, c. 898, § 3. Amended by St.1978, c. 104, § 5.

§ 127F. Court order regarding rental payments; disbursement of funds

If the court finds after hearing that the facts are as alleged in said petition, it may by written order authorize the petitioner or any other affected tenant to pay to the clerk of the court the fair value of the use and occupation of the premises, or such installments thereof from time to time as the court may direct; provided the court finds that any such violation may endanger or materially impair the health, safety or well-being of such tenant and that such payments are necessary to remedy the condition constituting the violation; and that said tenant is not in arrears in his rent, taking into account any abatement of rent due to the existence of such violations, or if he is in arrears is willing to pay any arrearage into the court as ordered. A person occupying the premises shall not be considered to be in arrears in his rent when the amount of rent the landlord alleges in good faith to be due is equal to or less than the amount of any counterclaim that said person may bring in good faith against the landlord, including any damages owed because of a breach of warranty or a violation of any other law. In determining said fair value, the court may be guided by any findings issued by the department or any other agency concerned with the condition of residential premises and any other evidence relative to the effect of violations of such standards upon the use and occupation of residential premises. Any order of the court shall be forthwith sent by the clerk of the court to any and all mortgagees and lienors of record as the court deems proper under the circumstances.

The court may direct the clerk by written order to disburse all or any portion of the rental payments received by him to the respondent for the purpose of effectuating the removal of the violation. The court may also direct the clerk to make such other disbursements of the rental payments to the respondent or to any other person as in the judgment of the court will permit the owner to maintain the property.

When the violation is removed, the court shall direct that the balance of funds, if any, remaining with the clerk be paid to the respondent. The court may render judgment for costs in its discretion.

Added by St.1965, c. 898, § 3. Amended by St.1975, c. 467, § 1.

§ 127G. Removal from district to superior court; transmittal of rents and removal fees

At any time after thirty days from the date of the court's order authorizing the making of rental payments into court under section one hundred and twenty-seven F, upon application of any party and upon payment of a removal fee of five dollars, the clerk of the district court shall remove the case to the superior court for further proceedings therein, in the same manner and to the same extent as if the petition had originally been brought in said court pursuant to the provisions of section one hundred and twenty-seven B. The clerk of court shall forthwith transmit any rents held by him, as the result of a written order issued under section one hundred and twenty-seven F together with the removal fee, to the clerk of the superior court. The provisions of this section shall not apply to any case brought in the housing court of the city of Boston or in the housing court of the county of Hampden.

Added by St.1965, c. 898, § 3. Amended by St.1971, c. 843, § 3; St.1973, c. 591, § 2.

§ 127H. Petition by tenant to enforce sanitary code; contents; process; orders of court

Any tenant who rents space in a building for residential purposes wherein a condition exists which is in violation of the standards of fitness for human habitation established under the state sanitary code or in violation of any board of health standards, which condition may endanger or materially impair his health or well-being or the health or well-being of the public, may file a petition against the owner of said building to enforce the provisions of the said code in the superior court. Such petition shall set forth the violation of the state sanitary code or the rules and regulations of the board of health shall state that such condition may endanger or materially impair the health or well-being of any tenant therein; and that said condition was not substantially caused by the tenant or any other person acting under his control. The petition shall also state that the violation has been determined to exist by inspection of a board of health or, in the cities of Boston and Worcester, of the commissioner of housing inspection, or shall state that such inspecton had been requested at least twenty-four hours prior to the filing of the petition and that there has been no inspection. Upon filing such petition, process shall issue and be served, and a hearing shall be held as provided in section one hundred and twenty-seven D. At least seven days prior to any hearing the petitioner shall send by certified or registered mail a copy of the petition to all mortgagees and lienors of record, and shall notify them of the time and place of the hearing.

The provisions of section one hundred and twenty-seven E shall apply in any such hearing.

The court may:

(a) issue appropriate restraining orders, preliminary injunctions and injunctions;

(b) authorize any or all tenants in the respondent's building wherein the violation exists to pay the fair value of the use and occupation of the premises or such installments thereof from time to time as the court may direct to the clerk of the court in the same manner and subject to the same provisions as contained in section one hundred and twenty-seven F;

(c) order all the tenants in the respondent's building wherein the violation exists to vacate the premises, and order the board of health to close up said premises; or

(d) appoint a receiver.

A copy of any order, finding or decree made by the court hereunder shall be forthwith sent by the clerk of the court to any mortgagee and lienor of record.

Added by St.1965, c. 898, § 3. Amended by St.1972, c. 201; St.1975, c. 467, § 2; St.1978, c. 104, § 6.

§ 127*I*. Powers and duties of receiver

Upon appointment such receiver shall post such bond as may be deemed sufficient by the court, shall forthwith collect all rents and profits of the property as the court shall direct and use all or any of such funds, or funds received from the commonwealth as hereinafter provided, to enable such property to meet the standards of fitness for human habitation. A receiver shall have such powers and duties as the court shall determine, including the right to evict for nonpayment of rent. A receiver may be a person, partnership or corporation.

Added by St.1965, c. 898, § 3.

§ 127J. Petition by receiver to apply for financial assistance; notice and hearing; financial assistance; lien

A receiver may petition the court for leave to apply for financial assistance from the commonwealth to supplement funds otherwise available from rents, if he deems that the rents are insufficient to effectuate the necessary repairs or rehabilitation. Seven days' notice of a hearing on said petition shall be given to the respondent as well as any mortgagees or lien holders of record. The court, after hearing, may, by decree, authorize the receiver to apply for such financial assistance, if it finds such assistance is necessary, that it is in a reasonable amount and that the sum required to repair and rehabilitate the premises is not so excessive as to constitute an imprudent and unreasonable expenditure to accomplish the purpose.

Application for financial assistance shall be made to the department of public health in such manner and on such forms as may be prescribed by said department.

Said department may expend for such assistance such sums as may be appropriated therefor.

The receiver shall return any unused portion of any sums received by him to the commonwealth. The balance owed by the receiver to the commonwealth shall, together with interest thereon at the rate of six per cent per annum, constitute a debt due the commonwealth, upon the rendering of an account therefor to the owner of record, and shall be recoverable from such owner in an action of contract. Any such debt, including interest thereon, shall constitute a lien on the property involved, if a notice of such lien is recorded on behalf of the commonwealth in the proper registry of deeds within ninety days after the debt becomes due.

Any proceeding under this section may be advanced for speedy trial.

Added by St.1965, c. 898, § 3.

§ 127K. Agreement to waive enforcement of sanitary code; validity

Any provision of a lease or other rental agreement relating to real property whereby a lessee, tenant or occupant enters into a covenant, agreement or contract, by the use of any words whatsoever, the effect of which is to waive the benefits of any provision of section one hundred and twenty-seven C to one hundred and twenty-seven I, inclusive, shall be deemed to be against public policy and void.

Added by St.1968, c. 404, § 2.

§ 127L. Repairs by tenants of residential premises to cure violations; reimbursement for cost

When violations of the standards of fitness for human habitation as established in the state sanitary code, or of other applicable laws, ordinances, by-laws, rules or regulations, may endanger or materially impair the health, safety or well-being of a tenant of residential premises and are so certified by the board of health or local code enforcement agency, or in the cities of Boston and Worcester by the commissioner of housing inspection, or by a court of law, and if the owner or his agent has been notified in writing of the existence of the violations and has failed to begin all necessary repairs or to contract in writing with a third party for such repairs within five days after such notice, and to substantially complete all necessary repairs within fourteen days after such notice, unless a board of health, local code enforcement agency or court has ordered that said violations be corrected within a shorter period, in which case said period shall govern, the tenant or tenants may repair or have repaired the defects or conditions constituting the violations. The tenant or tenants may subsequently deduct from any rent which may subsequently become due, subject to the provisions of the following paragraph, an amount necessary to pay for such repairs. The tenant or tenants may, alternatively in such cases, treat the lease or rental agreement as abrogated, pay only the fair value of their use and occupation and vacate the premises within a reasonable time.

A tenant may not deduct pursuant to this section an amount greater than four months' rent in any twelve-month period, or period of occupancy, whichever is shorter, from rent due to the owner. Such amount shall be computed on the basis of the highest monthly rent during the tenant's occupancy or during the twelve-month period before the violation is repaired, whichever is shorter. Where the violation affects more than one unit of a multi-unit structure, or a portion of the structure reserved for the common use of tenants, the amount deducted for repairs for all affected tenants shall not exceed the total of four months' rent due to the owner from all affected tenants. Failure to exercise any rights under this section in any twelve-month period shall not increase a tenant's rights in any subsequent twelve-month period.

The owner may recover from the tenant any excessive amount deducted from the rent. The amount deducted shall be excessive to the extent that it exceeded four months' rent as calculated pursuant to the preceding paragraph, or if it was unreasonable under all the circumstances. The criteria for unreasonableness shall include, but are not limited to, the alternatives available to the tenant at the time the violations were first reported, the urgency of the need to repair, and the quality and cost of the work done. Any excess deducted may be recovered in an action in contract, but not in an action for possession of the rental premises. The terms of such recovery may include an increase in rent for such future periods as the court may order. No owner may increase rents because of repairs made pursuant to this section, except pursuant to such a court order, and the provisions of section eighteen of chapter one hundred eighty-six shall apply to any such increase in rent.

The rights afforded tenants under this section shall not extend to conditions or violations caused by a tenant or by a person in the family or household of a tenant or by a business invitee or guest of a tenant. A tenant may not invoke the protection of this section if he has unreasonably denied the owner access to the dwelling unit and thereby prevented the owner from making necessary repairs.

In no case may the rights afforded a tenant under this section be construed to limit any other remedies available to him by law, or to impose a duty on him to repair, or to create or imply an assumption of any risk by the tenant; nor shall they relieve a landlord of any existing duty or liability under the state sanitary code or other applicable statutes, rules, regulations, by-laws, or ordinances.

Any provision of a residential lease or rental agreement whereby a tenant, lessee, or occupant enters into a covenant, agreement or contract, the effect of which is to waive the benefits of any provision of this section, shall be against public policy and void; except that a covenant in any lease of two years' duration not counting any renewal periods, in which the tenant undertakes to make certain defined repairs or renovations in consideration for a substantially lower rent, shall not be against public policy nor void.

Added by St.1972, c. 799. Amended by St.1975, c. 274, §§ 1 to 3; St.1978, c. 104, § 7.

§ 127M. Repealed by St.1975, c. 615

§ 127N. Actions by tenants against owners of residential premises; joinder of certain other persons as parties; liability; exception

In actions brought under this chapter against owners of residential premises a tenant may, prior to a hearing on the merits, move to join the following persons as parties: any individual, trust or corporation, partnership, association or other person who, acting alone or with another, has the authority to decide whether to rehabilitate, or sell or otherwise dispose of the premises, with or without record title or recorded interest. Such person shall not be joined, however, if its decisionmaking authority is derived solely from its position as a fiduciary if such person has never personally had any financial or possessory interest in the premises.

If the court finds that the owner may be unable for financial reasons or otherwise to perform any act or pay any liability that may be ordered if judgment is entered for the tenant, and court shall allow the motion joining any such person. The owner and any person so joined shall be jointly and severally liable for taking any action or paying any damages ordered by the court; provided, however, that the provisions of this section regarding the liability of persons other than owners shall not apply to two and three family owner-occupied residential premises.

Added by St.1974, c. 681.

§ 128. Repealed by St.1954, c. 209, § 1

§ 128A. Filling of sites of demolished or removed buildings

The board of health may adopt and, from time to time, revise regulations requiring that the site of a demolished or removed building or structure be levelled to uniform grade by a sanitary fill proper to prevent rodent harborage and other insanitary conditions.

Added by St.1949, c. 156, § 1.

§§ 128B to 128F. Repealed by St.1963, c. 390, § 2

§ 128G. Farm labor camps; inspection; certificate; complaints

The department shall annually inspect all farm labor camps as defined in the state sanitary code, or, in lieu thereof, may delegate any such annual inspection to a local board of health. When such inspection is so delegated, the local board of health shall make its inspection and file its report with the department within thirty days of notice of such delegation. If a farm labor camp after inspection conforms with the requirements of said code the department shall issue a certificate of occupancy which shall be posted upon one or more of the buildings comprising such camp. No such camp shall be opened in any year unless a current certificate of occupancy has been so posted. Any such certificate may be revoked for any violation of said code which the department after inspection determines exists. Complaints in writing of violations of the sanitary code, whether filed with the local board of health or the department, shall be investigated by the department as soon as practicable but in any event within thirty days after such filing. If any such complaint is filed with the local board of health said board shall forthwith forward said complaint to the department. The provisions of this section shall not be construed to limit or restrict the powers and duties of local boards of health.

Added by St.1967, c. 718, § 5.

§ 128H. Migrant workers; educational and recreational opportunities; locomotion; visitation rights; regulations; injunctive relief

The department of public health shall, as a part of its inspection of a site for a farm labor camp, determine what educational and recreational opportunities may be available for migrant workers, and shall, as far as is practical, encourage the development of such opportunities in cooperation with local and state agencies. The department shall protect the right of the migrant worker to enter and leave the premises of the employer during the period of his employment, and shall include in its certificate of occupancy a notification to the worker that such right exists, notwithstanding any contract provision to the contrary. A worker living in quarters apart from the living quarters of his employer shall have reasonable rights of visitation in his living quarters outside of regular working hours and the certificate of occupancy issued by the department shall include notification, in English and in Spanish, of said rights. The department shall establish, by promulgation of regulations, such minimum standards relating to the rights of visitation under this section as will ensure the adequate protection of said rights. The superior court shall have jurisdiction in equity upon petition brought by the department in the name of the commonwealth to restrain and enjoin violations of this, or of section one hundred and twenty-eight G, or regulations promulgated thereunder.

Added by St.1967, c. 718, § 5A. Amended by St.1971, c. 373.

§ 129. Removal or destruction of nuisance on conviction of owner

If a person is convicted on an indictment for a common nuisance injurious to the public health, the court may order the nuisance to be removed or destroyed at the expense of the defendant, under the direction of the board of health.

§ 130. Enjoining nuisance

The superior court, either before or pending a prosecution for a common nuisance affecting the public health, may enjoin the maintenance of such nuisance until the matter is decided or the injunction dissolved.

§ 131. Compulsory examination of premises; complaint; warrant

If the board considers it necessary for preservation of life or health to enter any land, building or premises, or go on board a vessel within its town, to examine into and destroy, remove or prevent a nuisance, source of filth or cause of sickness, and the board, or any agent thereof sent for that purpose, is refused such entry, any member of the board or such agent may make complaint to a justice of any court of record or to a magistrate authorized to issue warrants, who may thereupon issue a warrant, directed to the sheriff or any of his deputies, to such member or agent of the board, or to any constable of such town, commanding him to take sufficient aid and at any reasonable time repair to the place where such nuisance, source of filth or cause of sickness complained of may be, and to destroy, remove or prevent the same, under the direction of the board.

§ 132. Abatement of wet, rotten or spongy land covered with stagnant water; appropriation

Land which is wet, rotten or spongy, or covered with stagnant water, so as to be offensive to residents in its vicinity or injurious to health, shall be deemed a nuisance, which the board of health of the town where it lies, upon petition and hearing, may abate in the manner provided in the seven following sections; but if the expense of abatement will exceed two thousand dollars, such abatement shall not be made without a previous appropriation therefor.

§ 133. Application for abatement of nuisance

Whoever is injured by such nuisance may, by petition describing the premises upon which it is alleged to exist and stating the nature of the nuisance complained of, apply to the board for its abatement; whereupon such board shall view the premises and examine into the nature and cause of such nuisance.

§ 134. Proceedings on application for abatement; notice

Upon such examination, if the board is of opinion that the petition should be granted, it shall appoint a time and place for a hearing, first giving reasonable notice thereof to the petitioners, to the persons whose lands it may be necessary to enter upon to abate the nuisance, and to any other persons who may be damaged or benefited by the proceedings, and to the mayor or the chairman of the selectmen, unless the selectmen constitute the board of health, that they may be heard upon the necessity and mode of abating such nuisance, the question of damages, and of the assessment and apportionment of the expenses of the abatement.

§ 135. Form of notice; service

Such notice shall be in writing, and may be served, by any person authorized to serve civil process, by personal service upon the mayor or chairman of the selectmen, the petitioners, the owner or occupant of any land upon which it may be necessary to enter or which may be benefited by the abatement, or the authorized agent of such owner or occupant, or by leaving an attested copy of such notice at the last and usual place of abode of such persons; but if the land is unoccupied and the owner or agent is unknown or out of the commonwealth, the notice to such owner may be served by posting an attested copy thereof upon the premises, or by advertising in one or more newspapers in such manner and for such length of time as the board may order.

§ 136. Abatement of nuisance; damages; assessment

At the time and place appointed therefor, the board shall hear the parties, and thereafter may cause such nuisance to be abated by entering upon any land and by making such excavations, embankments and drains therein and under and across any ways as may be necessary; and shall also determine in what manner and at whose expense the improvements shall be kept in repair, shall estimate and award the damage sustained by and the benefit accruing to any person by reason of such improvements, and what proportion of the expense of making and keeping the same in repair shall be borne by the town and by the persons benefited thereby. The board shall forthwith give notice of its decision, in the manner required in the preceding section, to the parties to whom notice is required to be given by section one hundred and thirty-four and to the assessors of said town. The expense of making and keeping such improvements in repair shall be assessed by the assessors upon the persons benefited thereby, as ascertained by said decision, shall be included in their taxes, shall be a lien upon the land benefited thereby, and shall be collected in the same manner as other taxes upon land. Apportionment of assessments under this section may be made and the parts thereof be collected as provided in chapter eighty.

§ 137. Appeal from adjudication of nuisance

A person entitled to notice under section one hundred and thirty-four, who is aggrieved by the decision of said board or of the commissioners appointed under section one hundred and forty that the land described in the petition is a nuisance, may appeal therefrom to the superior court within twenty days after notice of such decision by filing a petition in said court stating his grievance and the action of said board thereon, and enters into such recognizance as said court shall order. Said court may hear and determine such appeal, pending which all proceedings by the board of health relative to such nuisance shall be stayed.

Amended by St.1961, c. 326.

§ 138. Appeal from award of damages, determination of benefits accrued or apportionment of expense; notice

Whoever is aggrieved by such decision in the award of damages or in the determination of benefits accrued or in the apportionment of the expense may, within three months after notice thereof, petition the superior court under chapter seventy-nine or chapter eighty, first giving one month's notice in writing to the mayor and aldermen or selectmen of his intention so to do, and particularly specifying therein his objections to said decision. Such petition shall otherwise be made in like manner and the proceedings thereon shall be the same as in case of land taken or betterments assessed under said chapters, respectively.

§ 139. Return

The board shall, within thirty days after the abatement of such nuisance, make return of its doings to the town clerk, who shall record them in the town records.

§ 140. Appointment of commissioners

If the board unreasonably refuses or neglects to proceed in the matter of said petition, the petitioner may apply to the superior court, which, upon a hearing and for good cause shown, may appoint three commissioners, who shall proceed in the manner provided in sections one hundred and thirty-three to one hundred and thirty-nine, inclusive.

§ 141. Application to county commissioners from refusal or neglect of board to abate nuisance; hearing; notice

Whoever is aggrieved by the neglect or refusal of the board of health to pass all proper orders abating a nuisance, in accordance with any provision of sections one hundred and twenty-two to one hundred and thirty-nine, inclusive, may apply to the county commissioners, who may hear and determine such application and exercise in such case all of the powers of said board. The applicant shall, within twenty-four hours after such neglect or refusal, file with said board a written notice to the adverse party of his intention so to apply to the county commissioners, and within seven days after the filing of said written notice shall present a petition to one of the county commissioners, stating the grievance complained of and the action of the board of health thereon or the neglect or refusal of said board to act thereon, as the case may be.

Amended by St.1937, c. 278.

§ 142. Costs and expenses; award; payment

Each county commissioner, when acting under the preceding section, shall tax three dollars a day for time and five cents a mile for travel to and from the place of meeting, which shall be paid into the county treasury; and such costs shall in the first instance be paid by the applicant, and the commissioners may award that costs of the proceeding shall be paid by any party thereto.

§ 142A. Pollution or contamination of atmosphere; prevention; regulations; filing; violation; enforcement

The department of environmental quality engineering, in this section and in sections one hundred and forty-two B to one hundred and forty-two E, inclusive, called the department, may from time to time, subject to the approval of the governor and council, after a hearing adopt or amend regulations to prevent pollution or contamination of the atmosphere, effective upon filing with the state secretary as provided in section thirty-seven of chapter thirty, or at such later date as may be specified by the department. Such filing shall create a presumption, which may be rebutted, of compliance with the requirements of section two of chapter thirty A in the adoption or amendment of such regulations. Any municipality, corporation or person, which, after due notice, continues to violate any such regulation shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than ten nor more than fifty dollars for the first offence, and not less than twenty nor more than one hundred dollars for every succeeding offence. The supreme judicial or superior court, upon the application of the department, or upon the application of any person interested, with the approval of the department, may enforce such regulations, and restrain the use or occupation of the premises or such portion thereof as the department may specify until such regulations have been complied with.

§ 142B. Metropolitan air pollution control district; establishment; composition; powers of department

There is hereby established a metropolitan air pollution control district, to consist of the territory and waters comprised within the cities and towns of Arlington, Belmont, Boston, Braintree, Brookline, Cambridge, Canton, Chelsea, Dedham, Everett, Lynn, Malden, Medford, Melrose, Milton, Needham, Newton, Peabody, Quincy, Revere, Saugus, Somerville, Stoneham, Wakefield, Waltham, Watertown, Weymouth, Winchester, Winthrop, and Woburn, and such other cities and towns as may, after application for admission to the said district, be admitted thereto by the department; provided, that said district shall at all times be composed of contiguous territory.

The department shall control the pollution of the atmosphere within said district. The department may from time to time, after a public hearing, prescribe and establish, amend or repeal, rules and regulations to prevent pollution or undue contamination of the atmosphere within said district. Whoever knowingly violates any such rule or regulation shall be punished by a fine of not less than ten nor more than fifty dollars for each offense.

Personnel of the department may in the performance of their duties under this section enter and inspect any premises, providing said personnel receive the consent of the owner or person in control of such premises. A court, judge or justice authorized to issue warrants in criminal cases may, upon sworn testimony by said personnel that consent for such entry and inspection has been requested and refused, and upon further sworn testimony either (1) that a reasonable inspection of industrial or commercial premises is necessary to detect, prevent or warn against conduct or conditions which may threaten the public health, comfort and convenience by contributing to air pollution, or (2) that a reasonable nondiscriminatory public health inspection, of which the inspection of the particular premises is a part, has been authorized by the department and is being undertaken to detect, prevent or warn against conduct or conditions which may threaten the public health, comfort and convenience by contributing to air pollution, if satisfied that such testimony is true, issue a warrant identifying the particular premises and authorizing said personnel seeking the warrant to conduct a reasonable search of such premises during daylight hours if the premises is residential, or during operating hours if the premises is industrial or commercial. For the purposes of securing a warrant under this section, belief or knowledge regarding actual conduct or conditions in a particular premises shall not be necessary. Notwithstanding the provisions of any law to the contrary, any information, record, or particular part thereof, other than emission data, submitted to the department pursuant to this section, shall, upon request, be kept confidential and not considered to be a public record when it is deemed by the commissioner that such information, record, or report relates to secret processes, methods of manufacture, or production or that such information, record, or report if made public would divulge a trade secret.

This section shall not operate to abrogate any of the powers and duties, as defined by general or special law, of any agency or political subdivision of the commonwealth.

The department shall have power to order any person, corporation, or political subdivision having control of an air contamination source, other than an employee, to stop or abate violation of any of the rules and regulations adopted pursuant to this section or of any of the rules and regulations adopted under the provisions of section one hundred and forty-two A and standards adopted under section one hundred and forty-two D. Said order shall inform the alleged violator in writing of his right to request, within ten days, a hearing under the provisions of chapter thirty A, but if no such request is made within ten days, said person, corporation, or political subdivision shall be deemed to have consented to the order. If said person, corporation, or political subdivision requests a hearing, the commissioner of environmental quality engineering, in this section and section one hundred and forty-two E called the commissioner, or his designee shall within a reasonable time hold a hearing under the provisions of said chapter thirty A. The commissioner may reissue such order as is warranted and all orders, permits, or other determinations of the commissioner, except those consented thereto, shall be subject to judicial review as provided in chapter thirty A. Any person, corporation, or political subdivision violating any order of the department shall be punished by a fine of not less than fifty nor more than one hundred dollars for the first offense and not less than two hundred nor more than five hundred dollars for each succeeding offense. For the purpose of this paragraph each subsequent day or part thereof of violation of such an order, whether such violation be continuous or intermittent, shall be construed as a separate and succeeding offense. The superior court sitting in equity, on petition of the department or any person authorized by the department shall have jurisdiction to enforce any such order and to restrain violations of any rules or regulations adopted pursuant to this section until such rules and regulations have been complied with.

The department may, for the purpose of conducting a continuing inventory of air pollution source emissions, require any person owning, operating, or having control of any air contamination source to register said source with the department and to supply such information pertaining to said source as the department may specify. Registration shall be on a form supplied by the department and shall be accomplished within a period of time specified by the department after public notice, provided said period of time shall be not less than thirty days.

Nothing in this section or in any rule or regulation adopted hereunder shall be construed as relieving, under any circumstances, any person, corporation, or political subdivision from responsibility or liability for any damages which may occur or for civil or criminal proceedings arising out of or as a result of any action of said person, corporation, or political subdivision, regardless of any action of the department, and persons other than the department shall not acquire actionable rights by virtue of such action.

The department shall maintain and operate such air sampling stations and devices; make or perform such routine and special examinations, inspections, observations, determinations, laboratory analyses, and surveys; maintain such records; and perform such other acts as it deems necessary to conduct an adequate air pollution control program within the metropolitan air pollution control district.

The commonwealth shall be reimbursed, as hereinafter provided, for all appropriations made by the general court and expended by the department for such purposes. The state treasurer shall issue his warrant requiring the assessors of the cities and towns of the metropolitan air pollution control district to assess a tax in the amount of the sums expended, one half of which shall be in proportion to their assessed valuations and one half of which shall be in proportion to their respective populations; provided, that any such city or town may in any year anticipate in whole or in part its assessment, and appropriate, raise, and deposit the amount thereof with the state treasurer, and any sum so deposited shall be credited against such assessment. The assessed valuations of the several cities and towns shall be the last preceding valuations made for purposes of apportioning the state tax.

§ 142C. Future districts; formation

Other air pollution control districts similar to that established by section one hundred and forty-two B may be formed upon approval of the department. Each such district shall be composed of two or more political subdivisions of the commonwealth and of contiguous territory. Cities or towns wishing to form such a district shall make joint application to the department, requesting the department to approve such district and to effect the control of air pollution therein. The powers, duties, and rights of the department in the exercise of air pollution control in such districts and the manner in which funds shall be made available to it shall be as provided in section one hundred and forty-two B.

Added by St.1960, c. 676, § 1.

§ 142D. Air pollution control districts; standards and plans for implementation; establishment; periodic review; amendment; compliance with minimum federal standards

The department, with the approval of the governor, may establish air pollution control districts compatible with such air quality control regions as may be designated by the secretary of the federal department of health, education and welfare under the provisions of the Air Quality Act of 1967, or any additions or amendments thereto. The department, with the approval of the governor, may add to or remove from air pollution control districts such cities and towns, and may establish or abolish such other air pollution control districts, as it may deem advisable and necessary to effect air pollution control in the commonwealth. The department may adopt, and from time to time amend, after public hearings, ambient air quality standards applicable to said districts and to other portions of the commonwealth, and shall adopt a plan for the implementation, maintenance and attainment of such standards. The powers, duties and rights of the department in the exercise of air pollution control in districts established under this section and the manner in which funds shall be made available to it shall be as provided in section one hundred and forty-two B.

From time to time the department shall review the ambient air quality standards and plan for implementation, maintenance and attainment of such standards adopted pursuant to this section and, after public hearings, shall amend such standards and implementation plan so as to minimize the economic cost of such standards and plan for implementation, provided, however, that such standards shall not be less than the minimum federal standards. The initial such amendments to such standards and implementation plan shall postpone the achievement dates for the primary and secondary ambient air quality standards to the latest dates permitted pursuant to federal law. Any compliance schedule, emission limitation, for new or existing facilities, order, rule, plan or regulation adopted pursuant to such standards or implementation plan shall be amended to conform to such amended standards and implementation plan upon petition of the owner or operator of a facility whose construction, maintenance or operation is affected by such compliance schedule, emission limitation, for new or existing facilities, order, rule, plan or regulation. The department shall, after opportunity for public hearing, issue a final order with respect to the subject matter of such petition within sixty days of the filing of the petition.

In any standard, implementation plan, compliance schedule, emission limitation, for new or existing facilities, order, rule, plan or regulation where the sulphur or ash content, or other chemical or physical characteristic of fuels or emissions therefrom is subject to consideration by the department, the department shall allow stack height, fuel switching and variations in plant operation to be used instead of controls on such sulphur or ash content or chemical or physical characteristic of such fuels or emissions therefrom if the owner or operator of the facility shall demonstrate to the satisfaction of the department that such controls are not necessary to achieve ambient air quality standards; provided, however, the department may impose conditions necessary to minimize public nuisance and adverse effects to the public health. If a variance or other permission granted by the department with respect to the sulphur or ash content, or other chemical or physical characteristic of fuels or emissions therefrom would otherwise prevent the achievement of primary or secondary federal ambient air quality standards within a time period required by the express language of a federal statute or regulation such variance or other permission shall be limited to the maximum time period allowed by federal law.

Added by St.1969, c. 836. Amended by St.1974, c. 494, § 1.

§ 142E. Air pollution; preventing and controlling by departments, agencies, commissions, authorities and political subdivisions

Any department, agency, commission, authority or political subdivision of the commonwealth having control and supervision over any building, installation or other property shall cooperate with the department of environmental quality engineering in preventing and controlling pollution of the air insofar as the discharge of any matter from or by such building, installation or other property may cause or contribute to air pollution.

All departments, agencies, commissions, authorities and political subdivisions shall be subject to rules and regulations adopted by the department pursuant to sections one hundred and forty-two A to one hundred and forty-two C, inclusive. The department may serve upon any such department, agency, commission, authority or political subdivision an order to cease and desist from violating such rules or regulations. If objection to such order is made within ten days, the department, agency, commission, authority or political subdivision so objecting shall be entitled to a hearing before a person designated by the commissioner whose recommendations when adopted, or amended and adopted, by the department of environmental quality engineering shall be a final decision within the meaning of section fourteen of chapter thirty A, subject to judicial review as therein provided. If such order is violated the department may file a bill of complaint in the superior court to enjoin such violation; provided, however, that in such a proceeding the sole questions in issue shall be (1) was the order of the department violated and (2) is the relief sought appropriate.

Added by St.1970, c. 838. Amended by St.1972, c. 359, § 2; St.1975, c. 706, §§ 177, 178.

§ 142F. Discharging excess fuel from aircraft into atmosphere; penalty; definitions

Whoever, except in an emergency, allows excess fuel to be discharged into the atmosphere from an aircraft shall be punished by a fine of not less than two hundred and fifty dollars nor more than seven hundred and fifty dollars. As used in this section "excess fuel" shall mean that quantity of unused fuel which collects in "drain cans" from the engines of aircraft following the starting up or the shutting off of such engines, and "drain can" shall mean that receptacle located below or adjacent to an aircraft engine in which unused fuel collects or is collected when the engine is not in operation or just after the engine has been put into operation.

§ 142G. Burning of Christmas trees restricted

Notwithstanding the provisions of sections one hundred and forty-two A and one hundred and forty-two B, any person may burn Christmas trees during the period from December twenty-sixth to January seventh in each year, provided that said person obtains a permit from the head of the fire department of the city or town wherein such burning shall take place and provided further that such burning is conducted under the supervision and control of said head of the fire department.

Added by St.1974, c. 239.

§ 142H. Ceremonial bonfires restricted; permits

The city council of a city with the approval of its mayor, or the board of selectmen or town council of a town, may authorize the fire department of such city or town to issue not more than one permit in any one year for a ceremonial bonfire in such city or town. Said ceremonial bonfire shall mark the observance of a significant municipal, state, or national event, and any such ceremonial bonfire shall be under the continuous supervision of the fire department. A permit for such a ceremonial bonfire shall be issued only to a municipal department or a civic, fraternal or veterans organization within such city or town. Only wood which has not been painted, impregnated, or otherwise treated with any foreign substance shall be permitted to burn in ceremonial bonfires. No ceremonial bonfire shall burn for more than twelve hours.

Added by St.1975, c. 99.

§ 142*l*. Bonfires from July 2 to July 6 authorized

Notwithstanding any provision of sections one hundred and forty-two A and one hundred and forty-two B, and in addition to the ceremonial bonfires permitted under the provisions of section one hundred and forty-two H, any civic, fraternal, veteran, community, or business organization may build and ignite bonfires under the supervision and control of the fire department of the city or town in which such burning takes place during the period from July second to July sixth in each year. A permit for such bonfire shall be obtained by such organization from the head of the fire department upon his determination that such organization will conduct such burning in a proper and responsible manner.

Added by St.1976, c. 77.

NOISOME TRADES

§ 143. Trade or employment attended with noisome and injurious odors; assignment of places; prohibition; appeal

No trade or employment which may result in a nuisance or be harmful to the inhabitants, injurious to their estates, dangerous to the public health, or may be attended by noisome and injurious odors shall be established in a city or town except in such a location as may be assigned by the board of health thereof after a public hearing has been held thereon, subject, however, to the provisions of any ordinance or bylaw adopted therein under sections twenty-five to thirty A, inclusive, of chapter forty, or corresponding provisions of earlier laws, and such board of health may prohibit the exercise thereof within the limits of the city or town or in places not so assigned, in any event. Such assignments shall be entered in the records of the city or town, and may be revoked when the board shall think proper.

The department of environmental quality engineering shall advise, upon request, the board of health of a city or town previous to the assignment of places for the exercise of any trade or employment referred to in this section, and any person, including persons in control of any public land, aggrieved by the action of the board of health in assigning certain places for the exercise of any trade or employment referred to in this section may, within sixty days, appeal from the assignment of the board of health to the department and said department may, after a hearing rescind, modify or amend such assignment.

Amended by St.1933, c. 269, § 2; St.1948, c. 480, § 1; St.1956, c. 275, § 1; St.1975, c. 706, § 179.

§ 144. Revocation of assignment; removal of nuisance

If a place or building so assigned becomes a nuisance by reason of offensive odors or exhalations therefrom, or is otherwise hurtful or dangerous to the neighborhood or to travelers, the superior court may, on complaint of any person, revoke such assignment, prohibit such further use of such place or building, and cause the nuisance to be removed or prevented.

§ 145. Damages

Whoever is injured in the comfort or enjoyment of his estate by such nuisance may recover in tort the damages sustained thereby.

§ 146. Orders of prohibition; service

Orders of prohibition issued under section one hundred and forty-three shall be served by an officer qualified to serve civil process upon the occupant or person having charge of the premises where such trade or employment is exercised, and the board shall take all necessary measures to prevent such exercise. Whoever refuses or neglects for twenty-four hours thereafter to obey the same shall forfeit not less than fifty nor more than five hundred dollars.

§ 147. Appeal from order; notice; trial

Whoever is aggrieved by an order made under section one hundred and forty-three or one hundred and fifty-two may, within three days after service of the order upon him, give written notice of appeal to the board or department of environmental quality engineering, and file a petition for a jury in the superior court in the county where the premises affected are located, and, after notice to the board or department of environmental quality engineering, may have a trial in the same manner as other civil cases are tried by jury. If by mistake of law or fact or by accident he fails within said three days to apply as aforesaid, and if it appears to the court that such failure was caused by such mistake or accident, and that he has not, since the service of such order upon him, violated it, he may within thirty days after the service of the order upon him apply for a jury.

Amended by St.1948, c. 480, § 2; St.1975, c. 706, § 180.

§ 148. Exercise of trade or employment during pendency of proceedings

Such trade or employment shall not be exercised contrary to the order while such proceedings are pending, unless specially authorized by the board; and if so specially authorized all further proceedings by the board shall be stayed while such proceedings are pending. Upon any violation of the order, unless specially authorized as aforesaid, the proceedings shall forthwith be dismissed.

§ 149. Verdict; effect

The verdict may alter, affirm or annul the order, and shall be returned to the court for acceptance; and if accepted, shall have the authority and effect of a valid order of the board, and may also be enforced by the court in equity.

§ 150. Damages and costs

If the order is affirmed by the verdict, the board shall recover costs to the use of the town; if it is annulled and the petitioner has not been specially authorized by said board to exercise such trade or employment during the proceedings, he shall recover damages and costs against the town; if it is annulled and the petitioner has been specially authorized as aforesaid, or if it is altered, he shall not recover damages, and the court may render judgment for costs in its discretion.

§ 150A. Private and public dumping grounds; assignment of place; appeal; public hearing; maintenance and operation; enforcement; fee; ash, permitted uses and disposal

As used in this section, "facility" means a sanitary landfill, a refuse transfer station, a refuse incinerator with a grate area in excess of ten square feet, a refuse composting plant, a residual waste storage or treatment plant, a dumping ground for refuse or any other works for treating or disposing of refuse; and "refuse" means all solid or liquid waste materials, including garbage and rubbish, sludge and residual waste, but not including sewage.

No place in any city or town shall be established or maintained or operated by any person, including any political subdivision or agency of the commonwealth, as a site for a facility, unless such place has either been assigned by the board of health of such city or town as a site for a facility after a public hearing, subject to the provisions of any ordinance or by-law adopted therein under chapter forty A or corresponding provisions of earlier laws, or, in the case of an agency of the commonwealth, has been assigned by the department of environmental quality engineering in this section called the department after a public hearing and unless public notice of such assignment has been given by the board of health. The assignment of a place as a site for a facility shall be subject to such limitation with respect to the extent, character and nature of operation thereof as may be necessary to protect the public health, comfort and convenience. The department shall advise upon request, any board of health previous to the assignment of a place as a site for a facility.

If such facility is a landfill owned or operated by any person other than a town or an agency of the commonwealth, such person shall pay to the town where the facility is located a fee of fifty cents for each ton of solid waste from outside such town which is disposed of in such landfill. Residue from a resource recovery facility located in the municipality wherein such landfill is located shall not be deemed to be solid waste for purposes of said payment. On or before the twentieth day of each month every such person shall file a return subscribed under the penalties of perjury with the board of health of the town in which such facility is located, on such form as the commissioner of environmental quality engineering, in this section called the commissioner, shall prescribe, giving such information as the commissioner shall require for determination of the fee imposed by this paragraph. Said fee shall be due and payable on or before the due date of the return.

Any person aggrieved by the action of a board of health in assigning a place as a site for a facility, including persons in control of any public land, the selectmen of any town, and in cities having a Plan D or Plan E charter the city manager, and in other cities the mayor, when authorized by vote of the city council, may, within sixty days of the publication of notice of such assignment, appeal to the department from the assignment of the board of health. Upon such appeal or upon the department's own initiative, the department may, after due notice and public hearing, rescind or suspend such assignment or modify the same by the imposition or amendment of conditions.

A facility shall not be constructed or operated unless the proposed use and the plans or design therefor have been approved by the department.

Every person, including every political subdivision of the commonwealth, maintaining or operating a facility, shall maintain and operate the same in such manner as will protect the public health, comfort and convenience and prevent a nuisance or a danger to the public health by reason of odor, dust, fires, smoke, the breeding or harboring of rodents, flies or vermin, or other causes. Upon determination that the operation or maintenance of a facility results in a nuisance or a danger to the public health, such assignment may be rescinded or suspended or may be modified through the imposition or amendment of conditions, at any time after due notice and public hearing, by the board of health of the city or town where such facility is located, upon its own initiative or upon complaint by any person aggrieved by such assignment, or by the department, upon its own initiative or upon complaint by any person aggrieved by such assignment.

The department shall adopt and may from time to time amend rules and regulations, and the commissioner may issue orders, to enforce the provisions of this section. Any person, including any political subdivision of the commonwealth, who fails to operate and maintain a facility in accordance with the provisions of this section or in accordance with any rules, regulations, or orders hereunder promulgated shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars. Each day's failure to comply with said provisions, rules, regulations or orders shall constitute a separate violation.

The superior court shall have jurisdiction in equity to enforce the provisions of this section upon petition of the department or any aggrieved person.

Ash produced from the combustion of coal, including but not limited to fly ash and bottom ash, shall not be construed as refuse, rubbish, garbage, or waste material under this section when used as a raw material for concrete block manufacture, aggregate, fill, base for road construction, or other commercial or industrial purpose, or stored for such use. A location where such use or storage takes place may be constructed, established, maintained, and operated without being construed as a facility or site for a facility under this section, and no assignment or approval from the board of health or the department shall be required for such construction, establishment, maintenance, or operation; provided, however, the department shall have jurisdiction to determine, after notice and hearing, that the establishment or operation of such a location has created a nuisance condition by reason of odor, dust, fires, smoke, the breeding or harboring of rodents, flies or vermin, or other causes, and to prevent or order abatement thereof; and provided, further, that no final disposal of ash produced by the combustion of coal may be accomplished by burial of such ash in the ground, other than as base for road construction or fill, unless the place where such disposal takes place has been assigned for such disposal by the board of health and plans for such disposal have been approved by the department pursuant to this section. The department may waive the requirements of the preceding paragraphs of this section and the application of any regulations, or portions thereof, promulgated under the preceding paragraphs of this section as they may apply to the disposal by burial of ash produced by the burning of coal, and shall review and may approve the plans, site and method of storage upon a determination that no nuisance is created and damage to the environment is minimal. Use of ash produced from the combustion of coal as intermediate cover material over rubbish at sanitary landfill facilities may be permitted by assignment of the board of health with approval of the department under this section.

Added by St.1955, c. 310, § 1. Amended by St.1969, c. 429; St.1969, c. 515, § 1; St.1970, c. 839; St.1973, c. 1217, § 6; St.1975, c. 500, § 4; St.1975, c. 706, §§ 181, 182; St.1976, c. 118; St.1978, c. 197, § 4.

§ 151. Slaughter houses; regulation; public hearing; application of section

No person shall occupy or use a building for carrying on the business of slaughtering cattle, horses, mules, sheep or other animals, or for a melting or rendering establishment, or for other noxious or offensive trade and occupation, or permit or allow said trade or occupation to be carried on upon premises owned or occupied by him, without first obtaining, after a public hearing has been held thereon, the written consent and permission of the mayor and city council, or of the selectmen, or, in any town having a population of more than five thousand, of the board of health, if any, of the town where the building or premises are situated. This section shall not apply to any building or premises occupied or used for said trade or occupation on May eighth, eighteen hundred and seventy-one; but no person who used or occupied any building or premises on said date for said trades or occupations shall enlarge or extend the same without first obtaining the written consent and permission of the mayor and city council or the selectmen, or, in any town having a population of more than five thousand, of the board of health, if any.

Amended by St.1943, c. 332, § 9; St.1956, c. 275, § 2.

§ 152. Prohibition of offensive trades or occupations

If any buildings or premises are so occupied or used, the department of environmental quality engineering shall, upon application, appoint a time and place for hearing the parties, and, after due notice thereof to the party against whom the application is made and a hearing, may, if in its judgment the public health, comfort or convenience so require, order any person to desist from further carrying on said trade or occupation in such buildings or premises; and no person shall thereafter continue so to occupy or use such buildings or premises. Whoever occupies or uses any building or premises in violation of this or the preceding section shall forfeit not more than two hundred dollars for every month of such occupancy or use and in like proportion for a shorter time.

Amended by St.1975, c. 706, § 183.

§ 153. Restraint of offensive trades or occupations

The superior court may restrain the unauthorized occupancy, use or extension of any building or premises occupied or used for the trades or occupations aforesaid, and enforce the orders of the department issued under the preceding section; but this and the two preceding sections shall not impair any other remedies against nuisances.

§ 154. Killing or rendering of horses; licenses; application; notice to director of animal health

A person engaged in or desiring to engage in the business of killing horses, or in the rendering of horses or other animals, shall annually in March apply for a license to the board of health of the town where such business is to be carried on. The application shall be in writing and signed by the persons desiring to carry on such business, or, if the applicant is a corporation, by a duly authorized officer thereof. It shall state the names in full and the addresses of all persons desiring to carry on such business, or, if a corporation is the applicant, the names of all its officers, and the street or other place where the business is to be conducted. The board of health of a town may grant such licenses after it is satisfied that the applicants have a suitable building and plant in a situation approved by said board, and that they have suitable trucks or wagons for the removal of dead animals. The license shall state the name of the licensee, the situation of the building or establishment where the business is to be carried on, and shall continue in force until April first of the year next ensuing unless sooner revoked. The board of health shall keep a record of such licenses granted by it, and shall notify the director of animal health of the granting of any such license, giving the name and address of the licensee. The fee for a license shall not exceed one dollar, and a license may be revoked at any time by the board of health. Licensees shall report to the director of animal health, in such form and at such times as he may order, every animal received by them which is infected with a contagious disease. No unlicensed person shall carry on the business of killing horses or of rendering horses or other animals. So much of section thirty of chapter one hundred and twenty-nine as provides that no person shall knowingly sell an animal with a contagious disease shall not apply to any person who sells such animal to a licensee under this section, if such animal is to be killed or rendered at the establishment of such licensee. Whoever violates this section shall be punished by a fine of not more than two hundred dollars or by imprisonment for not more than three months, or both.

Amended by St.1934, c. 340, § 9; St.1967, c. 347, §§ 4, 5.

STABLES

§ 155. Licensing of stables in cities and large towns

No person shall erect, occupy or use for a stable any building in a city, or in a town having more than five thousand inhabitants, unless such use is licensed by the board of health, and, in such case, only to the extent so licensed. This section shall not prevent any such occupation and use authorized by law on May fourth, eighteen hundred and ninety-five, to the extent and by the person so authorized, but the board of health of such a city or town may make such regulations or orders as, in its judgment, the public health requires relative to drainage, ventilation, size and character of stalls, bedding, number of animals and storage and handling of manure in any stable in its city or town.

§ 156. Stables in vicinity of churches

No person shall in a city occupy or use a building for a livery stable, or a stable for taking or keeping horses and carriages for hire or to let, within two hundred feet of a church or meeting house erected and used for the public worship of God, without the written consent of the religious society or parish worshipping therein; but this section shall not prevent such occupation and use if authorized by law on May seventeenth, eighteen hundred and ninety-one, to the extent then authorized.

§ 157. Penalty for violation of sections 155 and 156

Whoever violates any provision of the two preceding sections or of a regulation or order made thereunder shall be punished by a fine of five dollars for each day such violation continues.

§ 158. Licensing of stables in small towns; revocation

The selectmen of towns having a population of five thousand or less may license suitable persons to keep more than four horses in specified buildings or places within their respective towns, and may revoke such licenses at pleasure. Whoever, not being licensed as aforesaid, occupies or uses a building or place for a stable for more than four horses shall forfeit not more than fifty dollars for every month he so occupies or uses such building or place, and in like proportion for a shorter time. The superior court may restrain the erection, occupancy or use of stables contrary to this section or section one hundred and fifty-five or one hundred and fifty-six.

WATER SUPPLY

§ 159. Supervision of inland waters

The department of environmental quality engineering, in this section and sections one hundred and sixty to one hundred and sixty-six, inclusive, called the department, shall have the general oversight and care of all inland waters and of all streams, ponds and underground waters used by any city, town, water supply or fire district or public institution or by any water or ice company or any person in the commonwealth as sources of ice or water supply and of all springs, streams and watercourses tributary thereto. It shall be provided with maps, plans and documents suitable for such purposes, and shall keep records of all its transactions relative thereto. It shall give notice to the attorney general of any violation of law relative to the pollution of water supplies and inland waters.

Amended by St.1951, c. 448, § 2; St.1975, c. 706, § 184.

§ 160. Examinations of water supply; rules to prevent pollution; permits

The department may cause examinations of such waters to be made to ascertain their purity and fitness for domestic use, or the possibility of their impairing the interests of the public or of persons lawfully using them or of imperilling the public health. It may make rules and regulations and issue such orders as in its opinion may be necessary to prevent the pollution and to secure the sanitary protection of all such waters used as sources of water supply and to ensure the delivery of a fit and pure water supply to all consumers. It may delegate the granting and withholding of any permit required by such rules or regulations to state departments, boards and commissions and to selectmen in towns, and to boards of health, water boards and water commissioners in cities and towns, to be exercised by such selectmen, departments, boards and commissions, subject to such recommendation and direction as shall be given from time to time by the department; and upon complaint of any person interested, the department shall investigate the granting or withholding of any such permit, and make such orders relative thereto as it may deem necessary for the protection of the public health and to restrain the use of such waters to the extent as in its opinion such use will tend to adversely affect the public health. Whoever violates any such orders, rules or regulations shall be punished by a fine of not more than five hundred dollars, to the use of the commonwealth, or by imprisonment for not more than one year, or both.

Amended by St.1951, c. 448, § 3; St.1977, c. 526, §§ 3, 3A.

§ 160A. Cross connections between water supplies; permits; penalty

No physical cross connection shall be maintained between the distribution system of a public water supply, the water of which is used for drinking, domestic or culinary purposes, and the distribution system of any water supply not approved by the department as being of safe sanitary quality, unless said connection has been approved by the department in accordance with rules and regulations adopted for the purpose, and unless a permit therefor has been issued by the department. Such permit may be issued upon the application of a person maintaining such connection and upon the payment of a fee of ten dollars, and may be renewed annually upon payment of a like fee. When more than one such connection is maintained on any premises a separate permit shall be required for each connection. A permit may be revoked by the department upon due notice to the person maintaining the connection whenever, in the opinion of the department, the connection or the maintenance thereof no longer complies with its rules and regulations, and no portion of the permit fee shall be refunded.

Whoever maintains such a connection without a permit or after revocation of the permit to maintain such connection shall be punished by a fine of not more than five hundred dollars, to the use of the commonwealth, or by imprisonment for not more than one year, or both.

Added by St.1960, c. 613.

§ 160B. Water quality violations; orders of department of environmental quality engineering; enforcement

The department shall immediately report any violations of standards or regulations regulating the quality of water used for drinking, domestic or culinary purposes to the department of public health. If the department of public health ascertains from its own inspection or from the report of the department that there is a violation of those regulations or standards which may endanger the public health, it may order the appropriate party to cease violating the regulation and to take whatever steps are necessary to purify the water. If any such order of the department of public health conflicts with any order of the department the order of the department of public health shall take precedence. Such an order will be enforceable by the superior court sitting in equity upon the petition of the department of public health.

Added by St.1975, c. 706, § 185.

§ 161. Repealed by St.1961, c. 48

§ 162. Removal of causes of pollution; petition; hearing; notice; damages; violation of order

Upon petition to the department by the mayor of a city or the selectmen of a town, the managing board or officer of any public institution, or by a board of water commissioners, or the president of a water or ice company, stating that manure, excrement, garbage, sewage or any other matter pollutes or tends to pollute the waters of any stream, pond, spring, underground waters, or watercourse used by such city, town, institution or company as a source of water supply, the department shall appoint a time and place within the county where the nuisance or pollution is alleged to exist for a hearing, and after notice thereof to parties interested and a hearing, if in its judgment the public health so requires, shall, by an order served upon the party causing or permitting such pollution, prohibit the deposit, keeping or discharge of any such cause of pollution, and shall order him to desist therefrom and to remove any such cause of pollution; but the department shall not prohibit the cultivation and use of the soil in the ordinary methods of agriculture if no human excrement is used thereon. The department shall not prohibit the use of any structure in existence on June eleventh, eighteen hundred and ninety-seven, upon a complaint made by the board of water commissioners of any town or by any water or ice company unless such board of water commissioners or company files with the department a vote of its city council, selectmen or company that such town or company will at its own expense make such changes in said structure or its location as said department shall deem expedient. Such vote shall be binding on such town or company. All damages caused by such changes shall be paid by such town or company; and if the parties cannot agree thereon, the damages may be recovered under chapter seventy-nine. Whoever violates such an order shall be punished by a fine of not more than five hundred dollars, to the use of the commonwealth, or by imprisonment for not more than one year, or both.

Amended by St.1951, c. 448, § 4.

§ 163. Appeal

Whoever is aggrieved by an order made under section one hundred and sixty or section one hundred and sixty-two may appeal therefrom as provided in section one hundred and forty-seven; but such notice as the court shall order shall also be given to the board of water commissioners and mayor, or chairman of the selectmen, or president or other officer of the water or ice company interested in such order. While the appeal is pending the order of the department shall be complied with, unless otherwise authorized by it.

Amended by St.1951, c. 448, § 5.

§ 164. Enforcement of orders, rules and regulations

The supreme judicial or superior court, upon the application of the department or of any party interested, may enforce the orders, rules and regulations of said department, and restrain the use or occupation of the premises or such portion thereof as said department may specify on which the material is deposited or kept, or such other cause of pollution exists, until the orders, rules and regulations of the department have been complied with.

§ 165. Entry on premises; compensation of agents; apportionment

The agents and servants of the department may enter any building, structure or premises to ascertain whether sources of pollution or danger to the water supply there exists, and whether the rules, regulations and orders aforesaid are obeyed. Their compensation for services rendered in connection with proceedings under section one hundred and sixty-two shall be fixed by the department, and shall in the first instance be paid by the commonwealth; but the whole amount so paid shall, at the end of each year, be justly and equitably apportioned by the commissioner of revenue between such towns or companies as, during said year, have instituted said proceedings, and may be recovered in an action by the state treasurer, with interest from the date of demand.

Amended by St.1978, c. 514, § 195.

§ 166. Repealed by St.1977, c. 526, § 4

§ 167. Protection of sources of water supply

No sewage, drainage, refuse or polluting matter, of such kind and amount as either by itself or in connection with other matter will corrupt or impair the quality of the water of any pond or stream used as a source of ice or water supply by a town, public institution or water company for domestic use, or render it injurious to health, and no human excrement, shall be discharged into any such stream or pond, or upon their banks if any filter basin so used is there situated, or into any feeders of such pond or stream within twenty miles above the point where such supply is taken.

§ 168. Prescriptive rights of drainage; application of section 167

The preceding section shall not destroy or impair rights acquired by legislative grant prior to July first, eighteen hundred and seventy-eight, or destroy or impair prescriptive rights of drainage or discharge to the extent to which they lawfully existed on that date; nor shall it be applicable to the Merrimack or Connecticut rivers, or to so much of the Concord river as lies within the limits of Lowell.

§ 169. Injunction against pollution of water supply

The supreme judicial or superior court, upon application of the mayor of a city, the selectmen of a town, the managing board or officer of a public institution, or a water or ice company which is interested, may enjoin the violation of section one hundred and sixty-seven.

§ 170. Defilement of spring or source of water

Whoever wilfully and maliciously defiles or corrupts any spring or other source of water, or reservoir, or destroys or injures any pipe, conductor of water or other property pertaining to an aqueduct, or aids or abets in any such trespass, shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year.

§ 171. Wilful defilement of sources of water supply

Whoever wilfully deposits excrement or foul or decaying matter in water used for domestic water supply, or upon the shore thereof within five rods of the water, or whoever bathes in such water shall be punished by a fine of not more than fifty dollars or by imprisonment for not more than one month. A police officer or constable of a town where such water is wholly or partially situated, acting within the limits of such town, and any executive officer or agent of a water board, board of water commissioners, public institution or water company furnishing water or ice for domestic purposes, acting upon the premises of such board, institution or company and not more than five rods from the water, may without a warrant arrest any person found in the act of violating this section and detain him in some convenient place until a complaint can be made against him therefor. The provisions of this section shall not interfere with the sewage of a town or public institution, or prevent the enrichment of land for agricultural purposes by the owner or occupant thereof.

Amended by St.1975, c. 384.

§§ 172, 173. Repealed by St.1975, c. 384

§ 173A. Police employed to protect water supply; powers and duties

Police employed by the water board or board of water commissioners of a city, town or water district, a public institution or water company, and duly appointed in one of the cities or towns within an area from which water is being supplied under the direction of such board, institution or company, or over which such board, institution or company has control, or where such water is furnished by such city, town, district, institution or company shall within and throughout any or all of such areas have all the powers and duties of police officers of cities and towns.

Added by St.1938, c. 293.

§ 173B. Entry upon premises within water shed of source of water supply

Any water board or board of water commissioners of a city, town or water district and any executive officer or agent of any such board or of a public institution or water company furnishing water for domestic purposes, and any police officer employed by such a water board, board of water commissioners, public institution or water company, may enter any premises except dwelling houses within the water shed of the source of water supply of such city, town, district, institution or company to ascertain whether the provisions of this chapter relative to water supply and the rules and regulations adopted under section one hundred and sixty are being obeyed.

Added by St.1943, c. 84.

§ 174. Driving animal on ice of pond or stream used for domestic water supply

Whoever, not being engaged in cutting or harvesting ice, or in hauling logs, wood or lumber, drives any animal on the ice of a pond or stream used for domestic water supply for a town shall be punished by a fine of not more than fifty dollars or by imprisonment for not more than one month.

§ 174A. Prevention of defilement of domestic water supply by gulls or terns

In order to preserve the purity and prevent the pollution of the waters of any reservoir, pond, stream or standpipe used for domestic water supply by the metropolitan water district or by a town, water supply or fire and water district, public institution or water company, the public board or commission, or the governing board in case of a water company, having control of such waters may authorize one or more of its employees, so far as permissible under federal law, to take such reasonable means and use such appliances and weapons as, in the judgment of such public board or commission, or governing board, as the case may be, will prevent the defilement of said waters by gulls or terns, any provision of chapter one hundred and thirty-one to the contrary notwithstanding. Every such public board or commission and governing board shall keep an accurate account of all birds killed by its employees under authority of this section and submit such account to the director of the division of fisheries and wildlife of the department of fisheries, wildlife and recreational vehicles at such times and covering such periods as he may prescribe.

Amended by St.1975, c. 706, § 186.

PROTECTION OF CHARLES RIVER

§ 175. Protection of Charles river from pollution

The department of environmental quality engineering, in this section called the department, shall make reasonable orders, having due regard for the particular circumstances of each case, prohibiting the entrance or discharge of sewage into any part of the Charles river or its tributaries, and preventing the entrance or discharge therein of any other substance which may be injurious to the public health or may tend to cause an offensive odor or to create a public nuisance or to obstruct the flow of water or to diminish the public use or enjoyment of said river, its tributaries, or adjacent areas, including all waste or refuse from any factory or other establishment where persons are employed. Any finding of fact made by the department in making such an order shall be prima facie evidence in any proceeding to enforce such order. The department shall consult and advise with the owner of any factory or establishment, or with any municipality, discharging any substance into the Charles river or any of its tributaries, at his or its request or of the department's own motion, as to the best practicable and reasonably available method of making such substance harmless. The supreme judicial and the superior court shall have jurisdiction in equity to enforce any order made by the department hereunder. Proceedings to enforce any such order shall be instituted and prosecuted by the attorney general upon the request of the department. Whoever violates any order of the department made under authority of this section shall be punished by a fine of not less than twenty-five or more than one thousand dollars. Nothing herein shall affect any powers of the metropolitan district commission under section thirty-nine or seventy-six of chapter ninety-two.

Amended by St.1941, c. 353; St.1963, c. 453; St.1975, c. 706, § 187.

QUARANTINE

§§ 176 to 180. Repealed by St.1938, c. 265, § 17

VACCINATION

§ 181. Enforcement of vaccination of inhabitants of towns

Boards of health, if in their opinion it is necessary for public health or safety, shall require and enforce the vaccination and revaccination of all the inhabitants of their towns, and shall provide them with the means of free vaccination. Whoever refuses or neglects to comply with such requirement shall forfeit five dollars.

§ 182. Vaccination of inmates of institutions supported by aid of commonwealth

The board of health of a town where any incorporated manufacturing company, infirmary, training or industrial school, hospital or other establishment where the poor or sick are received, prison, jail or house of correction, or any institution supported or aided by the commonwealth, is situated may, if it decides that it is necessary for the health of the employees or inmates or for the public safety, require the authorities of said establishment or institution, at the expense thereof, to cause all said employees or inmates to be vaccinated.

§ 183. Exemptions

Any person over eighteen presenting a certificate, signed by the register of a probate court, that he is under guardianship shall not be subject to section one hundred and eighty-one; and any child presenting a certificate, signed by a registered physician designated by the parent or guardian, that the physician has at the time of giving the certificate personally examined the child and that he is of the opinion that the physical condition of the child is such that his health will be endangered by vaccination, shall not, while such condition continues, be subject to the two preceding sections.

Amended by St.1973, c. 925, § 15.

MISCELLANEOUS PROVISIONS

§ 184. Establishment and maintenance of bacteriological laboratories

In order to better preserve public health and secure greater accuracy in the diagnosis of communicable diseases, county commissioners may establish and maintain bacteriological laboratories, or provide such laboratory facilities for their respective counties as they deem advantageous, and may expend necessary sums therefor. No expenditures shall be made under this section until the laboratories or the laboratory facilities established or provided in accordance herewith have been inspected and approved by the department.

§ 184A. Certificates of approval relative to bacteriological laboratories; rules and regulations; renewals; fees

The department, at the request of any person owning or operating a bacteriological laboratory, may issue a certificate of approval of the performance at such laboratory of bacteriological or serological tests set forth in such certificate; provided, that no such certificate shall be granted hereunder except in accordance with such suitable and reasonable rules and regulations as the department shall establish; authority to establish, and from time to time to alter and amend, such rules and regulations being hereby granted to the department. Rules and regulations governing approval of such bacteriological laboratories made under authority hereof may include provisions relative to the location and equipment of such laboratories, the personal and professional qualifications of the personnel thereof, and the methods employed thereat. The department may from time to time submit to, or request from, any such laboratory such specimens for examination as it may deem necessary to determine whether or not such laboratory can properly perform such tests. Certificates of approval issued under authority hereof shall be valid for one year from their dates of issue and may be annually renewed. The fee for the issue, and for each annual renewal, of every such certificate shall be five dollars; provided, that no such fee shall be charged or collected on account of any such laboratory established and maintained by the commonwealth or by any political subdivision thereof. Any such certificate may be revoked by the department, after thirty days' notice to such laboratory and the opportunity to be heard by the department, if in its judgment the public interest so requires.

For the purposes of this section, a bacteriological laboratory is defined to be a place or establishment advertised, and maintained or purported to be maintained, in whole or in part, for the purpose of accepting for and subjecting to bacteriological or serological study or analysis, or both, specimens of blood, sputum, urine, feces or other fluids, secretions or excretions of the body of persons ill, or suspected of being ill, with a disease dangerous to the public health, or of the body of persons who are to serve as donors or recipients of blood or derivatives of blood.

The department is hereby further authorized to grant certificates of approval for laboratory tests upon milk, foods, eating utensils, water and sewage in accordance with such rules and regulations as the department may establish under the authority granted above. Only one certificate and one fee shall be required for all of the tests mentioned in this section.

Added by St.1939, c. 344. Amended by St.1946, c. 155, §§ 1, 2.

§ 184B. Blood banks

No blood banks, so-called, shall be established and maintained in this commonwealth except by a hospital licensed by the department under the provisions of section seventy-one or by the American Red Cross or by the Center for Blood Research, Inc. Any violation of this section shall be punished by a fine of not more than five hundred dollars.

Added by St.1950, c. 431. Amended by St.1950, c. 431; St.1967, c. 528; St.1973, c. 262.

§ 184C. Donation by minors

A minor eighteen years of age or older may donate his blood without the prior assent thereto by his parent or guardian.

Added by St.1969, c. 641.

§ 185. Disinfecting public mutoscopes and other apparatus

The proprietor or manager of any place of public amusement or other place where there are provided for public use and entertainment mutoscopes or any other machine or apparatus of such nature that the person using the same breathes or speaks into it, or, to see or hear, holds any part thereof in contact with or near to his eyes or ears, shall disinfect the same, in such manner as shall be approved by the board of health, at least twice during such hours, in every twenty-four hours, as the machine or apparatus is offered for use by the public. This section shall not apply to telephones.

§ 185A. Rules of instruction, test cards and other appliances

The department of public health, after consultation with the department of education, shall prescribe and furnish to school committees suitable rules of instruction, test cards, blanks, record books and other useful appliances for accomplishing the purposes of sections fifty-three to fifty-seven, inclusive, of chapter seventy-one and may furnish said material to such boards of health as may require it in the performance of their duties. The department may provide for pupils in the teachers colleges instruction and practice in the best methods of testing the sight and hearing of children.

Added by St.1945, c. 543, § 2.

§ 186. Public use of machines requiring application of lips

No person shall provide for public use or entertainment in any place of public amusement or other place of public resort any so-called lung testing machine or similar contrivance the use of which requires the application of any part thereof to the lips. Violations of this or the preceding section shall be punished by a fine of not more than twenty-five dollars.

§ 186A. Shoe-fitting machines; restrictions on use; penalty

No person shall operate or maintain a shoe-fitting device or machine which uses fluoroscopic, X-ray or radiation principles, except for diagnostic or therapeutic purposes by or under the direction of a physician or podiatrist registered under the laws of the commonwealth. Violations of this section shall be punished by a fine of not more than twenty-five dollars.

Added by St.1958, c. 79, § 2. Amended by St.1970, c. 443, § 16.

§ 186B. Sale or offering for sale of "flammable" fabric or related material to be used in manufacture, or sold as items, of children's sleepwear prohibited; penalties

It shall be unlawful to sell or offer for sale any fabric or related material or finished piece of clothing which is designed to be used in the manufacture, or sold as items, of children's sleepwear up to and including size 14, when such fabric or related material or finished piece of clothing shall be defined as "Flammable" under the provisions of chapter ninety-four B. Whoever himself or by his servant or agent, violates any provision of this section shall, for the first offense, be punished by a fine of not less than fifty nor more than two hundred dollars; and, for the second or subsequent offense, by a fine of nor less than two hundred nor more than one thousand dollars, or by imprisonment for not more than ninety days, or both.

Added by St.1973, c. 649, § 3.

§ 187. Enforcement of chapter

The supreme judicial or superior court, upon the application of the board of health of a town, may enforce the orders of said board relative to public health. Sections eleven and twelve of chapter two hundred and fourteen shall apply to such cases; but a jury may be summoned under said sections, if there is no sitting of the court, within one month after issues have been framed.

Amended by St.1973, c. 1114, § 7.

§ 188. Disposition of fines and forfeitures

Fines and forfeitures incurred under the general laws, the special laws applicable to a town, or the ordinances, by-laws and regulations of a town, relative to health, shall enure to the use of such town except where the forfeiture is incurred by said town.

§ 189. Application of chapter to cities

Unless the context otherwise requires, the provisions of this chapter shall apply to cities so far as consistent with their several charters.

LEAD POISONING PREVENTION AND CONTROL

§ 190. Statewide program; director; advisory committee

The department shall establish a statewide program for the prevention, screening, diagnosis and treatment of lead poisoning, including elimination of the sources of such poisoning, through such research, educational, epidemiological and clinical activities as may be necessary.

The commissioner shall appoint a lead poisoning control director, who shall serve at the pleasure of the commissioner. The director shall be responsible, subject to the authority of the commissioner, for carrying out and administering all programs created pursuant to this and the following nine sections. As used in the following nine sections, "Director" shall refer to the lead poisoning control director.

The director may contract with any agencies, individuals or groups for the provision of necessary services, subject to appropriation; and shall issue and from time to time, amend, such rules and regulations as may be necessary.

The governor shall appoint an advisory committee for the lead poisoning prevention program, which shall consist of nine members, at least four of whom shall be physicians or persons active in the field of public health and who shall serve at the pleasure of the governor. At least two members of said advisory committee shall be parents of children under six years of age who reside in lower-income urban areas. The committee shall advise the director on matters of policy; shall be consulted by the director prior to the issuance of rules and regulations; and shall perform such other duties as the director may request. The members of the advisory committee shall not be paid for their services, but they shall be reimbursed for travel and other expenses necessary for the performance of their duties. As used in the following nine sections, "advisory committee" shall refer to said committee.

Added by St.1971, c. 1081, § 1.

§ 191. Reports of lead poisoning; notifications to agencies; records

Any examining physician, hospital, public health nurse or other diagnosing person or agency shall report to the director the existence and circumstances of each case of lead poisoning known to them and not previously reported. Such reports shall be made on forms prescribed by the director, and shall be submitted not later than three days after said person or agency first diagnoses or is informed of such case. The director shall by regulation with the advice of the advisory committee and in accordance with sound medical practice define the terms "lead poisoning" and "previously reported".

When a case of lead paint poisoning is reported to the director, he shall inform such local boards of health, public health agencies and other persons and organizations as he deems necessary; provided, however, that the name of any individual contracting lead poisoning shall not be included unless the director determines that such inclusion is necessary to protect the health and well-being of the affected individual.

The director shall maintain comprehensive records of all reports submitted pursuant to this section. Such records shall be geographically indexed in order to determine the location of areas of relatively high incidence of lead poisoning. Such records shall be public records, subject to the provision of the preceding paragraph relating to the names of individuals.

Added by St.1971, c. 1081, § 1.

§ 192. Educational and publicity program

The director shall institute an educational and publicity program, in order to inform the general public, and particularly parents of children residing in areas of significant exposure to sources of lead poisoning; teachers, social workers and other human service personnel; owners of residential property, particularly property constructed previous to the year nineteen hundred and forty-five; and health services personnel, and particularly interns, residents and other intake personnel at major hospitals, of the dangers, frequency, and sources of lead poisoning, and the methods of preventing such poisoning.

Added by St.1971, c. 1081, § 1.

§ 193. Early diagnosis program; examination and reports; records

The director shall establish a program for early diagnosis of cases of lead poisoning. Such program shall, to the extent permitted by appropriations, systematically examine all children under six years of age residing within the commonwealth for the presence of lead poisoning. Such examinations shall be made by such means and at such intervals as the director shall by regulation determine may be medically necessary and proper. Such program shall employ, to the extent possible, residents of the areas in which screening and examinations are conducted, which residents shall not be subject to the provisions of chapter thirty-one, unless required as a condition for receipt of federal funds, or section nine A of chapter thirty.

Such program of diagnosis shall, to the extent that all children residing in the commonwealth are not systematically examined, give priority in examinations to those children residing, or who have recently resided, in areas were significant numbers of lead poisoning cases have recently been reported or where other reliable evidence indicates that significant numbers of lead poisoning cases may be found.

When the director is informed of a case of lead poisoning pursuant to section one hundred and ninety-one, or otherwise, he shall cause to have examined all other children under six years of age, and such other children as he may find advisable to examine, residing or recently residing in the household of the victim, unless the parents of such child object to said examination because it conflicts with their religious beliefs and practices. The results of such examinations shall be reported to the director, to the person or agency reporting the original case pursuant to section one hundred and ninety-one, and to such other persons or agencies as the director deems advisable.

The director shall maintain comprehensive records of all examinations conducted pursuant to this section. Such records shall be geographically indexed in order to determine the location of areas of relatively high incidence of lead poisoning. Such records shall be public records, subject to the provision of section one hundred and ninety-one relating to the names of examined individuals. A summary of the results of all examinations conducted pursuant to this section shall be released quarterly, or more frequently if the director so determines, to all interested parties.

All cases or probable cases of lead poisoning, as defined by regulation by the director, found in the course of examinations conducted pursuant to this section shall be reported immediately to the affected individual, to his parent or legal guardian if he is a minor, and to the director. The director shall inform such persons or agencies as he deems advisable of the existence of such case or probable case, subject to the provision of section one hundred and ninety-one relating to the names of individuals.

Added by St.1971, c. 1081, § 1.

§ 194. Detection of sources of lead poisoning; inspection; search warrant; notice to interested parties; examination of children; reports; records

The director shall establish a comprehensive program for detection of sources of lead poisoning. Such program shall attempt, to the extent permitted by appropriations, to locate all dwellings in which the paint, plaster or other accessible substance contains dangerous amounts of lead. The means of detection, and the amount of lead that produces the danger of lead poisoning, shall be determined by regulation by the director in accordance with sound medical practice and current technical knowledge.

Such program of detection shall, to the extent that all appropriate dwellings are not inspected, give priority in inspections to those dwellings located in areas where significant numbers of lead poisoning cases have recently been reported, and in which children under six years of age reside. Such program shall employ, to the extent possible, residents of the areas in which inspections are conducted, which residents shall not be subject to the provisions of chapter thirty-one, unless required as a condition for receipt of federal funds, or section nine A of chapter thirty.

Upon the request of any occupant, the director shall cause to have the occupant's premises inspected within a reasonable time, not to exceed ten days, unless systematic inspection of the area in which the person requesting the inspection resides is scheduled within thirty days, in which case said inspection may be deferred up to twenty additional days.

When the director is informed of a case of lead poisoning pursuant to sections one hundred and ninety-one or one hundred and ninety-three, or otherwise, he shall cause to have inspected the dwelling in which the victim resides, or has recently resided, if the occupants of said dwelling consent, after reasonable notice, to such inspection. If the occupant refuses admittance, an agent of the director or of any local board of health or code enforcement agency may apply for a search warrant to permit entry. A court may issue a warrant upon a showing that a victim of lead poisoning resides, or has recently resided in said dwelling. The findings of such inspection shall be reported to the director and to the appropriate enforcement authorities set out in section one hundred and ninety-eight.

A dangerous level of lead found in a dwelling inspected pursuant to this section, or otherwise, shall be reported immediately to the owner of the building, all affected tenants, all mortgagees and lienholders of record, the appropriate enforcement authorities set out in section one hundred and ninety-eight, and the director. The director shall inform such other persons or agencies as he deems advisable, and shall cause to have prominently posted on all entrances to said dwelling a notice that the dwelling contains dangerous amounts of lead paint or other materials which children should not be allowed to eat or chew. Such notice may not be removed until all premises have been found to comply with section one hundred and ninety-seven.

When a dangerous level of lead is found in a dwelling inspected pursuant to this section, or otherwise, the director shall cause to have examined all children under six years of age, and such other children as he may find advisable to examine, residing or who have recently resided in said dwelling. The results of such examinations shall be reported to the director, the affected individual and his parent or legal guardian. The director shall inform such other persons or agencies as he deems advisable, subject to the provision of section one hundred and ninety-one relating to the names of affected individuals.

The director shall provide by regulation for the implementation by local boards of health, code enforcement agencies and housing inspection agencies of the provisions of this section and the periodic reporting to him of the results of all inspections of dwelling units conducted hereunder by said boards and agencies.

The director shall maintain comprehensive records of all inspections conducted pursuant to this section. Such records shall be geographically indexed in order to determine the location of areas of relatively high incidence of dangerous lead levels. Such records shall be public records. A summary of the results of all inspections conducted pursuant to this section shall be released quarterly, or more frequently if the director so determines, to all interested parties.

Added by St.1971, c. 1081, § 1. Amended by St.1974, c. 449, § 1.

§ 195. State laboratory for lead and lead poisoning detection; specimen analysis; fee; report as prima facie evidence

The commissioner shall establish, within the Bureau of Institute of Laboratories, a state laboratory for lead and lead poisoning detection. Said laboratory shall analyze specimens received from children for the presence of lead poisoning, and samples of paint and other materials for dangerous levels of lead.

Said laboratory shall analyze tests and samples submitted by persons and agencies not within the department as its facilities permit, and may charge for such services a fee not greater than the cost to it of such services. A copy of the report of said laboratory or any division thereof, certified as a true copy by the custodian of the records of said laboratory, shall be admissible in any judicial proceeding without further authentication by either the laboratory or by the agency for which said report was made and shall be prima facie evidence of the facts stated therein.

Added by St.1971, c. 1081, § 1. Amended by St.1973, c. 149.

§ 196. Prohibited acts; punishment; embargo of personal property

(*a*) No person shall apply or cause to be applied any lead-based paint, glaze or other substance to any toy, furniture, cooking, drinking, or eating utensil, or interior or exterior surface or fixture of any dwelling; and no person shall sell, expose for sale, deliver, give away or possess with intent to sell, deliver or give away any toy, furniture, cooking, drinking or eating utensil to which any lead-based paint, glaze or other substance has been applied.

Any paint, glaze or other substance shall be deemed to be lead-based when it contains more than one-half of one per centum lead by weight (calculated as lead metal) in the total non-volatile content of liquid paints or in the dried film of paint or glaze already applied, or when it contains a substantially equivalent amount of lead measured by such alternative reliable method of measurement as the director shall by regulation establish.

Any person who violates the provision of this subsection shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars for each violation. Each article, surface or fixture to which a lead-based substance is applied shall constitute a separate violation. Any person who willfully violates the provisions of this subsection shall be punished by imprisonment for not more than three months for each violation.

Any article of personal property in violation of this subsection may be embargoed by the director in the manner provided in section one hundred eighty-nine A of chapter ninety-four.

(*b*) No person shall sell, expose for sale, deliver, give away or possess with intent to sell, deliver or give away any lead-based paint, glaze or other surface covering including raw lead or the raw lead compounds utilized in the home manufacturing of glazes as defined in subsection (*a*); provided, however, that the director may by regulation with the concurrence of a majority of the advisory committee exempt from the provisions of this subsection certain lead-based paints that are not intended or suitable for use on or within residential premises, and are not advertised or labeled as intended or suitable for such uses, and are not sold to the general public on a retail basis, when he finds with substantial certainty that the sale or use of said paints will not result in the exposure of children younger than six years of age to said paints and will not result in an additional danger to life or health for such children or for the general public. The director may by regulation with the concurrence of a majority of the advisory committee exempt from the provisions of this subsection certain lead-based ceramic glazes or the raw lead and raw lead compounds utilized in the home manufacturing of glazes on such terms as he finds will not result in an additional danger to life or health.

Whoever violates the provisions of this subsection shall be punished by a fine of not less than two hundred dollars nor more than five hundred dollars for each violation. Each can, bottle or other container of any prohibited substance shall constitute a separate violation. Whoever willfully violates the provisions of this subsection shall be punished by imprisonment for not more than six months for each violation. Any article or substance in violation of this subsection may be embargoed by the director in the manner provided in section one hundred eighty-nine A of chapter ninety-four.

Added by St.1971, c. 1081, § 1. Amended by St.1971, c. 1081, § 2; St. 1975, c. 410.

§ 197. Duty of owner of residential premises; removal or cover of offending paint or material

Whenever a child or children under six years of age resides in any residential premises in which any paint, plaster or other accessible materials contain dangerous levels of lead as defined pursuant to section one hundred and ninety-four, the owner shall remove or cover said paint, plaster or other material so as to make it inaccessible to children under six years of age. Whenever any such residential premises containing said dangerous levels of lead undergoes a change of ownership and as a result thereof, a child or children under six years of age will become a resident therein, the new owner shall remove or cover said paint, plaster or other material so as to make it inaccessible to such children.

Repainting with non-lead-based paint, without removal of the offending paint, plaster or other material shall not constitute compliance with this section. Such removal or covering shall be performed as follows:—

(*a*) All peeling paint, plaster or other material, on both interior and exterior surfaces and fixtures, shall be removed or adequately covered.

(*b*) Paint, plaster or other material that is not peeling shall be removed or covered on window sills; door frames below the four-foot level; windows, including mullions, below the four-foot level; stair rail spindles; stair treads from the lip to the riser on bottom and four inches back from the lip on the top of the tread; doors below the four-foot level and four inches from all edges; stair rails; porch railings; and all other exterior and interior surfaces or fixtures that may be readily chewed by children.

This duty shall apply to every owner of residential premises whenever a child or children under six years of age reside therein or whenever such premises undergoes a change of ownership and as a result thereof a child or children under six years of age shall reside therein, whether or not his premises have been inspected pursuant to section one hundred and ninety-four or otherwise. This section shall be strictly construed and enforced so as to best protect the safety of residents of such dwellings.

Added by St.1971, c. 1081, § 1.

§ 198. Violations and enforcement of sections 196 and 197

Any violation of sections one hundred and ninety-six and one hundred and ninety-seven may be treated by any party as a violation of the state sanitary code and all procedures and remedies applicable to such violations of said sanitary code shall be available to correct, deter or punish violations of said sections. The district and superior courts shall have jurisdiction to enforce the provisions of said sections to the same extent that said courts have jurisdiction to enforce said sanitary code.

All local boards of health or other code enforcement agencies, including in the city of Boston the commissioner of housing inspection shall enforce sections one hundred and ninety-six and one hundred and ninety-seven in the same manner and with the same authority as they may enforce the sanitary code. The director shall provide by regulation for the implementation by local boards of health, code enforcement agencies and housing inspection agencies of the provisions of this section and the periodic reporting to him of the results of all actions undertaken hereunder by said boards and agencies.

The director shall have concurrent responsibility and authority to enforce sections one hundred and ninety-six and one hundred and ninety-seven and in so doing shall have available to him all powers and authority which shall be available to local boards of health pursuant to sections one hundred twenty-seven A through one hundred twenty-seven K inclusive.

Violations of sections one hundred and ninety-six and one hundred and ninety-seven shall be treated as emergency matters, and shall be given preference by enforcing agencies and speedy hearings by district and superior courts.

Added by St.1971, c. 1081, § 1. Amended by St.1974, c. 449, § 2.

§ 199. Liability of owner of residential property; damages

The owner of any residential property shall be liable for all damages caused by his failure to perform the duties required of him pursuant to subsection (*a*) of section one hundred and ninety-six or section one hundred and ninety-seven.

The owner of any residential property who is notified of a dangerous level of lead in paint, plaster or other material present upon his premises pursuant to section one hundred and ninety-four, and who does not satisfactorily correct or remove said dangerous conditions shall in addition to the provisions of the preceding paragraph be subject to punitive damages, which shall be treble the actual damages found.

Added by St.1971, c. 1081, § 1.

§ 200. Reporting of certain burn injuries by physicians, et al., required; records; public inspection

A physician, intern or medical assistant, registered as provided in section nine A of chapter 112, a public health nurse, or another person who professionally examines or treats a person with a burn injury affecting five per cent or more of the surface area of his body, or, whenever any such case is treated in a hospital, sanatorium or other institution, the manager, superintendent or other person in charge thereof, shall report such injury to the department in accordance with the rules and regulations of the department. Such report shall describe as fully as possible the etiology of said injury, shall be made on forms prescribed by the commissioner, and shall be submitted not later than fourteen days, unless special circumstances justify a later reporting, after said physician, intern, medical assistant, nurse, or other person examines the injured person, or after said patient has been admitted to a hospital, sanatorium, or other institution.

The department shall maintain comprehensive records of all reports submitted pursuant to this section. Such reports and records shall be open to public inspection and constitute public records. The department shall annually compile such records and reports and publish a statistical abstract thereof which shall also be a public record and open to inspection by the public.

Added by St.1973, c. 650. Amended by St.1974, c. 122.

§ 201. First aid training of emergency personnel, including cardiopulmonary resuscitation; standards; refresher course; coordination by department; personnel excepted

Members of police and fire departments, members of the police force of the metropolitan district commission, the capitol police, members of the uniformed branch of the state police participating in highway patrol, persons appointed permanent or temporary lifeguards by the commonwealth or any of its political subdivisions, and members of emergency reserve units of a volunteer fire department or fire protection district shall be trained to administer first aid, including, but not limited to, cardiopulmonary resuscitation by July first, nineteen hundred and seventy-eight, including those appointed on or after January first, nineteen hundred and seventy-six. The training shall meet the standards for first aid training prescribed by the department and shall not be less than the standards established by the Committee on Cardiopulmonary Resuscitation and Emergency Cardiac Care of the American Heart Association, and shall be satisfactorily completed by them as soon as practical, but in no event more than one year after the date of their employment. Satisfactory completion of a refresher course approved by the department in cardiopulmonary resuscitation each year and in other first aid every three years shall also be required.

The department shall coordinate the provision, by county, of training required by this section. Such training shall be provided at no cost to the trainee.

This section shall not apply to police officers, fire fighters and persons engaged in police and fire work whose duties are primarily clerical or administrative.

Added by St.1974, c. 795, § 1. Amended by St.1977, c. 324.

FETAL DEATHS

§ 202. Fetal deaths; reports; confidentiality; disposition of remains; violations; forms

As used in this section, "fetal death" means death prior to the complete expulsion or extraction from its mother of a fetus, irrespective of the duration of pregnancy, as indicated by the fact that after such expulsion or extraction the fetus does not breathe or show any other evidence of life such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles. "Fetal death" does not include an abortion as defined in section twelve K of chapter one hundred and twelve.

When a fetal death occurs in a hospital, if a fetus is of twenty weeks gestation or more, or a weight of three hundred and fifty grams or more, the physician in attendance shall prepare and transmit a report of such death to the person in charge of the hospital or his designated representative, who shall file such report with the commissioner within ten days after such death.

When a fetal death occurs outside a hospital, if a fetus is of twenty weeks gestation or more, or a weight of three hundred and fifty grams or more, the physician in attendance at or immediately after delivery shall prepare and file a report of such death with said commissioner within ten days after such death.

When a fetal death occurs without medical attendance at or immediately after delivery or when the fetal death may have occurred from violence or unnatural causes, if a fetus is of twenty weeks gestation or more, or a weight of three hundred and fifty grams or more, the medical examiner shall investigate the cause and shall prepare and file a report of such death with said commissioner within ten days after such death.

Said commissioner may compile an annual statistical report of fetal deaths, and may make such further use of such records as he deems useful for administrative and research purposes connected with health programs and population studies.

Fetal death reports shall be confidential and shall be released by the department only upon written request of the parent, his or her guardian, executor, attorney, or any other person designated by the parent in writing. Such reports may also be released to the National Center for Health Statistics in the Department of Health, Education and Welfare, and to persons authorized by said commissioner under section twenty-four A of this chapter to conduct research studies. The department may release copies of such reports, or information contained therein, to other persons only in a manner which does not allow identification of the parents.

Disposition of fetal remains shall be made at the direction of the parent in either manner as hereinafter provided: the remains may be buried, entombed or cremated in accordance with chapter one hundred and fourteen and a copy of a report required by this section shall constitute the certificate required by section forty-five of said chapter one hundred and fourteen. Said copy shall, within thirty days after the issuance of a burial permit, be destroyed by the local board of health; or in all other circumstances, the fetal remains shall be disposed of by the hospital or as directed by the attending physician or medical examiner in a manner which does not create a hazard to the public health. Such disposition shall not be subject to the provisions of said chapter one hundred and fourteen. Before disposition, the physician or person in charge of the hospital shall ensure that the parent is informed of his right to direct either burial, entombment or cremation of the fetal remains, or disposal of the remains by the hospital or physician. Before disposition, the parent shall be informed in writing of the hospital policy relating to disposal of fetal remains, and shall be informed of the availability of a chaplain if any for counsel.

The provisions of chapter forty-six regarding the reporting of death shall not apply to fetal deaths.

A physician or medical examiner neglecting or refusing to file a report required by this section, or who makes a false statement therein, shall be subject to a fine of not more than fifty dollars.

The commissioner shall prescribe the form for the making of reports under this section, which shall be consistent with the United States standard report of fetal death.

Added by St.1977, c. 598, § 5. Amended by St.1978, c. 342.

"Treatment", services and programs for the care of intoxicated persons and alcoholics.

Added by St.1971, c. 1076, § 1. Amended by St.1973, c. 1040, § 1.

§ 4. Coordination of alcoholism programs; providing for facilities and services

The department shall coordinate matters affecting alcoholism in the commonwealth, shall establish and conduct a program for the treatment of intoxicated persons and alcoholics, including juveniles and young adults, their rehabilitation and the prevention of alcoholism in cooperation with public and private agencies, business and industry, and shall provide technical assistance and consultation services whenever required. The department may adopt rules and regulations to carry out its powers and duties under this chapter. The department shall be responsible for assuring that the following services are available and shall utilize community mental health centers and existing facilities and services available within the private sector whenever possible: (1) detoxification services on a twenty-four hour basis in or near population centers which meet the immediate medical and physical needs of intoxicated persons, including necessary diagnostic and referral services; (2) medical and hospital services which are available on a twenty-four hour basis and which, whenever possible, are provided in existing general hospital facilities; (3) rehabilitation services, including family care, residential aftercare and appropriate therapy which, whenever, possible, shall be coordinated with the Massachusetts rehabilitation commission; (4) inpatient psychiatric services for those alcoholics whose diagnosis reflects serious alcoholic related mental disturbances which, whenever possible, shall be conducted with services available in the department of mental health; and (5) training programs for professional and nonprofessional workers in the field of treatment and rehabilitation of alcoholics and intoxicated persons. The department shall not grant its approval for the establishment or maintenance of a facility, pursuant to section seven, in any jail, house of correction or institution operated by the department of correction; provided, however, the department shall grant its approval for the establishment and maintenance of a facility in the Massachusetts correctional institutions at Bridgewater and Framingham, if such facility meets the standards and procedures set forth in section seven.

Added by St.1971, c. 1076, § 1.

§ 5. Powers of department; list of facilities and services

The department may: (1) make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this chapter including, but not limited to, contracts with government departments, public and private agencies and facilities, physicians and other persons rendering services to alcoholics; provided, however, that all rates are to be established in accordance with the provisions of chapter six A, inclusive of chapter seven wherever applicable; and provided further, that the income and resource standards under chapter one hundred eighteen E for determining the financial ability of alcoholics to pay for services shall be taken into consideration to the fullest extent possible and the department shall be subrogated to any public or private third party payments which may be due; (2) establish and operate facilities if adequate public and private resources are not available; and (3) solicit and accept for use in relation to the purposes of this chapter any gift or bequest of money or property and any grant or loans of money, services, or property from the federal government, the commonwealth or any political subdivision thereof. Any money received under clause (3) shall be deposited with the state treasurer to be kept in a separate fund in the treasury for expenditure by the department in accordance with the conditions of the gift bequest, loan or grant without specific appropriation.

The department shall prepare and publish annually a list of all of its facilities and services operated by the division, shall make this list available upon request to members of the public, and shall furnish each police department in the commonwealth with a copy of such list.

Added by St.1971, c. 1076, § 1. Amended by St.1973, c. 1229, § 4J.

§ 6. License to establish and maintain facility; requirements and standards; filing of data; injunction; inspection; admission and treatment of patients

The department shall issue for a term of two years, and may renew for like terms, a license, subject to revocation by it for cause, to any person, other than a licensed hospital, a department, agency, or institution of the federal government, the commonwealth or any political subdivision thereof, deemed by it to be responsible and suitable to establish and maintain a facility and to meet applicable licensure standards and requirements. In the case of a department, agency or institution of the commonwealth or any political subdivision thereof, the department shall grant approval to establish and maintain a facility for a term of two years, and may renew such approval for like terms, subject to revocation by it for cause.

The department shall promulgate rules and regulations establishing requirements and standards for licensing and approval of facilities. Such requirements and standards shall include, but shall not be limited to:—

(1) the need for the facility in the community;

(2) the health standards to be met by the facility;

(3) misrepresentation as to the treatment afforded patients at a facility;

(4) licensing fees, application and revocation procedures, and the procedures for evaluation of treatment programs.

The department may establish different requirements and standards for different kinds of facilities, and may impose stricter requirements and standards in contracts with facilities and services made pursuant to section five.

Each facility shall be individually licensed or approved.

Each facility shall file with the department from time to time, such data, statistics, schedules or information as the department may reasonably require for the purposes of this section, and any licensee or other person operating a private facility who fails to furnish any such data, statistics, schedules or information as required, or who files fraudulent returns thereof, shall be punished by a fine of not more than five hundred dollars.

The department, after holding a hearing in accordance with chapter thirty A, may refuse to grant, suspend, revoke, limit or restrict the applicability of or refuse to renew any license or approval for any failure to meet the requirements of its rules and regulations or standards concerning such facilities.

No person, excepting a licensed hospital, a department, agency or institution of the federal government, the commonwealth or any political subdivision thereof, shall operate a facility without a license and no department, agency or institution of the commonwealth or any political subdivision thereof shall operate a facility without approval from the department pursuant to this section. The superior court shall have jurisdiction in equity to restrain any violation of the provisions of this section and to take such other action as equity and justice may require to enforce its provisions. Whoever knowingly establishes or maintains a private facility without a license granted pursuant to this section shall, for a first offense, be punished by a fine of not more than five hundred dollars and for each subsequent offense by a fine of not more than one thousand dollars or by imprisonment for not more than two years, or both.

Each facility shall be subject to visitation and inspection by the department and the department shall inspect each facility prior to granting or renewing a license or approval. The department may examine the books and accounts of any facility if it deems such examination necessary for the purpose of the section. The department is hereby authorized to make a complaint to a district court, to a justice of any court of record or to a magistrate authorized to issue warrants, who may thereupon issue a warrant to any officers or employees or the department authorizing them to enter and inspect at reasonable times, and to examine the books and accounts of any private facility refusing to consent to such inspection or examination by the department which the department has reason to believe is operating in violation of the provisions of this chapter. Refusal by the operator or owner to allow such entry and inspection pursuant to such a warrant shall for a first offense by punishable by a fine of not more than one hundred dollars and for each subsequent offense by a fine of not more than one thousand dollars or by imprisonment for not more than two years, or both.

The director may require facilities or services which contract with the commonwealth, pursuant to clause (1) of section five, to admit as an inpatient or outpatient any person to be afforded treatment pursuant to this chapter.

The department shall promulgate rules and regulations governing the extent to which the circumstances in which facilities and services may be required to treat any person as an inpatient or outpatient pursuant to this chapter, except that no licensed hospital with an emergency service shall refuse any person treatment for intoxication or alcoholism unless the person's need for treatment is not immediate and the hospital has at the time exceeded its reasonable treatment capacity for intoxication and alcoholism.

Added by St.1971, c. 1076, § 1.

§ 6A. Halfway houses for alcoholics; licensing or approval; rules and regulations; filing of information; inspection; remedies; penalties

The department shall issue for a term of two years, and may renew for like terms, a license, subject to revocation by it for cause, to any person, other than a department, agency or institution of the federal government, the commonwealth or any political subdivision thereof, deemed by it to be responsible and suitable to establish and maintain a halfway house for alcoholics. In the case of a department, agency or institution of the commonwealth or any political subdivision thereof, the department shall grant approval to establish and maintain a halfway house for alcoholics for a term of two years, and may renew such approval for like terms, subject to revocation by it for cause.

The department shall promulgate rules and regulations establishing requirements and standards for licensing and approval of halfway houses for alcoholics. Such rules and regulations shall not, however, establish educational nor professional requirements for the staff of any halfway house for alcoholics. The requirements and standards established in the rules and regulations shall include, but shall not be limited to:

(1) The need for the halfway house;

(2) The range of therapeutic programs designed to meet the needs of the residents of the halfway house;

(3) Licensing fees, application and revocation procedures.

Each halfway house for alcoholics shall be individually licensed or approved.

Each halfway house for alcoholics shall file with the department from time to time, such data, statistics, schedules, or information as the department may reasonably require for the purposes of this section, and any licensee or other person operating a halfway house for alcoholics who fails to furnish such data, statistics, schedules or information as required, or who files fraudulent returns thereof, shall be punished by a fine of not more than one hundred dollars.

The department, after holding a hearing in accordance with chapter thirty A, may refuse to grant, suspend, revoke, limit or restrict the applicability of any license or approval or refuse to renew any license or approval for any failure to meet the requirements of its rules, regulations or standards concerning such halfway houses.

No person, excepting a department agency or institution of the federal government, the commonwealth or any political subdivision thereof, shall operate a halfway house without a license and no department, agency or institution of the commonwealth or any political subdivision thereof shall operate a halfway house for alcoholics without approval from the department pursuant to this section. The superior court shall have jurisdiction in equity to restrain any violation of the provisions of this section and to take such other action as equity and justice may require to enforce its provisions.

Whoever knowingly establishes or maintains a halfway house for alcoholics without a license granted pursuant to this section shall be punished by a fine of not more than five hundred dollars.

Each halfway house shall be subject to visitation and inspection by the department and the department shall inspect each facility prior to granting or renewing a license or approval. The department may examine the books and accounts of any facility if it deems such examination is necessary for the purpose of this section. The department is hereby authorized to make a complaint to a district court, to a justice of any court of record or to a magistrate authorized to issue warrants, who may thereupon issue a warrant to any officers or employees of the department authorizing them to enter and inspect at reasonable times, and to examine the books and accounts of any halfway house refusing to consent to such inspection or examination by the department which the department has reason to believe is operating in violation of the provisions of this section.

§ 7. Detoxification facility; admission procedure; treatment; notification to family; transportation; aftercare treatment

Any person who is intoxicated and voluntarily applies for treatment at a detoxification facility or is brought to said facility in accordance with section eight shall be afforded treatment there or at another facility.

Prior to the admission of any person, the administrator of the facility shall cause him to be evaluated by physician-supervised personnel, experienced in alchoholism diagnosis. If there is any concern about the health or the immediate treatment needs of such person, he shall be examined by a physician. If upon said evaluation or examination, a determination is made that the person is intoxicated or is an alcoholic, and adequate and appropriate treatment is available, he shall be admitted. If any person is not admitted for the reason that adequate and appropriate treatment is not available at the facility, the administrator of the facility, acting whenever possible with the assistance of the director, or his designee, shall refer the person to a facility at which adequate and appropriate treatment is available. In the event that a person is not admitted to a facility, and has no funds, the administrator shall arrange for the person to be assisted to his residence, or if he has no residence to a place where shelter will be provided him.

Any person admitted to a facility shall receive treatment at the center or facility for as long as he wishes to remain or until the administrator determines that treatment will no longer benefit him; provided, however, that any person who at the time of admission is intoxicated and is incapacitated, shall remain at the facility until he is no longer incapacitated, but in no event shall he be required to remain for a period greater than forty-eight hours, or if any such person is committed for rehabilitative purposes to the Massachusetts correctional institution, Bridgewater or to the Massachusetts correctional institution, Framingham, he shall be required to remain for a period of not less than ten days.

When a person is admitted to a facility, his family shall be notified as soon thereafter as possible. If a patient who is not incapacitated requests that notification not be given, his request shall be respected. Any person, unless transported by the police, who is transported to a facility or from one facility to another or from a facility to his residence shall be transported by the department, or other persons authorized by the department. Said department shall promulgate rules and regulations regarding such transportation, and where necessary shall bear the expense thereof.

Upon discharge from or upon leaving a facility, the patient shall be encouraged to consent to appropriate outpatient or residential aftercare treatment.

Added by St.1971, c. 1076, § 1.

§ 8. Incapacitated persons; assistance to facility or protective custody

Any person who is incapacitated may be assisted by a police officer with or without his consent to his residence, to a facility or to a police station. To determine for purposes of this chapter only, whether or not such person is intoxicated, the police officer may request the person to submit to reasonable tests of coordination, coherency of speech, and breath.

Any person assisted by a police officer to a police station shall have the right, and be informed in writing of said right, to request and be administered a breathalyzer test. Any person who is administered a breathalyzer test shall be presumed intoxicated if evidence from said test indicates that the percentage of alcohol in his blood is ten one hundredths or more and shall be placed in protective custody at a police station or transferred to a facility. Any person who is administered a breathalyzer test, under this section, shall be presumed not to be intoxicated if evidence from said test indicates that the percentage of alcohol in his blood is five one hundredths or less and shall be released from custody forthwith. If any person who is administered a breathalyzer test, under this section, and evidence from said test indicates that the percentage of alcohol in his blood is more than five one hundredths and is less than ten one hundredths there shall be no presumption made based solely on the breathalyzer test. In such instance a reasonable test of coordination or speech coherency must be administered to determine if said person is intoxicated. Only when such test of coordination or speech coherency indicates said person is intoxicated shall he be placed in protective custody at a police station or transferred to a facility.

Any person presumed intoxicated and to be held in protective custody at a police station shall, immediately after such presumption, have the right and be informed of said right to make one phone call at his own expense and on his own behalf. Any person assisted by a police officer to a facility under this section shall have the right to make one phone call at his own expense on his own behalf and shall be informed forthwith upon arriving at the facility of said right. The parent or guardian of any person, under the age of eighteen, to be held in protective custody at a police station shall be notified forthwith upon his arrival at said station or as soon as possible thereafter.

If any incapacitated person is assisted to a police station, the officer in charge or his designee shall notify forthwith the nearest facility that the person is being held in protective custody. If suitable treatment services are available at a facility, the department shall thereupon arrange for the transportation of the person to the facility in accordance with the provisions of section seven.

No person assisted to a police station pursuant to this section shall be held in protective custody against his will; provided, however, that if suitable treatment at a facility is not available, an incapacitated person may be held in protective custody at a police station until he is no longer incapacitated or for a period of not longer than twelve hours, whichever is shorter.

A police officer acting in accordance with the provisions of this section may use such force as is reasonably necessary to carry out his authorized responsibilities. If the police officer reasonably believes that his safety or the safety of other persons present so requires, he may search such person and his immediate surroundings, but only to the extent necessary to discover and seize any dangerous weapons which may on that occasion be used against the officer or other person present; provided, however, that if such person is held in protective custody at a police station all valuables and all articles which may pose a danger to such person or to others may be taken from him for safekeeping and if so taken shall be inventoried.

A person assisted to a facility or held in protective custody by the police pursuant to the provisions of this section, shall not be considered to have been arrested or to have been charged with any crime. An entry of custody shall be made indicating the date, time, place of custody, the name of the assisting officer, the name of the officer in charge, whether the person held in custody exercised his right to make a phone call, whether the person held in custody exercised his right to take a breathalyzer test, and the results of the breathalyzer test if taken, which entry shall not be treated for any purposes, as an arrest or criminal record.

Added by St.1971, c. 1076, § 1. Amended by St.1973, c. 328, § 1; St.1973, c. 1143; St.1970, c. 597, § 1.

§ 9. Powers of administrator

Each person who receives treatment at a facility shall be subject to the supervisory powers of the administrator exercised in accordance with rules and regulations of the department; however, if the facility is operated by a department or agency of the commonwealth other than the department of public health, the administrator shall exercise his supervisory powers subject to the rules and regulations of the department which operates the facility.

Added by St.1971, c. 1076, § 1. Amended by St.1973, c. 328, § 1; St.1973, c. 1143.

§ 10. Juvenile patients

Any person under the age of eighteen who is a patient at a facility, pursuant to section seven, or held in protective custody at a police station pursuant to section eight shall, upon request of his parent or guardian, be released to the custody of said parent or guardian. All rights afforded any person under this chapter shall apply to juveniles. Any provisions of this chapter requiring the consent of a person shall, if the person is a juvenile, require the consent of both the juvenile and his parent or guardian.

Added by St.1971, c. 1076, § 1. Amended by St.1979, c. 597, § 2.

§ 11. Treatment record; patient's rights

The administrator of each facility shall keep a record of the treatment afforded each patient, which shall be confidential and shall be made available only upon proper judicial order, whether in connection with pending judicial proceedings or otherwise.

Any patient shall have the right to have a physician retained by him examine him, consult privately with his attorney, receive visitors, and send and receive communications by mail, telephone and telegraph. Such communications shall not be censored or read without consent of such patient. The foregoing shall not limit the right of the administrator, subject to reasonable rules and regulations of the department, to prescribe reasonable rules governing visiting hours and the use of telephone and telegraph facilities.

Added by St.1971, c. 1076, § 1.

§ 12. Service forces; establishment; nature; duties

The commonwealth, the several counties, cities and towns subject to appropriation, may establish service forces to perform the function of the police in accordance with the provisions of section eight. Such service forces may be a part of a police department, the department, or may be a separate unit. Members of the force shall be trained to carry out the responsibilities of police, and other individuals as these are set out in section eight, including the administration of first aid to intoxicated persons in need of medical assistance.

Added by St.1971, c. 1076, § 1.

§ 13. Civil and criminal liability of certain persons performing duties under this chapter

Police officers, facility administrators or other persons acting in a reasonable manner and pursuant to the provisions of this chapter shall not be held criminally or civilly liable for such acts.

§ 1. Definitions

For the purpose of this chapter the following definitions shall apply unless the context or subject matter requires a different interpretation:—

"Ambulance", means any aircraft, boat, motor vehicle, or any other means of transportation, including a dual purpose vehicle, however named, whether privately or publicly owned, which is intended to be used for, and is maintained and operated for, the transportation of sick, injured or disabled individuals.

"Ambulance service", means the business or regular activity, whether for profit or not, of transporting sick, injured or disabled individuals by ambulance.

"Board", means the emergency medical care advisory board established under section seven.

"Commissioner", means the commissioner of public health.

"Company", means a corporation, a partnership, a business trust, an association, or an organized group of persons, whether incorporated or not; or any receiver, trustee, or other liquidating agent of any of the foregoing while acting in such capacity.

"Department", means the department of public health.

"Dual purpose vehicle", means a vehicle which is used for ambulance service even though it is also used for other purposes, including police and fire purposes.

"Person", means an individual, a company, or an agency or political subdivision of the commonwealth.

The department may define in regulations any term used in this chapter, provided that such definition is not contrary to a provision of the general laws.

Added by St.1973, c. 948, § 1.

§ 2. Powers and duties of department

For the administration and enforcement of this chapter, the department may:

(1) establish and enforce rules and regulations for the establishment and maintenance of ambulance services and for the maintenance and operation of ambulances, including but not limited to rules and regulations governing ambulance personnel, safety, sanitation, equipment, communications, medical supplies and records;

(2) establish fees for the issuance and renewal of licenses and certificates of inspection;

(3) make such reasonable classifications of ambulances, by type of vehicle and purpose, and ambulance services, by nature and scope of service, as it finds necessary or appropriate in the public interest;

(4) determine the need for and to plan for the distribution of ambulances and ambulance services in the commonwealth;

(5) inspect at any time any ambulance and any facilities and records maintained in connection with any ambulance service, provided that a license has been issued, or an application for a license has been filed, for such ambulance service;

(6) approve courses in emergency medical care for ambulance operators and attendants under such conditions as it may establish with the advice of the board;

(7) develop a cost-sharing program between local, state and federal governments and voluntary private funding for training of ambulance operators and attendants and purchase of ambulances;

(8) coordinate on a regional basis communications centers, ambulance services, hospital emergency services, law enforcement and fire units and emergency operations centers and facilitate hospital transfers of patients;

(9) subject to the provisions of section three, make rules and regulations regarding adequate insurance coverage for licensed ambulance services and for operators and attendants of certified ambulances;

(10) make rules, regulations, and orders, and delegate authority to its divisions, employees and agents, as may be necessary or appropriate to carry out the provisions of this chapter.

The department shall not establish the requirements as specified in clause (1) and shall not establish conditions for approval of courses as specified in clause (6) until the board has been provided a reasonable opportunity to review and make recommendations on such requirements and conditions.

Added by St.1973, c. 948, § 1.

§ 3. Ambulance service; license; application; issuance; renewal; provisional license

Any person who proposes to establish or maintain an ambulance service shall file an application with the department, containing such information as the department may require, including but not limited to the identity of the applicant, and any parent or associated company, and the number of ambulances for which application is made.

Upon receipt and review of an application for a license, the department shall issue a license if it finds that the applicant is responsible and suitable to establish or maintain the proposed service and meets such requirements as the department may establish by regulation for an ambulance service license. On or after July first, nineteen hundred and seventy-seven no original or renewal license shall be issued hereunder except in the case of ambulance services owned or operated by an agency or political subdivision of the commonwealth unless the applicant has received and there is in effect a contract of insurance conforming to the rules and regulations established by the department, subject to the provisions of chapter one hundred and seventy-five.

In the case of a renewal application, the department may, subject to such regulations as it may make, issue a provisional license to an applicant who does not meet the requirements under this section, provided that the applicant has demonstrated to the department's satisfaction a good faith intention to meet such requirements, and, provided further, that the department finds that the licensee provides adequate emergency medical care and evidences a potential for full licensure within a reasonable period, not to exceed six months. The department, however, shall in no case issue a person more than two consecutive provisional licenses for the same ambulance service.

The department shall set forth in every license which it issues under this section the name and address of the person to whom such license is issued, the period for which such license is issued, the classification, if any, for which such license is issued, the number and classification of ambulances to be operated under the license, the conditions as to transfer and assignment prescribed by law, and such other terms of issuance as the department may, in the public interest, prescribe as necessary or appropriate. The department shall fix the period of a provisional license for no more than six months, and it shall fix the period of a full license for not less than twelve months nor more than fifteen months.

Added by St.1973, c. 948, § 1.

§ 4. Inspection of ambulances; certificate, display

Prior to issuing a license under section three, the department shall inspect each ambulance for which application is made. Each person to whom a license is issued shall be entitled to a certificate of inspection for each ambulance listed in his license upon proof that the ambulance is in compliance with such requirements as the department may establish by regulation for a certificate of inspection. Each certificate shall be valid only for the vehicle for which it is issued and to the licensee to whom it is issued, and no certificate shall continue in force after the expiration of the license under which it is issued. Each licensee issued a certificate of inspection shall cause such certificate to be displayed in such ambulance in such manner as the department may prescribe by regulation.

Added by St.1973, c. 948, § 1.

§ 5. Ambulance license modification or transfer; application; denial; review

Any licensee who desires a change in his allotted number of ambulances or other license modification shall file a request in writing therefor with the department. The department shall not grant such request unless it finds that the modification requested is in the public interest, and in the case of modification involving a substantial change in the nature and scope of the ambulance service, that such change serves a need for emergency medical care. If a licensee so desires, he may file a request for license modification as part of a renewal application under section three, and the department shall consider, and act upon, such request and the application at the same time.

No licensee shall transfer or assign in any manner, voluntarily or involuntarily, directly or indirectly, or by transfer of control of any company, the license issued him, or any rights thereunder, without first obtaining the department's written permission upon application to the department. Every application therefor shall contain such information as the department may require, and shall be disposed of within sixty days of filing with the department. The department shall grant written permission only if the department finds that the transferee or assignee is responsible and suitable to maintain an ambulance service and meets such requirements as the department has established by regulation for a license. Every denial order shall include a statement of the reasons for denial and the provisions of law relied upon, and shall be subject to judicial review through a petition for a writ of certiorari brought within thirty days thereof under the provisions of section four of chapter two hundred and forty-nine. Any transfer or assignment in violation of this section shall be void.

Added by St.1973, c. 948, § 1.

§ 6. Ambulance operators and attendants; training requirements, temporary waiver

No person shall operate an ambulance or be an attendant thereon unless he has successfully completed a full course in emergency medical care approved by the department pursuant to this chapter, or has received training in the provision of emergency medical care which, subject to such regulations as the department may establish with the advice of the board, the department finds to be substantially equivalent to that provided by full courses in emergency medical care approved by the department pursuant to this chapter, and unless in each year following completion of such course he participates satisfactorily in a supplemental course in emergency medical care approved by the department pursuant to this chapter; provided, however, that the department may, under such regulations as it may establish, grant a temporary waiver of such requirements, but only in the case of an operator and for no more than three months, upon application and upon a finding that the public convenience and necessity require such a waiver.

For the purpose of establishing training requirements under this section, the department shall classify ambulance services by such categories as dual purpose vehicles, municipally-operated services, volunteer services, or such others as the department may from time to time determine, and shall, with the board, establish training requirements for operators and attendants by class of service. In establishing the level of such requirements for each service, the department shall consider such factors as geographic location of the service, availability of approved training courses, source and compensation for personnel serving as ambulance operators and attendants, and financial impact on the licensee.

The training approved by the department shall not be less than the Standards established by the Committee on Cardiopulmonary Resuscitation and Emergency Cardiac Care of the American Heart Association.

Added by St.1973, c. 948, § 1. Amended by St.1974, c. 795, § 2.

§ 7. Advisory board

There shall be within the department an emergency medical care advisory board, consisting of the commissioner or his designee, as chairman, the registrar of motor vehicles, or his designee, the commissioner of public safety, or his designee, the commissioner of the metropolitan district commission, or his designee, the chief executive officer, or his designee, of each regional comprehensive health planning agency designated pursuant to the federal Public Health Service Act (P.L. 89–749) [1], and twenty-one members appointed by the commissioner as follows:— three from the Massachusetts Medical Society; one each from the Massachusetts Nurses Association, the Massachusetts Hospital Association, the Massachusetts Ambulance Association, the Massachusetts Heart Association, the American Red Cross, the Massachusetts League of Cities and Towns, the Massachusetts Chiefs of Police Association, and the Massachusetts Fire Chiefs Association; one from the volunteer ambulance associations; three at large from organizations involved in the planning for, provision of or training for emergency medical care, including any of the organizations listed above; a representative of the Governor's Highway Safety Bureau; one person who shall be an expert in communications; one person who shall be an attorney; and three who shall be consumers. Additional members may be appointed to the board by the commissioner upon recommendation of a majority of the board.

Each appointed member of the board shall serve for a term of three years, or until his successor is appointed and qualified, whichever is longer; provided, however, that no appointee shall serve more than two consecutive terms. Appointees shall serve without compensation but shall be reimbursed for expenses actually and necessarily incurred in the discharge of their duties.

The board shall, in addition to other powers conferred in this chapter and in addition to functioning in a general advisory capacity shall assist in coordinating the efforts of all persons and agencies in the commonwealth concerned with emergency medical care; and render advice on the development of emergency medical care services where needed. The board shall make an annual report to the commissioner on or before the thirtieth day of June each year.

Added by St.1973, c. 948, § 1.

[1] 42 U.S.C.A. § 246.

§ 8. Ambulance service; complaint procedures; investigation; notification of complainant

The department shall establish and implement procedures for the making, transmission, and investigation of complaints concerning the maintenance of any ambulance service. The department shall prepare, and make available upon request, a description of such procedures, and it shall, as the public interest may require, investigate every complaint received, except to the extent that the act or practice complained of does not constitute a violation of this chapter or any regulation under this chapter. Upon investigation the department shall notify the complainant, if known, of its action in the matter. If it finds that an investigation is not required, it shall notify the complainant, if known, of its finding and the reasons therefor.

Added by St.1973, c. 948, § 1.

§ 9. Ambulance deficiencies; correction orders; requests for reconsideration; assessments, hearing, collection, judicial review

(*a*) Whenever the department finds upon inspection, or through information in its possession, that an ambulance is not in compliance with a requirement established under this chapter, the department may order the licensee to correct such deficiency. Every such correction order shall include a statement of the deficiencies found, the period prescribed within which the deficiency must be corrected, and the provisions of law relied upon. The period prescribed shall be reasonable and, except in an emergency declared by the commissioner, not less than thirty days from receipt of such order. Within seven days of receipt, the affected licensee may file a written request with the department for administrative reconsideration of the order or any portion thereof. Failure of the department to grant, deny, or otherwise act upon a written request within seven days of filing shall be deemed a denial of such request.

(*b*) The department may assess a licensee ordered to correct deficiencies fifty dollars per deficiency for each day the deficiency continues to exist beyond the date prescribed for correction. Before making an assessment, the department shall give the affected licensee notice of the matters alleged and the provisions of law relied upon and shall accord such licensee an opportunity for a hearing upon timely written request. If after hearing, or waiver thereof, the department determines that cause exists, it shall make an appropriate assessment. The affected licensee shall pay such assessment except to the extent that, upon judicial review, the reviewing court may reverse the final decision of the department.

(*c*) An assessment made under this section shall be due and payable to the commonwealth on the thirtieth day after notification to the affected licensee. The attorney general shall recover any assessment due and payable in an action of contract, or any other appropriate action, suit or proceeding, brought in the name of the commonwealth in the superior court. Upon the motion of the attorney general, such court may consolidate for hearing and decision a judicial review proceeding and an assessment collection proceeding if the proceedings result from the same administrative action.

Added by St.1973, c. 948, § 1.

§ 10. Revocation, refusal to renew or suspension of certificate of inspection or license for violations; hearing; modification of license

The department may, after hearing or waiver thereof, revoke or refuse to renew a certificate of inspection or license for failure to perform such requirements as set forth in such certificate or license, for violation of any applicable requirement prescribed under this chapter, for violation of a correction order, or for engaging in, or for aiding, abetting, causing, or permitting, any act prohibited under this chapter. The commissioner may, without hearing, suspend a certificate of inspection or license if he finds that the licensee concerned is operating or maintaining the ambulance subject to such certificate, or is maintaining the ambulance service subject to such license, in a manner which endangers the public health or safety; provided, however, that in every case of suspension the licensee shall be promptly afforded an opportunity for a hearing under this section. If after any hearing hereunder concerning a license, the department determines that cause exists, instead of revoking or refusing to renew such license, the department may issue an order modifying the license if it finds that the public interest would be better served by such action. No certificate of inspection under a licensee shall continue in force after the department has revoked or refused to renew such license.

Added by St.1973, c. 948, § 1.

§ 11. Enforcement proceedings; jurisdiction; injunctive relief

The attorney general, at the request of the department, shall, or any ten taxpayers of the commonwealth, may bring a bill in equity [1] in the superior or supreme judicial court to enforce compliance with this chapter or any rule, regulation, or order made under this chapter, whenever it shall appear that any person has engaged in, or is about to engage in an act or practice in violation of this chapter or any rule, regulation, or order made under this chapter, or whenever it shall appear that any person has aided, abetted, caused, or permitted, is aiding, abetting, causing, or permitting, or is about to aid, abet, cause, or permit any such act or practice. Upon a bill brought hereunder, the superior court or supreme judicial court, as the case may be, shall have jurisdiction to grant temporary relief and, upon hearing, a permanent injunction, which shall be mandatory in form, if appropriate; provided, however, that, where a bill is brought by ten taxpayers of the commonwealth, no permanent injunction shall be issued until the department has been permitted to intervene as a party, if it so desires, or to submit an amicus brief to the court. Any ten taxpayers filing a bill in equity hereunder shall serve a copy thereof upon the department on the same day as such filing.

Added by St.1973, c. 948, § 1.

[1] St.1973, c. 1114, an act conforming the General Laws to the Massachusetts Rules of Civil and Appellate Procedure, effective July 1, 1974, did not so conform this section. See c. 214, § 1 et seq., as enacted by section 62 of this act.

§ 12. Prohibited acts; penalty; investigation and prosecution of offenses; by attorney general

No person shall:

(1) establish or maintain an ambulance service without a valid license or in violation of the terms of a valid license;

(2) operate, maintain, or otherwise use any aircraft, boat, motor vehicle, or other means of transportation as an ambulance without a valid certificate of inspection;

(3) operate an ambulance or to serve as an attendant thereon in violation of section six;

(4) obstruct, bar, or otherwise interfere with an inspection undertaken under authority of this chapter;

(5) knowingly to make an omission of a material fact or a false statement in any application or other document filed with the department; or

(6) violate or fail to observe any requirement of this chapter, or of any rule, regulation, or order under this chapter, which requirement the department has made subject to this section by regulation.

Whoever engages in, aids, abets, causes, or permits any act prohibited under this section shall be punished by a fine of not less than one hundred dollars and not more than five hundred dollars for each offense. A separate and distinct offense shall be deemed to have been committed on each day during which any prohibited act continues after written notice by the department to the offender. The commissioner shall report each suspected offense to the attorney general for investigation and, if appropriate, prosecution in the courts of the commonwealth.

Added by St.1973, c. 948, § 1.

§ 13. Liability of doctors, nurses, hospitals, ambulance operators and attendants

No physician duly registered under the provisions of sections two, two A, or nine of chapter one hundred and twelve, and no nurse duly registered under the provisions of section seventy-four or section seventy-six of said chapter, and no hospital shall be liable in a suit for damages as a result of acts or omissions related to advice, consultation or orders given in good faith to ambulance operators and attendants who are qualified under section six, and are acting on behalf of an ambulance service duly licensed under section three, by radio, telephone or other remote means of communication under emergency conditions and prior to arrival of the patient at the hospital, clinic, office or other health facility from which the emergency communication to the ambulance operator or attendant is made; nor shall any said ambulance operator or attendant be liable in a suit for damages as a result of his said acts or omissions based upon said advice, consultation or orders by remote communication, if the said acts or omissions were made in good faith.

Added by St.1973, c. 948, § 1.

§ 14. Civil or criminal liability; immunity for certain persons aiding injured or incapacitated persons

No emergency medical technician certified under the provisions of this chapter and no police officer or firefighter, who in the performance of his duties and in good faith renders emergency first aid or transportation to an injured person or to a person incapacitated by illness shall be personally in any way liable as a result of rendering such aid or as a result of transporting such person to a hospital or other safe place, nor shall he be liable to a hospital for its expenses if, under emergency conditions, he causes the admission of such person to said hospital.

§ 1. Definitions

In this chapter the following words shall, unless the context requires otherwise, have the following meaning:

(1) "Clinical Laboratory" means a facility or place, however named, the purpose of which is to make biological, serological, chemical, immunohematological, cytological, pathological, or other examinations of materials derived from a human body.

(2) "Commissioner" means the commissioner of public health.

(3) "Company" means a corporation, a partnership, an association, or an organized group of persons, whether incorporated or not.

(4) "Department" means the department of public health in the executive office of human services.

(5) "Person" and "whoever" shall include corporations, societies, associations, partnership, an individual or his estate upon his death, and a political subdivision of the commonwealth; but not an agency of the commonwealth.

Added by St.1975, c. 881, § 1.

§ 2. Regulatory authority of public health department

The department shall have authority:

(1) to establish, with the advice of the advisory committee on clinical laboratories, and to enforce, requirements in addition to any prescribed in this chapter for the construction, maintenance, and utilization of clinical laboratories, including standards of performance in the examination of specimens;

(2) to require evidence of successful participation by clinical laboratories licensed under section five in proficiency testing programs, and by laboratory personnel in training programs, covering all or specific laboratory specialties and approved by the department after consultation with the advisory committee on clinical laboratories;

(3) to establish appropriate fees for the issuance and renewal of licenses;

(4) to make such reasonable classification of clinical laboratories, by category of laboratory procedures performed or nature and

scope of services provided, as the department may find necessary or appropriate in the public interest;

(5) to inspect at any time any clinical laboratory and any records maintained in connection with such laboratory; provided, that a license has been issued or an application for a license has been filed under section five;

(6) to conduct investigations and adjudicatory proceedings;

(7) to conduct research and studies, to sponsor or hold educational programs, to make informational materials available to the public, and to engage in such other activities as may be necessary or appropriate for the administration or enforcement of this chapter; and

(8) to make such rules, regulations, as may be necessary or appropriate for the administration or enforcement of this chapter.

Added by St.1975, c. 881, § 1.

§ 3. Advisory committee; membership

There shall be within the department an advisory committee on clinical laboratories, to advise the department, as provided in section two, on the administration of this chapter. Such committee shall consist of twelve members, to be appointed by the commissioner, as follows: four persons, two physicians and two not physicians, who meet the requirements for confirmation as a clinical laboratory director; one other physician; one medical laboratory technologist; one chief executive officer of a hospital licensed by the department; and five non-providers of health services, one of whom shall be a member of the Massachusetts bar. Each member of the committee shall serve without compensation for a term of three years, or until his successor is appointed, whichever is longer; provided, that no member shall serve more than two consecutive terms. A chairman of the committee shall be elected annually from the membership.

Added by St.1975, c. 881, § 1.

§ 4. Licensing requirements; exemptions

No person shall maintain a clinical laboratory in the commonwealth apart from a hospital or clinic licensed under section fifty-one of chapter one hundred and eleven, unless he holds, and there is in effect, a license issued under section five except that the licensing requirement of this section shall not apply to: (*a*) a clinical laboratory maintained by not more than two licensed physicians exclusively in connection with the diagnosis and treatment of his own patients; or (*b*) in the case of a clinical laboratory maintained exclusively for research and teaching purposes and not providing reports for diagnosis and treatment of patients or for a public health purpose; or (*c*) any laboratory with respect to tests or other procedures made by it for any person engaged in the business of insurance if made for purposes of determining whether to write an insurance contract or determining eligibility or continued eligibility thereunder, or for the examination of its employees or officers. No provision of this chapter other than section six shall apply to any agency of the commonwealth; nor shall any provision of this chapter relative to licensing apply to any hospital or clinic licensed under section fifty-one of chapter one hundred and eleven.

Added by St.1975, c. 881, § 1.

§ 5. License; application; filing; issuance; renewal; form

Any person seeking a license to maintain a clinical laboratory apart from a hospital or clinic licensed under section fifty-one of chapter one hundred and eleven shall file with the department a license application containing such information as the department may reasonably require, including but not limited to the identity of the applicant and any parent or associated company, the identity and qualifications of the proposed laboratory director, and the procedures or categories of procedures for which the license is sought.

Upon receipt and review of an application for license and upon payment of the appropriate fee, the department shall issue a license if it finds that the applicant is responsible and suitable to maintain a clinical laboratory and meets such requirements as the department has established by regulation for a license. In the case of renewal application, the department may, subject to such regulations as it shall make, issue a provisional license to an applicant who does not meet every requirement for a license; provided, that the applicant has demonstrated to the department's satisfaction a good faith intention to correct deficiencies, and provided further, that the department finds that the licensee provides reliable reports of examinations of specimens and presents satisfactory evidence that the requirements for full licensure can and will be met within a period of time not to exceed six months. The department shall in no case issue a person more than two consecutive provisional licenses for the same clinical laboratory.

The department shall set forth in every license issued under this section the name and address of the licensee; the name by which the clinical laboratory shall be known; the address of the licensed premises; the period which such license is issued; the classification, if any, for which such license is issued; the conditions as to transfer and assignment prescribed by law; and such other terms of issuance as the department may reasonably prescribe. The period of a full license shall be not more than two years and the period of a provisional license shall be for not more than six months.

No licensee shall transfer the license issued him, or assign any authority granted thereunder, in any manner voluntarily or involuntarily, directly or indirectly, or by transfer or control of any person, without first obtaining the department's written permission, upon application to the department. Every application therefor shall contain such information as the department may require, and shall be approved or denied within sixty days of filing with the department. The department shall grant written permission if the department finds that the transferee or assignee is responsible and suitable to maintain a clinical laboratory and meets such requirements as the department has established by regulation for a license. Every denial order shall include a statement of the reasons for denial and the provisions of law relied upon, and shall be subject to judicial review.

Added by St.1975, c. 881, § 1.

§ 6. Infectious disease reports; confidential information

The department may require the reporting of any infectious disease found in the examination of specimens at clinical laboratories if, in its opinion, reporting of such disease is necessary to protect or promote the public health. Every person who and every agency which maintains a clinical laboratory shall report evidence of any infectious disease found in the course of the examination of specimens, if so required by the department, in such form, manner, and detail and within such time as the department shall prescribe. Reports made under this section shall not be considered as constituting a diagnosis nor shall any person making a report pursuant to this section be held liable in a civil proceeding for having violated a trust or confidential relationship. Notwithstanding section ten of chapter sixty-six, every such report shall be kept confidential by the department and its employees and agents and shall not be subject to the inspection, examination, or copying by any other agency of government or by any other person.

Added by St.1975, c. 881, § 1.

§ 7. Clinical laboratory director; appointment; qualifications

Every person licensed to maintain a clinical laboratory under this chapter shall appoint an individual, who shall bear the title "clinical laboratory director", with responsibility for the direction of the technical and scientific operation of such laboratory, including the examination of specimens and the making of reports thereon; provided, that no individual so appointed shall serve as clinical laboratory director for more than three months unless the department within such period shall certify that such person (1) is a physician who is certified in anatomical or clinical pathology by the American Board of Pathology or in at least one laboratory speciality by the American Board of Medical Microbiology, the American Board of Clinical Chemistry, or other national accrediting board acceptable to the department, or who possesses qualifications which the department considers equivalent to any such certification; or (2) holds an earned doctoral degree, with a chemical, physical, or biological science as his major subject, from an accredited educational institution, and he is certified in at least one laboratory speciality by the American Board of Medical Microbiology, the American Board of Clinical Chemistry, or other national accrediting board acceptable to the department, or he possesses qualifications which the department considers equivalent to any such certification; or (3) has been responsible for direction of the technical and scientific operation of a clinical laboratory for at least twelve consecutive months at any time during the calendar years of nineteen hundred and seventy-one through nineteen hundred and seventy-five, and he meets one of the following requirements: (*i*) he holds an earned master's degree, with a chemical, physical, or biological science as his major subject, from an accredited educational institution and has had at least four years experience since graduation in a clinical laboratory, or (*ii*) he holds an earned bachelor's degree, with a chemical, physical, or biological science as his major subject, from an accredited educational institution and has had at least six years experience since graduation in a clinical laboratory, or (*iii*) he has passed an examination conducted by or under the sponsorship of the United States Public Health Service, and approved by the department as evidence of competence to direct the technical and scientific operation of a clinical laboratory.

The department may, in regulations, set conditions as to the employment of individuals as clinical laboratory directors, including a minimum number of hours per week required in such position; provided, that in no event shall any individual accept employment as a clinical laboratory director at more than three clinical laboratories during the same period. The department may revoke its confirmation of an appointment for cause shown but not otherwise.

Added by St.1975, c. 881, § 1.

§ 8. Prohibited activities

A clinical laboratory shall not:

(1) misrepresent, by false statement, by omission of a material fact, or by scheme, trick, or device, the category or categories of procedures performed at, or the service or services available at, a clinical laboratory;

(2) obstruct, bar, or otherwise interfere with an inspection undertaken under the authority of section two;

(3) make any false statement in or to omit a material fact from an application or other paper filed with the department;

(4) offer or give a commission, rebate, or other fee, directly or indirectly to any person as consideration for the referral of a specimen derived from a human body to a clinical laboratory for examination by such laboratory;

(5) solicit or accept a commission, rebate, or other fee, directly or indirectly, from any person as consideration for the referral of a specimen derived from a human body to a clinical laboratory for examination by such laboratory;

(6) lend the use of the name of a licensed clinical laboratory or of a licensed hospital or clinic, or of any employee of any such laboratory or institution, to an unlicensed clinical laboratory;

(7) to examine any specimen derived from a human body except upon the written request of a licensed physician, licensed dentist, licensed chiropractor, licensed surgeon, licensed podiatrist, licensed osteopath, or other person authorized to use the report of such examination by provision of chapter one hundred twelve, unless such examination is for the sole purpose of testing the accuracy or sufficiency of the procedures or equipment of a clinical laboratory and is by instruction of the director of such laboratory;

(8) report an examination of any specimen derived from a human body except to or as directed by the licensed physician, licensed chiropractor, licensed surgeon, licensed podiatrist, licensed osteopath, or other authorized person who requested such examination in writing, unless such examination was made for the sole purpose of testing the accuracy or sufficiency of the procedures or equipment of a clinical laboratory and by instruction of the director of such laboratory;

(9) make a report of an examination of any specimen derived from the human body without designating the name and address, and the name of the director, of the clinical laboratory in which such examination was actually performed;

(10) represent, or to maintain a specimen collection station on behalf of, any clinical laboratory, unless such laboratory, if in the commonwealth, is licensed under section five, or unless such laboratory, if not in the commonwealth, has been accredited or is licensed in accordance with federal law;

(11) employ a person as a director of a clinical laboratory, or to serve as a director of a clinical laboratory, except as provided in section seven;

(12) fail to report evidence of infectious disease in violation of section six or of any rule, regulation, or order made to implement section six; or

(13) violate or to fail to observe any requirement of this chapter or of a rule, regulation, or order made pursuant to this chapter, which the department has made subject to this section by regulation.

Added by St.1975, c. 881, § 1.

§ 9. Correction of deficiencies; orders

Whenever the department finds upon inspection, or through information in its possession, that a clinical laboratory licensed under this chapter is not in compliance with a requirement prescribed in or established under this chapter, it may by order require the licensee to correct such deficiency. Every correction order shall include a statement of the deficiencies found, the provisions of law relied upon, and the period prescribed for correction, which shall be reasonable and, except in an emergency declared by the commissioner, not less than thirty days after receipt of such order. Within ten days of receipt, the affected licensee may file a written request with the department for administrative reconsideration of the order or any portion thereof. Failure by the department to grant, deny, or otherwise act upon a written request within ten days after filing shall be deemed a denial.

Added by St.1975, c. 881, § 1.

§ 10. Unreliable reports of examinations; license modification

Whenever the department finds upon inspection, or through information in its possession, that a clinical laboratory, licensed under this chapter is not able to provide or is not providing reliable reports of examinations pursuant to the terms of such license, it may by order modify any term of such license as it deems necessary to enable the laboratory to provide reliable reports of examinations. Every license modification order shall include a statement of the reasons for modification, the provisions of law relied upon, and the date fixed for compliance, which date shall be reasonable and, except in an emergency declared by the commissioner, not less than thirty days after receipt of such order.

Except in the case of a license modification imposed as a sanction after hearing under section eleven, a licensee in receipt of an order shall have the opportunity for a hearing under the provisions of chapter thirty A. If after hearing the licensee establishes that the order, or any portion thereof, is not warranted, the department shall rescind or qualify such order, as appropriate. The filing of a request for a hearing shall not operate as a stay of the compliance date of a license modification order, but the department shall stay the compliance date upon written request, except to the extent that a stay would jeopardize the public health or public safety.

Added by St.1975, c. 881, § 1.

§ 11. Revocation of license; administrative sanctions; grounds; hearing

The department may revoke the license issued under section five or impose other appropriate administrative sanction upon a license, or both, for conduct by or chargeable to him as follows:

(1) failure to observe any term of such license;

(2) failure to meet any requirement for such license established under section five;

(3) failure to observe any order made under authority of this chapter or under other statutory authority vested in the department;

(4) engaging in, or aiding, abetting, causing, or permitting, any action prohibited under section eight; or

(5) other proper cause set forth in regulations made under this chapter.

Before sanctioning a licensee, the department shall give such licensee notice of the charges against him, the provisions of law relied upon, and the proposed sanction, and shall afford him the opportunity for a hearing under the provisions of chapter thirty A. Where, after hearing, the department finds that cause exists for imposition of a sanction, it need not impose the sanction proposed but may instead impose a lesser sanction if, in its judgment, a lesser sanction is appropriate in the circumstances. In the event revocation is imposed, the licensee shall be permitted a reasonable period in which to cease operation, but in no case less than thirty days after notice of the decision of the department.

Notwithstanding any other provision of this section, the commissioner may, at any time upon notice to the licensee, whether a hearing has been first commenced or not, suspend his license or issue such other preliminary order as the commissioner considers appropriate for the protection of the health or safety of the public if he should find that either is in jeopardy; provided, that a hearing shall be commenced within five days after such notice in any case of suspension without a prior hearing unless the licensee shall request a postponement. The finding of the commissioner shall be included in such notice.

Added by St.1975, c. 881, § 1.

§ 12. Complaints by department; jurisdiction

The department, in its own name, may bring a complaint in the superior court or supreme judicial court to enforce compliance with this chapter or any rule, regulation, or order made under this chapter, whenever it shall appear that any person has engaged in, is engaging in, or is about to engage in an act or practice in violation of this chapter or of any rule, regulation, or order made under this chapter, or whenever it shall appear that any person has aided, abetted, caused or permitted, is aiding, abetting, causing or permitting, or is about to aid, abet, cause or permit such an act or practice.

Added by St.1975, c. 881, § 1.

§ 13. Violations; penalties

Whoever maintains a clinical laboratory in the commonwealth without a license in violation of section four, or whoever, being licensed under section five, maintains a clinical laboratory in violation of the terms of such license, or whoever engages in, aids, abets, causes or permits any act prohibited under section eight, shall be punished by a fine of not less than five hundred dollars and not more than five thousand dollars. The commissioner shall transmit to the attorney general such evidence of an offense as the department may have in its possession.

SUPERVISION OF BOARDS BY DIRECTOR

§ 1. Duties of director of registration

The director of registration shall supervise the work of the several boards of registration and examination included in the division of registration. He shall recommend changes in the methods of conducting examinations and transacting business, and shall make such reports to the governor and council as they may require or he may deem expedient.

Amended by St.1969, c. 704, § 48.

REGISTRATION OF PHYSICIANS AND SURGEONS

§ 2. Registration of physicians; alien applicants; examinations; renewal; fees

Applications for registration as qualified physicians, signed and sworn to by the applicants, shall be made upon blanks furnished by the board of registration in medicine, herein and in sections three to nine A, inclusive, called the board. Each applicant who shall furnish the board with satisfactory proof that he is eighteen years of age or over and of good moral character, that he has completed two years of premedical studies in a college or university, that he has attended courses of instruction for four years of not less than thirty-two school weeks in each year, or courses which in the opinion of the board are equivalent thereto, in one or more legally chartered medical schools, and that he has received the degree of doctor of medicine, or its equivalent, from a legally chartered medical school in the United States or commonwealth of Puerto Rico or Canada having the power to confer degrees in medicine, shall upon payment of one hundred and twenty-five dollars, be examined, and, if found qualified by the board, be registered as a qualified physician and entitled to a certificate in testimony thereof, signed by the chairman and secretary. An applicant who has received from a medical school, legally chartered in a sovereign state other than the United States, the commonwealth of Puerto Rico or Canada, a degree of doctor of medicine or its equivalent shall be required to furnish to the board such documentary evidence as the board may require that his education is substantially the equivalent of that of graduates of medical schools in the United States and such other evidence as the board may require as to his qualifications to practice medicine, and shall, unless granted an exemption by the board, be required to present a Standard Certificate granted after examination by the Educational Council for Foreign Medical Graduates; provided, however, that an applicant who shall furnish the board with satisfactory proof that he is eighteen years of age or over and of good moral character, that he has completed two years of premedical studies in a college or university of the United States or Canada shall not be required to possess a certificate by the Educational Council for Foreign Medical Graduates and shall be admitted to the examination for licensure if he has studied medicine in a medical school outside the United States which is recognized by the World Health Organization, has completed all the formal requirements for the degree corresponding to doctor of medicine except internship and social service or internship or social service, has satisfactorily completed one academic year of supervised clinical training sponsored by an approved medical school in the United States or Canada, and has completed one year of graduate medical education in a program approved by the Liaison Committee on Graduate Medical Education of the American Medical Association. If the board shall be satisfied as to his education and his qualifications, the board shall, upon payment of one hundred and twenty-five dollars by the applicant, admit him to the examination for licensure.

An applicant failing to pass an examination satisfactory to the board shall be entitled to two reexaminations within two years at a meeting of the board called for the examination of applicants upon payment of a further fee of seventy-five dollars for each reexamination; but two such reexaminations shall exhaust his privilege under his original application.

The board may without examination grant certificates of registration as qualified physicians to such graduates of medical schools: (1) who shall furnish with their applications satisfactory proof that they have the qualifications required in the commonwealth to entitle them to be examined and have been licensed or registered upon a written examination in another state whose standards, in the opinion of the board, are equivalent to those in the commonwealth, or (2) who are diplomates of specialty boards recognized by the American Medical Association or the American Osteopathic Association; provided that any person who has previously attempted unsuccessfully to secure registration in the commonwealth shall be registered under the provisions of this paragraph without examination only at the discretion of the board. The fee for such registration without examination shall be seventy-five dollars.

Notwithstanding any other provisions of this chapter the board may without examination grant a certificate of registration as a qualified physician to such person as shall furnish with his application satisfactory evidence that he is: (1) a graduate of a Canadian medical school and is licensed by the Medical Council of Canada and by a provincial licensing authority; or (2) is licensed in the commonwealth of Puerto Rico or in the province of Saskatchewan in Canada upon obtaining a grade of seventy-five per cent or better in the federation licensing examination of the federation of state medical boards of the United States. Any person granted a certificate of registration under the provisions of this paragraph shall pay a fee of seventy-five dollars.

The board shall require that all physicians registered in the commonwealth renew their certificates of registration with the board effective January the fifteenth, nineteen hundred and seventy-six and at two year intervals thereafter. The renewal application shall be accompanied by a fee of fifty dollars and shall include the physician's name, license number, home address, office address, his specialty or specialties, the principal setting of his practice, and whether he is an active or inactive practitioner.

The board shall mail a renewal application to each registered physcian sixty days prior to the renewal date. The certification of registration of any physician who does not file a completed renewal application together with the fee shall be automatically revoked, but shall be revived upon completion of the renewal process. The expenses and compensation of the board of registration and discipline in medicine shall be paid by the commonwealth, but said expenses and compensation shall not be in excess of the amounts received by the commonwealth for certificates of renewal or any registration fees under this section.

§ 2A. Acceptance of certificate in lieu of examination; fee

In determining the qualifications necessary for registration as a qualified physician, the board may at its discretion accept the certificate of the National Board of Medical Examiners of the United States, chartered under the laws of the District of Columbia, or the certificate of the National Board of Examiners for Osteopathic Physicians and Surgeons of the American Osteopathic Association, in place of and as equivalent to its own professional examination; but before registration in pursuance of this section the applicant therefor shall pay a fee of seventy-five dollars.

Amended by St.1945, c. 396, § 3; St.1954, c. 519, § 2; St.1959, c. 344, § 2.

§ 2B. Schools for training medical laboratory technologists; inspection; approval; approving authority

No person shall operate or maintain a school for training medical laboratory technologists unless such school has been approved in writing by the approving authority established by section two, provided, however, that for the purposes of this section only, the membership of said authority shall be increased by three members to be appointed for a term of three years each by the governor with the advice and consent of the council, one member to be a hospital administrator or hospital trustee, who shall be a member of the Massachusetts Hospital Association; one member to be a medical laboratory technologist meeting the training and experience requirements of the American Medical Association, to be appointed from a list submitted by the Massachusetts Association of Technologists and Laboratory Technicians, Incorporated; and one member to be a physician, appointed from a list submitted by the section of physiology and pathology of the Massachusetts Medical Society. Said additional members shall serve without compensation, but may be reimbursed for their travel and other reasonable expenses incidental to the performance of their duties.

A school for training of medical laboratory technologists shall mean a school maintained or classes conducted for the purpose of training two or more individuals to perform or assist in the performance of various medical laboratory procedures used in the diagnosis, treatment and study of disease, but shall not be construed to apply to duly accredited colleges and graduate schools teaching courses in physiology, biochemistry, bacteriology, clinical pathology or the various other medical sciences.

The provisions of section two relating to the inspection and approval of colleges, universities and medical schools by the approving authority shall apply to schools for the training of medical laboratory technologists.

Whoever being the educational director or the business director of a school for training of medical laboratory technologists violates the provisions of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than six months, or by both such fine and imprisonment.

Added by St.1955, c. 759, § 1.

§ 2C. Schools for training medical X-ray technicians; approval; inspection; approving authority

No person shall operate or maintain a school for training medical X-ray technicians unless such school has been approved by the approving authority established by section two; provided, however, that for the purposes of this section only, the membership of said authority shall be increased by three members to be appointed for a term of three years each by the governor with the advice and consent of the council, one member to be a radiologist who is a member of the section on radiology of the Massachusetts Medical Society; one member to be a member of the Massachusetts Hospital Association; and one member to be an X-ray technician who is a member of the Massachusetts Society of X-ray Technicians and certified by the American Registry of X-ray Technicians of Minneapolis, Minnesota. Said additional members shall serve without compensation, but may be reimbursed for their travel and other reasonable expenses incidental to the performance of their duties. The provisions of section two relating to the inspection and approval of colleges, universities and medical schools by the approving authority shall apply to schools for the training of medical X-ray technicians. A school for training medical X-ray technicians shall mean a school or classes conducted for the purpose of training two or more individuals to perform various medical X-ray procedures used in the diagnosis, treatment or study of disease. Any person who operates or maintains a school for training medical X-ray technicians and who violates the provisions of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than six months, or both.

Added by St.1957, c. 655, § 1.

§ 3. Examinations

Examinations shall be in whole or in part in writing, in English, shall be of a scientific and practical character, shall include the subjects of anatomy, surgery, chemistry, biology, physics, physiology, pathology, obstetrics, gynaecology, psychiatry, practice of medicine and hygiene and shall be sufficiently thorough to test the applicants' fitness to practice medicine. The board may employ expert assistance in conducting hospital and laboratory tests.

§ 4. Records; annual report

The board shall keep a record of the names of all persons registered by it and of all money received and disbursed by it, and a duplicate thereof shall be open to inspection in the office of the state secretary. The board shall make an annual report, including a statement of the condition of medicine and surgery in the commonwealth.

§ 5. Investigation of complaints; hearing; disciplinary action; rules and regulations; immunity from suits for complaints filed in good faith

The board shall investigate all complaints relating to the proper practice of medicine by any person holding a certificate of registration under sections two to twelve A, inclusive, or of section sixty-five so far as it relates to medicine and report the same to the proper prosecuting officers.

The board may, after a hearing pursuant to chapter thirty A, revoke, suspend, or cancel the certificate of registration, or reprimand, censure, or otherwise discipline a physician registered under said sections upon proof satisfactory to a majority of the board that said physician:

(*a*) fraudulently procured said certificate of registration;

(*b*) is guilty of an offense against any provision of the laws of the commonwealth relating to the practice of medicine, or any rule or regulation adopted thereunder;

(*c*) is guilty of gross misconduct in the practice of medicine or of practicing medicine fraudulently, or beyond its authorized scope, or with gross incompetence, or with gross negligence on a particular occasion or negligence on repeated occasions;

(*d*) is guilty of practicing medicine while the ability to practice is impaired by alcohol, drugs, physical disability or mental instability;

(*e*) is guilty of being habitually drunk or being or having been addicted to, dependent on, or a habitual user of narcotics, barbiturates, amphetamines, hallucinogens, or other drugs having similar effects;

(*f*) is guilty of knowingly permitting, aiding or abetting an unlicensed person to perform activities requiring a license for purposes of fraud, deception or personal gain, excluding activities permissible under any provision of the laws of the commonwealth relative to the training of medical providers in authorized health care institutions and facilities;

(*g*) has been convicted of a criminal offense which reasonably calls into question his ability to practice medicine;

(*h*) is guilty of violating any rule or regulation of the board, governing the practice of medicine.

The board shall, after proper notice and hearing, adopt rules and regulations governing the practice of medicine in order to promote the public health, welfare, and safety and nothing in this section shall be construed to limit this general power of the board.

No person filing a complaint or reporting or providing information concerning another person pursuant to this section shall be liable in any cause of action arising out of such information, provided the person making such complaint or reporting or providing such information does so in good faith and without malice.

If the physician is found not guilty the board shall forthwith order a dismissal of the charges and the exoneration of the accused.

Amended by St.1937, c. 425, § 12; St.1975, c. 362, § 3; St.1977, c. 165; St.1977, c. 623.

§ 6. Penalties

Except as provided in section sixty-five, whoever, not being lawfully authorized to practice medicine within the commonwealth and registered under section two, or corresponding provisions of earlier laws, or under section one or two of chapter five hundred and twenty-six of the acts of nineteen hundred and nine, holds himself out as a practitioner of medicine or practices or attempts to practice medicine in any of its branches, or whoever practices medicine under a false or assumed name or under a name other than that by which he is registered, or whoever personates another practitioner, or whoever practices or attempts to practice any fraud in connection with the filing of an application, or whoever files an application under a false or assumed name or under a name other than his own, or whoever personates or attempts to personate another applicant for registration during an examination, shall be punished by a fine of not less than one hundred nor more than one thousand dollars or by imprisonment for not less than one month nor more than one year, or both. A person rendering medical service in violation of this section shall recover no compensation therefor.

§ 7. Application of sections 2 to 6 and section 8

Sections two to six, inclusive, and section eight shall not be held to discriminate against any particular school or system of medicine, to prohibit medical or surgical service in a case of emergency, or to prohibit the domestic administration of family remedies. They shall not apply to a professional nurse with appropriate education in the practice of the profession as defined by section eighty B, a commissioned medical officer of the United States army, navy or marine hospital service in the performance of his official duty; to an interne or medical officer registered as provided in section nine, while engaged in the practice of medicine as authorized by said section; to an assistant in medicine registered as provided in section nine A, while engaged in the practice of medicine as authorized by said section; to a physician or surgeon resident in another state who is a legal practitioner therein, when in actual consultation with a legal practitioner of this commonwealth; to a physician authorized to practice medicine in another state, when he is called as the family physician to attend a person temporarily abiding in this commonwealth; nor to registered pharmacists in prescribing gratuitously, clairvoyants or persons practicing hypnotism, magnetic healing, mind cure, massage, Christian science or cosmopathic method of healing, if they do not violate any provision of the preceding section.

Amended by St.1975, c. 846, § 1.

§ 8. Recording of certificate of registration by city or town clerk; fee; records

No person shall enter upon, or continue in, the practice of medicine within the commonwealth until he has presented to the clerk of the city or town where he has, or intends to have, an office or his usual place of business, his certificate of registration as a physician in the commonwealth, or, if it is lost, a certified statement issued by the board, setting forth all the material facts in the original certificate, and paying the fee provided by clause (58) of section thirty-four of chapter two hundred and sixty-two. Thereupon the clerk shall record the name of the owner of said certificate or certified statement, together with the date of record, upon blanks approved by the board, said blanks to be so arranged that a duplicate carbon copy shall be made at the time of the original record. He shall keep the original as a part of his official records and it shall be open to public inspection. He shall, within twenty-four hours after such recording, forward the duplicate to the board. Whoever practices or attempts to practice medicine without complying with this section, or whoever submits to a city or town clerk a false or fraudulent certificate or certified statement, shall be punished by a fine of not less than five nor more than one hundred dollars; and any city or town clerk who refuses or neglects to comply with this section shall be punished by a fine of not less than five nor more than ten dollars.

Amended by St.1948, c. 550, § 18.

§ 9. Limited registration of internes; fees; revocation

An applicant for limited registration under this section may, upon payment of five dollars, be registered by the board as an intern, fellow or medical officer for such time as it may subscribe if he furnishes the board with satisfactory proof of the following:

1. He is eighteen or over and of good moral character.

2. (*a*) He has creditably completed two years of a premedical course of study in a college or university and not less than three and one-half years of study in a legally chartered medical school having the power to grant degrees in medicine; or (*b*) if he is not enrolled in or a graduate of a legally chartered medical school in the United States or Canada, he is the holder of a standard certificate granted after an examination by the Education Council for Foreign Medical Graduates, unless granted an exemption by the board; or (*c*) he has completed two years of premedical education in a college or univer-

sity of the United States, Canada or Puerto Rico and if he has studied medicine in a medical school outside the United States, Canada or Puerto Rico which is recognized by the World Health Organization, has completed all the formal requirements for the degree corresponding to doctor of medicine, except internship and social service, and has completed a year of clinical clerkship approved by the liaison committee on medical education of the American Medical Association.

3. He has been appointed an intern, fellow or medical officer in a hospital or other institution of the commonwealth, or of a county or municipality thereof, or in a hospital or clinic which is incorporated under the laws of the commonwealth or in a clinic which is affiliated with a hospital licensed by the department of public health under authority of section seventy-one of chapter one hundred and eleven, or in an out-patient clinic operated by the department of mental health, or in the department of public health for duty in clinics or in programs operated or approved by the department of public health, or in programs approved by the board of registration in medicine in the commonwealth and leading toward certification by specialty boards recognized by the American Medical Association.

Such limited registration shall entitle the said applicant to practice medicine only in the hospital, institution, clinic or program designated on his certificate of limited registration, or outside such hospital, institution, clinic or program for the treatment, under supervision of one of its medical officers who is a duly registered physician, of persons accepted by it as patients, or in any hospital, institution, clinic or program affiliated for training purposes with the hospital, institution, clinic or program designated on such certificate, which affiliation is approved by the board and in any case under regulations established by such hospital, institution, clinic or program. The name of any hospital, institution, clinic or program so affiliated and so approved shall also be indicated on such certificate. Limited registration under this section may be revoked at any time by the board.

Amended by St.1933, c. 152; St.1945, c. 186; St.1955, c. 526; St.1960, c. 483; St.1962, c. 578; St.1973, c. 925, § 17; St.1973, c. 1060, § 1; St. 1977, c. 252.

§ 9A. Medical students; limited practice of medicine under supervision

A student of medicine who has creditably completed not less than two years of study in a legally chartered medical school wherever located may practice medicine, but only under the supervision of an instructor in a legally chartered medical school, which instructor shall be a registered physician in the commonwealth and a duly appointed staff physician in the duly licensed hospital of not less than twenty-five beds, or an associated clinic, to which the student may be assigned. The board may, in its discretion from time to time, designate other facilities or locations in which said student may practice medicine under the conditions described above. Said students of medicine shall not sign certificates of births or deaths, nor prescribe or dispense narcotic drugs as defined in section one of chapter ninety-four C.

Amended by St.1963, c. 780; St.1966, c. 527; St.1972, c. 534; St.1976, c. 106.

§ 9B. Temporary registration of qualified physician; fees

Temporary registration as a qualified physician may be granted (1) to a visiting physician holding a license to practice in another state or territory or in the District of Columbia or in another country and having a temporary faculty appointment certified by the dean of a medical school in the commonwealth for purposes of medical education in an accredited hospital associated with the medical school, such registration to terminate automatically upon termination of the faculty appointment and, in any event, at the end of three years; (2) to a physician holding a license to practice in another state or territory or in the District of Columbia to permit him to act as a substitute physician for a registered physician in the commonwealth, to be granted only upon written request of said registered physician and to be limited to three months or less; (3) to a physician eligible for examination or registration in the commonwealth who is a diplomate of a specialty board approved by the American Medical Association or the American Osteopathic Association to permit him to act as a substitute physician for a registered physician in the commonwealth to be granted only upon written request of said registered physician, to be limited to the specialty in which the applicant is certified and to be limited to three months or less; (4) to a physician holding a license to practice in another state or territory or in the District of Columbia or in another country and enrolled in a course of continuing medical education, such registration to terminate automatically upon termination of the course and, in any event, at the end of three months. The fee for such temporary registration shall be fifty dollars.

Added by St.1970, c. 325. Amended by St.1972, c. 486; St.1979, c. 643.

§ 9C. Definitions applicable to this section and sections 9D to 9H

As used in sections nine C to nine H, inclusive, the following words shall have the following meanings:

"Board", the board of approval and certification of physician assistant programs.

"Health care facility", any hospital, nursing home, extended care facility, state health or mental institution, clinic, physician's office, or health maintenance organization licensed or otherwise operating legally within the commonwealth.

"Approved program", a program for the education and training of physician assistants approved by the board.

"Physician assistant", a person who is a graduate of an approved program.

"Physician assistant trainee", a person enrolled in an approved program.

Added by St.1973, c. 937, § 1.

§ 9D. Applicability of sections 9C to 9H

The provisions of sections nine C to nine H, inclusive, shall not apply to services performed in any of the following areas:

(*a*) The practice of dentistry or dental hygiene as defined in sections fifty and fifty-one.

(*b*) The practice of manipulative therapy or chiropractic.

(*c*) The measurement of the powers or range of human vision, or the determination of the accommodation and refractive states of the human eye or the scope of its functions in general, or the fitting or adaptation of lenses or frames for the aid thereof.

(*d*) The prescribing or directing the use of, or using, any optical device in connection with ocular exercises, visual training, vision training or orthoptics.

(*e*) The prescribing of contact lenses for, or the fitting or adaptation of contact lenses to the human eye.

(*f*) The practice of podiatry as defined in section thirteen.

Nothing in clauses (*c*), (*d*), or (*e*) shall preclude the performance of routine visual screening by a physician assistant.

The provisions of sections nine C to nine H, inclusive, shall not apply to the practice of ophthalmology or to the use of trained assistants by ophthalmologists.

Added by St.1973, c. 937, § 1.

§ 9E. Physician assistants; medical services; supervision; legal responsibility

Notwithstanding any other provisions of law, a physician assistant may perform medical services when such services are rendered under the supervision of a registered physician. Such supervision shall be continuous but shall not require the personal presence of the supervising physician or physicians. A registered physician shall supervise no more than two physician assistants at any one time.

Physician assistants, depending upon their level of professional training and experience as determined by a supervising physician, may perform medical services of a general nature in assisting general practitioners in his own practice, in group practices, or in health care facilities.

If a physician assistant is employed by a physician or group of physicians, the assistant shall be supervised by and shall be the legal responsibility of the employing physician or physicians. The legal responsibility of such an assistant shall remain that of the employing physician or physicians at all times including occasions when the assistant, under the direction and supervision of the employing physician or physicians, aids in the care and treatment of patients in health care facilities. Such health care facilities shall not be legally responsible for the actions or omissions of the physician assistant.

If a physician assistant is employed by a health care facility the legal responsibility for his actions and omissions shall be that of the employing facility. Such physician assistants shall be supervised by registered physicians. Such physician assistants employed by health care facilities shall not be utilized as the sole medical personnel in charge of emergency or outpatient services or any other clinical service where a physician is not regularly available.

Notwithstanding any other provision of the law, a physician assistant trainee may perform medical services when such services are rendered within the scope of a program approved under section nine G.

Added by St.1973, c. 937, § 1.

§ 9F. Board of approval and certification of physician assistant programs

There shall be in the department of public health a board of approval and certification of physician assistant programs consisting of nine persons, residents of the commonwealth, to be appointed by the governor, as follows:—Two members shall be registered physicians who shall have been actively engaged in the practice of medicine and at least one of whom shall be a member of the Massachusetts Medical Society; one member shall be a representative of a legally chartered medical school located in the commonwealth; one member shall be a representative of a program for the training of physician assistants; one member shall be an administrator of a health care facility located and licensed in the commonwealth; one member shall be a registered nurse who is a member of the Massachusetts Nurses Association; two members shall be representatives of the general public not employed in any health-related field; and one member shall be a physician assistant.

The board shall elect its chairman annually and shall meet at the call of the chairman or upon the request of two or more members of the board. Members shall be appointed for terms of three years each, and no member shall serve more than two consecutive terms. A quorum shall consist of at least five members present. Board members shall serve without compensation but shall be reimbursed for actual and reasonable expenses incurred in the performance of their duties.

Added by St.1973, c. 937, § 1.

§ 9G. Certificates of approval for physician assistant programs; standards; continuing education; review; certification of graduates; employment; fees; records and reports

The board shall issue certificates of approval of programs for the education and training of physician assistants which meet the standards established by the board.

In developing criteria for program approval, the board shall give consideration to, and encourage, the utilization of equivalency and proficiency testing and other mechanisms whereby credit is given to trainees for past education and experience in health fields. The board, in developing criteria for approved programs and in approving such programs may accept as approved programs those that have been certified by a nationally recognized accrediting agency or organization.

The board shall adopt regulations concerning the quality of education and clinical training to be received by a physician assistant trainee and the supervision of a physician assistant trainee.

The board shall encourage the development of continuing education for physician assistants. The board shall periodically review the quality of the curriculum, faculty, and the facilities of approved programs.

On request of a physician or health care facility the board shall certify that an applicant for a position as a physician assistant is a graduate of an approved program.

The board shall adopt advisory guidelines for the employment of physician assistants. Upon employing a physician assistant, an employer shall, upon forms designed and made available by the board, immediately advise the board of the employment of the physician assistant. Upon the termination of the employment of a physician assistant an employer shall forthwith notify the board.

The board shall not permit any one physician to employ more than two physician assistants at any one time. Such restriction shall not apply to employment by health care facilities, but no physician in such health care facilities shall supervise more than two physician assistants.

The board may establish such fees as are necessary for the implemention of this section.

Any such fees shall be published and made known to the public. Any alteration of said fees shall not become effective until thirty days following adequate public notice thereof.

The board shall maintain a current compilation of:

(*a*) The number, description and location of each approved program.

(*b*) A roster of graduates of approved programs conducted in the commonwealth.

(*c*) A roster of currently practicing physician assistants and their employers, and their locations in the commonwealth.

Such information shall be reported to the governor and general court at least annually on or before the last Wednesday of November.

Added by St.1973, c. 937, § 1.

§ 9H. Unauthorized use of title of "Physician assistant"; penalty

No person who is not a graduate of an approved program for the training of physician assistant shall use the title of "Physician assistant" or hold himself out as a graduate of an approved program. Any person who violates this section shall be punished by a fine of not less than two hundred dollars.

Added by St.1973, c. 937, § 1.

§ 10. Application of medicine and its practice to osteopathy and its practice

The provisions of this chapter with reference to medicine and its practice shall apply to and include osteopathy and its practice, when such construction is not inconsistent with the following section.

§ 11. Prohibition of certain acts by osteopaths

No person now registered as an osteopath under section one or two of chapter five hundred and twenty-six of the acts of nineteen hundred and nine shall prescribe or administer drugs for internal use, perform major operations in surgery, engage in the practice of obstetrics, or hold himself out, by virtue of such registration, as and for other than an osteopath. Violation hereof shall be punished by the penalty provided in section six.

§ 12. Disclosure of information relative to venereal disease by registered physician

Any registered physician or surgeon who knows or has reason to believe that any person is infected with a venereal disease as defined under section six of chapter one hundred and eleven may disclose such information to any person from whom the infected person has received a promise of marriage or to the parent or guardian of such person if a minor. Such information given in good faith by a registered physician or surgeon shall not constitute a slander or libel.

Amended by St.1948, c. 129, § 7.

§ 12A. Report of treatment of wounds; application of section

Every physician attending or treating a case of bullet wound, gunshot wound, powder burn or any other injury arising from or caused by the discharge of a gun, pistol, BB gun, or other air rifle or other firearm, or, whenever any such case is treated in a hospital, sanitarium or other institution, the manager, superintendent or other person in charge thereof, shall report such case at once to the commissioner of public safety and to the police authorities of the town where such physician, hospital, sanitarium or institution is located. This section shall not apply to such wounds, burns or injuries received by any member of the armed forces of the United States or of the commonwealth while engaged in the actual performance of duty. Every physician attending or treating a case of a wound or injury caused by a knife or a sharp or pointed instrument shall, if in his opinion a criminal act was involved, report such case forthwith to the police authorities of the town in which he attended or treated such wound or injury. Whoever violates any provision of this section shall be punished by a fine of not less than fifty nor more than one hundred dollars.

Amended by St.1943, c. 41; St.1962, c. 407; St.1963, c. 108.

§ 12B. Emergency care of injured persons; exemption from civil liability

No physician duly registered under the provisions of section two or two A and no nurse duly registered or licensed under the provisions of section seventy-four, seventy-four A or seventy-six, or resident in another state, in the District of Columbia or in a province of Canada, and duly registered therein who, in good faith, as a volunteer and without fee, renders emergency care or treatment, other than in the ordinary course of his practice, shall be liable in a suit for damages as a result of his acts or omissions, nor shall he be liable to a hospital for its expenses if, under such emergency conditions, he orders a person hospitalized or causes his admission.

Added by St.1962, c. 217. Amended by St.1964, c. 59; St.1965, c. 578; St.1967, c. 374; St.1969, c. 343.

§ 12C. Immunity of physician or nurse

No physician or nurse administering immunization or other protective programs under public health programs shall be liable in a civil suit for damages as a result of any act or omission on his part in carrying out his duties.

Added by St.1967, c. 309, § 2.

§ 12D. Prescriptions of interchangeable drug products listed in formulary; forms; requisites; definitions

As used in this section, the following words shall, unless the context clearly requires otherwise, have the following meanings:—

"Department", the department of public health.

"Interchangeable drug product", a product containing a drug in the same amounts of the same active ingredients in the same dosage form as other products with the same generic or chemical name.

"Practitioner", a physician, dentist, veterinarian, podiatrist, scientific investigator or other person registered to distribute, dispense, conduct research with respect to, or use in teaching or chemical analysis, a controlled substance in the course of professional practice or research in the commonwealth.

Every prescription written in the commonwealth by a practitioner shall be on prescription forms approved by the department containing two lines for the practitioner's signature. Alongside the first line shall be clearly printed the words "interchange permitted". Alongside the second signature line shall be clearly printed the words "dispense as written". The practitioner by placing his signature on the appropriate signature line shall indicate his dispensing instructions to the pharmacist.

Failure of the practitioner to affix his signature on one of the designated lines shall invalidate the prescription.

In cases where interchange is permitted as indicated by the signature of the practitioner on the first signature line, the pharmacist shall dispense a less expensive reasonably available interchangeable drug product as listed in the most current formulary or supplement thereof. The pharmacist shall also indicate on the label in the following manner the fact of interchange:

"Interchange (*name of drug product dispensed*)"

In cases where the practitioner has instructed that the pharmacist dispense as written, the pharmacist shall dispense the exact drug product as written by the practitioner.

In the event of noncompliance by a pharmacist, the drug purchaser may inform the secretary of the executive office of consumer affairs of such noncompliance. Said secretary shall refer the matter to the board of registration in pharmacy and, where appropriate, to the board of registration and discipline in medicine, for appropriate action.

Added by St.1970, c. 717, § 2. Amended by St.1976, c. 470, § 2; St.1977, c. 707.

§ 12E. Drug dependent minors; consent to medical care; liability for payment; records

A minor twelve years of age or older who is found to be drug dependent by two or more physicians may give his consent to the furnishing of hospital and medical care related to the diagnosis or treatment of such drug dependency. Such consent shall not be subject to disaffirmance because of minority. The consent of the parent or legal guardian of such minor shall not be necessary to authorize hospital and medical care related to such drug dependency and, notwithstanding any provision of section fifty-four of chapter one hundred and twenty-three to the contrary, such parent or legal guardian shall not be liable for the payment of any care rendered pursuant to this section. Records shall be kept of such care. The provisions of this section shall not apply to methadone maintenance therapy.

Added by St.1970, c. 816. Amended by St.1973, c. 430, § 8A.

§ 12F. Emergency treatment of minors; absence of consent; immunity of physicians, dentists, clinics, and hospitals; confidential records

No physician, dentist or hospital shall be held liable for damages for failure to obtain consent of a parent, legal guardian, or other person having custody or control of a minor child, or of the spouse of a patient, to emergency examination and treatment, including blood transfusions, when delay in treatment will endanger the life, limb, or mental well-being of the patient.

Any minor may give consent to his medical or dental care at the time such care is sought if (*i*) he is married, widowed, divorced; or (*ii*) he is the parent of a child, in which case he may also give consent to medical or dental care of the child; or (*iii*) he is a member of any of the armed forces; or (*iv*) she is pregnant or believes herself to be pregnant; or (*v*) he is living separate and apart from his parent or legal guardian, and is managing his own financial affairs; or (*vi*) he reasonably believes himself to be suffering from or to have come in contact with any disease defined as dangerous to the public health pursuant to section six of chapter one hundred and eleven; provided, however, that such minor may only consent to care which relates to the diagnosis or treatment of such disease.

Consent shall not be granted under subparagraphs (*ii*) through (*vi*), inclusive, for abortion or sterilization.

Consent given under this section shall not be subject to later disaffirmance because of minority. The consent of the parent or legal guardian shall not be required to authorize such care and, notwithstanding any other provisions of law, such parent or legal guardian shall not be liable for the payment for any care rendered pursuant to this section unless such parent or legal guardian has expressly agreed to pay for such care.

No physician or dentist, nor any hospital, clinic or infirmary shall be liable, civilly and criminally, for not obtaining the consent of the parent or legal guardian to render medical or dental care to a minor, if, at the time such care was rendered, such person or facility: (*i*) relied in good faith upon the representations of such minor that he is legally able to consent to such treatment under this section; or (*ii*) relied in good faith upon the representations of such minor that he is over eighteen years of age.

All information and records kept in connection with the medical or dental care of a minor who consents thereto in accordance with this section shall be confidential between the minor and the physician or dentist, and shall not be released except upon the written consent of the minor or a proper judicial order. When the physician or dentist attending a minor reasonably believes the condition of said minor to be so serious that his life or limb is endangered, the physician or dentist shall notify the parents, legal guardian or foster parents of said condition and shall inform the minor of said notification.

Added by St.1970, c. 847. Amended by St.1971, c. 335, § 1; St.1975, c. 564.

§ 12G. Disclosure of information by physicians or hospitals to governmental agencies concerning patients in connection with eligibility for certain health care benefits; absence of consent; civil or criminal liability

The disclosure by a physician, a hospital or by an agent of either of any information concerning the diagnosis, treatment, or condition of a patient in connection with the establishment of eligibility for, or entitlement to, benefits under chapters one hundred and fifteen, one hundred and seventeen, one hundred and eighteen, one hundred and eighteen A, one hundred and eighteen D, one hundred and eighteen E or in connection with any reporting required by law under chapters ninety-four, one hundred and eleven, one hundred and twelve, one hundred and twenty-three, or required by any other law, shall not constitute libel, slander, invasion of privacy, or otherwise be grounds for any civil or criminal liability on the part of any such physician, hospital or agent of either who, without first obtaining consent from a patient or a patient's next of kin, discloses such information to any department, bureau or commission of the commonwealth or to any federal agency which, by law, requires such information or which provides health care benefits to eligible recipients who apply therefor.

Added by St.1971, c. 335, § 2.

§ 12H. Prescriptions on hospital or clinic blanks; printing of physician's name required

Any physician who writes a prescription upon a prescription blank of a hospital or clinic shall print or type his name directly below his signature thereon.

Added by St.1973, c. 173, § 1.

§ 12*I*. Abortion or sterilization procedures; refusal of hospital or health facility staff members or employees to participate

A physician or any other person who is a member of or associated with the medical staff of a hospital or other health facility or any employee of a hospital or other health facility in which an abortion or any sterilization procedure is scheduled and who shall state in writing an objection to such abortion or sterilization procedure on moral or religious grounds, shall not be required to participate in the medical procedures which result in such abortion or sterilization, and the refusal of any such person to participate therein shall not form the basis for any claim of damages on account of such refusal or for any disciplinary or recriminatory action against such person.

The refusal of any person who has made application to a medical or premedical program in the commonwealth to agree to counsel, suggest, recommend, assist, or in any way participate in the performance of an abortion or sterilization contrary to his religious beliefs or moral convictions shall not form the basis for any discriminatory action against such person.

Added by St.1973, c. 521, § 1. Amended by St.1979, c. 216.

§ 12J. Experimentation on human fetuses prohibited; medical procedures authorized; consent; approval; civil and criminal liability and proceedings; severability

(*a*) I. No person shall use any live human fetus, whether before or after expulsion from its mother's womb, for scientific, laboratory, research or other kind of experimentation. This section shall not prohibit procedures incident to the study of a human fetus while it is in its mother's womb, provided that in the best medical judgment of the physician, made at the time of the study, said procedures do not substantially jeopardize the life or health of the fetus, and provided said fetus is not the subject of a planned abortion. In any criminal proceeding a fetus shall be conclusively presumed not to be the subject of a planned abortion if the mother signed a written statement at the time of the study, that she was not planning an abortion.

This section shall not prohibit or regulate diagnostic or remedial procedures the purpose of which is to determine the life or health of the fetus involved or to preserve the life or health of the fetus involved or the mother involved.

A fetus is a live fetus for purposes of this section when, in the best medical judgment of a physician, it shows evidence of life as determined by the same medical standards as are used in determining evidence of life in a spontaneously aborted fetus at approximately the same stage of gestational development.

(*a*) II. No experimentation may knowingly be performed upon a dead fetus unless the consent of the mother has first been obtained, provided, however, that such consent shall not be required in the case of a routine pathological study. In any criminal proceeding, consent shall be conclusively presumed to have been granted for the purposes of this section by a written statement, signed by the mother who is at least eighteen years of age, to the effect that she consents to the use of her fetus for scientific, laboratory, research or other kind of experimentation or study; such written consent shall constitute lawful authorization for the transfer of the dead fetus.

(*a*) III. No person shall perform or offer to perform an abortion where part or all of the consideration for said performance is that the fetal remains may be used for experimentation or other kind of research or study.

(*a*) IV. No person shall knowingly sell, transfer, distribute or give away any fetus for a use which is in violation of the provisions of this section. For purposes of this section, the word "fetus" shall include also an embryo or neonate.

(*a*) V. Except as hereafter provided, whoever violates the provisions of this section shall be punished by imprisonment in a jail or house of correction for not less than one year nor more than two and one-half years or by imprisonment in the state prison for not more than five years and by the imposition of a fine of up to ten thousand dollars.

(*a*) VI. In any criminal action under this subsection (*a*), it shall be a complete defense that at the time of its performance the subject procedure had received the written approval of a duly appointed Institutional Review Board provided that such Board sets forth in its written approval that the procedure does not violate the provisions of this subsection (*a*) and sets forth therein a reasonable basis for such conclusion and provided that there was not outstanding, at any time that the subject procedure was being performed, a judgment of a court entered pursuant to the provisions of subsection (*b*), that the subject procedure violates the provisions of this subsection (*a*). The written approval shall contain a detailed description of the procedure by attachment of a protocol or other writing or otherwise and shall be maintained as a permanent record by such Board or by the hospital or other institution for which the Board acts.

A copy of the written approval, together with any attached protocol or other writing, shall be filed with the office of the District Attorney for the county in which the hospital or other institution for which the board acts, is located. Such copy shall be available for public inspection at reasonable times. No member of an Institutional Review Board voting not to approve a procedure, or not present at such a vote, shall be criminally or civilly liable for such approval by the Institutional Review Board or for the performance of the procedure by others. No member of such a Board voting to approve a procedure shall be criminally or civilly liable for such approval by him or the performance of the procedure by others if, based on the written approval and the basis thereof referred to above, such a member acts on a good faith belief that the procedure does not violate the provisions of this section.

(*a*) VII. Where there is outstanding such a judgment that the subject procedure violates the provisions of this subsection (*a*), it shall not constitute a defense that the person performing said procedure did not receive notice, or otherwise know, of that judgment; provided, however, that until the District Attorney files a copy of the judgment prohibiting a procedure with the Commissioner of Public Health as provided in subsection (*b*) VII it shall constitute a defense that the person performing the subject procedure did not have notice of the judgment and that he had obtained the approval of the Institutional Review Board for the subject procedure as provided in subsection (*a*) VI.

(*b*) I. Whenever a procedure has been approved by a duly appointed Institutional Review Board which the District Attorney for the district where said procedure is performed has reasonable grounds to believe is prohibited under the provisions of subsection (*a*), he shall file a complaint in the Superior Court sitting in a county where the procedure is performed seeking a determination of whether said procedure violates the provisions of this statute. The complaint shall describe the procedure and the reason or reasons why there are reasonable grounds to believe that the said procedure is in violation of the provisions of this statute. The complaint shall name as defendants those persons within his jurisdiction whom the District Attorney reasonably believes have performed, are performing, or are about to perform, the described procedure and those institutions within his jurisdiction in which said procedure has been performed, is being performed, or is about to be performed; such defendants shall be served with a copy of the complaint and a summons in accordance with the provisions of Rule 4 of the Massachusetts Rules of Civil Procedure. Upon the filing of the complaint, notice thereof shall be given by the District Attorney, by certified or registered mail, to the Commissioner of Public Health, who in turn shall give the same notice to those institutions in the Commonwealth who, in the judgment of said Commissioner, may be affected by a judgment in the action, and in any event to all of the licensed medical schools in the Commonwealth.

(*b*) II. Any person or institution which has performed, is performing, or is about to perform, a procedure, may file a complaint in the Superior Court seeking a determination of whether said procedure violates the provision of this statute. Said determination may be sought irrespective of whether said procedure has been approved by an institutional review board. The complaint, which shall have attached thereto a copy of any protocol relative to said procedure, shall describe the procedure and state the reason or reasons which cause the plaintiff to seek the judicial determination. The complaint shall name the District Attorney for the district where the procedure is performed as defendant in the action and he shall be served with a copy of the complaint, including the attached protocol, if any, and the summons in accordance with the provisions of Rule 4 of the Massachusetts Rules of Civil Procedure. Service shall be made by delivery to the office of said District Attorney; or by mailing by certified or registered mail to said office. Upon receipt of service, notice shall be given by the District Attorney, by certified or registered mail, to the Commissioner of Public Health who in turn shall give notice to those institutions who in the judgment of said commissioner may be affected by a judgment in the action, and in any event to all of the licensed medical schools in the Commonwealth.

(*b*) III. Any person or institution desiring to intervene in the action may file a motion to intervene with the court in which the action is pending within ten days from the mailing of such notice, except that the court, for good cause shown, may allow said motion after the ten-day period. A copy of the motion to intervene shall also be served upon the District Attorney and upon the persons or institutions initiating the action or against whom the action has been initiated. The motion shall be signed and certified under oath by the applicant and shall state the grounds therefore showing that the applicant claims an interest in the issue of the lawfulness of the subject procedure in that he has performed said procedure, or that he is performing said procedure, or that he is about to perform said procedure, and that the disposition of the action may impair or impede his ability to perform or continue to perform said procedure. Upon a determination by the court that the applicant has satisfied the requirement of this section, the court shall allow the applicant to intervene in the action.

(*b*) IV. After service of the complaint upon an original party, such party shall serve and file an answer within twenty days unless otherwise directed by order of the court. The answer shall state whether, in the opinion of the pleader, the subject procedure is prohibited by the provisions of this statute and the reason or reasons for such opinion. An intervenor may serve and file a pleading in support of either the complaint or answer within ten days from receipt of notice of the granting of the motion to intervene. Unless the court otherwise orders, no response to the pleading of an intervenor is required.

(*b*) V. Any party may move for summary judgment, in accordance with Rule 56 of the Massachusetts Rules of Civil Procedure, or for judgment on the pleadings in accordance with Rule 12(*c*) of the Massachusetts Rules of Civil Procedure. If, on a motion for judgment on the pleadings, matters outside the pleadings are presented to and not excluded by the court, the motion shall be treated as one for summary judgment, and all parties shall be given reasonable opportunity to present all material made pertinent to such a motion.

(*b*) VI. Any trial on the merits shall be without a jury. The court shall find the facts specially and shall set forth in writing separately its findings of facts and conclusions of law thereon and shall enter judgment accordingly. Such judgment may be appealed to the Supreme Judicial Court. Until reversed, however, by the Supreme Judicial Court, such judgment shall constitute an in rem judgment, binding within the Commonwealth of Massachusetts, that the subject procedure is prohibited or is not prohibited by the provisions of this statute.

(*b*) VII. Upon the entry of a judgment that a procedure is prohibited by the provisions of this statute, the District Attorney shall promptly give notice by publication in a newspaper of general circulation in each of the counties of the Commonwealth and by sending notification by registered or certified mail to each licensed hospital and medical school in the Commonwealth; such notice shall contain a description of the prohibited medical procedure and shall state that the performance of such procedure constitutes a crime punishable under the provisions of this statute. A copy of all judgments and accompanying opinions permitting or prohibiting a procedure shall be filed by the District Attorney with the Commissioner of Public Health. The Commissioner of Public Health shall maintain a permanent file of such judgments and opinions for public inspection.

(*b*) VIII. Any action brought under this statute to determine whether a procedure is prohibited by the provisions of this statute and any appeal of a judgment that a procedure is or is not prohibited by the provisions of this statute shall be advanced for a prompt and speedy disposition consistent, however, with a reasonable opportunity being afforded to the parties to properly prepare the case.

(*b*) IX. If any section, subsection, paragraph, sentence or clause of this statute is held to be unconstitutional, such holding shall not affect the remaining portions of this statute.

Added by St.1974, c. 421. Amended by St.1976, c. 551.

§ 12K. Definitions applicable to sections 12L to 12U

As used in section twelve L to section twelve U, inclusive, the following words shall have the following meanings:

Abortion, the knowing destruction of the life of an unborn child or the intentional expulsion or removal of an unborn child from the womb other than for the principal purpose of producing a live birth or removing a dead fetus.

Hospital, a hospital as defined in section fifty-two of chapter one hundred and eleven of the General Laws, and duly licensed under the provisions of section fifty-one of chapter one hundred and eleven of the General Laws.

Physician, an individual lawfully authorized to practice medicine within the commonwealth.

Pregnancy, the condition of a mother carrying an unborn child.

Unborn child, the individual human life in existence and developing from fertilization until birth.

Added by St.1974, c. 706, § 1. Renumbered and amended by St.1977, c. 397.

§ 12L. Abortion; pregnancy existing for less than 24 weeks

If a pregnancy has existed for less than twenty-four weeks no abortion may be performed except by a physician and only if, in the best medical judgment of a physician, the abortion is necessary under all attendant circumstances.

Added by St.1974, c. 706, § 1. Renumbered by St.1977, c. 397.

§ 12M. Abortion; pregnancy existing for 24 weeks or more

If a pregnancy has existed for twenty-four weeks or more, no abortion may be performed except by a physician and only if it is necessary to save the life of the mother, or if a continuation of her pregnancy will impose on her a substantial risk of grave impairment of her physical or mental health.

Added by St.1974, c. 706, § 1. Renumbered by St.1977, c. 397.

§ 12N. Violation of section 12L or 12M; punishment

Any person who violates the provisions of sections twelve L or twelve M shall be punished by imprisonment for not less than one year nor more than five years. Conduct which violates the provisions of this act, which also violates any other criminal laws of the commonwealth, may be punished either under the provisions of sections 12K to 12U, inclusive, or under such other applicable criminal laws.

Added by St.1974, c. 706, § 1. Renumbered and amended by St.1977, c. 397.

§ 12O. Abortion performed pursuant to section 12M; protection of unborn child

If an abortion is performed pursuant to section twelve M, no abortion procedure which is designed to destroy the life of the unborn child or injure the unborn child in its mother's womb may be used unless, in the physician's best medical judgment, all other available procedures would create a greater risk of death or serious bodily harm to the mother either at the time of the abortion, or subsequently as the result of a future pregnancy, then the one being used.

Added by St.1974, c. 706, § 1. Renumbered and amended by St.1977, c. 397.

§ 12P. Abortion performed pursuant to section 12M; preservation of life and health of child

If an abortion is performed pursuant to section twelve M, the physician performing the abortion shall take all reasonable steps, both during and subsequent to the abortion, in keeping with good medical practice, consistent with the procedure being used, to preserve the life and health of the aborted child. Such steps shall include the presence of life-supporting equipment, as defined by the department of public health, in the room where the abortion is to be performed.

Added by St.1974, c. 706, § 1. Renumbered and amended by St.1977, c. 397.

§ 12Q. Restrictions on abortions performed under section 12L or 12M; emergency excepted

Except in an emergency requiring immediate action, no abortion may be performed under sections twelve L or twelve M unless the written informed consent of the proper person or persons has been delivered to the physician performing the abortion as set forth in section twelve S; and if the abortion is during or after the thirteenth week of pregnancy, it is performed in a hospital duly authorized to provide facilities for general surgery.

Except in an emergency requiring immediate action, no abortion may be performed under section twelve M unless performed in a hospital duly authorized to provide facilities for obstetrical services.

Added by St.1974, c. 706, § 1. Renumbered and amended by St.1977, c. 397.

§ 12R. Written statement of reasons for abortion as required by section 12M; tests on pregnant patients prior to abortions; report to commissioner, contents; filing; statistical tables, annual report to general court; additional reports

If the physician performing the abortion is not the physician who made the medical judgment required by section twelve M, before performing the abortion he shall obtain from the physician making such judgment a written statement setting forth the exception contained in section twelve M that in his best medical judgment permits the abortion and the specified reasons why the abortion qualifies under that exception. Prior to the performance of an abortion, the physician shall make a positive determination of pregnancy, test for blood type and Rh type, test for Rh$_0$ sensitization on each patient found to be Rh$_0$(D) negative by use of an antiglobulin (Coombs) test performed by a blood bank operated by a licensed hospital, or by a laboratory, and offer RH$_0$ (D) immune globulin (Human) to each Rh$_0$(D) negative patient with a negative sensitization test at the time of any abortion. The physician performing the abortion shall retain this written statement as an attachment to the file copy of his report required by this section. Within thirty days after the performance of an abortion, the physician performing such abortion shall file with the commissioner of public health on a form prescribed by him the following information to the best of his knowledge: the date and place of the abortion; if he was a physician making the medical judgment required by section twelve M, the exception contained in said section that in his best medical judgment permitted the abortion and the specific reasons why the abortion qualified under that exception; if he is not the physician who made such medical judgment, the name and address of the physician from whom he received the written statement required by this section and the exception contained in said section twelve M that permitted the abortion and a verbatim recitation of the specific reasons why the abortion qualified under either exception as set forth in the written statement he received from such physician; the age of the mother; the method used to perform the abortion; whether the mother survived the abortion; the details of any morbidity observed in the mother; the gestational age of the child; the weight and crown-rump length of the child if determinable; whether the unborn child was alive when removed or expelled from the mother and if so, the steps taken to preserve its life; and the length of time the child lived after removal or expulsion from the mother. The physician performing the abortion shall retain in his files for seven years after the abortion a copy of the report to which he should attach or otherwise add the name of the mother. The original of the report filed with the commissioner shall not contain the name of the mother and shall be maintained by the commissioner as a public record. The commissioner shall prepare from these reports such statistical tables with respect to maternal health, abortion procedures, the unborn child and viability as he deems useful and shall make an annual report thereof to the general court. Nothing in this section shall be construed to limit the authority of the department of public health to require reports pursuant to sections twenty-four A and twenty-five A of chapter one hundred and eleven.

Added by St.1974, c. 706, § 1. Renumbered and amended by St.1977, c. 397; St.1977, c. 497.

§ 12S. Consent to abortion; hearing; form; filing; civil remedies preserved

If the mother is less than eighteen years of age and has not married, the consent of both the mother and her parents is required. If one or both of the mother's parents refuse such consent, consent may be obtained by order of a judge of the superior court for good cause shown, after such hearing as he deems necessary. Such a hearing will not require the appointment of a guardian for the mother. If one of the parents has died or has deserted his or her family, consent by the remaining parent is sufficient. If both parents have died or have deserted their family, consent of the mother's guardian or other person having duties similar to a guardian, or any person who had assumed the care and custody of the mother is sufficient. The commissioner of public health shall prescribe a written form for such consent. Such form shall be signed by the proper person or persons and given to the physician performing the abortion who shall maintain it in his permanent files.

Nothing in this section shall be construed as abolishing or limiting any common law rights of any other person or persons relative to consent to the performance of an abortion for purposes of any civil action or any injunctive relief under section twelve U.

Added by St.1974, c. 706, § 1. Renumbered and amended by St.1977, c. 397.

§ 12T. Violations of sections 12*O* to R; punishment

Any person who commits an act in violation of sections twelve O or twelve P shall be punished by a fine of not less than five hundred dollars nor more than two thousand dollars, or by imprisonment of not less than three months nor more than five years, or by both said fine and imprisonment. Conduct which violates sections twelve O or twelve P which also violates any other criminal laws of the commonwealth, may be punished either under this section or under such other applicable criminal laws. Any person who willfully violates the provisions of sections twelve Q or twelve R shall be punished by a fine of not less than one hundred dollars nor more than two thousand dollars.

Added by St.1974, c. 706, § 1. Renumbered and amended by St.1977, c. 397.

§ 12U. Enjoining performance of abortion

The attorney general or any person whose consent is required either pursuant to section twelve S or under common law, may petition the superior court for an order enjoining the performance of any abortion that may be performed contrary to the provisions of section twelve L to twelve T, inclusive.

Added by St.1974, c. 706, § 1. Renumbered and amended by St.1977, c. 397.

§ 12V. Exemption of certain trained individuals rendering emergency cardiopulmonary resuscitation from civil liability

Any person who is currently certified by the American National Red Cross or the American Heart Association in cardiopulmonary resuscitation, or any person who has successfully met the training requirements of a course in basic emergency care of the unwitnessed cardiac arrest, conducted according to the standards established by the American Heart Association, who in good faith and without compensation renders emergency cardiopulmonary resuscitation in accordance with his training, other than in the course of his regular professional or business activity, to any person who apparently requires cardiopulmonary resuscitation, shall not be liable for acts or omissions, other than gross negligence or willful or wanton misconduct, resulting from the rendering of such emergency cardiopulmonary resuscitation.

Added by St.1977, c. 555.

§ 12W. Sterilization; physician to have written consent before performing surgical or medical procedure

No physician shall perform, other than in an emergency, an operation which is intended to result in the sterilization of an individual unless he has a knowledgeable consent in writing from such individual. A physician who performs said operation without such consent shall be punished by a fine of not more than ten thousand dollars.

Added by St.1977, c. 654.

§ 12X. Restrictive covenants upon physicians rendered unenforceable

Any contract or agreement which creates or establishes the terms of a partnership, employment, or any other form of professional relationship with a physician registered to practice medicine pursuant to section two, which includes any restriction of the right of such physician to practice medicine in any geographic area for any period of time after the termination of such partnership, employment or professional relationship shall be void and unenforceable with respect to said restriction; provided, however, that nothing herein shall render void or unenforceable the remaining provisions of any such contract or agreement.

REGISTRATION OF PODIATRISTS

§ 13. Podiatry; definition; application of sections 13 to 23

"Podiatry" as used in this chapter shall mean the diagnosis and the treatment of the structures of the human foot by medical, mechanical, surgical, manipulative and electrical means without the use of other than local anesthetics, and excepting treatment of systemic conditions, and excluding amputation of the foot or toes. This and the ten following sections shall not apply to surgeons of the United States army, navy or of the United States Public Health Service, nor to physicians registered in the commonwealth. The term physician and surgeon when used in sections twelve B, twelve G, twenty-three N and eighty B shall include a podiatrist acting within the limitation imposed by this section.

Amended by St.1937, c. 425, § 2; St.1956, c. 344; St.1970, c. 443, § 17; St.1978, c. 220.

§ 14. Practice of podiatry; holding out as a registered podiatrist

No person shall practice or attempt to practice podiatry in the commonwealth, or hold himself out as a podiatrist, or designate himself, or describe his occupation, by the use of any words or letters calculated to lead others to believe that he is a registered podiatrist, unless he is registered as provided in section sixteen.

Amended by St.1937, c. 425, § 3; St.1970, c. 443, § 18.

§ 15. Preparation and distribution of forms for applications for registration; examinations

The board of registration in podiatry, in sections sixteen to twenty-two, inclusive, called the board, shall prepare and distribute forms of applications for registration, certificates of registration and such other documents as may be necessary or convenient in carrying out sections thirteen to twenty-three, inclusive. It shall hold at least two examinations annually, at times and places to be designated by it, after due notice of the same by publication at least twice a week for three successive weeks in one or more newspapers published in the county where the examination is to be held, and it may hold other examinations as it deems necessary or proper.

Amended by St.1937, c. 425, § 4; St.1970, c. 443, § 19.

§ 16. Registration of podiatrists; application; fees; examinations and reexaminations; certificate; registration without examination; revocation; approval of schools

Applications for registration, signed and sworn to by the applicant, shall be made upon blanks furnished by the board. If an applicant furnishes the board with satisfactory proof that he is eighteen and of good moral character, and that he is a graduate of a high school or its equivalent, and has completed a four-year course in podiatry, or an accelerated course in podiatry of not less than one hundred and forty-four weeks of academic instruction, in a school of podiatry approved by the board, and hold a doctor's degree in podiatry from a school, college or university having the power to grant such degree, he shall, upon the payment of fifty dollars, be examined by the board as provided in section seventeen, and, if found qualified, shall be registered and shall receive a certificate as a registered podiatrist, signed by the chairman and secretary of the board. An applicant failing to pass an examination satisfactory to the board shall, if not disqualified under sections eighteen and nineteen, be entitled to be reexamined from time to time upon the payment of ten dollars for each such reexamination. No such applicant shall be registered unless he obtains a general average of seventy-five per cent in the various subjects in which he is examined. Every such certificate shall expire on the last day of the year when it was granted, but upon payment of ten dollars shall be renewed by the board for each subsequent year without examination.

Upon failure to make payment of such fee on or before the last day of the year, such registration shall expire. The board, not later than five days thereafter, shall so notify him. Upon application by a podiatrist whose registration has expired within six months after the date of such notice and upon payment of ten dollars in addition to the regular fee for renewal, such registration shall be reinstated by the board.

Any person who shall present to the board a certified copy or certificate of registration or license which was issued to him after examination by a board of registration in podiatry or in medicine in any other state, where the requirements for registration are in the opinon of the board equivalent to those of this commonwealth, may be registered and given a certificate of registration in this commonwealth without a written examination; provided, that such state accords a like privilege to holders of certificates of registration issued in this commonwealth, and that the applicant has not previously failed to pass the examination required in this commonwealth, and that he has been engaged in the reputable practice of podiatry continuously for not less than five years immediately preceding his application, and that he intends to reside and practice podiatry in this commonwealth. The fee for such registration shall be one hundred dollars.

Any applicant aggrieved by the refusal of the board to approve a podiatry school under this section shall be entitled to have the reasonableness of such refusal reviewed by a justice of the superior court whose decision shall be final. Any school of podiatry within the commonwealth approved by the board may be inspected by the board subsequent to a thirty-day notice of such inspection and if, upon such inspection, it is the opinion of the board that said approved school has lowered its standards below those established by the board, the school, after notice and hearing, may be disapproved. The board shall forthwith establish standards to be met by colleges, universities or podiatry schools and when, in the opinion of the board, such standards have been met by any college, university or podiatry school, a certificate of approval shall be awarded to it; provided, that if at any time such approved college, university or podiatry school has, in the opinion of the board, lowered its standards below those established by the board, such certificate, after notice and hearing, may be revoked by the board and said commissioner.

Any college, university or podiatry school desiring to be approved for the purposes of this section may file with the board a written request for the approval of such college, university or podiatry school and thereupon a public hearing shall be seasonably granted by the board and a written decision made by it within twenty days after the termination of such hearing and the applicant for such approval shall be notified of such decision. A written decision of the board refusing to approve any college, university or podiatry school shall not become effective until thirty days after written notice of such decision is given to the college, university or podiatry school seeking such approval. Every such college, university or podiatry school aggrieved by such refusal shall have the right to file a petition in the superior court for Suffolk county to revise or reverse the decision of the board. Notice of the entry of such petition shall be given to the board and all proceedings connected therewith shall be according to rules regulating the trial of civil causes without juries. The court shall hear the case and finally determine whether or not such approval shall be granted or revised.

If such a petition is so filed within the aforesaid period of thirty days said decision of the board shall not become effective unless and until a final decree affirming said decision is entered upon the aforesaid petition.

Amended by St.1937, c. 425, § 5; St.1948, c. 557; St.1950, c. 363, § 1; St.1952, c. 585, § 22; St.1955, c. 676, § 1; St.1970, c. 443, §§ 20 to 25; St.1972, c. 684, §§ 19, 20; St.1973, c. 925, § 18.

§ 16A. Limited registration

An applicant for limited registration under this section may, upon payment of twenty-five dollars, be registered by the board as an intern, resident, fellow, extern, preceptor or podiatric medical officer for such time as it may subscribe if he furnishes the board with satisfactory proof that he is eighteen years of age or over and of good moral character, he has creditably completed two years of a prepodiatric medical course of study in a college or university and not less than three and one-half years of study or the comparable requisite years of study at a legally chartered podiatric medical school offering an accelerated course or two years in a podiatry program at a medical school chartered in the commonwealth, followed by one and one-half years at a legally chartered podiatric medical school having the power to grant a degree in podiatric medicine, and that he has been appointed a resident, fellow, intern, extern, preceptor or podiatric medical officer in a health care program. All such schools and programs must be approved by the board of registration in podiatry pursuant to section sixteen and leading toward certification by specialty boards recognized by the American Podiatry Association.

Such limited registration shall entitle said applicant to practice podiatric medicine only in the hospital, institution, clinic or program designated on his certificate of limited registration, or outside such hospital, institution, clinic or program for the treatment, under supervision of one of its medical officers who is a duly registered physician, or one of its podiatric medical officers who is a duly registered podiatric physician, of persons accepted as patients, by any hospital, institution, clinic or program affiliated for training purposes with the hospital, institution, clinic or program designated on such certificate, which affiliation is approved by the board, and in any case, under regulations established by such hospital, institution, clinic or program. The name of any hospital, institution, clinic or program so affiliated and so approved shall also be indicated on such certificate. Limited registration under this section may be revoked at any time by the board.

Added by St.1979, c. 329.

§ 16B. Students; practice of podiatric medicine

A student of podiatric medicine who has creditably completed not less than two years of study in a legally chartered medical or podiatric medical school, wherever located, may practice podiatric medicine, but only under the supervision of an instructor in a legally chartered medical, or podiatric medical school, which instructor shall be a registered physician or podiatrist in the commonwealth and a duly appointed field faculty member of a legally chartered medical or podiatric medical college to which the student may be assigned. The board may, in its discretion from time to time designate other facilities or locations in which said student may practice podiatric medicine under the conditions described above. Said student of podiatric medicine shall not prescribe or dispense narcotic drugs as defined in section one of chapter ninety-four C.

Added by St.1979, c. 329.

§ 16C. Temporary registration

Temporary registration as a qualified podiatric physician may be granted to a visiting podiatric physician holding a license to practice in another state or territory or in the District of Columbia and having a temporary faculty appointment certified by the chairman of the board of registration in podiatry for purposes of podiatric medical education, such registration to terminate automatically upon termination of the faculty appointment and, in any event, at the end of eight months: to a podiatric physician holding a license to practice in another state or territory or in the District of Columbia to permit him to act as a substitute podiatric physician for a registered podiatric physician in the commonwealth, to be granted only upon written request of said registered podiatric physician and to be limited to three months or less; and to a podiatric physician eligible for examination or registration in the commonwealth who is a diplomate of a specialty board approved by the American Podiatry Association to permit him to act as a substitute podiatric physician for a registered podiatric physician in the commonwealth, to be granted only upon written request of said podiatric physician, to be limited to the specialty to which the applicant is certified and to be limited to three months or less. The fee for such temporary registration in any case shall be fifty dollars.

Added by St.1979, c. 329.

§ 17. Examinations

Examinations shall be in English and shall be wholly or partly written, oral or clinical, as the board may determine, and shall include, and be limited to, subjects taught in recognized schools of podiatry.

Amended by St.1937, c. 425, § 6; St.1970, c. 443, § 26.

§ 17A. Records of board; rules and regulations; reports; investigation of complaints

The board shall keep a full record of its proceedings and a registry of all persons registered by it, which shall be public records and open to inspection. The board shall make such rules and regulations as may be necessary for the proper conduct of its duties. It shall make an annual report, including a statement of the condition of podiatry in the commonwealth.

The board shall investigate all complaints of the violation of any provision of sections thirteen to twenty-two, inclusive, or of section sixty-five relative to podiatry, and report the same to the proper prosecuting officers.

Added by St.1937, c. 425, § 7. Amended by St.1970, c. 443, § 27.

§ 18. Refusal to issue certificate; revocation

The board shall refuse to issue a certificate to a person, or may, after a hearing if requested by a person to whom a certificate has been issued, revoke such certificate if, in the opinion of the board, such person is intemperate in the use of alcoholic liquors or narcotic drugs, or has been guilty of misconduct involving moral turpitude, or has been convicted of an offence involving moral turpitude, or has violated any provision of sections thirteen to twenty-three, inclusive, or of section sixty-five relative to podiatry, or has been guilty of unprofessional conduct, or is in any other manner disqualified morally, mentally or physically to receive or hold such certificate, or has in his application therefor knowingly made any false statements or presented to the board a fraudulent diploma, certificate or other document.

Amended by St.1937, c. 425, § 8; St.1970, c. 443, § 28.

§ 19. Unprofessional conduct; definition; regulation by board

"Unprofessional conduct", as used in section eighteen, shall include: (*a*) the wilful betrayal of a professional secret; (*b*) lending the use of one's name to an unregistered podiatrist, or having professional connection with such a person or with anyone convicted of any offense involving moral turpitude; (*c*) the selling or giving of any substance or compound containing alcohol or narcotic drugs for other than legal purposes; (*d*) written or printed statements of a character tending to claim professional superiority or the performance of professional services in a superior manner; (*e*) the inclusion of any fraudulent, misleading or deceptive statement in any form of advertising; and (*f*) any violation of any rule or regulation under section seventeen A.

The board may, by regulation, in a manner consistent with the foregoing, further regulate advertising by persons subject to its jurisdiction.

Amended by St.1937, c. 425, § 9; St.1951, c. 105; St.1970, c. 443, § 29; St.1978, c. 508, §§ 2, 3.

§ 20. Suspension of certificate

The board, after a hearing if requested by the person registered, may suspend any certificate for not more than six months because of any misconduct on the part of the person registered which would not, in its opinion, justify the revocation thereof.

Amended by St.1937, c. 425, § 10.

§ 21. Recording of certificate of registration by city or town clerk; fee; records

Every person registered under section sixteen shall, before entering upon the practice of podiatry, submit his certificate of registration to the clerk of the city or town where he proposes to practice, and shall inform the clerk that he is the person designated therein, and shall pay him the fee provided by clause (24) of section thirty-four of chapter two hundred and sixty-two. Thereupon, the clerk shall record his name and address and the date and number of his certificate, and the said record shall be open to public inspection, and the clerk shall furnish a copy thereof to the board within one week.

Amended by St.1937, c. 425, § 11; St.1948, c. 550, § 19; St.1970, c. 443, § 30.

§ 21A. Prescriptions on hospital or clinic blanks; printing of podiatrist's name required

Every registered podiatrist who writes a prescription upon a prescription blank of a hospital or clinic shall print or type his name directly below his signature thereon.

Added by St.1973, c. 173, § 2.

§ 22. Penalties

Whoever obtains or attempts to obtain registration under section sixteen by any fraudulent means, or violates any provision of section fourteen, shall, except as provided in section sixty-five, be punished by a fine of not less than one hundred nor more than five hundred dollars or by imprisonment for not less than three months nor more than one year, or both. Whoever violates any provision of the preceding section shall be punished by a fine of not less than three nor more than twenty dollars.

REGISTRATION OF PHYSICAL THERAPISTS

§ 23A. Definitions

The following words as used in sections twenty-three A to twenty-three *O*, inclusive, unless the context otherwise requires, shall have the following meanings:—

(*a*) "Physical therapy", treatment of a person by the use of therapeutic exercise, massage, heat, cold, water, radiant energy, electricity, or sound for the purpose of correcting or alleviating any physical or mental condition or preventing the development of any physical or mental disability; or the performance of tests as an aid to the diagnosis or treatment of a person, provided, however, that physical therapy shall not include radiology or electrosurgery, or chiropractic as defined in section eighty-nine.

(*b*) "Physical therapist", a person who is duly registered as a physical therapist in accordance with section twenty-three B and who practices physical therapy upon the referral of a physician duly registered by the commonwealth.

(*c*) "Board", the board of registration and discipline in medicine established under section ten of chapter thirteen.

St.1958, c. 585, § 1. Amended by St.1975, c. 584, § 1.

§ 23B. Registration of physical therapists; applications; fees

A person who desires to be registered as a physical therapist shall apply to the board, in writing, on an application form prescribed and furnished by the board. He shall include in his application statements under oath satisfactory to the board showing that he possesses the qualifications preliminary to examination required by section twenty-three C. At the time of filing his application, an applicant for registration as a physical therapist shall pay to the board a fee of fifty dollars.

St.1958, c. 585, § 1. Amended by St.1972, c. 487, § 1; St.1975, c. 584, § 1.

§ 23C. Eligibility for registration

To be eligible for registration by the board as a physical therapist an applicant shall be of good moral character; and be an applicant for registration as a physical therapist, have graduated from an educational program within the United States leading to professional qualification in physical therapy, which program was approved at the time of his graduation by the American Physical Therapy Association or, if graduated prior to nineteen hundred and thirty-six, by the American Physical Therapy Association; or have graduated from an educational program in physical therapy chartered in a sovereign state outside the United States and have furnished to the board such evidence as it may require: (1) that his education is substantially the equivalent of that of graduates of approved programs in the United States, and (2) that he has sufficient qualifications, including proficiency in the English language, to practice physical therapy; and pass to the satisfaction of the board an examination conducted by it to determine his fitness to practice as a physical therapist.

St.1958, c. 585, § 1. Amended by St.1973, c. 925, § 19; St.1975, c. 584, § 1; St.1977, c. 87.

§ 23D. Registration of persons registered or licensed in other states, territories, etc.

The board may, in its discretion and without examination, register as a physical therapist any applicant who is a physical therapist registered or licensed under the laws of another state or territory of the United States, the District of Columbia, or the Commonwealth of Puerto Rico. At the time of making such application, the applicant shall pay the board a fee of twenty-five dollars.

St.1958, c. 585, § 1. Amended by St.1975, c. 584, § 1.

§ 23E. Examinations; re-examinations

The board shall examine applicants for registration as physical therapists at such times and places as it may determine and shall conduct at least two such examinations in each calendar year. The examination shall embrace the following subjects:—the applied sciences of anatomy, kinesiology, physiology, pathology, psychology, physics; physical therapy, applied to medicine, neurology, orthopedics, pediatrics, psychiatry and surgery; medical ethics and technical procedures in the practice of physical therapy. The type of examination shall be determined by the board. Any applicant who fails to pass such examination may take a second examination upon the payment of an additional application fee of twenty-five dollars, and must be so reexamined at the next scheduled examination. The board shall have discretion to determine the number of times an individual applicant may take the examination. An applicant who fails to pass the second examination shall pay an application fee of fifty dollars for each additional examination taken.

St.1958, c. 585, § 1. Amended by St.1972, c. 487, § 2; St.1975, c. 584, § 1.

§ 23F. Registration; certificate

The board shall register as a physical therapist each applicant who proves to the satisfaction of the board his fitness for registration or licensure under the provisions of sections twenty-three A to twenty-three *O*, inclusive. It shall issue to each person so registered a certificate of registration which shall be prima facie evidence of the right of such person to represent himself as a registered physical therapist.

St.1958, c. 585, § 1. Amended by St.1975, c. 584, § 1.

§ 23G. Renewals; fees; lapsed registration

Every registered physical therapist shall, during January of every even-numbered year, apply to the board for a renewal of his registration and pay a fee of ten dollars. Any registration not so renewed prior to April first in any such year shall automatically lapse on said date. The board may in its discretion revive and extend a lapsed registration granted under the provisions of sections twenty-three B to twenty-three F, inclusive, upon the payment of all unpaid renewal fees.

St.1958, c. 585, § 1. Amended by St.1972, c. 684, § 21; St.1975, c. 584, § 1.

§ 23H. Graduate physical therapists; practice prior to registration; examinations

Notwithstanding the provisions of subsections (*b*) and (*c*) of section twenty-three A, an applicant for registration as a physical therapist who meets the qualifications described in section twenty-three C may, between the date of filing such application and the announcement of the results of the next succeeding examination for registration, practice as a physical therapist under the direction of a registered physical therapist. If any person so practicing as a physical therapist fails to qualify for and pass the first announced examination after filing for registration or licensure, all privileges under this section shall automatically cease upon due notice to the applicant of such failure. Such privileges shall be renewed upon filing for a second examination for registration or licensure as provided in section twenty-three E, and shall automatically cease upon due notice to the applicant that he has failed to pass the second examination.

St.1958, c. 585, § 1. Amended by St.1975, c. 584, § 1.

§ 23*I*. Grounds for refusal to register; suspension or revocation of registration

The board, after due notice and hearing, may refuse to issue a certificate of registration to a physical therapist or may suspend or revoke said certificate if such physical therapist has:

(*a*) practiced physical therapy other than upon the referral of a physician duly registered under this chapter;

(*b*) used drugs or intoxicating liquors to an extent which adversely affects his professional competence;

(*c*) been convicted of a felony or of a crime involving moral turpitude;

(*d*) obtained or attempted to obtain registration as a physical therapist by fraud or deception;

(*e*) been grossly negligent in his practice as a physical therapist;

(*f*) been adjudged mentally ill or incompetent by a court of competent jurisdiction;

(*g*) acted in a manner which is professionally unethical according to ethical standards of the profession of physical therapy.

St.1958, c. 585, § 1. Amended by St.1975, c. 584, § 1.

§ 23J. Rules and regulations; record of proceedings; roster

The board may adopt reasonable rules and regulations to carry into effect sections twenty-three A to twenty-three *O*, inclusive, and may amend and revoke such rules and regulations at its discretion. The board shall keep a record of its proceedings and a roster of all persons registered by it. This roster shall include the registrant's name, last known business and residential addresses, date of registration and registration number as physical therapist.

St.1958, c. 585, § 1. Amended by St.1975, c. 584, § 1.

§ 23K. Investigation of violations; reporting

The board shall investigate every alleged violation of sections twenty-three A to twenty-three N, inclusive, coming to its notice. If as a result of such investigation, the board has reasonable cause to believe that a violation has occurred, it shall forthwith report to appropriate law enforcement agency.

St.1958, § 1. Amended by St.1975, c. 584, § 1.

§ 23L. Improper use of words or letters

A person who does not possess a valid and existing certificate of registration as a physical therapist pursuant to the provisions of sections twenty-three A to twenty-three *O*, inclusive, shall not in any manner represent himself as a physical therapist nor use in connection with his name the words or letters "Registered Physical Therapist", "Physical Therapist", "Physiotherapist", "Physical Therapy Technician", "Doctor of Physical Therapy", "R.P.T.", "P. T.", "Ph.T.", "P.T.D.", "P.T.T.", or any other letters, words, abbreviations or insignia indicating or implying that he is a physical therapist.

St.1958, c. 585, § 1. Amended by St.1975, c. 584, § 1.

§ 23M. Violations; penalties

Any person who violates any provision of sections twenty-three A to twenty-three *O*, inclusive, or who makes a willfully false oath or affirmation in any case in which an oath or affirmation is required under said sections, or who obtains or attempts to obtain registration by any fraudulent representation shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars, or by imprisonment, for not more than three months, or both.

St.1958, c. 585, § 1. Amended by St.1975, c. 584, § 1.

§ 23N. Referrals; prohibited medical practices

No person shall practice as a physical therapist except upon the referral of a physician or dentist duly registered by the commonwealth. Nothing in sections twenty-three A to twenty-three *O*, inclusive, shall be construed as authorizing a physical therapist to practice medicine, osteopathy, chiropractic or any other form or method of healing not specified in section twenty-three A.

St.1958, c. 585, § 1. Amended by St.1975, c. 584, § 1.

§ 23*O*. Practice of physical therapy by employees of federal agencies

Nothing contained in sections twenty-three A to twenty-three N, inclusive, shall prohibit any person employed as a physical therapist by an agency of the federal government from practicing physical therapy while discharging his official duties as such employee.

St.1958, c. 585, § 1. Amended by St.1975, c. 584, § 1.

§ 23P. Partial invalidity

If any provision of sections twenty-three A to twenty-three O, inclusive, or the application of such provision to any person or circumstance shall be held invalid, the remainder of said sections, or the application of such provision to persons or circumstances other than those to which it is held invalid, shall not be affected thereby.

St.1958, c. 585, § 1.

§ 23Q. Citation

Sections twenty-three A to twenty-three P, inclusive, shall be known and may be cited as the Registered Physical Therapists Law.

St.1958, c. 585, § 1.

REGISTRATION OF PHARMACISTS

§ 24. Registration of pharmacists; examination; fees

A person who desires to do business as a pharmacist shall, upon payment of twenty-five dollars to the board of registration in pharmacy, herein and in sections twenty-five to forty-two, inclusive, called the board, be entitled to examination; provided, that he shall have been graduated from a school or college of pharmacy approved by the board. If any such person is found qualified on examination, he shall be registered as a pharmacist, and shall receive a certificate signed by the president and secretary of the board. Any person failing to pass such examination, shall upon request be re-examined, after the expiration of three months, at any regular meeting of the board, upon payment of twenty-five dollars. The board may grant certificates of registration as assistants after examination upon the terms above named, and such certificates shall entitle the holder thereof to all the privileges of a registered pharmacist during the temporary absence of the latter, which absence shall be not more than six hours in any one period of twenty-four consecutive hours; provided, that, upon application to the board, such an assistant may be permitted to exercise the privileges of a registered pharmacist for such further period as the board shall determine. No such certificate as assistant shall allow the holder thereof to engage in the drug business on his own account or as a manager to conduct a pharmacy or drug store. The board may grant certificates of registration to such persons as shall furnish with their applications satisfactory proof that they have been registered by examination in some other state; provided, that such other state shall require a degree of competency equal to that required of applicants in this commonwealth. Every such applicant for registration as a registered pharmacist shall pay to the secretary of the board fifty dollars at the time of filing his application. No such certificate shall be granted until the person applying therefor shall have signified his intention of acting under the same in this commonwealth.

Amended by St.1932, c. 227; St.1933, c. 126; St.1937, c. 343, § 1; St.1941, c. 52, § 1; St.1945, c. 502, § 1; St.1952, c. 585, § 23; St.1957, c. 463; St. 1972, c. 684, § 22; St.1979, c. 57.

§ 24A. Records; expiration of registrations; renewals; reinstatement; fees

The board shall keep an official record of the names of all registered pharmacists and registered assistant pharmacists. All registrations of registered pharmacists and registered assistant pharmacists shall expire on December thirty-first of each even-numbered year. Any holder of a certificate of registration as a pharmacist or assistant pharmacist issued under section twenty-four and remaining uncancelled shall be entitled to have such certificate biennially renewed by registration by the board, upon the payment of a biennial renewal fee of ten dollars. On the first day of November of each even-numbered year the board shall send written notice to this effect to every registered pharmacist and every registered assistant pharmacist, and shall enclose with each notice a proper blank for such registration. If said blank properly filled out, together with said fee of five dollars, shall not on or before the thirty-first day of December of such even-numbered year be received by said board from any pharmacist or assistant pharmacist so notified, said board shall strike from the register the name of such pharmacist or assistant pharmacist; provided, that at any time thereafter, any pharmacist or assistant pharmacist whose name shall have been so removed from the register may, upon submission to the board of proof satisfactory to it of his moral and physical fitness, have his name restored by it upon the payment to it of all accrued biennial renewal fees, together with a reinstatement fee of five dollars.

Added by St.1945, c. 502, § 3. Amended by St.1955, c. 429; St.1956, c. 575; St.1972, c. 684, § 23.

§ 24B. Standards for schools of pharmacy; certificates of approval; courses

The board and the commissioner of education shall forthwith establish standards to be met by schools or colleges of pharmacy and when, in the opinion of the board and the commissioner, such standards have been met by any school or college of pharmacy, a certificate of approval shall be awarded to such approved school or college of pharmacy; provided, that if at any time such approved school or college of pharmacy has, in the opinion of the board and said commissioner, lowered its standards below that established by the board and said commissioner, such certificate, after notice and hearing, may be revoked by the board and said commissioner. No person, school or college of pharmacy or other institution of learning shall establish, conduct or offer any course in pharmacy for residents or non-residents of the commonwealth unless and until such course meets the standards established by the board and said commissioner under authority of this section. Whoever violates any provision of this section shall be punished by a fine of not less than one hundred nor more than one thousand dollars, or by imprisonment for not more than one year, or both.

Added by St.1946, c. 194. Amended by St.1947, c. 503.

§ 25. Records; annual reports

The board shall keep a record of the names of all persons examined and registered by it, of all persons to whom permits are issued under section thirty-nine, and of all money received and disbursed by it, and a duplicate thereof shall be open to public inspection in the office of the state secretary. The board shall make an annual report of the condition of pharmacy in the commonwealth.

§ 26. Display of certificate

Every person receiving a certificate of registration from the board shall conspicuously display the same in his place of business.

§ 27. Complaint; notice; hearing

The board shall hear all complaints made to it against any person registered as a pharmacist charging him in his business as a pharmacist with violating any of the rules or regulations of the board or any laws of the commonwealth, and especially the laws relating to the sale of alcoholic beverages, as defined in section one of chapter one hundred and thirty-eight, and alcohol; or with engaging with, or aiding or abetting another in the violation of said rules, regulations or laws; or, if he himself is not the owner and actively engaged in such business, with suffering or permitting the use of his name or certificate of registration by others in the conduct of the business of pharmacy. Such complaints shall set out the offence alleged, and be made within six months after the date of the act complained of or within six months after a conviction by a court of competent jurisdiction. The board shall notify the person complained against of the charge against him and of the time and place of the hearing at which he may appear with his witnesses and be heard by counsel. It may summon witnesses and compel their attendance at said hearings. Witnesses shall testify on oath and may be sworn by a member of the board. Three members of the board shall be a quorum for any such hearing.

Amended by St.1934, c. 328, § 2; St.1937, c. 343, § 2; St.1960, c. 634, § 1; St.1976, c. 444.

§ 28. Decision of board of registration in pharmacy; effect

If the full board sitting at such hearing finds the person guilty, the board may suspend the effect of his certificate of registration as a pharmacist for such term as it fixes. The board may at any time reconsider its action in cases where it has suspended or revoked the license or certificate of registration of a pharmacist, and may change its determination as justice shall require.

§ 29. Suspension of certificate of registration

It may, by a majority vote of all its members, after hearing, suspend the certificate of registration of a registered pharmacist, who, in its judgment, is a menace to the public by reason of the improper use of intoxicating liquor or drugs.

§ 30. Unlawful dispensing of controlled substances; penalties; clerical and ministerial supportive services excepted

No person shall dispense any controlled substance or any substance intended for hypodermic use except a person registered as a pharmacist or assistant pharmacist under section twenty-four or corresponding provisions of earlier laws who is acting in the course of his employment in a pharmacy, an intern in pharmacy under the direct supervision of a registered pharmacist in accordance with the regulations of the board, and a practitioner in accordance with the provisions of chapter ninety-four C. The terms "controlled substances", "dispense", "practitioner", and "pharmacy", as used in this section, shall have the same meaning as set forth in section one of said chapter ninety-four C.

Whoever violates any provision of this section shall be punished by imprisonment in a jail or the house of correction for not more than three months, or by a fine of not more than five hundred dollars, or both.

Notwithstanding any provision of this section to the contrary, a person under the direction and supervision of a registered pharmacist may perform those clerical and ministerial supportive services in a pharmacy which do not require the exercise of professional judgment by a registered pharmacist. The board may make such rules and regulations as it deems necessary to define the supportive services which an unregistered person may perform in a pharmacy.

The registered pharmacist shall be responsible for the act of any supportive personnel under his supervision.

Amended by St.1937, c. 343, § 3; St.1974, c. 326, § 1.

§ 31. Marking of signs advertising place of business and labels for medicinal preparations

Every registered pharmacist carrying on the drug business as proprietor or manager shall cause his name to appear on every sign indicating or advertising his place of business and on every label used for medicinal preparations compounded in his place of business.

§ 32. Investigation of complaints

The board shall investigate all complaints of the violation of any provision of sections twenty-four to forty-two, inclusive, or of section sixty-five, so far as it relates to pharmacy, and report the same to the proper prosecuting officers, and especially investigate and cause to be prosecuted all violations of sections twenty-nine to thirty G, inclusive, of chapter one hundred and thirty-eight.

Amended by St.1934, c. 328, § 3.

§ 33. Access to documents

A registered pharmacist against whom a complaint or charge is pending before the board, or his counsel, shall have the same right of access to documents in the possession of said board as a person charged with crime in the courts of the commonwealth would have to documents in the possession of the clerk of the court or the prosecuting officer.

§ 34. Certificate of conviction of pharmacist; notification of board

The court or magistrate before whom a person is convicted of a violation of section thirty of this chapter, or of any provision of sections twenty-nine to thirty F, inclusive, of chapter one hundred and thirty-eight relating to the retention, filing or inspection of prescriptions, or of section two of chapter two hundred and seventy shall send to the board a certificate under seal showing the time, cause and place of conviction.

Amended by St.1934, c. 328, § 4.

§ 35. Repealed by St.1974, c. 326, § 2

§ 36. Continuance of business of deceased or incapacitated registered pharmacists

The widow, executor or administrator of a registered pharmacist who has died or the wife of one who has become incapacitated may continue his business under a registered pharmacist, who may also be considered qualified to receive a certificate of fitness under section thirty of chapter one hundred and thirty-eight authorizing him to exercise upon the premises of said deceased or incapacitated pharmacist the rights conferred by section twenty-nine of said chapter upon holders of said certificates; provided, that the registered pharmacist under whom the business is continued is in charge of the premises and present therein.

Amended by St.1934, c. 328, § 6.

LICENSING OF PERSONS ENGAGED IN THE SALE, DISTRIBUTION OR DELIVERY, AT WHOLESALE, OF DRUGS OR MEDICINES

§ 36A. Licensing of sale, distribution and delivery of drugs or medicines

Except as otherwise provided in section thirty-five, no person shall engage in the sale, distribution or delivery, at wholesale, of drugs or medicines within the commonwealth without a license so to do.

Added by St.1948, c. 539, § 2.

§ 36B. Licenses; fees; renewals

The board shall upon application and the payment of an annual license fee of one hundred dollars issue licenses required by section thirty-six A; provided, that no such license shall be issued to any applicant unless the board is satisfied that he or it is actually engaged in and is carrying on such wholesale business. Such license shall be renewed on or before December first of each year upon the payment of a license fee of one hundred dollars. Any person who is engaged in the wholesale drug business at more than one location, shall obtain such a license for each location.

Added by St.1948, c. 539, § 2. Amended by St.1963, c. 450, § 1; St.1972, c. 684, § 24.

§ 36C. Use of words "wholesale druggist"; inspection and investigation of wholesale dealers; reports of violations; complaints

No person shall use the words "wholesale druggist" or any other words of similar import, holding himself or itself out to be engaged in the sale, distribution or delivery of drugs or medicines, at wholesale, without first having been licensed as provided in sections thirty-six A and thirty-six B. The agents of the board shall have authority, during business hours, to inspect and investigate all wholesale dealers in drugs or medicines, and shall report all violations of sections thirty-six A to thirty-six D, inclusive, to the board, upon the direction of which such agents shall apply for criminal complaints against persons guilty of any such violations.

Added by St.1948, c. 539, § 2.

§ 36D. Penalties

Whoever, not being licensed as provided in sections thirty-six A and thirty-six B, engages in the sale, distribution or delivery, at wholesale, of drugs or medicines, or uses the words "wholesale druggist" or any other words of similar import in connection with his business to indicate the sale, distribution or delivery of such commodities, at wholesale, or whoever sells, distributes or delivers such commodities at retail, and holds himself out to be a wholesale druggist by using the words, "wholesale druggist" or words of similar import in connection with his business, or in advertising the same, shall be punished by a fine of not more than one thousand dollars or by imprisonment in a jail or house of correction for not less than thirty days nor more than one year, or both.

Added by St.1948, c. 539, § 2.

REGISTERING AND LICENSING STORES FOR TRANSACTING RETAIL DRUG BUSINESS

§ 37. Drug business; definition

"Drug business", as used in the two following sections, shall mean the sale, or the keeping or exposing for sale of drugs, medicines, chemicals or poisons, except as otherwise provided in section thirty-five, also the sale or the keeping or exposing for sale of opium, morphine, heroin, codeine or other narcotics, or any salt or compound thereof, or any preparation containing the same, or cocaine, alpha or beta eucaine, or any synthetic substitute therefor, or any salt or compound thereof, or any preparation containing the same, and the said term shall also mean the compounding and dispensing of physicians' prescriptions.

§ 38. Transaction of retail drug business; registration; permit; display of permit

No store shall be kept open for the transaction of the retail drug business, or be advertised or represented as transacting such business, by means of any sign or advertisement containing the words "drug store", "pharmacy", "apothecary", "drug", "drugs", "medicine shop", or any combination of such words, or otherwise, unless it is registered with, and a permit therefor has been issued by, the board, as provided in the following section; provided, that said words, or any of them, may, with the written permission of the board, be used with respect to a store not registered with, and not having a permit issued by, the board as aforesaid, if in the town, or voting precinct thereof, where such store is located there is no store so registered and having such a permit. The permit shall be displayed in a conspicuous place in the store for which it is issued. The word "town", as used in this section, shall not include city.

Amended by St.1934, c. 236.

§ 39. Registration; permits; fees; rendering of final decision

The board may, upon application made in such manner and form as it shall determine, register a store for the transaction of the retail drug business, which store shall be independent of and separate from any business or store other than a retail drug store and issue to such person as it deems qualified to conduct such store, a permit to keep it open; provided, however, that the board may deny such registration and refuse to issue such permit if, in its discretion, such store would be inconsistent with or opposed to the best interests of the public health, welfare or safety, but no such registration shall be made or permit issued in the case of a corporation unless it shall appear to the satisfaction of the board that the management of such drug store or pharmacy is in the hands of a registered pharmacist. Such permit shall expire on December thirty-first of each uneven numbered year following the date of its issue, and the fee therefor shall be thirty-five dollars for two years, or any part thereof.

The board shall, within one hundred and fifty days after the filing of an application render a final decision denying or allowing registration. Failure to render such decision, except when such failure to act is caused by the delay of the applicant, shall constitute an approval of the application and a permit shall be issued.

Amended by St.1939, c. 138; St.1951, c. 410; St.1953, c. 281; St.1962, c. 695; St.1963, c. 488, § 1; St.1972, c. 684, § 25; St.1977, c. 653.

§ 40. Suspension or revocation of registration and permit; notice; hearing

The board may suspend or revoke any registration made under the preceding section and any permit issued thereunder for any violation of the law pertaining to the drug business or the sale of alcoholic beverages, as defined in section one of chapter one hundred and thirty-eight, or for any violation of the rules and regulations established by the board, or for aiding or abetting in a violation of any such law, rules or regulations; but before such suspension or revocation the board shall give a hearing to the holder of the permit, after due notice to him of the charges against him and of the time and place of the hearing. Such holder may appear at the hearing with witnesses and be heard by counsel. Witnesses shall testify on oath and any member of the board may administer oaths to them. The board may require the attendance of persons and compel the production of books and documents. Three members of the board shall be a quorum for such a hearing, but no registration or permit shall be suspended or revoked unless upon the affirmative vote of three or more members thereof.

Amended by St.1934, c. 328, § 6A; St.1937, c. 343, § 5.

§ 41. Penalty

Whoever violates any provision of section thirty-eight shall be punished by a fine of not less than five nor more than one hundred dollars or by imprisonment for not more than one month, or both.

§ 41A. Patent and proprietary medicines; non-controlled substances; exemption from regulation

Sections thirty-six A to forty-one, inclusive, of this chapter, and sections twenty-nine to thirty G, inclusive, of chapter one hundred and thirty-eight shall not apply to the manufacture or sale of patent and proprietary medicines or any substance or drug not included or defined in chapter ninety-four C as a controlled substance.

Added by St.1975, c. 679.

§ 42. Authorization of expenditures

For the purpose of carrying out the five preceding sections, the board may expend annually a sum not exceeding one thousand dollars.

§ 42A. Rules and regulations; suspension or revocation of license or permit; hearing

The board may make such rules and regulations as it deems necessary to enable it to properly enforce the provisions of law relating to the retail drug business and pharmacy, and regarding any other matter within its jurisdiction; provided, that nothing herein shall authorize the board to make a rule or regulation requiring, as a prerequisite to the examination of an applicant under section twenty-four, or to his qualification, that he be the holder of a degree, nor a rule or regulation prohibiting a registered pharmacist connected with and employed by a hospital or clinic from dispensing medicines or drugs to an employee of such hospital or clinic for the use of such employee, his spouse and his children living in the same household with such employee.

The board may by rule or regulation adopt, amend or repeal rules of professional conduct. Every person who holds a certificate, license, registration or permit to practice pharmacy or engage in the retail drug business in this commonwealth shall be governed and controlled by the rules and regulations of professional conduct adopted by the board. The board may suspend or revoke any certificate, license, registration or permit to practice pharmacy or engage in the retail drug business for any violation of the rules and regulations established hereunder or for aiding or abetting in any violation of such rules or regulations; but before such suspension or revocation, the board shall give a hearing to the holder of the certificate, license, registration or permit, after due notice to him of the charges against him and of the time and place of the hearing. Such holder may appear at the hearing with witnesses and be heard by counsel. Witnesses shall testify on oath and any member of the board may administer oaths to them. The board may require the attendance of persons and compel the production of books and documents. Three members of the board shall be a quorum for such a hearing, but no certificate, license, registration or permit shall be suspended or revoked unless upon the affirmative vote of three or more members thereof. The rules of professional conduct adopted by the board shall be printed as part of the application blank for permits, licenses, certificates and registration and for renewals thereof, and every applicant shall subscribe thereto when making an application.

Added by St.1937, c. 343, § 6. Amended by St.1960, c. 634, § 2; St.1970, c. 584.

REGISTRATION OF DENTISTS

§ 43. Powers and duties of board of registration of dentistry; records; annual reports

The board of registration of dentistry, herein and in sections forty-three A to fifty-three, inclusive, called the board, shall examine applicants for registration in dentistry, and shall investigate all complaints of violations of sections forty-four, forty-nine, fifty-two, fifty-two A, fifty-two C and sixty-five. In aid thereof, the board may make, and shall publish, such rules and regulations as it deems necessary. If, as a result of such investigation, the board has reasonable cause to believe that a violation has occurred, it shall forthwith file a written report of the same with the attorney general who shall, within three months following receipt of such report, notify the board in writing of the action taken with respect to such violation. The board may also bring a petition in equity in the superior court to enjoin the continuation of such violation. Four members of the board shall constitute a quorum for the transaction of business. The board shall keep a full record of its proceedings and a registry of all persons registered by it, which shall be public records open to inspection. A transcript of any of the entries in such record, certified by its secretary, shall be competent evidence of the facts stated therein. The board shall make a full and accurate annual report.

The board shall employ a full-time assistant secretary and it may employ such investigators and other clerical assistance as it deems necessary, all such positions to be subject to the provisions of chapter thirty-one.

Amended by St.1965, c. 583, § 1; St.1977, c. 757, § 1A.

§ 43A. Definitions

The following words shall have the following meanings wherever used in this chapter or in any rules and regulations promulgated by the board in accordance with the provisions of chapter thirty A.

"direct supervision", a dentist shall be physically present in a dental facility.

"general supervision", supervision of dental procedures based on instructions given by a licensed dentist but not requiring the physical presence of a supervising dentist during the performance of those procedures.

"delegated procedures", those procedures performed under the direct supervision or the general supervision of a licensed dentist.

"aid or assist the dentist", working simultaneously in conjoined manipulation with a dentist who is rendering treatment, as opposed to the performance of "delegated procedures" which does not require the immediate presence of a dentist.

"placement of a restoration", a procedure for the reconstruction of a tooth, or portion of a tooth, to its anatomical and functional integrity or the replacement of a tooth or teeth using those materials designed for the purpose which are accepted by the American Dental Association Council on Dental Materials and Devices.

"dental assistant", a person qualified by education, training or experience and working under the supervision of a licensed dentist, whose purpose is to aid or assist a dentist in the delivery of patient care, or perform such delegated procedures as may be authorized by rules and regulations of the board.

"dental hygienists", a person registered and licensed by the board, pursuant to the provisions of section fifty-one.

"appropriate supervision", the type of supervision, whether direct or general, which the board specifies by rules and regulations as necessary for the performance of various procedures delegated by the board to dental hygienists or dental assistants.

"full time faculty member", a dentist who devotes at least four full working days per week in teaching-patient care, research or administrative duties in the dental educational or research institution where he is employed.

"intramural group dental practice", a dental practice comprised of full time faculty members under the auspices of the dental educational or research institution where they are employed.

Added by St.1977, c. 757, § 2.

§ 44. Notification of board of office address; fees; lists; display of name

Every registered dentist when he begins practice, either by himself or associated with or in the employ of another, shall forthwith notify the board of his office address or addresses, and every registered dentist practicing as aforesaid shall biennially, before April first, pay to the board a license fee of thirty dollars, in default of which the board may revoke his license to practice dentistry after a hearing as provided by section sixty-one; but the payment of said fee at or before the time of hearing, with the additional sum of twenty dollars, shall remove the default. Every registered dentist shall also promptly notify the board of any change in his office address or addresses and shall furnish such other information as the board may require. The board shall publish annually complete lists of the names and office addresses of all dentists registered and practicing in the commonwealth, arranged alphabetically by name and also by the towns where their offices are situated. Every registered dentist shall exhibit his full name in plain readable letters in each office or room where his business is transacted.

Amended by St.1965, c. 583, § 2; St.1972, c. 684, § 26; St.1977, c. 757, § 3.

§ 45. Registration of dentists; applications; examinations and re-examinations; fees; certificate; alien applicants

Applications for registration hereunder shall be in writing upon blanks furnished by the board, which shall be signed and sworn to by the applicant, presenting proof of the requirements herein specified. Any such applicant eighteen years of age or over and of good moral character who shall furnish the board with satisfactory proof that he has received a diploma from the faculty of a dental college accredited or recognized as accredited by the Commission on Accreditation of Dental and Dental Auxiliary Educational Programs of the American Dental Association as defined in section forty-six, shall, upon payment of seventy-five dollars, be entitled to be examined by the board. An applicant failing in his examination shall be entitled to two re-examinations within three years, for which he shall pay twenty-five dollars for each one taken. Thereafter, upon filing a new application for registration and paying a fee of forty dollars, he shall be entitled to like re-examinations. If found competent, the applicant shall be registered by the board and shall receive a certificate of registration signed by the members of the board or a majority of them, which shall be prima facie evidence of the right of the holder to practice dentistry. In proof of this right the certificate or a duplicate shall be kept in his office in plain view of his patients, and, on application, shall be shown to any member or agent of the board.

The board shall examine an applicant who is an alien only if he presents to it a certificate from the court in which he shall have filed his declaration of intention to become a citizen of the United States, or from the Immigration and Naturalization Service of the United States, showing that he has declared his intention to become such a citizen, or a copy of such declaration of intention, certified by the clerk of such court. In case the applicant is subsequently registered, unless he shall present to the board, within five years following the filing of the certificate or certified copy hereinbefore referred to, his completed naturalization papers showing that he is a citizen of the United States his certificate of registration shall be revoked and his registration cancelled. The foregoing provisions of this paragraph shall not apply to limited registration under section forty-five A.

Amended by St.1932, c. 180, § 18; St.1939, c. 415, § 2; St.1949, c. 564, § 1; St.1972, c. 684, § 27; St.1973, c. 925, § 20; St.1977, c. 757, § 4.

§ 45A. Limited registration; renewal; revocation

An applicant for limited registration under this section who is eighteen years of age or over and of good moral character who shall furnish the board with satisfactory proof that he has received a diploma from the faculty of a reputable dental college as defined in section forty-six and who shall furnish the board with satisfactory proof that he has been employed as a member of the faculty of a dental college accredited by the Commission on Accreditation of Dental and Dental Auxiliary Educational Programs of the American Dental Association or that he has been appointed a dental intern in a hospital or other institution maintained by the commonwealth or by a county or municipality thereof, or in a hospital or dental infirmary incorporated under the laws of the commonwealth, may upon payment of twenty-five dollars be registered by the board as a limited registrant for one year; provided, however, that practice under any such original or renewal limited registration so issued by the board shall be limited to no longer than five years unless said applicant passes a clinical examination administered by the board or is a full time faculty member. Such limited registration shall entitle said applicant to practice dentistry only in the hospital or other institution designated on his registration and under the direction of a registered dentist employed therein. Limited registration under this section may be revoked at any time by the board and a holder of such a limited registration shall not practice dentistry in a private dental office or private dental clinic; provided, however, that a full time faculty member may participate in, and only in, an intramural group dental practice which is operated, managed and physically located within a nonprofit dental educational or research institution and their affiliated hospitals in which the full time faculty member is employed.

Amended by St.1949, c. 564, § 2; St.1965, c. 583, § 3; St.1977, c. 757, § 5.

§ 46. Reputable dental college; definition

A dental college shall be considered reputable which possesses the following qualifications:

First, It shall be incorporated and authorized by its charter to confer degrees of doctor of dental medicine, doctor of dental surgery or doctor of dental science.

Second, It shall have a competent faculty and corps of instructors. The teaching staff shall deliver a comprehensive and satisfactory course of lectures supplemented by adequate clinical and laboratory exercises in all subjects pertaining to modern dentistry.

Third, It shall give a course of not less than four separate academic years to matriculants who are graduates of accredited high schools or who present proof of equivalent training, or a course of not less than three separate academic years to matriculants who present satisfactory proof of having successfully completed two years of appropriate pre-dental training in a college or university authorized to grant degrees. Each academic year shall consist of not less than thirty-two weeks.

The administrative policy of the dental college shall be such as to accomplish the requirements of this section.

Amended by St.1934, c. 108.

§ 46A. Reexamination for competency

If any applicant for registration, either by examination or under the provisions of section forty-eight, is registered and issued a certificate of registration by the board, and does not practice dentistry in the commonwealth within five years from the date of the certificate of registration, or does not maintain a current license to practice dentistry in the commonwealth for a period of five consecutive years, may be required by the board to be reexamined for competency.

Added by St.1977, c. 757, § 6.

§ 47. Examination

The examination may be written or oral or both, at the option of the board, and may include the principal subjects taught in reputable dental colleges. Demonstrations in operative and prosthetic dentistry, diagnosis and prognosis may be required.

Amended by St.1965, c. 583, § 4.

§ 48. Reciprocity certificate; fee

The board may, without examination upon payment of a fee of seventy-five dollars, register, and issue a certificate to, a dentist who has been lawfully in practice for at least five years in another state, if he presents to the board a certificate of registration, and duration of practice, from the board of dental examiners or other like board of said state; provided, that such other state shall require a degree of competency equal to that required of applicants in this commonwealth. Subject hereto, the board may waive written examination with respect to a dentist who has received a certificate of qualification from the National Board of Dental Examiners.

Amended by St.1965, c. 583, § 5.

§ 49. Operation of dental office under name of owner; exception

No corporation hereinafter formed or organized shall conduct a dental office and no person shall conduct a dental office under any name other than that of the dentist actually owning the practice. The provisions of this section shall not apply to a professional corporation organized to practice dentistry under chapter one hundred and fifty-six A.

Amended by St.1948, c. 270; St.1963, c. 654, § 3.

§ 50. Practicing dentistry; definition

A person shall be deemed to be practicing dentistry if he holds himself out as being able to diagnose, treat, operate or prescribe for any disease, pain, injury, deficiency, deformity or other condition of the human teeth, alveolar process, gums or jaws, and associated parts, intraorally or extraorally, or if he either offers or undertakes by any method to diagnose, treat, operate or prescribe for any disease, pain, injury, deficiency, deformity or other condition of the same; or if he, except on the written prescription of a registered dentist and by the use of impressions made by a registered dentist, directly or indirectly by mail, carrier, personal agent, or by any other method, supplies, constructs, reproduces, relines, repairs, adds or directs the application of any substance, of a durable nature, to dentures, bridges, appliances or other structures to be used and worn as substitutes for natural teeth or solicits or advertises, except as permitted in section fifty-two A, to supply, construct, reproduce, repair, reline, add or direct the application of any substance, of a durable nature, to dentures, bridges, appliances or other structures to be used and worn as substitutes for natural teeth; or if he places such substitutes in the mouth or adjusts the same.

Amended by St.1935, c. 344; St.1949, c. 333; St.1954, c. 408, § 1.

§ 50A. Prescriptions on hospital or clinic blanks; printing of dentist's name required

Every registered dentist who writes a prescription upon a prescription blank of a hospital or clinic shall print or type his name directly below his signature thereon.

Added by St.1973, c. 173, § 3.

§ 51. Dental hygienists; qualifications; examination and re-examination; registration; duties; research; rules and regulations; fees; default

Any person of good moral character, nineteen years old or over, who is a graduate of a school for dental hygienists accredited or recognized as accredited by the Commission on Accreditation of Dental and Dental Auxiliary Educational Programs of the American Dental Association requiring a course of not less than one academic year and approved by the board, or who is a full time dental student who has satisfactorily completed at least four full semesters in an accredited dental college but who has not graduated from any dental college, may, upon the payment of twenty dollars, be examined by the board in subjects considered essential by it for a dental hygienist, and, if his examination is satisfactory, shall be registered as a dental hygienist and be given a certificate allowing him to practice dental hygiene.

A dental hygienist may perform all acts which may be performed by a dental assistant and may under the appropriate supervision of a dentist perform acts or services on teeth and related structures that are educational, therapeutic, prophylactic and preventive in nature, but may not perform acts or services which require the knowledge and skill of a dentist such as diagnosis, treatment planning, surgical or cutting procedures on hard or soft tissue, and the prescription of medications; provided, however, that the term "therapeutic", as used in this section, shall include gingival curettage and rootplaning in accordance with rules and regulations adopted by the board.

Nothing in sections forty-three to fifty-three, inclusive, or rules and regulations adopted thereunder shall prohibit research, including educational research, conducted under the direct supervision of a licensed dentist and done by nonprofit dental research institutions chartered by the commonwealth and by dental schools accredited by the Commission on Accreditation of Dental and Dental Auxiliary Educational Programs of the American Dental Association, whether such research is performed within or without such institutions; provided, however, if such research involves treatment of dental patients and is to be conducted in the private office of one or more private practices, the board shall be notified in writing of the intent to conduct such research and the practice or practices shall be selected in consultation with the board.

The board may adopt rules and regulations in the public interest defining those acts and services performed by a dental hygienist and those delegated procedures performed by a dental assistant. If any educational institution in the commonwealth, which is accredited by the Commission on Accreditation of Dental and Dental Auxiliary Educational Programs of the American Dental Association, wishes to undertake an educational program for dental hygienists or dental assistants which program would involve delegated procedures not in accordance with existing rules and regulations of the board, such educational institution must petition the board in writing, detailing the contemplated program for the board's written approval. The program may be undertaken if the board so approves and shall be subject to periodic review and approval by the board.

An applicant failing to pass a satisfactory examination shall be entitled to reexamination at any meeting of the board upon payment of a fee of twenty-five dollars.

Each dental hygienist shall register biennially and in the year not so designated for the registration of dentists and shall pay a biennial registration fee of twelve dollars, in default of which the board may revoke said registration as a hygienist, after a hearing as provided for by section sixty-one; but payment of said fee at once or before the time of hearing, with the additional sum of ten dollars, shall remove the default.

Amended by St.1949, c. 576; St.1965, c. 583, §§ 6, 7; St.1971, c. 620; St. 1972, c. 684, § 28; St.1977, c. 757, §§ 7 to 8.

§ 51A. Continuing education; rules and regulations

The board shall adopt rules and regulations for a system of continuing education, compliance with which shall be a requirement and condition precedent to the renewal of licenses issued by the board.

Added by St.1977, c. 757, § 9.

§ 52. Penalties

Any person who falsely asserts that he has a certificate granted by the board, or who, having such certificate or a duplicate thereof, fails to exhibit the same as required by section forty-five, or who falsely and with intent to deceive claims to be a graduate of any college granting degrees in dentistry, or who, except as permitted by section fifty-three, directly or indirectly practices or attempts to practice dentistry or dental hygiene without being registered under sections forty-five to fifty-one, inclusive, or corresponding provisions of earlier laws, or any registered dentist or incorporated dental company who employs or permits a person to practice dentistry unless such person is registered and exhibits his name and certificate as provided in sections forty-four and forty-five, or any person who violates any provision of sections forty-three to fifty-three, inclusive, for which no other penalty is provided, shall, except as provided in section sixty-five, be punished for the first offence by a fine of not less than one thousand dollars or by imprisonment for six months, or both; and for a subsequent offence by a fine of not less than two thousand dollars or by imprisonment for one year, or both; and any registered dentist who fails to exhibit his full name, as required by section forty-four, shall be punished by a fine of not more than fifty dollars; provided, that any corporation violating any provision of sections forty-three to fifty-three, inclusive, shall be punished by the fine herein provided for such violation, and its officers, owners or managers concerned in the violation shall be punished by the fine or imprisonment herein provided for such violation, or both.

Amended by St.1948, c. 123; St.1952, c. 117; St.1977, c. 757, § 10.

§ 52A. Illegal advertising

No registered dentist, person practicing dentistry, or dental hygienist shall include, or permit, or cause to be included, in any newspaper, radio, or television advertisement, or in any display sign, personal solicitation or other manner of advertising, any written or spoken words or statements of a character tending to deceive or mislead the public, or claiming professional superiority or the performance of professional services in a superior manner, or the performance of painless operations of a dental or oral surgical nature, or shall advertise with signs or printed advertisements, or by means of show cases, containing the representation of a tooth, teeth, dental restoration of any kind or of whatsoever design or description or any portion of the human head or neck or photograph of any person, or shall make or set forth any promises, guarantees, representations or statements that satisfaction or a cure will result from the performance of professional services; provided, however, that the foregoing shall not be construed to prevent the publication of truthful advertisements concerning the availability and price of routine dental services by persons subject to this section. Nothing in the provisions of this section shall be construed to apply to or prohibit, restrict or limit the operations of the business of a dental laboratory. The board may, by regulation, in a manner consistent with the foregoing, further regulate advertising by persons subject to this section.

Added by St.1934, c. 281. Amended by St.1937, c. 253; St.1954, c. 408, § 2; St.1965, c. 583, § 8; St.1977, c. 757, § 11; St.1978, c. 508, § 4.

§ 52B. Conviction for illegal advertising; revocation or suspension of registration

The clerk of a court in which a registered dentist or dental hygienist is convicted under the preceding section shall forthwith certify such conviction to the board, and the board may, after a hearing, revoke or suspend the registration of the convicted registrant. The board may also revoke or suspend the registration of a dentist or dental hygienist for conviction in any court of the commonwealth of a crime involving moral turpitude.

Added by St.1934, c. 281.

§ 52C. Illegal advertisement by persons engaged in dental business relating to dentures and bridges

No person engaged in the business of supplying, constructing, reproducing, relining, repairing, adding or directing the application of any substance of a permanent nature to dentures, bridges, appliances or other structures to be worn as substitutes for natural teeth shall advertise his services, technique or materials to the general public by means of advertisements in public newspapers, magazines or by radio or television display advertisements excepting, advertisements in professional or trade papers, trade journals, trade directories, trade periodicals, trade magazines, and in the public telephone directories; nor shall any person so engaged in any way directly solicit the patronage of the general public for any dental services, dental materials or dental appliances.

Added by St.1954, c. 408, § 3.

§ 52D. Suspension, revocation or cancellation of certificate, registration, license or authority

The board, after due notice and hearing, may suspend, revoke or cancel any certificate, registration, license or authority issued by it, of any dentist convicted in any court in the commonwealth of a felony related to the practice of dentistry.

Added by St.1977, c. 757, § 12.

§ 53. Application of sections 43 to 52; treatment by registered physician or registered dentist from another state

Nothing in sections forty-three to fifty-two, inclusive, shall apply to treatment by a registered physician not practicing dentistry, in cases where he deems treatment necessary for the relief of his patients, or prevent a registered dentist of another state or his assistant from operating at a public clinic under the auspices of a duly organized and reputable dental college or association, or prevent a student of a reputable dental college, incorporated under the laws of this commonwealth and granting degrees in dentistry, from performing operations as part of the regular college course, or prevent the widow, executor or administrator of a registered dentist who has died, or the spouse of one who is incapacitated, from continuing for not more than three years his business under a registered dentist, or prevent a dental interne registered as provided in section forty-five A from engaging in the practice of dentistry as authorized by said section. A registered dentist shall have the same right to prescribe or buy drugs or medicines for use in the conduct of his practice, as a registered physician of the commonwealth.

Amended by St.1949, c. 564, § 3; St.1977, c. 757, § 13.

REGISTRATION OF VETERINARIANS

§ 54. Board; power to make by-laws and rules; quorum

The board of registration in veterinary medicine, in sections fifty-five to sixty, inclusive, called the board, may make by-laws and rules consistent with law necessary to carry out the provisions of said sections. Three members of the board shall constitute a quorum for the transaction of business; provided, however, that at any meeting concerning the revocation of a license a quorum shall be four.

Amended by St.1958, c. 533, § 3; St.1969, c. 104; St.1974, c. 810, § 4; St.1975, c. 451, § 1.

§ 54A. Definitions applicable to sections 54 to 60

In sections fifty-four to sixty, inclusive, the following words shall have the following meanings:

"Animal", any animal other than man including wild or domestic fowl, birds, fish or reptiles, living or dead.

"Approved veterinary school", any veterinary college or division of a university or college that offers the degree of doctor of veterinary medicine or its equivalent and which conforms to the standards required for accreditation by the American Veterinary Medical Association, the board of veterinary medicine of the commonwealth, or the approving authority.

"Approving authority", (*a*) Two members from the board of registration in veterinary medicine; (*b*) One veterinary officer from the division of animal health; and (*c*) One member representing the Massachusetss Veterinary Association.

"Board", the board of registration in veterinary medicine of the commonwealth.

"Veterinarian", a person who has received a doctors' degree in veterinary medicine from a school of veterinary medicine.

"Veterinary medicine", means and includes veterinary surgery, obstetrics, dentistry, and all other branches of specialties of veterinary medicine.

Added by St.1974, c. 810, § 5. Amended by St.1975, c. 451, § 2; St.1975, c. 706, § 188.

§ 55. Registration of veterinarians; examinations; certificate; fees; renewal of licenses; revocation

Applications for registration as veterinarians, signed and sworn to by the applicant, shall be made upon blanks furnished by the board. Each applicant who shall furnish the board with satisfactory proof that he is eighteen years of age or over, of good moral character, and a graduate of an approved veterinary school shall, upon payment of fifty dollars, be examined and, if found qualified by the board, shall be registered as a veterinarian and shall receive a certificate thereof, signed by the chairman and secretary. An applicant aggrieved by the refusal of the board to approve a school of veterinary medicine under this section shall be entitled to have the reasonableness of such refusal reviewed by a justice of the superior court, whose decision shall be final. An applicant failing to pass an examination satisfactory to the board may be deemed a "Conditional" applicant and may be reexamined only on that portion of the examination failed, upon payment of the established fee for each appearance, at such time and place as the board shall determine. The board may refuse to grant a license to any person who shall have been convicted of a felony, or who shall be addicted to any vice to such a degree as to render him unfit to practice veterinary medicine, and after due notice and hearing may revoke any certificate issued by it and cancel the registration of any veterinarian convicted of a crime in the practice of his profession, and may at any time after the expiration of one year thereafter reissue any certificate so revoked, and register anew any veterinarian whose registration was so cancelled.

Every registered veterinarian shall annually, before March first, pay to the board a license fee of fifteen dollars, in default of which the board may revoke his license and his authority to practice veterinary medicine thereunder, after a hearing as provided by section eleven; but the payment of said fee at or before the time of hearing, with such additional sum not exceeding twenty-five dollars, as may be fixed by the board, shall remove the default. A veterinarian duly registered and licensed to practice in this commonwealth, whose license has not been revoked, but who shall have temporarily retired from practice or removed from the commonwealth for a period not exceeding five years, and shall have notified the board of such retirement or removal, may register upon paying the lapsed annual license fee and filing with the board his affidavit as to the facts aforesaid. Applications for renewals of licenses hereunder shall be upon forms prescribed by the board, and shall, no less than thirty days prior to March first in each year, be mailed to each veterinarian registered with the board.

The board shall, upon the request of any college, university, or school of veterinary medicine in the commonwealth, inspect said college, university, or school and notify its trustees or other governing body in writing if it is approved by the board for the purposes of this section, or, if not, what steps it must take in order to gain the approval of the board.

Any college, university, or school of veterinary medicine desiring to be approved for the purposes of this section may file with the board a written request for the approval of such college, university, or school of veterinary medicine, and thereupon a public hearing, after due notice, shall be seasonably granted by the board and a written decision made by it within twenty days after the termination of such hearing and the applicant for such approval shall be notified of such decision. A written decision of the board refusing to approve any college, university, or school of veterinary medicine shall not become effective until thirty days after written notice of such decision is given to the college, university, or school of veterinary medicine seeking such approval. Any college, university, or school of veterinary medicine aggrieved by such refusal shall have the right to file a petition in the superior court for Suffolk county to revise or reverse the decision of the board. Notice of the entry of such petition shall be given to the secretary of the board and all proceedings connected therewith shall be according to rules regulating the trial of civil cases without juries. The court shall hear the case and finally determine whether or not such approval shall be granted or revised.

Upon the filing of such a petition within the aforesaid period of thirty days, said decision of the board shall not become effective until a final decree affirming said decision is entered upon the aforesaid petition.

Amended by St.1937, c. 66; St.1939, c. 251, § 1; St.1945, c. 724; St.1951, c. 433, § 1; St.1952, c. 585, § 24; St.1957, c. 492; St.1958, c. 533, § 4; St. 1965, c. 46; St.1967, c. 347, § 6; St.1968, c. 538, §§ 1 to 3; St.1972, c. 684, § 29; St.1973, c. 925, § 21; St.1974, c. 810, § 6; St.1975, c. 451, § 3.

§ 56. Examinations

Examinations shall be in part in writing, shall be in English, and of a scientific and practical character. They shall include the subjects of anatomy, surgery, physiology, animal parasites, obstetrics, pathology, bacteriology, diagnosis and practice, therapeutics, pharmacology, veterinary dentistry and other subjects thought proper by the board to test the applicants' fitness to practice veterinary medicine.

Amended by St.1958, c. 533, § 5.

§ 56A. Temporary permits; revocation; aliens

The board may issue without examination a temporary permit to practice veterinary medicine in the commonwealth to any citizen of the United States who is a graduate of an approved veterinary school. Such temporary permit may be granted for a period not to exceed one year, providing that said person write the next set of examinations and also providing said person is employed by and practices his profession under the general supervision and control of a duly licensed veterinarian practicing in the commonwealth. Such temporary permit may be summarily revoked by a majority vote of the board.

The board may issue with an examination a temporary permit to practice veterinary medicine in the commonwealth to any alien who is a graduate veterinarian and certified by the American Veterinary Medical Association; provided that said person is employed by and practices his profession under the general supervision and control of a duly licensed veterinarian practicing in the commonwealth. Such temporary permit may be granted for limited period as shall be determined by the board, and may be summarily revoked by a majority vote of the board.

Added by St.1963, c. 468. Amended by St.1974, c. 810, § 7.

§ 56B. Prescriptions on hospital or clinic blanks; printing of veterinarian's name required

Every registered veterinarian who writes a prescription upon a prescription blank of a hospital or clinic shall print or type his name directly below his signature thereon.

Added by St.1973, c. 173, § 4.

§ 56C. Out-of-state veterinarians; examination; registration; reciprocity

Any person who is a licensed or registered veterinarian in another state and who has been engaged in the practice of veterinary medicine for at least five consecutive years, and who presents to the board a copy of his certificate of registration or license, certified or attested under seal by the board of examiners or like board of any other state board whose standards in the opinion of the board are equivalent to the requirements of the commonwealth, may, upon application, accompanied by a fee of seventy-five dollars, be given a practical examination, without examination on the theory of veterinary medicine, by the board, and if he demonstrates to said board his fitness to practice veterinary medicine, be registered as a veterinarian, and shall receive a certificate thereof; provided, that the applicant intends to remove to and reside in the commonwealth; and provided further, that such other state accords similar privilege to veterinarians registered under the laws of the commonwealth and removing to such other state.

Added by St.1975, c. 451, § 4.

§ 57. Register; annual reports; investigation of complaints

The board shall keep a register of all veterinarians registered by it, which shall be open to public inspection, and shall make an annual report. It shall investigate all complaints of the violation of any provision of section fifty-nine and of section sixty-five, so far as it relates to veterinary medicine, and report the same to the proper prosecuting officers.

§ 58. Practicing veterinary medicine; definition

Any person shall be regarded as practicing veterinary medicine within the meaning of this section who either directly or indirectly, diagnoses, makes a prognosis, treats, administers, prescribes, operates on, manipulates or applies any drug, biologic, or chemical or any apparatus or appliance for any disease, pain, deformity, defect, injury, wound or physical condition of any animal for the prevention of or to test the presence of any disease, or who cuts any tissue, muscle, organ or structure of any animal for the above described purposes or purpose or for the purpose of altering the natural condition of any animal or for any other purpose, cause or reason whatsoever or who holds himself out as being able, available or legally authorized so to do.

The term "practicing veterinary medicine" does not include:

1. The calling into the commonwealth for consultation of duly licensed or registered veterinarians of any other state with respect to any case under treatment by a veterinarian registered under the provisions of section five. Any specialist in the health or zoological field may be called in for consultation in these special fields by a veterinarian licensed in the commonwealth and may collect a reasonable fee for such consultation.

2. The experimentation and research of a registered physician, dentist, osteopath, pharmacist or veterinarian.

3. The lawful experimentation and research activities conducted at any hospital, laboratory, or educational institution approved by the board, or conducted under the general supervision and control of a registered veterinarian, physician, dentist, or osteopath.

4. The gratuitous giving of aid or relief to an animal in an accident or emergency, provided the person giving the aid or relief does not represent himself as a registered veterinarian.

5. The nursing care to animals in the establishment or facilities of a registered veterinarian under his general supervision, direction and control, by the employees of the veterinarian or the assisting of a veterinarian during the course of any procedure or treatment.

6. The advising with respect to or performance of acts by a person which the board by rule has prescribed as accepted livestock management practices.

7. The performing of veterinary or surgical works or the giving of advice to his neighbors by a person, provided that he does not hold himself out as a registered veterinarian or receive pecuniary consideration.

8. The drawing of blood by animal health inspectors of the division of animal health of the Massachusetts department of food and agriculture or of the animal and plant health inspection service of the United States department of agriculture in connection with the programs to control and eradicate brucellosis in animals; provided, that said animal health inspectors are supervised by the chief veterinary health officer of said division of animal health of the Massachusetts department of food and agriculture and trained by said chief or the area veterinarian in charge of veterinary services of said animal and plant inspection service.

Amended by St.1974, c. 810, § 8; St.1977, c. 132.

§ 58A. Emergency care to domestic animals; exemption from civil liability

Any veterinarian duly registered under the provisions of section fifty-five, or who is a resident of another state or in the District of Columbia and duly registered therein who, in good faith, as a volunteer and without fee, renders emergency care or treatment to a domestic animal other than in the ordinary course of his practice shall not be liable in a suit for damages as a result of his acts or omissions which may occur during such emergency care or treatment, nor shall he be liable to any animal hospital for its expenses if under such emergency conditions he orders an animal hospitalized or causes his admission to such hospital.

Added by St.1973, c. 503.

§ 59. Illegal practice of veterinary medicine; penalty; powers of board; causes for revocation of license

Any person who, not then being lawfully authorized to practice veterinary medicine and being so registered or exempt from registration, all as defined in the previous section, shall practice or attempt to practice veterinary medicine or who held himself out to the public as a practitioner of veterinary medicine, whether by signs, words, advertisement, listing in directories, the use of the title "doctor" or any abbreviation thereof or any title including "V.S.", or by the use of any other means implying a practitioner of veterinary medicine or any of its branches, fraudulently uses any posted degree, diploma, or certificate implying a practitioner of veterinary medicine or any of its branches, or who opens an office or maintains an establishment or facilities for the purpose of or with the intention of practicing veterinary medicine shall be punished by a fine of not more than two hundred dollars or by imprisonment for not more than ninety days and upon a subsequent conviction shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than six months, or both. Any registered veterinarian or incorporated veterinary hospital or company who or which knowingly employs or permits a person to practice veterinary medicine unless such person is registered, shall be punished by having his license to practice veterinary medicine revoked, or its license to operate a veterinary hospital suspended, as the case may be, and by a fine of not more than two hundred dollars or by imprisonment for not more than three months, or both.

By majority vote of the entire five members the board may, for any cause set forth in this section, revoke or suspend for a certain time the license of any person to practice veterinary medicine in the commonwealth after notice and hearing.

Cause for which the board may revoke or suspend a license are as follows:

1. The employment of fraud, misrepresentation or deception in obtaining such license.

2. Conviction of a felony, in which case the record of such conviction shall be conclusive evidence.

3. Chronic inebriety or habitual use of drugs.

4. Having professional connection with or lending the use of his name to any illegal practitioner of veterinary medicine and the various branches thereof.

5. Conviction of a violation of any state or federal law, regulating narcotics, or a settlement of a tax liability in connection with such violation, in which case the record of such conviction or settlement, as the case may be, shall be conclusive evidence.

6. Fraud or dishonesty in applying or reporting tuberculin or other biological tests.

7. False or misleading advertising having for its purpose or intent deception or fraud.

8. Conduct reflecting unfavorably on the profession of veterinary medicine.

9. Conviction on a charge of cruelty to animals.

10. Failure of a registered veterinarian to keep his office or hospital and equipment therein in a clean and sanitary condition.

Amended by St.1948, c. 224; St.1958, c. 533, § 6; St.1974, c 810, § 9; St. 1975, c. 451, § 5.

§ 59A. Disposal of abandoned animals; notice

Any veterinarian may dispose of any animal abandoned in his establishment, provided he shall give notice of his intention to do so to the owner at his last known address by registered or certified mail, return receipt requested, and has allowed a period of ten days to elapse after the receipt if returned before disposing of such animal.

Added by St.1974, c. 810, § 10.

§ 60. Application of sections 54 to 59; emergency advice or service

Sections fifty-four to fifty-nine, inclusive, shall not prohibit advice or service, in a case of emergency, by a person other than a registered veterinarian, nor shall they prohibit farmers from rendering services to their neighbors, if they do not hold themselves out as registered veterinarians, nor shall they be held to discriminate against any particular school or system of veterinary medicine. They shall not apply to a commissioned veterinarian of the United States army in the performance of his official duty; nor to a veterinarian from another state who is a legal practitioner in that state, when in actual consultation with a legal practitioner of this commonwealth; nor to any registered pharmacist prescribing gratuitously, if he does not violate section fifty-nine.

Amended by St.1974, c. 810, § 11.

GENERAL PROVISIONS RELATIVE TO EACH BOARD OF REGISTRATION OR EXAMINATION IN THE DIVISION OF REGISTRATION OF THE DEPARTMENT OF CIVIL SERVICE AND REGISTRATION

§ 61. Suspension, revocation or cancellation of certificate, registration, license or authority by boards

Except as otherwise provided by law, each board of registration or examination in the division of registration of the department of civil service and registration, after a hearing, may, by a majority vote of the whole board, suspend, revoke or cancel any certificate, registration, license or authority issued by it, if it appears to the board that the holder of such certificate, registration, license or authority, is insane, or is guilty of deceit, malpractice, gross misconduct in the practice of his profession, or of any offence against the laws of the commonwealth relating thereto. Any person whose certificate, registration, license or authority is suspended or revoked hereunder shall also be liable to such other punishment as may be provided by law. The said boards may make such rules and regulations as they deem proper for the filing of charges and the conduct of hearings.

Each such board, if it appears after a hearing that a statement in an application to it for certification, registration, licensure or authority, which is required to be under oath or affirmation or to contain or be verified by a written declaration that it is made under penalties of perjury, is false and known to the applicant to be false, shall refuse to grant or issue or shall revoke or cancel such certificate, registration, license or authority. The provisions of this paragraph shall not affect, but shall be in addition to, any other penalty provided by law.

Except as otherwise provided in this chapter, no such board shall make any rule or regulation prohibiting the advertising or dissemination of truthful information concerning the price, nature and availability of goods and services to consumers, the effect of which would restrain trade or lessen competition.

Amended by St.1963, c. 241, §§ 2, 3; St.1978, c. 508, § 5.

§ 62. Hearings

Any person against whom charges are filed shall be notified of the hearing thereof, and may appear with witnesses and be heard by counsel. If such person has left the commonwealth, or cannot be found by reasonable search, notice may be dispensed with. Said boards shall have the same powers to summon witnesses to attend such hearings, and to swear them as are conferred upon city councils and other bodies by section eight of chapter two hundred and thirty-three, and said section and sections nine and ten of said chapter shall apply to witnesses summoned as aforesaid.

§ 63. Pendency of action before criminal court; delay; pendency of charge before board; continuance

Said boards shall not defer action upon any charge before them until the conviction of the person accused, nor shall the pendency of any charge before any of said boards act as a continuance or ground for delay in a criminal action.

§ 64. Review by supreme judicial court of suspension, revocation or cancellation order; decree

The supreme judicial court, upon petition of a person whose certificate, registration, license or authority has been suspended, revoked or cancelled, may enter a decree revising or reversing the decision of the board, in accordance with the standards for review provided in paragraph (8) of section fourteen of chapter thirty A; but prior to the entry of such decree no order shall be made or entered by the court to stay or supersede any suspension, revocation or cancellation of any such certificate, registration, license or authority.

As amended St.1954, c. 681, § 9.

§ 65. Practice during suspension, revocation or cancellation of registration, certificate or license

Whoever continues to practice any profession or calling after his certificate, registration, license or authority authorizing him so to do has been suspended, revoked or cancelled under authority of section sixty-one, and while such disability continues, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than three months, or both.

REGISTRATION OF OPTOMETRISTS

§ 66. Practice of optometry; definition

The practice of optometry, as referred to in sections sixty-seven to seventy-three, inclusive, is hereby defined to be the employment of any method or means, other than the use of drugs, for the diagnosis of any optical defect, deficiency or deformity of the human eye, or visual or muscular anomaly of the visual system, or the adaptation or prescribing of lenses, prisms or ocular exercises for the correction, relief or aid of the visual functions.

Amended by St.1934, c. 339, § 2.

§ 67. Board of registration; records; inspection; rules and regulations; reports

The board of registration in optometry, herein and in sections sixty-eight to seventy-three, inclusive, called the board, shall keep a record of the names of all persons examined and registered by it and of all moneys received and disbursed by it, and a duplicate thereof shall be open to public inspection in the office of the state secretary. The board shall make rules and regulations governing its procedure, governing registration and applications therefor, and governing the practice of optometry. Said rules and regulations shall be consistent with the provisions of sections sixteen to eighteen, inclusive, of chapter thirteen and sections sixty-six to seventy-three, inclusive, of this chapter. The board shall make an annual report of the condition of optometry in the commonwealth.

Amended by St.1934, c. 339, § 2.

§ 68. Registration of optometrists; examinations; fees; certificate; exemption from written examination

No person, except as otherwise provided in this section, shall practice optometry until he shall have passed an examination conducted by the board in theoretic, practical and physiological optics, in theoretic and practical optometry and in the anatomy and physiology of the eye, and shall have demonstrated his ability to properly use the ophthalmoscope, the retinoscope, the perimeter and other scientific instruments and methods used in the practice of optometry, and shall have been registered and shall have received a certificate of registration which shall have conspicuously printed on its face the definition of optometry set forth in section sixty-six. Every applicant for examination shall present satisfactory evidence, in the form of affidavits properly sworn to, that he is eighteen years of age or older and of good moral character, that he has graduated from a high school having a course of study of four years and approved by the board or has had a preliminary education equivalent to at least four years in a public high school, and that he has graduated from a school or college of optometry, approved by the board, maintaining a course of study of not less than two years with a minimum requirement of fifteen hundred attendance hours, or, in case of a person applying for a first examination after January first, nineteen hundred and thirty-five, maintaining a course of study of not less than three separate academic years, each academic year consisting of thirty-six weeks of classroom work with thirty-five hours of instruction each week; provided, that if an applicant is unable to prove graduation from, or four years actual attendance at a high school, the board shall determine his preliminary educational qualifications by a proper and separate examination, the fee for which shall be five dollars, to be paid by the applicant. The fee for the examination for registration shall be twenty-five dollars, and those passing the examination shall receive the certificate of registration without additional charge. Any applicant who fails to pass a satisfactory examination for registration shall be entitled at any subsequent regular examination held by the board to additional examinations, and for each subsequent examination a fee of five dollars shall be paid.

Any person who shall present to the board a certified copy or certificate of registration or license which was issued to him after examination by a board of registration in optometry in any other state, where the requirements for registration are in the opinion of the board equivalent to those of this commonwealth, may be registered and given a certificate of registration in this commonwealth without a written examination; provided, that such state accords a like privilege to holders of certificates of registration issued in this commonwealth, and that the applicant has not previously failed to pass the examination required in this commonwealth, and that he has been engaged in the reputable practice of optometry continuously for not less than three years immediately preceding his application, and that he intends to reside and practice optometry in this commonwealth. The fee for such registration shall be fifty dollars.

Amended by St.1934, c. 399, § 2; St.1973, c. 925, § 22.

§ 69. Annual license fees; revocation of certificate; renewal of registration, educational requirement

Every registered optometrist shall, annually, before February first, pay to the board a license fee of five dollars, in default of which the board may revoke his certificate and his authority to practice optometry thereunder, after a hearing as provided by section seventy-one; but the payment of said fee at or before the time of hearing, with such additional sum, not exceeding five dollars, as may be fixed by the board, shall remove the default. An optometrist duly registered and licensed to practice in this commonwealth, whose license has not been revoked, but who shall have temporarily retired from practice or removed from the commonwealth for not exceeding five years, and shall have notified the board of such retirement or removal, may register upon paying the lapsed annual license fees and filing with the board his affidavit as to the facts aforesaid.

Every optometrist registered under the provisions of this chapter shall, as a condition of continuation of his registration, present to the board, on or before February first in each year on such form as it may provide, evidence satisfactory to the board that in the preceding year he attended an educational conference or pursued an educational program within the commonwealth, in conformity with such requirements relating thereto as the board may from time to time establish by regulation.

Amended by St.1934, c. 339, § 2; St.1949, c. 463; St.1974, c. 716.

§ 70. Recording of certificate of registration by city or town clerk; fees; display of certificate

Every person to whom a certificate of registration has been granted shall cause the same to be recorded in the office of the clerk of the city or town where he principally carries on the practice of optometry; and if he removes his principal office from one city or town to another in the commonwealth, he shall, before engaging in practice in such other city or town, notify the board in writing of the place where he is to engage in practice, and obtain from the clerk of the city or town where his certificate is recorded a certified copy thereof and file the same with the clerk of such other city or town. The fee for recording such certificate or issuing a certified copy thereof shall be as provided by clause (57) of section thirty-four of chapter two hundred and sixty-two. Every registered optometrist shall display his certificate of registration in a conspicuous place in the principal office wherein he practices optometry, and shall, whenever so required, exhibit it to said board or its authorized representative; and whenever practicing optometry outside of or away from his principal office or place of business, he shall deliver to each customer or person fitted with glasses by him a memorandum of purchase, containing his signature, home post office address and the number of his certificate of registration, together with a specification of the lenses and frames or mountings furnished and the price charged therefor.

Amended by St.1934, c. 339, § 2; St.1948, c. 550, § 20.

§ 71. Refusal to grant certificate; revocation or suspension; hearing; notice; renewal

The board may refuse to grant a certificate of registration to any applicant found guilty of fraud in making application or taking an examination for registration. The board may revoke or suspend any certificate of registration for unprofessional conduct, for fraud, deceit or misrepresentation in practice or in advertising, for conviction of crime, for habitual drunkenness for six months immediately before the charges are made, for gross incompetence, or for violation of any rule or regulation made under section sixty-seven; provided, that before any action is taken the accused party shall have written notice of the charges against him and of the day appointed for a public hearing thereon, which shall be at least five days after the service of such notice. At such hearing the accused shall have an opportunity to produce testimony in his own behalf and to confront the witnesses against him. Three members of the board shall be a quorum for any such hearing. Witnesses at hearings before the board shall testify on oath, and may be sworn by any member thereof. The board may compel the attendance of witnesses and the production of documents at any such hearing. Whenever the certificate of any registered optometrist is revoked or suspended, such certificate shall be returned to the board, on demand, and the secretary of the board shall give notice of such revocation or suspension to the clerk of the town wherein the principal office of such optometrist is located, and the clerk shall record the revocation or suspension on the records of his office. Where the right of any person to practice has been revoked as herein provided, the board may, after the expiration of one year, receive an application for a renewal of the right to practice, and upon such new application it may grant such a renewal.

Amended by St.1934, c. 339, § 2.

§ 72. Name of optometric practice

No optometric practice, other than an optometric clinic approved by the board and operated and conducted on a non-profit basis by a school or college of optometry or an association of registered optometrists, shall be conducted under any name other than that of the optometrist or optometrists actually conducting such practice.

Added by St.1934, c. 339, § 2. Amended by St.1938, c. 434, § 1.

§ 72A. Unlawful practice of optometry; violation of rules and regulations; penalties

Whoever, not being lawfully authorized to practice optometry, practices optometry, or holds himself out as a practitioner of, or as being able to practice, optometry, or whoever personates another practitioner, or violates any other provision of sections sixty-six to seventy-three, inclusive, or any rule or regulation made under authority thereof, shall, except as provided in section sixty-five, be punished for the first offence by a fine of not less than fifty nor more than two hundred dollars, or by imprisonment for not more than three months, or both; and for a subsequent offence, by a fine of not less than two hundred nor more than five hundred dollars, or by imprisonment for not less than three nor more than six months, or both.

Added by St.1934, c. 339, § 2.

§ 73. Application of sections 66 to 72A

Sections sixty-six to seventy-two A, inclusive, shall not apply to physicians and surgeons lawfully entitled to practice medicine in the commonwealth, or to persons who neither practice nor profess to practice optometry, but who sell spectacles, eyeglasses or lenses, either on prescription from such physicians or surgeons, or from optometrists authorized to practice in the commonwealth, or as merchandise from permanently located and established places of business when not sold for the purpose of correcting defective vision; nor shall said sections prevent the widow or widower of a registered optometrist, or the wife or husband of a registered optometrist who is incapacitated, from continuing the practice of optometry under a registered optometrist. Nothing herein contained shall prevent any such physician or surgeon from taking an examination and receiving a certificate of registration under section sixty-eight, nor shall this section and sections sixty-six to seventy-two A, inclusive, authorize any person to administer drugs in any form, to practice or claim to practice medicine or surgery in any sense, or to use any title or appellation intended or calculated to indicate the practice of medicine or surgery.

Amended by St.1934, c. 339, § 2; St.1938, c. 434, § 2.

§ 73A. Advertising restrictions; violations; penalties

Persons may advertise the sale price of eyeglasses, contact lenses or eyeglass frames provided they shall not include in any newspaper, radio, display sign or other advertisements any statement of a character tending to deceive or mislead the public, or, any statement which in any way misrepresents any material or service or credit terms, or, any statement containing the words "free examination of eyes", "free advice", "free consultation", "consultation without obligation", or any other words or phrases of similar import which convey the impression that eyes are examined free. Any advertisement offering contact lenses, eyeglasses, or eyeglass frames at a fixed price shall include a statement which indicates that said price does not include eye examination and professional services. Such statement shall indicate whether said price includes lens and, if so, the type of lens, single vision, bi-focal or tri-focal and the strength thereof, low, medium or high.

Whoever violates any provision of this section shall be punished for the first offense by a fine of not less than fifty dollars nor more than two hundred dollars or by imprisonment for not more than three months, or both, and for a subsequent offense by a fine of not less than two hundred dollars nor more than five hundred dollars or by imprisonment for not less than three nor more than six months, or both.

Added by St.1937, c. 287, § 1. Amended by St.1976, c. 91.

§ 73B. Practice of optometry on premises whereon eyeglasses, lenses or frames are sold; unauthorized receipt of fees from practice of optometry

No person shall practice optometry on premises not separate from premises whereon eyeglasses, lenses, or eyeglass frames are sold by any other person; nor shall any person practice optometry under any lease, contract or other arrangement whereby any person, not duly authorized to practice optometry, shares, directly or indirectly, in any fees received in connection with said practice of optometry. For the purposes of this section, any room or suite of rooms in which optometry is practiced shall be considered separate premises if it has a separate and direct entrance from a street or public corridor, whether or not it has an entrance from any other room in the same building. Whoever violates any provision of this section shall be punished by a fine of not less than fifty nor more than five hundred dollars, or by imprisonment for not more than six months, or both.

Added by St.1938, c. 434, § 3.

REGISTRATION AND LICENSING OF DISPENSING OPTICIANS

§ 73C. Dispensing optician; definition

A dispensing optician as referred to in sections seventy-three D to seventy-three L, inclusive, is a person who prepares and dispenses lenses, spectacles, eyeglasses and appliances thereto to the intended wearer thereof on written prescriptions from a duly registered physician or optometrist, and, in accordance with such prescriptions, interprets, measures, adapts, fits and adjusts such lenses, spectacles, eyeglasses or appliances thereto to the human face for the aid or correction of visual or occular anomalies of the human eyes. The services, lenses, spectacles, eyeglasses and appliances shall be dispensed, furnished or supplied to the intended wearer or user thereof only upon prescription issued by such physician or optometrist and only after the dispensing optician has verified that any such lenses, spectacles, eyeglasses and appliances thereto conform to such prescription; but duplications, replacements, reproductions or repetitions may be done at retail without prescription, in which event any such act shall be construed as that of a dispensing optician as if performed on the basis of the original written prescription.

Added by St.1955, c. 688, § 2. Amended by St.1967, c. 152.

§ 73D. Licensing of dispensing opticians

No person or corporation shall directly or indirectly engage in practice as a dispensing optician, unless he or the person employed by such corporation has been granted a license by the board of registration of dispensing opticians referred to in sections seventy-three E to seventy-three L, inclusive, as the board.

Added by St.1955, c. 688, § 2.

§ 73E. Applications for registration; examinations; licenses; fees; exemption from written examination

Application for registration as a dispensing optician may be made by any citizen who pays a fee of twenty-five dollars and furnishes the board with proof that he has received at least three years training and experience in such dispensing under the personal supervision of a licensed dispensing optician, registered physician or optometrist, or that he has completed a regular day course of not less than twelve months or a regular night course of not less than eighteen months nor in any case less than six hundred hours in an approved school or college which maintains educational requirements satisfactory to the board. The board shall thereupon give such applicant a written or practical examination, or both, to determine whether he possesses the ability, knowledge and fitness properly to engage in practice as a dispensing optician. If the applicant passes such examination and has reached the age of eighteen years, he shall be granted a license signed by the chairman and secretary of the board; if he passes such examination and has not reached said age, he shall be granted such license when he is eighteen years of age.

Any applicant who fails to pass such examination shall be entitled to take additional examinations, and for each subsequent examination a fee of five dollars shall be paid by such applicant.

Any person who shall have been a licensed or registered optician in another state and shall present to the board a copy of his certificate of registration or license, certified or attested under the seal by the board of registration of opticians or similar board in any other state where the requirements for registration are, in the opinion of the board, equivalent to those in this commonwealth, may be licensed as provided herein, without written examination, upon payment of a fee of twenty-five dollars; provided, that such state accords similar privilege to those holding licenses issued by this commonwealth; and provided, further, that the applicant shall not have previously failed to pass an examination required in this commonwealth within five years, and that he intends to reside and practice as a dispensing optician in this commonwealth. Every dispensing optician shall conspicuously display his license in his place of business or employment, and shall, whenever so required, exhibit it to the board or its authorized representatives.

Added by St.1955, c. 688, § 2. Amended by St.1967, c. 440; St.1973, c. 925, § 23.

§ 73F. Records of board; annual reports; rules and regulations

The board shall keep a record of the names of all persons examined and licensed by it and all moneys received and disbursed by it, and a duplicate thereof shall be open to public inspection in the office of the state secretary. The board shall make an annual report of its doings including a statement of its receipts and expenditures during the preceding year. The board shall make such rules and regulations consistent with law as may be necessary to administer sections seventy-three C to seventy-three L, inclusive.

Added by St.1955, c. 688, § 2.

§ 73G. License fees

Every licensed dispensing optician shall, biennially, on or before his birthday, pay to the board a license fee of ten dollars, in default of which the board may, after a hearing, revoke or suspend his license; but the payment of the said fee at or before the time of hearing, with such additional sum, not exceeding ten dollars, as may be fixed by the board shall remove the default, revocation or suspension. A licensed dispensing optician whose license has not been revoked but who shall have temporarily retired from practice or removed from the commonwealth for not exceeding five years but who shall have notified the board of such retirement or removal, may register upon paying the lapsed annual license fees and filing with the board his affidavit as to the facts aforesaid.

Added by St.1955, c. 688, § 2, as amended St.1956, c. 164.

§ 73H. Refusal to grant license; suspension; revocation; hearing; notice

The board may refuse to grant or may suspend for a definite time or may revoke any license of any person found guilty of fraud, deceit or misrepresentation or in aiding or abetting the same in connection with any application or taking of an examination for license, or who has rendered himself unable to properly carry on his work as a licensed dispensing optician as a result of the voluntary use of intoxicating liquors or drugs, or for conviction in any court of the commonwealth of a crime involving moral turpitude or for the violation of any provision of sections seventy-three C to seventy-three L, inclusive, or of any rule or regulation of the board; provided, that the board gives such person a written notice, at least ten days before the date of the hearing, specifying any charges that may have been made against him, and setting forth the time and place for hearing said charges. Such hearing shall be conducted by the board, and three members shall constitute a quorum. The person accused shall be given opportunity to produce testimony in his own behalf, shall be confronted by witnesses against him, and shall be allowed representation by counsel. The board may compel the production of documents at any hearing, and the attendance of witnesses who shall testify under oath, administered by any member of the board. The fee for witnesses shall be three dollars per day for attendance and five cents per mile for travel. If the board after such hearing refuses to grant, or revokes or suspends the license of any person, it shall forthwith notify such person of its decision in writing. The provisions of section sixty-four shall apply to any person whose license or authority has been refused, suspended or revoked.

Added by St.1955, c. 688, § 2.

§ 73*I*. Illegal practice

Whoever, not being duly licensed as a dispensing optician, compounds and dispenses, at retail, prescriptions of physicians or optometrists for eyeglasses and lenses or makes duplicates thereof at retail, or holds himself out as a dispensing optician as defined in section seventy-three C, or violates any other provision of sections seventy-three C to seventy-three L, inclusive, or any rule or regulation of the board, shall be punished by a fine of not less than twenty-five dollars, or by imprisonment for not more than three months, or both.

Added by St.1955, c. 688, § 2.

§ 73J. Application of sections 73C to 73L to registered physicians or optometrists

The provisions of sections seventy-three C to seventy-three L, inclusive, shall not apply to registered physicians or optometrists.

Added by St.1955, c. 688, § 2.

§ 73K. Certification as apprentice; application; fee; certificate; powers of apprentice

Any person entering the employ of a physician, optometrist, licensed dispensing optician as an apprentice for the purpose of obtaining the experience and training referred to in section seventy-three E, may make written application for certification as an apprentice with the board. Such application shall be made upon a form prescribed by the board and shall be accompanied by a certificate of the employer, verifying the statements made by the applicant. The applicant shall pay a filing fee of one dollar with such application. The board shall, upon approval of such application, issue to the applicant an apprentice's certificate, and thereupon the computation of any period of training and experience referred to in section seventy-three E shall begin. Any person who may have served part of his apprenticeship in any state or country not requiring such certification shall be obliged to give proof of such service satisfactory to the board. Time spent as an apprentice in the employ of a dispensing optician or a registered physician or optometrist prior to January first, nineteen hundred and fifty-six, shall be credited to the apprentice at such time of certification upon satisfactory proof of such service furnished to the board. A certified apprentice may perform any of the acts set forth in section seventy-three C under the personal supervision of a licensed dispensing optician, optometrist or physician.

Added by St.1955, c. 688, § 2.

§ 73L. Revocation of order of suspension; granting of new licenses; hearing

The board may, upon application and after hearing, revoke an order of suspension or grant a new license to any person whose license has been revoked or suspended under the provisions of section seventy-three H, if the board is satisfied that this can be done consistently with the public interest.

Added by St.1955, c. 688, § 2.

REGISTRATION OF NURSES

§ 74. Registration of nurses; examinations; fees; certificate; rules and regulations

The board of registration in nursing, in this section and in sections seventy-four A to seventy-nine, inclusive, eighty-one A, eighty-one B and eighty-one C, called the board, shall hold simultaneous examinations for the registration of nurses in the cities of Boston, Worcester, Springfield and Pittsfield at such times as it shall determine. Applications for registration, signed and sworn to by the applicant, shall be made on blanks furnished by the board. An applicant who furnishes satisfactory proof that he is of good moral character and a graduate of a school for nurses approved by the board shall, upon payment of thirty dollars, be examined by the board, and, if found qualified, shall be registered, with a right to use the title registered nurse and to practice as such, and shall receive a certificate thereof from the board. An applicant failing to pass an examination satisfactory to the board shall be entitled to additional examinations under the rules of the board but shall file a new application and pay a fee of thirty dollars for each such examination. Every person registered hereunder who continues to hold himself out as a registered nurse shall, on or before his birthday in each even-numbered year, renew his registration for the ensuing two-year period by payment of six dollars to the board, and thereupon the board shall issue a certificate showing that the holder thereof is entitled to practice as a registered nurse for the period covered by said payment; provided, that if a birthday of any person who shall be registered hereunder shall occur within three months after such original registration, such person need not renew his registration until the birthday in the even-numbered year next following the birthday aforesaid; and provided, further, that beginning January first, nineteen hundred and eighty-two, every person seeking renewal or registration hereunder shall provide evidence of such continuing education as the board shall require by regulation unless the board accepts the training and experience of any such person in lieu of said continuing education requirement. The board shall promulgate rules and regulations not later than January first, nineteen hundred and eighty as to the type and amount of continuing education required for such nurse as a qualification for licensing or relicensing; criteria for approved programs, which shall not exclude programs offered by health care facilities licensed by the department of public health or educational institutions chartered by the commonwealth; procedure for the approval of programs; mechanism for the verification of compliance by each person seeking renewal or registration and provision for inactive status. The board shall have the authority from time to time to make, amend, and rescind such rules and regulations as may be necessary to carry out the provisions of the continuing education requirements; provided, however, that no such rule or regulation shall take effect before the thirtieth day following the date when a copy of the rule or regulation is filed with the joint legislative committee on health care of the general court. Said regulations shall provide, however, that the maximum number of hours required shall not exceed five hours in the registration period beginning January first, nineteen hundred and eighty-two and ending December thirty-first, nineteen hundred and eighty-three, ten hours in the registration period beginning January first, nineteen hundred and eighty-four and ending December thirty-first, nineteen hundred and eighty-five, and fifteen hours in the registration periods thereafter. For the purposes of this section and of section seventy-four A, the birthday of a person born on February twenty-nine shall be deemed to be February twenty-eight. In default of such renewal, a person registered hereunder shall forfeit the right to practice as a registered nurse or to hold himself out as such until such fee shall have been paid. The board, after a hearing, by a vote of a majority of its members, may annul the registration and cancel the certificate of any nurse who has been found guilty of a felony.

Amended by St.1941, c. 620, § 3; St.1948, c. 108; St.1953, c. 350, § 4; St. 1959, c. 415, § 1; St.1960, c. 693, § 8; St.1964, c. 21, § 1; St.1968, c. 572; St.1969, c. 603, § 1; St.1972, c. 684, §§ 31 to 33; St.1973, c. 265, § 1; St.1977, c. 884, § 1.

§ 74A. Registration of practical nurses; examinations and reexaminations; certificate; fees; cancellation of certificate; rules and regulations

The board shall hold examinations for the licensing of practical nurses at such times and places as it shall determine. Applications for licenses as practical nurses, signed and sworn to by the applicants, shall be made on blanks furnished by the board. An applicant who furnishes satisfactory proof that he is of good moral character and that he is a graduate of a school for practical nurses approved by the board or is a graduate of an accredited school of professional nursing or was a student in good standing at an accredited school of professional nursing before completing the program of studies and, at the time of withdrawal, had completed a program of study, theory and clinical practice equivalent to that required for graduation from an approved school of practical nursing, shall, upon payment of thirty dollars, be examined by the board and, if found qualified, shall be licensed, with a right to use the title licensed practical nurse and to practice as such, and shall receive a certificate thereof from the board. An applicant failing to pass an examination satisfactory to the board shall be entitled to additional examinations under the rules of the board but shall file a new application and pay a fee of thirty dollars for each such examination. Every person licensed hereunder who continues to hold himself out as a licensed practical nurse shall, on or before his birthday in each odd-numbered year, renew his license for the ensuing two-year period by payment of six dollars to the board, and thereupon the board shall issue a certificate showing that the holder is entitled to practice as a licensed practical nurse for the period covered by said payment; provided, that if a birthday of any person who shall be licensed hereunder shall occur within three months after such original licensing, such person need not renew his license until the birthday in the odd-numbered year next following the birthday aforesaid; and provided, further, that beginning January first, nineteen hundred and eighty-three, every person seeking renewal or licensing hereunder shall provide evidence of such continuing education as the board shall require by regulation, unless the board accepts the training and experience of any such person in lieu of said continuing education requirements. The board shall promulgate rules and regulations not later than January first, nineteen hundred and eighty, as to the type and amount of continuing education required for such nurse as a qualification for licensing or relicensing; criteria for approved programs, which shall not exclude programs offered by health care facilities licensed by the department of public health or educational institutions chartered by the commonwealth; procedure for the approval of programs; mechanism for the verification of compliance by each person seeking renewal or registration; and provision for inactive status. The board shall have the authority from time to time to make, amend, and rescind such rules and regulations as may be necessary to carry out the provisions of the continuing education requirements; provided, however, that no such rule or regulation shall take effect before the thirtieth day following the date when a copy of the rule or regulation is filed with the joint legislative committee on health care of the general court. Said regulations shall provide however, that the maximum number of hours required shall not exceed five hours in the registration period beginning January first, nineteen hundred and eighty-three and ending December thirty-first, nineteen hundred and eighty-four, ten hours in the registration period beginning January first, nineteen hundred and eighty-five and ending December thirty-first, nineteen hundred and eighty-six, and fifteen hours in the registration periods thereafter. In default of such renewal, a person licensed hereunder shall forfeit the right to practice as a licensed practical nurse or to hold himself out as such until such fee shall have been paid. The board, after a hearing, by vote of a majority of its members, may annul the license and cancel the certificate of any practical nurse who has been found guilty of a felony.

Added by St.1941, c. 620, § 3. Amended by St.1951, c. 87; St.1953, c. 350, § 5; St.1959, c. 415, § 2; St.1960, c. 693, § 9; St.1964, c. 21, § 2; St.1968, c. 320; St.1969, c. 603, § 2; St.1972, c. 684, §§ 34 to 36; St.1973, c. 265, § 2; St.1977, c. 85; St.1977, c. 884, § 2.

§ 74C. Advisory council on continuing education; membership; appointment

The governor shall appoint an advisory council on continuing education, consisting of seventeen members, three representatives of the public, five licensed practical nurses, three registered nurses with a baccalaureate degree or higher, three registered nurses with an associate degree, and three registered nurses with a diploma in nursing. Of the original appointments to the council, six members shall be appointed for a term of one year, six members shall be appointed for a term of two years, and five members shall be appointed for a term of three years. As the term of office of a member expires, his successor shall be appointed for a term of two years. Said council shall assist the board in evaluating the effects of procedures and requirements for continuing education and periodically recommend revisions to the board. No member shall be appointed for more than two successive terms.

Added by St.1977, c. 884, § 3.

§ 75. Examinations

Examinations shall be wholly or in part in writing, in the English language, shall include the principles and practice of nursing but shall be limited to such subjects as are included in the curriculum established by the board, shall be in content both reasonable and appropriate for nurses or for practical nurses, as the case may be, and shall be sufficiently thorough to test the applicant's fitness to practice.

Amended by St.1941, c. 620, § 3; St.1953, c. 350, § 7; St.1960, c. 693, § 10.

§ 76. Reciprocity registration; fee

The board may register or license in like manner, without examination, any person who has been registered as a nurse or licensed as a practical nurse, as the case may be, in another state under laws which, in the opinion of the board, maintain standards substantially the same as those of this commonwealth for nurses or for practical nurses, as the case may be. The fee for registration or licensing without examination under this section shall be fifty dollars.

Amended by St.1941, c. 620, § 3; St.1953, c. 350, § 8; St.1969, c. 603, § 3; St.1972, c. 684, § 37.

§ 76A. Nurses registered in other jurisdictions; temporary registration

The board may, at its discretion, certify as authorized to practice professional nursing any person who furnishes proof, satisfactory to the board, that he was graduated from an approved school of nursing and that he was registered to practice professional nursing in another jurisdiction. Such certification (1) shall be valid for one year only from the date of the issuance of a certificate thereof, but may be renewed for not more than one additional consecutive year, (2) shall be subject to such rules and regulations as the board may prescribe, including the requirement that such certificate holders shall practice under the supervision of a registered nurse and (3) shall, notwithstanding the provisions of section eighty, entitle such certificate holder to engage in the practice of nursing, subject to such limitations upon the capacity in which he may practice as the board may prescribe, while such certification or renewal is in effect, but only in hospitals or other health care institutions licensed by the commonwealth, in hospitals maintained by the federal government, the commonwealth or any of its political subdivisions, or in conjunction with other public health agencies. The fee for certification under this section shall be thirty dollars and for renewal eight dollars.

Added by St.1966, c. 599, § 1. Amended by St.1969, c. 603, § 4; St.1972, c. 684, § 38.

§ 77. Investigation of complaints; report

The board shall investigate all complaints of violation of sections seventy-four to eighty-one, inclusive, and report the same to the proper prosecuting officers.

Amended by St.1941, c. 620, § 3; St.1957, c. 595, § 1.

§ 78. Records; inspection; annual report

The board shall keep records of the names of all persons registered and licensed by it and of all money received and disbursed by it and duplicates thereof shall be open to public inspection in the office of the state secretary. It shall make an annual report of the condition of nursing in the commonwealth.

Amended by St.1941, c. 620, § 3.

§ 79. Rules and regulations

The board may make such rules and regulations consistent with law relative to its procedure under sections seventy-four to seventy-eight, inclusive, as it deems expedient.

Amended by St.1941, c. 620, § 3.

§ 80. Violations of provisions relating to professional nursing

Whoever, not being lawfully authorized to practice as a registered nurse within the commonwealth, practices or attempts to practice professional nursing or uses the abbreviation R.N., or any other words, letters or figures to indicate that the person using the same is such a registered nurse, shall, except as provided in section sixty-five, be punished by a fine of not more than one hundred dollars; provided, however, that a nonresident, licensed to practice professional nursing in another jurisdiction, may attend upon a nonresident of the commonwealth temporarily abiding here. Whoever becomes or attempts to become registered as a registered nurse or practices or attempts to practice professional nursing under a false or assumed name shall be punished by a fine of not less than one hundred nor more than five hundred dollars or by imprisonment for three months, or both.

Amended by St.1941, c. 620, § 3; St.1957, c. 595, § 2; St.1966, c. 599, § 2.

§ 80A. Violations of provisions relating to practical nursing

Whoever, not being lawfully authorized to practice as a licensed practical nurse within the commonwealth, practices or attempts to practice practical nursing or uses the abbreviation L.P.N., or any other words, letters or figures to indicate that the person using the same is such a licensed practical nurse shall, except as provided in section sixty-five, be punished by a fine of not more than one hundred dollars; provided, however, that a non-resident, licensed to practice practical nursing in another jurisdiction, may so practice in the commonwealth for a period or periods which, in the aggregate, exclusive of any period of time during which such person is in attendance upon a non-resident of the commonwealth temporarily abiding here, does not exceed six months. Whoever becomes or attempts to become licensed as a licensed practical nurse, or practices or attempts to practice practical nursing under a false or assumed name shall be punished by a fine of not less than one hundred nor more than five hundred dollars or by imprisonment for three months, or both.

Added by St.1941, c. 620, § 3. Amended by St.1953, c. 350, § 9; St.1957, c. 595, § 3.

§ 80B. Definitions

For the purposes of sections seventy-four to eighty-one C, inclusive:—

"Professional nursing" shall mean the performance for compensation of any of those services in observing and caring for the ill, injured or infirm, in applying counsel and procedures to safeguard life and health, in administering treatment or medication prescribed by a physician or dentist, or in teaching or supervising others, which are commonly performed by registered nurses and which require specialized knowledge and skill such as are taught and acquired under the established curriculum in a school for nurses duly approved in accordance with this chapter. "Professional nursing" shall also mean the performance of such additional acts by a nurse with appropriate education as are approved by the board and the board of registration and discipline in medicine in rules and regulations which shall be promulgated and implemented by the board, or which are generally recognized by the nursing and medical professions as proper to be performed by a professional nurse with appropriate education. "Appropriate education" shall mean successful completion by a nurse of an educational program approved by the board or compliance by the nurse with equivalent competency standards which may be set forth by the board. "Professional nursing" by a nurse with appropriate education shall not be construed to prevent the performance of additional acts involving evaluation, diagnosis and treatment.

"Practical nursing" shall mean the performance for compensation of any of those services in observing and caring for the ill, injured or infirm, in applying counsel and procedures to safeguard life and health, in administering treatment or medication prescribed by a physician or dentist, or in teaching or supervising others, which are commonly performed by licensed practical nurses and which require specialized knowledge and skill such as are taught and acquired under the established curriculum in a school for practical nurses duly approved in accordance with this chapter.

Neither "professional nursing" nor "practical nursing" shall mean or be construed to prevent: (1) the gratuitous care of any ill, injured or infirm person by any member of his family or any friend, or his care by any person employed primarily as a companion, housekeeper, domestic servant or nursemaid; (2) the performance of any nursing service in an emergency; (3) the performance, by any student enrolled in a school for nurses or practical nurses duly approved in accordance with this chapter, of any nursing service incidental to any prescribed course in such school; (4) the performance of services incidental to the practice of the religious tenets of any church by any member thereof; (5) the performance of nursing service by a person authorized to practice nursing under section seventy-six A, subject to the provisions of said section; (6) the performance of services by physicians, dentists, pharmacists, teachers, health educators, social workers, dieticians, therapists, technicians, and medical students which are commonly recognized to be functions of their respective callings; or (7) the performance of any nursing service for any patient in a convalescent or nursing home or rest home, by any person employed in such home, provided that such nursing service is performed under the supervision of a registered nurse or licensed practical nurse.

Added by St.1957, c. 595, § 4. Amended by St.1963, c. 811, §§ 1, 2; St. 1964, c. 428; St.1967, c. 299; St.1975, c. 846, § 2.

§ 80C. Nurse-midwife; designation; functions

A nurse-midwife who is designated by the board of registration in nursing pursuant to the provisions of section eighty B may engage in the practice of midwifery; provided, however, that the nurse-midwife functions as a member of a health care team which includes a qualified physician licensed to practice medicine in the commonwealth; and provided further, that deliveries by a nurse-midwife take place in facilities licensed by the department of public health for the operation of maternity and newborn services.

Added by St.1977, c. 129.

§ 80D. Nurse-midwifery advisory committee

An advisory committee composed of five practicing nurse-midwives appointed by the board of registration in nursing for a two-year term shall be consulted on matters relating to the practice of nurse-midwifery and shall annually prepare a report informing the board of current functions, standards of practice and qualifications in the practice of nurse-midwifery.

Added by St.1977, c. 129.

§ 81. Application of sections 74 to 80A; government employees

Neither section eighty nor eighty A, as the case may be, shall apply: (1) to any graduate of any school for nurses or practical nurses duly approved in accordance with this chapter, during the period from such person's graduation until announcement of the results of the first licensing examination for registered nurses or licensed practical nurses, as the case may be, thereafter held in accordance with this chapter; and (2) to any person duly licensed to practice nursing within any other jurisdiction, while discharging official duties as an employee of the federal government.

Amended by St.1941, c. 620, § 3; St.1953, c. 350, § 10; St.1957, c. 595, § 5.

§ 81A. Inspection and approval of schools for nurses

The board shall upon the request of any school for nurses or for practical nurses in the commonwealth inspect said school and notify its trustees or other governing body if said school is approved for the purposes of section seventy-four or seventy-four A, as the case may be, and, if not, what steps said school should take in order to gain the approval of the board. It shall from time to time inspect any school already approved and may withdraw its approval thereof. Said board shall notify the trustees or other governing body of each school if it merits continuance of approval, and, if not, may specify what steps the school should take to receive continuance of approval. Said board may make inspections by any of its members or by an agent or agents designated by it for the purpose, and no approval shall be withdrawn unless an inspection has been made. Any such trustees or other governing body aggrieved by an adverse decision of the board shall, on petition, be given a hearing before said board.

Added by St.1941, c. 620, § 3. Amended by St.1953, c. 350, § 11; St.1960, c. 693, § 11.

§ 81B. Approval of schools in other states

The board may approve, for the purposes of sections seventy-four, seventy-four A or seventy-six A, any school for nurses or for practical nurses, as the case may be, in another state or country which maintains standards substantially the same as those required for an approved school in this commonwealth, and which, in the case of a school in another state, is approved by the board for nurses or for practical nurses, or corresponding body, of the state in which the school is situated.

Added by St.1941, c. 620, § 3. Amended by St.1953, c. 350, § 12; St.1960, c. 693, § 12; St.1966, c. 599, § 3.

§ 81C. Rules and regulations relative to nursing schools

The board may make such rules and regulations consistent with law relative to procedure under sections eighty-one A and eighty-one B as it deems expedient, and shall make reasonable rules and regulations concerning the general conduct of approved schools, including the qualifications of the principals and the teachers therein, requirements for admission of students, the curriculum to be taught therein, the teaching equipment, the care of the health of the students and their housing. The board may make such rules and regulations consistent with section eighty B as it deems expedient except that the board[1] registration and discipline in medicine shall jointly approve additional acts, as referred to in said section eighty B.

Added by St.1941, c. 620, § 3. Amended by St.1960, c. 693, § 13; St.1975, c. 846, § 3.

REGISTRATION OF PROFESSIONAL ENGINEERS AND OF LAND SURVEYORS

§ 81D. Definitions

The following words and phrases as used in sections eighty-one D to eighty-one T, inclusive, hereinafter referred to as said sections, shall, unless the context otherwise requires, have the following meanings:—

"Board", the board of registration of professional engineers and of land surveyors, established by section forty-five of chapter thirteen.

"Professional engineer", a person who, by reason of his special knowledge of the mathematical and physical sciences and the principles and methods of engineering analysis and design acquired by professional education and practical experience, is qualified to practice engineering, as attested by his registration as a professional engineer; provided, however, that registration as a professional engineer shall not qualify a person to practice as an engineer licensed under chapter one hundred and forty-six.

"Practice of engineering", any professional service or creative work requiring engineering education, training and experience and the application of special knowledge of the mathematical, physical and engineering sciences to such professional services or creative work as consultation, investigation, evaluation, planning, design and supervision of construction for the purpose of assuring compliance with specifications and design, in connection with any public or private utilities, structures, buildings, machines, equipment, processes, works or projects, but it shall not include the practice of architecture, as defined in section sixty A, except that a registered professional engineer may do such architectural work as is incidental to his work, nor shall it include the practice of land surveying, except that a registered professional engineer qualified in the branch of civil engineering may perform land surveying incidental to his engineering work for locating or relocating any of the fixed works embraced within the practice of civil engineering excluding property line determination.

A person shall be construed to practice or to offer to practice engineering who practices any branch of the profession of engineering; or who, by verbal claim, sign, advertisement, letterhead, card, or in any other way represents himself to be a professional engineer, or through the use of some other title implies that he is a professional engineer; or who holds himself out as able to perform, or who does perform any engineering service or work or any other professional service designated by the practitioner or recognized by educational authorities as engineering. The practice of engineering shall not include the work ordinarily performed by persons who operate, maintain or install machinery or equipment.

"Land surveyor", a professional specialist in the technique of measuring land, educated in the basic principles of mathematics, the related physical and applied sciences, and the relevant requirements of law for adequate evidence and all requisite to the surveying of real property and engaged in the practice of land surveying.

"Practice of land surveying", any service or work, the adequate performance of which involves the application of special knowledge of the principles of mathematics, the related physical and applied sciences, and the relevant requirements of law for adequate evidence to the act of measuring and locating lines, angles, elevations, natural and man-made features in the air, on the surface of the earth, within underground workings, and on the beds of bodies of water for the purpose of determining areas and volumes, for the monumenting of property boundaries, for locating or relocating any of the fixed works embraced within the practice of civil engineering, and for the platting, and layout of lands and subdivisions thereof, including the topography, alignment and grades of streets, and for the preparation and perpetuation of maps, record plats, field note records and property descriptions that represent these surveys.

A person shall be construed to practice or to offer to practice land surveying who engages in land surveying, or who by verbal claim, sign, letterhead, card or in any other way represents himself to be a land surveyor, or through the use of some other title implies that he is a land surveyor, or who represents himself as able to perform, or who does perform any land surveying service or work, or any other service designated by the practitioner which is recognized as land surveying.

Added by St.1941, c. 643, § 2. Renumbered from § 81A and amended by St.1941, c. 722, § 9A; St.1958, c. 584, § 2; St.1970, c. 707, § 3.

§ 81E. Examination of applicants; rules and regulations of board; seal

The board shall examine applicants for registration as professional engineers and as land surveyors and applicants desiring to take written or oral examinations to evidence qualification for registration as professional engineers or land surveyors. It shall make such rules and regulations as are necessary or proper for the conduct of its duties. The board may adopt and shall use an official seal.

If any person, firm, co-partnership, corporation or joint stock association refuses to obey any decision, rule or order, or any part thereof, issued by the board pursuant to its powers, the attorney general of the commonwealth shall, upon request of the board, file a petition in equity for the enforcement of such decision, rule or order in the superior court for Suffolk county or for the county in which such person, firm, co-partnership, corporation or joint stock association resides or has a place of business. After due hearing, with such notice as the court may direct, the court shall order the enforcement of such decision, rule or order, or any part thereof, to the extent that such decision, rule or order, or any part thereof, has been legally and properly made by the board.

The board, for the purposes of registration of professional engineers, shall recognize all the fundamental branches of engineering which shall include, without limiting the generality thereof by specific enumeration, the following fields:—aeronautical, chemical, civil, electrical, heating and ventilating, and air conditioning industrial, mechanical, metallurgical, mining, safety, fire protection, sanitary and structural.

Added by St.1941, c. 643, § 2. Renumbered by St.1941, c. 722, § 9C. Amended by St.1958, c. 584, § 3; St.1970, c. 707, § 4; St.1975, c. 588, § 1.

§ 81F. Moneys received by secretary of board; bond

The secretary of the board shall receive and account for all moneys received under said sections and shall pay the same to the state treasurer. Said secretary shall give to the state treasurer a bond, in such sum and with such sureties as may from time to time be required by the board under authority of law, for the faithful performance of his duties.

Added by St.1941, c. 643, § 2. Renumbered by St.1941, c. 722, § 9C.

§ 81G. Clerical and other assistance

The board may employ such clerical and other assistance as may be necessary for the proper performance of its work.

Added by St.1941, c. 643, § 2. Renumbered by St.1941, c. 722, § 9C.

§ 81H. Record of board proceedings; register of applications for registration; prima facie evidence; annual report to governor

The board shall keep a full record of its proceedings and a register of applications for registration, which register shall show (*a*) the name, age and residence of each applicant; (*b*) the date of the application; (*c*) the place of business of such applicant; (*d*) his educational and other qualifications; (*e*) whether or not an examination was required; (*f*) whether the applicant was rejected; (*g*) whether a certificate of registration was granted; (*h*) the date of the action of the board; and (*i*) such other information as may be deemed necessary by the board. Such register shall be open to public inspection.

The records of the board shall be prima facie evidence of the proceedings of the board set forth therein, and a transcript thereof, duly certified by the secretary of the board under the seal of the board, shall be admissible in evidence with the same force and effect as if the original were produced.

The board shall make an annual report to the governor, which shall include an itemized statement of all receipts and expenses of the board for the year.

Added by St.1941, c. 643, § 2. Renumbered by St.1941, c. 722, § 9C.

§ 81*I*. Roster of registered professional engineers and land surveyors

A roster showing the names and places of business of all registered professional engineers and all registered land surveyors shall be prepared by the secretary of the board during the month of July of each year, commencing in nineteen hundred and forty-two. Copies of such roster shall be mailed to each person so registered, placed on file with the state secretary and furnished to the public upon request.

Added by St.1941, c. 643, § 2. Renumbered by St.1941, c. 722, § 9C.

§ 81J. Qualifications for registration as professional engineer or land surveyor; examinations; certification

The following shall be considered as minimum evidence satisfactory to the board that an applicant is qualified for registration as a professional engineer or land surveyor, respectively, to wit:

(1) As a professional engineer:

(*a*) A person holding a certificate or registration to engage in the practice of engineering, issued to him by a proper authority of a state, commonwealth, territory, or possession of the United States, the District of Columbia, or any foreign country, who, in the opinion of the board, meets the requirements of this chapter, based on verified evidence may, upon application, be registered without further examination.

A person holding a certificate of qualification issued by the National Council of Engineering Examiners, whose qualifications meet the requirements of this chapter, may, upon application, be registered without further examination.

(*b*) A graduate of an engineering curriculum of four years or more approved by the board as being of satisfactory standing; and with a specific record of an additional four years or more of experience in engineering work of a grade and character which indicates to the board that the applicant may be competent to practice engineering, and who passes or has passed the required written examination in the fundamentals of engineering, and the required written examination in the principles and practice of engineering. The board may require that the above experience in engineering work be completed prior to admission to the examination in the principles and practice of engineering. Should the board permit the examination to be taken at an earlier date, then the applicant may be required to pass an oral examination as determined by the board. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice engineering in the commonwealth, provided he is otherwise qualified.

(*c*) An applicant, having satisfactorily completed a four-year college curriculum in engineering or in related science other than the ones approved by the board and eight years or more of progressive experience in engineering work of a character and grade which indicates to the board that the applicant may be competent to practice engineering, and who passes or has passed the required written examination in the fundamentals of engineering designed to show knowledge and skill approximating that obtained through graduation in an approved four-year engineering curriculum, and the required written examination in the principles and practice of engineering, shall be granted a certificate of registration to practice engineering in the commonwealth, provided he is otherwise qualified; provided, however, where an applicant is permitted by the board to be admitted to the examination in the principles and practice of engineering prior to completion of the above experience, the board may require that the applicant pass an oral examination as determined by the board before issuing a certificate of registration.

(*d*) An applicant having completed twelve years or more of progressive experience in engineering work of a character and grade, including five years or more in responsible charge of engineering work, which indicates to the board that the applicant may be competent to practice engineering, and who passes or has passed the required written examination in the fundamentals of engineering designed to show basic engineering knowledge and skill and the required written examination in the principles and practice of engineering and an oral examination when required by the board may be granted a certificate of registration to practice engineering in the commonwealth, provided he is otherwise qualified.

(*e*) An applicant, with a specific record of at least twenty years of lawful practice in engineering work, of which at least ten years have been in responsible charge of important engineering work, and of a grade and character which indicates to the board that the applicant may be competent to practice engineering and who has passed an oral or written examination in the principles and practice of engineering, and is otherwise qualified, shall be registered to practice engineering in the commonwealth.

(*f*) Undergraduate study in an engineering curriculum approved by the board as being of satisfactory standing may be considered as engineering experience on an equivalent full-time basis up to a maximum of three years in computing the number of years of experience in engineering work in clauses (*d*) and (*e*) of this subsection.

(*g*) Engineering teaching in a college or university offering an approved engineering curriculum of four years or more may be considered as engineering experience.

(2) As a land surveyor:

(*a*) A person holding a bachelor of science degree in an approved curriculum and presenting evidence satisfactory to the board that, in addition thereto, he has had at least four years of combined office and field experience in land surveying with a minimum of three years' experience in responsible charge of land surveying projects under the supervision of a registered land surveyor and who has passed the oral and written examinations as required by the board.

(*b*) A person holding two years of formal education in an approved curriculum above high school level with at least sixty semester credit hours passed or equivalent quarter-hours, or the equivalent approved by the board, and presenting evidence satisfactory to the board that in addition thereto he has had at least six years of combined office and field experience in land surveying with a minimum of four years' experience in responsible charge of land surveying projects under the supervision of a registered land surveyor and who has passed the oral and written examinations as required by the board.

(*c*) A person who has a specific record of twelve years or more of lawful practice in surveying work of a character satisfactory to the board and who passes the required written examinations, which shall include questions on laws, procedures and practices pertaining to practices in the commonwealth, and passes an oral examination at the discretion of the board may be granted a certificate of registration to practice surveying provided he is otherwise qualified.

(*d*) A person holding a certificate of registration to engage in the practice of land surveying issued on comparable qualifications from a state, commonwealth, territory, or possession of the United States, will be given comity consideration. However, he may be asked to take such examinations as the board deems necessary to determine his qualifications, but in any event he shall be required to pass the required written examination of not less than four hours' duration, which shall include questions on laws, procedures and practices pertaining to practice in the commonwealth.

(*e*) Undergraduate study in a surveying curriculum approved by the board as being of satisfactory standing may be considered as surveying experience on an equivalent full-time basis up to a maximum of two years in computing the number of years of experience in surveying work in clauses (*b*) and (*c*) of this subsection.

(*f*) A person, with a record of at least twenty years of lawful practice in land surveying work, of which at least ten years he has been responsible for major land surveying work, of a grade and character which indicates to the board that the person may be competent to practice land surveying and who has passed an oral or written examination in the principles and practice of land surveying, and is otherwise qualified, shall be registered to practice land surveying in the commonwealth.

(3) The board shall certify persons who have passed written or oral examinations and shall specify the nature and type of the examination passed in such certification.

The board may certify persons who have passed appropriate examinations and who have education and/or experience qualifications satisfactory to the board as follows:

(*a*) A graduate of an approved engineering curriculum of four years or more who has passed the board's eight-hour written examination in the fundamentals of engineering shall be certified or enrolled as an engineer-in-training, if he is otherwise qualified.

(*b*) An applicant having satisfactorily completed a four-year college curriculum in engineering or in related science other than the ones approved by the board and a specific record of four or more years of experience in engineering work of grade and character satisfactory to the board, who passes the board's eight-hour written examination in the fundamentals of engineering shall be certified or enrolled as an engineer-in-training, if he is otherwise qualified.

(*c*) A graduate of an approved land surveying curriculum of four years or more who has had in addition thereto at least two years of combined office and field experience in land surveying, with a minimum of one year in responsible charge of land surveying procedures under the supervision of a registered land surveyor, and who has passed the written examinations required by the board shall be certified or enrolled as a land surveyor-in-training, if he is otherwise qualified.

(*d*) An applicant having at least two years of formal education in an approved curriculum above high school level with at least sixty semester credit hours passed, or equivalent quarter-hours, or the equivalent approved by the board, and who presents evidence satisfactory to the board that in addition thereto he has had at least four years of combined office and field experience in land surveying with a minimum of two years in responsible charge of land surveying projects under the supervision of a registered land surveyor, and who has passed the written examinations required by the board shall be certified or enrolled as a land surveyor-in-training, if he is otherwise qualified.

(*e*) All of the examinations above required may be taken during the period of formal education or subsequently either prior to or following completion of the required experience. Upon completion of required experience, the board shall then certify the applicant as an engineer-in-training or a land surveyor-in-training.

No person shall be eligible for registration as a professional engineer or land surveyor or for certification as having satisfactorily completed an oral or written examination who is not of good character and reputation.

The board shall determine the duration, date, place and content of all written examinations. Registered engineers or land surveyors may take examinations required for registration hereunder without prejudice to their present registrations.

The execution, as a contractor, of work designed by a professional engineer, or the supervision of the construction of such work as a foreman or superintendent shall not be deemed to be the practice of engineering.

The fact that an applicant for registration by the board is not at the time of application practicing his profession shall not of itself make him ineligible for such registration.

Added by St.1941, c. 643, § 2. Renumbered by St.1941, c. 722, § 9C. Amended by St.1958, c. 584, § 4; St.1966, c. 76, §§ 1, 2; St.1970, c. 707, § 5; St.1979, c. 687.

§ 81K. Form and content of application for registration; fees

Applications for registration shall be on forms prescribed and furnished by the board, shall contain statements made under oath, showing the applicant's education and detailed summary of his technical work, and shall contain not less than five references. For engineering applicants, three or more shall be professional engineers having personal knowledge of the applicant's engineering experience, and for surveying applicants, three or more shall be registered land surveyors having personal knowledge of the applicant's surveying experience.

The registration fee for professional engineers shall be forty dollars, which shall accompany the application. The registration fee for land surveyors shall be thirty dollars, which shall accompany the application. In addition there shall be a fee of fifteen dollars for each four hour written examination and a fee of thirty dollars for each eight hour written examination, which fees shall accompany the application for such examination.

If in the opinion of the board any applicant is ineligible to receive a certificate of registration no part of the fee accompanying his application shall be refunded to him.

Added by St.1941, c. 643, § 2. Renumbered by St.1941, c. 722, § 9C. Amended by St.1958, c. 584, § 5; St.1970, c. 707, § 6; St.1972, c. 684, § 40; St.1975, c. 588, § 2.

§ 81L. Time and place of examination; scope; methods of procedure; re-examinations

When oral or written examinations are required they shall be held at such time and place as the board shall determine. If examinations are required on fundamental engineering subjects, such as are ordinarily given in college curricula, the applicant shall be permitted to take part of the professional examination prior to his completion of the requisite years of experience in engineering work.

The scope of the examinations and the methods of procedure shall be prescribed by the board with special reference to the applicant's ability to design and supervise engineering works so as to insure the safety of life, health and property. Examinations for the purpose of determining the qualifications of applicants for registration in professional engineering and in land surveying shall be given separately. A candidate failing on his first examination, upon application therefor not less than six months thereafter, shall be entitled to be reexamined upon payment of the appropriate registration fee required by section eighty-one K. Upon request by any applicant who is rejected the board shall furnish him with the reasons for his rejection.

Added by St.1941, c. 643, § 2. Renumbered by St.1941, c. 722, § 9C. Amended by St.1958, c. 584, § 6; St.1970, c. 707, § 7; St.1975, c. 588, §§ 3, 3A.

§ 81M. Certificate of registration; prima facie evidence; seal of registrant

The board shall issue a certificate of registration upon payment of the registration fee to any applicant who, in the opinion of the board, has satisfactorily met all the requirements of said sections. In the case of a registered professional engineer, the certificate shall authorize the practice of engineering. In the case of a registered land surveyor, the certificate shall authorize the practice of land surveying. Certificates of registration shall show the full name of the registrant, shall have a serial number and be under seal of the board.

The issuance of a certificate of registration by the board shall be prima facie evidence that the person named therein is entitled to all the rights and privileges of a registered professional engineer or of a registered land surveyor, as the case may be, while such certificate remains unrevoked or unexpired.

Each registrant hereunder shall, upon registration, obtain a seal of the design authorized by the board, bearing the registrant's name and the legend "Registered Professional Engineer" or "Registered Land Surveyor". Plans, specifications, plats and reports prepared by a registrant shall be stamped with the said seal when filed with public authorities, while the registrant's certificate is in force, but it shall be unlawful for anyone to stamp or seal any documents with said seal after the certificate of the registrant named thereon has expired or has been revoked, unless said certificate shall have been renewed or re-issued.

Plans, specifications, plats and reports whenever stamped with the seal of a registered professional engineer or land surveyor shall be signed by the registrant named thereon. The use of a facsimile signature stamp shall not be deemed to comply with this section.

Added by St.1941, c. 643, § 2. Renumbered by St.1941, c. 722, § 9C. Amended by St.1958, c. 584, § 7; St.1970, c. 707, § 9.

§ 81N. Expiration of certificates; notice; renewal; fee; reinstatement

Certificates of registration shall expire June thirtieth in every even-numbered year, and may be renewed as hereinafter provided. The secretary of the board shall, at least one month in advance of the expiration date of such certificate, notify the registrant of such expiration date and of the fee required for the renewal of the certificate for the succeeding two-year period, and any such certificate may be renewed on or prior to the expiration date or at any time prior to August first following such expiration date upon the payment of a fee of fifteen dollars. If a registrant fails to renew his certificate prior to said August first, such certificate may thereafter be renewed within two years of its expiration date upon the payment of a fee of twenty dollars. If a registrant fails to renew his certificate within two years of the expiration date, he shall be temporarily dropped from the roster of registered professional engineers, or of registered land surveyors, subject to reinstatement as hereinafter provided. Written notice shall be given to the registrant by the secretary of the board one month in advance of such dropping from said roster. A registrant, who has been temporarily dropped from said roster, may be reinstated upon the payment of a fee of thirty dollars and upon the filing of an application for reinstatement together with evidence satisfactory to the board that nothing has occurred during the time he was dropped from said roster which would justify the revocation of his certificate under the provisions of section eighty-one P. A registrant so reinstated shall, without the payment of an additional fee, be issued a certificate of registration.

Added by St.1941, c. 643, § 2. Renumbered by St.1941, c. 722, § 9C. Amended by St.1960, c. 472, § 1; St.1970, c. 707, § 10; St.1972, c. 684, §§ 41, 42; St.1975, c. 588, § 4.

§ 81P. Reprimand and suspension of registration; revocation; charges; hearing

The board shall have the authority to reprimand a registrant and to suspend the registration of a registrant for a limited period to be specified in such suspension order for any fraud, deceit, gross negligence, incompetence, misconduct or any crime involving moral turpitude in the practice of engineering or land surveying.

The board may revoke the certificate of registration of any registrant who is found guilty of:

(*a*) The practice of any fraud or deceit in obtaining a certificate of registration; or

(*b*) Any gross negligence, incompetency or misconduct in the practice of professional engineering or land surveying as a registered professional engineer or as a registered land surveyor; or

(*c*) The affixing of his signature to plans, drawings, specifications or other instruments of service which have not been prepared by him or in his office, or under his immediate and responsible direction, or permitting his name to be used for the purpose of assisting any person, not a registered professional engineer or registered land surveyor, to evade the provisions of this chapter.

Any person may prefer charges of fraud, deceit, gross negligence, incompetency or misconduct against any registrant. Such charges shall be in writing, shall be sworn to by the person making them and shall be filed with the secretary of the board.

The board, under the hand of its chairman and the seal of the board, may subpoena witnesses and compel their attendance, and may require the production of books, papers and documents in any case involving the revocation of registration. Any member of the board may administer oaths or affirmations to witnesses appearing before the board. If any person refuses to obey any subpoena so issued, or refuses to testify or produce such books, papers and documents, the board may present a petition to the superior court, setting forth the facts, and thereupon the superior court shall, after a hearing and in its discretion, order such person to appear before said board and to testify or to produce such books, papers and documents as may be deemed necessary and pertinent. Any person failing or refusing to obey the order of said court may be proceeded against in the same manner as for refusal to obey any other order of said court.

All charges, unless dismissed by the board as unfounded or trivial, shall be heard by the board within three months after the date on which they shall have been preferred. The time and place for said hearing shall be fixed by the board, and a copy of the charges, together with a notice of the time and place of hearing, shall be personally served on, or mailed to the last known address of, such registrant at least thirty days before the date fixed for the hearing. At any hearing the accused registrant shall have the right to appear personally and by counsel, to cross-examine witnesses appearing against him, and to produce evidence and witnesses in his own defence. If, after such hearing, three or more members of the board vote in favor of finding the accused guilty, the board shall revoke the certificate of registration of such registered professional engineer or registered land surveyor.

Added by St.1941, c. 643, § 2. Renumbered from § 81M by St.1941, c. 722, § 9C. Amended by St.1958, c. 584, § 8; St.1970, c. 707, § 12; St.1971, c. 282, § 2.

§ 81Q. Reissuance of certificate after revocation; duplicate certificates; fee

The board, for any reason which it may deem sufficient, may reissue a certificate of registration to any person whose certificate has been revoked, if three or more members of the board vote in favor of such reissuance. A new certificate of registration, to replace any certificate revoked, lost, destroyed or mutilated, may be issued, subject to the rules of the board, and a charge of five dollars shall be made for such issuance.

§ 81R. Construction

Nothing in said sections shall be construed to prevent or to affect:—

(*a*) the practice of any other legally recognized profession including the practice of architecture as defined in this chapter and the practice of any trade, including, in connection with the practice of the electrical, plumbing, heating, ventilating, air conditioning, refrigeration and all other trades, the preparation of plans, specifications or shop drawings by any person, firm, partnership, corporation or association practicing any such trade, for work to be installed or being installed by the same person, firm, partnership, corporation or association preparing such plans, specifications or shop drawings;

(*b*) a person not a resident of and having no established place of business in the commonwealth from practicing or offering to practice therein the profession of engineering or land surveying, when such practice does not exceed in the aggregate more than thirty days in any calendar year; provided, such person is legally qualified by registration to practice the said profession in his own state or country in which the requirements and qualifications for obtaining a certificate of registration are not lower than those specified in said sections;

(*c*) a person not a resident of and having no established place of business in the commonwealth or who has recently become a resident thereof, from practicing or offering to practice engineering or land surveying therein for more than thirty days in any calendar year, if he shall have filed with the board an application for a certificate of registration and shall have paid the fee required by said sections; provided, that such person is legally qualified by registration to practice engineering or land surveying in his own state or country in which the requirements and qualifications for obtaining a certificate of registration are not lower than those specified in said sections. Such practice shall continue only for such time as the board requires for the consideration of the application for registration;

(*d*) the work of an employee or a subordinate of a person holding a certificate of registration under said sections, an employee of a person practicing lawfully under clause (*b*) or (*c*) of this section, or an employee of a firm, co-partnership, corporation or joint stock association engaging lawfully under clause (*f*) of this section; provided, such work does not include final designs or decisions and is done under the direct responsibility, checking and supervision of a person holding a certificate of registration under said sections or a person practicing lawfully under clause (*b*) or (*c*) of this section;

(*e*) the practice of officers and employees of the government of the United States while engaged within the commonwealth in the practice of engineering or land surveying for said government;

(*f*) the practice of engineering or land surveying in the commonwealth by a firm, co-partnership, corporation or joint stock association; provided, that the person in charge of such practice by such firm, co-partnership, corporation or joint stock association is a professional engineer or land surveyor, holding a certificate of registration under said sections;

(*g*) the performance of engineering work or services by employees of a corporation engaged in manufacturing, research or development operations, which work or services are performed in connection with the research or development activities of, or the manufacture, sale, installation, maintenance, repair or service of the products of, such corporation, or of its parents, affiliates or subsidiaries; provided, that such research or development activities which are not related to the manufacture, sale, installation, maintenance, repair or service of the products of such corporation, or of its parents, affiliates or subsidiaries, are not primarily in connection with the construction of fixed works which are to be made available for use by the general public;

(*h*) the practice of landscape architects, city planners and regional planners, in so far as their work consists in the consultations and preparation of master plans of parks, land areas, sites, organized groups of buildings or communities, or the preparation of detailed plans and the supervision of planting, grading, paving, and such structural features as fences, steps, walls, minor pools, garden structures and minor utilities normally included as part of their work;

(*i*) sales personnel from recommending applications to specific uses of products for which they act as sales representatives;

(*j*) the performance of engineering work or services by any person employed by an insurance company or by its agents, its affiliates or subsidiaries, or the performance of engineering work or services for insurance inspection and actuarial bureaus, provided such work or services in either case are incidental to the operation of an insurance company;

(*k*) the work of an owner or managing agent of a building or any employee of such owner or agent making alterations or repairs to such building or supervising the same, or of a person engaged by such owner or agent to perform work of any other legally recognized trade exempted under clause (*a*) of this section;

(*l*) the performance of engineering work and services by a person, firm or corporation subject to the jurisdiction of the department of public utilities which work and services are performed as part of their employment and for the benefit of such person, firm, or corporation; or

(*m*) the performance of engineering work and services by employees of the Metropolitan Transit Authority which work and services are performed as part of their employment and for the benefit of the said authority.

§ 81S. Appeal from action of board

Any person aggrieved by any action of the board refusing to grant, or suspending or revoking, a certificate of registration or a permit for any cause, may, within fifteen days following notification by the board of such action, appeal to the superior court of the county wherein he resides, and, after hearing, said court shall make such decree, sustaining or reversing in whole or in part the decree of the board, as it deems proper, and its decision shall be final.

Added by St.1941, c. 643, § 2. Renumbered by St.1941, c. 722, § 9C.

§ 81T. Penalties; duties of attorney general

Whoever practices or offers to practice engineering or land surveying in the commonwealth without being registered in accordance with the provisions of this chapter, or presents or attempts to use as his own the certificate of registration or the seal of another, or gives any false or forged evidence of any kind to the board or to any member thereof in obtaining a certificate of registration, or falsely impersonates any registrant, or attempts to use an expired or revoked certificate of registration, or violates any of the provisions of sections eighty-one D to eighty-one S, inclusive, shall be punished by a fine of not less than one hundred nor more than five hundred dollars or by imprisonment in a jail or house of correction for a period not exceeding three months, or both.

It shall be the duty of the attorney general or the district attorney for the district in which the alleged violation was committed to enforce the provisions of this section and sections eighty-one D to eighty-one S, inclusive, and to prosecute any person violating the same. The attorney general or his assistant shall act as legal advisor of the board and render such legal assistance as may be necessary in carrying out the provisions of said sections.

REGISTRATION OF EMBALMERS AND FUNERAL DIRECTORS

§ 82. Definitions

The following words, as used in this section and in sections eighty-three to eighty-seven, inclusive, shall have the following meanings, unless the context otherwise requires:—

"Board", the board of registration in embalming and funeral directing established by section twenty-nine of chapter thirteen.

"Person", an individual, but not a partnership, corporation or association of any kind.

"Embalming", the business, practice, science or profession, as commonly practiced, of preserving, disinfecting and preparing in any manner dead human bodies for burial, cremation or transportation.

"Funeral directing", the business, practice or profession, as commonly practiced, of (*a*) directing or supervising funerals or providing funeral service; (*b*) handling or encasing, or providing services for handling or encasing, dead human bodies, and preparation of dead human bodies, otherwise than by embalming, for burial or disposal; (*c*) providing embalming services; (*d*) providing transportation, interment and disinterment of dead human bodies; and (*e*) maintaining an establishment so located, constructed and equipped as to permit the decent and sanitary handling of dead human bodies with suitable equipment in such establishment for such handling.

"Embalmer", any person engaged, or holding himself out as engaged, in the business, practice, science or profession of embalming, whether on his own behalf or in the employ of a registered and licensed funeral director.

"Funeral Director", any person engaged, or holding himself out as engaged, in the business, practice or profession of funeral directing.

"Apprentice embalmer", any person engaged in the learning of the practice of embalming under the instruction and personal supervision of a duly registered embalmer; provided, that no person shall serve as such apprentice embalmer until he has been certified as such by the board.

Amended by St.1936, c. 407, § 3; St.1939, c. 160, § 1; St.1945, c. 596, § 1; St.1954, c. 653, § 2.

§ 83. Registration of embalmers, funeral directors and apprentice embalmers; applications; examinations and re-examinations; certificates; fees; renewals; apprenticeship; advertising; funeral directing

Applications for registration as embalmers, funeral directors or apprentice embalmers, and for establishment certificates, shall be made on blanks furnished by the board.

No person shall be registered by the board as an embalmer unless he has been found by the board upon examination to be eighteen years of age or over, a resident of this commonwealth, a citizen of the United States, of good moral character; to have successfully completed a four-year high school course or to possess the educational equivalent thereof; to have served as an apprentice embalmer for two years under the personal supervision and instruction of a registered embalmer, during which period he has embalmed not less than fifty dead human bodies, and to have satisfactorily completed a course of instruction of not less than nine months in an embalming school approved by the board. Upon payment of twenty dollars, such person shall be examined by the board, and if found to be qualified, shall be registered and given a certificate thereof signed by the chairman and secretary of the board.

No person shall be registered by the board as a funeral director unless he has been found by the board upon examination to be eighteen years of age or over, a resident of this commonwealth, a citizen of the United States, of good moral character, a duly registered embalmer, unless such person is the widow of a duly registered and licensed funeral director; to have successfully completed a four-year high school course or has attained the practical equivalent of a high school education; to have satisfactorily completed a course of instruction of not less than nine months in a funeral directing school approved by the board or to have included and successfully completed the elements of such a course of instruction in his study schedule at the college or university which he has attended; to be qualified to prepare such death certificates and other documents as are required by the department of public health for the protection of the general public in the ordinary course of his business; to be familiar with the precautions to be taken to prevent the spread of communicable diseases as prescribed by the department of public health for the protection of the general public welfare; and to be conversant with the laws of the United States and of this commonwealth relative to (*a*) the custody of dead human bodies; (*b*) the preparation of such bodies for burial, cremation and shipment, as prescribed by the department of public health for the sanitary handling of dead human bodies by common carriers for the protection of public health; and (*c*) the cremation, burial and shipment of such bodies as prescribed by the department of public health for sanitary handling of dead human bodies by common carriers for the protection of public health.

Upon payment of twenty dollars, such person shall be examined by the board. If such person is found to be qualified, such person shall be registered by the board as qualified to be licensed under section forty-nine of chapter one hundred and fourteen as a funeral director, and he shall receive a certificate of registration signed by the chairman and the secretary of the board; provided, that he shall not be so licensed until he furnishes satisfactory proof to the board that he will maintain within the commonwealth a funeral directing establishment so located, constructed and equipped as to permit the sanitary handling of dead human bodies.

Applicants for registration as embalmers or as funeral directors may, upon the payment of ten dollars, be re-examined at any subsequent examination conducted by the board.

Any person desiring to become an apprentice embalmer shall make application on a form provided for the purpose, and must appear before the board for approval of his application. The application shall state that the applicant is a citizen of the United States, of good moral character, and holds a high school diploma or its equivalent. Said application must be accompanied by a fee of ten dollars. When the board is satisfied as to his qualifications, it shall issue a certificate of embalmer apprenticeship. Such apprenticeship shall be served in the establishment of a registered funeral director, on a full-time employment basis. When such apprentice enters the employ of a person so registered, he shall immediately notify the member of the board in his district of the name and place of business of the person whose service he has entered. If such apprentice thereafter leaves the employ of such person whose service he has entered, it shall be the duty of said person to give such apprentice an affidavit showing the length of time he has served with him, which affidavit shall be filed with the board. The number of apprentice embalmers allowed to be registered under any one registered embalmer or funeral director shall be determined by the board on the basis of one apprentice embalmer for each fifty cases or any part thereof that the registered embalmer or funeral director had cared for professionally in the previous calendar year. No person shall be employed as an apprentice except in accordance with the foregoing provisions.

No apprentice or embalmer shall advertise or publish in any manner the fact of his registration, nor shall any funeral director advertise or publish in any manner whatsoever the name or names of apprentices or any persons associated with him in the profession of funeral directing unless the said person or persons are registered and licensed funeral directors.

The profession of funeral directing shall be conducted or practiced at a fixed place or establishment, and no person, partnership, corporation, association or other organization shall open or maintain a place or establishment at which to practice such profession unless an establishment certificate has been granted by said board. Such certificate shall be for one location only; provided, that this shall not prevent a registered funeral director from conducting a funeral in another licensed establishment, nor from a church, nor from a private residence from which funeral services are not regularly conducted, a public lodge or hall room, providing such person maintains a fixed place or establishment of his own conforming to the above requirements. The board shall issue a certificate for said establishment after application has been made on a form provided for the purpose, and when the same meets the requirements set forth in the rules and regulations of the board and established by the rules and regulations of the department of public health and local boards of health. Said application shall be accompanied by a fee of five dollars.

No establishment or branch thereof for the preparation, disposition and care of dead human bodies shall be opened or maintained unless duly registered by the board. No establishment or branch shall be moved without obtaining a new certificate from the board. Applications for such transfers shall be made upon blanks furnished by the board and shall be accompanied by a fee of ten dollars. An establishment's certificate shall remain in force indefinitely unless revoked by the board or until there has been a change in the ownership of the establishment, which shall automatically cancel said certificate.

Amended by St.1936, c. 407, § 3; St.1939, c. 160, § 4; St.1945, c. 596, § 2; St.1948, c. 491; St.1954, c. 653, § 2; St.1956, c. 295; St.1972, c. 684, §§ 43 to 48; St.1973, c. 925, §§ 24, 25.

§ 84. Issuance and renewal of certificates; fees; expiration of registration; refusal to issue or renew; suspension or revocation

No certificate, except an establishment certificate, shall be issued or renewed for a period exceeding one year, and all renewals thereof, except embalmer apprentice certificates which shall be issued on an annual basis, shall expire and terminate the first day of November following the date of their issue, unless sooner revoked and cancelled.

Any person holding a registration certificate issued under the provisions of section eighty-three may have the same renewed by making and filing with the board an application therefor within thirty days preceding the expiration of his certificate upon blanks provided by said board, and upon payment of renewal fees of ten dollars for each embalmer's certificate, twenty dollars for each funeral director's certificate, and ten dollars for each apprentice embalmer's certificate; provided, that any person neglecting or failing to have his embalmer's or funeral director's certificate so renewed, may have the same renewed by making application therefor during the twenty days following the expiration date, and upon the payment of a revival fee of twenty dollars in addition to the renewal fee.

If no application for renewal or for revival of a funeral director's or embalmer's certificate is made within said twenty days, the holder thereof may within one year of the original date of expiration of the certificate apply for renewal of the same upon the payment to the board of a penalty at the rate of one dollar each week beyond the date of said twenty-day revival period. If at the expiration of one year no application for renewal has been made, the board will remove the former registrant's name from its books. If such former registrant, after the expiration of the one year, applies for registration, he shall be subject to payment of the accrued penalties, and shall be required to meet the provisions of section eighty-three relative to original registration.

The board may refuse to issue or to renew, or may suspend or revoke any certificate, or may place the holder thereof on a term of probation after due public hearing upon finding the holder of such certificate to be guilty of a crime involving moral turpitude, or of unprofessional conduct, which is hereby defined to include (*a*) misrepresentation or fraud in the conduct of the profession of the registrant; (*b*) false or misleading or "bait" advertising, so called, as a funeral director advertising or using the name of an unregistered person in connection with that of any funeral establishment; (*c*) soliciting for dead human bodies by the registrant, his agents, assistants or employees, or any person acting on his behalf with his knowledge and consent, express or implied, whether such soliciting occurs after death or while death is impending; provided, that this shall not be deemed to prohibit general advertising; (*d*) employment by a registered person of persons known as cappers, or steerers or solicitors, or other such persons to obtain funeral directing or embalming; (*e*) gross immortality; (*f*) the aiding or abetting of an unregistered person to practice funeral directing or embalming; (*g*) the use of profane, indecent or obscene language in the presence of a dead human body, or within the immediate hearing of the family or relatives of a deceased, whose body has not yet been interred or otherwise disposed of; (*h*) solicitation or acceptance by a registered person of any commission or bonus or rebate in consideration of recommending or causing a dead human body to be disposed of in any crematory, mausoleum or cemetery; (*i*) the holding or keeping for resale of any casket or part of a casket which has previously been used as a receptacle for, or in connection with, the burial or other disposition of a dead human body; (*j*) violation of any of the provisions of sections eighty-three to eighty-seven, inclusive, or any rule or rules of the board; (*k*) violation of any state or municipal law or ordinance affecting the handling, custody, care or transportation of dead human bodies; (*l*) fraud or misrepresentation in obtaining a certificate; (*m*) the recommending to the board of an applicant for a certificate who has not, to his personal knowledge, complied with the requirements of sections eighty-three to eighty-seven, inclusive, or with the rules and regulations of the board; (*n*) the refusal to surrender promptly the custody of a dead human body, upon the express order of the person lawfully entitled thereto; and (*o*) failure to secure a permit for the removal or burial of a dead human body prior to interment or disposal.

Amended by St.1936, c. 407, § 3; St.1954, c. 653, § 2; St.1972, c. 684, § 49; St.1978, c. 508, § 6.

§ 84A. Violations; investigation by board; hearing; notice; review of decision

Whenever the board shall have reason to believe that any person or establishment to whom a certificate has been issued to practice or operate under section eighty-three, as the case may be, has violated any of the provisions of sections eighty-three to eighty-seven, inclusive, or any rule or regulation prescribed, or whenever written complaint, charging any registered person with the violation of any provision of the said sections is filed with the board, it shall conduct an investigation, and if from such investigation it shall appear that there is reasonable ground for belief that the accused may have been guilty of the violations charged, the board shall set a time and place for a public hearing to determine whether or not the certificate shall be revoked or suspended. Any member of the board shall have the right to administer oaths to witnesses.

No action to suspend, revoke or cancel any certificate shall be taken by the board until the accused or his counsel has been furnished with a statement of the charges against him, or it, and a notice of the time and place of hearing thereof; the furnishing of the charges and such notice to be given said accused at least fifteen days prior to the date of hearing. The accused may be represented at such hearing by counsel. If upon such hearing the board finds the charges to be true, it may revoke or suspend the certificate of the accused.

Any person or establishment aggrieved by the decision of the board to revoke or suspend his or its certificate may, within ten days after such action, bring a petition in the district court within the judicial district of which he resides, hereinafter called the court addressed to the justice of the court, praying that the action of the board may be reviewed by the court. The bringing of such a petition within such period shall operate to continue the registration in full force and effect pending the decision of the court. After such notice to the board as the court deems necessary, it shall review such action, hear the witnesses, and shall affirm the decision of the board unless it shall appear that it was made without proper cause or in bad faith, in which case the decision of the board shall be reversed. The court shall hear such petition within thirty days after the bringing thereof. The appeal from the decision of the board provided by this section is in the alternative to that provided by section sixty-four, and a decision of the court upon a petition brought under this section shall be final and conclusive.

Added by St.1954, c. 653, § 2.

§ 84B. Itemized list of funeral costs

Every licensed funeral director, his agent or servant, shall give, or cause to be given to the person making funeral arrangements, or arranging for shipment, transportation or other disposition of a deceased person, at the time such arrangements are completed or prior to the time of rendering the service, a written itemized statement showing to the extent then known the price of merchandise and service that such person making such arrangements has selected; the price of supplemental items of service and merchandise if any; the estimated amount of each item for which the funeral service firm will advance monies as an accommodation to the person making such funeral arrangements. No such funeral director, his agent or servant, shall bill or cause to be billed, any item that is referred to as a "cash advanced" item unless the net amount paid for such item by the funeral director, is the same amount as is billed to such funeral director.

Added by St.1978, c. 340.

§ 85. Rules and regulations; enforcement; records; inspection; annual reports; investigations; lists

The board is authorized to adopt and promulgate such rules and regulations for the transaction of its business and the betterment and promotion of the standards of service and practice to be followed in the profession of embalming and funeral directing, as it may deem expedient and consistent with the laws of the commonwealth; to employ inspectors who shall investigate and report to the board the results of their investigations; to employ such other employees as the work of the board may require; to keep a record in which shall be registered the name and business address of every person and establishment to whom certificates have been granted under section eighty-three, the number and date of such certificate, and the date of each renewal thereof; to inspect the premises in which funeral directing is conducted or where embalming is practiced or where an applicant proposes to practice; to adopt such rules, regulations and classifications as may be reasonable and proper; to define what shall be deemed the proper construction, drainage and ventilation, and what instruments are necessary and suitable in a preparation room and in a funeral establishment. Said board shall be responsible for the enforcement of the provisions of sections eighty-three to eighty-seven, inclusive. The board shall hold examinations for applicants for registration at such times and places and in such manner as it shall determine. The board shall keep a record of all moneys received and disbursed by it, and a duplicate thereof shall always be open to public inspection in the office of the state secretary. It shall make an annual report showing the condition of embalming and of funeral directing in the commonwealth. It shall investigate all complaints of violations of the provisions of sections eighty-three to eighty-seven, inclusive, and, if necessary, bring such violations to the notice of the proper prosecuting officers. A certified list of all funeral directors registered by the board shall be sent by the board, annually before May 1, to the board of health of the several cities and towns of the commonwealth.

Amended by St.1936, c. 407, § 3; St.1941, c. 232; St.1954, c. 653, § 2.

§ 85A. Reciprocal agreements with other states

The board may, upon the affirmative vote of a majority of its members, enter into and rescind at any time an agreement with the corresponding licensing authority of any other state competent to enter into such an agreement, which agreement shall be in substantially the following form:

> We the undersigned representatives of ( ), insert names of signatory states by and through their respective licensing authorities, hereby jointly agree that a person duly registered and licensed as a funeral director, or embalmer in either one of the above named states may go into said other state for the purpose of handling, embalming, transporting and burying dead human bodies and directing funerals as though he were registered under the laws of that state, except that he shall not maintain an establishment, advertise, have any agent or agency or otherwise hold himself out as a funeral director or embalmer other than in the state in which he is licensed.
>
> It is further agreed that the licensing authority of the state in which the funeral director or embalmer is licensed will assume the responsibility for instituting disciplinary action against any licensed funeral director or embalmer who may be guilty of unprofessional conduct in the practice of his business in the other state, when such is called to its attention by the licensing authority of that state.

Added by St.1958, c. 528.

§ 86. Display of certificates

Every holder of a certificate of registration in embalming, every holder of a certificate of registration in funeral directing, and every holder of an establishment certificate shall conspicuously display it in his place of business.

Amended by St.1936, c. 407, § 3; St.1954, c. 653, § 2.

§ 87. Unlawful embalming; engaging in business of funeral directing without registration; penalty

Whoever, not being registered as an embalmer under section eighty-three or corresponding provisions of earlier laws, shall engage in the profession of embalming dead human bodies, or whoever not being registered as a funeral director under section eighty-three and licensed as a funeral director under section forty-nine of chapter one hundred and fourteen shall engage in the business or profession of funeral directing, or shall hold himself out as such, shall, except as otherwise provided by law, be punished by a fine of not more than one hundred dollars or by imprisonment for not more than two months, or both; but this shall not be deemed to prohibit the employment of apprentice embalmers serving under the personal supervision of a registered embalmer, or the employment of assistants in funeral directing under the personal supervision of a registered and licensed funeral director, nor shall it be deemed to prohibit a corporation or partnership, if not engaged in any other business, from engaging in the business of funeral directing, if a duly registered and licensed funeral director is in charge of the business of said corporation or partnership and his name is presented to public view and in all advertising. If such corporation or partnership engages in general advertising for the purpose of advertising funeral services, then all the individuals whose names shall appear on such advertisement shall also be duly registered and licensed funeral directors, and all active members of said corporation or partnership, together with those individuals whose names shall appear, or be used in connection with the name of the corporation or partnership in the regular course of its business in the conduct of funerals and for the purpose of advertising funeral services, shall also be duly registered and licensed funeral directors. No person engaged in embalming or funeral directing or serving as an apprentice shall act or be employed as a caretaker or supervisor at any cemetery.

Amended by St.1936, c. 407, § 3; St.1937, c. 13; St.1939, c. 160, § 2; St. 1954, c. 653, § 2.

REGISTRATION OF SANITARIANS

§ 87LL. Definitions

The following words as used in sections eighty-seven MM to eighty-seven *OO*, inclusive, shall, unless the context requires otherwise, have the following meanings:—

"Board", the board of registration of sanitarians established under section fifty-one of chapter thirteen.

"Sanitarian", a person with broad basic education, experience in the physical, biological and social sciences, supplemented by specialization in the field of sanitary sciences and technology, and who is qualified to carry out instructional and inspectional duties and enforce the laws in the field of environmental sanitation.

Added by St.1957, c. 673, § 2.

§ 87MM. Registration of sanitarians; application; certificate; expiration; fee

A person who desires to be registered as a sanitarian shall file with said board an application upon a form to be prescribed and furnished by the board. He shall include in such application, under oath, his qualifications as a sanitarian. Said application shall be accompanied by a registration fee of fifteen dollars.

If the board deems the educational qualifications of the applicant are satisfactory and if he passes an examination, both written and oral, satisfactory to the board the board shall issue him a certificate of registration. Such certificate of registration shall expire at the end of the calendar year, and may be renewed on or before January fifteenth of the following year. The fee for renewal of a certificate of registration shall be five dollars.

Added by St.1957, c. 673, § 2.

§ 87NN. Qualifications of applicants; temporary certificates of registration; examinations

The board may by rule establish the minimum educational and experience qualifications which applicants must possess before being allowed to take the examinations for registration as sanitarians, and may, in like manner, provide for the issuance of temporary certificates of registration pending an examination to applicants who appear to be qualified and may, in like manner, provide for the issuance of certificates of registration without examination to persons holding certificates of registration or licenses as sanitarians under the laws of another state.

Added by St.1957, c. 673, § 2.

§ 87*OO*. Titles; Registered Sanitarian; letters R.S.; use

Any person to whom a certificate of registration as a sanitarian has been issued shall have the right to use after his name the title "Registered Sanitarian" or the letters "R.S.". No other person shall assume such title or use such letters or any other words, letters, or writing to indicate that he is a registered sanitarian.

Added by St.1957, c. 673, § 2.

REGISTRATION OF ELECTROLOGISTS

§ 87EEE. Definitions

For the purposes of sections eighty-seven FFF to eighty-seven *OOO*, inclusive, the following words shall, unless the context requires otherwise, have the following meanings:—

"Board", the board of registration of electrologists established under section fifty-eight of chapter thirteen.

"Electrolysis", the method of removing hair from the human body by the application of an electrical current to the hair-papilla by means of a needle or any other instrument or device to cause decomposition, coagulation or dehydration of the hair-papilla and thus permanently remove the hair.

Added by St.1958, c. 625, § 2. Amended by St.1976, c. 154.

§ 87FFF. Practice of electrolysis; license; penalties

No person shall engage in the practice of electrolysis or hold himself out as a practitioner of, or being able to practice, electrolysis unless he is duly licensed by the board or is a qualified physician registered under the laws of the commonwealth. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars.

Added by St.1958, c. 625, § 2.

§ 87GGG. Application for registration; qualifications; examinations; fees; renewal of license

Any person desiring to engage in the practice of electrolysis shall make application upon a form furnished by the board, which application shall be signed and sworn to by the applicant. Each application shall be accompanied by a fee of twenty-five dollars. Each applicant who shall furnish the board with satisfactory proof that he is eighteen years of age or over, of good moral character and a citizen of the United States or has filed a declaration of intention to become a citizen of the United States and that he possesses (1) the education qualifications required for graduation from an accredited high school, (2) a certificate or diploma of graduation from an electrolysis school licensed under section eighty-seven LLL, or a certificate or diploma from an electrolysis school in any other state or foreign country, which state or foreign country has standards equivalent to those required for licensing schools under section eighty-seven LLL, and (3) a basic knowledge of histology, bacteriology and sterilization, electricity, hair structure, dermatology, physiology, hygiene and equipment necessary for the practice of electrolysis, shall be examined by the board, by a written and practical examination only, the results of said examination to be made known to each applicant within six weeks after the date of the examination, and, if he passes such examination, shall be licensed as a qualified electrologist and granted a certificate signed by the chairman and secretary of the board in testimony thereof. Such license shall be valid until August first of the next odd year and may be renewed for a two year period upon application therefor on blank forms to be furnished by the board. The fee for each such renewal shall be thirty dollars.

Any person who has been licensed as a qualified electrologist or a qualified instructor, or any person to whom a license to conduct a school of electrolysis has been issued, who fails to renew such license upon its expiry date, may renew the same upon application therefor and payment of the regular renewal fee at any time within two years after said expiry date; if he fails to renew his license prior to the expiration of said two-year period, he shall be required to register as for an original license, take the required examination and pay the appropriate fee.

The board shall conduct examinations of applicants desiring to engage in the practice of electrolysis semiannually in the months of March and September.

Added by St.1958, c. 625, § 2. Amended by St.1964, c. 518, § 1; St.1969, c. 166; St.1969, c. 243; St.1970, c. 328; St.1970, c. 416; St.1973, c. 925, § 28.

§ 87HHH. Licenses; recording; display; place of business

Every person to whom a license has been issued under section eighty-seven GGG shall cause the same to be recorded in the office of the clerk of the town where he principally practices electrolysis, and if he moves his principal office he shall, before engaging in practice at a new address, notify the board in writing of the place where he is to engage in practice. If such removal is to another town, he shall obtain from the clerk of the town where his license is recorded a certified copy thereof and file it with the clerk of such other town. The fee for recording such license or certified copy thereof shall be one dollar.

Every licensed electrologist shall display his license in a conspicuous place in the principal office wherein he practices electrolysis, and shall, whenever required, exhibit it to the board or its authorized representative.

The practice of electrolysis shall be engaged in only in a fixed place or establishment, which place or establishment shall be provided with such instruments, implements and equipment, and subject to such sanitary regulations and inspection, as said board may prescribe.

Nothing in the preceding paragraph, or in any statute, ordinance, provision of law, rule or regulation shall be construed to prohibit the practice of electrolysis and the maintenance of an electrolysis office, in the licensee's home or residence; provided, the licensee complies with the conditions outlined above.

Added by St.1958, c. 625, § 2.

§ 87*III*. Revocation of licenses

The board may suspend or revoke any license issued by it after due public hearing upon finding the holder of such license to be guilty of a crime involving moral turpitude, or of unprofessional conduct, which is hereby defined to include (*a*) misrepresentation or fraud in the conduct of his practice, (*b*) false, fraudulent or misleading advertising, and (*c*) fraud or misrepresentation in obtaining a license. Any electrologist whose license has been suspended or revoked may apply to the board to have the same reissued, and the license shall be reissued upon a satisfactory showing to the board that the cause for dissatisfaction has ceased.

Added by St.1958, c. 625, § 2.

§ 87JJJ. Appeal from revocation of license

Any electrologist aggrieved by any decision or ruling of said board may, within thirty days after receiving in writing notice of such decision or ruling, appeal therefrom to the superior court for the county in which he resides, by filing in the office of the clerk of said court his reasons for appeal, and within seven days thereafter filing a copy thereof with the chairman of said board. The court shall as promptly as may be, after such notice as it may direct, hear and determine said appeal. The decision of said court shall be final.

Added by St.1958, c. 625, § 2.

§ 87KKK. Regulation of advertisement

No licensed electrologist shall include in any advertising, or publish, issue or make any misrepresentation, false, fraudulent or misleading statements through the press, circulation of advertising matter, radio, television, display signs or otherwise.

Added by St.1958, c. 625, § 2. Amended by St.1978, c. 508, § 8.

§ 87LLL. Electrolysis schools; inspection; licensing; standards; revocation of licenses; appeal; licensing of instructors

The board shall, upon the application of any school desiring to teach electrolysis in the commonwealth, inspect such school and notify the governing body thereof in writing if said school is approved by the board, or if not, what action said school must take in order to be licensed by the board. Such application shall be on a form furnished by the board, which application shall be signed and sworn to by the applicant. Each application shall be accompanied by a fee of fifty dollars. Such license shall be valid for a period of two years from its date of issue and may be renewed for a like period upon application therefor on blank forms to be furnished by the board. The fee for each such renewal shall be fifty dollars. The board and the commissioner of public health, acting in an advisory capacity, shall further establish standards to be met by said electrolysis school and shall require the school to maintain the prescribed course of study. When in the opinion of the board such standards have been met by said school, a license of approval shall be awarded to it. No school, not so licensed, may teach electrolysis. Instructors in licensed schools shall be licensed by the board and shall devote their time, exclusively, while on school premises, to teaching the theory and practice of electrolysis. No person may instruct in any electrolysis school in the commonwealth unless he is so licensed; provided, however, that upon application by an electrolysis school a person may lecture in said school on the subject of histology, bacteriology, sterilization, electricity, hair structure, dermatology, physiology, hygiene or equipment necessary for the practice of electrolysis without being so licensed, if, in the opinion of the board, said person is properly qualified in any of the above named subjects and is approved by the board to lecture on a subject in which he is found qualified. Each application shall be made upon a form furnished by the board and shall be accompanied by a fee of five dollars. Such approval by the board shall be valid for two years from the date of issue. If at any time an approved school has, in the opinion of the board, lowered its standards below those established by the board, such license, after notice and hearing, may be revoked by the board. Any applicant aggrieved by the refusal of the board to approve an electrolysis school shall be entitled to have the reasonableness of such refusal reviewed by a justice of the superior court whose decision shall be final.

Any licensed electrologist, desiring to instruct in the practice and theory of electrolysis in a school licensed under this section, shall make application upon a form furnished by the board. Such application shall be signed and sworn to by the applicant, and shall be accompanied by a fee of twenty-five dollars. Each applicant, who shall furnish the board with satisfactory proof that for at least five years he has been actively engaged in the practice of electrology and that he possesses the qualifications to instruct students in the theory and practice of electrolysis, shall be given an examination by the board, and, if he passes such examination, shall be licensed as a qualified instructor, and granted a license signed by the chairman and the secretary of the board in testimony thereof. Such license shall be valid for a period of two years from the date of its issue, and may be renewed for a like period upon application therefor on blank forms to be furnished by the board. The fee for each such renewal shall be ten dollars. Such license shall be valid only when instructing in an electrolysis school licensed under this section.

Added by St.1958, c. 625, § 2. Amended St.1964, c. 518, § 2; by St.1973, c. 782.

§ 87MMM. Rules and regulations; publication

The board may make and shall publish necessary rules and regulations for the proper discharge of its duties and the enforcement of sections eighty-seven FFF to eighty-seven *OOO*, inclusive.

Added by St.1958, c. 625, § 2.

§ 87NNN. Penalties

Whoever violates any provision of sections eighty-seven FFF to eighty-seven *OOO*, inclusive, for which a penalty is not otherwise prescribed, or any rule or regulation of the board shall be punished by a fine of not more than twenty dollars.

Added by St.1958, c. 625, § 2.

§ 87OOO. Licensing without examination

The board may, upon the payment of a fee of twenty-five dollars, grant, without examination, a license to practice electrolysis, and issue a certificate, to any person licensed or registered under the laws of any other state, which state, in the opinion of the board, shall require a degree of competency equal to that required of applicants for licensure as electrologists in this commonwealth, and which extends a like courtesy to electrologists licensed in this commonwealth.

The board shall, upon the payment of a fee of fifty dollars, examine any person who makes application, upon a form furnished by the board, for a license to practice electrolysis, provided such applicant furnishes the board with satisfactory proof that he is eighteen years of age or over, of good moral character, and a citizen of the United States or has filed a declaration of intention to become a citizen of the United States, and furnishes the board with documentary proof that he has been actively engaged in the practice of electrolysis in another state for not less than ten years immediately preceding the date of his application. If such person passes such examination, the board shall grant him a license to practice electrolysis and shall issue him a certificate signed by the chairman and secretary of the board in testimony thereof. Such license shall be valid until August first of the next odd year and may be renewed for a two year period upon application thereof upon a form furnished by the board. The fee for such renewal shall be thirty dollars.

Added by St.1958 c. 625, § 2. Amended by St.1967, c. 137; St.1973, c. 925, § 29.

REGISTRATION OF CERTIFIED HEALTH OFFICERS

§ 87WWW. Definitions

For the purposes of this section and sections eighty-seven XXX to eighty-seven ZZZ, inclusive, the following words shall, unless the context requires otherwise, have the following meanings:

"Board", the board of certification of health officers established by section seventy of chapter thirteen.

"Health officer", a person with a broad basic education and experience in the physical and biological and social sciences supplemented by specialization in the field of health administration and who is qualified to carry out public health administrative duties and enforce the laws in the field of public health.

Added by St.1970, c. 521, § 2.

§ 87XXX. Application; certification; renewal; fees

A person who desires to be certified as a health officer shall file with said board an application upon a form to be prescribed and furnished by the board. He shall include in such application under oath his qualifications as a health officer. Said application shall be accompanied by a registration fee of twenty-five dollars.

If the board deems the educational qualifications of the applicant are satisfactory and if he passes an examination both written and oral satisfactory to the board, the board shall issue him a certificate. Said certification shall expire at the end of the calendar year and may be renewed on or before January fifteen of the following year. The fee for renewal or certification shall be five dollars and shall be acknowledged by sending the person certified a notice of renewal.

Added by St.1970, c. 521, § 2.

§ 87YYY. Qualifications; temporary certification

The board may by rule establish the minimum educational and experience qualifications which the applicants must possess before being allowed to take the examination for certification as health officers and may in like manner provide for the issuance of temporary certification pending an examination to applicants who appear to be qualified and may in like manner provide for the issuance of certification without examination to persons holding certification of licenses as health officers under the laws of another state.

Added by St.1970, c. 521, § 2.

§ 87ZZZ. Title: Certified Health Officer or C.H.O.

Any person to whom a certificate or certification as a health officer has been issued shall have the right to use after his name the title "Certified Health Officer" or the letters "C.H.O.". No other person shall assume such title or use such letters or any other words, letters or writing to indicate that he is a certified health officer. No employee of a local board of health shall be required to be a certified health officer as a condition precedent to employment.

Added by St.1970, c. 521, § 2.

CERTIFICATION OF OPERATORS OF WASTE WATER TREATMENT FACILITIES

§ 87AAAA. Application; certificate; renewal; fees; temporary emergency certification

A person who desires to be certified as an operator of a waste water treatment facility shall file with the board of certification of operators of waste water treatment facilities established by section sixty-six A of chapter thirteen, an application upon a form to be furnished by said board. He shall include in such application under oath his qualifications. If the qualifications of the applicant meet or exceed the minimum qualifications established by said board and if he passes an examination satisfactory to the board, the board shall issue him either a certificate as an operator or a certificate as an operator in training which shall expire at the end of the calendar year and may be renewed from year to year thereafter. The fee for the original certificate shall be ten dollars and for any renewal thereof five dollars. Said board may provide for the issuance for good cause shown of temporary emergency certification to be effective for a period of no longer than six months. The fee for said temporary emergency certification shall be ten dollars.

Added by St.1970, c. 781, § 2. Amended by St.1975, c. 736.

§ 87BBBB. Operation of treatment facilities; necessity of certification; penalty; jurisdiction

No person, corporation, city, town or district shall operate a treatment facility used for treating, neutralizing or stabilizing waste water from homes, public buildings, commercial or industrial establishments or any combination thereof, unless the person in charge thereof shall have received a certificate of competency issued by the board of certification of waste water treatment facility operators established by section sixty-six A of chapter thirteen, or unless said board shall have issued a temporary emergency certification for a duration of not more than six months. Violation of this section shall be punished by a fine of not more than twenty dollars for each day such violation occurs. The superior court shall have jurisdiction in equity to enforce the provisions of this section.

Added by St.1970, c. 781, § 2. Amended by St.1971, c. 277.

CERTIFICATION OF OPERATORS OF DRINKING WATER SUPPLY FACILITIES

§ 87CCCC. Application; qualifications; examination; certificate; renewal; fees; temporary emergency certification

A person who desires to be certified as an operator of a drinking water supply facility shall file with the board of certification of operators of drinking water supply facilities, established by section sixty-six B of chapter thirteen, an application upon a form to be furnished by said board. He shall include in such application under oath his qualifications. If the qualifications of the applicant meet or exceed the minimum qualifications established by the board, and if he passes an examination satisfactory to the board, the board shall issue him a certificate, which shall expire at the end of the calendar year in which it is issued and which may be renewed from time to time for periods of not more than four years thereafter, as the board shall determine. The fee for the original certificate shall be twenty dollars and for any renewal thereof, ten dollars per year. Said board may provide for the issuance for good cause shown of temporary emergency certification to be effective for a period of no longer than six months.

Added by St.1971, c. 942, § 2. Amended by St.1975, c. 622.

§ 87DDDD. Operation of drinking water supply facilities; necessity of certification; penalty; jurisdiction

No person, corporation, city, town or district shall furnish to the public any drinking water for which any charge is made unless the treatment and distribution of such water is at all times under the supervision of a person who shall have received a certificate of competency issued by the board of certification of operators of drinking water supply facilities, established by section sixty-six B of chapter thirteen, or unless said board shall have issued a temporary emergency certification for a duration of not more than six months. Violation of this section shall be punished by a fine of not more than twenty dollars for each day such violation occurs. The superior court shall have jurisdiction in equity to enforce the provisions of this section.

Added by St.1971, c. 942, § 2.

GENERAL PROVISIONS AS TO ALL STATE BOARDS OF REGISTRATION OR EXAMINATION

§ 88. Issuance of certified statements and duplicate certificates of registration

Except as otherwise provided in section thirty-three of chapter ninety, every board of registration or examination established by the commonwealth shall—

(1) Establish rules and regulations stipulating what information is to be furnished in a certified statement of registration for the fee of one dollar, and stipulating that, in case any additional information is furnished, the fee shall be two dollars.

(2) Furnish to any applicant the certified statement of registration applied for, provided that the application therefor is accompanied by the fee prescribed by its rules and regulations established as provided above.

(3) Issue a duplicate certificate of registration upon satisfactory evidence that the original certificate has been lost or destroyed, and the fee therefor shall be five dollars, except that the fee for duplicates of certificates of registration issued under sections eighty-seven T to eighty-seven JJ, inclusive, shall be one dollar; provided, however, that if the original certificate of registration issued under said sections has been lost or destroyed by fire, flood or hurricane, a du-

plicate certificate of registration may be issued for the unexpired term without fee.

Amended by St.1941, c. 626, § 13; St.1956, c. 410.

REGISTRATION OF CHIROPRACTORS

§ 89. Definitions

For the purposes of this section and sections ninety to ninety-seven, inclusive, the following words shall, unless the context requires otherwise, have the following meanings:

"Board", the board of registration of chiropractors established by section sixty-four of chapter thirteen.

"Chiropractic", the science of locating, and removing interference with the transmission or expression of nerve force in the human body, by the correction of misalignments or subluxations of the bony articulation and adjacent structures, more especially those of the vertebra column and pelvis, for the purpose of restoring and maintaining health. It shall exclude operative surgery, prescription or use of drugs or medicines, the practice of obstetrics, the treatment of infectious diseases, and internal examinations whether or not diagnostic instruments are used except that the X-ray and analytical instruments may be used solely for the purposes of chiropractic examinations.

"Chiropractor", a person who lawfully practices chiropractic.

"License renewal certificate", a certificate issued annually by the board to a registered chiropractor upon payment of the license fee as provided in section ninety-six, and upon presentation of satisfactory evidence to the board that said chiropractor has completed the prescribed educational requirements for renewal.

Added by St.1966, c. 409, § 2. Amended by St.1972, c. 447, § 1.

§ 90. Rules and regulations; records; reports

The board may make and publish necessary rules and regulations for the proper conduct of its duties, and shall keep a full record of its proceedings and keep a record of the names of all persons examined or registered by it, which shall be open to public inspection. The board shall make an annual report containing a full and complete account of all of its official acts during the preceding year and setting forth the condition of chiropractic in the commonwealth.

Added by St.1966, c. 409, § 2.

§ 91. Application for certificate; filing; fees; qualifications of applicant

Every person, before engaging in the practice of chiropractic in this commonwealth, shall make application to the board, on a form prescribed and furnished by it, for a certificate to practice chiropractic. Said application shall be filed with the secretary of the board at least thirty days before the date of examination, and shall be accompanied by an examination fee of twenty-five dollars or, in the case of a reexamination, each applicant shall pay a fee of five dollars for each subject upon which he is reexamined, but the aggregate of such reexamination fees shall not exceed twenty dollars. Each applicant must be at least eighteen years of age and of good moral character, and shall furnish the board with satisfactory proof that he has completed two years in a curriculum leading to a bachlor's degree in liberal arts or science and that he is a graduate of a chiropractic school or college approved by the board, and which is (1) authorized by its charter to confer the degree of doctor of chiropractic; (2) gives a course of four academic years, comprising a total of four thousand hours, to matriculants possessing the educational qualifications required for graduation from an accredited public high school; and (3) confers such degree only after personal attendance of the applicant therefor at such course, and upon completion thereof.

Added by St.1966, c. 409, § 2. Amended by St.1966, c. 409, § 5; St.1968, c. 453; St.1973, c. 925, § 32.

§ 92. Licensees of other states; registration

Any person licensed by a chiropractic board of any other state having at the time when said person obtained his license a standard equal to that of this commonwealth and which extends similar privileges to persons licensed by the commonwealth, or any person certified by the National Board of Chiropractic Examiners of the United States, may be registered at the discretion of the board upon the payment of a fee of one hundred dollars and the production to the board of his diploma, the license obtained in such other state by examination or the proof of his certification by said National Board of Chiropractic Examiners of the United States, and evidence satisfactory to the board that he is of good moral character. The board may accept any or all facts of the examination of said National Board of Chiropractic Examiners of the United States in lieu of equivalent subjects in the examination required under section ninety-four. Any person making application under this section under a license granted by another state shall produce evidence that he has practiced chiropractic under such license for at least three years.

Added by St.1966, c. 409, § 2. Amended by St.1968, c. 137.

§ 93. Refusal to grant certificate; revocation

The board may refuse to grant a certificate to any person who has been convicted of a felony involving moral turpitude, who has been guilty of unprofessional conduct, or who is addicted to any vice to such a degree as to render him, in the opinion of the board, unfit to practice chiropractic, and may, for any of said causes, after due notice and hearing, revoke a certificate already issued.

Added by St.1966, c. 409, § 2.

§ 94. Examinations; registration; certificate; display

The board shall examine each applicant as to his qualifications for the practice of chiropractic. Such examination shall be in writing, and except as otherwise provided by section ninety-two, shall include the subjects of anatomy, physiology, chemistry, pathology, diagnosis, hygiene, public health, the use and effects of X-ray and chiropractic principles and practice as taught in chiropractic schools and colleges, and its examination shall also include practical demonstrations of chiropractic technique. Except for the examinations in chiropractic principles and practice, the use and effects of X-ray, and the practical demonstrations of chiropractic techniques, the examinations required by this section may be proposed by the board of higher education, and shall be under the direction and supervision of the board of registration of chiropractors. Every applicant whom the board finds qualified to practice chiropractic shall be registered as a chiropractor by the board, and a certificate of such registration signed by the chairman and secretary of the board shall be issued to such applicant. Said certificate shall entitle the person to whom it is issued to practice chiropractic in this commonwealth, shall designate him as a chiropractor and shall be publicly displayed at his principal office so long as he shall continue to practice chiropractic. The board shall furnish each person registered as a chiropractor a copy of section eighty-nine, which copy shall be the same size as the certificate of registration and shall be similarly displayed.

Added by St.1966, c. 409, § 2.

§ 95. Unauthorized practice or impersonation; penalty

Whoever, not being lawfully authorized to practice chiropractic in this commonwealth, practices or attempts to practice chiropractic, or holds himself out as a practitioner of, or as being able to practice, chiropractic, or uses the science or system of chiropractic, or uses any of the titles, words or letters, "chiropractic", "chiropractor", "chiropractic physician", "doctor of chiropractic", "D.C.", or any other titles or letters, either alone or with qualifying words or phrases, in such manner or under such circumstances as to indicate that he is engaged in the practice of chiropractic, or whoever practices chiropractic under a false or assumed name or under a name other than that by which he is registered, or whoever personates another practitioner of chiropractic, or whoever buys, sells or fraudulently obtains any diploma, license, license renewal certificate, or record or registration to practice chiropractic, or aids or abets in such selling or fraudulent obtaining, or whoever practices chiropractic under cover of any diploma, license, license renewal certificate, record or registration to practice chiropractic illegally obtained or signed or issued unlawfully or under fraudulent representations or whoever being licensed to practice chiropractic in this commonwealth uses any title, words or letters which do not indicate that he is engaged in the practice of chiropractic, shall be punished by a fine of not less than one hundred nor more than one thousand dollars, or by imprisonment for not less than thirty days nor more than one year, or both.

Added by St.1966, c. 409, § 2; St.1969, c. 313. Amended by St.1972, c. 447, § 2.

§ 96. Address; notification of board; license fee; change of address; suspension of authority; list of chiropractors

Every registered chiropractor, upon commencing to practice, shall forthwith notify the board of his office address or addresses. Every registered chiropractor practicing as aforesaid shall annually, before April first, pay to the board a license fee, which license fee shall be set annually by the board but which shall not exceed ten dollars. The board shall thereupon issue to said registered chiropractor a license renewal certificate; provided, however, that said chiropractor shall furnish to the board satisfactory evidence that he has attended, in the twelve months preceding each renewal date, twelve hours of instruction in chiropractic related subjects as conducted by the Massachusetts Chiropractic Society or received instruction equivalent thereof as approved by the board. Satisfactory evidence of completion of post-graduate study of a type and character, at an educational session or institution, both as approved by the board, shall be considered said equivalent. The board may waive such educational requirements if it is satisfied that an applicant was prevented from meeting said educational requirements by reason of an unusual emergency, or that the applicant has undergone an extreme hardship, or for other good and sufficient reason deemed adequate by the board. Each registered chiropractor shall promptly notify the board of any change in his address or addresses, and from time to time shall furnish such other information to the board as it may require. The board may suspend the authority of any registered chiropractor to practice chiropractic for failure to comply with any of the above requirements. The board shall publish annually complete lists of the names and office addresses of all chiropractors registered and practicing in the commonwealth arranged alphabetically by name and also by the towns where their various offices are situated.

Added by St.1966, c. 409, § 2. Amended by St.1968, c. 477; St.1972, c. 447, § 3.

§ 97. Rendition of services; advertisement

Registered chiropractors may render services under the terms and provisions of the workmen's compensation and rehabilitation laws.

No registered chiropractor or person practicing chiropractic shall include, or permit or cause to be included, in any advertising in any newspaper, or by radio, television, display sign, personal solicitation or other manner of advertising, any written or spoken words or statements of character tending to deceive or mislead the public.

Added by St.1966, c. 409, § 2. Amended by St.1978, c. 508, § 9.

REGISTRATION AND LICENSING OF PSYCHOLOGISTS

§ 118. Definitions

As used in sections one hundred and eighteen to one hundred and thirty, inclusive, the following words shall have the following meanings unless the context clearly indicates a different meaning:

"Psychologist", an individual who by training and experience meets the requirements for licensing by the board and is duly licensed to practice psychology in the commonwealth.

"The practice of psychology", rendering or offering to render professional service for any fee, monetary or otherwise, to individuals, groups of individuals, organizations, or the public; which services involve the application of psychological principles, methods or procedures in the prediction, interpretation or modification of psychological processes or behavior.

Such professional services may include, but are not limited to, administration and interpretation of psychological tests and assessment procedures; diagnosis, prevention, treatment or amelioration of adjustment problems or mental and emotional disorders; counseling; psychotherapy; hypnosis; personnel selection; mediation of interpersonal and social conflicts; evaluation and development of educational programs; assessment of attitudes and opinion; improvement of marketing and advertising, and design and conduct of psychological research.

"Board", the board of registration of psychologists.

"Recoznized educational institution", a degree-granting college or university recognized as such by the United States Office of Education or the commonwealth.

Added by St.1971, c. 1021, § 2.

§ 119. Application; contents and requirements

Each person desiring to obtain a license as a psychologist shall make application therefor to the board upon such form and in such manner as the board shall prescribe and shall furnish evidence satisfactory to the board that he:

(*a*) Is of good moral character;

(*b*) Has received a doctoral degree in psychology, or in a closely related field with a major emphasis in psychology, from a recognized educational institution;

(*c*) Has engaged for the equivalent of at least two years full time, at least one year of which was subsequent to his receiving the doctoral degree, in psychological employment, teaching, research, or professional practice under the supervision of or in collaboration with a licensed psychologist, or one clearly eligible for licensure in the opinion of the board;

(*d*) Conducts his professional activities in accordance with accepted standards such as the Ethical Standards of Psychologists of the American Psychological Association, or the Ethical Standards of the American Personnel and Guidance Association.

Added by St.1971, c. 1021, § 2.

§ 120. Examination of applicants

Upon satisfaction of requirements specified in section one hundred and nineteen, the applicant shall pass an examination administered by the board. Examinations shall be conducted at least once a year at a time and place to be designated by the board. Examinations shall be written, oral, or both as the board deems advisable. An applicant shall be held to have passed an examination upon the affirmative vote of at least three members of the board. Any person who shall have failed an examination conducted by the board may not be admitted to a subsequent examination for a period of at least six months.

Added by St.1971, c. 1021, § 2.

§ 121. Issuance of license without examination

Notwithstanding the provisions of section one hundred and twenty, the board may issue a license without examination to an applicant who presents evidence that he has been licensed or certified as a psychologist by a similar board of another jurisdiction whose standards, in the opinion of the board, are not lower than those required in the commonwealth; or that he holds a diploma from a nationally recognized board or agency approved by the board.

Added by St.1971, c. 1021, § 2.

§ 122. Unauthorized practice or use of title; punishment

On and after January first, nineteen hundred and seventy-four, any person not licensed to practice psychology who holds himself out to be a psychologist, or who uses the title "psychologist" or engages in the practice of psychology in a manner that implies or would reasonably be deemed to imply that he is so licensed shall be punished by a fine of not more than five hundred dollars, or by imprisonment for not more than three months, or both.

Added by St.1971, c. 1021, § 2.

§ 123. Penalties; exemptions

The penalties in section one hundred and twenty-two shall not apply to:

(*a*) The salaried employment of individuals in recognized educational institutions, federal, state, county or local governmental institutions, non-profit community agencies, or research facilities while performing those duties for which they are employed by such institutions, agencies, or facilities;

(*b*) The salaried employment of individuals certified as school psychologists by the department of education when functioning within the scope of their employment by a private or public school system;

(*c*) The salaried employment of individuals in corporations, partnerships, associations, or for persons, providing psychological services for remuneration while performing those duties for which they are employed by such organizations or persons, under the supervision of a licensed psychologist;

(*d*) Persons eligible for licensure under section one hundred and nineteen who are full time employees of a recognized educational institution or a non-profit research facility who are solicited for consultation of a research nature;

(*e*) Persons eligible for licensure under section one hundred and nineteen who provide consultative services for a fee no more than one day a month;

(*f*) Students of psychology, psychological interns or persons preparing for the practice of psychology under qualified supervision in a recognized training institution or facility provided that they are designated by such titles as "psychological intern", "psychological trainee", or others clearly indicating such training status.

Added by St.1971, c. 1021, § 2. Amended by St.1977, c. 829, § 10.

§ 124. Temporary licenses

The board may grant a temporary license for a period not to exceed one year to a psychologist with legal residence outside the commonwealth to practice within the commonwealth provided he registers with the board and practices in consultation with, or under the supervision of, a licensed psychologist, or possesses qualifications acceptable to the board.

Added by St.1971, c. 1021, § 2.

§ 125. Exclusion of other professions or occupations from application of licensing or registration requirements

Nothing in sections one hundred and eighteen to one hundred and twenty-nine, inclusive, shall be construed to prevent qualified members of other professions or occupations such as physicians, teachers, members of the clergy, authorized Christian Science practitioners, attorneys-at-law, social workers, guidance counselors, clinical counselors, adjustment counselors, speech pathologists, audiologists, or rehabilitation counselors from doing work of a psychological nature consistent with the accepted standards of their respective professions, provided, however, that they do not hold themselves out to the public by any title or description stating or implying that they are psychologists or are licensed to practice psychology.

Added by St.1971, c. 1021, § 2.

§ 126. Fees

The following fees shall be assessed and collected by the board: (*a*) Application fee, fifty dollars, (*b*) Initial license fee, twenty-five dollars, (*c*) Temporary license fee, ten dollars, (*d*) Biennial renewal fee, twenty-five dollars.

Added by St.1971, c. 1021, § 2.

§ 127. Term of license; renewal

Licenses shall be valid for two years and shall be renewed biennially. On or before April fifteenth every two years the secretary of the board shall forward to each licensed psychologist an application form for renewal. Upon the receipt of the completed form and the renewal fee on or before June first, the secretary shall renew the license for two years commencing July first. Any application for renewal of a license which has expired shall require the payment of a new application fee.

Added by St.1971, c. 1021, § 2.

§ 128. Revocation or suspension of license; notice, hearing, order; injunction

The board may revoke any license, or may suspend the same for a definite period not to exceed two years, if the holder has been convicted of a felony involving moral turpitude in connection with the practice of psychology, or has been found by the board to have employed fraud or deceit in obtaining his license or to have acted improperly, unethically or with gross negligence in the conduct of his profession.

Notice in writing of a contemplated revocation or suspension of a license, of the cause therefor in sufficient particularity, and of the date of hearing thereon, shall be sent by registered or certified mail to the licensee at his last known address at least fifteen days before the date of such hearing. The psychologist against whom a charge is filed shall have a right to appear before the board in person or by counsel, or both, may produce witnesses and evidence in his behalf, and may question witnesses. No license shall be revoked or suspended without such hearing, but the nonappearance of the licensee, after notice, shall not prevent such hearing. All matters upon which the decision is based shall be introduced in evidence at the proceeding. The licensee shall be notified in writing of the board's decision. The board may make such rules and regulations as it deems proper for the filing of charges and the conduct of hearings.

After issuing an order or revocation or suspension the board may also file a petition in equity in the superior court in a county in which the respondent resides or transacts business, or in Suffolk county, to ensure appropriate injunctive relief to expedite and secure the enforcement of its order, pending the final determination.

Added by St.1971, c. 1021, § 2.

§ 129. Reinstatement of license

After three years from the date of revocation, an application for reinstatement may be made to the board, which may, upon the affirmative vote of at least three of its members, grant such reinstatement.

Added by St.1971, c. 1021, § 2.

LICENSING OF SOCIAL WORKERS

§ 130. Definitions

As used in this section and sections one hundred and thirty-one to one hundred and thirty-seven, inclusive, the following words shall have the following meanings, unless the context clearly indicates a different meaning:

"Board", means the board of registration of social workers.

"Recognized educational institution", a degree granting college or university recognized as such by the United States Office of Education or the commonwealth.

"Social worker", an individual who by training and experience meets the requirements for licensing by the board and is duly licensed to engage in the practice of social work in the commonwealth.

"The practice of social work", rendering or offering to render professional service for any fee, monetary or otherwise, to individuals, families, or groups of individuals, which services involve the application of social work theory and methods in the prevention, treatment, or resolution of mental and emotional disorders or family or social dysfunctioning caused by physical illness, intrapersonal conflict, interpersonal conflict or environmental stress. Such professional services may include, but shall not be limited to, the formulation of a psychosocial evaluation, counseling, psychotherapy of a nommedical nature, referral to community resources, and the development and provision of educational programs.

"Counseling", engaging individuals, families, or groups of individuals in conscious, problem solving discussions about psychosocial problems. Such counseling efforts may or may not include facilitating the client's obtaining financial or other forms of environmental assistance.

"Psychotherapy of a nommedical nature", the utilization of psychological and interpersonal theories and related practice methodologies to assess, interpret and modify conscious and unconscious processes of behavior.

"Licensed certified social worker", an individual who is licensed by the board to practice social work and who meets the qualifications set forth in section one hundred and thirty-one for a certified social worker.

"Licensed social worker", an individual who is licensed by the board to practice social work and who meets the qualifications set forth in section one hundred and thirty-one for a social worker.

"Licensed social work associate", an individual who is licensed by the board to practice social work and who meets the qualifications set forth in section one hundred and thirty-one for a social work associate.

"The independent practice of clinical social work", rendering or offering to render professional services for any fee, monetary or otherwise, to individuals, families, or groups of individuals, which services involve the application of social work theory and methods in the treatment of mental and emotional disorders through the use of psychotherapy of a nonmedical nature by an individual who is not providing such services under the employ of a recognized educational institution, federal state or municipal institution, or an institution, facility or agency which is licensed to operate under the laws of the commonwealth.

"Licensed independent clinical social worker", an individual who is licensed by the board to practice independent clinical social work and who meets the qualifications set forth in section one hundred and thirty-one for an independent clinical social worker.

Added by St.1977, c. 818, § 2.

§ 131. Application; requirements; exemption from examination and experience

Any individual desiring to obtain a license as a certified social worker shall make application therefor to the board upon such form and in such manner as the board shall prescribe and shall furnish evidence satisfactory to the board that he has received a doctorate or master's degree in social work from an accredited educational institution; has passed an examination prepared by the board for this purpose; and will conduct his professional activities as a certified social worker in accordance with generally accepted professional standards.

Any individual desiring to obtain a license as a social worker shall make application therefor to the board upon such form and in such manner as the board shall prescribe and shall furnish evidence satisfactory to the board that he has received a baccalaureate degree in social work from an accredited educational institution, or; has received a baccalaureate degree from an accredited educational institution and, in addition, has had two years of full-time, or the equivalent in part-time, experience in a social service setting deemed suitable by the board; provided, however, that two years of such experience may also be substituted for each year of undergraduate college education. When such substitution is utilized, a minimum of five years of such experience shall be required. Said individual shall also furnish evidence satisfactory to the board that he has passed an examination prepared by the board for this purpose; and will conduct his activities as a social worker in accordance with generally accepted professional standards.

State, county, and municipal employees are exempt from the examination and experience requirements necessary to become a licensed social worker provided they have completed six months of employment in a public agency as a social worker and have passed equivalent civil service examinations or have satisfied the board that they can otherwise meet the examination or experience requirements for licensing as set forth in this act. In the event of a dispute over equivalency, the board shall consult with the appropriate public employment authorities before rendering a final decision.

Any individual desiring to obtain a license as a social work associate shall make application therefor to the board upon such form and in such manner as the board shall prescribe and shall furnish evidence satisfactory to the board that he has received an associate in arts degree in a human service field or a baccalaureate degree from an accredited educational institution or can satisfy the board's requirements for equivalent educational credits. Two years of full-time, or the equivalent in part-time, experience in a social service setting deemed suitable by the board may be substituted for each year of undergraduate college education. Said individual shall also furnish evidence satisfactory to the board that he has passed an examination prepared by the board for this purpose; and he will conduct his activities as a social work associate in accordance with generally accepted professional standards.

State, county, and municipal employees are exempt from the examination and experience requirements necessary to become a licensed social work associate provided they have completed six months of employment as a social worker in a public agency and have passed equivalent civil service examinations or have satisfied the board that they can otherwise meet the examination or experience requirements for licensing as set forth in this section. In the event of a dispute over equivalency, the board shall consult with the appropriate public employment authorities before rendering a final decision.

Any individual desiring to obtain a license as an independent clinical social worker shall make application therefor to the board upon such form and in such manner as the board shall prescribe and shall furnish evidence satisfactory to the board that he is licensed under this section as a certified social worker; has had three years of full-time experience in the field of clinical social work, or the equivalent in part-time experience which is acceptable to the board, at least two of which are subsequent to receiving the master's degree in social work; and has passed a specialty examination in clinical social work prepared by the board for this purpose.

Added by St.1977, c. 818, § 2.

§ 132. Examination of applicants; re-examination; issuance of license without examination

Examinations for licensed certified social workers, including those in independent clinical practice, licensed social workers and licensed social work associates shall be conducted at least four times per year at times and places designated by the board. Examinations shall be written, oral or both written and oral, as requested by the individual applicant. An applicant shall be held to have passed such examination upon the decision of at least four members of the board. Any person who shall have failed an examination conducted by the board may be admitted to the next subsequent examination.

The board may issue a license without examination to an applicant who satisfies the board that he has passed an examination and is or has been licensed or registered under the laws of another state, territory, or political subdivision of the United States, whose standards, in the opinion of the board, are substantially the equivalent of the requirements of section one hundred and thirty-one, and whose license has not been suspended or revoked by the licensing jurisdiction.

Added by St.1977, c. 818, § 2.

§ 133. Unauthorized practice; punishment

No person shall engage in the practice of social work unless he is licensed under the provisions of section one hundred and thirty-one.

No person shall hold himself out to be a licensed certified social worker, or a licensed social worker, or a licensed social work associate unless he has met the applicable requirements set forth in section one hundred and thirty-one.

No person shall engage in the independent practice of clinical social work or hold himself out to be a licensed independent clinical social worker unless he is licensed under the applicable provisions of section one hundred and thirty-one.

Violation of this section shall be punishable by a fine of not more than five hundred dollars, or by imprisonment for not more than three months or by both such fine and imprisonment.

Added by St.1977, c. 818, § 2.

§ 134. Practice of social work by certain parties

Nothing in sections one hundred and thirty to one hundred and thirty-seven, inclusive, shall be construed to prevent qualified members of other professions or occupations such as licensed physicians, registered nurses, licensed practical nurses, licensed psychologists, members of the clergy, attorneys, clinical members of the American Association of Marriage and Family Counselors, school adjustment or school guidance counselors who are employed by recognized private educational institutions while performing those duties for which they are employed, registered occupational therapists or certified occupational therapist assistants who are certified by the American Occupational Therapy Association, certified rehabilitation counselors who are certified by the Commission on Rehabilitation Counselor Certification of the National Rehabilitation Counselors Association and the American Rehabilitation Counselors Association, from doing work of a social service nature; provided, however, that they do not hold themselves out to the public by any title or description stating or implying that they are engaged in the practice of social work, or that they are licensed to practice social work or independent clinical social work.

Nothing in sections one hundred and thirty to one hundred and thirty-seven, inclusive, shall prevent the practice of social work by students of social work or social work interns or persons preparing for the practice of social work under qualified supervision in a recognized educational institution or facility so long as they are designated by such titles as "social work student", "social work trainee", or "social work intern", or others clearly indicating such training status.

Nothing in sections one hundred and thirty to one hundred and thirty-seven, inclusive, shall prevent the practice of social work or the use of the official titles social worker or social work associate by individuals employed in state, county, or municipal governmental agencies, provided that such persons are performing those activities as part of the duties for which they are employed or solely within the confines or under the jurisdiction of the agency in which they are employed.

A license to practice social work shall not be a requirement for qualification for civil service examinations nor shall it be a requirement for employment in any state, county, or municipal agency.

Added by St.1977, c. 818, § 2.

§ 135. Confidential information; disclosure prohibited; exceptions

No social worker in any licensed category, including those in private practice, may disclose any information he may have acquired from persons consulting him in his professional capacity except:

(*a*) with the written consent of the person or, in the case of death or disability of his own personal representative, other person authorized to sue, or the beneficiary of an insurance policy on his life, health, or physical condition;

(*b*) that a licensed certified social worker, including those engaged in independent clinical practice, licensed social worker, or licensed social work associate shall not be required to treat as confidential a communication that reveals the contemplation or commission of a crime or a harmful act;

(*c*) when the person waives the privilege by bringing charges against the licensed certified social worker, including those engaged in independent clinical practice, the licensed social worker, or the licensed social work associate.

Added by St.1977, c. 818, § 2.

§ 136. Licenses; effective date; expiration; renewal; continuing education requirements, waiver

All licenses shall be effective when issued by the board. The license of licensed certified social workers, including those engaged in independent clinical practice, licensed social workers and licensed social work associates shall expire on a date to be determined by the board.

A license may be renewed by the payment of the renewal fee as set by the board and by the completion and submission on a form provided by the board of a sworn statement by the applicant that his license has been neither revoked nor is currently suspended and that he has not been convicted of a felony involving moral turpitude in connection with the practice of social work.

The application for renewal may be made within one year of the expiration of the license.

At the time of license renewal, each applicant shall present satisfactory evidence that in the period since the license was issued, he has completed the continuing education requirements specified by the board.

In the case of renewal of licenses for state, county, and municipal employees, the continuing education requirement shall be waived provided that the applicant can show satisfactory evidence of his continued employment in the field of social work during this period of time.

Added by St.1977, c. 818, § 2.

§ 137. Licenses; board's refusal to renew; revocation; suspension; notice; hearing; enforcement by injunction; reinstatement

The board may refuse to renew, revoke, suspend for an indefinite period or cancel the certificate of registration or order further training or reprimand, censure or otherwise discipline a licensee on proof after a hearing that the person has been convicted of a felony involving moral turpitude in connection with the practice of social work or has been found guilty by the board of having employed fraud or deceit in obtaining his license unethically or of gross negligence in the conduct of his practice. Notice in writing of a contemplated revocation or suspension of a license, of the cause therefor in sufficient particularity and of the date of the hearing thereon, shall be sent by registered or certified mail to the licensee at his last known address at least fifteen days before the date of such hearing. The social worker against whom a charge has been filed shall have a right to appear before the board in person or by counsel, or both, may produce witnesses and evidence in his behalf, and may question witnesses. No license shall be revoked or suspended without such hearing, but the non-appearance of the licensee, after notice, shall not prevent such hearing. All matters upon which the decision of the board is based shall be specified in writing and the licensee shall receive written notification of the board's decision. Except as specified above, all proceedings conducted by the board pursuant to this section shall be implemented in accordance with the provisions of chapter thirty A.

After issuing an order for revocation or suspension the board may also file a petition in equity in the superior court in the county in which the respondent resides or conducts his practice of social work, or in Suffolk county, to ensure appropriate injunctive relief to expedite the secure enforcement of its order.

The board may, not less than three years after the revocation of any license to practice social work, accept an application to reinstate such license. The board may reinstate such license if, in its opinion, the circumstances causing such revocation no longer warrant continuation of the revocation.

Added by St.1977, c. 818, § 2.

CHAPTER 113

PROMOTION OF ANATOMICAL SCIENCE

Sec.

1. Disposition of bodies of deceased persons.
2. Bodies of veterans, strangers or travelers; disposition.
3. Identification of body of deceased person; delivery of body for burial.
4. Bond of dean or officer of medical school.
5. Autopsies.
6. Dissection of bodies of executed murderers.
7. Gift of body or tissue; definitions.
8. Persons authorized to make gift; rights of donees.
9. Qualified donees.
10. Gifts by will or other document; gifts by next of kin or guardian.
11. Specification of donee; delivery of body or tissue; deposit of donative documents.
12. Amendment or revocation of gift by donor.
13. Acceptance or rejection of gift by donee; disposition or disposal of bodies and tissues; determination of time of death; criminal and civil liability.

§ 1. Disposition of bodies of deceased persons

Upon the written application of the dean or other officer of any medical school established by law in the commonwealth, the penal institutions commissioner of Boston, the trustees and superintendent of the Tewksbury hospital or other public institution supported in whole or part at the public expense, except the Soldiers' Home in Massachusetts and the Soldiers' Home in Holyoke, in this chapter called the authorities, shall permit such dean or other officer to take, within three days after death, the body of any person, required to be buried at the public expense, who died in any institution under the control of such authorities, to be used within the commonwealth for the promotion of anatomical science. In giving such permission regard shall be had to delivering such bodies to any such medical schools in proportion, so far as practicable, to the number of students therein.

Amended by St.1941, c. 351, § 7; St.1958, c. 613, § 2E; St.1961, c. 102; St.1974, c. 260, § 11.

§ 2. Bodies of veterans, strangers or travelers; disposition

Such permission shall not be given to take the body of any veteran as defined in section ten of chapter forty-six, or the body of any stranger or traveler who died suddenly, or the body of a person who, during his last sickness, of his own accord requested that his body be buried or delivered to a friend, but such body shall, in conformity with such request, if any, be buried, or delivered to such friend.

Amended by St.1954, c. 627, § 25.

§ 3. Identification of body of deceased person; delivery of body for burial

No body of a deceased person which is subject to section one shall be used for fourteen days after death for the promotion of anatomical science, but it shall during such period be kept by the authorities or dean or other officer in a condition and place to be viewed by any person, at all reasonable times, for the purpose of identification. If, within such time, any person claiming to be and satisfying the authorities that he is a friend or is of kindred to the deceased asks to have the body buried or surrendered to himself, the body shall in conformity with such request be either buried or delivered to such friend or kindred.

§ 4. Bond of dean or officer of medical school

Such dean or other officer, if he has been given permission to take the body of a deceased person as provided in section one, shall, before receiving it, give to the authorities surrendering it, a bond conditioned that he will comply with the preceding section and that after the time prescribed therein, if the body has not been buried or delivered in accordance therewith, it shall be used only for the promotion of anatomical science in the commonwealth in such manner as not to outrage public feeling, and that, after having been so used, the remains shall be decently buried or cremated.

Amended by St.1977, c. 171, § 2.

§ 5. Autopsies

Before surrendering the body of any such person as provided in the four preceding sections, the chief medical officer of any institution named in section one may, if the cause of the death cannot otherwise be determined and if such body is unclaimed by relatives or friends, cause an autopsy to be made upon it.

§ 6. Dissection of bodies of executed murderers

Upon conviction of murder in the first degree, the court may order the body of the convict after his execution to be dissected. The warden of the state prison shall in such case deliver it to a professor of anatomy or surgery in a medical school established by law in the commonwealth, if so requested; otherwise, he shall, unless the convict's friends desire it for interment, deliver it to any surgeon attending to receive it who will undertake to dissect it.

§ 7. Gift of body or tissue; definitions

In sections eight to thirteen, inclusive, unless the context otherwise requires, the following words shall have the following meanings:

(*a*) "Bank or storage facility" means a facility licensed, accredited or approved under the laws of any state for storage of human bodies or parts thereof.

(*b*) "Decedent" means a deceased individual and includes a stillborn infant or fetus.

(*c*) "Donor" means an individual who makes a gift of all or part of his body.

(*d*) "Hospital" means a hospital licensed, accredited or approved under the laws of any state and includes a hospital operated by the United States government, a state or a subdivision thereof, although not required to be licensed under state laws.

(*e*) "Part" includes organs, tissues, eyes, bones, arteries, blood, other fluids and other portions of a human body and "part" includes "parts."

(*f*) "Person" means an individual, corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership or association or any other legal entity.

(*g*) "Physician" or "surgeon" means a physician or surgeon licensed or authorized to practice under the laws of any state.

(*h*) "State" includes any state, district, commonwealth, territory, insular possession, and any other area subject to the legislative authority of the United States of America.

Added by St.1971, c. 653.

§ 8. Persons authorized to make gift; rights of donees

(*a*) A person of sound mind and who is eighteen years of age or older may make a gift of all or any part of his body for any purposes specified in section nine, said gift to take effect upon his death or, in the case of a gift of a kidney intended for transplantation by such person at such time prior to his death as he may specify in accordance with the requirements of subsection (*b*) of section ten.

(*b*) Any of the following persons, in order of priority stated, when persons in prior classes are not available at the time of death, and in the absence of actual notice of contrary indications by the decedent, or actual notice of opposition by a member of the same or a prior class, may give all or any part of the decedent's body for any purposes specified in said section nine.

(1) the spouse,

(2) an adult son or daughter,

(3) either parent,

(4) an adult brother or sister,

(5) a guardian of the person of the decedent at the time of his death,

(6) any other person authorized or under obligation to dispose of the body.

(*c*) If the donee has actual notice of contrary indications by the decedent, or that a gift by a member of a class is opposed by a member of the same or a prior class, the donee shall not accept the gift. The persons authorized by subsection (*b*) may make the gift after death or immediately before death. Upon admission of a person to any hospital at his request, the hospital shall record in a book kept for the purpose the expression of intent of such person with regard to the disposition of his body and such expression shall be deemed to be sufficient notice under this section.

(*d*) A gift of all or part of a body authorizes any examination necessary to assure medical acceptability of the gift for the purposes intended.

(*e*) The rights of the donee created by the gift are paramount to the rights of others except as provided by subsection (*d*) of section thirteen.

Added by St.1971, c. 653. Amended by St.1972, c. 344, § 1.

§ 9. Qualified donees

The following persons may become donees of gifts of bodies or parts thereof for the purposes stated:

(1) any hospital, surgeon, or physician, for medical or dental education, research, advancement of medical or dental science, therapy or transplantation; or

(2) any accredited medical or dental school, college, or university for education, research, advancement of medical or dental science or therapy; or

(3) any bank or storage facility for medical or dental education, research, advancement of medical or dental science, therapy or transplantation; or

(4) any specified individual for therapy or transplantation needed by him.

Added by St.1971, c. 653.

§ 10. Gifts by will or other document; gifts by next of kin or guardian

(*a*) A gift of all or part of the body under subsection (*a*) of section eight may be made by will. Such gift shall become effective upon the death of the testator. If the will is not probated, or if it is declared invalid for testamentary purposes, such gift, to the extent that it has been acted upon in good faith, shall be nevertheless valid and effective.

(*b*) A gift of all or part of the body under subsection (*a*) of section eight may also be made by a document other than a will. Such gift shall become effective upon the death of the donor. Such gift shall become effective upon the death of the donor, or, in the case of gift of a kidney intended for transplantation, at such time prior to his death as the donor may specify in a document signed by the donor and also by at least two of the physicians who are to participate in the transplantation operation and who shall have previously examined the donor in connection with his gift. In all cases other than those involving the gift of a kidney for transplantation, the document may be a card designed to be carried on the person which shall be signed by the donor in the presence of two competent witnesses who shall attest to and subscribe the document in said donor's presence. Delivery of such document during the donor's lifetime is not necessary to make the gift valid.

(*c*) The gift may be made to a specified donee or without specifying a donee. If no donee is specified, the gift may be accepted by the attending physician as donee upon the death of the donor. If the gift is made to a specified donee who is not available at the time and place of death, the attending physician upon the death of the donor, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee. The physician who becomes a donee under this subsection shall not participate in the procedures for removing or transplanting a part.

(*d*) Notwithstanding subsection (*b*) of section thirteen, the donor may designate in his will, card or other document of gift the surgeon or physician to carry out the appropriate procedures; provided, however, that eye enucleations may be performed also by a technician who has successfully completed a course of training acceptable to the Eye Bank of the Massachusetts Eye and Ear Infirmary. In the absence of a designation, or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for said purpose.

(*e*) Any gift by a person designated in subsection (*b*) of section eight shall be made by a document signed by him, or made by his telegraphic, recorded telephonic or other recorded message.

Added by St.1971, c. 653. Amended by St.1972, c. 344, § 2; St.1973, c. 151.

§ 11. Specification of donee; delivery of body or tissue; deposit of donative documents

If the gift is made by the donor to a specified donee, the will, card, or other document, or an executed copy thereof, may be delivered to the donee to expedite the appropriate procedures immediately after death, but delivery is not necessary to the validity of the gift. The will, card or other document, or an executed copy thereof, may be deposited in any hospital, bank or storage facility or registry office that accepts them for safekeeping or for facilitation of procedures after death. On request of any interested party upon or after the donor's death, the person in possession shall produce the document for examination.

Added by St.1971, c. 653.

§ 12. Amendment or revocation of gift by donor

(*a*) If the will, card or other document or executed copy thereof has been delivered to a specified donee, the donor may amend or revoke the gift by:

(1) the execution and delivery to the donee of a signed statement, or

(2) an oral statement made in the presence of two persons and communicated to the donee, or

(3) a statement during a terminal illness or injury addressed to an attending physician and communicated to the donee, or

(4) a signed card or document found on his person or in his effects.

(*b*) Any document of gift which has not been delivered to the donee may be revoked by the donor in the manner set out in subsection (*a*) or by destruction, cancellation, or mutilation of the document and all executed copies thereof.

(*c*) Any gift made by a will may also be amended or revoked in the manner provided for amendment or revocation of wills, or as provided in subsection (*a*).

Added by St.1971, c. 653.

§ 13. Acceptance or rejection of gift by donee; disposition or disposal of bodies and tissues; determination of time of death; criminal and civil liability

(*a*) The donee may accept or reject the gift. If the donee accepts a gift of the entire body, he may, subject to the terms of the gift, authorize embalming and the use of the body in funeral services. If the gift is of a part of the body, the donee, upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin or other persons under obligation to dispose of the body. If the donee is responsible for the disposition of the body, he shall dispose of it in accordance with the terms specified by the donor, or if no such terms are specified, he shall have said body decently buried or cremated.

(*b*) The time of death shall be determined by a physician who attends the donor at his death, or, if none, the physician who certifies the death. This physician shall not participate in the procedures for removing or transplanting a part.

(*c*) A person who acts in good faith in accordance with the terms of sections seven to thirteen, inclusive, or under the anatomical gift laws of another state or a foreign country shall not be liable for damages in any civil action or be subject to prosecution in any criminal proceeding for his act.

(*d*) The provisions of sections seven to thirteen, inclusive, shall be subject to the laws of the commonwealth relative to autopsies.

Added by St.1971, c. 653. Amended by St.1977, c. 171, § 3.

51. Sale of embalming fluid.

CEMETERY AND CREMATORY CORPORATIONS

§ 1. Organization of cemetery corporations

Five or more persons desirous of procuring, establishing and preparing a cemetery, or who are the majority in interest of the proprietors of an existing cemetery, may organize as a corporation, not for profit, in the manner provided in chapter one hundred and seventy-nine; but such corporation shall not sell or impair the right of any proprietor of an existing cemetery.

Amended by St.1936, c. 319, § 1.

§ 2. Powers and duties of cemetery corporations

Such corporation shall be subject to chapter one hundred and fifty-five and the first thirteen sections of chapter one hundred and seventy-nine; may take and hold only so much real and personal property as may be necessary for the objects of its organization; may lay out such real property into lots; and may grant and convey the exclusive right of burial in, and of erecting tombs or cenotaphs upon, any lot and of ornamenting the same, upon such terms and conditions and subject to such regulations as it shall prescribe. Section thirty-four of chapter one hundred and fifty-eight shall apply to such corporation.

§ 3. Records of conveyances of burial lots

Every cemetery corporation created by special charter or organized under general laws shall regularly keep books in which it shall enter all conveyances of burial lots within said cemetery and all instruments of contract relating to conveyances of such lots. Such records, and similar records made by such corporation prior to June second, eighteen hundred and eighty-nine, shall have the same effect as if made in the registry of deeds for the county or district where such cemetery is situated, and no other record shall be necessary.

§ 3A. Ownership of unclaimed graves

Any cemetery corporation created by such special charter or organized under the provisions of section one may take over the ownership of a grave in such cemetery provided that such grave has not been used for a period of fifty years and provided further that the ownership thereof cannot be ascertained. If such ownership is ascertained after such taking such cemetery corporation shall pay the fair value of such grave at the time of taking to the owner thereof.

Added by St.1978, c. 277.

§ 4. Certified copies of recorded deeds and instruments; evidence

The secretary or clerk of such corporation may give certified copies of all deeds and instruments so recorded, which may be used in evidence in the same manner as copies certified by the register of deeds.

§ 5. Trust funds

Such corporation may hold funds in trust and apply the income thereof to the improvement or embellishment of the cemetery or to the care, preservation or embellishment of any lot or its appurtenances.

§ 5A. Burials; denial to designated funeral director; prohibition

No such cemetery corporation shall deny the right to perform burials and the functions incidental thereto to the funeral director designated by the representative of the deceased, provided the deceased is otherwise entitled to interment in said cemetery.

Added by St.1959, c. 256, § 2.

§ 5B. Notification of certain options for burial services; penalty

Each such cemetery corporation shall notify, or cause the funeral director designated by the representatives of the deceased to notify, the family of the deceased or the person making funeral arrangements for the deceased of the choice of three options for burial services: Services at the gravesite without observation of the lowering of the casket into said gravesite, services at the gravesite with observation of the lowering of the casket into said gravesite, or where available, services within a chapel at the cemetery.

A cemetery corporation which violates any provision of this section shall be punished by a fine of not less than one hundred nor more than five hundred dollars.

Added by St.1974, c. 688. Amended by St.1975, c. 124.

§ 6. Cremation

Such corporation may cremate bodies of the dead, and may provide necessary buildings and appliances therefor and for the disposition of the ashes of the dead on any land within its cemetery which the department of environmental quality engineering determines is suitable therefor, subject to the provisions of section forty-three D, and such buildings and appliances shall be a part of the cemetery and be dedicated to the burial of the dead, and shall be held by said corporations subject to the duties, and with the privileges and immunities, which they now have by law.

Amended by St.1936, c. 319, § 2; St.1975, c. 706, § 189.

§ 7. Formation and organization of crematory corporations

Five or more persons may form a corporation, not for profit, for the purpose of providing the necessary appliances for the disposal by cremation of the bodies of the dead. Such a corporation shall be formed in the manner prescribed in and subject to section nine of chapter one hundred and fifty-five and sections six and eight to twelve, inclusive, of chapter one hundred and fifty-six, except as follows:

The capital stock, if any, shall not exceed fifty thousand dollars.

The agreement of association of such a corporation having no capital stock may omit the statement of the amount of the capital stock and the par value and number of its shares. The par value of its shares, if any, may be ten or fifty dollars.

Amended by St.1936, c. 319, § 3.

§ 8. Crematory corporations; acquisition and holding of land in fee

Such corporation may acquire and hold in fee, to an amount not exceeding fifty thousand dollars, land necessary and appropriate for its purposes and situated in such place as the department of public health determines to be suitable, subject to the provisions of section forty-three D.

Amended by St.1936, c. 319, § 4.

§ 9. By-laws and regulations of cemeteries and crematory corporations; conduct of business; violations

Cemetery and crematory corporations may, subject to the approval of said department, make by-laws and regulations consistent with law for the reception and cremation of bodies of the dead and for the disposition of the ashes thereof, and shall conduct their business in accordance with such regulations as said department shall establish and furnish in writing to the clerk of the corporation. Violation of any such regulation of said department shall be punished by a fine of not less than twenty nor more than five hundred dollars. Such corporations shall not erect, occupy or use any building for cremation until the location and plans thereof with all details of construction have been submitted to and approved by said department or by a person designated by it, subject to the provisions of section forty-three D.

Amended by St.1936, c. 319, § 5.

PUBLIC CEMETERIES

§ 10. Town burial places

Each town shall provide one or more suitable places for the interment of persons dying within its limits.

§ 10A. Unclaimed graves; taking by towns

Any town may take over the ownership of a grave in a cemetery established under section ten provided that such grave has not been used for a period of fifty years and that the ownership thereof cannot be ascertained. If such ownership is ascertained after such taking the town shall pay the fair value of such grave at the time of the taking to the owner thereof.

Added by St.1977, c. 272.

§ 11. Taking of land for burial purposes; application to county commissioners

If there is necessity for a new cemetery in a town, or for the enlargement of an existing cemetery in and belonging to a town, and the owner or any person interested in the land needed for either purpose refuses to sell the same, or demands therefor a price which the selectmen consider unreasonable, or is unable to convey it, the selectmen may, with the approval of the town, make application therefor by written petition to the county commissioners of the county where the land lies.

§ 12. Taking of land for burial places; hearing notice

The commissioners shall appoint a time and place for a hearing, and shall cause notice thereof and a copy of the petition to be served personally upon the owner, if known, or left at his place of abode, fourteen days at least before the time appointed for the hearing. If the land is held in trust or by a corporation, or if the ownership is uncertain, the commissioners shall also give notice by public advertisement or otherwise.

§ 13. Adjudication by commissioners; taking

The commissioners shall hear the parties at the time and place appointed or at an adjournment thereof, shall adjudicate upon the necessity of such taking, upon the quantity and boundaries of any land adjudged necessary to be taken, and may take in fee under chapter seventy-nine on behalf of the town such land as is adjudged necessary.

§ 14. Compensation of commissioners acting under petition to take land for burial place

Each commissioner shall be paid by the town three dollars a day for each day spent in acting under the petition, and five cents a mile for travel to and from the place of hearing.

§ 15. Appropriation for enclosing and improving cemetery; sale of burial rights; disposition of proceeds

Towns may appropriate money for enclosing any cemetery lawfully provided by them or for constructing paths and avenues and embellishing the grounds therein, and may establish all necessary rules relative thereto consistent with law. They may lay out such cemetery into lots, and shall set apart a suitable portion as a public burial place for the use of the inhabitants, free of charge. They may sell and convey to any person, resident or non-resident, the exclusive right of burial and of erecting tombs and cenotaphs upon any lot and of ornamenting the same, upon such terms and conditions and subject to such regulations as they shall prescribe. The proceeds of such sales shall be paid into the town treasuries, be kept separate from other funds, and be appropriated to reimburse the towns for the cost of the land, its care, improvement and embellishment, or the enlargement of the cemetery.

§ 16. Appropriation for and care of cemeteries

Any town may annually appropriate and raise by taxation such sums as may be necessary to care for and keep in good order and to protect by proper fences any or all burial grounds within the town in which ten or more bodies are interred and which are not properly cared for by the owners, and the care and protection of such burial grounds shall be in charge of the cemetery commissioners, if the town has such officers, otherwise in charge of the selectmen.

§ 17. Preservation of ancient burial places

A town shall not alienate or appropriate to any other use than that of a burial ground, any tract of land which has been for more than one hundred years used as a burial place; and no portion of such burial ground shall be taken for public use without special authority from the general court.

§ 18. Care of neglected burial places within limits of town

Any town having within its limits an abandoned or neglected burying ground may take charge of the same and keep it in good order, and may appropriate money therefor, but no property rights shall be violated and no body shall be disinterred. No fence, tomb, monument or other structure shall be removed or destroyed, but the same may be repaired or restored.

§ 19. Deposits for care and improvement of burial places or lots; records; interest

A city or town may receive, hold and apply any funds, money or securities deposited with the treasurer thereof for the preservation, care, improvement or embellishment of any public or private burial place situated therein, or of burial lots situated in such burial places. Such funds, money or securities shall be entered upon the books of the treasurer, and held in accordance with ordinances or by-laws relative thereto. A city or town may pass ordinances or by-laws consistent with law, necessary for the purposes of this section, and may allow interest on such fund at a rate not exceeding six per cent a year. Upon the receipt of a deposit for the preservation, care, improvement or embellishment of individual lots in public burial places, said treasurer shall so inform the city or town clerk, who shall record the facts relating to such deposit in the margin of his records of said lots.

Amended by St.1948, c. 550, § 48.

§ 20. Depositing funds with state treasurer; copy of instrument; notice to town or city clerk

Money declared by written instrument to be intended for perpetual care, maintenance, improvement or embellishment of any cemetery, or of any lots or plots therein, to an amount not less than two hundred dollars, may be deposited with the state treasurer, who shall receive and receipt for it in the name of the commonwealth. The depositors at the time of making such deposit shall file with him and with the state secretary a copy of such instrument. If the cemetery belongs to a corporation, the deposit shall be accompanied by a written agreement, signed by the president thereof, to the effect that it will accept the income derived from the fund so deposited, and will apply it to the purposes set forth in the instrument. Upon the receipt of a deposit for the perpetual care of individual lots or plots in public burial places or cemeteries, the state treasurer shall so inform the clerk of the city or town in which they are located, and said clerk shall record the facts relating to said deposit in the margin of his records of said lots or plots.

Amended by St.1948, c. 550, § 49.

§ 21. Investment of funds; interest

The state treasurer shall invest such money in the name of the commonwealth, in bonds or other obligations of the commonwealth or in securities in which he is authorized to invest money in behalf of the commonwealth; and, on the first days of February and August in each year, he shall pay over the accrued interest thereof to the treasurer of any association owning a cemetery for the care, maintenance or improvement of which, or of any lot therein, the money has been deposited with him. If such cemetery is not owned by any association, such interest shall be paid to the town where the cemetery is located. At the time of paying such interest, the state treasurer shall inform the person to whom it is paid of the purpose to which it is to be applied, as stated in the copy of the instrument which is filed with him, and the person to whom it is paid shall apply it to such purpose.

BOARDS OF CEMETERY COMMISSIONERS

§ 22. Town board of cemetery commissioners; election of members

A town which accepts this and the four following sections or has accepted corresponding provisions of earlier laws may, at any town meeting, elect by ballot a board of cemetery commissioners consisting of three persons. If such board is first chosen at a meeting other than an annual town meeting, one member shall be elected for one year from the day following that fixed for the last preceding annual town meeting, one member for two years and one member for three years from said day; and annually thereafter one member shall, at the annual town meeting, be elected by ballot for a term of three years. Such boards shall choose a chairman, and a clerk who may be a member of the board.

§ 23. Powers and duties

Said board shall have the sole care, superintendence and management of all public burial grounds in its town, may lay out any existing public burial grounds in its town or any land purchased and set apart by said town for such cemeteries, in lots or other suitable subdivisions, with proper paths and avenues, may plant, embellish, ornament and fence the same and erect therein such suitable edifices and conveniences and make such improvements as it considers convenient; and, subject to the approval of the town, may make such regulations, consistent with law, as it deems expedient.

§ 24. Convyeance of burial lots; record; inspection; fee

Said board may, by deed made and executed in such manner and form as it may prescribe, convey to any person the sole and exclusive right of burial in any lot in such cemeteries and of erecting tombs, cenotaphs and other monuments or structures thereon upon such terms and conditions as its regulations prescribe. Such deeds and all subsequent deeds of such lots made by owners thereof shall be recorded in the office of the city or town clerk in books kept for that purpose upon the payment of the fee provided by clause (78) of section thirty-four of chapter two hundred and sixty-two, and said records shall be open to the public at all reasonable times.

Amended by St.1948, c. 550, § 50.

§ 25. Gifts or bequests for cemeteries; investment of funds; disposition of proceeds of sales of lots or burial rights

A town in which cemetery commissioners are chosen may receive gifts or bequests for maintaining cemeteries or cemetery lots, which shall be paid into the town treasury and, with the accounts thereof, shall be kept separate from the other money and accounts of said town. The town treasurer shall invest all such funds in accordance with the stipulations, if any, accompanying them; otherwise he shall invest them as ordered by the selectmen and said commissioners and pay the income therefrom upon their order or with their approval. The proceeds of sales of lots or rights of burial in such cemeteries shall be paid into the town treasury and be appropriated to reimburse the town for the cost of the land, its care, improvement and embellishment, or the enlargement of the cemetery.

Amended by St.1934, c. 85, § 1.

§ 26. Limit of debts or liabilities; annual report

Said board shall not incur debts or liabilities for purposes other than aforesaid nor to an amount exceeding the amount of the funds subject to their order, and it shall annually make a written report to said town of its official acts, of the condition of such cemeteries, and render an account of its receipts and expenditures for the same and of the funds subject to its order.

§ 27. Appointment of board of cemetery commissioners; powers and duties

If a town so votes under section twenty-one of chapter forty-one the selectmen shall appoint a board of cemetery commissioners to consist of three members, to be appointed for the term of three years. The commissioners shall, under the supervision and control of the selectmen, maintain the public cemeteries in the town, and shall with the approval of the selectmen, appoint such employees as are necessary to maintain such cemeteries.

USE OF CEMETERIES

§ 28. Conveyance of lots or interest in lots in trust for preservation as memorial; rights of heirs of owner; control over lot or interest in lot

The owner of any right, title or interest in or to a lot, tomb or monument in any cemetery owned or controlled by any company or association or by any town, may convey or devise the same to such company, association or municipality in trust for the purpose of its preservation as a memorial or as a burial place for the bodies of the owner and his descendants or relatives, or of such other persons as may be specified in the instrument creating the trust, or upon such other trust as may be created by the instrument and accepted by the grantee or devisee; but no such instrument shall be construed to take away the right of the heirs of the owner of a lot or tomb to be buried therein, unless the instrument contains an express provision to that effect. Any such grantee or devisee may accept any such grant, gift or devise, and if it accepts the same shall forever carry out and observe the terms of the instrument by which the grant, gift or devise was made. After the making of a conveyance or the taking effect of a devise and its acceptance by the cemetery authorities, the grantor of the lot, tomb or monument or of any interest therein, or the heirs and assigns of the grantor or devisor thereof, shall have no control over it except such as may be reserved in the instrument.

§ 29. Indivisible character of lots; vesting; limitations and conditions; right of interment; designation of representation of lot; record

Lots in cemeteries incorporated under section one, tombs in public cemeteries in cities and lots and tombs in public cemeteries in towns, shall be held indivisible, and upon the decease of a proprietor of such lot the title thereto shall vest in the heirs at law or devisees of the deceased subject to the following limitations and conditions: If the deceased leaves a spouse and children, they shall have the possession, care and control of said lot or tomb in common during the life of such surviving spouse. If the deceased leaves a spouse and no children, said spouse shall have possession, care and control of such lots or tombs during life. If the deceased leaves children and no spouse, they shall have in common the possession, care and control of such lots or tombs during their joint lives, and the survivor of them during his life. The persons in possession, care and control of such lots or tombs may erect a monument and make other permanent improvements thereon. The surviving spouse shall have a right of permanent interment for his own body in such lot or tomb, but it may be removed therefrom to some other family lot or tomb with the consent of the heirs. If two or more persons are entitled to the possession, care and control of such lot or tomb, they shall designate in writing to the clerk of the corporation, or if it is a tomb or lot in a public cemetery, to the board of cemetery commissioners, if any, or to the town clerk, which of their number shall represent the lot; and in default of such designation, the board of trustees or directors of the corporation, the board of cemetery commissioners, if any, or the board of health if such lots or tombs are in public cemeteries in towns, shall enter of record which of said persons shall represent the lot during such default. The surviving spouse may release his right in such lot, but no conveyance or devise by any other person shall deprive him of such right.

Amended by St.1978, c. 110.

§ 30. Hearing as to representation

Before entering of record the name of any person to represent such lot or tomb, the board of cemetery commissioners, if any, or the board of health of a town shall hear the parties entitled to the control thereof at such time and place as it shall have previously appointed by a notice published in a newspaper, if any, of the town; otherwise, by posting a copy in a public place therein.

§ 31. Descent of family lot to heirs

If in a will no express disposition or other mention is made of a cemetery lot owned by the testator at his decease, and wherein he or any member of his family is buried, the ownership of the lot shall not pass from his lawful heirs by any residuary or other general clause of the will, but shall descend to his heirs, as if he had died intestate.

§ 32. Right of wife to interment; release

A wife shall be entitled to a right of interment for her own body in any burial lot or tomb of which her husband was seized at any time during coverture, which shall be exempt from the operation of the laws regulating conveyance, descent and devise, but may be released by her in the same manner as dower.

§ 33. Right of husband to interment

A husband shall have the same rights in the tomb or burial lot of his wife as a wife has in that of her husband.

§ 34. Use of land for burial; new cemeteries or extensions; approval of board of health; description of land

Except in the case of the erection or use of a tomb on private land for the exclusive use of the family of the owner, no land, other than that already so used or appropriated, shall be used for burial, unless by permission of the town or of the mayor and aldermen of the city in which the same lies; but no such permission shall be given until the location of the lands intended for such use has been approved in writing by the board of health of the town where the lands are situated after notice to all persons interested and a hearing; and the board of health, upon approval of the use of any lands either for new cemeteries or for the extension of existing cemeteries, shall include in the records of the said board a description of such lands sufficient for their identification. For every interment in violation of this section in a town in which the notice prescribed in section thirty-seven has been given, the owner of the land so used shall forfeit not less than twenty nor more than one hundred dollars.

§ 35. Lands to be used for burial; approval

No land other than that so used and appropriated on April tenth, nineteen hundred and eight, shall be used for the purpose of burial if it be so situated that surface water or ground drainage therefrom may enter any stream, pond, reservoir, well, filter gallery or other water used as a source of public water supply, or any tributary of a source so used, or any aqueduct or other works used in connection therewith, until a plan and description of the lands proposed for such use have been submitted to, and approved in writing by the department of environmental quality engineering.

Amended by St.1975, c. 706, § 190.

§ 36. Appeal from order of board of health; hearing

Any person, including those persons in control of any public land, or the officers of any municipality, aggrieved by the action of a board of health in approving the purchase, taking or use of any lands for cemetery purposes may, within sixty days, appeal from the order of said board to the department of environmental quality engineering, and said department may, after a hearing, rescind such order or may modify and amend the same by approving a part of the lands so proposed for such use.

Amended by St.1975, c. 706, § 191.

§ 37. Regulations by local boards of health; notice

Boards of health may make regulations concerning burial grounds and interments within their towns; may impose penalties not exceeding one hundred dollars for a breach thereof; may prohibit the use by undertakers, for the purpose of speculation, of tombs as places of deposit for bodies committed to them for burial; and may close any tomb, burial ground, cemetery or other place of burial within the town for such time as they consider necessary for the protection of the public health. Notice of such regulations shall be given by publishing them in a newspaper, if any, of the town; otherwise, by posting a copy in a public place therein. Such publication shall be notice to all persons.

§ 38. Closing of tombs, burial ground or cemetery; hearing; notice

Before a tomb, burial ground or cemetery is closed by order of the board of health for more than one month, all persons interested shall have an opportunity to be heard, and personal notice of the time and place of hearing shall be given to at least one owner of the tomb, and to three at least, if there are so many, of the owners of such burial ground or cemetery, and notice shall be published for at least two successive weeks preceding such hearing in two newspapers published in the county.

§ 39. Appeal from order of board

The owner of a tomb aggrieved by an order of the board of health closing a tomb, burial ground or cemetery may, within six months after the date thereof, appeal therefrom to the superior court, first giving written notice to the board fourteen days before the entry of such appeal; but the order of the board shall remain in force until the appeal has been determined.

§ 40. Jury trial; rescission of order; costs and double costs

Appeals shall be tried before a jury, and if the jury find that the tomb, burial ground or cemetery so closed was not a nuisance or injurious to the public health at the time of the order and that the closing thereof was not necessary for the protection of the public health, the court shall rescind such order so far as it affects such tomb, burial ground or cemetery, and the appellant may recover the costs of the appeal from the town where the tomb, burial ground or cemetery was situated. If the order is sustained, the board of health shall recover double costs, to the use of the town.

§ 41. Laying out or constructing public ways in, upon or through burial places; authority

A public way shall not be laid out or constructed in, upon or through an enclosure used or appropriated for a burial place except by special authority from the general court or with the previous consent of the inhabitants of the town where such enclosure is situated; or, if such enclosure belongs to private proprietors, with their previous consent.

§ 42. Passage through cemeteries

Whoever uses as a means of passage from one point to another, not being thereupon at the time for any other purpose, the premises of a cemetery or burial place, in any other parts thereof than the defined ways, paths and walks, shall be punished by a fine of not more than twenty dollars.

§ 42A. Visitation hours

No cemetery exempted from taxation under the provisions of section five of chapter fifty-nine shall be closed for visitations between the hours of eight o'clock antemeridian and sunset, except during the months of June, July, August and September when such cemeteries shall remain open until the hour of seven o'clock postmeridian; provided, however, that the provisions of this section shall not apply on Saturdays if the cemetery is owned or used exclusively by a religious denomination which observes the Sabbath on Saturday. It shall be deemed to be a violation of this section if entrance to or exit from any such cemetery by motor vehicle is prevented during said hours, if said cemetery has accessible roads for motor vehicles; provided, however, that access by motor vehicle may be prevented on the second Sunday in May, the last Monday in May, and on Easter Sunday. Whoever wilfully violates this section shall be punished by a fine of not more than one hundred dollars.

Added by St.1969, c. 268. Amended by St.1970, c. 285.

§ 42B. Commercial use of cemeteries for motion pictures; consent; penalties

No person shall use the premises of a cemetery or burial place for the purpose of making a motion picture film for commercial purposes without the previous consent of the mayor or the board of selectmen of the city or town in which such cemetery or burial place is located. Whoever violates the provisions of this section shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than six months.

Added by St.1970, c. 415.

§ 43. Erection of buildings upon burial places

No building shall be erected upon any burial place belonging to a city, except by special authority from the general court, or with the previous consent of the city council.

MISCELLANEOUS PROVISIONS

§ 43A. Ownership, maintenance and operation of cemeteries; private profit

No cemetery established on or after July first, nineteen hundred and thirty-six, shall be owned, maintained or operated except by a municipality or other political subdivision of the commonwealth, a church, a religious or charitable society, or by a cemetery association incorporated as provided in section one, nor shall such a cemetery be maintained or operated for the purpose of private profit or gain, directly or indirectly, to any director, officer or member of the cemetery association or other agency owning, maintaining and operating the same. A cemetery lawfully established prior to said date may continue to be owned, maintained and operated under the form of organization adopted therefor.

Added by St.1936, c. 319, § 6.

§ 43B. Sale of cemetery lots and plots for speculative purposes

The sale of cemetery lots and plots, or the sale of crypts in a community mausoleum or niches in a columbarium, for speculative purposes, or the conveyance of any portion of a cemetery already dedicated to burial purposes as security for debt, is hereby prohibited, and every such conveyance shall be void and of no effect. Whoever makes or attempts to make a sale or conveyance contrary to the provisions of this section shall be subject to the penalty provided by section forty-three N.

Added by St.1936, c. 319, § 6.

§ 43C. Disposition of proceeds of sales; liquidation of indebtedness

The proceeds of the sales of lots and plots in a cemetery shall, except as hereinafter provided, be applied solely to the improvement and maintenance of the cemetery and the avenues, paths and structures situated therein, for the purchase of additional cemetery land, and for the accumulation of a permanent care and improvement fund. If any indebtedness of a fixed amount is incurred in the purchase of lands for such cemetery, or in making any improvement therein, a sum not exceeding fifty per cent of the gross receipts from the sale of burial lots and plots may be applied to the liquidation of such indebtedness. All moneys received from the sale of personal property and surplus real estate of a cemetery shall be applied first to the liquidation of any fixed indebtedness incurred by it on account of the purchase or improvement of the lands dedicated to cemetery purposes, and any residue remaining after the liquidation of such indebtedness shall be deposited in the permanent care and improvement fund of the cemetery. The provisions of this section shall not apply to any cemetery established prior to July first, nineteen hundred and thirty-six, or to any cemetery owned, maintained and operated by a church or religious society.

Added by St.1936, c. 319, § 6.

§ 43D. Location of community mausoleums controlled by churches and religious societies

Every community mausoleum, other than a structure containing crypts erected or controlled by a church or a religious society and used only as a repository for the remains of the clergy or dignitaries of such church or religious society, and every crematory, columbarium or other structure, other than a columbarium located within a building owned or occupied by a church or religious society in which regular religious services are held and used only as a repository for the ashes of the regular attendants at such religious services and their families, intended to dispose of or hold or contain the bodies or remains of the dead, erected on or after July first, nineteen hundred and thirty-six, shall be located only within the limits of a cemetery containing no less than twenty acres, which shall have been in existence and actually used for burial purposes for a period of at least five years immediately preceding the time of the erection thereof.

Added by St.1936, c. 319, § 6. Amended by St.1972, c. 32.

§ 43E. Erection of community mausoleums; plans and specifications; approval; construction

No community mausoleum, the crypts of which are available to the public for burial purposes, shall be erected without the consent and approval of the department of public environmental quality engineering. Before commencing the erection of any such structure, full detailed plans and specifications shall be presented to said department for its approval. Such approval shall be evidenced by a certificate in writing, signed by the proper officer of said department. No community mausoleum or any structure intended to hold or contain the bodies of the dead permanently, which is available to the public for said use, shall be erected or added to, and no building not previously used or intended to be used for the permanent disposition of the human dead shall be altered or changed for such use or used for such purposes, unless constructed of such materials and workmanship as will insure its durability and permanence as well as the safety, convenience, comfort and health of the community in which it is located, as dictated and determined at the time by modern mausoleum construction and engineering science.

Added by St.1936, c. 319, § 6. Amended by St.1975, c. 706, § 192.

§ 43F. Community mausoleums; construction; supervision

The department of environmental quality engineering shall have supervisory control over the erection of any such community mausoleum and shall enforce compliance with the approved plans and specifications therefor. Said department shall appoint an inspector, experienced in modern mausoleum construction and engineering science, to supervise the erection of any such mausoleum and said department shall determine the reasonable amount of compensation of said inspector, which compensation shall be paid by the cemetery association or other agency erecting such community mausoleum. No departure from the original plans and specifications shall be permitted, except upon approval of said department evidenced in like manner and form as the approval of the original plans and specifications.

Added by St.1936, c. 319, § 6. Amended by St.1975, c. 706, § 193.

§ 43G. Use of community mausoleum prior to completion; care and improvement fund

No community mausoleum, crypt or structure erected as aforesaid shall be used for the purpose of depositing therein the remains of any dead body until such mausoleum, crypt or structure, or a component section thereof, is fully completed, and the permanent care and improvement fund required by section forty-three J has been established.

Added by St.1936, c. 319, § 6.

§ 43H. Sale of community mausoleum prior to completion

No crypt in a community mausoleum shall be sold or offered for sale before said structure, or a component section thereof, is fully completed.

Added by St.1936, c. 319, § 6.

§ 43*I*. Removal of bodies constituting menace to public health

Whenever any mausoleum, vault, crypt or other structure containing one or more dead human bodies shall, in the opinion of the department of public health, become a menace to public health, and the owner thereof fails to remedy or remove the same to the satisfaction of said department, any court of competent jurisdiction may order the owner of said structure to remove such dead body or bodies for interment in some suitable cemetery at the expense of such owner. If such owner cannot be found, such removal and interment shall be at the expense of the cemetery association or other agency in the cemetery of which such mausoleum, vault, crypt or other structure is situated.

Added by St.1936, c. 319, § 6.

§ 43J. Permanent care and improvement fund for community mausoleums

Every cemetery association or other agency establishing, maintaining and operating a community mausoleum on or after July first, nineteen hundred and thirty-six, shall create and establish a permanent care and improvement fund, distinct and separate from the permanent care and improvement fund of its cemetery. The fund established under authority of this section shall be created by applying to such fund at least thirty per cent of the proceeds received, in full or in instalments, from the sales of crypts in such mausoleum. The income of such fund shall be devoted to the care, maintenance and improvement of such community mausoleum.

Added by St.1936, c. 319, § 6.

§ 43K. Custodian of fund; administration and investment

The treasurer of the cemetery in which such community mausoleum is situated shall be the custodian of the permanent care and improvement fund established therefor as aforesaid and every such fund shall be held, administered and invested in the manner provided by law for funds in savings banks of the commonwealth.

Added by St.1936, c. 319, § 6.

§ 43L. Abating or enjoining nuisance

Any cemetery, community mausoleum or columbarium established, maintained or operated in violation of or contrary to any provision of this chapter shall be a nuisance and may be abated or enjoined as such at the suit of any taxpayer of the commonwealth.

Added by St.1936, c. 319, § 6.

§ 43M. Permanent disposition of dead bodies or remains

Except as otherwise provided by law, or in case of a dead body being rightfully carried through or removed from the commonwealth for the purpose of burial or disposition elsewhere, every dead body of a human being dying within the commonwealth, and the remains of any body after dissection therein, shall be decently buried, entombed in a mausoleum, vault or tomb or cremated within a reasonable time after death. The permanent disposition of such bodies or remains shall be by interment in the earth or deposit in a chamber, vault or tomb of a cemetery owned, maintained and operated in accordance with the laws of this commonwealth, by deposit in a crypt of a mausoleum, or by cremation. The remains of a human body after cremation may be deposited in a niche of a columbarium or a crypt of a mausoleum, buried or disposed of in any manner not contrary to law. No deposit of the bodies or remains of the human dead shall be made in a single chamber, vault or tomb wholly or partly above the natural surface of the ground unless the part thereof below such surface is of a permanent character, constructed of materials capable of withstanding extreme climatic conditions, waterproof and air tight, and capable of being sealed permanently to prevent all escape of effluvia, and unless the part thereof above the natural surface of the ground is constructed of natural stone of a standard not less than that required by the United States government for monuments erected in national cemeteries, of durability sufficient to withstand all conditions of weather.

Added by St.1936, c. 319, § 6.

§ 43N. Penalties

Whoever fails to comply with or violates any provision of this chapter in respect to the establishment, maintenance or operation of a cemetery, community mausoleum, crematory or columbarium, or to the disposal of dead human bodies, shall, unless another penalty is provided by this chapter, be punished by a fine of not less than one hundred nor more than five hundred dollars or by imprisonment for not more than six months, or both.

Added by St.1936, c. 319, § 6.

§ 43*O*. Sale of monuments for cemetery lots by cemetery corporations

The following corporations owning or operating cemeteries shall not sell or engage in the business of selling monuments for cemetery lots:—Municipal corporations, cemetery corporations organized under general laws, and cemetery corporations organized by acts of incorporation passed since March eleventh, eighteen hundred and thirty-one. This act shall be deemed an amendment of any charters heretofore granted except charters in which the right to sell monuments is expressly conferred. This act shall not prohibit the sale by any of said corporations of monuments in their possession prior to the effective date of this act.

Added by St.1948, c. 497.

CREMATION AND BURIAL

§ 44. Cremation of bodies

The body of a deceased person shall not be cremated within forty-eight hours after his decease unless he died of a contagious or infectious disease, and, if the death occurred within the commonwealth, the body shall not be received or cremated by any corporation authorized to cremate the bodies of the dead until its officers have received the certificate or burial permit required by law before burial, and a certificate from a medical examiner that he has viewed the body and made personal inquiry into the cause and manner of death, and is of opinion that no further examination or judicial inquiry concerning the same is necessary. If the death occurs without the commonwealth, the reception and cremation of the body of a deceased person shall be governed by a by-law or regulation made or approved by the department of public health as provided by section nine.

§ 44A. Receptacles for cremated remains; caskets

The body of a deceased person to be cremated shall be contained in a suitable receptacle; provided, however, that a casket shall not be used for such cremation unless such use has been requested by a person lawfully entitled to the custody and control of such body.

Added by St.1978, c. 230.

§ 45. Burial permits; permits for removal of bodies; certificates of death; deceased veterans

Except as provided in sections forty-four and forty-six, no undertaker or other person shall bury or otherwise dispose of a human body in a town, or remove therefrom a human body which has not been buried, until he has received a permit from the board of health or its agent appointed to issue such permits, or if there is no such board, from the clerk of the town where the person died; and no undertaker or other person shall exhume a human body and remove it from a town, from one cemetery to another, or from one grave or tomb other than the receiving tomb to another in the same cemetery, until he has received a permit from the board of health or its agent aforesaid or from the clerk of the town where the body is buried. No such permit shall be issued until there shall have been delivered to such board, agent or clerk, as the case may be, a satisfactory written statement containing the facts required by law to be returned and recorded, which shall be accompanied, in case of an original interment, by a satisfactory certificate of the attending physician, if any, as required by law, or in lieu thereof a certificate as hereinafter provided. If there is no attending physician, or if, for sufficient reasons, his certificate cannot be obtained early enough for the purpose, or is insufficient, a physician who is a member of the board of health, or employed by it or by the selectmen for the purpose, shall upon application make the certificate required of the attending physician. If death is caused by violence, the medical examiner shall make such certificate. If such a permit for the removal of a human body, not previously interred, from one town to another within the commonwealth cannot be obtained early enough for the purpose, the certificate of death made as above provided and in the possession of the undertaker desiring to make such removal shall constitute a permit for such removal; provided, that such body shall be returned to the town from which it was removed within thirty-six hours after such removal, unless a permit in the usual form for the removal of such body has been sooner obtained hereunder. If the death certificate contains a recital, as required by section ten of chapter forty-six, that the deceased was a veteran, such recital shall appear upon the permit. The board of health or its agent, upon receipt of such statement and certificate, shall forthwith countersign it and transmit it to the clerk of the town for registration. The person to whom the permit is so given and the physician certifying the cause of death shall thereafter furnish for registration any other necessary information which can be obtained as to the deceased, or as to the manner or cause of the death, which the clerk or registrar may require.

Amended by St.1954, c. 627, § 26.

§ 45A. Use of name of funeral director in connection with death certificate or burial permit

No funeral director, whether doing business as an individual, partnership or corporation, shall permit his name to be used in connection with any death certificate or burial permit unless he was specifically engaged to perform the burial to which such permit or certificate relates.

Any violation of this section shall be punished by a fine of fifty dollars.

Added by St.1954, c. 438.

§ 46. Permit for burial of bodies brought into commonwealth; certificate; recording

Whenever a dead body is brought into the commonwealth for burial, accompanied by a removal permit issued under the laws of the state from which such body is brought, such permit shall be received as sufficient authority for burial, and the superintendent or person or persons in charge of the cemetery where the burial is to take place shall make proper endorsements on said removal permit and send it forthwith to the local board of health in the city or town where said cemetery is located. The board of health shall make and retain a copy of said removal permit and return the original to the city or town issuing the same; but if not accompanied by such permit no funeral director or other person shall bury such body or the ashes thereof until he has received a permit so to do from the board of health or its agent appointed to issue such permits, or if there is no such board, from the clerk of the town where the body is to be buried, or from a person appointed to have the care of the cemetery or burial ground in which the interment is made, if a record is kept of the names of all persons buried therein, or from a duly appointed superintendent of burials in such town who keeps a record of interments. Such permit shall not be issued until the funeral director or other person has delivered a certificate to said board, agent, clerk, superintendent or person having such care, giving the name of the deceased, his age as nearly as can be ascertained, the cause of death, the name of the town where he last resided or from which the body was brought, or, if the death occurred at sea, the name of the vessel upon which it occurred, and any other facts required for record which could be obtained with reasonable diligence, including, in case the deceased was a veteran, a recital as required by section ten of chapter forty-six.

The board of health or its agent, or the superintendent or person having such care, shall, upon receipt of such certificate, forthwith countersign it and file it in his office.

Amended by St.1954, c. 627, § 27; St.1958, c. 465; St.1968, c. 34.

§ 46A. Burial of bodies of veterans; affidavit; veteran graves officer

No permit for the burial or other disposition of the body of a deceased veteran, known to be such, as the term veteran is defined in section twenty-one of chapter thirty-one, shall be issued unless and until an affidavit, as hereinafter set forth, shall have been filed with the board of health, or body or person having similar powers and duties, issuing such permit, by the undertaker or other person authorized to make such burial or disposition. Such affidavit shall set forth, as far as is known to the person executing it, the name and last known address of the deceased, the date and place of his or her birth, the date, place and cause of his or her death, a summary of his or her service record, and a detailed statement of the location of the burial or other disposition of his or her body.

A certified copy of the affidavit shall forthwith be transmitted by such board, body or person to the veteran graves officer, appointed under section nine of chapter one hundred and fifteen, of the city or town of burial or other disposition of the body. Upon receipt of such certified copy, said veteran graves officer shall, if said deceased veteran did not have his settlement in such city or town, thereupon transmit a copy of such affidavit to the veteran graves officer of the city or town in which said deceased veteran had his settlement, and in the event that said deceased veteran had no settlement in the commonwealth and was not a resident of the city or town of burial or other disposition, a copy of such affidavit shall be transmitted to the veteran graves officer of the city or town where said deceased veteran last resided.

Added by St.1949, c. 604. Amended by St.1957, c. 86.

§ 47. Certificates for burial; indorsement; record; service of deceased as veteran

No person having the care of a cemetery, burial ground or crematory shall permit the burial, removal or cremation of a human body until the permit for such burial, removal or cremation has been delivered to him, nor permit the ashes of a human body to be buried therein until there has been delivered to him a certificate that the burial permit and the certificate of the medical examiner prerequisite to the cremating of said body have been duly presented.

Upon the burial, removal, or cremation of a body, the superintendent or other officer in charge of the cemetery or crematory shall indorse upon the coupon accompanying the permit the fact of such burial, removal or cremation, with the date thereof, shall make and preserve in the files of the cemetery or crematory a record of such burial, removal or cremation, including any recital in the burial permit relative to service of the deceased as a veteran as defined in section ten of chapter forty-six, and also the location of the grave or other receptacle of the body or ashes of the deceased, and shall forthwith return the coupon to the office issuing the same; provided, that if there is no officer in charge of the cemetery or crematory, such duties shall be performed by the undertaker.

Amended by St.1954, c. 627, § 28.

§ 48. Burial of ashes of human body; certificates for burial

An undertaker shall not bury the ashes of a human body until he has received from the person having the charge of the crematory a certificate that the burial permit and the certificate of the medical examiner prerequisite to the cremating of said body have been duly presented.

§ 49. Licensing of funeral directors; revocation or suspension; hearing; permits

The board of health of each town shall annually, on or before May first, license persons to act as funeral directors therein upon such terms and conditions as the board of registration in embalming and funeral directing, established by section twenty-nine of chapter thirteen, shall prescribe. All such licenses shall expire April thirtieth each year, unless sooner suspended or revoked. Such licenses shall be issued only to persons certified to the boards of health by said board of registration, before May first each year, as qualified to be licensed as funeral directors. Any license hereunder may, after a hearing, be revoked by the board of health which issued it for any violation of law, local ordinances or the rules and regulations of said board of health, said board of registration or the state department of public health.

Boards of health shall send to said board of registration, immediately upon the issuance of licenses hereunder, the names and addresses of the persons to whom such licenses were issued.

A person registered and licensed as a funeral director may act as a funeral director in any town; provided, that, unless licensed as a funeral director by the board of health of a town, no person shall establish or maintain in such town a place of business or office or agency, or display in such town any sign indicating that he is licensed therein as an undertaker, funeral director or mortician, or hold himself out in such town as a funeral director without clearly indicating the town wherein he is so licensed.

The board of health of a town shall issue a permit for the continuance therein, under the active supervision of a person licensed as a funeral director in any town, of the business of a funeral director licensed by such board who has died, for the benefit of the estate or persons interested in the estate of the decedent, during such period of time and in such a manner and under such conditions as such board may determine.

Amended by St.1936, c. 407, § 4; St.1939, c. 160, § 3.

§ 50. Penalty

Violations of any of the provisions of sections forty-four to forty-eight, inclusive, shall be punished by a fine of not more than fifty dollars.

EMBALMING FLUIDS

§ 51. Sale of embalming fluid

No person shall sell, offer for sale, or supply others with any embalming fluid, or any substitute therefor, which contains more than five milligrams of arsenic per litre. Violation of any provision of this section shall be punished by a fine of one thousand dollars or by imprisonment for one year, or both.

Added by St.1955, c. 472. Amended by St.1958, c. 148.

TITLE XVII

PUBLIC WELFARE

CHAPTER 117

SUPPORT BY THE COMMONWEALTH

Sec.
1. Support of poor and indigent.
2. Definitions.
2A. Aid to residents of disaster areas; application procedures; disaster relief coordinator; reimbursement.
7. Placing persons in unlicensed institutions; prohibition; penalty.

§ 1. Support of poor and indigent

The commonwealth, acting by and through the department of public welfare, shall provide assistance to residents of the commonwealth found by the department to be eligible for such assistance in accordance with this chapter. Such assistance shall be granted from the date of application therefor and shall not, in any form or manner, include the purchase of furniture. Such assistance shall include payment for such drugs and medication as are necessary to sustain life, in accordance with regulations adopted by the department, provided that the department shall require the use of such generic drugs as are available and appropriate.

Effective July first of every year, subject to appropriation, the department shall increase the total budget of each eligible recipient, before taking into consideration any available income and resources, by a percentage amount equal to the percentage rise in the United States Consumer Price Index for January first of that year over the level of said index for January first of the previous year plus such additional percentage amount as is recommended annually by the department and appropriated by the general court.

Added by St.1971, c. 908. Amended by St.1972, c. 569; St.1974, c. 623, § 2; St.1975, c. 531, § 1; St.1975, c. 618, § 1; St.1975, c. 684, § 25D; St.1975, c. 758, § 1.

§ 2. Definitions

The following words as used in this chapter, unless the context otherwise requires, shall have the following meanings:

(*a*) "Department", the state department of public welfare.

(*b*) "Reside", to occupy, and have an established place of abode with no present intention of definite and early removal, but not necessarily with the intention of remaining permanently; provided, however, that confinement of a person in any nursing home, hospital or other medical institution in the commonwealth shall not, in and of itself, be sufficient evidence to qualify such person as a resident under this chapter.

(*c*) "Institution", any hospital, sanatorium, boarding or rest home, or convalescent or nursing home, for the operation of which a license is required by law; any facility conducted by an agency incorporated under chapter one hundred and eighty or any special act as a charitable corporation; and any facility operated by municipal, county, state and federal government.

(*d*) "Student", a person regularly attending a school, college or university or regularly attending a course of vocational or technical training, all beyond the level of secondary education.

Added by St.1971, c. 1001.

§ 2A. Aid to residents of disaster areas; application procedures; disaster relief coordinator; reimbursement

Notwithstanding the requirements of any section of this chapter to the contrary, the department, subject to appropriation, may assist any applicant residing in an area which has been designated a disaster area as determined by the President of the United States pursuant to section 102 of the Disaster Relief Act of 1970, 42 U.S.C. 4402(1)[1] where such assistance is not immediately available through other federal, state or local agencies.

For the purposes of this section, the department shall establish application procedures to most readily facilitate the furnishing of such assistance to residents of a disaster area and shall establish standards for assistance to best alleviate the hardship of such applicants. The director of each office operated by the department shall designate a member to serve as a disaster relief coordinator. The disaster relief coordinator shall cooperate with other agencies in the furnishing of disaster assistance to eligible persons and maintain liaison with private charitable organizations providing similar assistance.

The department may require reimbursement from recipients whose losses have been compensated for by insurance or otherwise to the extent to which the recipients themselves have been reimbursed. The department may also seek funds from federal agencies or programs, where available, as reimbursement for funds expended in this section.

Added by St.1974, c. 533. Amended by St.1978, c. 250.

[1] 42 U.S.C.A. § 4402(1).

§ 7. Placing persons in unlicensed institutions; prohibition; penalty

No person dependent on public support shall be placed by the department or by any veteran's agent, board of health, or other public authority, in any hospital, nursing home, infirmary or institution not operated by the commonwealth which is not licensed as required by chapter one hundred and eleven. Any person violating the provisions of this section shall be punished by a fine of not less than twenty-five or more than one hundred dollars.

Added by St.1971, c. 908.

CHAPTER 118

AID TO FAMILIES WITH DEPENDENT CHILDREN

Sec.
1. Definitions.
11. Institutions furnishing care; application for aid; assignment of certain funds.

§ 1. Definitions

The following words and phrases as used in this chapter, unless the context otherwise requires, shall have the following meanings:

"Dependent child", a needy child who has been deprived of parental support or care by reason of the death, continued absence from the home, physical or mental incapacity or the unemployment of a parent, and who is living with his father, mother or other parent in a place of residence maintained by one or more of such relatives as his or their own home and who is under the age of eighteen or under the age of twenty-one and a student regularly attending a school, college or university or regularly attending a course of vocational or technical training designed to fit him for gainful employment.

"Parent", shall include, in addition to the father and mother of the dependent child, the following:—stepfather, stepmother, stepbrother, stepsister; any blood relative, including those of the half blood, except cousins who are more distantly related than first cousins; adoptive relative of equal propinquity to the foregoing; and spouses of any such persons.

"Aid to families with dependent children", money payments with respect to families with a dependent child or children.

"Department", the department of public welfare.

Added by St.1936, c. 413, § 1. Amended by St.1939, c. 487; St.1952, c. 463; St.1957, c. 430; St.1963, c. 432, § 5; St.1967, c. 658, § 27.

§ 11. Institutions furnishing care; application for aid; assignment of certain funds

If a parent or dependent child requests care at an institution, as defined in section two of chapter one hundred and eighteen E, the institution furnishing such care may initiate an application on behalf of the parent or dependent child to the department and the department shall accept the application and act thereon. Such institution shall be entitled to notice, hearing and right of appeal in the same manner as an applicant or recipient, as provided in section eight.

Payment for such care shall be made, to the extent allowed by rules and regulations of the Secretary of Health, Education and Welfare, if an applicant dies before approval of his application. Payment for such medical care and hospitalization, including nursing home care, shall be paid, subject to the rules and regulations of the department and the rules and regulations of the Secretary of Health, Education and Welfare, for a reasonable period not to exceed thirty days prior to the date of application on account of said services actually rendered.

If relief or support under this chapter is necessary as a result of an accident, injury or illness for which moneys are expected to be provided by accident or health insurance, workmen's compensation or otherwise, the department shall require the person in need of such relief or support to provide for the reimbursement of the commonwealth for each day of such relief or support by assigning to the commonwealth an equivalent amount of the money to be so realized for such day; but such assignment shall not operate as a lien on moneys to be so realized for any day for which relief or support is not provided. Such assignment may be enforced by petition to a district court within the jurisdiction in which the person resides. Proceeds realized through the enforcement of this section shall be apportioned between the federal government and the commonwealth in proportion to the amount of their respective contributions thereto, but in no case for more than the amount contributed, without interest.

Added by St.1961, c. 487. Amended by St.1966, c. 498, § 1; St.1967, c. 658, §§ 35, 36; St.1969, c. 885, § 22; St.1973, c. 1210, § 22.

ASSISTANCE TO THE AGED AND DISABLED

7A. Special grants to recipients residing in rest homes.

§ 7A. Special grants to recipients residing in rest homes

The department may provide to any recipient under this chapter who resides in a rest home which has a rate established pursuant to section thirty L of chapter seven[1] a special grant whenever the aid provided under this chapter is insufficient to meet said rate established for such rest home. The department may pay such grant either to the recipient or to the rest home.

§ 1. Eligibility

There is hereby established, pursuant to and in conformity with the provisions of Title XIX of the Social Security Act (P.L. 89–

97) [1], a program of medical care and assistance for certain residents of the commonwealth.

The benefits of the program shall be available to all persons eligible for financial assistance under the provisions of chapter one hundred and eighteen and to all persons who are eligible for supplemental security income payments on account of age or disability under the provisions of title XVI of the federal Social Security Act [2] or for assistance under the provisions of chapter one hundred and eighteen A. The benefits of the program shall also be available to all others who would be eligible for financial assistance under any of the foregoing provisions but for income or resources, provided they meet the requirements of financial eligibility under the program hereinafter set forth, and to all children under eighteen years of age, and adults eighteen, nineteen and twenty years of age whose income and resources are insufficient to meet the costs of their medical care as determined by the financial eligibility requirements of said program. The benefits of the program shall also be available to any person who receives "vocational rehabilitation services" as defined by section seventy-seven of chapter six for at least fourteen hours per week to carry out routine bodily functions, dressing, preparation and consumption of food, moving into or out of bed, routine bed baths ambulation, or any other function of daily living.

§ 2. Definitions

As used in this chapter the following terms and phrases shall, unless the context clearly requires otherwise, have the following meanings:

(*a*) "Person", any individual who resides in the commonwealth, or any individual residing outside the commonwealth who is deemed to be a resident of the commonwealth under the regulations of the Secretary promulgated under the Social Security Act of 1966 with respect to medical services.

(*b*) "Department", the department of public welfare.

(*c*) "Reside", to occupy an established place of abode with no present intention of definite and early removal, but not necessarily with the intention of remaining permanently, but in no event shall the word "reside" be construed more restrictively or less restrictively than as defined by the Secretary under said Title XIX [1]. Confinement of a person in any nursing home, hospital, or other medical institution in the commonwealth shall not, in and of itself, be sufficient evidence to qualify such person as a resident under this chapter.

(*d*) "Institution", any licensed hospital, any licensed nursing home, or any public medical institution which meets the requirements of the Secretary.

(*e*) "Public medical institution", any medical institution supported in whole or in part by public funds, either federal, state or municipal staffed by professional, medical and nursing personnel and providing medical care, in accordance with standards established through licensing or approval by the department of public health.

(*f*) "Medical assistance", payment by the department of all or part of the cost of the medical care and services enumerated in section six.

(*g*) "Provider", any institution, agency, person or group qualified under the laws of the commonwealth to perform or provide the medical care or services enumerated in section six.

(*h*) "Secretary", the Secretary of the United States Department of Health, Education and Welfare.

§ 4. Administration of program; rules; withdrawals from program; violations

In administering the program the department shall formulate such methods, policies, procedures, standards and criteria, except medical standards and criteria, as may be necessary for the proper and efficient operation of the plan in a manner consistent with simplicity of administration and the best interests of the recipients.

The department may take such further action, consistent with law and within the limits of available funds appropriated for the purposes of this chapter, as may be necessary for, carrying out the purposes of this program in conformity with all requirements governing the allowance of federal grants-in-aid to the commonwealth under said Title XIX[1], including said provisions relative to notice and reimbursement, a uniform system of records and accounts to be kept by the welfare service offices and the manner and form of making reports to the department.

The department may adopt, promulgate, amend and rescind rules and regulations suitable or necessary to carry out the provisions of this chapter and said Title XIX and any amendments thereto, and as interpreted from time to time by the Secretary.

Such rules and regulations shall include provisions requiring providers of long term care services intending to withdraw from the medical care and assistance program established by this chapter to provide for the continuing care or appropriate relocation of the medical assistance recipients residing in their facilities.

The department may require any long term care provider expressing his intention to withdraw from said program whose facility is able to meet the standards for participation in said program to enter into a standard provider contract with the department under which the provider continues to provide services only to those patients residing in his facility at the time the provider announces his intention to withdraw who are eligible for medical assistance or who become eligible for medical assistance during the term of the contract. Such rules and regulations shall also provide that any such provider who has withdrawn from said program may not participate in said program for a period of time, not exceeding five years, specified in said regulations.

Such rules and regulations shall also provide that any long term care provider whose facility is unable to meet the standards for participation in said program shall continue to provide care to the medical assistance recipients residing in his facility until the provider has arranged for the complete relocation of all the medical assistance recipients residing in his facility in accordance with such rules and regulations and with the regulations of the department of public health.

Any provider who violates the provisions of this section by failing to provide care to a medical assistance recipient residing in his facility shall be subject to a fine of one thousand dollars for each violation.

The department shall make such reports as may be required by the Secretary.

Added by St.1969, c. 800, § 1. Amended by St.1977, c. 878, § 1.

§ 5. Medical assistance payments; review

The department shall furnish medical assistance to each eligible person residing in the commonwealth whose income and resources are insufficient to meet the costs of necessary medical services. Payment shall be made to the person or institution supplying medical services. Upon receipt of an application for medical assistance from a disabled individual who does not qualify for cash assistance under the provisions of chapter one hundred and eighteen A, the department shall determine whether said individual meets the definition of "disabled" in title XVI of the federal Social Security Act [1] and the regulations established thereunder.

Added by St.1969, c. 800, § 1. Amended by St.1973, c. 1210, § 26.

[1] 42 U.S.C.A. § 1381 et seq.

§ 6. Financial assistance

The department shall provide financial assistance for such medical care or services as said Title XIX [1] and regulations adopted thereunder by the secretary of health, education and welfare require; provided, that required hospital out-patient services may be performed in a clinic. The department may provide financial assistance for such additional medical care or services as said Title XIX and said regulations permit; provided, that the department shall provide financial assistance for at least intermediate care facility services, podiatrists' services, prescription authorized hearing aids, basic adult dental services, but not including orthodontry or cosmetic dentistry, eyeglasses for persons sixty-five years of age or older, and care for patients in mental or tuberculosis hospitals who are sixty-five years of age or older; and, provided further, that required hospital out-patient services may be performed by a clinic.

The amount, duration and scope of the aforesaid care and services shall be determined by the rules and regulations of the department, provided said rules and regulations are consistent with the provisions of this chapter and with said Title XIX, and any regulations adopted thereunder by the secretary.

Added by St.1969, c. 800, § 1. Amended by St.1971, c. 1084, § 2; St.1973, c. 1068, § 2; St.1975, c. 531, § 5; St.1975, c. 618, § 5; St.1975, c. 684, § 25F; St.1975, c. 751; St.1976, c. 283, § 31.

[1] 42 U.S.C.A. § 1396 et seq.

§ 7. Methods of prior approval of medical services; rules and regulations; posttreatment examinations

The department shall establish methods of approving services to be performed as a prerequisite to extending medical assistance. Said methods of prior approval shall include, but need not be limited to: (1) in the case of restorative dentistry, or dentures, examination of proposed recipients or of diagnostic information regarding proposed recipients by dental consultants of the department; (2) in the case of orthodontic services, procedures which assure that medical assistance will be provided only for severe, handicapping malocclusions; (3) in the case of transportation to obtain medical care, a statement from the attending physician certifying that such transportation is necessary due to a physical disability; and (4) procedures for any services for which prior approval was required under the regulations of the department as of July first, nineteen hundred and sixty-nine.

Assistance under this chapter for nursing services for persons twenty years of age or under shall be available after a medical review team under the supervision or with the approval of the department of public health, in cooperation with the departments of mental health and public welfare, approves such services for such persons. The department of public health, in cooperation with said other departments, shall promulgate rules and regulations for such services, and any person or facility offering such services shall receive prior certification from the department of public health.

The department shall establish methods of random posttreatment examination of recipients of medical care or services under this chapter in order to assure that the care or services for which the department is billed were actually performed as described.

Added by St.1969, c. 800, § 1. Amended by St.1971, c. 1084, § 3.

§ 8. Application; forms; application by institution

An application or reapplication by an individual for medical assistance shall be made to the department on forms prepared by the department. Such forms shall include but not be limited to the following:—the name, address and social security number of the applicant and the name, address and social security number of any member of the family sixteen years of age and older, the total income from wages, salaries, pensions, fees, tips, bonuses and all other sources of income of all such persons, the ownership and description of any motor vehicle or boat, or trailer, or similar assets readily convertible into cash owned by any member of the family. Such form shall require that the applicant provide information to determine his eligibility for medical assistance under penalty of perjury.

An institution furnishing medical assistance under this chapter shall have the right to make such application on behalf of an individual, or to intervene if such application is made, and in either event shall be entitled to notice, hearing and appeal in the same manner as an applicant. Nothing herein contained, however, shall be construed to grant to such institution any rights which supersede the rights of an applicant.

Added by St.1969, c. 800, § 1.

§ 9. Inquiry by department; notification of applicant; federal agreement

Upon receipt of such application the department shall make full inquiry concerning the eligibility of the applicant, his need for medical assistance and his resources and income, if any, and, promptly and within thirty days after receipt of such application, shall make its decision, which shall be entered into its records. At the time of such initial decision and in the event of any subsequent decision, the applicant or recipient shall be notified in writing of such decision and shall be informed of the reason therefor and of his right to appeal and of the method by which he may appeal under this chapter.

The department may enter into an agreement with the Secretary of the United States Department of Health, Education and Welfare, or with any federal or private agency, whereby said Secretary or agency shall determine on behalf of the department the eligibility for assistance under this chapter of all or certain applicants for such assistance.

Added by St.1969, c. 800, § 1. Amended by St.1973, c. 1210, § 27.

§ 10. Exempt income and resources

The following income and resources shall be exempt and shall neither be taken into consideration nor required to be applied toward the payment or part payment of the cost of medical assistance available under this chapter:

(1) Monthly income in an amount not exceeding the level of the minimum dollar amount required under Title XIX [1];

(2) ownership of one's residence, including furniture, which is essential and appropriate to the needs of the household;

(3) personal property up to a sum of two thousand dollars for one person, three thousand dollars for two persons and one hundred dollars for each additional dependent member of the family. For the purposes of this chapter, personal property is defined as cash on hand, bank deposits, securities, cash surrender value of insurance policies, automobiles, boats or other similar assets readily convertible into cash;

(4) health insurance premiums;

(5) taxes, social security payments or, in the absence thereof, mandatory payments to a retirement system, union dues, and other reasonable and usual costs of earning wages as approved by the department; provided, however, that the latter shall be no greater than two dollars and fifty cents per week or eleven dollars per month;

(6) payments made pursuant to a court order for support of dependents;

(7) payments received under the provision of chapter one hundred and fifteen to the extent that such income exemption does not contravene the provisions of any general, special or federal law.

Notwithstanding a wage earner's failure to claim all allowable dependents for withholding tax purposes the department shall compute his net income for the purposes of determining eligibility, by determining the amount that actually would have been withheld if said wage earner had claimed all such allowable dependents.

Voluntary deductions shall be included in determining net income.

In any case where the monthly income of a recipient or beneficiary is in excess of the exemptions allowed, the recipient or beneficiary shall be liable to pay to the provider of medical care or service an amount which shall be equal to the excess income for a period of six consecutive months, which includes the period when such service was provided.

In determining responsibility of any individual for any applicant or recipient of assistance under this chapter, such responsibility shall be limited to a person for his spouse and parents for children under the age of eighteen.

Added by St.1969, c. 800, § 1. Amended by St.1972, c. 745; St.1972, c. 779; St.1973, c. 925, § 39; St.1977, c. 825, § 3.

[1] 42 U.S.C.A. § 1396 et seq.

§ 11. Identification card

The department shall issue a numbered identification card to persons receiving benefits under this chapter. Such card shall bear the date of issue and shall be presented to providers as verification of eligibility for services. The department shall establish by rules and regulations such procedures as may be necessary for the purpose of recalling identification on termination of eligibility.

Added by St.1969, c. 800, § 1.

§ 12. Redetermination of eligibility

If an individual has become eligible under this chapter, eligibility shall be reconsidered or redetermined:

(*a*) When required on the basis of information the department has obtained previously about anticipated changes in the individual's situation.

(*b*) Promptly within thirty days, after a report is obtained from any source which indicates that changes in the individual's circumstances may affect the amount of assistance to which he is entitled or may make him ineligible.

(*c*) Periodically, but at least once in every six months.

(*d*) If any recipient shall by gift, inheritance or other manner acquire additional assets during any twelve month interval following determination of his eligibility, he shall immediately report such acquisition to the department which shall immediately make a reevaluation of such recipient's eligibility.

Added by St.1969, c. 800, § 1.

§ 13. Transfer of property; ineligibility for assistance

Medical assistance shall not be granted to an applicant who, at any time within one year immediately prior to the filing of an application for medical assistance, has made an assignment or transfer of real or personal property for the purpose of rendering himself eligible for such assistance.

Added by St.1969, c. 800, § 1. Amended by St.1971, c. 826.

§ 14. Time of payment

When the department determines that an applicant is eligible for medical assistance, it shall pay for eligible care and service furnished on or after the date of application. The date of application for medical assistance of an individual who has applied for financial assistance under the provisions of chapter one hundred and eighteen A or section one hundred and thirty-one of chapter six, shall be deemed to be the date of application for such financial assistance, whether or not such financial assistance is granted. If consistent with title XIX of the federal Social Security Act [1] and the regulations established thereunder, the department shall pay for eligible care and services furnished to an eligible applicant during the three months immediately prior to the month in which he filed his application: provided, however, that, at the time such care or services are furnished to him, such applicant upon application would have been eligible for medical assistance pursuant to this chapter.

Added by St.1969, c. 800, § 1. Amended by St.1973, c. 1210, § 28.

[1] 42 U.S.C.A. § 1396 et seq.

§ 15. Children

In the cases of those children for whom the department has responsibility under and in accordance with chapter one hundred and nineteen and who are otherwise eligible therefor as determined by the department, medical assistance under this program shall be provided and paid for by the department.

Added by St.1969, c. 800, § 1.

§ 16. Recovery of payments

There shall be no adjustment or recovery of medical assistance correctly paid, except from the estate of an individual who was sixty-five years of age or older when he received such assistance, and then only after the death of his surviving spouse, if any, and only at a time when he has no surviving child who is under age twenty-one or is blind or permanently and totally disabled.

In no event shall any action to recover be brought except with the written approval of the department. Proceeds realized through any such action shall be apportioned between the federal government and the commonwealth in proportion to the amount of their respective contributions thereto, but in no case for more than the amount contributed, without interest.

Added by St.1969, c. 800, § 1.

§ 17. Liens and encumbrances; third party liability

No lien or encumbrance of any kind except as may be permitted by the Secretary, shall be required from or imposed against the property of any individual prior to his death because of medical assistance paid or to be paid on his behalf except pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of a recipient.

If medical care and services are provided under this chapter and arises out of injury, disease or disability for which a third party may be liable, the department shall require the person receiving such medical care and services to provide for the assignment to the commonwealth of the amounts so expended from the proceeds of any such claim against the third party.

Added by St.1969, c. 800, § 1.

§ 18. Providers of services, participation in program

Participation in the program shall be limited to providers of services who:

(1) indicate their intention to the department to so participate;

(2) present evidence, satisfactory to the department, of their qualifications to provide such services;

(3) agree to accept, as payment in full, the amounts paid in accordance with the fee schedules provided for under this chapter; and

(4) agree to comply with all laws, rules and regulations governing the operation of the program.

Added by St.1969, c. 800, § 1.

§ 19. Distribution of rules, regulations etc.

The department shall distribute to all providers a copy of the rules, regulations, standards and laws governing the medical assistance program established by this chapter and shall establish administrative sanctions against providers, including suspension from the program for a period not exceeding three years, for any violations of said rules, regulations, standards or laws. The department shall notify the proper professional society and licensing agency of any such violations.

Added by St.1969, c. 800, § 1.

§ 20. Submission of bills; verification; perjury; inspection of records

Providers shall submit a bill for goods sold or services rendered to the department not later than ninety days after the goods are sold or the services rendered, and the department shall verify no less than ten per cent of said bills with the recipient of said goods or services. The department shall require that the provider maintain proof, subject to audit, of the actual deliverance of services and goods to recipients for which bills are submitted. The department shall verify the accuracy of bills submitted under this section through the application of statistical sampling methods. Said bills shall be signed under the penalties of perjury; provided, however, that an institution, as defined in clause (*d*) of section two, may, in lieu of this requirement, agree in writing with the commissioner that its books and records will be available for inspection at all reasonable times by the department with respect to services rendered under any assistance program administered by the department.

Added by St.1969, c. 800, § 1. Amended by St.1970, c. 701, § 2; St.1975, c. 684, § 25H; St.1975, c. 758, § 3; St.1976, c. 283, § 29.

§ 21. False representations, penalty

Any provider who makes false representations to the department or its agents for the purpose of procuring a payment under the provisions of this chapter or who obtains such a payment by fraudulent means shall be punished by a fine of not less than two hundred nor more than five hundred dollars or by imprisonment for not more than one year.

Added by St.1969, c. 800, § 1.

§ 22. Persons aggrieved; right to hearing; investigation; decision; rehearing; notice

Any person aggrieved by the failure of the department to grant medical assistance or by the failure of the department to approve or reject an application for such assistance within thirty days after receiving such application or by the withdrawal of such assistance shall have a right to a hearing, after due notice, upon appeal to the department in the manner and form prescribed by the department; provided, such appeal is received by the department within sixty days after official notice of the action taken by the department has been received by the applicant or recipient. Such hearing shall be conducted by the commissioner of public welfare or a referee designated by the commissioner. The commissioner or any referee designated by him is hereby empowered to subpoena witnesses, administer oaths, take testimony and secure the production of such books, papers, records and documents as may be relevant to such hearings. The decision of the commissioner, when he conducts the hearing, or of the referee designated to conduct the hearing, shall be the decision of the department. Such appeals, hearings, and decisions shall be subject to the provisions of section sixteen of chapter eighteen.

The department may make such additional investigation as it may deem necessary and shall make such decision as to the granting of medical assistance and the amount of such assistance to be granted as in its opinion is justified and in conformity with the provisions of this chapter. Applicants or recipients affected by such decisions of the department shall, upon request, be given reasonable notice and opportunity for a hearing by the department. The provisions relating to the conduct of hearings and decisions thereon made, as provided in this section, shall be equally applicable in all cases wherein the department acts upon its own motion.

The commissioner, or the referee designated by the commissioner, as the case may be, shall render and issue his decision within ninety days after the date of the filing of the aggrieved person's appeal, except that when an aggrieved person appeals the rejection of his application for aid or assistance or the failure to act on said application, the commissioner or referee shall render and issue his decision within forty-five days after the date of filing of said appeal. The commissioner, but not his designee, may for good cause shown direct the director of the division of hearings but not his designee, to conduct a rehearing of the appeal. An order to conduct a rehearing shall not be construed as indicating or implying any position by the commissioner on the merits of the appeal. The director shall send seven days' written notice to all parties, including the date, time and place of such rehearing, which shall be held at a location convenient to the person appealing, and after such rehearing the director may, not later than thirty days after the issuance of the referee's decision issue a superseding decision.

Added by St.1969, c. 800, § 1. Amended by St.1974, c. 752, § 13; St.1974, c. 787, § 2.

§ 23. Use and disclosure of information

The use or disclosure of information concerning applicants and recipients shall be limited to purposes directly connected with the administration of the medical assistance program and the names of applicants and recipients shall not be published.

Added by St.1969, c. 800, § 1.

§ 24. Repealed by St.1974, c. 787, § 3

§ 25. Contract for administrative functions; underwriting of program

To the extent feasible the department may contract with one or more federal agencies or corporations authorized to do business in the commonwealth, including nonprofit hospital and medical service corporations, to carry out the necessary administrative functions of the medical assistance program established under the provisions of this chapter. The department may contract for the underwriting of all or any part of the medical assistance program with such corporation or federal agency.

Added by St.1969, c. 800, § 1. Amended by St.1973, c. 1210, § [29].

§ 26. Utilization review of care and services; data processing

The department, in cooperation with the department of public health and the medical assistance advisory council and in accordance with the regulations of the secretary, shall establish processes of utilization review for each item of care or service enumerated in section six.

The department shall establish data processing and collection procedures which will (1) monitor eligibility of recipients, (2) assure that providers are neither paid twice for the same care or service nor paid in amounts in excess of fee schedules or other applicable limits, and (3) provide the statistical data necessary for effective utilization review.

Added by St.1969, c. 800, § 1.

§ 27. Maintenance of standards for providers; development of new programs

The department, in cooperation with the department of public health, shall establish and maintain standards and conditions of participation for providers of all medical care and services enumerated in section six.

The department of public health, in cooperation with the department of public welfare, shall (1) plan for and stimulate the development of new medical resources and the expansion of existing resources, (2) stimulate and assist providers of health care and services to develop new and improved methods of delivery of services and payment for services, and (3) expand and increase the services of the department of public health to extend and improve, as far as is practicable, the availability and accessibility of the services enumerated in section six to all recipients of medical assistance, and the coordination of these services in such manner that the best interests of the recipients are served.

Added by St.1969, c. 800, § 1. Amended by St.1974, c. 787, § 4.

PROTECTION OF CHILDREN

§ 1. Declaration of policy; purpose

It is hereby declared to be the policy of this commonwealth to direct its efforts, first, to the strengthening and encouragement of family life for the protection and care of children; to assist and encourage the use by any family of all available resources to this end; and to provide substitute care of children only when the family itself or the resources available to the family are unable to provide the necessary care and protection to insure the rights of any child to sound health and normal physical, mental, spiritual and moral development.

The purpose of this chapter is to insure that the children of the commonwealth are protected against the harmful effects resulting from the absence, inability, inadequacy or destructive behavior of parents or parent substitutes, and to assure good substitute parental care in the event of the absence, temporary or permanent inability or unfitness of parents to provide care and protection for their children.

Added by St.1954, c. 646, § 1. Amended by St.1972, c. 785, § 5.

§ 21. Definitions applicable to sections 22 to 51F

The following words and phrases when used in sections twenty-two to fifty-one F, inclusive, shall, unless the context otherwise requires, be construed as follows:

"Department", the department of social services.

"Parent", means mother or father, unless specified parent as defined under section one of chapter one hundred eighteen.

"Child in need of services", a child below the age of seventeen who persistently runs away from the home of his parents or legal guardian, or persistently refuses to obey the lawful and reasonable commands of his parents or legal guardian, thereby resulting in said parent's or guardian's inability to adequately care for and protect said child, or a child between the ages of six and sixteen who persistently and wilfully fails to attend school or persistently violates the lawful and reasonable regulations of his school.

"Custody", shall include the following powers:—(1) to determine the child's place of abode, medical care and education; (2) to control visits to the child; (3) to consent to enlistments, marriages and other contracts otherwise requiring parental consent. In the event that the parent or guardian shall object to the carrying out of any power conferred by this paragraph, said parent or guardian may take application to the committing court and said court shall review and make an order on the matter.

"Evidence", shall be admissible according to the rules of the common law and the General Laws and may include reports to the court by any person who has made an investigation of the facts relating to the welfare of the child and is qualified as an expert according to the rules of the common law or by statute or is an agent of the department or of an approved charitable corporation or agency substantially engaged in the foster care or protection of children. Such person may file with the court in a proceeding under said sections a report in full of all the facts obtained as a result of such investigation. The person reporting may be called as a witness by any party for examination as to the statements made in the report. Such examination shall be conducted as though it were on cross-examination.

Added by St.1972, c. 785, § 7. Amended by St.1973, c. 1073, § 3; St.1973, c. 1076, § 1A; St.1978, c. 552, § 28.

§ 22. Visitation of family foster homes; removal of child; procedure; temporary care; discharge of child to parent or legal guardian, or other provision for its care

An agent of the department shall visit each family foster home, not supervised and approved by a licensed placement agency, at least once a year and may be authorized by the department to remove a child to its care if in its judgment the welfare of the child or its protection from neglect or abuse so require. An agent who is refused such entry, or who is hindered in the removal of such child, may make complaint, on oath, to a justice of the court having jurisdiction, who may thereupon issue a warrant authorizing him to obtain sufficient aid, and at any reasonable time enter the building designated, and any part thereof, to investigate the treatment and condition of a child found there and to remove such child as herein provided. The department shall take such child temporarily into its care and forthwith notify the child's parent or legal guardian, and shall, upon request, discharge such child to its parent or legal guardian. If the parent or legal guardian is unable or refuses to make suitable provisions for the child, the department shall make lawful provisions for its care under section twenty-three or twenty-four.

Added by St.1972, c. 785, § 8.

§ 23. Responsibility of department to provide foster care for children

The department shall have the responsibility, including financial responsibility, for providing foster care for children through its own resources or by use of appropriate voluntary agencies according to the rules and regulations of the department in the following instances:

A. Upon the application of a parent or guardian or any person acting in behalf of the child, or of the child himself, the department may accept for foster care any child under eighteen years who in its judgment is in need of foster care. Such acceptance shall entail no abrogation of parental rights or responsibilities, but the department may accept from parents a temporary delegation of certain rights and responsibilities necessary to provide the foster care for a period of time under conditions agreed upon by both and terminal by either.

B. The department may accept from parents voluntary surrender of custody of their children under eighteen years for purposes of giving consent for adoption under the same conditions as noted in paragraph A of this section.

C. The department may seek and shall accept on order of a probate court the responsibility for any child under eighteen years of age who is without proper guardianship due to the death, unavailability, incapacity or unfitness of the parent or guardian, or on the consent of the parent or parents. Such responsibility shall include the right to determine the child's place of abode, medical care, and education; to control visits to the child; to give consents to enlistments, marriages and other contracts requiring parental consent, such responsibility to include the right to consent to adoption only when it is expressly included in the order of the court. If such child is in the care of the department of mental health, the responsibility enumerated above and all rights therein contained shall continue in the department. The department shall continue to have such responsibility for a mentally retarded person notwithstanding the fact that such person has reached the age of eighteen years, if the department has accepted responsibility for such person prior to his reaching the age of eighteen years and such person has been declared to be legally incompetent. Such responsibility shall continue in the department until such person shall be declared to be no longer legally incompetent.

D. The department shall accept on commitment from the Boston juvenile court, the Worcester juvenile court, the Bristol county juvenile court and the Springfield juvenile court and from any juvenile session of a district court of the commonwealth or from any superior civil court of the commonwealth any child under eighteen years of age declared in need of foster care under section twenty-six or to be a child in need of services under section thirty-nine G.

E. Any child under eighteen years who is left in any place and who is seemingly without a parent or legal guardian available shall be immediately reported to the department, which shall proceed to arrange care for such child temporarily and shall forthwith cause search to be made for parent or guardian. If parent or guardian cannot be found or is unable or refuses to make suitable provisions for the child, the department shall make such lawful provision as seems for the best interest of such child within the provisions of this chapter.

F. If the department has in its care a child whose parent or parents have consented to his adoption and the department has been unable to place such child in an adoptive home within sixty days of the receipt of such consent, it shall so notify all children's foster care agencies in the commonwealth licensed to place children for adoption. Said notice shall request that each such agency attempt to find an adoptive home for such child. If one of said agencies locates an adoptive home for such child the department shall cooperate with such agency in the placement of the child in such home and in the supervision of the placement during the one year waiting period. Any person in whose home such child has been placed by the division shall also be informed by the department if such child has become eligible for adoption, and such person may request consideration as a prospective adoptive parent.

G. A temporary shelter care facility program or a group care facility, licensed under the provisions of chapter twenty-eight A, may, for a seventy-two-hour period, provide temporary shelter to a child under eighteen without parental consent, provided that the child's welfare would be endangered if such shelter were not immediately provided. At the expiration of such seventy-two-hour period, the licensee shall (1) secure the consent of parent or guardian to continued custody and care, (2) refer the child to the department for custody and care, or (3) refuse to provide continued care and custody to said child.

The department may continue to have the responsibility for any person provided for in this section under twenty-one years for the purposes of specific educational or rehabilitative programs, under conditions agreed upon by both the department and such person and terminable by either.

Added by St.1954, c. 646, § 1. Amended by St.1960, c. 325; St.1962, c. 535; St.1969, c. 859, § 7; St.1970, c. 825; St.1970, c. 888, § 5; St.1972, c. 731, § 7; St.1973, c. 433; St.1973, c. 925, § 40; St.1973, c. 1073, § 4; St.1974, c. 682, § 4; St.1975, c. 276, §§ 1, 2.

§ 23A. Children born to inmates of correctional institutions or jails; care and custody

Any child born to an inmate of the Massachusetts Correctional Institution, Framingham, or of the Industrial School for Girls at Lancaster, or of a jail or a house of correction, shall be accepted by the department, and any child whose mother is committed to the Massachusetts Correctional Institution, Framingham, to a jail or a house of correction, or to the custody of the youth service board, may be accepted by the department. Thereupon the department in consultation with the commissioner of correction or the chairman of the youth service board shall make such provision at said place of commitment or elsewhere for the care of said child as may seem to be for the best interests of said child.

Added by St.1958, c. 588, § 2. Amended by St.1966, c. 473.

§ 23B. Services to unwed mothers

The department may, through its own resources or the resources of other appropriate agencies, provide services to mothers bearing children out of wedlock.

Added by St.1966, c. 495.

§ 24. Procedure to commit child to custody or other disposition

The Boston juvenile court, the Worcester juvenile court, the Bristol county juvenile court, and the Springfield juvenile court or the juvenile sessions of any district court of the commonwealth, except the municipal and district courts located within Suffolk county and except the municipal and district courts located within the territorial limits of the Worcester, Bristol county, and Springfield juvenile courts, upon the petition of any person alleging on behalf of a child under the age of eighteen years within the jurisdiction of said court that said child is without necessary and proper physical, educational or moral care and discipline, or is growing up under conditions or circumstances damaging to a child's sound character development, or who lacks proper attention of parent, guardian with care and custody, or custodian, and whose parents or guardian are unwilling, incompetent or unavailable to provide such care, may issue a precept to bring such child before said court, shall issue a notice to the department, and shall issue summonses to both parents of the child to show cause why the child should not be committed to the custody of the department or other appropriate order made. If after reasonable search no such parent can be found, summons shall be issued to the child's lawful guardian, if any, known to reside within the commonwealth, and if not, to the person with whom such child last resided, if known. If, after a recitation under oath by the petitioner of the facts of the condition of the child who is the subject of the petition, the court is satisfied that there is reasonable cause to believe that the child is suffering from serious abuse or neglect, or is in immediate danger of serious abuse or neglect, and that immediate removal of the child is necessary to protect the child from serious abuse or neglect, the court may issue an emergency order transferring custody of a child under this section to the department or to a licensed child care agency or individual described in clause (2) of section twenty-six. Said transfer of custody shall be for a period not exceeding seventy-two hours. Upon the entry of the order a date for a hearing on the extension of the order shall be set, which date shall fall within the seventy-two hour period. Written notice of the issuance of the emergency order and the reasons therefor, the hearing date and time, the right of the defendant to be represented by counsel, and to have counsel appointed where available if the defendant is indigent, shall be given to the parent or guardian with care and custody of the child and such other person, if any, as had custody at the time of the entry of the emergency order. Upon the issuance of the precept and order of notice the court shall appoint a person qualified under section twenty-one, to make a report to the court under oath of an investigation into conditions affecting the child. Said report shall then be attached to the petition and be a part of the record. The jurisdiction of the Boston juvenile court for the subject matter of this section shall extend to the territorial limits of Suffolk county.

Added by St.1954, c. 646, § 1. Amended by St.1969, c. 859, § 8; St.1972, c. 731, § 8; St.1973, c. 1076, § 2; St.1974, c. 260, § 19; St.1975, c. 276, § 3; St.1977, c. 799; St.1978, c. 478, §§ 49, 50.

§ 25. Hearing; custody of child

When such child is taken into custody upon said precept and brought before said court, the court may then hear said petition, or said petition may be continued to a time fixed for hearing, and the court may allow the child to be placed in the care of some suitable person or licensed agency providing foster care for children or the child may be committed to the custody of the department, pending a hearing on said petition.

Added by St.1954, c. 646, § 1.

§ 26. Procedure at hearing; order of commitment; reimbursement of commonwealth; petition for review

If the child is identified by the court and it appears that the precept and summonses have been duly and legally served, that said notice has been issued to the department and said report is received, the court may excuse the child from the hearing and shall proceed to hear the evidence.

If the court finds the allegations in the petition proved within the meaning of this chapter, it may adjudge that said child is in need of care and protection and may commit the child to the custody of the department until he becomes eighteen years of age or until in the opinion of the department the object of his commitment has been accomplished, whichever occurs first; or make any other appropriate order with reference to the care and custody of the child as may conduce to his best interests, including but not limited to any one or more of the following:—

(1) It may permit the child to remain with his parents, guardian, or other custodian, subject to conditions and limitations which the court may prescribe including supervision as directed by the court for the care and protection of the child.

(2) It may, subject to such conditions and limitations as it may prescribe, transfer temporary legal custody to any of the following:—

(*i*) any individual who, after study by a probation officer or other person or agency designated by the court, is found by the court to be qualified to give care to the child;

(*ii*) any agency or other private organization licensed or otherwise authorized by law to receive and provide care for the child;

(*iii*) the department of social services.

(3) It may order appropriate physical care including medical or dental care.

In appropriate cases the court shall order the parents or parent of said child to reimburse the commonwealth or other agency for care.

On any petition filed in any court pursuant to this section, the department, parents, person having legal custody of, or counsel for a child may petition the court not more than once every six months for a review and redetermination of the current needs of such child whose case has come before the court.

Added by St.1954, c. 646, § 1. Amended St.1973, c. 925, § 41; St.1973, c. 1076, § 3; St.1978, c. 552, § 29.

§ 27. Appeals; fee; notice of right of appeal

The child, parent, guardian or person appearing in behalf of such child, or the department, may appeal from the adjudication of the court to the juvenile appeals session of the district courts for the county where the hearing is held, as designated by the administrative justice therefor, except as provided in section fifty-seven of chapter two hundred and eighteen; and also may appeal at the time of the order of commitment, in which events the entire case shall be before the court as if originally commenced therein; and the child may be committed to the custody of the department or placed in the care of some suitable person or licensed children's foster care agency pending determination of the appeal. Such appeal shall be entered in the appeals session by the court from which the appeal is taken, without payment of any entry fee, and said appeals session may advance such complaint for speedy trial. The court shall notify the child, parent, guardian or person appearing in behalf of such child of the right of appeal at the time of adjudication and also at the time of commitment.

Added by St.1954, c. 646, § 1. Amended by St.1973, c. 1005; St.1978, c. 478, § 51.

§ 28. Orders for payment of support; revision or alteration of order

The court by which a child is committed to the department or placed in the care of a suitable person or licensed children's foster care agency under section twenty-five, twenty-six or twenty-seven may make an order for the payment, by his parents or by his guardian, out of the ward's property, to the department or such person or agency at times to be stated in the order, of sums not exceeding the cost of his support; provided, that no order for the payment of money shall be entered until the person by whom payments are to be made shall have been summoned before the court and given an opportunity to be heard. The court from time to time, upon petition by or notice to the person ordered to pay such sum of money or by the department, may revise or alter such order or make a new order as the circumstances may require.

Added by St.1954, c. 646, § 1.

§ 29. Counsel for child; appointment

Whenever a child is before any court under subsection C of section twenty-three or sections twenty-four to twenty-seven, inclusive, said child shall have and shall be informed of the right to counsel at all hearings, and if said child is not able to retain counsel, the court shall appoint counsel for said child. The parent, guardian or custodian of such child shall have and shall be informed of the right to counsel at all hearings, and if said parent, guardian or custodian of such child is financially unable to retain counsel, the court shall appoint counsel for said parent, guardian or custodian. Notwithstanding the provisions of this section, the court may make such temporary orders as may be necessary to protect the child and society.

The department, upon its request, shall be represented by the district attorney for the district in which the case is being heard.

Added by St.1954, c. 646, § 1. Amended by St.1973, c. 1076, § 4; St.1978, c. 501.

§ 29A. Legal fees of minors in criminal proceedings; liability of parents

The parents of an unemancipated minor shall be liable for such reasonable legal fees and expenses of an attorney, other than an attorney supplied by the Massachusetts defenders committee or assigned to represent such minor by the court and paid out of public funds, or supplied by a voluntary charitable group, corporation or association, or one serving without charge, incurred by such minor in connection with criminal proceedings against him as the court may determine, not exceeding, however, three hundred dollars. This section shall not apply to a parent who, as a result of a decree of a court of competent jurisdiction, does not have custody of such minor.

Added by St.1970, c. 386.

§ 32. Placement of children in private families

Children in the care or custody of the department shall be placed in private families; provided, that any child who upon examination is found to be in need of special care, treatment or education may, if it is found by the department to be in the best interest of the child, be placed in a public or private institution or school, the primary purpose of which is the special care, treatment or education of children. The reasons for the placement of any such child shall be entered in the records of the department.

Added by St.1954, c. 646, § 1.

§ 33. Placement of children in family home care

In placing a child in family home care, the department, or any private charitable or child-care agency, shall consider all factors relevant to the child's physical, mental and moral health.

Added by St.1954, c. 646, § 1. Amended by St.1970, c. 404, § 1.

§ 34. Transportation of children in patrol wagons

A child involved in any proceeding shall not be transported in a patrol wagon from his home or from any other place to any court or institution, but if a conveyance is necessary shall convey him in such other suitable vehicle as shall be provided or designated by the department. Violation of this section shall be punished by a fine of not less than twenty-five nor more than fifty dollars or by imprisonment for not more than three months.

Added by St.1954, c. 646, § 1. Amended by St.1967, c. 658, § 74, eff. July 1, 1968.

§ 35. Furnishing parent or guardian information as to child; permission to visit; petition; notice

If the parent or guardian of a child placed in charge of any person, association or public or private institution by any state department, town board, or by any public or private corporation or body of persons authorized by law to so place children, or if one of the next of kin of an orphan so placed in charge and without guardian, is not, upon request, informed by such department, board, corporation or body of persons where the child is, the probate court for the county where such child has his legal residence may, upon petition of such parent, guardian or next of kin, and upon notice, if in its opinion the welfare of the child and the public interest will not be injured thereby, require such department, board, corporation or body of persons to give the information and permit the parent, guardian or next of kin to visit the child at such times and under such conditions as the court orders; and the court may revise its order or make new orders or decrees as the welfare of the child and the public interest may require.

Added by St.1954, c. 646, § 1.

§ 36. Bringing child into commonwealth with view to adoption, custody or care; permit; application; bond

No person or institution shall bring or cause to be brought into the commonwealth, or receive therein, from any other state, province or country, any child for the purpose of placing or boarding, or of procuring the placing or boarding of such child, in a family or home within the commonwealth, with a view to adoption, guardianship, custody or care by any person other than one related to him by blood or marriage, without first obtaining a permit therefor from the department. Such a permit shall not issue until a written application therefor has been filed with the department on forms by it prepared, containing such information relative to such child as the department may require, accompanied by an individual or blanket bond running to the commonwealth in such penal sum and with such surety or sureties as the department may approve, conditioned on the following:—(1) that all statements contained in such an application are true in substantial particulars; (2) that any such child becoming a public charge during his minority shall be removed from the state not later than thirty days after notice from the department; (3) that such child shall be removed from the state immediately upon his release from any penal or reformatory institution or training school to which he has been committed, within three years of his arrival within the state, for juvenile delinquency or crime; (4) that such child shall be placed or boarded under such agreement as will secure to him a proper home and surroundings, and as will render his custodian responsible for his proper care, education and training, under adequate supervision and subject to annual visitation by an agent; and (5) that such reports relative to the child shall be made to the department as it may require. In case of a breach of any condition of such a bond, the attorney general, upon request of the department, shall put the bond in suit, and the commonwealth or any city or town thereof shall be reimbursed from the proceeds for any expense incurred by reason of a breach of any such condition. Violation of this section shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than six months, or both.

Added by St.1954, c. 646, § 1.

§ 37. Rules and regulations of department

The department shall make rules and regulations concerning the administration of its duties.

Added by St.1954, c. 646, § 1. Amended by St.1967, c. 658, § 75.

§ 38. Closed hearings; publication of names

All hearings under sections one to thirty-seven, inclusive, shall be closed to the general public and it shall be unlawful to publish the names of persons before the court in any hearing provided for therein, except under section twenty-one.

Added by St.1954, c. 646, § 1.

§ 39. Abandonment of infant under age of ten

Whoever abandons an infant under the age of ten within or without any building, or, being its parent, or being under a legal duty to care for it, and having made a contract for its board or maintenance, absconds or fails to perform such contract, and for four weeks after such absconding or breach of his contract, if of sufficient physical and mental ability, neglects to visit or remove such infant or notify the department of his inability to support such infant, shall be punished by imprisonment in a jail or house of correction for not more than two years; or, if the infant dies by reason of such abandonment, by imprisonment in a jail or house of correction for not more than two and one half years or in the state prison for not more than five years.

Added by St.1954, c. 646, § 1. Amended by St.1967, c. 658, § 76.

§ 39D. Visitation rights to certain grandparents of unmarried minor children

If either the father or mother of an unmarried minor child is deceased, the parents of such deceased person may be granted reasonable visitation rights to the minor child during his minority by the probate court upon a finding that such visitation rights would be in the best interests of the minor child. No such visitation rights shall be granted if said child has been adopted by a person other than a stepparent and any visitation rights granted pursuant to this section prior to such an adoption of the child shall be automatically terminated by said adoption.

Added by St.1972, c. 631.

PHYSICALLY OR EMOTIONALLY INJURED CHILDREN

§ 51A. Injured children; reports; immunity; privileged communications; penalties; notice of determination

Any physician, medical intern, medical examiner, dentist, nurse, public or private school teacher, educational administrator, guidance or family counselor, probation officer, social worker, foster parent or policeman, who, in his professional capacity shall have reasonable cause to believe that a child under the age of eighteen years is suffering serious physical or emotional injury resulting from abuse inflicted upon him including sexual abuse, or from neglect, including malnutrition, or who is determined to be physically dependent upon an addictive drug at birth, shall immediately report such condition to the department by oral communication and by making a written report within forty-eight hours after such oral communication; provided, however, that whenever such person so required to report is a member of the staff of a medical or other public or private institution, school or facility, he shall immediately either notify the department or notify the person in charge of such institution, school or facility, or that person's designated agent, whereupon such person in charge or his said agent shall then become responsible to make the report in the manner required by this section. Any such person so required to make such oral and written reports who fails to do so shall be punished by a fine of not more than one thousand dollars.

Said reports shall contain the names and addresses of the child and his parents or other person responsible for his care, if known; the child's age; the child's sex; the nature and extent of the child's injuries, abuse, maltreatment, or neglect, including any evidence of prior injuries, abuse, maltreatment, or neglect; the circumstances under which the person required to report first became aware of the child's injuries, abuse, maltreatment or neglect; whatever action, if any, was taken to treat, shelter, or otherwise assist the child; the name of the person or persons making such report; and any other information which the person reporting believes might be helpful in establishing the cause of the injuries; the identity of the person or persons responsible therefor; and such other information as shall be required by the department.

Any person required to report under this section who has reasonable cause to believe that a child has died as a result of any of the conditions listed in said paragraph shall report said death to the department and to the district attorney for the county in which such death occurred and to the medical examiners as required by section six of chapter thirty-eight. Any such person who fails to make such a report shall be punished by a fine of not more than one thousand dollars.

In addition to those persons required to report pursuant to this section, any other person may make such a report if any such person has reasonable cause to believe that a child is suffering from or has died as a result of such abuse or neglect. No person so required to report shall be liable in any civil or criminal action by reason of such report. No other person making such a report shall be liable in any civil or criminal action by reason of such report if it was made in good faith.

Within sixty days of the receipt of a report by the department from any person required to report, the department shall notify such person, in writing, of its determination of the nature, extent and cause or causes of the injuries to the child, and the social services that the department intends to provide to the child or his family.

Any privilege established by section twenty or twenty B of chapter two hundred and thirty-three, by court decision or by profession code relating to the exclusion of confidential communications and the competency of witnesses, may not be invoked in any civil action arising out of a report made pursuant to this section.

Added by St.1973, c. 1076, § 5. Amended by St.1975, c. 276, § 4; St.1977, c. 501; St.1977, c. 942; St.1978, c. 215, § 1; St.1979, c. 312, § 1.

§ 51B. Physically or emotionally injured children; duties of department

The department shall:

(1) investigate and evaluate the information reported under section fifty-one A. Said investigation and evaluation shall be made within twenty-four hours if the department has reasonable cause to believe the child's health or safety is in immediate danger from fur-

ther abuse or neglect and within seven days for all other such reports. The investigation shall include a home visit at which the child is viewed, if appropriate, a determination of the nature, extent and cause or causes of the injuries, the identity of the person or persons responsible therefor, the name, age and condition of other children in the same household, an evaluation of the parents and the home environment, and all other pertinent facts or matters. Such determinations and evaluations shall be in writing;

(2) evaluate the household of the child named in the report and make a written determination of the risk of physical or emotional injury to any other children in the same household;

(3) take a child into immediate temporary custody if the department has reasonable cause to believe that the removal of the child is necessary to protect him from further abuse or neglect; provided, however, that the department shall make a written report stating the reasons for such removal; and provided further, that if any child is so taken into custody, the department must file a petition pursuant to section twenty-four on the next court day;

(4) offer to the family of any child which it has reasonable cause to believe is suffering from any of the conditions described in the report appropriate social services to prevent further injury to the child, to safeguard his welfare, and to preserve and stabilize family life whenever possible. If the family declines or is unable to accept or to participate in the offered services, the department, or any person may file a petition pursuant to section twenty-four requesting an appropriate order with reference to the care and protection of the child;

(5) file in the central registry established under section fifty-one F a written report containing information sufficient to identify each child whose name is reported pursuant to section fifty-one A or fifty-one B. A notation shall be sent to such central registry whenever further reports on each such child are filed with the department;

(6) utilize or purchase and utilize such protective services of private and voluntary agencies as it determines necessary;

(7) promulgate regulations to implement the provisions of sections fifty-one A to fifty-one F, inclusive.

Added by St.1973, c. 1076, § 5. Amended by St.1978, c. 131.

§ 51C. Custody of injured child pending transfer to department or hearing

If a parent or other person requests the release from a hospital of a child reported pursuant to section fifty-one A, the presiding judge of the juvenile court or the district court of the judicial district in which such hospital is located may, if he believes such release would be detrimental to the child's health or safety, authorize the hospital and the attending physician, by any means of communication, to keep such a child in the hospital until custody is transferred to the department or until a hearing may be held relative to the care and custody of such child.

Any other physician treating a child reported pursuant to section fifty-one A may be so authorized by the court to keep such child in his custody until such time as the custody of the child has been transferred to the department or until a hearing may be held relative to the care and custody of such child.

Added by St.1973, c. 1076, § 5.

§ 51D. Child protection consultation and advisory boards; duties; recommendations; review

The commissioner of the department of social services may establish throughout the commonwealth child protection consultation and advisory boards. Each board shall be composed of three members who shall be appointed by the commissioner. Not more than one member of each board shall be an employee of the department.

The consultation and advisory boards shall receive, within a reasonable time after a case is initially reported pursuant to section fifty-one A, a summary of the findings and recommendations on each case in which no court action has been taken.

Upon receipt of the written report each board shall make a recommendation for departmental action and shall communicate such recommendation to the commissioner.

In forming such recommendation, each board may request further information on the case and may call before it any person who has been involved in the investigation and evaluation which is being reviewed.

Each board shall give precedence to cases of children suffering serious physical or emotional damage as defined in section fifty-one A in which no court action or change in custody is recommended. The boards shall next review cases in which a party to the proceedings, or any person required to report under section fifty-one A requests a consultation. Other cases in which protective services are offered shall be reviewed in the order of their receipt.

Members of the board shall serve without compensation but, if they are public employees, shall be relieved from their formal duties during times when they are performing the duties specified in this section. Members of the boards shall be reimbursed for any expenses necessarily incurred in the performance of their duties.

Nothing in this section shall permit the board to review decisions of a court of competent jurisdiction.

Added by St.1973, c. 1076, § 5. Amended by St.1978, c. 552, § 32.

§ 51E. Reports of injured children; files; confidentiality; penalties

The department shall maintain a file of the written reports prepared pursuant to this section and sections fifty-one A to fifty-one D, inclusive. Such written reports shall be confidential. The child's parent, guardian, or counsel, the reporting person or agency, the appropriate review board, or a social worker assigned to the case, may, upon request, and upon the approval of the commissioner, receive a copy of the written report of the initial investigation. No such report shall be made available to any persons other than those enumerated in this section without the written and informed consent of the child's parent or guardian, the written approval of the commissioner, or an order of a court of competent jurisdiction.

The name and all other identifying information relating to any child, or to his parents or guardian, shall be removed from said reports ninety days after the department determines that the allegation of serious physical or emotional injury resulting from abuse or neglect cannot be substantiated, or, if said allegations are substantiated, when the child reaches the age of eighteen, or one year after the date of termination of services to the child or his family, whichever date occurs last.

Any person employed in the central registry who permits the data and information stored in the registry to be released without authorization to persons or agencies other than those specified in the rules and regulations shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than two and one half years, or both.

Added by St.1973, c. 1076, § 5. Amended by St.1975, c. 528, § 1.

§ 51F. Central registry of information; confidentiality; penalties

The department shall maintain a central registry of information sufficient to identify children whose names are reported pursuant to section fifty-one A or fifty-one B. Data and information relating to individual cases in the central registry shall be confidential and shall be made available only with the approval of the commissioner or upon court order. The commissioner shall establish rules and regulations governing the availability of such data and information. The name and all other identifying characteristics relating to any child which is contained in the central registry, or to his parents or guardian, shall be removed ninety days after the department determines, after investigation, that the allegation of serious physical or emotional injury resulting from abuse or neglect cannot be substantiated or, if said allegations are substantiated, when the child reaches the age of eighteen, or one year after the date of termination of services to the child or his family, whichever date occurs last.

Any person who permits any information in the files to be released to persons or agencies other than those specified in this section shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than two and one half years, or both.

Added by St.1973, c. 1076, § 5. Amended by St.1975, c. 528, § 2.

§ 51G. Severability; sections 51A to 51F

Sections fifty-one A to fifty-one F, inclusive, are severable and the invalidity of any of said sections shall not affect the continuing validity of any other of said sections.

Added by St.1973, c. 1076, § 5.

CHAPTER 120

DEPARTMENT OF YOUTH SERVICES AND MASSACHUSETTS TRAINING SCHOOLS

Sec.
3. Appointment of superintendents, chaplains and physicians.
6A. Correction of socially harmful tendencies.
10. Use of public or private facilities, institutions and agencies; control; inspection; acceptance and control of delinquent children; effect of placement of person in or release from institution or control by department.

§ 3. Appointment of superintendents, chaplains and physicians

The commissioner of youth services shall from time to time appoint a superintendent, chaplains and a physician of each of said schools and institutions, and shall, in accordance with law appoint all other officers and employees required at said schools and institutions and shall prescribe their duties.

Added by St.1948, c. 310, § 22. Amended by St.1952, c. 605, § 6; St.1969, c. 838, § 30.

§ 6A. Correction of socially harmful tendencies

The keeper of each jail and the superintendent of each house of correction shall, at the county's expense, cause it to be constantly kept in as cleanly and healthful a condition as may be. No permanent vault

As a means of correcting the socially harmful tendencies of a person committed to it, the department of youth services may—

(*a*) Require participation by him in vocational, physical, educational, and correctional training and activities.

(*b*) Require such modes of life and conduct as seem best adapted to fit him for return to full liberty without danger to the public.

(*c*) Provide such medical or psychiatric treatment as is necessary.

Added by St.1948, c. 310, § 22. Amended by St.1969, c. 838, § 35.

§ 10. Use of public or private facilities, institutions and agencies; control; inspection; acceptance and control of delinquent children; effect of placement of person in or release from institution or control by department

(*a*) For the purpose of carrying out its duties and effectuating the decisions of the department of youth services with respect to the classification, placement for training and treatment, transfer, release under supervision and discharge of persons committed to the department the commissioner of youth services is authorized to make use of law enforcement, detention, supervisory, medical, educational, correctional, segregative, and other facilities, institutions and agencies, whether public or private, within the commonwealth wherever feasible, otherwise outside the commonwealth; provided however, that the department shall not transfer custody of any person who was committed to the department by a juvenile court or district court juvenile session and who is under eighteen to a penal institution. The commissioner of youth services may enter into agreements with the appropriate private or public officials for separate care and special treatment in existing institutions of persons committed to the department.

At least twice annually, the commissioner of youth services with the assistance of the executive secretary to the advisory committee shall be responsible for convening and programming a meeting of a youth services coordinating council composed of the commissioners of public health, mental health, education, public welfare, corrections, and probation, and the commissioner of administration and finance or their designees. The youth services coordinating council shall meet for the purposes of providing for the coordination and mutual assistance in the carrying out and evaluation of all the programs relating to youth services in the commonwealth. Said council shall jointly prescribe and from time to time amend rules and recommendations of their various departments for the aforementioned purposes.

(*b*) Nothing herein shall be construed as giving the department of youth services control over existing facilities, institutions or agencies other than those listed in section two, or as requiring such facilities, institutions or agencies to service said department inconsistently with their functions, or with the authority of their officers, or with the laws and regulations governing their activities, or as giving said department power to make use of any private institution or agency without its consent, or to pay a private institution or agency for services which a public institution or agency is willing and able to perform.

(*c*) Public institutions and agencies are hereby required to accept and care for delinquent children or convicted persons sent to them by the department in the same manner as they would be required to do had such persons been committed thereto by a juvenile court, district court, superior court or probate court.

(*d*) The department is hereby given the right and shall be required periodically to inspect all public and all private institutions and agencies whose facilities it is using. Every institution and agency, whether public or private, is required to afford the department reasonable opportunity to examine or consult with persons committed to the department who are for the time being in the custody of the institution or agency.

(*e*) Placement of a person by the department in any institution or agency not operated by the department or the release of such person from such an institution or agency shall not terminate the control of the department over such person. No person placed in such institution or under such an agency may be released by the institution or agency without the approval of the department.

§ 1. Definitions

Unless a different meaning clearly appears from the context, the following terms, wherever used in this chapter, shall have the following meanings:

Unless a different meaning clearly appears from the context, the following terms, wherever used in this chapter, shall have the following meanings:—

"Blighted open area", a predominantly open area which is detrimental to the safety, health, morals, welfare or sound growth of a community because it is unduly costly to develop it soundly through the ordinary operations of private enterprise by reason of the existence of ledge, rock, unsuitable soil, or other physical conditions, or by reason of the necessity for unduly expensive excavation, fill or grading, or by reason of the need for unduly expensive foundations, retaining walls or unduly expensive measures for waterproofing structures or for draining the area or for the prevention of the flooding thereof or for the protection of adjacent properties and the water table therein or for unduly expensive measures incident to building around or over rights of way through the area, or for otherwise making the area appropriate for sound development, or by reason of obsolete, inappropriate or otherwise faulty platting or subdivision, deterioration of site improvements or facilities, division of the area by rights of way, diversity of ownership of plots, or inadequacy of transportation facilities or other utilities, or by reason of tax and special assessment delinquencies, or because there has been a substantial change in business or economic conditions or practices, or an abandonment or cessation of a previous use or of work on improvements begun but not feasible to complete without the aids provided by this chapter, or by reason of any combination of the foregoing or other conditions; or a predominantly open area which by reason of any condition or combination of conditions which are not being remedied by the ordinary operations of private enterprise is of such a character that in essence it is detrimental to the safety, health, morals, welfare or sound growth of the community in which it is situated.

"Decadent area", an area which is detrimental to safety, health, morals, welfare or sound growth of a community because of the existence of buildings which are out of repair, physically deteriorated, unfit for human habitation, or obsolete, or in need of major maintenance or repair, or because much of the real estate in recent years has been sold or taken for non-payment of taxes or upon foreclosure of mortgages, or because buildings have been torn down and not replaced and in which under existing conditions it is improbable that the buildings will be replaced, or because of a substantial change in business or economic conditions, or because of inadequate light, air, or open space, or because of excessive land coverage, or because diversity of ownership, irregular lot sizes or obsolete street patterns make it improbable that the area will be redeveloped by the ordinary operations of private enterprise, or by reason of any combination of the foregoing conditions.

"Sub-standard area", an area wherein dwellings predominate which, by reason of dilapidation, overcrowding, faulty arrangement or design, lack of ventilation, light, or sanitation facilities, or any combination of these factors, are detrimental to safety, health, morals, welfare or sound growth of a community.

"Construct", "construction", and "erect" shall include the renovation, rehabilitation or remodeling of buildings or structures.

"Housing board" or "board", the department of community affairs.

"Project", any undertaking consisting of the construction in a blighted open, decadent or sub-standard area of decent, safe and sanitary residential, commercial, industrial, institutional, recreational or governmental buildings and such appurtenant or incidental facilities as shall be in the public interest, and the operation and maintenance of such buildings and facilities after construction. A "project" may include as incidental thereto any one or more of the following: (a) acquisition and assembly of the land (and buildings and structures and other improvements thereon, if any) within a blighted open, decadent or sub-standard area; (b) clearance of the land within a blighted open, decadent or sub-standard area; (c) acquisition, assembly and clearance of land, buildings or structures not in themselves blighted, decadent, or sub-standard if their inclusion is necessary for the clearance, redevelopment, reconstruction or rehabilitation of a blighted open, decadent or sub-standard area; and (d) installation, construction, and reconstruction of public and private ways, public utilities and services, and site improvements essential to the preparation of a blighted open, decadent or sub-standard area for beneficial development or redevelopment.

"Zoning ordinance or by-law", any special statute establishing zoning regulations in one or more cities, towns or districts, or any ordinance or by-law adopted under chapter forty A or corresponding provisions of earlier laws.

"Mayor", the duly elected mayor of the city in all cities except those having a Plan D or a Plan E charter and in cities having a Plan D or a Plan E charter, the city manager.

§ 2. Declaration of public necessity; acquisition and regulation of private property

It is hereby declared that blighted open, decadent or sub-standard areas exist in certain cities and towns in this commonwealth, and that each of such areas constitutes a serious and growing menace, injurious and inimical to the safety, health, morals and welfare of the residents of the commonwealth and the sound growth of the communities therein; that the existence of each of such areas contributes substantially to the spread of disease and crime, necessitating excessive and disproportionate expenditure of public funds for the preservation of the public health and safety, for crime prevention, correction, prosecution, punishment, and the treatment of juvenile delinquency and for the maintenance of adequate police, fire and accident protection and other public services and facilities, constitutes an economic and social liability, substantially impairs or arrests the sound growth of cities and towns, and retards the provision of residential, commercial and industrial buildings and other improvements; that each of such areas decreases the value of private investments and threatens the sources of public revenue and the financial stability of communities; that because of the economic and social interdependence of different communities and of different areas within single communities the redevelopment of land not only in sub-standard areas but also in blighted open and decadent areas in accordance with a comprehensive plan to promote the sound growth of the community is necessary in order to achieve permanent and comprehensive elimination of existing slums and sub-standard, decadent and blighted conditions and to prevent the recurrence of such slums or sub-standard, decadent or blighted conditions or their development in other parts of the community or in other communities; and that the redevelopment of blighted open areas promotes the clearance of substandard and decadent areas and prevents their creation and occurrence; that the menace of blighted open, decadent or sub-standard areas is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aids herein provided; that the development of property for the purpose of eliminating blighted open, decadent or sub-standard conditions thereon and preventing recurrence of such conditions in the area, the removal of structures and improvement of sites, and disposition of the property for redevelopment incidental to the foregoing, the exercise of powers by housing or redevelopment authorities and any assistance which may be given by cities and towns or any other public bodies in connection therewith, are public uses and purposes for which the aids herein provided may be given, public money expended, and the power of eminent domain exercised; that a public exigency exists which makes the use, acquisition, planning, clearance, rehabilitation or rebuilding of such blighted open, decadent, or sub-standard areas for residential, commercial, industrial, institutional, recreational or governmental buildings and appurtenant or incidental facilities as herein provided a public use and benefit for which private property may be acquired by eminent domain or regulated by wholesome and reasonable orders, laws and directions; and the necessity in the public interest for the provisions hereinafter enacted is hereby declared as a matter of legislative determination.

It is hereby further declared that in many areas throughout the commonwealth there is a shortage of decent, safe and sanitary buildings for residential, commercial, industrial, institutional, recreational, or governmental purposes; that this condition is most extreme in communities where blighted open, decadent or sub-standard areas exist; that the aforesaid conditions cannot be corrected by the ordinary operations of private enterprise without the aids herein provided; that the provisions of this chapter will stimulate the investment of private capital in blighted open, decadent or sub-standard areas, and in the construction, maintenance and operation in such areas of needed decent, safe and sanitary residential, commercial, industrial, institutional, and recreational buildings; that the construction, maintenance and operation of such buildings on such land in such areas will assist in achieving permanent and comprehensive elimination of existing slums, and substandard, decadent and blighted conditions and in preventing the recurrence or redevelopment of such conditions.

Added by St.1945, c. 654, § 1. Amended by St.1953, c. 647, § 1; St.1960, c. 652, § 2.

§ 4. Rules and regulations of housing boards; standards for project plans; variations

The housing board may make, and from time to time amend, reasonable rules and regulations in regard to the procedure for securing the approval of projects under this chapter and for the financing, construction, management and maintenance of such projects. The housing board may, for the guidance of the proponents of a project, fix general standards to which the plans of such a project shall conform. Variations from such standards may be allowed for the accomplishment of the purposes of this chapter. Such standards may contain provisions more restrictive than those imposed by applicable planning, zoning, health and building laws, ordinances, by-laws and regulations.

HOUSING PROGRAMS

§ 25. Statement of emergency

It is hereby declared that substandard and decadent areas exist in certain portions of the commonwealth, and that there is not in the commonwealth, within a reasonable distance of the principal centers of employment, an adequate supply of low-rent housing for families of low income; that in certain portions of the commonwealth decent, safe and sanitary housing cannot be provided for families of low income in rural areas at a cost which would warrant private enterprise in the locality or in the same general area to provide an adequate supply thereof; that this situation tends to cause an increase and spread of disease and crime and constitutes a menace to the health, safety, morals, welfare and comfort of the inhabitants of the commonwealth and is detrimental to property values therein; that this situation cannot readily be remedied by the ordinary operations of private enterprise; that a public exigency exists which makes the clearance of substandard or decadent areas and the provision of housing for persons of low income a public necessity; that the clearance of substandard and decadent areas and the provision of housing for persons of low income, or either, constitute a public use for which private property may be acquired by eminent domain and public funds raised by taxation may be expended; and the enactment of sections one to forty-four of this chapter is declared to be a public necessity.

Added by St.1969, c. 751, § 1.

§ 28. Application of laws, ordinances, and regulations of cities or towns relating to buildings, planning, zoning and public health

Except as provided in section thirty with respect to projects leased from the federal government, every housing project shall be subject to all laws and all ordinances, by-laws and regulations of the city or town in which it lies, relating to the construction and repair of buildings, town planning, zoning and the protection of the public health; provided, that with the approval of the department and the supervisor of plans of the department of public safety, any building in a housing project of not more than three stories in height which is divided into two or more sections by fire division separations in accordance with any special law relative thereto or with any ordinance, by-law or regulation of the city or town in which it lies, which contains an enclosed stairway in each section extending from the roof to the ground directly accessible to the occupants of each dwelling unit therein, which is built of fireproof or fire resistive construction as defined by any special law relative thereto or by any ordinance, by-law or regulation of the city or town in which it lies, and which, together with the other buildings on the same project, does not occupy more than thirty per centum of the area thereof, may be designed, erected and maintained with only one means of egress from a dwelling unit to a stairway or public corridor; provided, that when any room in a dwelling unit is more than forty feet from such means of egress, there shall be two egresses from such dwelling unit located at points as widely separated from one another as may be reasonably feasible, with not more than four dwelling units above the second story in each section, with exterior egress doors not less than three feet in width, although such dwelling units contained in the aggregate more than eight rooms and the only means of egress is as above described; and provided further, with the approval of the department, and the supervisor of plans of the department of public safety, any building in a housing project or any section of such a building which is set apart by a fire wall or fire walls of more than three stories in height, which is of fireproof or fire resistive construction in accordance with any special law relative thereto, or with any ordinance, by-law or regulation of the city or town in which it lies, and which is provided with two enclosed stairways isolated from each other by fire division separations in accordance with any special law relative thereto or with any ordinance, by-law or regulation of the city or town in which it lies, or as widely separated from each other as may be reasonably feasible, and which, if of more than six stories in height, is equipped with automatic sprinklers installed in cellars, basements, workrooms, shops, storerooms and kitchens, may be designed, erected and maintained with only one means of egress from each dwelling unit to a public corridor; provided, that when any room of a dwelling unit is more than forty feet from such means of egress, there shall be two egresses from such dwelling unit located at points as widely separated from one another as may be reasonably feasible; and provided, further, that in buildings three or more stories in height, stairs and landings, and doors connecting public corridors and stair enclosures, when serving not more than three hundred persons, shall be not less than three feet in width between walls or between wall and balustrades with stairs equipped with a handrail on one side, although the only means of egress and fire extinguishing apparatus are as above described.

Added by St.1969, c. 751, § 1.

§ 33. Equivalent elimination of substandard dwelling units

No project for low-rent housing involving the construction of new dwellings shall be undertaken by a housing authority unless the city or town has entered into an agreement with the housing authority providing that, subsequent to the initiation of the project and within five years after the completion thereof, there has been or will be elimination by demolition, condemnation, effective closing or compulsory repair or improvement of unsafe or unsanitary dwelling units situated in the locality or metropolitan area substantially equal in number to the number of newly constructed dwelling units provided by such project; provided, that where more than one family is living in an unsafe or unsanitary dwelling unit, the elimination of such unit shall count as the elimination of units equal to the number of families accommodated therein; and provided, further, that such elimination may, in the discretion of the department be deferred in any locality or metropolitan area where there is an acute shortage of decent, safe or sanitary housing available to families of low income; and provided, further, that this requirement shall not apply in the case of any law-suit housing project located in a rural nonfarm area, or to any low-rent housing project undertaken under the provisions of section thirty-four.

Added by St.1969, c. 751, § 1.

HOUSING FOR THE ELDERLY AND THE HANDICAPPED

§ 38. Declaration of policy

It is hereby declared that substandard and decadent areas exist in certain portions of the commonwealth and that there is not, in certain parts of the commonwealth, an adequate supply of decent, safe and sanitary housing for elderly persons of low income, available for rents which such persons can afford to pay, and the rents which such persons can afford to pay would not warrant private enterprise in providing housing for such persons; that this situation tends to cause an increase and spread of communicable and chronic diseases, that the lack of properly constructed dwelling units designed specifically to meet the needs of elderly persons aggravates those diseases peculiar to the elderly thereby crowding the hospitals in the commonwealth with elderly persons under conditions of idleness that inevitably invite further senility; that this situation constitutes a menace to the health, safety, welfare and comfort of the inhabitants of the commonwealth and is detrimental to property values in the localities in which it exists; that this situation cannot readily be remedied by private enterprise; and that a public exigency exists which makes the provision of housing for elderly persons of low income and the clearance of decadent or substandard areas a public necessity; that the provision of housing for elderly persons of low income for the purpose of reducing the cost to the commonwealth of their care by promoting their health and welfare, thereby prolonging their productivity in the interest of the state and nation, and the clearance of decadent or substandard areas, or either, constitutes and hereby is declared to be a public use for which private property may be taken by eminent domain and public funds raised by taxation may be expended.

It is hereby further declared that there is not, in certain parts of the commonwealth, an adequate supply of decent, safe and sanitary housing for handicapped persons of low income available for rents which such persons can afford to pay, and the rents which such persons can afford to pay would not warrant private enterprise in providing housing for such persons; that this situation often results in the institutionalization of such persons at substantial cost to the commonwealth or their resort to decadent or substandard housing with the result that such decadent or substandard housing cannot be eliminated; that this situation aggravates the hardship of handicapped persons and prevents their living productive lives and that the provision of housing for handicapped persons of low income is in the interest of the commonwealth and hereby is declared to be a public use for which private property may be taken by eminent domain and public funds may be expended.

Added by St.1969, c. 751, § 1. Amended by St.1970, c. 812, § 3.

RENTAL ASSISTANCE PROGRAM

§ 42. Declaration of necessity

It is hereby declared (*a*) that there does not now exist within the commonwealth an adequate supply of decent, safe and sanitary dwelling units available at rents which families of low income, and handicapped persons of low income or families of low income of which one or more persons is handicapped, can afford without depriving themselves of the other necessities of life, (*b*) that the elimination of decadent or substandard areas in the commonwealth and the rehousing of the families now in such areas, many of them of low income, in decent, safe and sanitary housing is a public necessity, (*c*) that experience has demonstrated that the construction of the new low-rent housing projects on the large scale required to provide the needed dwelling units would be unduly expensive and would generate undesirable social consequences, (*d*) that there exists a supply of moderate rental dwelling units within the commonwealth presently under construction or vacant which could be used to house such families of low income, and handicapped persons of low income or families of low income of which one or more persons is handicapped, as cannot presently afford decent, safe and sanitary housing, provided public funds are available to supplement the portion of their income which they can afford to spend on housing, and (*e*) a program of rental assistance operated through the housing authorities in the cities and towns would help end the undesirable concentration and segregation of families of low income, and handicapped persons of low income or families of low income of which one or more persons is handicapped, in separate, concentrated areas of our cities and towns and help give every citizen an equal opportunity to enjoy decent, safe and sanitary housing in a neighborhood of his own choice.

Added by St.1969, c. 751, § 1. Amended by St.1974, c. 689, §§ 12, 13.

URBAN RENEWAL PROGRAMS

§ 45. Declaration of necessity

It is hereby declared that substandard, decadent or blighted open areas exist in certain cities and towns in this commonwealth; that each constitutes a serious and growing menace, injurious and inimical to the safety, health, morals and welfare of the residents of the commonwealth; that each contributes substantially to the spread of disease and crime, necessitating excessive and disproportionate expenditure of public funds for the preservation of the public health and safety, for crime prevention, correction, prosecution and punishment and the treatment of juvenile delinquency and for the maintenance of adequate police, fire and accident protection and other public services and facilities; that each constitutes an economic and social liability, substantially impairs or arrests the sound growth of cities and towns, and retards the provision of housing accommodation; that each decreases the value of private investments and threatens the sources of public revenue and the financial stability of communities; that because of the economic and social interdependence of different communities and of different areas within single communities, the redevelopment of land in decadent, substandard and blighted open areas in accordance with a comprehensive plan to promote the sound growth of the community is necessary in order to achieve permanent and comprehensive elimination of existing slums and substandard conditions and to prevent the recurrence of such slums or conditions or their development in other parts of the community or in other communities; that the redevelopment of blighted open areas promotes the clearance of decadent or substandard areas and prevents their creation and occurrence; that the menace of such decadent, substandard or blighted open areas is beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aids herein provided; that the acquisition of property for the purpose of eliminating decadent, substandard or blighted open conditions thereon and preventing recurrence of such conditions in the area, the removal of structures and improvement of sites, the disposition of the property for redevelopment incidental to the foregoing, the exercise of powers by urban renewal agencies and any assistance which may be given by cities and towns or any other public bodies in connection therewith are public uses and purposes for which public money may be expended and the power of eminent domain exercised; and that the acquisition, planning, clearance, conservation, rehabilitation or rebuilding of such decadent, substandard and blighted open areas for residential, governmental, recreational, educational, hospital, business, commercial, industrial, or other purposes, including the provision of streets, parks, recreational areas and other open spaces, are public uses and benefits for which private property may be acquired by eminent domain or regulated by wholesome and reasonable orders, laws and directions and for which public funds may be expended for the good and welfare of this commonwealth.

It is further declared that while certain of such decadent, substandard and blighted open areas, or portions thereof, may require acquisition and clearance because the state of deterioration may make impracticable the reclamation of such areas or portions by conservation and rehabilitation, other of such areas, or portions thereof, are in such condition that they may be conserved and rehabilitated in such a manner that the conditions and evils enumerated above may be alleviated or eliminated; and that all powers relating to conservation and rehabilitation conferred by this chapter are for public uses and purposes for which public money may be expended and said powers exercised.

The necessity in the public interest for the provisions of this chapter relating to urban renewal projects is hereby declared as a matter of legislative determination.

Added by St.1969, c. 751, § 1.

OTHER PROGRAMS

§ 58. Declaration of necessity

It is hereby declared that (*a*) that there exist in certain cities and towns in the commonwealth substandard dwelling houses in urban renewal project areas which constitute a serious and growing menace and create a housing shortage, injurious to the public health, safety, morals and welfare of the residents of the commonwealth, and the declarations heretofore made in this chapter with respect to such areas are hereby reaffirmed; (*b*) that while many of such dwelling houses may require acquisition and clearance as provided in this chapter because their state of deterioration may make impracticable their reclamation by conservation or rehabilitation, others in such areas are in such condition that they may, through the means provided in section fifty-nine, be conserved or rehabilitated in such a manner that the conditions and evils hereinbefore enumerated may be alleviated or eliminated so that such dwelling houses may be returned to or remain in private ownership and be available as decent, safe and sanitary housing; and (*c*) that all powers conferred by said section fifty-nine are for public uses and purposes for which public money may be expended.

§ 1. Supervision; inpatient and outpatient services

The department of public health, in this chapter called the department, shall have general supervision of the Tewksbury hospital; and may delegate any of its powers and duties to and execute any of its functions by agents appointed for the purpose.

Subject to appropriation and subject to the provisions of sections twenty-five B to twenty-five G, inclusive, of chapter one hundred and eleven, the department shall be authorized to establish at the Tewksbury hospital, with the approval of the superintendent and the trustees, any inpatient or outpatient services, including but not limited to medical, surgical, restorative, rehabilitative or chronic services, mental health and mental retardation services, extended care services, dental services, rehabilitative therapy services, family planning services, services for treatment of alcoholism and drug addiction, skilled nursing care services, intermediate care facility services, and residency care services.

Added by St.1958, c. 613, § 8. Amended by St.1975, c. 752, § 5.

§ 2. Board of trustees; number; appointment

There shall be a board of trustees of the Tewksbury Hospital serving in the department consisting of seven persons, three of whom shall annually in June be appointed by the governor for three years, except that in the year nineteen hundred and sixty and every third year thereafter only one such trustee shall be appointed.

Added by St.1958, c. 613, § 8. Amended by St.1977, c. 864, § 13.

§ 3. Board of trustees; powers and duties; appointment of superintendent

The trustees of the Tewksbury hospital, in this chapter called the trustees, shall hold meetings monthly at the hospital. One trustee shall visit the hospital at least once a week. The commissioner of the department, with the approval of the public health council, shall appoint a superintendent thereof, who may be the medical director. No member of the board of trustees shall be employed at the hospital.

Added by St.1958, c. 618, § 8.

§ 4. Trustees; rules and regulations

The trustees shall, with the approval of the department, make rules and regulations for the proper management and government of said hospital, and shall see to their enforcement.

Added by St.1958, c. 613, § 8.

§ 5. Corporate status of trustees; powers and duties

The trustees shall be a corporation for the purpose of taking and holding, by them and their successors, in the name of the commonwealth, and in accordance with the terms thereof, any grant or devise of land or any gift or bequest of money or other personal property made for the use or benefit of the Tewksbury hospital, its patients or former patients, and for the purpose of preserving and investing the proceeds thereof in notes or bonds secured by good and sufficient mortgages or other security, with all the powers necessary to effect said purposes. For said purposes the trustees may employ such agencies as they may from time to time determine to be wise and proper, including any trust company or other corporation authorized by law to administer trusts, and may from funds received as aforesaid or the income thereof pay such expenses as may be necessary for the wise administration of such gifts or trusts, or may delegate any powers conferred by this section upon any such trust company or corporation. In the use, management and administration of such gifts or trusts, the trustees or their agents shall in their discretion so act as most effectively to aid the beneficiaries in accordance with the terms of the gift or trust, and when so acting their judgments and determinations in extending or denying aid or benefit to any individual shall be conclusive and final. No trustee shall be answerable for the use of any money or property received by any beneficiary or for the default or neglect of any co-trustee, or of any agent employed hereunder, or of any corporation to which power is delegated or transferred as herein authorized.

Added by St.1958, c. 613, § 8.

§ 6. Deposit of funds by superintendent

The superintendent of the Tewksbury hospital may deposit in any bank or trust company within the commonwealth or on paid-up shares and accounts of and in co-operative banks, funds belonging to patients and funds deposited by their relatives or friends to be used for their benefit or may use said funds to purchase share accounts of a federal savings and loan association located in the commonwealth, in an account entitled "Patients' Funds", or the superintendent may, whenever he deems it desirable, deposit such funds in such banks in separate accounts as trustee or use said funds to purchase share accounts of a federal savings and loan association located in the commonwealth, as trustee, in each instance, for the patient.

Added by St.1958, c. 613, § 8.

§ 7. Unclaimed patients' funds; disposition

So much of any funds known as "Patients' Funds" as represents monies belonging to, or deposited for the benefit of, former patients of said hospital, which shall have remained unclaimed for more than seven years, shall be paid by the superintendent thereof to the state treasurer to be held subject to be paid to the person establishing a lawful right thereto, with interest at the rate of three per cent per annum from the time when it was so paid to the state treasurer to the time when it is paid by him to such person; provided, that so much of any monies so paid to the state treasurer as may be necessary to reimburse the trustees for any sum due for the support of the person by whom or for whose benefit such money was originally deposited shall be credited to said trustees for that purpose. After six years from the date when any such monies were paid to the state treasurer the same or any balance thereof then remaining in his hands may be used as a part of the ordinary revenue of the commonwealth. Any person may, however, establish his claim after the expiration of the six years above mentioned, and any claim so established shall be paid from the ordinary revenue of the commonwealth. Any person claiming a right to money deposited with the state treasurer under this section may establish the same by a petition to the probate court; provided, that in cases where claims amount to less than fifty dollars, the claims may be presented to the comptroller who shall examine the same and allow and certify for payment such as may be proved to his satisfaction.

Added by St.1958, c. 613, § 8.

§ 8. Unclaimed patients' valuables; disposition; record

Property known as "Patients' Valuables", belonging to, or deposited for the benefit of, former patients of said hospital, which shall have remained unclaimed for more than one year, shall be disposed of as hereinafter provided, by the superintendent thereof and a representative of the trustees designated by them acting as a special board for said purpose, but only if all known next of kin of the former patient shall have been notified in writing by the said superintendent. The board shall ascertain whether the property has any sale value and, if so, shall solicit from at least three reputable dealers in like property offers for the purchase thereof, and shall sell the same to the dealer offering the highest price. The proceeds of such sale shall become a part of the "Patients' Funds" and shall be disposed of as provided in section seven. The board may dispose of such of said property as, in its opinion, has no sale value, or any of said property for which no offer, solicited as aforesaid, has been received, in such manner as it may deem proper. A complete record of each transaction hereunder shall be made and signed by both members of the board and filed with the other records at said hospital relating to the former patient whose property shall have been disposed of as aforesaid.

Added by St.1958, c. 613, § 8.

§ 9. Unclaimed bank books of former patients; payment to trustees

Any bank book representing a deposit account in a savings bank or trust company within the commonwealth, which belongs to a former patient of said hospital and shall have remained unclaimed for more than two years in the custody of the superintendent thereof, may be presented by the trustees to such bank or trust company accompanied by their written request for payment to them of such deposit account except so much as is in excess of the amount due the commonwealth for the support of such patient, and such bank or trust company shall thereupon pay to the trustees the amount so requested.

Added by St.1958, c. 613, § 8.

§ 10. Powers of trustees relative to patients and their property

The trustees shall have and exercise the same powers relative to patients and their property as towns and boards of public welfare have relative to persons supported or relieved by them, and the same powers as said boards to return patients of said hospital to the place or country from which they came.

Added by St.1958, c. 613, § 8.

§ 11. Receiving of persons

The superintendent, subject to the rules and regulations of the hospital, shall receive any person sent with a proper certificate from the department of public welfare, or from the department of public health, or from a board of health, or from the institutions department of the city of Boston, or from some one duly authorized by said boards or said departments, and shall provide for them under the rules and regulations made under section four.

Added by St.1958, c. 613, § 8. Amended by St.1974, c. 260, § 20.

§ 12. Removal of persons to places of settlement

If a person, who has received a certificate as described in section eleven, desires to be sent to any state or place where he resides, or to friends willing to support him, the department of public welfare, on the advice of the department of public health, may remove said person, if in its judgment it is for the interest of the commonwealth and of said person.

Added by St.1958, c. 613, § 8. Amended by St.1974, c. 260, § 21.

§ 13. Removal of persons infected with dangerous disease; expenses

The department may, if expedient, remove any person infected with a disease dangerous to the public health, who is maintained or liable to be maintained by the commonwealth, to the Tewksbury hospital, or may provide such place of reception for such person as is judged best for his accommodation and the safety of the public, which place shall be subject to the regulations of said department, and it shall have the same authority to remove such person thereto as is conferred upon boards of health by section ninety-five of chapter one hundred and eleven, and any expenses incurred in carrying out this section may be paid from the annual appropriation to the department of public welfare for expenses in connection with smallpox and other diseases dangerous to the public health.

Added by St.1958, c. 613, § 8.

§ 14. Admission of persons affected with diseases; expenses

Subject to such rules and regulations as the department may prescribe, any person who is a resident of the commonwealth and is affected with any disease, mental illness, mental retardation or suffers any other mental disability, or smallpox, or other diseases dangerous to the public health, or whose health would be injured or endangered by removal, may be admitted to the Tewksbury Hospital, with the approval of the superintendent and the trustees, providing the hospital is suitable for the care and treatment of such person. The department may make rules and regulations for such admission and to facilitate the operation of this section.

The expenses of the maintenance of such a patient shall be paid by him, his executor or administrator, except that persons in need of public assistance shall have the responsibility for payment of such charges fixed in accordance with the provisions of the particular category of assistance under which they are aided. Persons or kindred bound by law to support such needy persons, not eligible for public assistance, shall be assessed in accordance with rates established by the rate setting commission under chapter six A.

Added by St.1958, c. 613, § 8. Amended by St.1964, c. 545, § 1; St.1968, c. 492, § 15; St.1973, c. 1229, § 4k; St.1974, c. 260, § 22; St.1975, c. 752, § 6.

§ 15. Contracts for employment of patients; discharge; forfeiture of support

The superintendent, with the consent of the trustees, may contract with any person for the employment of any patient of the said hospital in any kind of lawful labor for such wages or on such terms as the superintendent and trustees approve. If a contract is so made, such patient shall be discharged from said institution, and, if he refuses to accept the employment offered, shall forfeit all claim to support.

Added by St.1958, c. 613, § 8.

§ 16. Liability of kindred for support

The kindred liable by law to towns for expenses in supporting such persons shall in like manner be liable to the commonwealth for any expense incurred for such persons; and the department may adopt the same measures and institute like proceedings for the recovery of such expenses from the kindred so liable as are prescribed for towns in like cases.

Added by St.1958, c. 613, § 8.

§§ 17 to 20. Repealed by St.1964, c. 545, § 2, eff. Jan. 1, 1964

§ 21. Repealed by St.1974, c. 260, § 23

§ 22. Treasurer of banking institutions; failure to disclose deposits, etc.; penalty

A treasurer of a savings bank, national bank, trust company, co-operative bank, benefit association, credit union, insurance company or safe deposit company who, upon written request, signed by an officer of the department of public health, unreasonably refuses to inform him of the amount deposited in the corporation, association, or credit union to the credit of a person named in such request who is a charge upon the commonwealth, or who wilfully renders false information in reply to such request, shall forfeit fifty dollars to the use of the commonwealth.

Added by St.1958, c. 613, § 8.

§ 23. Unlawful possession of liquids or articles by patients with intent to consume as inebriants

Any patient of Tewksbury hospital who has in his possession, within or outside the precincts thereof, any liquid or other article with intent to consume the same as an inebriant, or to convey, give, sell or deliver the same to any other patient thereof for such consumption, shall be punished by a fine of not more than fifty dollars or by imprisonment in a jail or house of correction for not more than six months. This section shall not apply to the possession, handling or consumption of any such liquid or article under lawful directions of a physician.

Added by St.1958, c. 613, § 8.

§ 1. Definitions

The following words as used in this section and sections two to thirty-seven, inclusive, shall, unless the context otherwise requires, have the following meanings:

"Commissioner", the commissioner of mental health.

"Department", the department of mental health.

"District court", the district court within the jurisdiction of which a facility is located.

"Facility", a public or private facility for the care and treatment of mentally ill or mentally retarded persons, except for the intensive care unit for women and the Bridgewater State Hospital.

"Intensive Care Unit for Women or I.C.U.", a facility or part thereof established by the department either directly or indirectly through a contract for purchase of services, for the care and treatment of mentally ill women who have current and sustained histories of self-destructive behavior or serious assaultive behavior for whom good faith effort at treatment in another facility has been unsuccessful.

"Likelihood of serious harm", (1) a substantial risk of physical harm to the person himself as manifested by evidence of threats of, or attempts at, suicide or serious bodily harm; (2) a substantial risk of physical harm to other persons as manifested by evidence of homicidal or other violent behavior or evidence that others are placed in reasonable fear of violent behavior and serious physical harm to them; or (3) a very substantial risk of physical impairment or injury to the person himself as manifested by evidence that such person's judgment is so affected that he is unable to protect himself in the community and that reasonable provision for his protection is not available in the community.

"Mentally retarded person", a person who, as a result of inadequately developed or impaired intelligence, as determined by clinical authorities as described in the regulations of the department is substantially limited in his ability to learn or adapt, as judged by established standards available for the evaluation of a person's ability to function in the community.

A mentally retarded person may be considered mentally ill provided that no mentally retarded person shall be considered mentally ill solely by virtue of his mental retardation.

"Qualified physician", a physician who is licensed pursuant to section two of chapter one hundred and twelve who is designated by and who meets qualifications required by the regulations of the department; provided that different qualifications may be established for different purposes of this chapter. A qualified physician need not be an employee of the department or of any facility of the department.

"Restraint", bodily physical force, mechanical devices, chemicals, confinement in a place of seclusion other than the placement of an inpatient or resident in his room for the night, or any other means which unreasonably limit freedom of movement.

"Superintendent", the superintendent or other head of a public or private facility.

"Dependent funds", those funds which a resident is unable to manage or spend himself as determined by the periodic review.

"Fiduciary", any guardian, conservator, trustee, representative payee as appointed by a federal agency, or other person who receives or maintains funds on behalf of another.

"Independent funds", those funds which a resident is able to manage or spend himself as determined by the periodic review.

"Funds", all cash, checks, negotiable instruments or other income or liquid personal property, and governmental and private pensions and payments, including payments pursuant to a Social Security Administration program.

Added by St.1970, c. 888, § 4. Amended by St.1971, c. 760, §§ 1, 1A; St. 1978, c. 367, §§ 55, 71A.

§ 5. Commitment or retention hearing; right to counsel; independent medical examination; notice

Whenever the provisions of this chapter require that a hearing be conducted in any court for the commitment or further retention of a person to a facility or to the Bridgewater state hospital or to the I.C.U., it shall be held as hereinafter provided. Such person shall have the right to be represented by counsel and shall have the right to present independent testimony. The court shall appoint counsel for such person whom it finds to be indigent and who is not represented by counsel, unless such person refuses the appointment of counsel. The court may provide an independent medical examination for such indigent person upon request of his counsel or upon his request if he is not represented by counsel. The person shall be allowed not less than two days after the appearance of his counsel in which to prepare his case and a hearing shall be conducted forthwith after such period unless counsel requests a delay. Notice of the time and place of hearing shall be furnished by the court to the department, the person, his counsel, and his nearest relative or guardian. The court may hold the hearing at the facility or said hospital or at the I.C.U.

Added by St.1970, c. 888, § 4. Amended by St.1973, c. 569, § 2; St.1978, c. 367, § 71B.

§ 7. Commitment and retention of dangerous persons; petition; notice; hearing

(*a*) The superintendent of a facility may petition the district court in whose jurisdiction the facility is located for the commitment to said facility and retention of any patient at said facility whom said superintendent determines that the failure to hospitalize would create a likelihood of serious harm by reason of mental illness.

(*b*) The medical director of the Bridgewater state hospital, the commissioner of mental health, or, with the approval of the commissioner of mental health, the superintendent of a facility, may petition the district court in whose jurisdiction the facility or hospital is located for the commitment to the Bridgewater state hospital of any male patient at said facility or hospital when it is determined that the failure to hospitalize in strict security would create a likelihood of serious harm by reason of mental illness.

(*c*) Whenever a court receives a petition filed under any provisions of this chapter for an order of commitment of a person to a facility, to the I.C.U. or to the Bridgewater state hospital, such court shall notify the person, and his nearest relative or guardian, of the receipt of such petition and of the date a hearing on such petition is to be held. The hearing shall be commenced within fourteen days of the filing of the petition unless a delay is requested by the person or his counsel.

Added by St.1970, c. 888, § 4. Amended by St.1971, c. 760, § 5; St.1976, c. 356, § 2; St.1978, c. 367, § 71C.

§ 10. Voluntary admissions; consultation with attorney; discharge; outpatients; veterans

(*a*) Pursuant to departmental regulations on admission procedures, the superintendent may receive and retain on a voluntary basis any person providing the person is in need of care and treatment and providing the admitting facility is suitable for such care and treatment. The application may be made (1) by a person who has attained the age of sixteen, (2) by a parent or guardian of a person on behalf of a person under the age of eighteen years, and (3) by the guardian of a person on behalf of a person under his guardianship. Prior to accepting an application for a voluntary admission, the superintendent shall afford the person making the application the opportunity for consultation with an attorney, or with a person who is working under the supervision of an attorney, concerning the legal effect of a voluntary admission. The superintendent may discharge any person admitted under the provisions of this paragraph at any time he deems such discharge in the best interest of such person, provided, however, that if a parent or guardian made the application for admission, fourteen days notice shall be given to such parent or guardian prior to such discharge.

(*b*) Pursuant to departmental regulations, the superintendent of a facility may treat persons as outpatients providing application for outpatient treatment is made in accordance with the application provisions of paragraph (*a*). The superintendent may, in the best interest of the person, discontinue the outpatient treatment of a person at any time.

(*c*) The chief officer of any facility of the Veterans Administration within the commonwealth may admit eligible veterans under the provisions of this chapter and thereupon shall be vested with the same powers as the department has under this chapter with respect to retention or discharge.

Added by St.1970, c. 888, § 4. Amended by St.1971, c. 575, § 1; St.1973, c. 925, § 48; St.1976, c. 356, § 4.

§ 12. Emergency restraint of dangerous persons; application for hospitalization; duration; examination; notice to district court; hearing; voluntary admissions; discharge

(*a*) Any physician who is licensed pursuant to section two of chapter one hundred and twelve after examining a person has reason to believe that failure to hospitalize such person would create a likelihood of serious harm by reason of mental illness may restrain or authorize the restraint of such person and apply for the hospitalization of such person for a ten day period at a public facility or at a private facility authorized for such purposes by the department. If an examination is not possible because of the emergency nature of the case and because of the refusal of the person to consent to such examination, the physician on the basis of the facts and circumstances may determine that hospitalization is necessary and may apply therefor. In an emergency situation if a physician is not available, a police officer, who believes that failure to hospitalize a person would create a likelihood of serious harm by reason of mental illness may restrain such person and apply for the hospitalization of such person for a ten day period at a public facility or a private facility authorized for such purpose by the department. An application for hospitalization shall state the reasons for the restraint of such person and any other relevant information which may assist the admitting physician or physicians. Whenever practicable prior to transporting such person, the applicant shall telephone or otherwise communicate with a facility to describe the circumstances and known clinical history and to determine whether the facility is the proper facility to receive such person and also to give notice of any restraint to be used and to determine whether such restraint is necessary.

(*b*) If the application for hospitalization under the provisions of this section is made by a physician specifically designated to have the authority to admit to a facility in accordance with the regulations of the department, such person shall be admitted to the facility immediately after his reception. If the application is made by someone other than a designated physician, such person shall be given a psychiatric examination by a designated physician immediately after his reception at such facility. If the physician determines that failure to hospitalize such person would create a likelihood of serious harm by reason of mental illness he may admit such person to the facility for care and treatment.

(*c*) No person shall be admitted to a facility under the provisions of this section unless he, or his parent or legal guardian in his behalf, is given an opportunity to apply for voluntary admission under the provisions of paragraph (*a*) of section ten and unless he, or such parent or legal guardian has been informed (1) that he has a right to such voluntary admission, and (2) that the period of hospitalization under the provisions of this section cannot exceed ten days. At any time during such period of hospitalization, the superintendent may discharge such person if he determines that such person is not in need of care and treatment.

(*d*) A person shall be discharged at the end of the ten-day period unless the superintendent applies for a commitment under the provisions of sections seven and eight of this chapter or the person remains on a voluntary status.

(*e*) Any person may make application to a district court justice for a ten-day commitment to a facility of a mentally ill person, whom the failure to confine would cause a likelihood of serious harm. After hearing such evidence as he may consider sufficient, a district court justice may issue a warrant for the apprehension and appearance before him of the alleged mentally ill person, if in his judgment the condition or conduct of such person makes such action necessary or proper. Following apprehension, the court shall have the person examined by a physician designated to have the authority to admit to a facility in accordance with the regulations of the department. If said physician reports that failure to hospitalize the person would create a likelihood of serious harm by reason of mental illness, the court may order the person committed to a facility for a period not to exceed ten days, but the superintendent may discharge him at any time within the ten-day period.

Added by St.1970, c. 888, § 4. Amended by St.1971, c. 760, §§ 9, 10; St. 1975, c. 114, §§ 1, 2.

§ 15. Competence to stand trial or criminal responsibility; examinations; reports; findings; hearings; orders; hospitalization; period of observation; commitment; delinquents

(*a*) Whenever a court of jurisdiction doubts whether a defendant in a criminal case is competent to stand trial or is criminally responsible by reason of mental illness or mental defect, it may at any stage of the proceedings after the return of an indictment or the issuance of a criminal complaint against the defendant, order an examination of such defendant to be conducted by one or more qualified physicians. Whenever practicable, examinations shall be conducted at the court house or place of detention where the person is being held. When an examination is ordered, the court shall instruct the examining physician or physicians in the law for determining mental competence to stand trial and criminal responsibility.

(*b*) After the examination described in paragraph (*a*), the court may order that the person be hospitalized at a public facility or, if such person is a male and appears to require strict security, at the Bridgewater state hospital, for a period not to exceed twenty days for observation and further examination, if the court has reason to believe that such observation and further examination are necessary in order to determine whether mental illness or mental defect have so affected a person that he is not competent to stand trial or not criminally responsible for the crime or crimes with which he has been charged. Copies of the complaints or indictments and the physician's report under paragraph (*a*) shall be delivered to the facility or said hospital with the person. If, before the expiration of such twenty-day period, an examining qualified physician believes that observation for more than twenty days is necessary, he shall so notify the court and shall request in writing an extension of the twenty-day period, specifying the reason or reasons for which such further observation is necessary. Upon the receipt of such request, the court may extend said observation period, but in no event shall the period exceed forty days from the date of the initial court order of hospitalization; provided, however, if the person requests continued care and treatment during the pendency of the criminal proceedings against him and the superintendent or medical director agrees to provide such care and treatment, the court may order the further hospitalization of such person at the facility or the Bridgewater state hospital.

(*c*) At the conclusion of the examination or the observation period, the examinining qualified physician or physicians shall forthwith give to the court written signed reports of their findings including the clinical findings bearing on the issue of competence to stand trial or criminal responsibility. Such reports shall also contain an opinion, supported by clinical findings, as to whether the defendant is in need of treatment and care offered by the department.

(*d*) If on the basis of such reports the court is satisfied that the defendant is competent to stand trial, the case shall continue according to the usual course of criminal proceedings; otherwise the court shall hold a hearing on whether the defendant is competent to stand trial; provided that at any time before trial any party to the case may request a hearing on whether the defendant is competent to stand trial. A finding of incompetency shall require a preponderance of the evidence. If the defendant is found incompetent to stand trial, trial of the case shall be stayed until such time as the defendant becomes competent to stand trial, unless the case is dismissed.

(*e*) After a finding of guilty on a criminal charge, and prior to sentencing, the court may order a psychiatric or other clinical examination and, after such examination, it may also order a period of observation in a facility, or at the Bridgewater state hospital if the court determines that strict security is required and if such person is a male. The purpose of such observation or examination shall be to aid the court in sentencing. Such period of observation or examination shall not exceed forty days. During such period of observation, the superintendent or medical director may petition the court for commitment of such person. The court may hear the petition as provided in sections seven and eight, and if the court makes the necessary findings it may in its discretion commit the person to a facility or the Bridgewater state hospital. Such order of commitment shall be valid for a period of six months. All subsequent proceedings for commitment shall take place under the provisions of sections seven and eight in the district court which has jurisdiction of the facility or hospital.

(*f*) In like manner to the proceedings under paragraphs (*a*), (*b*), (*c*) and (*e*) of this section, a court may order a psychiatric examination or a period of observation for an alleged delinquent in a facility to aid the court in its disposition. Such period of observation shall not exceed forty days.

Added by St.1970, c. 888, § 4. Amended by St.1971, c. 760, § 12; St.1973, c. 569, §§ 5 to 9; St.1978, c. 478, § 70.

§ 18. Hospitalization of mentally ill prisoners; examination; reports; hearings; commitment; voluntary admission; reduction of sentence; discharge

(*a*) If the person in charge of any place of detention within the commonwealth has reason to believe that a person confined therein is in need of hospitalization by reason of mental illness at a facility of the department or at the Bridgewater state hospital, he shall cause such prisoner to be examined at such place of detention by a physician or physicians designated by the department as qualified to perform such examination. Said physician or physicians shall report the results of the examination to the district court which has jurisdiction over the place of detention or, if the prisoner is awaiting trial, to the court which has jurisdiction of the criminal case. Such report shall include an opinion, with reasons therefor, as to whether such hospitalization is actually required. The court which receives such report may order the prisoner to be taken to a facility or, if a male, to the Bridgewater state hospital to be received for examination and observation for a period not to exceed thirty days. After completion of such examination and observation, a written report shall be sent to such court and to the person in charge of the place of detention. Such report shall be signed by the physician or physicians conducting such examination and shall contain an evaluation, supported by clinical findings, of whether the prisoner is in need of further treatment and care at a facility of, if a male, the Bridgewater state hospital by reason of mental illness. The person in charge of the place of detention shall have the same right as a superintendent of a facility to file a petition with the court which received the results of the examination for the commitment of the person to a facility or to the Bridgewater state hospital; provided that, notwithstanding the court's failure, after an initial hearing or after any subsequent hearing, to make the finding required for commitment to the Bridgewater state hospital, the prisoner shall be confined at said hospital if the findings required for commitment to a facility are made and if the commissioner of correction certifies to the court that confinement of the prisoner at said hospital is necessary to insure his continued retention in custody. An initial court order of commitment issued subject to the provisions of this section shall be valid for a six-month period, and all subsequent commitments during the term of the sentence shall take place under the provisions of sections seven and eight and shall be valid for one year.

(*b*) Notwithstanding any contrary provision of general or special law, a prisoner who is retained in any place of detention within the commonwealth and who is in need of care and treatment in a facility may, with the approval of the person in charge of such place of detention, apply for voluntary admission under the provisions of paragraph (*a*) of section ten.

(*c*) At the commencement of hospitalization under the provisions of paragraph (*a*) or paragraph (*b*) the department of correction shall enter in the patient record of such prisoner the date of the expiration of the sentence of the prisoner. Where applicable, the provisions of sections one hundred and twenty-nine, one hundred and twenty-nine A, one hundred and twenty-nine B and one hundred and twenty-nine C of chapter one hundred and twenty-seven may be applied to reduce such sentence, and on such date the prisoner shall be discharged; provided, however, that if the superintendent or other head of a facility or the medical director of the Bridgewater state hospital determines that the discharge of the prisoner committed subject to the provisions of paragraph (*a*) would create a likelihood of serious harm by reason of mental illness, he shall petition the district court having jurisdiction over the facility prior to the date of expiration to order the commitment of such person to a facility or to the Bridgewater state hospital under the provisions of this chapter other than paragraph (*a*); and provided, further, that any prisoner resident in a facility subject to the provisions of paragraph (*b*) shall be free to leave such facility subject to the provisions of section eleven.

(*d*) In the event the provisions of this chapter require the release of a prisoner from a facility or from the Bridgewater state hospital prior to the date of expiration of his sentence calculated under the provisions of paragraph (*c*), such prisoner shall be forthwith returned to the place of detention from which he was transferred to such facility or to said hospital.

Added by St.1970, c. 888, § 4. Amended by St.1971, c. 760, § 17; St.1973, c. 569, §§ 13, 14.

§ 28A. Violent or unnatural death of patients; report to district attorney

Upon the death of any person confined to a mental institution under the control of the department, the superintendent of such institution or director of I.C.U. shall, if he is of the opinion that the death may have resulted from violence or unnatural causes, immediately notify the district attorney for the district in which the death occurred, giving him the name and address of the person who died and the cause of death.

Added by St.1971, c. 530. Amended by St.1978, c. 367, § 71*L*.

§ 31. Medicine and drugs; free to indigent patients

Medicine and drugs shall be furnished free of charge to any patient at the outpatient clinic of a facility of the department who, in the opinion of the head of the facility or his representatives, is indigent and requires them. For the purposes of this section, the determination as to whether the patient is indigent shall be final; provided, however, that all medicines and drugs furnished a patient who meets the eligibility requirements for medical assistance under chapter one hundred and eighteen E shall be provided in accordance with the provisions of that chapter.

Added by St.1970, c. 888, § 4.

§ 35. Commitment of alcoholics; petition; warrant of arrest; hearing; right to counsel; medical examination; findings; order; care and treatment; facilities; release

For the purpose of this section, "alcoholic" shall mean a person who chronically or habitually consumes alcoholic beverages to the extent that (1) such use substantially injures his health or substantially interferes with his social or economic functioning, or (2) he has lost the power of self-control over the use of such beverages.

Any police officer, physician, spouse, blood relative or guardian may petition in writing any district court for an order of commitment of a person whom he has reason to believe is an alcoholic. Upon receipt of a petition for an order of commitment of a person and any sworn statements the court may request from the petitioner, the court shall immediately schedule a hearing on the petition and shall cause a summons and a copy of the application to be served upon the person in the manner provided by section twenty-five of chapter two hundred and seventy-six. In the event of the person's failure to appear at the time summoned, the court may issue a warrant for the person's arrest. The person shall have the right to be represented by legal counsel and may present independent expert or other testimony. If the court finds the person indigent, it shall immediately appoint counsel. The court shall order examination by a qualified physician.

If, after a hearing, the court based upon competent medical testimony finds that said person is an alcoholic and that there is a likelihood of serious harm as a result of his alcoholism, it may order such person to be committed for a period not to exceed fifteen days. Such commitment shall be for the purpose of inpatient care in public or private facilities approved by the department of public health under the provisions of chapter one hundred and eleven B for the care and treatment of alcoholism. The person may be committed to the Massachusetts correctional institution at Bridgewater, if a male, or at Framingham, if a female, provided that there are no suitable facilities available under chapter one hundred and eleven B; and provided, further, that the person so committed shall be housed and treated separately from convicted criminals. A person so committed may be released prior to the expiration of the period of commitment upon determination by the superintendent that release of said person will not result in a likelihood of serious harm. Said person shall be encouraged to consent to further treatment and shall be allowed voluntarily to remain in the facility for such purposes. The department of mental health, in conjunction with the department of public health, shall maintain a roster of public and private facilities available, together with the number of beds currently available, for the care and treatment of alcoholism and shall make it available to the district courts of the commonwealth on a monthly basis.

Nothing in this section shall preclude any public or private facility for the care and treatment of alcoholism, including the separated facilities at the Massachusetts correctional institutions at Bridgewater and Framingham, from treating persons on a voluntary basis.

Added by St.1970, c. 888, § 4. Amended by St.1971, c. 1076, § 4; St.1973, c. 643, §§ 1, 2.

§ 39. Division of drug rehabilitation; establishment; budgetary requests; director; duties; rules and regulations; report; appointment of administrators and hearing officers; employees; civil service

There shall be in the department a division of drug rehabilitation. The division shall take cognizance of all matters affecting drug dependency in the commonwealth. The director shall be the chief administrative and executive officer of the division. He shall administer the rules and regulations of the division and shall prepare proposed rules and regulations for the consideration of the commissioner. He shall submit annually to the commissioner a report containing recommendations for legislation relating to drug dependency.

The approval of the commissioner shall be required for any budgetary request of the division, the planning and construction of facilities by the division, any exercise of the power of eminent domain by the division, all contracts and agreements entered into by the division relating to the use and occupation of real property, and any application by the division for a grant or loan from the federal government.

The director shall, subject to the approval of the commissioner, appoint the administrator of each facility operated by the division pursuant to this chapter. Each such administrator shall be a person qualified by training and experience to operate a facility for the treatment of drug dependent persons or persons in need of immediate assistance due to the use of a dependency related drug.

The director may, subject to the approval of the commissioner, appoint such hearings officers as may be necessary. Hearings of the division shall be conducted by the director or a hearings officer. The director may also, subject to the approval of the commissioner, establish such other positions and employ such additional personnel and consultants as he may consider appropriate to carry out the provisions of sections thirty-eight to fifty-five, inclusive. The provisions of chapter thirty-one shall not apply to the director, physicians, psychiatrists, and psychologists who have full medical, psychiatric or psychological responsibility, whichever is applicable, as opposed to administrative responsibility, or to nurses; provided, however, that all persons so employed and all positions established which, as a condition of receiving federal grants for programs and activities to which federal standards for a merit system of personnel administration relate, make necessary the application of the provisions of the civil service law shall be subject to the provisions of chapter thirty-one if such federal standards are uniform in all states.

Added by St.1970, c. 888, § 4.

§ 40. Drug rehabilitation advisory board; members; terms; appointments; expenses; chairman; duties; report

There shall be in the division a drug rehabilitation advisory board, consisting of the commissioners of public health, correction, rehabilitation and education, the commissioner of youth services, the commissioner of probation and seven experts in the field of drug dependency appointed by the governor, at least one of whom shall be a rehabilitated drug dependent person. Of the members first appointed, two shall be appointed for a term of one year, two shall be appointed for a term of two years, and three shall be appointed for a term of three years. Thereafter the governor shall appoint members to succeed those appointed members whose terms expire to serve for terms of three years. Each appointed member shall serve until his successor is appointed and has qualified. No member shall be appointed to serve more than two consecutive three year terms. The members of the advisory board shall serve without compensation but shall be reimbursed for their expenses actually and necessarily incurred in the discharge of their duties. The governor shall annually designate the chairman of the advisory board from among its members.

The advisory board shall in its general advisory capacity assist the director in coordinating the efforts of all public agencies and private organizations and individuals within the commonwealth concerned with the prevention or treatment of drug dependency, providing for the most efficient and effective utilization of resources and facilities, and developing a comprehensive program for treatment of drug dependent persons and persons in need of immediate assistance due to the use of a dependency related drug. The advisory board shall make an annual report to the governor and a copy thereof shall be made available to the commissioner and to the secretary of human services.

The commissioner shall be a member ex officio of the advisory board and in such capacity shall advise and make recommendations to the advisory board and otherwise assist the advisory board in the performance of its functions under sections thirty-eight to fifty-five, inclusive.

Added by St.1970, c. 888, § 4. Amended by St.1974, c. 827, § 6.

§ 41. Comprehensive plan for the treatment of drug dependent persons

The director shall, subject to the approval of the commissioner, prepare and submit to the governor, and from time to time amend, a comprehensive plan for the treatment in public, private, and federal facilities of drug dependent persons and persons in need of immediate assistance due to the use of a dependency related drug. The director, in developing such plan, shall consult with the advisory board, officials of appropriate departments or agencies of the federal government and the commonwealth and its political subdivisions, and private organizations and individuals with a view toward providing coordinated and integrated services on the community level. The plan shall include a detailed estimate of the cost of its implementation and of the extent to which funds, property or services may be available from the commonwealth or any of its political subdivisions, the federal government or any private source.

Added by St.1970, c. 888, § 4.

§ 42. Comprehensive program for treatment of drug dependent persons; regions; facilities; supervision and control; annual report

The division shall establish a comprehensive program for the treatment of drug dependent persons and persons in need of immediate assistance due to the use of a dependency related drug. The director, subject to the approval of the commissioner, shall divide the commonwealth into not less than four nor more than ten regions for the conduct of said program and shall establish standards for the development of the program on the regional level. In establishing such regions, consideration shall be given to city, town and county lines, population concentrations, the regions established by the department of mental health pursuant to section seventeen of chapter nineteen, and any relevant uniform rules and regulations promulgated by the commissioner of administration and finance.

The program of the division shall include provision for at least the following:

(*a*) Facilities wherein treatment is available to persons in need of immediate assistance due to the use of a dependency related drug;

(*b*) Facilities wherein inpatient treatment is available which shall, to the extent appropriate and possible, be affiliated with and constitute an integral part of the medical service of a general hospital;

(*c*) Facilities wherein outpatient treatment is available;

(*d*) Facilities wherein residential aftercare is available, such as in halfway houses;

(*e*) Penal facilities.

The department shall provide sufficient treatment facilities, public or private, for the treatment of drug dependent persons committed or admitted pursuant to sections thirty-eight to fifty-five, inclusive.

The division shall maintain, supervise and control all facilities operated by it pursuant to said sections thirty-eight to fifty-five, inclusive, and all such facilities shall be staffed with an adequate number of qualified and trained personnel. The administrator of each such facility shall make an annual report of its activities to the director in such form and manner as the director deems appropriate.

All appropriate resources, particularly community mental health centers, shall be coordinated with and utilized in the program whenever possible.

The director shall prepare and publish annually a list of all facilities, including federal facilities, operating in accordance with this chapter and shall make it available to all district and superior court judges within the commonwealth on an annual basis and to members of the public upon request. Such list shall include, but not be limited to the following:

(*a*) eligibility for treatment

(*b*) scope of treatment offered

(*c*) applicability facility fees

(*d*) last known patient capacity

(*e*) facilities for emergency treatment

Notices shall be sent quarterly by the director to all district and superior court judges within the commonwealth containing updated information on such list. Said notices shall also state the last known waiting period for admission to each facility.

Added by St.1970, c. 888, § 4. Amended by St.1974, c. 827, § 7.

§ 43. Powers and duties of division

The division is hereby authorized, empowered and directed to:

(1) Plan, construct, establish, cause to be established and maintain such facilities as may be necessary or desirable for the conduct of its program;

(2) Acquire, hold and dispose of personal property;

(3) Acquire by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of eminent domain, and lease, hold and dispose of, real property or any interest therein, for the establishment of facilities under sections thirty-eight to fifty-five, inclusive; provided, however, that no real property or any interest therein used in whole or in part for residential purposes may be so taken by eminent domain;

(4) Make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution

of its powers; including, but not limited to, contracts with public and private departments, agencies, and facilities to pay them for services actually rendered or furnished to drug dependent persons or persons in need of immediate assistance due to the use of a dependency related drug at rates to be established pursuant to chapter six A; provided, however, that the commissioner shall promulgate rules and regulations establishing the standards and procedures which shall govern such fee-for-service contracting, which standards and procedures shall include, but shall not be limited to, the proper operation of facilities, the need for fee-for-service contracting in the community, and the qualifications of the applicant;

(5) Solicit and accept for use in relation to the purposes of said sections thirty-eight to fifty-five, inclusive, any gift of money or property made by will or otherwise, and any grant or loan of money, services or property from the federal government, the commonwealth or any political subdivision thereof or any private source, and do all things necessary to cooperate with the federal government or any of its agencies in connection with the application for such grant; provided, however, that any money received under this subsection shall be turned over to the state treasurer to be kept in a separate fund in the treasury;

(6) Develop, encourage and foster statewide, regional and local plans and programs for the prevention and treatment of drug dependency in cooperation with interested public agencies and private organizations and individuals and provide technical assistance and consultation services for these purposes;

(7) Coordinate the efforts and enlist the assistance of all public agencies and private organizations and individuals interested in the prevention and treatment of drug dependency;

(8) Cooperate with the department of correction in establishing and conducting programs to provide treatment for drug dependent persons in penal institutions;

(9) Cooperate with the department of education, schools, police departments, courts, and other public agencies and private organizations and individuals in establishing programs for the prevention and treatment of drug dependency and in preparing curriculum materials for use at all levels of public school education;

(10) Prepare, publish and disseminate educational material dealing with the prevention, nature and effects of drug dependency and the benefits of rehabilitation;

(11) Develop and implement, as an integral part of treatment programs established pursuant to said sections thirty-eight to fifty-five, inclusive, an educational program for use in the treatment of drug dependent persons, especially drug dependent persons who are not drug addicts, which program shall include the dissemination of

factual information concerning the nature and effects of dependency related drugs and drug dependency;

(12) Organize and foster training programs for professional and nonprofessional workers in the treatment of drug dependent persons;

(13) Keep records and engage in research and the gathering of statistics relevant to the purposes of said sections thirty-eight to fifty-five, inclusive;

(14) Utilize the support and assistance of interested persons in the community, particularly rehabilitated drug dependent persons, in encouraging voluntary participation in the program by drug dependent persons and persons in need of immediate assistance due to the use of a dependency related drug;

(15) Serve as a clearing house for information relating to drug dependency;

(16) Approve and license public and private facilities in accordance with section forty-four; and

(17) Do all other acts and things necessary or convenient to carry out the powers expressly granted to it for the exercise of its powers and the performance of its duties.

Added by St.1970, c. 888, § 4. Amended by St.1973, c. 1229, § 4S.

§ 44. Licensing of facilities; provisional license or approval; term; rules and regulations; filing of information and failure thereto; penalties; inspection; complaint; review

The division shall issue for a term of two years, and may renew for like terms, a license, subject to revocation by it for cause, to any person, partnership, corporation, society, association or other agency or entity of any kind, other than a licensed general hospital or a department, agency or institution of the federal government, the commonwealth or any political subdivision thereof, deemed by it to be responsible and suitable to establish and maintain a facility and to meet applicable licensure standards and requirements. In the case of a department, agency or institution of the commonwealth or any political subdivision thereof, the division shall grant approval to establish and maintain a facility for a term of two years, and may renew such approval for like terms, subject to revocation by it for cause. The division may issue a provisional license or approval where a facility has not previously operated, or is operating but is temporarily unable to meet applicable standards and requirements. The commissioner shall promulgate rules and regulations establishing licensure and approval standards and requirements, but such standards and requirements shall concern only:

(1) the health standards to be met by a facility,

(2) misrepresentations as to the treatment to be afforded patients at a facility,

(3) licensing fees, and

(4) procedures for making and approving license applications.

(5) the services and treatment provided by programs.

(6) certification of capability of self-preservation.

Each facility shall file with the division from time to time, on request, such data, statistics, schedules or information as the division may reasonably require for the purposes of this section, and any licensee or other person operating a private facility who fails to furnish any such data, statistics, schedules or information as requested, or who files fraudulent returns thereof, shall be punished by a fine of not more than five hundred dollars.

The division, after holding a hearing in accordance with sections ten through thirteen, inclusive, of chapter thirty A, may refuse to grant, suspend, revoke, limit or restrict the applicability of or refuse to renew any license or approval for the following reasons only:

(1) for failure to meet the requirements of its rules and regulations under this section or

(2) if there is a reasonable basis for the division to conclude that there is a discrepancy between representations by a facility as to the treatment services to be afforded patients and the treatment services actually rendered or to be rendered or

(3) for failure to comply with the provisions of section forty-seven.

The division may temporarily suspend a license or approval in an emergency without holding a prior hearing; provided, however, that upon request of an aggrieved party, a hearing in accordance with sections ten through thirteen, inclusive, of chapter thirty A shall be held as soon after the license or approval is suspended as possible. Any party aggrieved by a final decision rendered by the director or a hearings officer after a hearing of the division pursuant to this section may petition for judicial review thereof in accordance with the provisions of section fourteen of chapter thirty A.

No person, partnership, corporation, society, association, or other agency, or entity of any kind, other than a licensed general hospital, a department, agency or institution of the federal government, the commonwealth or any political subdivision thereof, shall operate a facility without a license and no department, agency or institution of the commonwealth or any political subdivision thereof shall operate a facility without approval from the division pursuant to this section. The superior court shall have jurisdiction in equity upon petition of the division to restrain any violation of the provisions of this section and to take such other action as equity and justice may require to enforce its provisions.

Whoever knowingly establishes or maintains a private facility other than a licensed general hospital without a license granted pursuant to this section shall, for a first offense, be punished by a fine of not more than five hundred dollars and for each subsequent offense by a fine of not more than one thousand dollars or imprisonment for not more than two years, or both.

Each facility shall be subject to visitation and inspection by the division and the division shall inspect each facility prior to granting or renewing a license or approval. The division may examine the books and accounts of any facility if it seems such examination necessary for the purposes of this section.

The division is hereby authorized to make a complaint to a district court or to a justice of the superior court, who may thereupon issue a warrant to any officers or employees of the division authorizing them to enter and inspect at reasonable times, and to examine the books and accounts of, any private facility refusing to consent to such inspection or examination by the division which the division has reason to believe is operating in violation of the provisions of sections thirty-eight to fifty-five, inclusive. Refusal by the operator or owner to allow such entry and inspection pursuant to such a warrant shall for a first offense be punished by a fine of not more than one hundred dollars and for each subsequent offense by a fine of not more than one thousand dollars or imprisonment for not more than two years, or both.

For the purposes of this section, the term facilities shall include penal facilities.

Added by St.1970, c. 888, § 4. Amended by St.1974, c. 827, §§ 8 to 11.

§ 54. Liability for cost of treatment; rules and regulations

Any patient in a public facility, or the estate, spouse or adult child of such patient, or, if the patient is a minor, the parent of such patient if of sufficient financial ability, shall be liable to such facility for the cost of maintenance and treatment of the patient therein in accordance with rates established pursuant to chapter six A. If a person is a patient in a private facility pursuant to an agreement between the facility and the division, and neither the patient nor the estate, spouse or adult child of such patient, or, if the patient is a minor, the parent of such patient is of sufficient financial ability to pay the cost of maintenance and treatment of the patient therein, and the patient is not entitled to the payment of such cost from any other source, the division shall pay the cost of such maintenance and treatment in accordance with rates established pursuant to chapter six A.

The division shall promulgate rules and regulations governing financial ability which shall take into consideration the income, savings and other personal and real property of the person required to pay, as well as any support actually being furnished by him to any person whom he may be required by law to support.

CHAPTER 123A

CARE, TREATMENT AND REHABILITATION OF SEXUALLY DANGEROUS PERSONS

Sec.

1. Sexually dangerous person, defined.
2. Treatment center and branches; establishment.
3. Binding over to superior court; transmittal of records.
4. Commitment to treatment center; examination; probation record.
5. Sentencing; commitment to treatment center; hearing; probation.
6. Commitment of prisoners to treatment center; petition of district attorney; notice; right to counsel; hearing.
6A. Restrictions on movements of committed persons.
7. Visits by attorneys; copy of psychiatric reports.
8. Application for admission to treatment center.
9. Parole; periodic hearings for examination and discharge; petitions; reports; conditional release.
10. Availability of facilities to victims of sexual attacks.
11. Partial invalidity; effect.

§ 1. Sexually dangerous person, defined

The words "sexually dangerous person" as used in this chapter shall have the following meaning:—Any person whose misconduct in sexual matters indicates a general lack of power to control his sexual impulses, as evidenced by repetitive or compulsive behavior and either violence, or aggression by an adult against a victim under the age of sixteen years, and who as a result is likely to attack or otherwise inflict injury on the objects of his uncontrolled or uncontrollable desires.

Added by St.1958, c. 646, § 1.

§ 2. Treatment center and branches; establishment

The commissioner of mental health shall establish and maintain, subject to the jurisdiction of the department of mental health, a treatment center, hereinafter in this chapter called the center, at a correctional institution approved by the commissioner of correction, for the care, custody, treatment and rehabilitation of persons described in section one. The commissioner of correction shall appoint such custodial personnel as may be required for such center. Such custodial personnel shall be subject to the control of the commissioner of mental health with respect to the care, treatment and rehabilitation of persons in their custody, but shall at all times be under the administrative, operational and disciplinary control of the commissioner of correction. The commissioner of mental health shall appoint to such center, in addition to the personnel appointed by the commissioner of correction, adequate personnel for the care, treatment and rehabilitation of such persons committed to their care.

Added by St.1958, c. 646, § 1. Amended by St.1959, c. 615.

§ 3. Binding over to superior court; transmittal of records

Notwithstanding any other provision of law when a person is brought before a district court charged with the crime of indecent assault or indecent assault and battery, indecent assault and battery on a child under the age of fourteen, open and gross lewdness and lascivious behavior, unnatural and lascivious acts with another person or with a child under the age of sixteen, lewd, wanton and lascivious behavior or indecent exposure, or an attempt to commit any such crime, the court shall, if it appears that said person is guilty of the crime and appears to be a sexually dangerous person, commit or bind over said person for trial in the superior court. In such cases the clerk of the district court shall forthwith transmit to the clerk of the superior court a copy of the complaint and of the record, the original recognizances, a list of the witnesses, a statement of the expenses and the appearance of the attorney for the defendant, if any is entered, and the report of the department of mental health as to the mental condition of the defendant if such report has been filed under the provisions of section one hundred A of chapter one hundred and twenty-three, and no other papers need be transmitted.

Added by St.1958, c. 646, § 1.

§ 4. Commitment to treatment center; examination; probation record

Upon the determination of guilt of a person in the superior court of the crime of indecent assault or indecent assault and battery, indecent assault and battery on a child under the age of fourteen, rape, rape of a female child under sixteen, carnal knowledge and abuse of a female child under sixteen, assault with intent to commit rape, open and gross lewdness and lascivious behavior, incest, sodomy, buggery, unnatural and lascivious acts with another person or with a child under the age of sixteen, lewd, wanton [1] lascivious behavior or indecent exposure, or an attempt to commit any such crime, the court, upon its own motion, or upon motion of the district attorney, prior to imposing sentence, but subject to the issuance of reasonable notice informing such person that it is considering his commitment to the center, may commit him to the center or to a suitable branch thereof for a period not exceeding sixty days for the purpose of examination and diagnosis under the supervision of not less than two psychiatrists who shall, within said period, file with said court a written report of such examination and diagnosis, and their recommendations for the disposition of such person. The court shall supply to the examining psychiatrists copies of the court record, and the probation officer shall supply them with the probation record of the person committed for examination. The probation record shall contain a history as such person's previous offences and previous psychiatric examinations and such other information as may be helpful to assist such psychiatrists in making their diagnosis.

Added by St.1958, c. 646, § 1. Amended by St.1974, c. 324, § 1.

[1] So in enrolled bill. The word "and" probably should appear here.

§ 5. Sentencing; commitment to treatment center; hearing; probation

If the report filed with the court under section four clearly indicates that such person is a sexually dangerous person, the court shall give notice to such person that a hearing will be held to determine whether or not he is a sexually dangerous person.

Upon the motion of such person or upon its own motion the court shall, if necessary to protect the rights of such person, appoint counsel for him. Such person shall be entitled to have process issued out of the court to compel the attendance of witnesses in his behalf. Upon such hearing it shall be competent to introduce evidence of the person's past criminal and psychiatric record and any other evidence that tends to indicate that he is a sexually dangerous person. Any psychiatric report filed under this chapter shall be admissible in evidence in such proceeding. The court may, in its discretion, exclude the general public from attendance at such hearing, and the proceeding shall be summarized in writing.

If the court finds upon such hearing that the person is not a sexually dangerous person, it shall proceed as provided by law upon a determination of guilt of the original offence. If the court finds that the person is a sexually dangerous person, it may, in lieu of the sentence required by law for the original offence, commit such person to the center, or a branch thereof, for an indeterminate period of a minimum of one day and a maximum of such person's natural life. The court may grant probation or suspend the commitment upon the condition that such person receive out-patient treatment and upon any other condition it might deem suitable, if the department of mental health recommends such person as a suitable subject for such out-patient treatment. The court shall forward its order to the commissioner of correction who shall thereupon transfer the person to the center, or a branch thereof, for the purpose of treatment and rehabilitation, where he shall be held until released under the provisions of section nine. Persons committed shall be subject to all laws, rules and regulations which govern inmates of the institution to which they have been committed, in so far as may be compatible with the treatment provided for by this chapter, and they shall be entitled to such rights and privileges of such inmates, in so far as may be compatible with such treatment.

Added by St.1958, c. 646, § 1.

§ 6. Commitment of prisoners to treatment center; petition of district attorney; notice; right to counsel; hearing

If a prisoner under sentence in any jail, house of correction or prison, or in the custody of the department of youth services, appears to the sheriff, keeper, master, superintendent or commissioner of youth services who has him in custody or to the district attorney for the district in which such prisoner was sentenced to be a sexually dangerous person and in need of the care and treatment provided at the center, such officer may notify the commissioner of mental health, who shall thereupon cause such prisoner to be examined by a psychiatrist at the institution wherein he is confined. Such psychiatrist shall report the results of his examination in writing to the sheriff, keeper, master or superintendent, commissioner of youth services, or district attorney, and if such report indicates that such person may be a sexually dangerous person, the sheriff, keeper, master or superintendent, commissioner of youth services, or district attorney, after having notified said person of the nature of the proceedings and the possibility of his commitment to the center, shall thereupon transmit the report to the clerk of the courts for the county wherein such prisoner was sentenced, and if such prisoner was sentenced in Suffolk county, to the clerk of the superior court for the transaction of criminal business, together with a motion to commit such person to the center or a suitable branch thereof for examination and diagnosis for a period not exceeding sixty days. At least fourteen days prior to acting upon said motion, the court shall notify said person that it is considering his commitment to the center or a suitable branch thereof for a period not exceeding sixty days, and shall inform said person of his right to be represented by counsel during the pendency of said motion or any subsequent commitment petition. If the court grants the motion, it shall commit such person under the provisions of section four insofar as may be applicable.

If there be no sitting of the superior court in the appropriate county at the time the motion and report are transmitted to the clerk, the clerk shall then transmit a copy of the motion and report to the administration justice for the superior court department, who may act upon the motion.

If the report of the psychiatrists to the court as required under section four, indicates that such prisoner is not a sexually dangerous person, the court shall order such prisoner to be reconveyed to the institution wherein he was serving his sentence, there to be held until the termination of his sentence or until otherwise discharged.

If such report clearly indicates that such prisoner is a sexually dangerous person, the clerk shall thereupon notify the court and the district attorney, and the district attorney shall file a petition for commitment of the prisoner to the center, or a branch thereof, for treatment and rehabilitation, and he shall give notice to the prisoner or to his parents, spouse, issue, next of kin, guardian, or next friend, if it appears to the district attorney that such prisoner is incapable of conducting his contest to the report. The court may require such further notice as it deems necessary to protect the interest of the prisoner, may continue the hearing pending such notice and may appoint a guardian ad litem, if necessary. The hearing shall be conducted in the manner described in section five.

Pending the completion of such hearing, the court may order that the prisoner be retained in the custody of the superintendent of the institution in which the center, or branch thereof, is located or may commit him to the custody of a sheriff or keeper of a jail or place of detention, until such time as the matter is heard on the merits.

If the court finds that the prisoner is not a sexually dangerous person, it shall order him to be reconveyed to the institution wherein he was serving his sentence, there to be held until the termination of his sentence or until otherwise discharged. If the court finds that such prisoner is a sexually dangerous person, it shall commit him to the center, or a branch thereof, for an indeterminate period of a minimum of one day and a maximum of such person's natural life, for the purpose of treatment and rehabilitation, or it may commit such person to a mental institution or place him upon outpatient treatment, or make such other disposition upon the recommendation of the department of mental health consistent with the purpose of treatment and rehabilitation. Such prisoner shall be held in custody under sufficient security to protect society, and he shall be subject to all laws, rules and regulations which govern inmates of the institution to which he has been committed, in so far as may be compatible with the treatment provided for by this chapter, and he shall be entitled to such rights and privileges of such inmates, in so far as may be compatible with such treatment.

Added by St.1958, c. 646, § 1. Amended by St.1969, c. 838, § 58; St.1974, c. 324, §§ 2, 3; St.1978, c. 478, § 72.

§ 6A. Restrictions on movements of committed persons

Any person committed as a sexually dangerous person under the provisions of this chapter may be restricted to the buildings and the secured grounds of the center by the court that ordered the commitment after a hearing on the issuance of said restrictions which may be combined with the hearing held pursuant to section five or six. The court shall set forth in writing its reasons for the issuance of said restrictions. If the director of the treatment center communicates his intention to remove or modify such restrictions in writing to the court that ordered the commitment and within fourteen days thereafter the court does not order that such action be stayed, such restrictions may be removed or so modified by said director. If the court orders a stay of such action, the director shall refer the matter to the parole board, which shall within thirty days thereafter, review the director's determination and shall allow the restrictions to be removed or so modified if it finds that the rehabilitation of the person committed will be substantially aided by such removal or modification and that proper provisions for supervision and monitoring have been instituted so as to protect the security and safety of the public. The board may require the director to furnish such information as it may find necessary for its review. The person committed shall be notified of such referral in writing by the director and shall be given an opportunity for a hearing before a panel of the board or a hearing officer appointed by the board, at which he may present evidence and cross-examine witnesses. After the board has approved the removal or modification of such restrictions, the directors shall from time to time advise the board as to the person's treatment progress, disciplinary record and performance in any program in which his participation was made possible by such removal or modification. If the board concludes on the basis of such information that reinstatement of some or all of the restrictions may be warranted, it shall schedule a hearing to be held in accordance with the provisions of this paragraph and may thereafter reinstitute the restrictions in whole or in part.

Any person committed under restrictions pursuant to the preceding paragraph, with regard to whom the director has not communicated his intention to remove or modify such restrictions, may petition the court that ordered the commitment once during the first six months following commitment and once in each subsequent six-month period for the removal or modification of such restrictions. The court shall to the extent applicable treat such petition in the same manner as a petition filed pursuant to the second paragraph of section nine, and may remove or modify the restrictions if it finds that the rehabilitation of the petitioner will be substantially aided thereby and if proper provisions for supervision and monitoring have been made.

Added by St.1976, c. 496.

§ 7. Visits by attorneys; copy of psychiatric reports

Any attorney retained by or on behalf of any person committed to the center shall be admitted to visit such person at reasonable times if in the opinion of the commissioner of mental health such visit would not be injurious to such person, or if a justice of the superior court orders in writing that such visit shall be allowed. Such attorney upon request shall be entitled to receive from the clerk of the court a copy of the report of the examining psychiatrists filed under section four.

Added by St.1958, c. 646, § 1.

§ 8. Application for admission to treatment center

Any person believing himself to be suffering from a physical or mental condition which may result in sexual trends dangerous to the welfare of the public may make application to the department of mental health upon forms prescribed by said department for admission to the treatment center, or a suitable branch thereof. All information pertaining to this application shall be confidential, and may not be used in any criminal proceeding or proceeding under this chapter against such person. Subject to such rules and regulations and conditions relative to payment therefor, as the commissioner shall prescribe, persons may be admitted to the center or a suitable branch thereof, for examination, diagnosis and treatment.

Added by St.1958, c. 646, § 1.

§ 9. Parole; periodic hearings for examination and discharge; petitions; reports; conditional release

Any person committed to the center for treatment and rehabilitation under section five or section six shall be eligible for parole. Such person shall be presented to the parole board for consideration for parole by the superintendent of the institution in which the center, or a branch thereof, is located, with the recommendations of the department of mental health, at least once during the first twelve months following commitment, provided such person is otherwise eligible for parole and at least once in every three-year period thereafter, and at any time upon the recommendation of two psychiatrists appointed by the commissioner of mental health that he is a fit person for parole. The parole board shall carefully and thoroughly consider the reports of the department of mental health concerning the progress of such person, as well as any other information it deems relevant, and may grant such person a parole permit to be at liberty upon such terms and conditions as it shall prescribe, including the condition he receive out-patient treatment, and any other condition that the commissioner of mental health may recommend. Such terms and conditions may be revised, altered, amended or revoked by the parole board at any time. The violation by the holder of a parole permit to be at liberty of any of the terms or conditions of such permit, or of any law of the commonwealth, shall render such permit void. The parole board may revoke such permit at any time. If such permit has become void or has been revoked the parole board may order the arrest of the holder of such permit by any officer qualified to serve civil or criminal process in any county, and the return of such holder to the center for further treatment under confinement. A person who has been so returned to the center shall be detained therein according to the terms of his original commitment.

Notwithstanding any provisions of this section, any person committed to the center, or a branch thereof, shall be entitled to have a hearing for examination and discharge once in every twelve months, upon the filing of a written petition by the committed person, his parents, spouse, issue, next of kin or any friend. A copy of said petition shall be sent to the district attorney for the district where the original proceedings were commenced and to the parole board within fourteen days after the filing thereof. Said petition shall be filed in a superior court for the district in which said person was committed, and the court shall set a date for a speedy hearing. The hearing shall be conducted in the same manner as is provided for in sections five and six. The court shall issue whatever process is necessary to assure the presence in court of the committed person and shall hear the recommendations of the department of mental health and the parole board regarding the disposition of the petition. The department of mental health shall make periodic examinations every year of any person committed to the center in order to determine the progress of cure, and shall give an annual report of its findings to the district attorney for the district from which the person was committed, and the parole board. The psychiatrists appointed to make examinations under this section shall have access to all records of the department of correction pertaining to the person being examined. All records concerning the progress, diagnosis and examinations made by examining psychiatrists shall be available to the parole board to assist them in their determinations of parole. Upon a finding by the court that such person is no longer a sexually dangerous person, it shall order such person to be discharged, or conditionally released from the center. He shall be released subject to such conditions, if any, as the court may impose, including any treatment or reporting to any clinic or outpatient department for physical or mental examination, and he shall be subject to being placed under the jurisdiction of a probation officer, or such other agency or authority as is deemed necessary. Any person released conditionally shall be subject to the jurisdiction of said court until discharged and such terms and conditions of release may be revised, altered, amended, revoked by the court at any time, and such discharge shall not result until after due notice to the treatment center and the district attorney in the county where the commitment first originated from and the district attorney in the county where the person resides, or will reside, at the time of the hearing and discharge.

Added by St.1958, c. 646, § 1. Amended by St.1960, c. 347; St.1966, c. 608.

§ 10. Availability of facilities to victims of sexual attacks

The commissioner of mental health may make available on a voluntary and confidential basis the facilities of the department of mental health to persons who are victims of sexual attack.

Added by St.1958, c. 646, § 1.

§ 11. Partial invalidity; effect

If any of the provisions of this chapter shall be held invalid or unconstitutional in relation to any of the applications thereof, such invalidity or unconstitutionality shall not affect other applications thereof or other provisions thereof; and to this end the provisions of this chapter are declared to be severable.

Added by St.1958, c. 646, § 1.

CORRECTIONAL INSTITUTIONS OF THE COMMONWEALTH

Sec.
16. Commitment of female prisoners to Massachusetts Correctional Institute, Framingham, or other correctional facility; treatment of alcoholics.
18. Bridgewater state hospital; medical director.
19. Massachusetts Correctional Institution, Bridgewater; commitment; alcoholism.

§ 16. Commitment of female prisoners to Massachusetts Correctional Institution, Framingham, or other correctional facility; treatment of alcoholics

All females convicted of crimes in the courts of the commonwealth and sentenced to imprisonment or otherwise committed to the custody of the department shall be committed to the Massachusetts Correctional Institution, Framingham, or to such other correctional facility or facilities as the commissioner may from time to time designate as appropriate for the purpose.

The department shall maintain at the Massachusetts Correctional Institution, Framingham, a facility for the treatment and rehabilitation of alcoholics, subject to the approval of the department of public health under the provisions of chapter one hundred and eleven B.

Added by St.1955, c. 770, § 11. Amended by St.1956, c. 715, § 15; St.1970, c. 888, §§ 18, 19; St.1971, c. 1076, § 5; St.1972, c. 777, § 10.

§ 18. Bridgewater state hospital; medical director

The Bridgewater state hospital shall be part of the Massachusetts Correctional Institution, Bridgewater. The commissioner, with the approval of the commissioner of mental health, shall appoint a physician as medical director of the Bridgewater state hospital. The medical director shall have the care of the inmates thereof and govern them in accordance with rules and regulations approved by the commissioner.

Added by St.1955, c. 770, § 11.

§ 19. Massachusetts Correctional Institution, Bridgewater; commitment; alcoholism

No person shall be committed to the Massachusetts Correctional Institution, Bridgewater, for the treatment of alcoholism, except in accordance with the provisions of chapter one hundred and eleven B and chapter one hundred and twenty-three.

Added by St.1955, c. 770, § 11. Amended by St.1956, c. 715, § 16; St.1967, c. 619, § 2; St.1969, c. 889, § 22; St.1970, c. 888, § 6; St.1971, c. 760, § 18; St.1971, c. 1076, § 6.

JAILS, HOUSES OF CORRECTION AND REFORMATION, AND COUNTY INDUSTRIAL FARMS

INSPECTION OF PRISONS

Sec.
1. County commissioners; inspection of prisons; duties.

JAILS, HOUSES OF CORRECTION AND PRISONERS

25. Care of jail or house of correction.
26. Removal of prisoners in case of disease.
27. Removal of prisoners in case of danger from fire or bombing.

INSPECTION OF PRISONS

§ 1. County commissioners; inspection of prisons; duties

The county commissioners shall be inspectors of the prisons in their counties. They shall twice in each year, at intervals of not exceeding eight months, themselves or by a committee of two of their members, visit all the prisons in their county, and fully examine into everything relative to the government, discipline and police thereof; and as soon as may be after each inspection, the committee shall make and subscribe a detailed report to the commissioners of the condition of each prison as to health, cleanliness and discipline at the time of inspection, the number of prisoners confined there within the preceding six months or since the last inspection, the causes of confinement, the number of prisoners usually confined in one room, the distinction, if any, usually observed in the treatment of the different classes of prisoners, the punishments inflicted, any evils or defects in the construction, discipline or management of such prisons, the names of prisoners who have been discharged or pardoned or who have died or escaped, and any violation or neglect of law relative to such prisons, with the causes, if known, of the violation or neglect.

JAILS, HOUSES OF CORRECTION AND PRISONERS

§ 25. Care of jail or house of correction

The keeper of each jail and the superintendent of each house of correction shall, at the county's expense, cause it to be constantly kept in as cleanly and healthful a condition as may be. No permanent vault shall be used in any apartment. Every room occupied by a prisoner shall be furnished with a suitable bucket, with a cover made to shut tight, for the necessary accommodation of such prisoner, and such bucket, when used, shall be emptied daily and shall be constantly kept in good order.

Amended by St.1979, c. 485, § 10.

§ 26. Removal of prisoners in case of disease

If disease breaks out in a jail or other county prison, which, in the opinion of the inspectors of the prison, may endanger the lives or health of the prisoners to such a degree as to render their removal necessary, the inspectors may designate in writing a suitable place within the same county, or any prison in a contiguous county, as a place of confinement for such prisoners. Such designation, having been filed with the clerk of the superior court, shall be a sufficient authority for the sheriff, jailer, superintendent or keeper to remove all prisoners in his custody to the place designated, and there to confine them until they can safely be returned to the place whence they were removed. Any place to which the prisoners are so removed shall during their imprisonment therein be deemed a prison of the county where they were originally confined, but they shall be under the care, government and direction of the officers of the county where they are confined.

Amended by St.1979, c. 485, § 11.

§ 27. Removal of prisoners in case of danger from fire or bombing

If a jail or other county prison or any building near thereto is on fire, or if a bomb threat has been received, or there is reason to believe a bomb threat or similar threat exists, and the prisoners are exposed to danger thereby, the sheriff, jailer or other person in charge of the prison may remove them to a safe place, and there confine them as long as necessary to avoid the danger, and such removal and confinement shall not be deemed an escape of the prisoners.

Amended by St.1971, c. 399.

PRISONERS

§ 16. Physical examination of inmates; communicable diseases

The superintendents of the correctional institutions of the commonwealth, and the keepers and superintendents of jails and houses of correction shall cause a thorough physical examination to be made by a competent physician of each inmate in their respective institutions committed for a term of thirty days' imprisonment or more. In conducting the examination special attention shall be given to determining the presence of communicable diseases, particularly venereal diseases as defined under section six of chapter one hundred and eleven and pulmonary tuberculosis.

Amended by St.1933, c. 77, § 1; St.1941, c. 344, § 13; St.1948, c. 129, § 8; St.1955, c. 770, § 18; St.1957, c. 777, § 9; St.1979, c. 485, § 20.

§ 17. Specifications governing physical examinations; records; statements

Specifications governing the manner and time of such physical examinations shall be promulgated by the department of public health. Said department shall prescribe the medical records to be kept, shall require such laboratory or other diagnostic aids to be used as in its judgment are expedient, and shall forward to the commissioner statements of the results of all such examinations, together with recommendations relative thereto. For the purpose of obtaining further information relative to such prisoners the commissioner may cause inquiry to be made of court physicians and psychiatrists, probation officers and district attorneys, who have made examinations or investigations of such prisoners prior to conviction or who have prosecuted them, and such physicians, psychiatrists and probation officers shall furnish to the commissioner when requested all pertinent information in their possession. The commissioner may cause such further inquiry to be made relative to the offences committed by such prisoners and their past history and environment as he may deem necessary. He shall cause records to be made of such examinations and investigations.

Amended by St.1933, c. 77, § 2; St.1955, c. 770, § 19.

§ 18. Penalty for failure to comply with sections 16 and 17

Any officer named in section sixteen who neglects or refuses to comply with said section or who violates any rule or regulation of the department of public health made under section seventeen shall forfeit not more than fifty dollars.

Amended by St.1933, c. 77, § 3.

§ 19. Physical training of prisoners; director

The commissioner may institute a system of physical training, including military drill and organized athletic sports in any penal institution in the commonwealth, to be under the direction of the director of physical training of the department. He may prescribe the powers and duties of the director and may adopt rules and regulations to carry out this section.

EDUCATION, TRAINING AND EMPLOYMENT PROGRAMS

§ 49B. Participation of prisoners in work programs at state mental and public health facilities; restrictions

Prisoners in state correctional institutions, except prisoners who are housed in the maximum security section at the Massachusetts

Correctional Institution at Walpole, may, in the custody of an officer, be eligible to provide services for patients in residential care at facilities of the department of mental health or the department of public health or provide care of public lands or buildings and grounds. No prisoners may participate in a program under this section unless he has been screened both by the committee established under the provisions of section forty-nine A for the correctional institution wherein he is confined and by a member of the professional staff of the institution at which he is to provide such care or service, who shall be designated by the head of said institution or the person in charge of such public lands or buildings. A prisoner who escapes from the premises at which he is providing care or service under this section shall be deemed to have escaped from the institution of which he is an inmate. No prisoner, except as provided in section forty-nine, shall be employed outside the precincts of the place of his imprisonment doing work of any kind for private persons.

No person who is serving a sentence for violation of or for an attempt to commit any crime referred to in section two, three, four, five, six, seven, twelve, thirteen, fourteen, fifteen, sixteen, seventeen, eighteen, twenty-four, twenty-six, twenty-eight, twenty-eight A, twenty-eight B, twenty-nine, thirty, thirty A, thirty-one, thirty-two, thirty-four, thirty-five or thirty-five A of chapter two hundred and seventy-two or section thirteen B, twenty-two, twenty-two A, twenty-three, twenty-four, twenty-four B of chapter two hundred and sixty-five or who is under commitment under the provisions of chapter one hundred and twenty-three A may participate in a program under the provisions of this section.

Added by St.1973, c. 717. Amended by St.1978, c. 79.

REMOVALS

§ 117. Medical, dental, or similar professional treatment

Whenever the physician of any state correctional facility certifies that any prisoner held therein requires medical, dental or other similar professional treatment which cannot safely or properly be given in such state correctional facility or the hospital at the Massachusetts Correctional Institution, Norfolk, the commissioner may temporarily place such person in an appropriate hospital or medical facility to receive such treatment.

Amended by St.1941, c. 510, § 1; St.1943, c. 120; St.1977, c. 582, § 1.

§ 117A. Temporary placement of prisoners in hospital or medical facility

Whenever the physician of any jail or house of correction certifies that any prisoner held therein requires medical, dental or other similar professional treatment which is not available in such jail or house of correction, the sheriff or, in the case of the house of correction in Suffolk county, the penal institutions commissioner of the city of Boston may temporarily place such prisoner in a hospital or medical facility to receive such treatment.

Added by St.1967, c. 258, § 1.

§ 118. **Pregnant females**

Whenever it appears that a female confined in any correctional facility, is about to give birth to a child, the physician of the institution where the inmate is confined shall send to the commissioner a certificate of her condition, and the commissioner shall thereupon order her removal to a hospital near the institution where she is confined, but in no case shall such female be removed to the Tewksbury hospital or to any penal or reformatory institution for the purpose of giving birth. An inmate so removed shall be kept in such hospital until the physician thereof shall certify to said commissioner that she may safely be removed, whereupon the commissioner shall issue an order for her return to the correctional facility.

Amended by St.1938, c. 456; St.1941, c. 351, § 43; St.1941, c. 510, § 2; St.1958, c. 613, § 8C; St.1977, c. 582, § 2.

§ 119. **Hospital confinement as term of sentence**

Any prisoner placed in a hospital or medical facility under section one hundred and seventeen, one hundred and seventeen A or one hundred and eighteen shall, during his absence from prison or the jail or house of correction, be considered as in the custody of the officer having charge of the prison, jail or house of correction, and the time of confinement in said hospital or medical facility shall be considered as part of the term of sentence.

Amended by St.1967, c. 258, § 2.

PERMITS TO BE AT LIBERTY AND DISCHARGE

§ 129A. **Donation of blood; reduction of term**

A prisoner of any correctional institution of the commonwealth or of any jail or house of correction whose term of imprisonment is at least thirty days and not more than three hundred and sixty-four days may have his sentence reduced by five days, and a prisoner whose term of imprisonment is three hundred and sixty-five days or more may have his sentence reduced by ten days for each pint of blood donated by him to a veterans' organization, civil defense unit, hospital or other public health institution, or to the armed forces of the United States, or the Red Cross. The blood so donated shall not be used in any way commercially or for a profit. Any reduction of sentence earned under this section shall not be subject to forfeiture.

Such reduction of sentence shall be applicable to the minimum sentence of the prisoner. Each prisoner shall be limited to one donation every eight weeks. A list of all such blood donors and the amounts of blood donated by each prisoner shall be kept by the superintendent of the correctional institution, or the keeper or superintendent of the jail or house of correction. The superintendent of a state correctional institution shall forward such list to the commissioner of corrections; the keeper of a jail or house of correction in Suffolk county shall forward such list to the penal institutions commissioner of the city of Boston; the keeper of a jail or house of correction in any other county shall forward such list to the county commissioners.

Added by St.1959, c. 224. Amended by St.1959, c. 382, § 1; St.1960, c. 794; St.1965, c. 317; St.1967, c. 221; St.1968, c. 205; St.1975, c. 765; St.1979, c. 485, § 36.

§ 142. Permits to be at liberty or discharge of pregnant females

Whenever, in the opinion of the physician of any prison or other place of confinement in which is imprisoned a woman who is about to give birth to a child during the term of her imprisonment, the best interests of the woman or of her unborn child require that she be granted a permit to be at liberty or discharged, he may so certify to the board or officer empowered to grant permits to be at liberty or discharges from the institution in which she is imprisoned, and such board or officer may, subject to such terms and conditions as appear necessary, grant the permit to be at liberty or the discharge.

§ 151. Temporary care of infirm or diseased prisoner in institution after expiration of sentence; transfer to hospital

When a prisoner at the expiration of his sentence is in such condition from bodily infirmity or disease as to render his removal from a correctional institution inexpedient, the principal officer of such institution may, with the approval of the physician, authorize his temporary care at said institution, and shall forthwith report to the commissioner all of the circumstances. If it shall appear to the commissioner that such care may be required for a period longer than sixty days, he shall ascertain whether said discharged prisoner is suffering from tuberculosis or from any other disease for which treatment facilities are available in hospitals or sanatoria under the supervision of the department of public health, and in such case he shall notify the commissioner of public health who shall, if he finds that such facilities are available, receive the discharged prisoner; and if no facilities are available in the department of public health, the commissioner of correction shall notify the commissioner of public welfare, who shall receive said discharged prisoner at the Tewksbury hospital.

Amended by St.1932, c. 180, § 25; St.1956, c. 731, § 11; St.1958, c. 613, § 8D; St.1974, c. 260, § 25.

DIVISION OF DAIRYING AND ANIMAL HUSBANDRY

§ 12. Powers and duties of division of dairying and animal husbandry

The division of dairying and animal husbandry, under the general direction of the commissioner, shall inquire into the methods of making butter and cheese in creameries or cheese factories, investigate all dairy products and imitation dairy products bought or sold, enforce the laws for the manufacture, transfer and sale of such products, and take such action as will tend to produce a better quality thereof and to improve the dairy industry. It may co-operate with the department of public health and with inspectors of milk, but it shall not interfere with the duties of such department or officers.

§ 13. Report of unsanitary condition

The division shall report to the director of animal health each case brought to its attention where any barn, stable or other enclosure, where neat cattle, other ruminants or swine are kept, is found in an unsanitary condition.

Amended by St.1934, c. 340, § 11; St.1967, c. 347, § 7.

DIRECTOR OF THE DIVISION OF PLANT PEST CONTROL

§ 21. Inspection of nursery stock, fruits and plants at points of destination; destruction; notice to director

The director, either personally or through his assistants, may inspect at its point of destination all nursery stock coming into the commonwealth, and if such stock is found to be infested with injurious insects or plant disease he may cause it to be destroyed, treated or returned to the consignor at the consignor's expense. He may, either personally or through his assistants, inspect all fruits, plants and parts thereof brought into the commonwealth from outside thereof which also grow out of doors in this commonwealth, and, if such fruits, plants and parts thereof are found to be infested with injurious insects or plant disease likely to become established herein, he may cause the same to be destroyed, treated or returned to the consignor at the consignor's expense.

Each person, except a common carrier, who receives, brings or causes to be brought into this commonwealth any such fruits, plants and parts thereof from such states, provinces or countries as may be designated by the commissioner, shall immediately after the arrival thereof notify the director of such arrival, and hold them until they have been duly inspected.

Amended by St.1948, c. 303, § 1.

INSPECTOR OF APIARIES

§ 32. Duty of inspector to prepare and distribute literature on bee culture

With the approval of the commissioner, the inspector of apiaries shall prepare and distribute from time to time such literature upon the subject of bee culture as he deems advisable, shall make or cause to be made through his assistants such inspection of the bee colonies and beekeeping equipment throughout the commonwealth as is necessary to discover and suppress all bee diseases of a contagious or infectious nature inclusive of virus, fungus, bacterial or animal parasite. The commissioner may make and issue reasonable regulations for carrying out this and sections thirty-three to thirty-eight, inclusive.

Amended by St.1951, c. 506.

§ 33. Maintenance of colony of honey bees in hives in which brood combs are fastened to container; diseased bees

No persons shall knowingly maintain a colony or colonies of honey bees in hives, other receptacles, trees or other lodging places in which brood combs are fastened to the container of the colony or cross-built. No person shall neglect, expose, sell, barter, give or in any other way dispose of diseased bees or any colony container, comb, frame or other appliance used about the diseased bees in whole or in part in such manner as to cause the spread of the disease.

Amended by St.1951, c. 506.

§ 34. Instructions as to treatment of diseased and miskept colonies; destruction

The inspector or his assistants, upon the discovery of bee diseases or any comb cross-built or fastened to the container in any apiary or colony shall give instruction to the owner or caretaker thereof as to the treatment of the diseased and miskept colonies, infected combs and equipment and shall cause the diseased and miskept colonies and all infected combs, hives and equipment to be treated, disposed of or destroyed in such manner as to suppress the disease.

For the loss of colonies of bees and property destroyed by the inspector or his assistants the commonwealth shall pay to the owner two dollars per colony.

Amended by St.1951, c. 506.

§ 36A. Records; reports

The inspector shall keep a detailed record of the number and location of all colonies inspected by him or his assistants, the number and location of all colonies found diseased, the treatment thereof, and expenditures incurred in the performance of the duties of his office. He shall report to the commissioner annually, and at such other times as the commissioner requests.

Added by St.1967, c. 18.

§ 36B. Labeling and sale of honey; restrictions

No person shall package, label, sell, keep for sale, expose or offer for sale, any article or product in imitation or semblance of honey branded as "honey", "liquid or extracted honey", "strained honey", "imitation honey" or "pure honey" which is not pure honey made by honey bees. No person, firm, association, company or corporation, shall manufacture, sell, expose or offer for sale, any compound or mixture branded or labeled as "honey" which consists of honey mixed with any other substance or ingredient. There shall be printed on the package containing such compound or mixture a statement of the ingredients of which it is made and if honey is one of such ingredients it shall be so plainly stated in the same size type as are the other ingredients; provided, however, such compound shall not be packaged, sold, exposed for sale, or offered for sale as "honey" or "imitation honey" nor shall such compound or mixture be branded or labeled with the word "honey", other than as herein provided.

Added by St.1974, c. 404.

§ 38. Penalties

Whoever violates any provision of sections thirty-three and thirty-five shall be punished for a first offence by a fine of not more than thirty dollars, for the second offence by a fine of not more than seventy-five dollars, and for a subsequent offence by a fine of not more than one hundred and fifty dollars.

Amended by St.1951, c. 506.

AGRICULTURAL AND HORTICULTURAL SOCIETIES, ETC.

§ 49. Vending of goods, provisions or refreshments near cattle show or exhibition; gaming

No person, during the time of holding a cattle show, fair or exhibition or meeting of a farmers' club and without the consent of the authorities having charge of the same, shall establish within one half mile of the place of holding such show, fair, exhibition or meeting a tent, booth or vehicle of any kind for the purpose of vending any goods, wares, merchandise, provisions or refreshments. No person shall engage in gaming or horse racing or exhibit a show or play during the regular or stated time of holding a cattle show, agricultural fair or meeting of a farmers' club, or engage in pool selling, at or within one half mile of the place of holding the same; but no person having his regular place of business within such limits shall be hereby required to suspend his business.

COMMERCIAL FEEDS

§ 54. Adulterated feed defined

A commercial feed shall be deemed to be adulterated: if (1) it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance, such commercial feed shall not be considered adulterated under this subsection if the quantity of such substance in such commercial feed does not ordinarily render it injurious to health; (2) it bears or contains any added poisonous, added deleterious or added non-nutritive substance which is unsafe within the meaning of section four hundred and six of the Federal Food, Drug and Cosmetic Act [1], other than one which is (*i*) a pesticide chemical in or on a raw agricultural commodity; or (*ii*) a food additive; (3) it is, or it bears or contains any food additive which is unsafe within the meaning of section four hundred and nine of the Federal Food, Drug and Cosmetic Act [2]; (4) it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe within the meaning of section four hundred and eight (*a*) of the Federal Food, Drug and Cosmetic Act [3]; provided, that where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or a tolerance prescribed under section four hundred and eight of the Federal Food, Drug and Cosmetic Act and such raw agricultural commodity has been subjected to processing such as canning, cooking, freezing, dehydrating, or milling, the residue of such pesticide chemical remaining in or on such processed feed shall not be deemed unsafe if such residue in or on the raw agricultural commodity has been removed to the extent possible in good manufacturing practice and the concentration of such residue in the processed feed is not greater than the tolerance prescribed for the raw agricultural commodity unless the feeding of such processed feed will result or is likely to result in a pesticide residue in the edible product of the animal, which is unsafe within the meaning of section four hundred and eight (*a*) of the Federal Food, Drug and Cosmetic Act; (5) it bears or contains any color additive which is unsafe, within the meaning of section seven hundred and six of the Federal Food, Drug and Cosmetic Act [4]; (6) any valuable constituent has been in whole or in part omitted or abstracted therefrom or any less valuable substance substituted therefor; (7) its composition or quality falls below or differs from that which it is purported or is represented to possess by its labeling; (8) it contains a drug and the methods used in or the facilities or controls used for its manufacture, processing, or packaging do not conform to current good manufacturing practice regulations promulgated by the commissioner to assure the drug meets the requirements of sections fifty-two to sixty-four, inclusive, as to safety and has the identity and strength and meets the quality and purity characteristics which it purports or is represented to possess. In promulgating such regulations, the commissioner or his deputy may adopt the current good manufacturing practice regulations for medicated feeds established under authority of the Federal Food, Drug and Cosmetic Act [5], unless he determines that they are not appropriate to the conditions which exist in the commonwealth; (9) it contains viable weed seed in amounts exceeding the limits which the commissioner or his deputy shall establish by rule or regulation.

Added by St.1973, c. 43, § 8.

COMMERCIAL FERTILIZERS

§ 66. Licenses to distribute; registration of specialty fertilizers; applications; labels; fees

No person shall manufacture or distribute in the commonwealth any type of fertilizer, except specialty fertilizers, until a license to distribute has been obtained by the person whose labeling is applied to such fertilizer from the commissioner upon payment of a one hundred and twenty-five dollar license fee. All such licenses expire on the thirty-first day of December of each year. The application for license shall include the name and address of licensee, and this information shall be shown on all labels, pertinent invoices, and bulk storage for fertilizers distributed by the licensee in the commonwealth.

No person shall distribute in the commonwealth a specialty fertilizer, soil conditioner or agricultural liming material until it is registered by the manufacturer or distributor with the commissioner. An application in duplicate, listing each brand and product name of each grade of specialty fertilizer, for each soil conditioner, and for each agricultural liming material shall be made on a form furnished by the commissioner and shall be accompanied with a registration fee of twenty-five dollars. Labels for each product for which a registration application is made shall accompany the application. Upon approval of an application by the commissioner, a copy of the registration shall be furnished the applicant. All registrations expire on the thirty-first day of December each year. An application for registration of specialty fertilizers shall include: name and address of the manufacturer or distributor, the brand and product name, the grade, the guaranteed analysis, and the package sizes for persons that package specialty fertilizers only in containers of ten pounds or less.

Added by St.1973, c. 607, § 6.

§ 67. Labels; contents

All commercial fertilizers, soil conditioners, and agricultural liming materials distributed in the commonwealth in containers shall have placed thereon, or affixed to the container, a label setting forth in clearly legible and conspicuous form the information required by the preceding section. The foregoing information in written or printed form shall accompany bulk shipment deliveries and shall be supplied to the purchaser at the time of delivery.

All commercial fertilizers formulated according to specifications which are furnished by a consumer prior to mixing shall be labeled to show the guaranteed analysis, and the name and address of the distributor.

Added by St.1973, c. 607, § 6.

§ 74. False or misleading labeling; deleterious or harmful ingredients

No person shall sell, offer, or expose for sale a commercial fertilizer or brand of commercial fertilizer, soil conditioner, or agricultural liming material if its labeling is false or misleading in any particular way, or it is distributed under the name of another product, or it is not labeled as required in section sixty-six and in accordance with rules and regulations as prescribed in section seventy-five or it purports to be or is represented as a commercial fertilizer, or represented as a plant nutrient or commercial fertilizer, unless such plant nutrient or commercial fertilizer conforms to the definition of identity, if any, prescribed by regulations.

No person shall sell, offer or expose for sale a commercial fertilizer or brand of commercial fertilizer if it contains any deleterious or harmful ingredient in sufficient amount to render it injurious to beneficial plant life when applied in accordance with directions for use on the label, or if adequate warning statements or directions for use, which may be necessary to protect plant life are not shown on the label, or its composition falls below or differs from that which it is purported to possess by its labeling, or it contains unwanted crop seed or weed seed.

Added by St.1973, c. 607, § 6.

§ 75. Rules and regulations; effectiveness; violations; prosecution, restriction

The commissioner may prescribe and enforce such rules and regulations as to the sale of commercial fertilizers, soil conditioners, or agricultural liming materials as he deems necessary to enforce sections sixty-four to seventy-eight, inclusive, and may prosecute or cause to be prosecuted any person who violates any provisions of said sections; provided, however, that the effective date of regulations pertaining to "guaranteed analysis" shall be not less than six months following the issuance thereof, and that for a period of two years following the effective date of said regulations the equivalent of phosphorus and potassium may also be shown in the form of phosphoric acid and potash; and, provided further, that after the effective date of a regulation issued under the provisions of this section, requiring that phosphorus and potassium be shown in the elemental form, the guaranteed analysis for nitrogen, phosphorus and potassium shall constitute the grade. Regulations prescribed in this section shall contain the accepted definitions and official fertilizer terms issued by the Association of American Plant Food Control Officials. No complaint based upon analysis of samples shall be made if samples are taken otherwise than as provided in section seventy.

§ 1. Definitions

The following words as used in this chapter, unless the context otherwise requires, shall have the following meanings:

"Agents", employees of the division of animal health in the department of food and agriculture especially designated as agents by the director.

"Contagious disease", such disease as is recognized by the United States department of agriculture, animal health division, to be contagious or infectious.

"Director", director of animal health.

"Division", the division of animal health of the department of food and agriculture.

"Domestic animals", all animals including poultry that are kept or harbored as domesticated animals. Poultry as used in this section shall include chickens, roosters, capons, hens, turkeys, pigeons, guinea fowl, and ducks and geese other than wild species.

"Inspector", inspector of animals appointed under section fifteen or sixteen.

"Pet shop", every place or premise where birds, mammals or reptiles are kept for the purpose of sale at either wholesale or retail, import, export, barter, exchange or gift.

Amended by St.1934, c. 340, § 12; St.1935, c. 70; St.1966, c. 54; St.1967, c. 347, §§ 8, 9; St.1971, c. 993, § 1; St.1975, c. 706, §§ 204, 205.

§ 2. Powers and duties of director; orders

The director may make and enforce reasonable orders, rules and regulations relative to the following: the sanitary condition of neat cattle, other ruminants and swine and of places where such animals are kept; the prevention, suppression and extirpation of contagious diseases of domestic animals; the establishing of disease-free herds of cattle and the issuing of certificates in connection therewith; the inspection, examination, quarantine, care and treatment or destruction of domestic animals affected with or which have been exposed to contagious disease, the burial or other disposal of their carcasses, and the cleansing and disinfection of places where contagion exists or has existed. No rules or regulations shall take effect until approved by the governor and council.

§ 3. Records of inspectors; forms

The director shall make and prescribe forms for records of inspectors, certificates of examination, notices and orders of quarantine, notices and orders for killing and burial, and for returns of inspectors required by this chapter.

§ 4. Certification of documents by clerk

The director may designate an employee of the division as clerk who shall keep the records of the division, shall certify copies of such records or of any order, rule or regulation issued by the director, and shall make any certificates of issuing, recording, delivering or publishing of orders required under this chapter.

§ 5. Entry of orders, rules and regulations on records; sending copies to inspectors; publication

All orders, rules and regulations made by the director shall be entered on the records of his division and a copy thereof shall be sent to each inspector in the town to which the orders, rules or regulations apply, and shall be published by such inspector in the manner prescribed by the order, rule or regulation.

§ 6. Aid to director and inspectors by sheriffs, constables and police officers

Sheriffs, constables and police officers shall upon request of the director or an inspector assist him in the performance of his duties and shall have the same powers and protection, while so engaged, as peace officers.

§ 7. Entry on premises

For the purpose of inspecting or examining animals or the places where they are kept, the director, any of his agents or an inspector, duly qualified, may enter any building or part thereof or any enclosure or other place, and may examine or inspect such animals or places. Whoever prevents, obstructs or interferes with such director, agent, inspector or other person having like authority in the performance of any of his duties, or whoever hinders, obstructs or interferes with his making such inspection or examination, or whoever secretes or removes any animal, for the purpose of preventing it from being inspected or examined, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than two months, or both.

§ 8. Hospitals and quarantine stations

The director may establish hospitals or quarantine stations, with proper accommodations, wherein, under prescribed regulations, animals selected by him may be confined and treated for the purpose of determining the characteristics of a specific contagion and the methods by which it may be disseminated or destroyed, and he may direct inspectors to enforce and carry into effect all regulations made from time to time for that purpose.

§ 8A. Repealed by St.1966, c. 397

§ 9. Massachusetts Society for the Prevention of Cruelty to Animals; agents; powers and duties

The agents of the Massachusetts Society for the Prevention of Cruelty to Animals may visit all places at which neat cattle, horses, mules, sheep, swine or other animals are delivered for transportation or are slaughtered, any pet shop where animals, birds, fish or reptiles are sold, or exhibited, or for sale, and any stable where horses are kept for hire, for the purpose of preventing violations of any law and of detecting and punishing the same; with power to prosecute any such violation coming to their notice. Any person who prevents, obstructs or interferes with any such agent in the performance of such duties shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than two months, or both.

Amended by St.1943, c. 332, § 10; St.1971, c. 32.

§ 10. Examination of persons under oath; mandatory attendance and testimony of witnesses; expenses; evidence

The director may examine on oath all persons who are believed to possess knowledge of material facts relative to the existence or dissemination, or danger of dissemination, of contagious diseases among domestic animals, or relative to any other matter within the provisions of this chapter, and, for the purposes of this chapter, shall have all the powers vested in justices of the peace by chapters two hundred and twenty-two and two hundred and thirty-three to take depositions, to compel witnesses to attend and testify before him and to administer oaths. Witnesses shall receive the same fees for attendance and travel as witnesses before the courts. The expense of procuring the attendance of such witnesses shall be paid by the commonwealth. Copies of the records of the division, or of any order, rule or regulation issued by the director, if duly certified by the clerk, and any certificate by the clerk of the issuing, recording, delivering or publishing of such orders, rules or regulations under this chapter, shall be competent evidence of such fact in any tribunal.

Amended by St.1934, c. 340, § 13.

§ 11. Isolation or destruction of diseased animals; order; expense; post mortem examination

If the director, or one of his agents, by examination of a case of contagious disease of domestic animals, except foot and mouth disease, is of opinion that the public good so requires, he shall cause the diseased animal to be securely isolated or to be killed without appraisal or payment. An order for killing shall be issued in writing by the director, may be directed to an inspector or other person, and shall contain such direction as to the examination and disposal of the carcass and the cleansing and disinfection of the premises where such animal was condemned as the director considers expedient. A reasonable amount may be paid from the treasury of the commonwealth for the expense of such killing and burial. If thereafter it appears, upon post mortem examination or otherwise, that such animal was free from the disease for which it was condemned, an appraisal of such animal shall be made and the amount of appraisal value therefor shall be paid to the owner by the commonwealth, except as otherwise provided in section fourteen relative to foot and mouth disease.

§ 12. Repealed by St.1922, c. 353, § 4

§ 12A. Repealed by St.1966, c. 398

§ 13. Repealed by St.1966, c. 399

§ 13A. Destruction of animals affected with scrapie; partial compensation

All sheep and other domestic animals which are affected with, or have been exposed to, scrapie shall be destroyed when, in the opinion of the director, the public good so requires, and their carcasses shall be buried or otherwise disposed of. An order for killing and for the disposal of carcasses shall be issued in writing by said director, and may be directed to an agent, inspector or other person. The director may appoint persons to make appraisals on live stock, the destruction of which is ordered under this section, and fifty per cent of the full value of such live stock, as determined by the appraisal, may be paid from the annual appropriation for the extermination of contagious diseases among domestic animals. If the federal government appropriates monies for payment of a certain portion of the value of any animals destroyed under this section, the amount of payment by the commonwealth for such animals shall be limited to the difference between such federal payment plus the net salvage received by the owner, and the full value as herein determined, which amount shall not exceed fifty per cent of such value.

Added by St.1974, c. 743.

§ 14. Destruction of cattle or animals affected with foot and mouth disease; order; disinfection or destruction of buildings; appraisals of live stock destroyed; payment

All neat cattle and other domestic animals, which are affected with, or have been exposed to, foot and mouth disease, shall be destroyed when, in the opinion of the director, the public good so requires, and their carcasses shall be buried or otherwise disposed of. An order for killing and for the disposal of carcasses shall be issued in writing by said director, and may be directed to an agent, an inspector, or other person. The said director shall also issue such directions for the cleansing and disinfection of buildings, premises and places in which foot and mouth disease exists or has existed, and of property which may be on or contained therein, as in his opinion may be necessary or expedient. Any property on such premises which may be, in the opinion of the director or of his agents, a source of contagion may be destroyed by order of the director. The necessary expenses incurred in carrying out this section may be paid from the annual appropriation for the extermination of contagious diseases among domestic animals. The director may appoint persons to make appraisals on live stock and other property the destruction of which is ordered under this section, and fifty per cent of the full value of such live stock and other property, as determined by the appraisal, may be paid from the annual appropriation aforesaid. If the United States government makes an appropriation for payment of a certain portion of the value of any animals and property destroyed under this section, the payment by the commonwealth for such animals or property shall be limited to the difference between such portion and the full value thereof determined as herein provided, which shall not be in excess of fifty per cent of such value.

§ 14A. Quarantine or destruction of animals affected with vesicular stomatitis or vesicular exanthema; importations into commonwealth; cleansing and disinfection of buildings

All domestic animals which are affected with vesicular stomatitis, or vesicular exanthema, as determined by the director, shall be quarantined.

Animals which are affected with vesicular exanthema, as determined by the director, shall be slaughtered at a slaughtering establishment under federal supervision and the products of such animals shall be processed. Animals affected with vesicular stomatitis shall be disposed of as the director directs.

All such animals, either too small, or too young, to be of value commercially as meat, shall be disposed of as the director directs. The director shall make such rules and regulations in respect to the importation into the commonwealth of such animals or products therefrom as he may deem necessary.

The director shall also issue such directions for the cleansing and disinfection of buildings, premises and places in which vesicular stomatitis or vesicular exanthema exists, or has existed, and of property which may be on or contained therein, as in his opinion may be necessary or expedient, and no such buildings, premises, places and property shall be again used for the raising, care or maintenance of such animals until so authorized by the director in writing. No rules or regulations shall take effect until approved by the governor and council.

Added by St.1953, c. 19, § 1. Amended by St.1953, c. 655, § 2.

§ 14B. Feeding garbage to swine; definitions; permit; application; revocation; processing of garbage; inspection of premises; entry; records

The word "garbage" means any meat waste, or meat waste combined with any other food waste, resulting from handling, preparation, cooking and consumption of foods, including animal carcasses or parts thereof.

The word "person" means the state, any municipality, political subdivision, institution, public or private corporation, individual, partnership, or other entity, except that it shall not mean a person who feeds garbage to swine which are raised for such person's own use.

No person shall feed garbage to swine without first securing a permit therefor from the director. Such permits shall be secured before January first, nineteen hundred and fifty-four, and shall be renewed on the first day of January of each year thereafter.

Any person desiring to obtain a permit to feed garbage to swine shall make written application therefor to the director in accordance with the requirements of the division of animal health. At the time of filing such application the applicant shall pay to the division of animal health a permit fee in the sum of five dollars.

Upon determination that any person having a permit issued under this section, or who has applied for a permit hereunder, has violated or failed to comply with any of the provisions of this section, or any of the rules and regulations promulgated thereunder, the director, subject to the approval of the commissioner of agriculture, may revoke such permit or refuse to issue a permit to an applicant therefor.

On and after January first, nineteen hundred and fifty-four, all garbage, regardless of previous processing, shall, before being fed to swine, be thoroughly heated to at least 212° F for at least thirty minutes, unless treated in some other manner which shall be approved in writing by the director as being equally effective.

The director shall cause the premises of all permit holders to be inspected semi-monthly for the purpose of carrying out the provisions of this and the preceding sections.

Any authorized representative of the division of animal health shall have the power to enter at reasonable times upon any private or public property for the purposes of inspection and investigating conditions relating to the treating of garbage to be fed to swine as required by this section.

Any authorized representative of the division of animal health may examine any records or memoranda pertaining to the feeding of garbage to swine. The division of animal health may require maintenance of records relating to the operation of equipment for and procedure of treating garbage to be fed to swine. Copies of such records shall be submitted to the division of animal health on request.

Added by St.1953, c. 655, § 2. Amended by St.1967, c. 347, §§ 10, 11.

§ 14C. Hog cholera; slaughtering of hogs; payment to owners

All hogs which are affected with, or have been exposed to, hog cholera, shall be quarantined and appraised by an appraiser of the division of animal health in the department of food and agriculture, hereinafter called the division, or an appraiser appointed by the United States Department of Agriculture, animal health division. Any such hogs as the director of the division may determine shall be slaughtered and their carcasses shall be disposed of in such manner as said director may determine. The commonwealth shall pay to the owner of such hogs so slaughtered one half of their value as determined by said appraisal, but not to exceed fifty dollars for a purebred and forty dollars for a grade, said payment to be made from the amounts appropriated therefor; provided, however, that if the federal government undertakes to pay part of the cost of any hogs destroyed, as provided in this section, the payment by the commonwealth shall be limited to the difference between the payment authorized by the federal government and the payment hereinbefore provided. No payment shall be made as herein provided unless the director has determined that the owner or his representative has not, in the opinion of the director, by wilful act or neglect, contributed to the spread of hog cholera. All determinations of value made under this act shall be at fair market value.

Added by St.1968, c. 510. Amended by St.1973, c. 882; St.1975, c. 706, § 206; St.1977, c. 363A, § 71.

§ 14D. Hogs affected with brucellosis; quarantine and testing; importation, inspection; slaughtering, payment to owners

All hogs which are affected with, or have been exposed to brucellosis shall be quarantined and tested by the director or his agent, or by an agent of the animal health division of the United States department of agriculture. The director may, in his discretion, slaughter any such hogs and their carcasses shall be disposed of in such manner as he may determine. No person shall transport hogs into the commonwealth until said hogs have been inspected and passed as healthy. Said inspection shall include certification of a negative brucellosis test within thirty days of importation into the commonwealth and a certificate of health by a veterinarian inspector of the animal health division of the United States department of agriculture or a veterinarian of the state of origin, authorized by said state and approved by said animal health division.

Added by St.1974, c. 592, § 1.

§ 15. Inspector of animals; appointment

The city manager in cities having a plan D or plan E charter, the mayor in all other cities, except Boston, the town manager in towns having a town manager form of government and the selectmen in all other towns shall annually, in March, nominate one or more inspectors of animals, and before April first shall send to the director the name, address and occupation of each nominee. Such nominee shall not be appointed until approved by the director.

In a town which has a board of health and accepts this paragraph, the nomination of such inspectors shall be made by the board of health and not by the selectmen or town manager.

Amended by St.1941, c. 162; St.1962, c. 255; St.1963, c. 579, § 1; St.1969, c. 159.

§ 16. Refusal or neglect of town to appoint inspector; appointment by director

A town shall, for each refusal or neglect of its officers to comply with the requirements of the preceding section, forfeit not more than five hundred dollars. The director may appoint one or more inspectors for such town, and may remove an inspector who refuses or neglects to be sworn or who, in the opinion of the director, does not properly perform the duties of his office and may appoint another inspector for the residue of his term.

§ 17. Oath of inspectors; compensation; reimbursement of towns

Each inspector shall be sworn to the faithful performance of his official duties, and shall receive from the town for which he is appointed reasonable compensation, if appointed by the town, or such compensation as shall be fixed by the director, but not in excess of five hundred dollars a year, if appointed by the director. Towns having a valuation of less than two and one half million dollars shall be reimbursed by the commonwealth, upon certificate of the selectmen, approved by the director, for one half of such compensation, not exceeding two hundred and fifty dollars for each inspector in any one year.

§ 18. Duties of inspectors

Each inspector shall comply with and enforce all orders and regulations directed to him by the director. If he refuses or neglects so to do, he shall be punished by a fine of not more than five hundred dollars.

§ 19. Inspections of domestic animals

Inspectors shall make regular and thorough inspections of all neat cattle, sheep and swine found within the limits of their respective towns. Such inspections shall be made at such times and in such manner as the director shall from time to time order. They shall also from time to time make inspections of all other domestic animals within the limits of their respective towns if they know, or have reason to suspect, that such animals are affected with or have been exposed to any contagious disease, and they shall immediately inspect all domestic animals and any place where any such animals are kept whenever directed so to do by the director; but this section shall not apply to the inspection of sheep or swine slaughtered in wholesale slaughtering establishments, or to the obtaining of a license for the slaughtering of such sheep or swine.

§ 20. Certificate of healthy condition

An inspector who is satisfied, upon an examination of any neat cattle, sheep or swine, that they are free from contagious disease, shall deliver to the owner or to the person in charge thereof a written certificate of their condition, in such form as the director shall prescribe, signed by the inspector, and shall enter a copy of said certificate upon his records.

§ 21. Quarantine of diseased animals; notice or order; records

An inspector who, upon an examination of a domestic animal, suspects, or has reason to believe, that it is affected with a contagious disease shall immediately cause it to be quarantined or isolated for at least ten days upon the premises of the owner or of the person in whose charge it is found, or in such other place as he may designate, and shall take such other sanitary measures to prevent the spread of such disease as may be necessary or as shall be prescribed by any order or regulation of the director. He shall also deliver to the owner or person in charge of such animal, or to any person having an interest therein, a written notice or order of quarantine signed by him, in such form as the director shall prescribe, and shall enter a copy of said notice upon his records.

Amended by St.1963, c. 29.

§ 22. Service of notice or order of quarantine; return; evidence

Such notice or order may be served by an inspector or officer qualified to serve civil process, by delivery in hand to, or leaving at the last and usual place of abode of, the owner or person having an interest in or in charge of the animal concerned, or by posting upon the premises where said animal is quarantined or isolated. A copy thereof, with the return of said officer or inspector thereon that such service has been made, shall be competent evidence in any court that such quarantine has been imposed. If an animal has been so quarantined, it shall remain in quarantine until the further order of the director.

§ 22A. Dogs owned by police departments or agencies

The provisions of sections twenty-one and twenty-two shall not apply to dogs owned by police departments or police agencies of the commonwealth or any of its political subdivisions when such dogs are under the direct supervision, care and control of a police officer, have been vaccinated as provided in section one hundred and forty-five B of chapter one hundred and forty, and are subject to routine veterinary care.

Added by St.1977, c. 385.

§ 23. Examination of buildings; report

Inspectors shall, in addition to their inspections of animals for contagious diseases, examine the places in which neat cattle are kept, with reference to their situation, cleanliness, light, ventilation and water supply, and the general condition and cleanliness of the said neat cattle, and shall make a detailed report, with names and residences of owners, to the director.

§ 24. Notice of quarantine

An inspector who has caused a domestic animal to be quarantined, as provided in section twenty-one, shall immediately give a written notice thereof, with a copy of the order of quarantine, to the director, and shall give such information to no other person.

§ 25. Records of inspectors of animals; returns

Each inspector shall keep a record of all inspections made by him and of his doings therein, and shall make regular returns thereof to the division, but such returns need not be retained for more than two years, and may then be destroyed or disposed of by their lawful custodian, and any proceeds received in the course of their disposal shall be paid to the commonwealth. The director shall prescribe the form in which and the times at which such records and returns shall be made, and may at any time inspect them and make copies thereof.

§ 26. Application of chapter to inspectors in Boston

The provisions of this chapter relative to the duties of inspectors shall apply to persons officially performing the functions of inspectors in Boston.

§ 26A. Shipping cattle into commonwealth without inspection; certificate of health

Whoever ships, drives or transports into the commonwealth cattle to be used for dairy purposes, unless they have been inspected or passed as healthy by a veterinary inspector of the United States department of agriculture, animal health division, or a veterinarian of the state of origin authorized by the state and approved by said animal health division and are accompanied by a certificate of health approved by the proper livestock officials of the state of origin stating that each such animal six months of age or over was negative to an agglutination blood test for Bangs' abortion disease applied in accordance with rules and regulations made by the director and approved by the governor, shall be punished by a fine of not more than two hundred dollars.

Amended by St.1938, c. 168; St.1941, c. 173; St.1966, c. 55.

§ 26B. Hatching eggs; baby chicks or live poultry; restriction on sale, transportation or importation

No person shall buy, sell or transport within or import into the commonwealth hatching eggs, baby chicks or live poultry, except poultry intended for immediate slaughter or for exhibition subject to permit granted by the state department of agriculture, unless such hatching eggs are the produce of flocks which meet, and such baby chicks or live poultry meet or are the first generation progeny of flocks which meet, the minimum requirements for "pullorum passed" or "pullorum clean" grades of poultry, as established by the commissioner of agriculture, or the equivalent thereof. Whoever, himself or by his servant or agent, violates any provision of this section shall be punished for the first offence by a fine of not more than one hundred dollars, and for a subsequent offence by a fine of not less than fifty nor more than two hundred dollars.

Added by St.1957, c. 337.

§ 27. Seizure, quarantine and destruction of imported diseased animals

Animals brought into this commonwealth from places which in the opinion of the director are infected, may be seized and quarantined by the director at the expense of their owners or consignees, so long as the public safety requires; and, if in his opinion safety so requires, he may cause such animals to be killed without appraisal or payment.

§ 28. Notice of contagious disease to director

The board of health of a town, any member or agent thereof or any other person who has knowledge of or reason to suspect the existence of any contagious disease among any domestic animals in the commonwealth, or that any domestic animal is affected with a contagious disease, whether such knowledge is obtained by personal examination or otherwise, shall immediately give written notice thereof to the director, or to an inspector for the town where the animal is kept. Whoever fails to give such notice shall be punished by a fine of not more than one hundred dollars. Upon the receipt of such notice by said inspector, he shall proceed as provided in sections twenty-one, twenty-two, twenty-four and twenty-nine. Upon receipt of such notice by the director he shall inspect or cause his agent to inspect such animal, and thereafter shall proceed as provided in section eleven or fourteen, as the case may be.

§ 29. Expense of quarantine

If animals have been quarantined, collected or isolated upon the premises of the owner or of the person in possession of them at the time such quarantine is imposed, the expense thereof shall be paid by such owner or person; but if specific animals have been quarantined or isolated under section eight or twenty-one for more than ten days upon such premises, as suspected of being affected with a contagious disease, and the owner is forbidden to sell any of the product thereof for food, or if animals have been quarantined, collected or isolated on any premises other than those of such owner or person in possession thereof, the expense of such quarantine shall be paid by the commonwealth, except that, in the case of any animal quarantined for biting or scratching a person, the expense of such quarantine shall be paid by the county in which the injury was inflicted.

Amended by St.1938, c. 308.

§ 30. Effect of quarantine; release; violation of quarantine; penalty

An animal which has been quarantined or isolated by order of the director or of his agent, or of an inspector, shall, during the continuance of such quarantine or isolation, be deemed to be affected with a contagious disease. Whenever an animal has been released from quarantine by order of the director the same animal shall not again be quarantined or isolated by an inspector during the period of thirty days immediately following such release except upon order of the director. Whoever knowingly breaks or authorizes or causes to be broken a quarantine so imposed, or whoever, contrary to such order of quarantine or isolation, knowingly removes an animal or authorizes or causes it to be removed from a building, place or enclosure where it is quarantined or isolated, or whoever, contrary to an order or notice of quarantine, knowingly places or causes or authorizes to be placed any other animals within a building, place or enclosure where an animal is quarantined, or in contact therewith, or whoever knowingly conceals, sells, removes or transports, or knowingly causes or authorizes to be concealed, sold, removed or transported, an animal, knowing or having reasonable cause to believe that it is affected with a contagious disease, or whoever knowingly authorizes or permits such animal to go at large upon any public way within the commonwealth, or whoever knowingly brings or authorizes or permits to be brought from another country, state, district or territory into this commonwealth, an animal which is affected with or has been exposed to a contagious disease, or whoever disobeys a lawful order or regulation of the director or of any of his agents or of inspectors in the performance of their duty under this chapter, shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year, or both.

§ 31. Damages; arbitration; petition for assessment of damages

If an owner is entitled to compensation for the killing of an animal or the destruction of other property under this chapter, and cannot agree with the director as to its value, the director and the owner may each select an arbitrator, and if the owner neglects or refuses to select an arbitrator within twenty-four hours after notice that the director has selected one, the arbitrator selected by the director may select another. In each case if the two arbitrators cannot agree as to the value, they may select a third. The arbitrators shall be sworn to the faithful performance of their duties and shall determine the value within the limits provided by sections eleven to fourteen, inclusive, and the amount so fixed shall be paid to the owner.

If the owner's right to compensation is in dispute, if either party prefers to submit the amount of damages to judicial determination, or if the award of the arbitrators is unsatisfactory to either party, the owner or the director may, within thirty days after the killing of such animal or the destruction of such property, or, if arbitrators have been appointed, within thirty days after the date of their award, file a petition for the assessment of damages in the superior court for Suffolk county or for the county where the killing or destruction occurred. A copy of the petition shall be served upon the adverse party. If upon such petition it appears that the owner is entitled by law to compensation, the damages shall be assessed under chapter seventy-nine within the limits provided by sections eleven to fourteen, inclusive, of this chapter. The damages, costs and expenses incurred by the director in prosecuting or defending the petition shall be paid by the commonwealth.

§ 31A. Shipping or delivering tuberculin within commonwealth; statement as to use; application to common carriers

Every person who, himself or by his servant or agent, ships from a place within the commonwealth or otherwise delivers any tuberculin to a person within the commonwealth shall forthwith file with the director a written statement containing the name and address of the person to whom the same was shipped or delivered as aforesaid and the quantity thereof. Every person receiving tuberculin for use in connection with domestic animals shall forthwith after such use file with the director a written statement containing the name and address of the person whose cattle have been tested with such tuberculin and of the person from whom the same was received, together with records of said test upon blanks furnished by the director. Whoever violates any provision of this section shall be punished for the first offence by a fine of not less than twenty-five nor more than one hundred dollars and for a subsequent offence by a fine of not less than fifty nor more than five hundred dollars. This section shall not apply to common carriers, their servants or agents.

§ 32. Use of tuberculin as diagnostic agent; tests

Tuberculin as a diagnostic agent for the detection of tuberculosis in domestic animals shall be used only upon cattle brought into the commonwealth and upon cattle in quarantine stations; but it may be used as such diagnostic agent on any animal in any other part of the commonwealth, with the written consent of the owner or person in possession thereof, and upon animals which have been reported as tuberculous upon physical examination by a competent veterinary surgeon, and also as provided in section thirty-three B. Such tests by the use of tuberculin shall be made without charge to citizens of the commonwealth, and in all other cases the expense of such tests shall be paid by the owner of such animals or by the person in possession thereof.

Amended by St.1939, c. 451, § 54; St.1966, c. 52.

§ 33. Compensation for animals reacting to tuberculin test; rules and regulations; appraisals; award

Except as otherwise provided, a person who has animals tested with tuberculin shall not be entitled to compensation from the commonwealth for any animals which react to the tuberculin test unless they have been tested by the director or qualified veterinarians acting under his authorization and have been owned and kept by the owner applying for the test on the premises where tested for a period of not less than sixty days next prior to the date of said test or have been admitted to the herd on a test approved by the director. The director may prescribe rules and regulations for the inspection of cattle by the application of the tuberculin test and for the segregation, sale or slaughter of reacting animals; but no inspection by the application of such test shall be made unless an agreement has previously been entered into for such inspection and application with the owner of the animals, except as provided in section thirty-three B. If, in the opinion of the director, any of the animals react to the test and are slaughtered in consequence thereof, the owner shall be reimbursed by the commonwealth in the manner hereinafter provided. The director may appoint persons to make appraisals of reacting cattle in conjunction with the owner or his authorized representative. Such appraisal shall be subject to the rights of arbitration and petition set forth in section thirty-one; provided, that the award or damages shall be within the limits prescribed by this section. The commonwealth shall, within thirty days after the filing in the office of the director of a valid claim for reimbursement in pursuance of such an appraisal or of an award under section thirty-one, pay to the owner of any animal slaughtered under authority of any rules or regulations made hereunder, or to any mortgagee or assignee designated in writing by said owner, two thirds of the difference between the amount received by the owner for the carcass of the animal and the value of the animal as determined by appraisal as aforesaid; provided, that payment by the commonwealth hereunder shall not exceed two hundred dollars for any grade animal or two hundred and fifty dollars for any pure-bred animal; and provided, further, that no payment shall be made for any animal if, since the previous test, the owner or his representative has violated the rules and regulations made hereunder; and provided, further, that the owner or his representative has not unlawfully or improperly obtained or attempted to obtain reimbursement for any animal; and provided, further, that the owner or his representative has not, in the opinion of the director, by wilful act or neglect, contributed to the spread of bovine tuberculosis. If the federal government undertakes to pay part of the cost of any animal destroyed, as provided in this section, the payment by the commonwealth shall be limited to the difference between the payment authorized by the federal government and the payment hereinbefore provided.

Amended by St.1934, c. 272; St.1946, c. 417; St.1952, c. 519; St.1973, c. 881.

§ 33A. Identification of reacting bovine animals; removal of tag; disposition of tagged animals

Any bovine animal which reacts to a tuberculin test shall immediately be tagged for identification by the veterinarian, who has applied such test, by inserting into the external ear of the reacting animal a special metal tag provided by the director. Any person who removes any such tag attached as above provided, or who in any way disposes of any animal which has reacted to a tuberculin test except for the purpose of immediate slaughter, or who neglects or refuses to have slaughtered a reacting animal sold to him for that purpose, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than thirty days.

§ 33B. Declaration of quarantine areas; tuberculin tests of bovine animals; modified accredited areas; violation of terms of quarantine

The director may, upon application to him by not less than seventy-five per cent of the cattle owners owning cattle permanently kept in any city or town, or upon like application by the owners of eighty-five per cent of such cattle, declare said city or town a quarantine area and may proceed to test by the tuberculin test or otherwise all bovine animals within said area. Whenever not less than eighty-five per cent of the cattle permanently kept in the commonwealth are being tested for bovine tuberculosis under the supervision of the director or of the appropriate federal officials, the director may declare the entire commonwealth to be a quarantine area and may proceed to test by the tuberculin test or otherwise all bovine animals within the commonwealth. If the director finds and declares that such a city or town or the commonwealth, as the case may be, is substantially free from bovine tuberculosis, he may proclaim it to constitute a modified accredited area and may prescribe rules and regulations, subject to the approval of the governor and council, prohibiting the shipment or transportation into the same of any bovine animals without a permit and health certificate issued by the director or some officer designated by the director for the purpose. Whoever violates the terms and conditions of any such quarantine or any such rule or regulation shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year, or both.

Amended by St.1934, c. 96; St.1954, c. 647, § 1; St.1956, c. 527, § 1.

§ 33C. Declaration of quarantine area; tests for brucellosis of bovine animals; modified certified brucellosis free area; violation of terms of quarantine

The director may upon application to him by not less than seventy-five per cent of the cattle owners owning cattle permanently kept in any city, town or county, or upon like application by the owners of eighty-five per cent of such cattle, declare said city, town or county a quarantined area, and may proceed to test for brucellosis by an approved method for the detection of brucellosis all bovine animals within said area. If the director finds and declares said city, town or county is substantially free from bovine brucellosis, he may proclaim it to constitute a modified certified brucellosis free area and may prescribe rules and regulations, subject to their approval by the governor and council, prohibiting the shipment or transportation into said area of any bovine animal without a permit and health chart issued by the director or some person designated by the director for this purpose. Whoever violates the terms and conditions of any such quarantine or any such rule or regulation shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year, or both.

Added by St.1956, c. 527, § 1.

§ 33D. Tests for detection of brucellosis; applications; identification of animals; destruction; disposition where test doubtful

Prior to the first day of January, nineteen hundred and fifty-eight, the director may, upon written application of the owner, test cattle and thereafter shall test all cattle by an approved method for the detection of brucellosis. Said director shall provide for the drawing and collecting of the blood samples and for the laboratory testing. He shall cause any such animal reacting positively to any test for brucellosis to be identified by the branding of the letter B, which shall be at least two inches by two inches, on the left jaw, and the insertion of a reactor tag in the left ear, and to be quarantined. Prior to the first day of January, nineteen hundred and sixty, such reactors may be kept on the farm where tested under quarantine and moved only by permit. All such reactors when removed from the farm shall be disposed of for immediate slaughter under official supervision. If the reaction of any animal to a test for brucellosis is doubtful it shall be identified and quarantined, and shall not be disposed of without written permission of the director. The commonwealth shall not be liable for any damage incurred by any such test.

Added by St.1956, c. 527, § 1.

§ 34. Compensation to violators of regulations

No compensation shall be allowed by the commonwealth to an owner of condemned cattle who has failed to comply with the reasonable regulations of the director relative to cleanliness, ventilation, light, disinfection and water supply. An owner of cattle who refuses to comply with any such regulation shall be punished by a fine of not more than fifty dollars.

§ 35. Driving certain cattle on public ways or roads

Texan, Mexican, Cherokee, Indian or other cattle, which the director has reason to believe may spread contagious disease, shall not be driven on any public way or road, or outside the stockyards connected with any railroad in the commonwealth, contrary to an order of the director, and they shall be kept in different pens from those in which other cattle are kept in all stockyards in the commonwealth. Whoever violates any provision of this section shall be punished by a fine of not less than twenty nor more than one hundred dollars.

§ 36. Notice of contagious diseases

Whoever kills an animal or causes it to be killed, with the consent of the owner or person in possession thereof, upon suspicion that it is affected with or has been exposed to a contagious disease, and who, upon the inspection of the carcass thereof, finds or is of opinion that it is affected with a contagious disease, shall forthwith notify such owner or person in possession thereof, and the director or an inspector for the town where such animal was kept, of the existence of such disease, and of the place where the animal was found, the name of the owner or person in possession thereof and of the disposal made of such carcass. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than two months, or both.

§ 36A. Repealed by St.1941, c. 607, § 2

§ 36B. Vaccination of female calves; refusal to have calves vaccinated; report of veterinarian; identification of positive reactors; transportation of unvaccinated bovine animals

The director shall cause all female calves, to be used for breeding, to be vaccinated against brucellosis when they are from the ages of two to six months, inclusive. Calves shall be vaccinated by an approved licensed veterinarian designated by the director and only with vaccine produced at establishments licensed under the federal Virus-Serum-Toxin Act,[1] or at establishments in the commonwealth approved by the director, and the expense thereof shall be borne by the commonwealth. The director shall make the necessary rules for the handling of the vaccine and the method of vaccination. Any person refusing to have his calves vaccinated shall not be permitted to move any of his cattle from his premises except for immediate slaughter, unless such cattle react negatively to an approved blood test for brucellosis. Each veterinarian shall make a report of all animals vaccinated by him on forms furnished by the director. The commonwealth shall not be liable for any damages incurred or alleged to have been incurred by the use of vaccine. Whenever any cattle are tested for brucellosis and determined to react positively to such tests, or are vaccinated against brucellosis, the owner of the cattle shall cause them to be permanently identified in accordance with regulations prescribed by the director. It shall be unlawful for a person to transport or offer for transport any unvaccinated bovine animal over six months of age, and any vaccinated bovine animal over eighteen months of age that has been tested for brucellosis and has reacted positive to such tests, except cattle moved under permit issued by the director to slaughtering establishments under state or federal inspection. Any person, firm or corporation who buys, sells or transports any cattle known to be positive to an approved test for brucellosis, except animals under eighteen months of age and accompanied by a certificate of vaccination or except unvaccinated animals less than six months of age or except animals for immediate slaughter, shall be fined not more than two hundred dollars for each animal bought, sold or transported.

Added by St.1938, c. 314. Amended by St.1943, c. 56; St.1952, c. 518; St.1954, c. 647, § 2; St.1956, c. 527, § 2; St.1965, c. 72, § 1; St.1966, c. 91, § 1; St.1978, c. 485, § 1.

§ 36C. Repealed by St.1941, c. 607, § 2

§ 36D. Importation of vaccinated animals; conditions

Vaccinated animals which are over eighteen months of age may be imported into the commonwealth if within thirty days prior to entry they have reacted negatively to an approved blood test conducted in a laboratory approved by the state of origin. Vaccinated animals eighteen months of age and under may be imported into the commonwealth without such blood test if accompanied by a certificate stating the animals have been vaccinated between the ages of two to six months, inclusive, by a veterinarian duly licensed by the state of origin.

Added by St.1954, c. 647, § 3. Amended by St.1956, c. 527, § 3; St.1960, c. 371; St.1965, c. 72, § 2; St.1966, c. 91, § 2; St.1978, c. 485, § 2.

§ 36E. Importation of unvaccinated female cattle over six months of age; certificate

Text of section effective until July 1, 1980

No person shall import into the commonwealth cattle over six months of age without an official certificate of vaccination stating such female cattle have been officially vaccinated for brucellosis from the ages of four through eight months of age.

Added by St.1954, c. 647, § 3. Amended by St.1956, c. 527, § 3.

For text of section effective July 1, 1980, see § 36E, post

§ 36E. Importation of unvaccinated female cattle over five months of age; certificate

Text of section effective July 1, 1980

No person shall import into the commonwealth, for breeding purposes, female cattle over five months of age without an official certificate of vaccination stating such female cattle have been vaccinated for brucellosis from the ages of two to six months, inclusive.

Added by St.1954, c. 647, § 3. Amended by St.1956, c. 527, § 3; St.1978, c. 485, § 2.

§ 36F. Brucellosis, imported cattle, blood testing

The director, his authorized agent or a duly licensed veterinarian designated by the director may conduct such blood tests for brucellosis of all cattle imported into the commonwealth which are over five months of age, as will aid in the effective control of brucellosis.

Added by St.1956, c. 527, § 4. Amended by St.1958, c. 449; St.1965, c. 72, § 3; St.1966, c. 91, § 3; St.1978, c. 485, § 2.

§ 36G. Reimbursement of owners for slaughter of animals reacting positively to blood test for brucellosis; appraisal; award

If any animal tested by an approved licensed veterinarian designated by the director under this section reacts positively to an approved blood test for brucellosis and is slaughtered in consequence thereof, or if any animal does not react positively but has been exposed to brucellosis in an infected herd, said animal may be slaughtered because of such exposure to the positive reactors in accordance with the recommended uniform methods and rules published by the veterinary services of the animal and plant health inspection service of the United States Department of Agriculture. The director may appoint persons to make appraisals of reacting cattle in conjunction with the owner or his authorized representative. Such appraisal shall be subject to the rights of arbitration and petition set forth in section thirty-one; provided, that the award or damage shall be within the limits prescribed by this section. The commonwealth, shall within thirty days after the filing in the office of the director of a valid claim for reimbursement in pursuance of such an appraisal or award under said section thirty-one, pay to the owner of any animal slaughtered under authority of any rules and regulations made hereunder, or to any mortgagee or assignee designated in writing by said owner, two thirds of any difference between the amount received by the owner for the carcass of the animal and the value of the animal as determined by appraisal as aforesaid; provided, that payment by the commonwealth hereunder shall not exceed one hundred and fifty dollars for any grade animal or two hundred dollars for any purebred animal; and provided, further, that no payment shall be made for any such animal unless it was kept by the owner applying for the test on the premises where tested for at least sixty days next prior to the date of said test, or unless it was admitted to the herd on a test approved by the director and provided, further, that no payment shall be made for any animal if, since a previous test, the owner or his representative has violated the rules and regulations made hereunder; and provided, further, that the owner or his representative has not unlawfully or improperly obtained or attempted to obtain reimbursement for any animal; and provided, further, that the owner or his representative has not, in the opinion of the director, by wilful act or neglect, contributed to the spread of bovine brucellosis. If the federal government pays part of the value of any animal slaughtered under this section, the payment by the commonwealth shall be limited to the difference between the payment authorized by the federal government and the payment as hereinbefore provided.

Added by St.1956, c. 527, § 4. Amended by St.1977, c. 793, § 1.

§ 36H. Waiver of compliance with §§ 36B, 36D to 36F

The director may after a hearing grant, in suitable cases, waivers of compliance with the provisions of sections thirty-six B, thirty-six D, thirty-six E and thirty-six F.

Added by St.1966, c. 94.

§ 37. Jurisdiction of superior court

The superior court shall have jurisdiction in equity to enforce this chapter and restrain violations thereof.

§ 38. Annual report

The commissioner of food and agriculture shall make an annual report of the acts of the director, including therein the information obtained from inspectors under section twenty-three.

Amended by St.1934, c. 340, § 14; St.1975, c. 706, § 207.

§ 39. Licensing of persons dealing in bovine and porcine animals; fee; rules and regulations

Every person engaging in the business of dealing in bovine and porcine animals shall obtain a license therefor from the director, the fee for which shall be five dollars, and such license shall expire on November thirtieth following the date of issuance, unless sooner revoked. The director shall, subject to the approval of the commissioner of food and agriculture and of the governor, make rules and regulations governing the issuance and revocation of such licenses and the conduct of the businesses so licensed and relative to the maintenance of premises, buildings and conveyances, the health of bovine and porcine animals and the method and time of inspection and checking of said animals.

Added by St.1941, c. 607, § 1. Amended by St.1971, c. 312, § 1; St.1975, c. 706, § 208.

§ 39A. Pet shops; licensing, necessity, fees, term, issuance, revocation; operation; animals, health inspections

Every person engaged in the business of operating a pet shop, shall obtain a license therefor from the director, the fee for which shall be fifty dollars, and such license shall expire on December thirty-first following the date of issuance, unless sooner revoked. The director, subject to the approval of the governor, may make rules and regulations governing the issuance and revocation of such licenses and the conduct of the businesses so licensed and relative to the maintenance of premises, buildings and conveyances, the health of the birds, mammals or reptiles and the method and time of inspection and checking of said animals.

This section shall not apply to a publicly or privately owned zoological park, a publicly owned animal pound, an institution, as defined in section one of chapter forty-nine A, to persons selling, exchanging or otherwise transferring the offspring of their personally owned animals, or to horse or cattle auctions.

Added by St.1971, c. 993, § 2.

§ 40. License plates for vehicles used for transportation of bovine or porcine animals; fee; revocation

Each vehicle used for the transportation of bovine or porcine animals by any person engaged in the business of dealing in such animals, when operated on any way in the commonwealth, shall bear a metal license plate, attached to the side of the vehicle to the left of the person operating or driving the same, such plate to be furnished by the director upon the payment of a fee of fifty cents. Said plate shall be valid for the term for which the license is granted, but shall be returned to the director on revocation of said license.

Added by St.1941, c. 607, § 1. Amended by St.1946, c. 416, § 1; St.1971, c. 312, § 2.

§ 40A. Hog cholera vaccine; prohibited use

No person shall use, sell, expose for sale, deliver, give away, have in his possession, introduce or deliver for introduction into commerce any hog cholera vaccine.

Added by St.1977, c. 43.

§ 41. Bill of sale or memorandum signed by owner of persons transporting bovine animals; exhibition on demand; application of section

All persons who transport bovine animals upon any public way in connection with the purchase or sale thereof, shall have in their possession a bill of sale or memorandum signed by the owner or vendor of such animals, containing the address of such owner or vendor, the date of purchase or sale, the number of animals, breed, eartag number or other means of identification of each animal.

Any person transporting bovine animals shall on demand exhibit such bill of sale or memorandum to any officer qualified to serve criminal process.

No person shall accept any bovine animal over six months of age which has been transported over any such way unless accompanied by such bill of sale or memorandum. The person accepting such animals shall endorse the bill of sale or memorandum in such manner as will signify his acceptance of each animal.

This section shall not apply to such licensees under section thirty-nine as are exempted from the provisions hereof by the director, by rules or regulations made under the authority of said section thirty-nine.

Added by St.1941, c. 607, § 1.

§ 42. Tagging bovine animal with identification tag

No person, other than a licensed veterinarian or an agent of the director, shall tag a bovine animal with a state or federal identification tag.

Added by St.1941, c. 607, § 1. Amended by St.1966, c. 53.

§ 43. Penalties for violation of sections 39 to 42

Whoever violates any provisions of sections thirty-nine to forty-two, inclusive, or of any rule or regulation made under section thirty-nine or thirty-nine A, shall be punished for a first offence by a fine of not more than one hundred dollars and for any subsequent offence by a fine of not more than five hundred dollars, or by imprisonment for not more than two and one half years, or both.

Added by St.1941, c. 607, § 1. Amended by St.1946, c. 416, § 2; St.1971, c. 993, § 3.

§ 44. Testing of imported equine animals for infectious anemia; certification

No person shall import into the commonwealth any equine animal without a certificate relative to such animal from a laboratory approved by the United States Department of Agriculture, dated within six months from the time of such importation certifying a negative agar gel immunodiffusion test, commonly known as the Coggins test, for equine infectious anemia. Whoever violates any provisions of this section, or of any rule or regulation promulgated hereunder, shall be punished for a first offense by a fine of not more than one hundred dollars and for any subsequent offense by a fine of not more than five hundred dollars, or by imprisonment for not more than two and one-half years, or both.

Added by St.1974, c. 570.

§ 44A. Destruction or quarantine of infected equine animals

Any equine animal positive to an agar gel immunodiffusion test, commonly known as the Coggins test, for equine infectious anemia may be humanely destroyed; provided, that such destruction is observed by an agent of the division or of the United States department of agriculture, or may be so destroyed by a licensed veterinarian who shall report such destruction to the division, or may be sold or given under a permit from the division to an approved slaughter house or research facility, or, at the owner's option, may be retained under quarantine and held in isolation on the owner's premises; provided, however, that it may be pastured, ridden or driven on the owner's premises within a radius of two hundred yards of where it is stabled, provided, that no other horses are stabled or normally ridden or pastured within that area. Upon the discovery of one or more test positive animals within a quarter of a mile of where such animal is normally stabled, all such reactor animals shall be quarantined to screened stalls.

Added by St.1979, c. 566.

§ 45. License to deal in or auction equine animals; regulation; purpose

Every person engaging in the business of dealing in equine animals or auction of said animals and tack shall obtain a license therefor from the director, the fee for which shall be fifty dollars, and such license shall expire on October thirty-first following the date of issuance, unless sooner revoked, provided that the fee for any person licensed under the provisions of section two B of chapter one hundred and twenty-eight of the General Laws shall be five dollars. The director shall, subject to the approval of the commissioner of food and agriculture make rules and regulations governing the issuance and revocation of such licenses and the conduct of the businesses so licensed and relative to the maintenance of premises, buildings and conveyances, the health of equine animals and the method and time of checking and inspection of said animals. The purpose is to prohibit the transportation and slaughter of horses by inhumane means.

Added by St.1977, c. 857.

§ 46. License plates for vehicles transporting equine animals

Each vehicle used for the transportation of equine animals by any person engaged in the business of dealing with such animals, when operated on any way, shall bear a metal license plate, attached to the side of the vehicle to the left of the person operating or driving the same, such plate to be furnished by the director on the payment of a fee of five dollars. Said plate shall be valid for the term for which the license is granted, but shall be returned to the director on revocation of said license. The use of multiple deck vehicles or the so-called "possum belly" vehicle used in the transportation of equine animals is prohibited.

Added by St.1977, c. 857.

§ 47. Bill of sale or memorandum

A person who transports equine animals for immediate slaughter upon any public way in connection with the purchase or sale thereof, shall have in its possession a bill of sale or memorandum signed by the owner or vendor of such animals, containing the address of such owner or vendor, the date of purchase or sale, the number of animals and means of identification of each animal. Any such person transporting such equine animals shall on demand exhibit such bill of sale or memorandum to any officer qualified to serve a criminal process. No such person shall accept any such equine animal which has been transported over any such way unless accompanied by such bill of sale or memorandum. Such person accepting such animals shall endorse the bill of sale or memorandum in such manner as will signify his acceptance of such animals. Horses intended for immediate slaughter shall not be required to have a certificate as provided in section forty-four.

Added by St.1977, c. 857.

§ 48. Violations, penalties

Whoever violates any provisions of section forty-five to forty-seven, inclusive, or any rule or regulation made under section forty-five shall be punished for the first offense by a fine of not more than one hundred dollars and for any subsequent offense by a fine of not more than five hundred dollars, or by imprisonment for not more than two and one half years, or both.

Added by St.1977, c. 857.

23. Discharge of oil or other poisonous substances into coastal waters; use of explosives; penalty.
24. Violation of section 23; tort liability.
25. Discharge of sewage or other substance injurious to public health into coastal waters; approved drainage.
26. Jurisdiction and proceedings to enforce sections 23 to 25.
27. Criminal and tort liability for discharge of sewage or other substance injurious to public health into coastal waters.

LOCAL CONTROL OF SHELLFISHERIES

Sec.

52. Taking of eels, shellfish and sea worms; permits; fees; publication of regulations; records; temporary control by director; areas in which commercial taking prohibited.
53. Form of permits; record of issuance.

PRIVATE SHELLFISH GRANTS

57. Licenses granted by cities and towns; application; notice and hearing; qualifications; forms.
58. Transfer or renewal of licenses.
59. Application for license; request for survey and plan.
60. Hearing on issuance of license; notice; publication.
68. Digging, taking or carrying away shellfish from licensed waters, flats or creeks at night; violations.

CERTAIN SHELLFISH

69. Seed quahaugs, clams or oysters; taking or possession.
70. Taking and sale of scallops; adult and seed scallops; culling; rules and regulations.

SHELLFISH IN CONTAMINATED AREAS

74. Determination of contaminated areas; notice of results; procedures.

74A. Emergency designation of contaminated shellfish areas; enforcement; notice to local authorities.

75. Shellfish from contaminated areas, permits, purification; shellfish conservation; violations.

PURIFICATION PLANTS

76. Construction and operation; powers of commissioner.
77. Cost of operation.

COMMERCIAL PERMITS AND CERTIFICATES

80. Issuance; transfers; wholesale dealer permit; regulated marine fishery permit; rules and regulations; cancellation; revocation; fine.
81. Importation of shellfish for consumption; certification; labeling of containers; penalty; enforcement.
82. Source of supply of shellfish; tags or labels; contents; record of markings on tags or labels; inspection.
83. Fees for certificates and permits.

SCALLOPS

92. Sale of scallops; soaked scallops; scallops not in shell; marking of containers; common carriers.

MISCELLANEOUS PROVISIONS

Sec.
98. Shelfish constables; appointment; powers and duties; notice of appointment.
105. Protection of coastal wetlands.

DEFINITIONS AND RULES OF CONSTRUCTION

§ 1. Definitions; rules of construction

In this chapter, unless the context otherwise requires, the following words shall have the following meanings and the following rules of construction shall apply:

"Angling", fishing with hand line or rod, with naturally or artificially baited hook.

"Canned lobster meat or crab meat", lobster meat or crab meat preserved by heat processing, freezing, or refrigeration, and packed in a container impervious to contamination and so sealed that once opened it cannot be re-sealed and re-used for its original purpose.

"Clam", a marine mollusk of the species Mya arenaria commonly called the soft-shell clam.

"Close season", the time during which fish cannot lawfully be taken.

"Coastal waters", all waters of the commonwealth within the rise and fall of the tide and the marine limits of the jurisdiction of the commonwealth, but not waters within or above any fishway or dam nor waters above any tidal bound legally established by the department of environmental quality engineering in streams flowing into the sea.

"Commissioner", the commissioner of fisheries, wildlife and recreational vehicles.

"Dealer", any person who commercially handles fish.

"Department", the department of fisheries, wildlife and recreational vehicles.

"Director", the director of the division of marine fisheries.

"Division", the division of marine fisheries.

"Fish", any animal life inhabiting the ocean or its connecting waters including any crustacean or marine fish, whether free swimming or free moving, and any shellfish or sea worms, whether or not imbedded in the soil. All provisions of the chapter relative to fish shall, so far as apt, apply also to lobster meat and crab meat after the same has been taken from the shell.

The verb, "to fish", in all of its moods and tenses, to take or to attempt to take fish by any method or means, whether or not such method or means results in their capture.

"Fish car", a box or other contrivance in coastal waters, whether floating or sunken, used for keeping fish alive.

"Lobster", the common American lobster, of the species Homarus americanus.

"Marine fisheries", all fisheries in coastal waters.

"Open season", the time during which fish may lawfully be taken.

"Quahaug", a marine mollusk of the species Venus mercenaria commonly called the hard-shell clam.

"Retail dealer", any person not a wholesale dealer who distributes fish commercially.

"Scallop", a marine mollusk of the species Aequipecten irradians, commonly known as the cape scallop or bay scallop.

"Sea scallop", a marine mollusk of the species Pecten magellanicus, commonly known as deep water scallop.

"Seed clam", a soft-shell clam of a size less than the minimum prescribed in section sixty-nine and useable for planting purposes only.

"Seed quahaug", a quahaug of a size less than the minimum prescribed in section sixty-nine and useable for planting purposes only.

"Seed scallop", an immature scallop without the annual growth line as described in section seventy.

"Shellfish", clams, conchs, mussels, oysters, periwinkles, quahaugs, razor clams or razor fish, scallops, sea clams, sea quahaugs, sea scallops and winkles.

"Short lobster", any lobster measuring less than prescribed in section forty-four.

"Territorial waters", the same as coastal waters.

"Truckman", any person other than a common carrier, using a truck or other vehicle in distributing fish.

"Wholesale dealer", any person who distributes fish commercially in bulk or for resale by a dealer, or who operates branch stores for the retail sale of fish.

A person who knowingly counsels, aids or assists in a violation of any provision of this chapter or of any rule or regulation made thereunder or knowingly shares in any of the proceeds of said violation by receiving or possessing fish, shall be deemed to have incurred the penalties imposed thereby upon the person guilty of such violation.

Whenever the taking of fish is authorized, reference is had to taking by lawful means and in a lawful manner.

Any reference to the taking or having in possession of a fish shall include the taking or having in possession of any part or portion thereof.

This chapter and regulations made under authority thereof shall apply to all fisheries within the jurisdiction of the commonwealth and to all fish within the jurisdiction thereof, except fish being transported through the commonwealth under authority of the laws of the United States; but this provision shall not be construed so as to limit the authority of the director to protect anadromous fish by providing for their passage from the coastal waters to spawning grounds in steams and ponds in inland waters and to regulate commercial fisheries therein for the taking of such anadromous fish.

Added by St.1941, c. 598, § 1. Amended by St.1945, c. 98, §§ 1, 2; St.1956, c. 512; St.1963, c. 131; St.1964, c. 524, § 5; St.1971, c. 133, § 1; St.1975, c. 706, §§ 209, 210; St.1978, c. 119, § 6.

MISCELLANEOUS POWERS AND DUTIES OF DIRECTOR, COASTAL WARDENS, ETC.

§ 12. Seizure and forfeiture of fish unlawfully taken; boats and apparatus; sale; proceeds

All fish unlawfully taken, held, possessed or dealt with contrary to any provision of this chapter or of any rule or regulation made under authority thereof, and all boats, vehicles and apparatus used therein, may, in addition to any or all of the penalties contained therein, be seized, libelled and forfeited to the commonwealth.

Whenever seizure and confiscation or forfeiture is provided by any provision of this chapter, unless another procedure is therein indicated such confiscation or forfeiture shall be according to the provisions of chapter two hundred and fifty-seven. Fish so seized except shellfish apparently taken from an area determined under section seventy-four or corresponding provisions of earlier laws to be contaminated, and except fish seized under the provisions of section eighty-nine, may be so libelled or, at the discretion of the director, be disposed of by him for the best interests of the commonwealth, or, in the alternative, be sold at private sale or public auction, and the net proceeds of such sale may be libelled in the same manner and with the same effect as if such proceeds were the property itself, unless the person named in the warrant or some person in his behalf shall before the commencement of such libel or sale request that the fish be preserved until final action is had thereon. Shellfish apparently taken from an area determined to be contaminated as aforesaid, and fish seized under the provisions of section eighty-nine, shall be disposed of by the director in such manner as will prevent the use thereof as food.

Added by St.1941, c. 598, § 1.

§ 20. Co-operation with coastal cities and towns to increase supply of shellfish; expenditures; methods for treatment or purification of shellfish; contracts with federal government

The director shall assist and co-operate with coastal cities and towns for the purpose of increasing the supply of shellfish and exterminating the enemies thereof within their borders, and for this purpose may expend such sums as may be appropriated therefor. The expenditure of any funds so appropriated shall be apportioned by the director among said coastal cities and towns in such amounts as will, in his opinion, effect the greatest amount of relief and assistance to the shellfish industry; provided, that no money shall be expended hereunder in any such city or town for the purpose of such relief or assistance unless such city or town, within one year prior to the date of such expenditure, shall have expended an amount equal to at least one fourth of the total cost of such work, or shall have contributed services or material of a value, as determined by the director, equal to such proportion. The work of increasing the supply of shellfish and exterminating the enemies thereof in coastal cities and towns aided hereunder shall be done and expenditures therefor shall be made in such manner as the director may determine and in accordance with rules and regulations which the director shall make with respect thereto, which rules and regulations he is hereby authorized to make and enforce.

The director, in the operation of any plant for the treatment or purification or propagation of shellfish, is hereby authorized and directed to investigate and study methods for the treatment or purification of shellfish taken from areas determined under section seventy-four to be contaminated. The director, in the course of such investigation, shall confer with the state department of public health and may expend for expert, clerical and other services and expenses such sums as may be appropriated therefor. The director shall, before exercising the authority to assist and co-operate as provided in this section, receive the advice of the biologist of the division and a written opinion from him thereon.

The director, acting on behalf of the commonwealth and with the approval of the governor and council, may enter into contracts or agreements with agencies of the federal government or any private institute or corporation for carrying out research and laboratory work necessary for purposes of the treatment or purification of shellfish and the propagation of shellfish in the coastal areas of the commonwealth, and may expend such sums as may be appropriated for the purpose.

Added by St.1941, c. 598, § 1. Amended by St.1948, c. 430, § 1.

POLLUTION OF COASTAL WATERS

§ 23. Discharge of oil or other poisonous substances into coastal waters; use of explosives; penalty

Except in the case of emergency imperilling life or property or an unavoidable accident or except in accordance with the terms of a permit issued pursuant to state or federal water pollution control laws, whoever from any source puts, throws, discharges or suffers or permits to be discharged or to escape into any coastal waters, any oil, poisonous or other injurious substance, including but not limited to, sawdust, shavings, garbage, ashes, acids, sewage and dye-stuffs, whether simple, mixed or compound, or heated effluent, which directly or indirectly materially injure fish, fishspawn or seed therein, or takes any such fish by such means, or whoever kills or destroys fish in such waters by the use of dynamite or other explosives, or takes any such fish in such waters by such means, or explodes dynamite or other explosive in such waters, shall be punished by a fine of not less than one hundred and fifty nor more than five thousand dollars or by imprisonment for not more than one year or both.

Added by St.1941, c. 598, § 1. Amended by St.1972, c. 789, § 2.

§ 24. Violation of section 23; tort liability

Whoever, contrary to any provision of section twenty-three, himself, or by his agent or servant, does, or allows or suffers to be done, any act causing damage to the shellfish resources within the limits of a city or town shall be liable to said city or town in tort, in triple the amount of damage thereby done.

Whoever, contrary to any provision of section twenty-three, himself, or by his agent or servant, does, or allows or suffers to be done, any act causing damage to any fishery resource, with the exception of shellfish located within the limits of a city or town, within the marine boundaries of the commonwealth, shall be liable to the commonwealth in tort, in triple to the amount of damage thereby done.

Whoever, contrary to any provision of section twenty-three, himself, or by his agent or servant, does, or allows or suffers to be done, any act causing damage to any private fishery resource within the marine boundaries of the commonwealth, shall be liable in tort, in triple the amount of the damage, to any person owning or leasing such private fishery rights.

Added by St.1941, c. 598, § 1. Amended by St.1972, c. 789, § 2.

§ 25. Discharge of sewage or other substance injurious to public health into coastal waters; approved drainage

The entrance or discharge into the coastal waters, or the tributaries of such waters, of sewage or any other substance which might be injurious to the public health or might tend to contaminate any shellfish areas or shellfish therein which may be determined by the director to be of commercial value, or injuriously affect the fisheries therein, is hereby prohibited; provided, that this section shall not be deemed to interfere with the exercise of any right of drainage which had been approved by the department of public health prior to January first, nineteen hundred and forty-two, or in any drainage thereafter approved by said department or the department of environmental quality engineering; provided further, that before granting such new approval the commissioner of environmental quality engineering shall have consulted with the director as to the value of the marine fisheries involved. The provisions of this section shall not apply to any such entrance or discharge of heated effluent authorized under the terms of a permit for such entrance or discharge issued pursuant to state or federal water pollution control laws.

Added by St.1941, c. 598, § 1. Amended by St.1972, c. 789, §§ 3, 4; St.1975, c. 706, § 213.

§ 26. Jurisdiction and proceedings to enforce sections 23 to 25

The supreme judicial court or any justice thereof, and the superior court or any justice thereof, shall have jurisdiction in equity to enforce sections twenty-three, twenty-four and twenty-five. Proceedings to enforce the same may be instituted and prosecuted by the attorney general at the request of the commissioner.

Added by St.1941, c. 598, § 1. Amended by St.1972, c. 789, § 5.

§ 27. Criminal and tort liability for discharge of sewage or other substance injurious to public health into coastal waters

Whoever, contrary to any provision of section twenty-five, himself, or by his agent or servant, permits the entrance or discharge into or on any part of said coastal waters or tributaries of such waters, sewage, heated effluent, or any other substance injurious to public health or tending to contaminate any shellfish area or shellfish therein, within the limits of a city or town, shall be punished by a fine of not less than one hundred and fifty nor more than five thousand dollars or by imprisonment for not more than one year or both and shall be liable in tort, to said city or town, in triple the amount of damage thereby done.

Whoever, contrary to any provision of section twenty-five, himself, or by his agent or servant, permits the entrance or discharge into or on any part of said coastal waters or tributaries of such waters, sewage, heated effluent, or any other substance injurious to public health or causing injury or damage to any fishery resource, with the exception of shellfish located within the limits of a city or town, within the marine boundaries of the commonwealth, shall be punished by a fine of not less than one hundred and fifty dollars nor more than five thousand dollars or by imprisonment for not more than one year or both and shall be liable in tort to the commonwealth, in triple the amount of damage thereby done.

Whoever, contrary to any provision of section twenty-five, himself, or by his agent or servant, permits the entrance or discharge into or on any part of said coastal waters or tributaries of such waters, sewage, heated effluent, or any other substance injurious to public health or causing injury or damage to any private fishery resource within the boundaries of the commonwealth shall be liable in tort, to the owners or lessees of any private rights therein, in triple the amount of damage thereby done.

Added by St.1941, c. 598, § 1. Amended by St.1972, c. 789, § 6.

LOCAL CONTROL OF SHELLFISHERIES

§ 52. Taking of eels, shellfish and sea worms; permits; fees; publication of regulations; records; temporary control by director; areas in which commercial taking prohibited

The selectmen of a town bordering upon coastal waters, if so authorized by their town, and the board of aldermen or the city council of any city so situated may control, regulate or prohibit the taking of eels and any or all kinds of shellfish and sea worms within such cities and towns and may, from time to time, without other or special authority therefor, make any regulations not contrary to law in regard to said fisheries as they deem expedient, including the times, places, methods, purposes, uses, sizes, quantities and any other particulars of such taking, and may grant permits, and establish the fees therefor, subject to any such regulation, then or thereafter in force. Any such authorizations to said selectmen hereunder shall continue in force until subsequent action of such town shall repeal the same. Any regulations made under authority of this section shall continue in force until the board of aldermen, city council, or selectmen, as the case may be, shall alter, amend, rescind or repeal the same, or the authority of the selectmen to make and enforce such regulations shall be repealed. No city or town shall require a person to be licensed to take shellfish who is accompanying or operating a boat for a person so licensed and who is not otherwise actively engaged in or assisting in such fishing.

Any regulations made hereunder shall take effect as therein stated, shall be published by posting a copy of the same in the office of the aldermen, city council or selectmen making the same, and in the office of the city or town clerk, and in three or more public places in said city or town, or by publishing the same once in a newspaper, if any, published in said city or town, and by sending a certified copy thereof to the director, twenty-four hours at least before the time set for the same to take effect; provided that the director may, if he deems it necessary for the protection of shellfish in emergency, authorize the making of such regulations effective immediately, in which case publication shall be made within forty-eight hours after the same shall take effect. The records of the aldermen, city council or selectmen, as to the contents of the regulations, and the method and time of publication thereof, or a copy thereof attested by their secretary, shall be prima facie evidence of such facts therein stated. The records of the town as to the instructions to the selectmen, or a copy thereof attested by the town clerk, shall be prima facie evidence of such instructions.

If any city or town bordering on the coastal waters neglects or refuses to take the control of the shellfish, sea worms or eels within its boundaries as provided in this section, such control shall be temporarily exercised by the director for the benefit of such city or town and such authority shall continue until such time as the aldermen or city council of such city or the selectmen under authority of a vote of such town shall take over such control. Nothing in this paragraph shall be construed as authorizing the director to take control of or exercise the authority provided in this section over the taking of clams from any areas leased from the commonwealth by cities or towns in Essex county as provided in chapter seven hundred and ten of the acts of nineteen hundred and twelve and amendments thereto nor shall such authority extend to the issuance of private shellfish grants as provided in section fifty-seven.

Every city or town which exercises the authority over such coastal fisheries as provided in this section shall set aside an area or areas not then in private control or under municipal cultivation in which the commercial taking of shellfish shall be prohibited and from which shellfish may be taken, for his own family use, by any inhabitant of the commonwealth holding a permit therefor from such city or town. In any city or town issuing such permits to take shellfish for family use, any inhabitant of the commonwealth shall be issued such a permit upon payment of the fee, if any, established therefor. Such permits shall be uniform, and the regulations established in connection therewith shall make no distinction among different classes of permit holders except with respect to the amount of the fee therefor. Such permit shall not allow the taking of shellfish of a size at a season prohibited by law and the amount therefor taken for any family shall not exceed in any one week, one bushel of any or all kinds of shellfish, but the councilmen or selectmen, as the case may be, may, with the approval of the director, reduce the maximum amount of any or all of such shellfish taken for such purpose.

Nothing in this section shall be construed to authorize the aldermen, city council or selectmen to exercise any authority hereunder in areas declared under section seventy-four or under corresponding provisions of earlier laws to be contaminated unless such action is in accordance with a management plan developed by cities and towns with the assistance and approval of the director.

Added by St.1941, c. 598, § 1. Amended by St.1970, c. 236; St.1972, c. 33; St.1977, c. 447, § 2.

§ 53. Form of permits; record of issuance

All permits issued under section fifty-two shall be issued in the name of the body authorizing the issuing of the same; but, under a vote of such body, any such permit shall be valid if issued bearing the signature of any one member thereof, or of the city or town clerk. A record of the name, residence and address of every person to whom such a permit is issued, with any special details relating to such permit, shall be entered by the officer issuing the same in a book kept in his office for that purpose.

Added by St.1941, c. 598, § 1.

PRIVATE SHELLFISH GRANTS

§ 57. Licenses granted by cities and towns; application; notice and hearing; qualifications; forms

The city council of a city or the selectmen of any town may, upon written application therefor and after public notice and hearing thereon as provided in section sixty, grant to any person a license for a period not exceeding ten years to plant, grow, and take shellfish and to plant cultch for the purpose of catching shellfish seed, in such city or town at all times of the year, in, upon or from a specific portion of flats or land under coastal waters, provided the division of marine fisheries shall, after inspection, certify that the license and operation thereunder would cause no substantial adverse effect on the natural shellfish resources of the town, and provided further, no license shall be issued for any area then or within two years prior thereto, closed for municipal cultivation under the provisions of section fifty-four. Licenses under this section shall be issued upon forms supplied by such cities and towns and upon such terms and conditions and subject to such regulations as the city council or selectmen issuing the same shall deem proper, but not so as to impair the private rights of any person or to materially obstruct navigable waters, and they shall describe by metes and bounds the waters, flats or creeks covered thereby.

Nothing in this section shall be deemed to affect the validity, conditions, or term of any license granted under corresponding provisions of earlier laws and in full force upon the effective date of this section.

Added by St.1941, c. 598, § 1. Amended by St.1973, c. 931, § 2.

§ 58. Transfer or renewal of licenses

Any license granted under section fifty-seven or corresponding provisions of earlier laws may be transferred with the approval of the city council or selectmen to any person to whom it might originally have been granted, and, whether or not so transferred, may, within two years before the expiration of its then current term, be renewed for a further term of not exceeding fifteen years from the expiration of the original term. The provisions of this chapter or of corresponding provisions of earlier laws applicable to the original issuance of such license shall, so far as apt, apply to a transfer or a renewal thereof hereunder.

Added by St.1941, c. 598, § 1. Amended by St.1973, c. 931, § 3.

§ 59. Application for license; request for survey and plan

Any person, firm or corporation qualified as provided in section fifty-seven and desiring to obtain a license thereunder shall present to the city council or selectmen a written application setting forth the name and residence of the applicant, a definite description made by reference to a survey conducted by the applicant, and a request that such license be granted to the applicant.

Added by St.1941, c. 598, § 1. Amended by St.1973, c. 931, § 4.

§ 60. Hearing on issuance of license; notice; publication

No license referred to in section fifty-seven shall be granted, transferred or renewed until after a public hearing, due notice of which has been posted in three or more public places, and published in a newspaper, if any, published in the city or town where the territory described in the application is situated at least ten days before the time fixed for the hearing, stating the name and residence of the applicant or transferee, as the case may be, the date of the filing of the application for such license, transfer or renewal, and the location, area and description of said territory.

Added by St.1941, c. 598, § 1.

§ 68. Digging, taking or carrying away shellfish from licensed waters, flats or creeks at night; violations

No person shall dig, take or carry away any shellfish or shells between one half hour after sunset and one half hour before sunrise, by any method whatever, from any waters, flats or creeks as to which a license under section fifty-seven or corresponding provisions of earlier laws is outstanding. A licensee or transferee of such a license violating this section shall, in addition to all other penalties provided, forfeit his license and the shellfish remaining on the licensed premises.

Whoever violates any provision of this section, or whoever, without the consent of the licensee or transferee, digs or takes any shellfish or shells from any waters, flats or creeks described in any license granted under section fifty-seven, or corresponding provisions of earlier laws, during the continuance of such license or of any renewal thereof, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not less than one nor more than six months, or both.

Added by St.1941, c. 598, § 1.

CERTAIN SHELLFISH

§ 69. Seed quahaugs, clams or oysters; taking or possession

Whoever takes or has in possession quahaugs or soft-shelled clams less than two inches in longest diameter or oysters less than three inches in longest diameter, hereinafter referred to as seed quahaugs, seed clams or seed oysters, to the amount of more than five per cent of any batch shall be punished by a fine of not less than five nor more than fifty dollars or by imprisonment for not more than thirty days; provided, that it shall not be unlawful to take seed quahaugs, seed clams or seed oysters or have the same in possession under authority of a permit therefor, which the director is hereby authorized to grant, for replanting in waters or flats within the commonwealth.

Added by St.1941, c. 598, § 1. Amended by St.1945, c. 98, § 6; St.1959, c. 201.

§ 70. Taking and sale of scallops; adult and seed scallops; culling; rules and regulations

No person shall take from the flats or coastal waters of the commonwealth scallops other than adult scallops, or sell or offer for sale or have in possession such scallops. For the purposes of this section an adult scallop shall be a scallop with a well-defined raised annual growth line, and any scallop without such line shall be deemed a "seed" scallop. Scallops taken from the coastal waters shall immediately be culled when taken, and all scallops other than adult scallops shall forthwith be returned alive to the coastal waters whence taken; but it shall not be unlawful to sell or have in possession scallops other than adult scallops unavoidably left in the catch after it has been culled, to the amount of not more than five per cent of the total catch remaining. All scallops taken in accordance with this section shall be taken ashore in the shell. This and section seventy-one shall not apply to seed and adult scallops carried by storm or tide from the natural beds and deposited on beaches and flats where, in the opinion of the director, they cannot survive, but the taking of said seed scallops and the taking and sale of said adult scallops may be authorized by him at any season of the year. The director shall promulgate rules and regulations governing the taking and sale of said seed and adult scallops by special permits, which he is empowered to issue without fee, or otherwise so as to prevent the sale of seed scallops at any time, or the sale of adult scallops between April first and the following October first, except as authorized herein. Whoever violates any provision of this section shall be fined not less than ten nor more than fifty dollars and imprisonment for thirty days or both.

Added by St.1941, c. 598, § 1.

SHELLFISH IN CONTAMINATED AREAS

§ 74. Determination of contaminated areas; notice of results; procedures

The department of environmental quality engineering shall examine from time to time as conditions may require, or upon the request of the director, the commissioner of public health, the mayor or city manager of a city, or the selectmen or town manager of a town, but not more frequently than once in two years, the coastal waters and flats of the commonwealth and samples of shellfish therein or thereon in order to determine what areas thereof are so contaminated that shellfish obtained therefrom are unfit for food and dangerous to the public health. The department of environmental quality engineering shall forward the results of all tests as directed by the commissioner of public health. If, after such examination, either department determines that such contamination exists, it shall, by written order, promulgate definite bounds of the area or areas so determined to be contaminated, and may specify the period of time during which such determination shall be in effect. Before such determination shall be in effect, the department making such a determination shall

(1) Publish the results of its determination thereof in a newspaper published in each city and town in which or adjacent to which any such contaminated area is situated.

(2) File in the office of the clerk of every such city and town the results of such determination.

(3) Cause to be posted at points on or near every such area a description thereof, specifying said bounds and a statement that such area is contaminated.

(4) Notify the directors of the division of marine fisheries and the division of law enforcement of its determination by filing with them properly authenticated copies, certified by the secretary of state, of its determination, publication, filing and posting.

Whenever, as a result of a subsequent examination of an area or areas determined by said department to be contaminated, it determines that the shellfish in such area or areas are safe to use as food, notice of such determination shall be published immediately, and the directors notified thereof; provided, however, that if the said department has specified a period of time during which the determination of pollution shall be in effect, such publication and notice shall not be required if such period has expired. The record of any examination hereunder and the bacteriological counts made therein shall be subject to inspection upon request.

Personnel of the department of public health and the department of environmental quality engineering in the performance of their duties under this section, may enter upon and pass through or over private lands or property whether or not covered by water.

The presentation in evidence by any officer of the commonwealth empowered to enforce this chapter of a document attested by the commissioner of either department or his deputy to the effect that the provisions of this section have been complied with shall be prima facie evidence that an effective determination has been made.

This section shall not apply to scallops.

Added by St.1941, c. 598, § 1. Amended by St.1945, c. 99, § 1; St.1948, c. 463; St.1954, c. 243, § 1; St.1960, c. 324; St.1967, c. 51; St.1975, c. 706, § 215.

§ 74A. Emergency designation of contaminated shellfish areas; enforcement; notice to local authorities

Both the department of public health and the department of environmental quality engineering shall have the authority immediately to designate shellfish areas as contaminated and that shellfish obtained therefrom are unfit for food and dangerous to the public health, in the event of an emergency as determined by either department. Such designation shall be reported to the director of the division of marine fisheries and to the division of law enforcement, who shall take the necessary action to prevent the taking of shellfish from such area for human consumption and so notify local authorities in each instance. Such determination shall be in effect until subsequent examination, initiated not more than thirty days after the emergency has been determined, shows the shellfish from such area to be safe for human consumption and the department or departments which designated the emergency declare it to be over. In the event that the department of public health determines that there is an emergency, the commissioner of public health shall have the power to direct the activities of all employees of the department of environmental quality engineering who are regularly engaged in monitoring the condition of shellfish during that emergency.

Added by St.1956, c. 288, § 1. Amended by St.1975, c. 706, § 216.

§ 75. Shellfish from contaminated areas, permits, purification; shellfish conservation; violations

The director may grant, and may revoke, written permits for the digging or taking of shellfish from an area determined under section seventy-four or corresponding provisions of earlier laws to be contaminated while such determination is in force, every such permit to be upon the express condition, which shall be set forth therein, that all shellfish dug or taken from the area or areas covered by such permit by the holder thereof shall, before being used or disposed of for consumption as food, be purified at a plant, or by a method, approved in writing by the commissioner of the department of environmental quality engineering, after appropriate review and comment by the commissioner of the department of public health and upon such further conditions and regulations as will, in the opinion of the director, most effectively prevent the use of said shellfish as food until so purified. For the purpose of this paragraph the director, upon receipt of the proper fees, may issue the following classes of permits:—a master digger's permit for an individual who digs or takes shellfish from such areas for such purification; a digger's permit for an individual who digs shellfish for the holder of a master digger's permit; and a bait permit for an individual who digs and takes shellfish from such areas for bait purposes only; provided, that no person shall be eligible for a bait permit hereunder who has a digger's permit or who sells shellfish for food purposes. Any city or town may develop a shellfish conservation and management plan containing such information as the director may require and shall submit said plan to the director for his approval. Any city or town having a plan approved by the director may require permits for the taking of shellfish from areas determined under section seventy-four to be contaminated, provided that all other permits and licenses required by law are obtained. Fees shall be reasonable and commensurate with the services provided by the city or town. If at any time the director finds any city or town in violation of any provision of its approved shellfish conservation and management plan he may forthwith withdraw his approval of such plan. No city or town permit shall be required by any master digger or subordinate on any mildly contaminated area where the director has withdrawn his approval of that city or town's shellfish conservation and management plan as provided herein until such plan is deemed approved by the director. In evaluating the plan for approval, the director shall take into consideration the city or town's efforts to fairly administer the distribution of, and fees for, local permits to be issued to residents and nonresidents.

Whoever, without a permit as provided in this section or contrary to the provisions of such permit, digs or takes shellfish for any purpose from any area determined under section seventy-four or section seventy-four A or under corresponding provisions of earlier laws to be contaminated, while such determination is in force, or knowingly transports or causes to be transported or has in his possession shellfish so dug or taken, shall be punished, if the violation occurred between one half hour before sunrise and one half hour after the following sunset, by a fine of not less than fifty nor more than two hundred dollars or by imprisonment for not more than sixty days, or both, and, if the violation occurred between one half hour after sunset and one half hour before the following sunrise, by a fine of not less than one hundred nor more than three hundred dollars or by imprisonment for not more than ninety days, or both, and whoever makes use of such a permit after its revocation or cancellation or wilfully fails to surrender the same at the request of said director shall be punished by a fine of not less than twenty nor more than one hundred dollars or by imprisonment for not more than sixty days, or both. The superior court shall have jurisdiction in equity to enforce this section and the rules and regulations of the director made hereunder and to restrain the violation thereof. In any prosecution for a violation of this section the possession, except by a common carrier, of shellfish apparently so dug or taken without a permit herein referred to shall be prima facie evidence of a violation thereof.

PURIFICATION PLANTS

§ 76. Construction and operation; powers of commissioner

The commissioner of the department of fisheries, wildlife, and recreational vehicles, may construct and operate shellfish purification plants for the treatment of shellfish taken from areas determined under section seventy-four or corresponding provisions of earlier laws, to be contaminated, and may operate such existing purification plants to serve such areas as he may deem necessary for these purposes.

Said commissioner may acquire by purchase, gift, lease or otherwise, or take by eminent domain under chapter seventy-nine, such land and buildings thereon as may be necessary for the purposes of this section. Said commissioner or his designee shall have sole authority over the acceptance, treatment and discharge of shellfish at such plants, subject to rules and regulations, which the department of environmental quality engineering is hereby authorized and directed to adopt, relative to the protection of the public health in the consumption of such shellfish.

Added by St.1941, c. 598, § 1. Amended by St.1948, c. 365; St.1961, c. 506, § 1; St.1975, c. 706, §§ 217, 218.

§ 77. Cost of operation

For the purpose of partially defraying the costs of the operation and maintenance of shellfish purification plants, the department of fisheries, wildlife and recreational vehicles shall charge the users of said service the sum of one dollar and fifty cents per one-half bushel.

Added by St.1941, c. 598, § 1. Amended by St.1961, c. 506, § 2; St.1975, c. 77, § 1; St.1977, c. 30; St.1978, c. 293.

COMMERCIAL PERMITS AND CERTIFICATES

§ 80. Issuance; transfers; wholesale dealer permit; regulated marine fishery permit; rules and regulations; cancellation; revocation; fine

Except as permitted in sections thirty-eight and seventy-five, no person shall fish for or take fish for commercial purposes in the coastal waters, or land raw fish, whether frozen or unfrozen, in the commonwealth, for the purpose of sale unless he is the holder of a commercial fisherman permit. A commercial fisherman permit may be issued to an individual or it may be issued in the name or number of a vessel, in which case it shall be valid for all persons on board said vessel. A vessel permit may be transferred upon application to the director. Notwithstanding any contrary provisions contained in this section and except as provided in section seventy-five, a person shall not dig or take shellfish or marine worms for commercial purposes unless he is the holder of a commercial fisherman permit (shellfish) or unless he is the holder of a commercial fisherman permit which has been specially endorsed, at no additional charge, for the taking of such shellfish or marine worms; a person holding a permit issued under section seventy-five shall not hold a permit issued under this section for the taking or digging of shellfish or marine worms. Notwithstanding any contrary provision contained in this section, a person may take by rod and reel or by diving and sell finfish lawfully taken from the coastal waters in an amount not exceeding one hundred pounds per day plus one fish, and a person who has in his possession a commercial fisherman permit (rod and reel—unlimited) may take by rod and reel or by diving and sell finfish lawfully taken from the coastal waters.

A person shall not for commercial purposes acquire, handle, store, distribute, process, fillet, ship or sell raw fish, whether frozen or unfrozen, in bulk or for resale without first obtaining a wholesale dealer permit, provided that the holder of a valid commercial fisherman permit who catches fish or takes lobsters and sells such fish or lobsters to wholesale or retail dealers exclusively shall be exempt from obtaining a wholesale dealer permit. A person shall not sell raw fish, whether frozen or unfrozen, at retail without a retail dealer permit, provided that the holder of a wholesale dealer permit may sell fish at retail at one location which shall be named on the permit. Upon application to the director and endorsement on the permit the holder of a retail dealer permit may take bait, except as provided in section seventy-eight, for sale under said permit.

A person shall not for commercial purposes shuck shellfish, or pack or repack shucked shellfish, or dig, take, pack or buy shellfish within this commonwealth for shipment outside the commonwealth, without the approval of the director which shall be endorsed on the certificate or permit held by such person at no additional cost.

No person shall take or sell fish from a fishery regulated by the director without a regulated marine fishery permit, in addition to any other permit that may be required by this chapter.

The director shall promulgate rules and regulations relative to the form, contents and use of all permits issued under this chapter. At the request of the commissioner of public health, or on his own motion, the director shall revoke and cancel and require the surrender of any certificate issued by him under this chapter if, in his opinion, after a hearing, after due notice, by him or some person designated by him, the holder has violated any rule or regulation of the director or of the department of public health pertaining to fish, or the sale thereof, or of any provision of this section or section seventy-five, or upon a change in the facts and conditions set forth in such certificate. Pending the hearing the certificate shall be suspended. Whoever violates any provision of this section shall be punished by a fine of not less than ten nor more than fifty dollars or by imprisonment for thirty days, or both.

Added by St.1941, c. 598, § 1. Amended by St.1945, c. 98, § 7; St.1961, c. 199, §§ 1, 2; St.1964, c. 524, § 11; St.1967, c. 878; St.1970, c. 861, § 5; St.1971, c. 442, §§ 2, 3.

§ 81. Importation of shellfish for consumption; certification; labeling of containers; penalty; enforcement

No person shall transport, or cause to be transported, into this commonwealth for consumption as food any shellfish taken or dug from areas outside the commonwealth, or sell, cause to be sold, or keep, offer or expose for sale for consumption as aforesaid any shellfish so taken or dug, unless such person has been certified by the regulatory authority in the United States or foreign country under the uniform sanitation requirements of the cooperative program for the certification of interstate shellfish shippers, nor shall any person transport or cause to be transported within this commonwealth any shellfish for consumption as food, unless the container of such shellfish shall, at all times while in such transportation, bear a label or tag legibly marked with the name and address of the producer and of the shipper thereof and the numbers of such certificates, and the name of the place where and the date when taken, and absence of such label or tag so marked or failure to allow an inspection shall be prima facie evidence of violation of this section; provided, that the foregoing provisions relative to transportation shall not apply to common carriers, their servants or agents.

Whoever violates any provision of this section shall be punished by a fine of not less than ten nor more than fifty dollars or by imprisonment for not more than thirty days, or both. The provisions of this section shall be enforced by the department of public health, local boards of health, the director and all officers qualified to serve criminal process; provided, that the provisions of this section and of section eighty-two shall not apply to shellfish taken from an area declared to be contaminated under the provisions of section seventy-four or corresponding provisions of earlier laws.

Added by St.1941, c. 598, § 1. Amended by St.1945, c. 99, § 2; St.1955, c. 711; St.1961, c. 199, § 3; St.1965, c. 70.

§ 82. Source of supply of shellfish; tags or labels; contents; record of markings on tags or labels; inspection

No wholesale or retail dealer in shellfish, and no person holding a victualler's license, shall receive any shellfish unless the same bears a label or tag legibly marked with the source of supply, the date when taken, and either the certificate or permit number or the name and address of the producer or shipper, and all shellfish in transit shall bear such label or tag so marked. If such shellfish have been processed at a shellfish purification plant operated under the provisions of section seventy-six, the label or tag shall be so marked, and shall contain such other information as the director may by rule or regulation require. He shall for sixty days after receipt of such shellfish keep in his place of business a record of the markings on such tag or label, which record shall at all reasonable times be open to inspection by any representative of the division or of the department of public health. Whoever violates any provision of this section or fails or neglects to furnish the required label or tag or furnishes such a label or tag bearing false or misleading information shall be punished by a fine of not less than ten nor more than fifty dollars or imprisonment for thirty days, or both.

Added by St.1941, c. 598, § 1. Amended by St.1945, c. 99, § 3; St.1961, c. 199, § 4; St.1964, c. 257, § 1.

§ 83. Fees for certificates and permits

For the purpose of defraying the cost of the division's research, management and activities, including administrative and operating expenses, and the costs of issuing certain permits and the inspection relative thereto the following fees shall be paid to the director by the person to whom the same is issued for any calendar year or part thereof:

	Type of Permit	Fee
A.	Commercial Fisherman (For the taking of fish for sale)	
	Individual (For named individual only)	$25.00

SCALLOPS

§ 92. Sale of scallops; soaked scallops; scallops not in shell; marking of containers; common carriers

No person shall sell, exchange, transport or deliver, or offer or expose for sale, exchange or deliver, or have in his custody or possession with intent to sell, exchange, transport or deliver, any scallops which have been soaked, or any scallops not in the shell unless such scallops are in a box, carton, tray or other container plainly and conspicuously stamped, labelled or marked with (*a*) the word "Massachusetts", followed by the name of the town or of the locality where taken, if taken from waters or flats within the commonwealth; or (*b*) the name of the state, country or province where taken, if taken from waters or flats outside the commonwealth; or (*c*) the words "Sea Scallops", if of the species commonly so known. Said box, carton, tray or container shall also be marked in the same manner with the number of the certificate under which said scallops were removed or with such other identification as may be required by the director by rule or regulation, which he is hereby authorized to adopt.

Whoever fails to comply with any provision of this section, or whoever falsely stamps, labels or marks such a box, carton, tray or other container, or whoever falsely advertises any of the shellfish herein referred to, shall be punished by a fine of not less than fifty nor more than five hundred dollars or imprisonment for thirty days or both.

This section shall not apply to common carriers having scallops in possession for the purpose of transportation.

Added by St.1941, c. 598, § 1. Amended by St.1961, c. 199, § 5; St.1971, c. 133, § 2.

MISCELLANEOUS PROVISIONS

§ 98. Shellfish constables; appointment; powers and duties; notice of appointment

In each city and town bordering on coastal waters the mayor or the selectmen, as the case may be, shall appoint a person or persons, qualified by training and experience in the field of shellfishery management, as shellfish constables or deputy shellfish constables. Such shellfish constables and deputy shellfish constables shall be appointed for terms of three years, and may be reappointed. They shall, subject to the appointing authority, initiate, promote and manage shellfisheries in such city or town and shall make or cause to be made such studies as may be necessary to enhance the value of such shellfisheries. They shall enforce all statutes, ordinances, by-laws, rules and regulations relative to shellfish in such city or town. They shall, for the enforcement of sections thirty-one, thirty-seven, forty-one, forty-three and forty-four, have the authority granted to natural resource officers, subject to written rules and regulations of the commissioner. In the performance of his duties, a shellfish constable or deputy shellfish constable may request any person who he has cause to believe is engaged in unlawful shellfishing, is in unlawful possession of shellfish, or is in possession of shellfish unlawfully taken, to display forthwith for inspection all shellfish in his possession, and he may arrest without a warrant any person refusing or failing to comply with such request.

Upon the appointment of a shellfish constable or deputy shellfish constable under this section, the appointing authority shall forthwith notify the director of the division of marine fisheries and the director of the division of law enforcement.

Added by St.1941, c. 598, § 1. Amended by St.1965, c. 439; St.1972, c. 34; St.1974, c. 209.

§ 105. Protection of coastal wetlands

The commissioner of environmental management, with the approval of the board of environmental management, may from time to time, for the purpose of promoting the public safety, health and welfare, and protecting public and private property, wildlife and marine fisheries, adopt, amend, modify or repeal orders regulating, restricting or prohibiting dredging, filling, removing or otherwise altering, or polluting, coastal wetlands. In this section the term "coastal wetlands" shall mean any bank, marsh, swamp, meadow, flat or other low land subject to tidal action or coastal storm flowage and such contiguous land as the commissioner of environmental management reasonably deems necessary to affect by any such order in carrying out the purposes of this section.

The commissioner of environmental management shall, before adopting, amending, modifying or repealing any such order, hold a public hearing thereon in the municipality in which the coastal wetlands to be affected are located, giving notice thereof to the state reclamation board, the department of public works and the department of environmental quality engineering and each assessed owner of such wetlands by mail at least twenty-one days prior thereto.

Upon the adoption of any such order or any order amending, modifying or repealing the same, the commissioner of environmental management shall cause a copy thereof, together with a plan of the lands affected and a list of the assessed owners of such lands, to be recorded in the proper registry of deeds or, if such lands are registered, in the registry district of the land court, and shall mail a copy of such order and plan to each assessed owner of such lands affected thereby. Such orders shall not be subject to the provisions of chapter one hundred and eighty-four. Any person who violates any such order shall be punished by a fine of not less than ten nor more than fifty dollars, or by imprisonment for not more than one month, or by both such fine and imprisonment.

The superior court shall have jurisdiction in equity to restrain violations of such orders.

Any person having an ownership interest, any lessee holding a lease of twenty-five years length or more and any mortgagor having an interest in land affected by any such order, may, within ninety days after receiving notice thereof, petition the superior court to determine whether such order so restricts the use of his property as to deprive him of the practical uses thereof and is therefor an unreasonable exercise of the police power because the order constitutes the equivalent of taking without compensation. If the court finds the order to be an unreasonable exercise of the police power, as aforesaid, the court shall enter a finding that such order shall not apply to the land of the petitioner; provided, however, that such finding shall not affect any other land than that of the petitioner. The commissioner of environmental management shall cause a copy of such finding to be recorded forthwith in the proper registry of deeds or, if the land is registered, in the registry district of the land court. The method provided in this paragraph for the determination of the issue of whether any such order constitutes a taking without compensation shall be exclusive, and such issue shall not be determined in any other proceeding, nor shall any person have a right to petition for the assessment of damages under chapter seventy-nine by reason of the adoption of any such order.

The department of environmental management may, after a finding has been entered that such order shall not apply to certain land as provided in the preceding paragraph, take the fee or any lesser interest in such land in the name of the commonwealth by eminent domain under the provisions of chapter seventy-nine and hold the same for the purposes set forth in this section.

No action by the commissioner of environmental management or the department of environmental management under this section shall prohibit, restrict or impair the exercise or performance of the powers and duties conferred or imposed by law on the department of public works, the department of environmental quality engineering, the state reclamation board or any mosquito control or other project operating under or authorized by chapter two hundred and fifty-two.

No order adopted hereunder shall apply to any area under the control of the metropolitan district commission. No order adopted hereunder shall permit the construction in coastal wetlands of access driveways to unrestricted land except in a manner which allows the flow of the tide.

Added by St.1965, c. 768, § 1. Amended by St.1975, c. 351; St.1975, c. 706, § 220; St.1979, c. 315, § 1.

CHAPTER 131. INLAND FISHERIES AND GAME AND OTHER NATURAL RESOURCES

Sec.

1. Definitions; rules of construction.
25A. Quarantine of diseased fish, birds, mammals, etc.; order or notice; procedures; liability for expenses.
25B. Destruction and disposal of diseased fish, birds, mammals, etc., under quarantine.
25C. Fish, birds, mammals, etc., under quarantine deemed diseased; prohibited acts; penalties.
40. Removal, fill, dredging or altering of land bordering waters; definitions; procedures; enforcement; exceptions; penalties.
41. Protection of fisheries from discharge of waste materials into inland waters.
42. Protection of fish in inland waters; pollution; alterations of flows or water levels; application of section; damages.
43. Poisons.
44. Deposit of garbage, etc., on property while hunting, fishing or trapping.

§ 1. Definitions; rules of construction

In this chapter, unless the context otherwise requires, the following words shall have the following meanings and the following rules of construction shall apply:—

"Angling", fishing with hand line or rod, with a hook baited with natural or artificial bait.

"Assistant", any assistant to the director of law enforcement, appointed under section six of chapter twenty-one, or under section thirty of chapter five hundred and twenty-four of the acts of nineteen hundred and sixty-four.

"Birds", wild or undomesticated birds.

"Closed season", the time during which fish, birds or mammals cannot lawfully be taken.

"Coastal waters", all waters of the commonwealth within the rise and fall of the tide and the marine limits of the jurisdiction of the commonwealth, but not waters within or above any fishway or dam nor waters above any tidal bound established by the department of environmental quality engineering in streams flowing into the sea.

"Commissioner", the commissioner of fisheries, wildlife and recreational vehicles.

"Dealer", any person who commercially handles fish, game birds or game mammals protected by this chapter.

"Department", the department of fisheries, wildlife and recreational vehicles.

"Deputy", any deputy natural resource officer appointed under section six of chapter twenty-one.

"Director", the director of fisheries and wildlife.

"Division", the division of fisheries and wildlife.

"Falcon", the female peregrine, but applied generally to the females of all long-winged hawks (Falconidae), and to all hawks trained to hunt game.

"Falconry", the sport of hunting game with trained raptors.

"Fish", an aquatic vertebrate animal of the osteichthyes class commonly known as finny fish, found in the inland waters.

The verb "to fish" in all of its moods and tenses, to take or attempt to take fish by any method or means, whether or not such method or means results in their capture; and said verb also includes every attempt to take and every act of assistance to any other person in taking or attempting to take fish, except operating a boat or assisting a person licensed under this chapter by cutting holes in the ice for ice fishing.

"Fur buyer", a person who deals in raw furs.

"Game", any wild bird or mammal commonly hunted for food or sport.

"Great pond", a natural pond the area of which is twenty acres or more.

"Green pelt", a pelt which has not been dried, cured or tanned.

"Hook", any lure or device designed to take not more than one fish at a time.

"Horned pout", all fish in the family Ictaluridae.

The verb "to hunt", in all of its moods and tenses, includes pursuing, shooting, killing and capturing mammals and birds and all lesser acts such as disturbing, harrying or worrying, or placing, setting, drawing or using any device commonly used to take mammals and birds, whether or not such acts result in taking; and includes every attempt to take and every act of assistance to any other person in taking or attempting to take mammals and birds.

"Inland waters", all waters within the jurisdiction of the commonwealth other than coastal waters.

"Loaded shotgun or rifle", any shotgun or rifle having a shell or cartridge in either the magazine or chamber thereof, or, in the case of a muzzle loading shotgun or rifle, containing powder in the flash pan, a percussion cap and shot or ball.

"Mammals", wild or undomesticated mammals.

"Marine fisheries", all fisheries in coastal waters.

"Natural resource officer", an enforcement officer appointed under section six of chapter twenty-one or a natural resource officer appointed under section thirty of chapter five hundred and twenty-four of the acts of nineteen hundred and sixty-four.

"Open season", the time during which fish, birds and mammals may lawfully be taken.

"Propagator", a person who propagates fish, birds or mammals.

"Raptors", all birds found in the wild that are members of the order Falconiformes or Strigiformes, and specifically but not by way of limitation, falcons, hawks, owls and eagles.

"Taxidermist", a person who prepares, stuffs, mounts or preserves fish, birds or mammals.

"Trap", any device capable of taking, catching or holding a mammal or bird, whether in the set or unset position.

The verb "to trap", in all of its moods and tenses, includes any act of staking out, setting, using, tending, placing, maintaining or picking up a trap where furbearing mammals or birds might be found.

"Warden", any fish and game warden referred to in section three of chapter four hundred and thirteen of the acts of nineteen hundred and thirty-seven.

"Woodlands", any land bearing wood growth, wood, weeds, grass or other growth likely to be burned over.

Whoever knowingly counsels, aids or assists in a violation of any provision of this chapter, or of any rule or regulation made thereunder, or knowingly shares in any of the proceeds of said violation by receiving or possessing either fish, birds or mammals, shall be deemed to have incurred the penalties imposed upon the person guilty of such violation.

Whenever the taking of fish, birds or mammals is allowed by law, reference is had to taking by lawful means and in lawful manner.

Unless the context otherwise requires, any reference to the taking or having in possession of a fish, bird or mammal shall include the taking or having in possession of any part or portion thereof.

The provisions of this chapter and regulations made thereunder, unless otherwise specifically provided, shall apply only to fish and fisheries in or taken from the inland waters of the commonwealth.

In construing this chapter, the provisions thereof forbidding possession of various species of fish, birds and mammals during certain periods of the year, shall not be held to prohibit a resident of the commonwealth who has lawfully taken, killed or come into possession of such fish, birds or mammals from having the dead bodies or carcasses thereof in possession for his own personal use and not for sale, unless prohibited by federal legislation or regulation so to do, but the burden shall be on him to prove that such possession was lawful in its origin; nor shall they be held to prohibit a person from bringing into this commonwealth the dead bodies or carcasses of fish, birds or mammals which were lawfully taken or killed in another state, province or country, or from having such fish, birds or mammals in possession for the aforesaid purpose after the arrival thereof in the commonwealth, unless, in either event, prohibited by federal legislation or regulation so to do, if before any such fish, birds or mammals are so imported they are tagged or marked in accordance with the laws of such other state, province or country and with the federal laws relative to interstate commerce, and if no more such fish, birds or mammals are imported at one time than is permitted by the laws of such other state, province or country to be exported therefrom; but the burden shall be on such person to prove that such possession was lawful in its origin.

Added by St.1967, c. 802, § 1. Amended by St.1973, c. 496, §§ 1, 2; St.1975, c. 162; St.1975, c. 706, § 221.

§ 25A. Quarantine of diseased fish, birds, mammals, etc.; order or notice; procedures; liability for expenses

If the director, upon examination of any fish, bird, mammal, reptile or amphibian held in possession either by persons licensed or required to be licensed under the provisions of section twenty-three, except dealers licensed both under clause (4) of section twenty-three and section thirty-nine A of chapter one hundred and twenty-nine, or persons exempted from being licensed in accordance with the provisions of sections four, twenty-three and twenty-nine, suspects, or has reason to believe, that such fish, bird, mammal, reptile or amphibian is afflicted with a contagious or infectious disease or parasite, he may immediately cause it to be quarantined or isolated for a period of at least ten days upon the premises of the owner or of the person in whose charge it is found or in such other place as he may designate, and he shall take such other sanitary measures as may be necessary to prevent the spread of such disease or parasite. He shall also deliver to the owner or person in charge of such fish, bird, mammal, reptile, or amphibian, or to any person having an interest therein, a written order or notice of quarantine signed by him and in such form as the director shall prescribe. Such order or notice of quarantine shall set forth conditions for which any fish, bird, mammal, reptile or amphibian shall be quarantined, including but not limited to restrictions on maintenance, propagation, cultivation, sale or transportation thereof.

Such order or notice of quarantine shall be served by the director or his appointed designee, by delivery in hand to, or leaving at the last and usual place of abode of, the owner or person having an interest in or in charge of the fish, bird, mammal, reptile or amphibian concerned, or by posting upon the premises where said fish, bird, mammal, reptile or amphibian is quarantined or isolated. A copy thereof, with the attestation of said director or his appointed designee thereon that such service has been made, shall be competent evidence in any court that such quarantine has been imposed. If any fish, bird, mammal, reptile or amphibian has been so quarantined, it shall remain in quarantine until the further order of the director.

If any fish, bird, mammal, reptile or amphibian has been quarantined or isolated upon the premises of the owner or of the person in possession of them at the time such quarantine is imposed, the expense thereof shall be paid by such owner or person and the commonwealth shall not be liable for expenses incurred, nor for cancellation of orders or losses of income or any other losses attributable to the effects of the quarantine.

Added by St.1974, c. 667.

§ 25B. Destruction and disposal of diseased fish, birds, mammals, etc., under quarantine

If the director, by examination of a case of contagious or infectious disease or parasite of any fish, bird, mammal, reptile or amphibian, has imposed a quarantine as provided in section twenty-five A, and is of the opinion that the public good so requires or that the protection of the fish, bird, mammal, reptile or amphibian resources of the commonwealth is necessary or that the interest of other propagators are jeopardized, he may cause such fish, bird, mammal, reptile or amphibian to be destroyed without liability. An order for destroying shall be issued in writing by the director, shall be directed to the owner or to any person having an interest therein or to the person in charge of such fish, bird, mammal, reptile or amphibian and shall contain such direction as to the examination and disposal of the carcass and the cleansing and disinfection of the premises where such fish, bird, mammal, reptile or amphibian was condemned as the director considers expedient. Destruction and disposal of any such fish, bird, mammal, reptile or amphibian shall be in a manner as determined by the director and shall be conducted under the direct supervision of the director or his appointed designee.

Added by St.1974, c. 667.

§ 25C. Fish, birds, mammals, etc., under quarantine deemed diseased; prohibited acts; penalties

Any fish, bird, mammal, reptile or amphibian which has been quarantined or isolated by order or notice of the director as authorized by section twenty-five A, shall, during the continuance of such quarantine or isolation, be deemed to be afflicted with a contagious or infectious disease or parasite. Whoever knowingly breaks or authorizes or causes to be broken a quarantine so imposed or whoever, contrary to such order or notice of quarantine or isolation, knowingly removes any fish, bird, mammal, reptile or amphibian or authorizes or causes it to be removed from a building, place or enclosure where it is quarantined or isolated, or whoever, contrary to an order or notice of quarantine, knowingly places or causes or authorizes to be placed any other fish, bird, mammal, reptile or amphibian within a building, place or enclosure, where any fish, bird, mammal, reptile or amphibian is quarantined, or in contact therewith, or whoever knowingly conceals, sells, removes or transports, or knowingly causes or authorizes to be concealed, sold, removed or transported, any fish, bird, mammal, reptile or amphibian, knowing or having reasonable cause to believe that it is afflicted with a contagious or infectious disease or parasite, or whoever knowingly authorizes or permits such fish, bird, mammal, reptile or amphibian to go at large or be released to the wilds within the commonwealth, or whoever knowingly brings or authorizes or permits to be brought from another country, state, district or territory into the commonwealth, any fish, bird, mammal, reptile or amphibian which is afflicted with or has been exposed to a contagious or infectious disease or parasite, shall be punished by a fine of not less than one hundred nor more than five hundred dollars or by imprisonment for not more than six months, or both.

Added by St.1974, c. 667.

§ 40. Removal, fill, dredging or altering of land bordering waters; definitions; procedures; enforcement; exceptions; penalties

No person shall remove, fill, dredge or alter any bank, fresh water wetland, coastal wetland, beach, dune, flat, marsh, meadow or swamp bordering on the ocean or on any estuary, creek, river, stream, pond, or lake, or any land under said waters or any land subject to tidal action, coastal storm flowage, or flooding, other than in the course of maintaining, repairing or replacing, but not substantially changing or enlarging, an existing and lawfully located structure or facility used in the service of the public and used to provide electric, gas, water, telephone, telegraph and other telecommunication services, without filing written notice of his intention to so remove, fill, dredge or alter, including such plans as may be necessary to describe such proposed activity and its effect on the environment and without receiving and complying with an order of conditions and provided all appeal periods have elapsed. Said notice shall be filed by delivery in hand to the conservation commission or its authorized representative or by certified mail, return receipt requested, to said commission, or, if none, to the board of selectmen in a town or the mayor of a city in which the proposed activity is to be located. Upon such filing, the receipt of such notice shall be acknowledged in writing on the face thereof and shall include the time and date so received. A person delivering said notice by hand shall be given a receipt in writing acknowledging the time and date of such filing. Each such notice shall be accompanied by a filing fee of twenty-five dollars payable to the city or town. Copies of such notice shall be sent at the same time by certified mail to the department of environmental quality engineering. No such notice shall be sent before all permits, variances, and approvals required by local by-law with respect to the proposed activity, which are obtainable at the time of such notice, have been obtained, except that such notice may be sent, at the option of the applicant, after the filing of an application or applications for said permits, variances, and approvals; provided, that such notice shall include any information submitted in connection with such permits, variances, and approvals which is necessary to describe the effect of the proposed activity on the environment. Upon receipt of any notice hereunder the department of environmental quality engineering, hereinafter called the department, shall designate a file number for such notice and shall send a notification of such number to the person giving notice to the conservation commission, selectmen or mayor to whom the notice was given. Said notification shall state the name of the owner of the land upon which the proposed work is to be done and the location of said land.

Within twenty-one days of the receipt by a conservation commission of a written request made by any person and sent by certified mail, said commission shall make a written determination as to whether this section is applicable to any land or work thereon. When such person is other than the owner, notice of any such determination shall also be sent to the owner.

The term "applicant" as used in this section shall mean the person giving notice of intention to remove, fill, dredge or alter.

The term "person" as used in this section shall include any individual, group of individuals, association, partnership, corporation, company, business organization, trust, estate, the commonwealth or political subdivision thereof, administrative agency, public or quasi-public corporation or body, or any other legal entity or its legal representative, agents or assigns.

The term "bogs" as used in this section shall mean areas where standing or slowly running water is near or at the surface during a normal growing season and where a vegetational community has a significant portion of the ground or water surface covered with sphagnum moss (*Sphagnum*) and where the vegetational community is made up of a significant portion of one or more of, but not limited to nor necessarily including all, of the following plants or groups of plants: aster (*Aster nemoralis*), azaleas (*Rhododendron canadense* and *R. viscosum*), black spruce (*picea mariana*), bog cotton (*Eriophorum*), cranberry (*Vaccinium macrocarpon*), high-bush blueberry (*Vaccinium corymbosum*), larch (*Larix laricina*), laurels (*Kalmia angustifolia* and *K. polifolia*), leatherleaf (*Chamaedaphne calyculata*), orchids (*Arethusa, Calopogon, Pogonia*), pitcher plants (*Sarracenia purpurea*), sedges (*Cyperaceae*), sundews (*Droseraccae*), sweet gale (*Myrica gale*), white cedar (*Chamaecyparis thyoides*).

The term "coastal wetlands", as used in this section, shall mean any bank, marsh, swamp, meadow, flat or other lowland subject to tidal action or coastal storm flowage.

The term "freshwater wetlands", as used in this section, shall mean wet meadows, marshes, swamps, bogs, areas where groundwater, flowing or standing surface water or ice provide a significant part of the supporting substrate for a plant community for at least five months of the year; emergent and submergent plant communities in inland waters; that portion of any bank which touches any inland waters.

The term "swamps", as used in this section, shall mean areas where ground water is at or near the surface of the ground for a significant part of the growing season or where runoff water from surface drainage frequently collects above the soil surface, and where a significant part of the vegetational community is made up of, but not limited to nor necessarily include all of the following plants or groups of plants: alders (*Alnus*), ashes (*Fraxinus*), azaleas (*Rhododendron canadense* and *R. viscosum*), black alder (*Ilex verticillata*), black spruce (*Picea mariana*), button bush (*Cephalanthus occidentalis*), American or white elm (*Ulmus americana*), white Hellebore (*Veratrum viride*), hemlock (*Tsuga canadensis*), highbush blueberry (*Vaccinium corymbosum*), larch (*Larix laricina*), cowslip (*Caltha palustris*), poison sumac (*Toxicodendron vernix*), red maple (*Acer rubrum*), skunk cabbage (*Symplocarpus foetidus*), sphagnum mosses (*Sphagnum*), spicebush (*Lindera benzoin*), black gum tupelo (*Nyssa sylvatica*), sweet pepper bush (*Clethra alnifolia*), white cedar (*Chamaecyparis thyoides*), willow (*Salicaceae*).

The term "wet meadows", as used in this section where ground water is at the surface for a significant part of the growing season and near the surface throughout the year and where a significant part of the vegetational community is composed of various grasses, sedges and rushes; made up of, but not limited to nor necessarily including all, of the following plants or groups of plants: blue flag (*Iris*), vervain (*Verbena*), thoroughwort (*Eupatorium*), dock (*Rumex*), false loosestrife (*Ludwigia*), hydrophilic grasses (*Gramincae*), loosestrife (*Lythrum*), marsh fern (*Dryopteris thelypteris*), rushes (*Juncaceae*), sedges (*Cyperaceae*), sensitive fern (*Onoclea sensibilis*), smartweed (*Polygonum*).

The term "marshes", as used in this section, shall mean areas where a vegetational community exists in standing or running water during the growing season and where a significant part of the vegetational community is composed of, but not limited to nor necessarily including all, of the following plants or groups of plants: arums (*Araceae*), bladder worts (*Utricularia*), bur reeds (*Sparganiaceae*), button bush (*Cephalanthus occidentalis*), cattails (*Typha*), duck weeds (*Lemnaceae*), eelgrass (*Vallisneria*), frog bits (*Hydrocharitaceae*), horsetails (*Equisetaceae*), hydrophilic grasses (*Gramineae*), leatherleaf (*Chamaedaphne calyculata*), pickerel weeds (*Pontederiaceae*), pipeworts (*Eriocaulon*), pond weeds (*Potamogeton*), rushes (*Juncaceae*), sedges (*Cyperaceae*), smartweeds (*Polygonum*), sweet gale (*Myrica gale*) water milfoil (*Halcragaceae*), water lilies (*Nymphaeaceae)*, water starworts (*Callitrichaceae*), water willow (*Decodon verticillatus*).

The conservation commission, selectmen or mayor receiving notice under this section shall hold a public hearing on the proposed activity within twenty-one days of the receipt of said notice. Notice of the time and place of said hearing shall be given by the hearing authority at the expense of the applicant, not less than five days prior to such hearing, by publication in a newspaper of general circulation in the city or town where the activity is proposed and by mailing a notice to the applicant and to the board of health and the planning board of said city or town. The conservation commission and its agents, officers and employees and the commissioner of environmental quality engineering and his agents and employees, may enter upon privately owned land for the purpose of performing their duties under this section.

If after said hearing the conservation commission, selectmen or mayor, as the case may be, determine that the area on which the proposed work is to be done is significant to public or private water supply, to the ground water supply, to flood control, to storm damage prevention, to prevention of pollution, to protection of land containing shellfish, or to the protection of fisheries, such conservation commission, board of selectmen or mayor shall by written order within twenty-one days of such hearing impose such conditions as will contribute to the protection of the interests described herein, and all work shall be done in accordance therewith. If the conservation commission, selectmen or mayor, as the case may be, make a determination that the proposed activity does not require the imposition of such conditions, the applicant shall be notified of such determination within twenty-one days after said hearing. Such order or notification shall be signed by the mayor or a majority of the conservation commission or board of selectmen, as the case may be, and a copy thereof shall be sent forthwith to the applicant and to the department.

If a conservation commission has failed to hold a hearing within the twenty-one day period as required, or if a commission, after holding such hearing has failed within twenty-one days therefrom to issue an order, or if a commission, upon a written request by any person to determine whether this section is applicable to any work, fails within twenty-one days to make said determination, or where an order does issue from said commission, the applicant, any person aggrieved by said commission's order or failure to act, or any owner of land abutting the land upon which the proposed work is to be done, or any ten residents of the city or town in which such land is located, may, by certified mail and within ten days from said commission's order or failure to act, request the department of environmental quality engineering to determine whether the area on which the proposed work is to be done is significant to public or private water supply, to the ground water supply, to flood control, to storm damage prevention, to prevention of pollution, to protection of land containing shellfish or to the protection of fisheries. The commissioner of environmental quality engineering or his designee also may request such a determination within said ten days. The party making any such request shall at the same time send a copy thereof by certified mail to the conservation commission, board of selectmen or mayor which conducted the hearing hereunder. If such party is other than the applicant, a copy of such request shall also be sent at the same time by certified mail to the applicant. Upon receipt of such request the department shall make the determination requested and shall by writen order issue within seventy days of receipt of such request, signed by the commissioner, or his designee impose such conditions as will contribute to the protection of the interests described herein; provided, however, that said department shall notify the applicant within thirty days of the receipt of such request if his application or request is not in proper form or is lacking information or documentation necessary to make the determination. Such order shall supersede the prior order of the conservation commission, board of selectmen or mayor, and all work shall be done in accordance therewith, but in no event shall any work commence until ten days have elapsed following the issuance of said order. At any time prior to a final order of determination by the department, any party requesting a determination may in writing withdraw the request, and such withdrawal shall be effective upon receipt by the department. Notwithstanding the withdrawal, the commissioner or his designee may continue the determination if he notifies all parties within ten days of receipt of the withdrawal. A copy of such order shall be sent to the applicant, to the conservation commission, board of selectmen or mayor which conducted the hearing hereunder.

No work proposed in any notice of intention shall be undertaken until the final order, determination or notification with respect to such work has been recorded in the registry of deeds, or if the land affected thereby be registered land, in the registry section of the land court for the district wherein the land lies.

Within twenty-one days of the receipt of a written request, by the applicant or the owner of the property, for a certificate of compliance, the issuer of the final order shall grant such request if the activity, or portions thereof, complies with such final order. The certificate of compliance shall state that the activity, or portions thereof, has been completed in accordance with such order.

Any site where work is being done which is subject to this section shall display a sign of not less than two square feet or more than three square feet bearing the words, "Massachusetts Department of Environmental Quality Engineering File Number . . ." and the sign shall display the file number assigned to the project.

If the department of environmental quality engineering finds that any proposed work would violate the provisions of chapter ninety-one, it shall proceed immediately to enforce the provisions of said chapter.

The provisions of this section shall not apply to any mosquito control work done under the provisions of clause (36) of section five of chapter forty, of chapter two hundred and fifty-two or of any special act; to maintenance of drainage and flooding systems of cranberry bogs, to work performed for normal maintenance or improvement of land in agricultural use or in aquacultural use; or to any project authorized by special act prior to January first, nineteen hundred and seventy-three.

The notice of intention required in the first paragraph of this section shall not apply to emergency projects necessary for the protection of the health or safety of the commonwealth which are to be performed or which are ordered to be performed by an agency of the commonwealth or a political subdivision thereof. An emergency project shall mean any project certified to be an emergency by the conservation commission of the city or town in which the project would be undertaken, or if none, by the mayor of said city or the selectmen of said town. If the conservation commission, mayor, or selectmen, as the case may be, fail to act favorably within twenty-four hours of receipt of a request for certification of an emergency project, said project may be so certified by the commissioner or his designee. In no case shall any removal, filling, dredging, or alteration authorized by such certification extend beyond the time necessary to abate the emergency.

Notwithstanding the provisions of section fourteen of chapter twenty-one A or any other provision of law to the contrary, the notice of intention required in the first paragraph of this section shall not apply to a maintenance dredging project for which a license has been previously issued within ten years by the division of waterways of the department of environmental quality engineering. A person intending to fill or dredge under such previously issued license shall file a written notice by certified mail to the conservation commission or if none, to the board of selectmen in a town or mayor of a city in which the land upon which such dredging project is located. Such notice shall contain the name and address of the applicant.

If the conservation commission, the board of selectmen or mayor fails to notify the applicant at the applicant's address within twenty days of the receipt of such notice of the specific objections to the commencement of such dredging fill or maintenance dredging contemplated under said license, the applicant may commence such work without any further notice to other agencies of the commonwealth. Notwithstanding failure to notify an applicant, as hereinbefore provided, the conservation commission, the board of selectmen or mayor may at any time designate an area at which spoilage from the dredging may be placed and may require the relocation of shellfish before such maintenance dredging takes place.

If the conservation commission, the board of selectmen or mayor cites specific objections to the notice of intention, such conservation commission, board of selectmen or mayor may order a hearing as provided in this section and all other pertinent provisions of this section shall apply.

Any person who purchases, inherits or otherwise acquires real estate upon which work has been done in violation of the provisions of this section or in violation of any order issued under this section shall forthwith comply with any such order or restore such real estate to its condition prior to any such violation; provided, however, that no action, civil or criminal, shall be brought against such person unless such action is commenced within three years following the recording of the deed or the date of the death by which such real estate was acquired by such person. Any court having equity jurisdiction may restrain a violation of this section and enter such orders as it deems necessary to remedy such violation, upon the petition of the attorney general, the commissioner, a city or town, an owner or occupant of property which may be affected by said removal, filling, dredging or altering, or ten residents of the commonwealth under the provisions of section ten A of chapter two hundred and fourteen.

Rules and regulations shall be promulgated by the commissioner to effectuate the purposes of this section. However, failure by the commissioner to promulgate rules and regulations shall not act to suspend or invalidate the effect of this section.

Whoever violates any provision of this section shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than six months or both. Each day or portion thereof of continuing violation shall constitute a separate offense. This section may be enforced by natural resources officers, deputy natural resources officers, and any officer having police powers.

§ 41. Protection of fisheries from discharge of waste materials into inland waters

If the director determines that any fisheries in the inland waters of the commonwealth are of sufficient value to warrant the prohibition or regulation of the discharge of any waste or other material from any source, which may, directly or indirectly, injure such fisheries, he may thereupon give written notice of such determination to the director of the division of water pollution control, who shall take appropriate action under the provisions of sections twenty-six to fifty-three, inclusive, of chapter twenty-one.

Added by St.1967, c. 802, § 1. Amended by St.1970, c. 136.

§ 42. Protection of fish in inland waters; pollution; alteration of flows or water levels; application of section; damages

A person shall not put, throw, discharge or permit to be discharged or to escape into any inland waters of the commonwealth any waste or other material, in violation of section forty or of any provisions of the Massachusetts Clean Water Act,[1] which may directly or indirectly injure or kill the fish or fish spawn therein, nor shall a person alter or manipulate or permit to be altered or manipulated the flows or water levels in any inland waters of the commonwealth to the extent that directly or indirectly injures or kills the fish or fish spawn therein, except as provided in section forty-eight.

This section shall not apply to agents or persons authorized by the director to use any method or means for the sampling, eradication or management of fish and fish habitat in the waters of the commonwealth. This section shall not prohibit the use of explosives for engineering, construction, fish sampling and public welfare purposes providing the appropriate permit therefor has been given by United States, state or municipal government authorities. This section shall not apply to the providing of water for public water supply purposes.

Whoever, contrary to any provision of this section, except as otherwise provided in this chapter by himself or by his agent does or allows to be done any act that directly or indirectly injures or kills or causes damage to the fish or fish spawn in the inland waters of the commonwealth shall be liable in tort, in twice the amount of the damage thereby done, to the commonwealth through its division of fisheries and wildlife. The director shall establish the value of injured, killed or damaged fish or fish spawn employing current commercial values of fish. In determining the remuneration to the commonwealth for injured, killed or damaged fish or fish spawn the director may negotiate for the commonwealth a settlement of the amount of such remuneration direct with the offender. If such settlement cannot be negotiated to the satisfaction of the director, the superior court shall upon petition of the director establish the value of injured, killed or damaged fish or fish spawn, and shall require the offender to make remuneration to the commonwealth through its division of fisheries and wildlife, as required herein.

[1] Chapter 21, § 26 et seq.

§ 43. Poisons

A person shall not place poison in any form whatsoever for the purpose of killing any mammal or bird except pursuant to a permit issued under the provisions of this section; provided, that this section shall not prohibit any person from placing in his orchard or in or near his dwelling house, barn or other buildings poison for the purpose of destroying rats, woodchucks or other pests of like nature, or from placing with like intent under the surface of his lands carbon disulphide in any of its forms or any other poison applied in a manner similar to that in which carbon disulphide is applied. The director is hereby authorized to make rules and regulations and, pursuant to the terms thereof, to issue permits to the owners or agents of forest plantations or orchards to place poison for the extermination of rats, mice and other pests of like nature therein and to employees of municipal, state and federal governments and to others found by the director to be qualified persons to place poison elsewhere, for the control of animals and birds, in connection with public health, wood tick suppression and control, propagation and protection of wild birds and mammals, and purposes of a similar nature, or to place poison within an area specified in such permit for the purpose of killing birds which may lawfully be killed under federal and state law and which are present in such area in such numbers as in the opinion of the director to constitute a public nuisance or endanger health or safety. Possession of the raw fur of any mammal or the dead body of any bird killed by poison, except rats, mice, woodchucks or other pests of like nature, shall be prima facie evidence that the person having such possession has violated this section unless he is an employee of the federal government or an employee of the commonwealth or a political subdivision thereof to whom a permit has been issued under the provisions of this section.

Added by St.1967, c. 802, § 1.

§ 44. Deposit of garbage, etc., on property while hunting, fishing or trapping

A person while engaged in hunting, fishing or trapping shall not deposit or cause to be deposited garbage, paper, refuse, bottles, cans, rubbish or trash of any kind or nature on any public or private property without permission of the owner, tenant or lessee of such property.

14. Reimbursement of cities and towns by commonwealth for suppression of public nuisances; determination of financial liability; accounts and vouchers.

§ 8. Entry upon land to control and suppress public nuisances

The chief superintendent, district supervisors, district superintendents and other employees and authorized agents of the bureau of insect pest control may enter upon any land within the commonwealth, and any local superintendent appointed under section thirteen and his employees and authorized agents may enter upon any land within his city or town, in accordance with the provisions of this chapter, for the purpose of determining the existence, over-all area and degree of infestation or infection caused by the public nuisances named in section eleven, suppressing and controlling said public nuisances and affixing signs to and removing, or causing to be removed, trees and wood infected with the Dutch elm disease or used as a breeding place of the beetles which spread said disease.

Amended by St.1948, c. 660, § 5; St.1949, c. 761, § 3; St.1956, c. 657, § 2.

§ 12. Interfering with work of suppressing public nuisances

Whoever wilfully resists or obstructs the chief superintendent, any local superintendent or employee or authorized agent of any of them, while such person is engaged in suppressing any public nuisance referred to in section eleven, or knowingly fails to comply with any rule, regulation or quarantine issued by the chief superintendent and approved in writing by the commissioner, shall be punished by a fine of not more than twenty-five dollars.

Amended by St.1937, c. 415, § 4; St.1948, c. 660, § 7; St.1956, c. 657, § 5.

§ 12A. Suppression of public nuisances on land under control of commonwealth

All persons in charge of land under the control of the commonwealth, including in such terms the metropolitan district commission, shall take measures on lands within their charge to suppress the public nuisances named in section eleven, and shall use such lawful means of suppression as the chief superintendent, with the approval of the commissioner, may require, and shall carry out such requirements pursuant to the advice and direction of the chief superintendent, except that the bureau of insect pest control may, on the request of the agency in charge of said lands, carry out all the duties required by the chief superintendent in connection with control of the Dutch elm disease and the beetles which spread said disease.

Added by St.1945, c. 401. Amended by St.1948, c. 660, § 8; St.1949, c. 761, § 5; St.1956, c. 657, § 6.

§ 13. Local superintendents of insect pest control; appointment; notice of appointment; assistants

The city manager and the town manager in cities and towns having such a manager, otherwise the mayor in cities and the selectmen in towns, shall appoint for a term of three years a local superintendent of insect pest control, hereinafter called the local superintendent, for the suppression of the public nuisances named in section eleven. Said local superintendent shall be qualified by training and experience to enable him to carry out efficiently the powers and duties of his position, and shall possess a supervisory license issued under the rules and regulations of the pesticide board in the department of public health. The commissioner shall be notified in writing forthwith of the said appointment, and the name and address of said local superintendent. Said local superintendent shall, pursuant to the advice and general direction of the chief superintendent, destroy said public nuisances within his city or town, including wood infected by said Dutch elm disease or infested with the beetles which spread said disease, or likely to become so infested, except on property under the control of the commonwealth. The local superintendent may appoint such assistants as appropriations are made for by a city or town, and may designate the tree warden to assist him.

Amended by St.1935, c. 87; St.1937, c. 415, § 5; St.1948, c. 660, § 9; St. 1949, c. 761, § 6; St.1950, c. 694, § 1; St.1956, c. 657, § 7; St.1968, c. 80; St.1975, c. 706, § 256.

§ 14. Reimbursement of cities and towns by commonwealth for suppression of public nuisances; determination of financial liability; accounts and vouchers

The financial liability, referred to in section eleven, of each city and town for the suppression of public nuisances named in section eleven shall be determined annually by the commissioner, who shall notify the city manager or town manager in cities and towns having such a manager, otherwise the mayor in cities and the selectmen in towns, on or before January first of his determination. The determination of liability shall be based upon the last preceding valuation of the city or town made for the purpose of apportioning the state tax, and shall set forth an amount for the control of the Dutch elm disease and the beetles which spread said disease, and an amount for the suppression or control of the other public nuisances named in section eleven, the total of which shall not exceed in any year one fifteenth of one per cent of said valuation. In determining the said financial liability, the commissioner shall consider the degree of infestation or infection, the area involved, the location of the municipality in relation to its neighbors, the number and specie of public and private shade trees and the location and size of woodland and swampland areas therein.

Amended by St.1937, c. 415, § 6; St.1948, c. 660, § 10; St.1949, c. 761, §§ 7, 8; St.1950, c. 694, § 2; St.1951, c. 488; St.1956, c. 657, § 8.

§ 1. Title

This chapter shall be known and may be cited as the Massachusetts Pesticide Control Act.

Added by St.1978, c. 3, § 3.

§ 2. Definitions

Unless the context clearly requires otherwise, when used in this chapter, the following words and phrases shall have the following meanings:—

"Active ingredient", in the case of a pesticide other than a plant regulator, defoliant, or desiccant, an ingredient which prevents, destroys, repels, or mitigates any pest; in the case of a plant regulator, an ingredient which through physiological action accelerates or retards the rate of growth or rate of maturation or otherwise alters the behavior of ornamental or crop plants or the products thereof; in the case of a defoliant, an ingredient which causes the leaves or foliage to drop from a plant; and, in the case of a desiccant, an ingredient which artificially accelerates the drying of plant tissue.

"Administrator", the Administrator of the United States Environmental Protection Agency.

"Adulterated", when used with reference to a pesticide, any pesticide the strength or purity of which falls below the professed standard of purity as expressed on its labeling under which it is sold; a pesticide for which any substance has been substituted wholly or in part; or a pesticide from which any valuable constituent has been wholly or in part abstracted.

"Advisory council", a council established by regulations adopted by the department for the purposes set forth in section five.

"Agricultural commodity", a plant, or part thereof, or animal or animal product produced by a person primarily for sale, consumption, propagation, or other use by man or animals.

"Animal", all vertebrate and invertebrate species, including but not limited to man and other mammals, birds, fish and shellfish.

"Certified applicator", an individual who is certified under the provisions of section ten as authorized to use or supervise the use of any pesticide which is classified by the department as being for restricted use.

"Private applicator", a certified applicator who uses or supervises the use of any pesticide which is classified by the department as being for restricted use for purposes of producing any agricultural commodity on property owned or rented by him or his employer or if applied without compensation other than trading of personal services between producers of agricultural commodities on the land of another person.

"Commercial applicator", a certified applicator, whether or not he is a private applicator with respect to some users, who uses or supervises the use of any pesticide which is classified by the department as being for restricted use for any purpose or on any land other than as provided in the preceding paragraph.

"Licensed applicator", an individual who is licensed under the provisions of section ten as authorized to be present while pesticides classified by the department as being for restricted use are being applied under the direct supervision of a certified applicator, or to use or to be present to supervise the use on land of another for hire any pesticide classified by the department as being for general use.

"Beneficial insects", insects which, during their life cycle, are effective pollinators of plants, are parasites or predators of pests, or are otherwise beneficial.

"Board", the pesticide board, established by section three.

"Commissioner", the commissioner of food and agriculture.

"Defoliant", a substance or mixture of substances intended to cause the leaves or foliage to drop from a plant, with or without causing abscission.

"Department", the department of food and agriculture.

"Desiccant", a substance or mixture of substances intended to artificially accelerate the drying of plant tissue.

"Device", an instrument or contrivance, other than a firearm, intended to hold or dispense a pesticide and used in conjunction with a pesticide, the purpose of which is to trap, destroy, repel, or mitigate any pest or any other form of plant or animal life, other than man and other than bacteria, virus, or other micro-organism on or in living man or other living animals, but not including equipment used for the application of pesticides when sold separately therefrom.

"Director", the pesticides program director established by section four.

"Distribution" or "Distribute", to offer for sale, hold for sale, sell, barter, ship, deliver for shipment, or receive.

"Environment", includes water, air, land, and all plants and man and other living animals therein, and the interrelationships which exist among these.

"Federally registered pesticide", a pesticide which is registered pursuant to FIFRA.

"FIFRA", the Federal Insecticide, Fungicide, and Rodenticide Act, Public Law 92–516, as amended.[1]

"Fungi" or "Fungus", non-chlorophyll-bearing thallophytes of a lower order than mosses and liver-worts, as, for example, rusts, smuts, mildews, molds, yeasts, and bacteria, except those on or in living man or other living animals, and except those in or on processed food, beverages, or pharmaceuticals.

"Imminent hazard" a situation in which the continued use of a pesticide would result in unreasonable adverse effects on the environment.

"Inert ingredient", an ingredient which is not active.

"Insect", a small invertebrate animal generally having the body more or less obviously segmented, for the most part belonging to the class insecta, comprising six-legged, usually winged forms, as for example, moths, beetles, bugs, bees, flies, and their immature stages, and to other allied classes of anthropods whose members are wingless and usually have more than six legs, as for example, spiders, mites; ticks, millipedes, and wood lice.

"Label", the written, printed, or graphic matter, on or attached to, the pesticide or device or any of its containers or wrappers.

"Labeling", all labels and all other written, printed or graphic matter accompanying the pesticide or device at any time, or to which reference is made on the label or in literature accompanying the pesticide or device, but shall not include publications of the United States Environmental Protection Agency, the United States Department of Agriculture, or Interior, or Health, Education and Welfare, state experiment stations, state agricultural colleges, and other similar federal or state institutions or agencies authorized by law to conduct research or disseminate information in the field of pesticides, except as otherwise provided by regulation of the department.

"Land", land and water areas, including airspace, and structures, buildings, contrivances, and machinery appurtenant thereto or situated thereon, fixed or mobile.

"Licensed pesticide dealer", a person who distributes pesticides classified by the department as being for restricted use or pesticides whose uses or distribution are further restricted by regulations adopted by the department, with the approval of the board.

"Misbranded", (*a*) in the case of a pesticide or device, if the labeling bears any statement, design, or graphic representation relative thereto or to its ingredients which is false or misleading in any particular; (*b*) in the case of a pesticide or device, if it is an imitation of, or is offered for sale under the name of, another pesticide or device; (*c*) in the case of a pesticide or device, if any word, statement, or other information required by or under authority of FIFRA or this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or graphic matter in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use; (*d*) in the case of a pesticide, if it is contained in a package or other container or wrapping which does not conform to standards established pursuant to FIFRA or this chapter; (*e*) in the case of a pesticide, if it does not contain a label bearing the registration number assigned under FIFRA to each establishment in which it was produced; (*f*) in the case of a pesticide, if the labeling accompanying it does not contain directions for use which are necessary for effecting the purpose for which the product is intended and if complied with, together with any requirements imposed under FIFRA or this chapter, is adequate to protect health and the environment; (*g*) in the case of a pesticide, if its label does not contain a warning or caution statement which may be necessary and if complied with, together with any requirements imposed under FIFRA or this chapter, is adequate to protect health and the environment; (*h*) in the case of a pesticide, if its label does not bear an ingredient statement on that part of the immediate container, and on the outside container or wrapper of the retail package, if there be one, through which the ingredient statement on the immediate container cannot be clearly read, which is presented or displaced under customary conditions or purchase, except that a pesticide is not misbranded if the administrator has permitted the ingredient statement to be placed on another part of the container pursuan to FIFRA; (*i*) in the case of a pesticide, if its labeling does not contain a statement of the use classification under which it is registered; (*j*) in the case of a pesticide, if there is not affixed to its container, and to the outside container or wrapper of the retail package, if there be one, through which the required information on the immediate container cannot be clearly read, a label bearing the name and address of the producer, registrant, or person for whom the pesticide is produced; the name, brand, or trademark under which the pesticide is distributed; the net weight or measure of the content, as required by the administrator; and the registration number assigned to the pesticide by said administrator pursuant to FIFRA; (*k*) in the case of a pesticide containing any substance or substances in quantities highly toxic to man, unless the label shall bear, in addition to any other matter required by FIFRA or this chapter the skull and crossbones; the word "POISON" prominently in red on a background of distinctly contrasting color; and a statement of practical treatment, first aid or otherwise, in case of poisoning by the pesticide; and (*l*) in the case of a pesticide, if its container does not bear a label, as required by the department pursuant to this chapter.

"Nematode", invertebrate animals of the phylum nemathelminthes and class nematoda, that is, unsegmented round worms with elongated, fusiform, or sac-like bodies covered with cuticle, and inhabiting soil, water, plants or plant parts. Nematodes may also be referred to as nemas or eel-worms.

"Person", an individual, association, partnership, corporation, company, business organization, trust, estate, the commonwealth or its political subdivisions, administrative agencies, public or quasi-public corporation or body, or any other legal entity or its legal representative, agent or assign, or a group of persons.

"Pest", an insect, rodent, nematode, fungus, weed, or any other form of terrestrial or aquatic plant or animal life or virus, bacterium, or other micro-organism, except viruses, bacteria or other micro-organisms on or in living man or other living animal, which is declared to be a pest by the administrator or by the department with the approval of the board.

"Pesticide", a substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any pest, and any substance or mixture of substances intended for use as a plant regulator, defoliant, or desiccant; provided that the term "Pesticide" shall not include any article that is a "new animal drug" within the meaning of section 201(w) of the Federal Food, Drug and Cosmetic Act (21 U.S.C. s. 321(w),[2] or that has been determined by the Secretary of the United States Department of Health, Education and Welfare not to be a new animal drug by a regulation establishing conditions of use for the article, or that is an animal feed within the meaning of section 201(x) of such act (21 U.S.C. s 321(x)).[3]

"Plant regulator", a substance or mixture of substances intended, through physiological action, to accelerate or retard the rate of growth or rate of maturation, or to otherwise alter the behavior of plants or the produce thereof, but shall not include substances to the extent that they are intended as plant nutrients, trace elements, nutritional chemicals, plant inoculants, and soil amendments. Also, the term "plant regulator" shall not include any nutrient mixtures or soil amendments commonly known as vitamin-hormone horticultural products, intended for improvement, maintenance, survival, health, and propagation of plants, and as are not for pest destruction and are nontoxic, nonpoisonous in the undiluted package concentration.

"Produce", to manufacture, prepare, compound, propagate, process or repackage any pesticide or device.

"Producer", a person who manufactures, prepares, compounds, propagates, processes or repackages any pesticide or device.

"Protect health and the environment" or "protection of health and environment", protection against any unreasonable adverse effects on the environment.

"Registrant", a person who has registered any pesticide pursuant to the provisions of this chapter.

"Under the direct supervision of a certified applicator", unless otherwise prescribed by its labeling, a pesticide shall be considered to be applied under the direct supervision of a certified applicator if it is applied by a competent person acting under the instructions and control of a certified applicator who is available if and when needed, and who is responsible for the pesticide applications made by that person, even though such certified applicator is not physically present at the time and place the pesticide is applied.

"Unreasonable adverse effects on the environment", an unreasonable risk to man or the environment, taking into account the economic, social and environmental costs and benefits of the use of any pesticide.

"Weed", a plant which grows where not wanted.

"Wildlife", vertebrate animals, excluding man, that are wild by nature, including fish, birds, mammals, reptiles and amphibians.

§ 3. Pesticide board

There shall be within the department of food and agriculture a pesticide board which shall consist of the commissioner of environmental quality engineering or his designee, the commissioner of food and agriculture or his designee, the director of the division of food and drugs or his designee, the commissioner of fisheries, wildlife and recreational vehicles or his designee, the commissioner of environmental management or his designee, the commissioner of public health or his designee, and seven persons appointed by the governor one of whom shall have been engaged in the commercial production of a plant-related agricultural commodity for at least the preceding five years on land owned or rented by him, one of whom shall have been an active commercial applicator of pesticides for at least the preceding five years, one of whom shall have expertise in the health effects of pesticide use, one of whom shall be a physician, one of whom shall be experienced in the conservation and protection of the environment, and two of whom shall represent the public at large. The commissioner of food and agriculture or his designee shall be chairman of the board.

The appointive members of the board shall receive fifty dollars for each day or portion thereof spent in the discharge of their official duties and shall be reimbursed for their necessary expenses incurred in the discharge of their official duties. Each appointive member shall be appointed for a term of four years, except for persons appointed to fill vacancies who shall serve for the unexpired term. Any member shall be eligible for reappointment.

The board shall hold an annual meeting in March, and regularly at three other times annually, and from time to time at the call of the chairman or upon the request of any two members.

Seven members of the board shall constitute a quorum. The board may, by vote of a majority of its members then in office, adopt rules and regulations for the conduct of its business. Rules and regulations adopted may be amended or repealed by a two-thirds vote of its members.

The board in addition to other powers conferred in this chapter shall advise the commissioner of food and agriculture with respect to the implementation and administration of this chapter.

The pesticides program director established by section four shall attend meetings of the board, shall serve as secretary thereto, but shall have no vote in its deliberation.

Added by St.1978, c. 3, § 3.

§ 3A. Pesticide board subcommittee

A subcommittee of the pesticide board shall be established and shall be charged with the responsibility of registering all pesticides for use in the commonwealth pursuant to section seven. Said subcommittee shall also be responsible for issuing all experimental use permits pursuant to section eight. Said subcommittee shall consist of five members, the director of the division of food and drugs, who shall act as chairman, the commissioner of the department of food and agriculture or his designee, the commissioner of the department of environmental management or his designee, the commissioner of public health or his designee, and one person appointed by the governor, who shall have been actively engaged in commercial application of pesticides for at least the preceding five years who shall be a member of the pesticide board. Any person aggrieved by the decision of said subcommittee may appeal any such decision according to the provisions of section thirteen.

Added by St.1978, c. 3, § 3.

§ 4. Programs director

The pesticide regulatory functions conferred upon the department under the provisions of this chapter shall be under the administrative supervision of a pesticide programs director who shall be qualified by training and experience to perform such duties. Said director shall be appointed by the commissioner with the approval of the board for a term of five years. Said person shall be eligible for reappointment, but may be removed by the commissioner for cause. The position of director shall not be subject to the provisions of chapter thirty-one or the provisions of section nine A of chapter thirty. If an employee serving in a position which is classified under chapter thirty-one or in which he has tenure by reason of section nine A of chapter thirty shall be appointed director, he shall upon termination of his service as director be restored to the position which he held immediately prior to such appointment or to a position equivalent thereto in salary grade in the same state department; provided, however, that his service in such unclassified position shall be determined by the civil service commission in administering chapter thirty-one. Such restoration shall be made without impairment of his civil service status or tenure under section nine A of chapter thirty and without loss of seniority, retirement, or other rights to which uninterrupted service in such prior position would have entitled him. During the period of such appointment, the person so appointed from a position in the classified service shall be eligible to take any competitive promotional examination for which he would otherwise have been eligible.

Added by St.1978, c. 3, § 3.

§ 5. Powers and duties of department

The department with the approval of the board may cooperate and enter into cooperative agreements and contracts with appropriate federal agencies, the agencies of other states, interstate agencies, other agencies of the commonwealth or its political subdivisions, or private or nonprofit organizations in matters related to the purposes of this chapter or FIFRA, and may receive from and dispense to such agencies such funds as may be available for the purposes of this chapter and FIFRA.

The department with the approval of the board shall take all action necessary or appropriate to secure for the commonwealth the benefits of FIFRA and other pertinent federal legislation.

The department with the approval of the board and subject to the provisions of chapter thirty A may from time to time adopt, amend or repeal such forms, regulations and standards as it deems necessary for the implementation and administration of this chapter.

The department with the approval of the board shall by regulation establish and formulate procedures whereby the advice or relevant advisory councils shall be sought incident to the development of policy or the adoption, amendment or repeal of regulations related to the administration of this chapter.

The department may with the approval of the board declare such pests and devices as it deems necessary to be subject to the provisions of this chapter.

Added by St.1978, c. 3, § 3.

§ 6. Prohibited distributions, etc.

No person shall distribute a pesticide not registered pursuant to the provisions of section seven. This prohibition shall not apply to the transfer of a pesticide from one plant or warehouse to another plant or warehouse and used solely at such plant or warehouse as a constituent part to make a pesticide which is or will be registered pursuant to the provisions of this act; or the distribution of a pesticide pursuant to the provisions of an experimental use permit issued under section eight.

No person shall distribute a pesticide classified by the department as being for restricted use to a person not appropriately certified to use that pesticide. This prohibition shall not apply to the distribution of a pesticide to a competent individual acting under the direct supervision of an individual appropriately certified to use that pesticide.

No person shall distribute a pesticide that is adulterated or misbranded or a device that is misbranded.

No person shall distribute any pesticide unless it is in the registrant's or the producer's unbroken, unopened, and sealed container. This prohibition shall not apply to the repackaging of pesticides because of damage in transit.

No person shall distribute any pesticide that does not conform to any requirement of its registration or permit.

No person shall distribute any pesticide in containers that are unsafe due to damage or design.

No person shall detach, alter, deface, or destroy, wholly or in part, any label or labeling provided for in this chapter or in regulations adopted thereunder, or to add any substance to, or take any substance from, a pesticide in a manner that may defeat the purposes of this chapter or regulations adopted thereunder.

No person shall distribute, handle, dispose of, discard, or store any pesticide or pesticide container in such a manner as to cause injury to humans, vegetation, crops, livestock, wildlife, beneficial insects, to cause damage to the environment, or to pollute or contaminate any water supply, waterway, groundwater or waterbody.

No person shall act in the capacity of, or advertise as, or assume to act as a licensed pesticide dealer unless that person is in possession of a currently valid license issued by the department pursuant to the provisions of section nine. No person possessing a pesticide dealer license shall violate or allow to be violated any term, condition, restriction or provision of said license.

No person shall purchase or use a pesticide that is not registered by the department under the provisions of section seven; provided, however, that this prohibition shall not apply to the use of a pesticide consistent with the terms of an experimental use permit issued by the department under the provisions of section eight.

Added by St.1978, c. 3, § 3.

§ 6A. Prohibited activities

No person shall use a registered pesticide in a manner that is inconsistent with its labeling or other restrictions imposed by the department. No person shall use a pesticide which is the subject of an experimental use permit inconsistently with the terms and conditions of said permit.

No individual certified or licensed as a pesticide applicator shall violate any provision, condition, term or restriction of his certification or license.

No person shall use a pesticide that has been classified by the department as being for restricted use unless he is an appropriately certified private applicator, an appropriately certified commercial applicator, or a competent individual acting under the direct supervision of an appropriately certified applicator.

Added by St.1978, c. 3, § 3.

§ 7. Registration

Pesticides, including pesticides that are federally registered may be registered by the subcommittee of the pesticide board for use in the commonwealth.

Each applicant for the registration of a pesticide shall annually file with the subcommittee an application providing thereon such information as said subcommittee shall require. Said subcommittee may require of applicants for pesticide registrations any information that it deems necessary to determine whether, or how, the pesticide should be registered.

An applicant desiring to register or reregister a pesticide shall pay such registration fee, not to exceed twenty-five dollars, as said subcommittee may by regulation require. All pesticide registrations shall be for a period not to exceed one year.

In the event that any person files with said subcommittee an application to reregister a pesticide which is registered on the date of application for reregistration and pays the appropriate fee therewith, such registration shall be deemed to be in effect until the earlier of the following two events shall occur, ninety days have elapsed after the registration was scheduled to expire, or the subcommittee notifies the applicant for reregistration that the registration has been renewed, modified or denied.

If said subcommittee determines that a pesticide, when used in accordance with its directions for use, warnings and cautions and for the uses for which it is registered, or for one or more such uses, or in accordance with a widespread and commonly recognized practice, will not generally cause unreasonable adverse effects on the environment, it may classify the pesticide, or the particular use or uses of the pesticide to which the determination applies, as being for general use.

If said subcommittee determines that a pesticide, when used in accordance with its directions for use, warnings and cautions and for the use for which it is registered, or for one or more of such uses, or in accordance with a widespread and commonly recognized practice, may cause, without additional restrictions, unreasonable adverse effects on the environment, including injury to the applicator, it may classify the pesticide or the particular use or uses to which the determination applies, for restricted use.

Said subcommittee shall register a pesticide if it determines that its composition is such as to warrant the proposed claims for it; its labeling and other material required to be submitted comply with the requirements of this chapter; it will perform its intended function without unreasonable adverse effects on the environment; and when used in accordance with widespread and commonly recognized practice it will not generally cause unreasonable adverse effects on the environment.

As part of the registration of a pesticide, said subcommittee may require that the pesticide be colored or discolored if such requirement is necessary for the protection of health or the environment, may classify for restricted use any pesticide or pesticide use classified for general use under FIFRA, and may include in the registration such conditions of use as it deems necessary.

If at any time it appears that a pesticide registration does not comply with the provisions of FIFRA, this chapter, or rules and regulations promulgated thereunder, or when used as registered, or a pesticide may cause unreasonable adverse effects on the environment, or a registered pesticide is an imminent hazard, the subcommittee as established in section three A, may, forthwith by an order suspend the registration of such pesticide. Notification of such order shall be sent to the applicant and shall be a public record.

Added by St.1978, c. 3, § 3.

§ 8. Experimental use permits

Any person may apply to the subcommittee for an experimental use permit for a pesticide. Each applicant for an experimental use permit shall file with the department an application providing thereon such information as the department may require. Each applicant for an experimental use permit shall pay such registration fee, not to exceed twenty-five dollars, as the department may by regulation require.

The subcommittee may grant an experimental use permit to an applicant therefor if it determines that the applicant needs such a permit to accumulate information necessary to register a pesticide.

The subcommittee shall refuse to grant an experimental use permit if it believes that the pesticide applications to be made under the proposed terms and conditions may cause unreasonable adverse effects on the environment, or if it believes that the applicant or person to conduct the experimentation is not competent to conduct such experimentation without causing unreasonable adverse effects on the environment.

The subcommittee shall revoke any experimental use permit, at any time, if it believes that its terms or conditions are being violated, or that its terms and conditions are inadequate to avoid unreasonable effects on the environment.

Added by St.1978, c. 3, § 3.

§ 9. Dealers' licenses

A person may apply to the department to be a licensed pesticide dealer. Said applicants shall submit to the department a statement supplying such information thereon as the department may require. An applicant for such a license shall pay such registration fee, not to exceed twenty-five dollars, as the department may by regulation require, for each principal distribution center, branch outlet, or direct sales representative of an out-of-state distributor.

In the event that any person files with the department an application to renew a pesticide dealer's license which is in effect on the date of application for renewal and pays the appropriate fee therewith, such license shall be deemed to be in effect until the earlier of the following two events shall occur: ninety days have elapsed after the license was scheduled to expire; or the department notifies the applicant for renewal that the license has been renewed, modified or denied.

The department shall grant a pesticide dealer's license for a term not to exceed one year. The department shall grant such licenses subject to such terms, conditions and restrictions as it deems necessary or appropriate.

The department shall refuse to grant a pesticide dealer's license if it finds that the proposed distributor or his agent has acted in a manner inconsistent with the purposes for requirements of this chapter or FIFRA.

The department shall revoke any pesticide dealer's license, at any time, if it finds that its terms, conditions or restrictions are being violated or are inadequate to avoid unreasonable adverse effects on the environment.

As part of its determination to refuse to grant, or to revoke, a pesticide dealer's license the department may specify a period, not to exceed two years, within which the applicant may not reapply for a pesticide dealer's license. In the event that the department has specified a period for nonapplication, the department may later, at its discretion, shorten or waive such period.

Added by St.1978, c. 3, § 3.

§ 10. Certificates and licenses; issuance, suspension and revocation

Certifications and licenses to use pesticides may be issued to individuals by the department in accordance with the provisions, standards and procedures contained in and established pursuant to this chapter. Each certification and license issued pursuant to this section shall be valid only for the individual to whom it is issued, may not be transferred, and shall not continue in force and effect after the death of the individual to whom it is issued. All certifications and licenses shall be for a period not to exceed one year, unless sooner revoked or suspended.

The department may authorize individuals to use pesticides in classifications as a certified commercial applicator, a certified private applicator, and a licensed applicator.

The department may establish such categories and subcategories as it deems necessary to restrict or condition the scope of pesticide use permitted within each classification. The department may establish such standards and criteria, take such action and impose such requirements as it deems necessary to determine or redetermine levels of competence and experience to qualify for each classification and each category and subcategory thereof.

Each applicant for a certification or license shall annually file with the department an application providing thereon such information as the department may require.

Each applicant desiring to be certified or licensed shall annually pay such application fee, not to exceed twenty dollars, as the department may by regulation require.

In the event that any individual files with the department an application to renew a certification or license which is in effect on the date of the application for renewal and pays the appropriate fee therewith, such certification or license shall be deemed to be in effect until the earlier of the following two events shall occur: ninety days have elapsed after the certification or license was scheduled to expire; or the department notifies the applicant that the certification or license has been renewed, modified or denied.

The department may issue a certification or license to an applicant therefor if it determines that the applicant satisfies the criteria established for that certification or license and the category or subcategory for which the certification or license is sought. The department may thus issue a certification or license subject to such terms, conditions, restrictions and requirements as it deems necessary. The department may require that an applicant for a certification or license has obtained and maintains in effect a contract of liability insurance conforming to regulations established by the department.

The department shall prior to issuing a certificate or license evaluate each applicant to determine his competence with respect to the use and handling of pesticides, or to the use and handling of the pesticides or class of pesticides covered or to be covered by said individual's certification or license. Said evaluation shall include such examinations as the department may require. Examinations may be taken only upon payment of a fee, not to exceed ten dollars for each examination given, as the department may require by regulation approved by the board.

The department may revoke, suspend, cancel or deny any certification or license, or any class thereof, at any time, if it believes: that the terms or conditions thereof are being violated or are inadequate to avoid unreasonable adverse effects on the environment, or that the holder of or applicant for the certification or license has violated any provision of this chapter or FIFRA or any regulation, standard, order, license, certification or permit issued thereunder or that the holder or applicant for said certification or license is not competent with respect to the use and handling of pesticides, or to the use and handling of the pesticides or class of pesticides covered by said individual's certification or license. Any person whose certification or license is suspended or revoked hereunder shall also be subject to such other punishment, penalties, sanctions or liabilities as may be provided by law. As part of its determination to refuse to grant, to revoke, or to suspend a certification or license the department may specify a period, not to exceed two years, within which the applicant may not reapply for a certification or license. In the event that the department has refused to issue or has revoked or suspended such a certification or license, and has specified a period for non-application, the department may later, at its discretion, shorten or waive such period.

The department may, at its discretion, appropriately license or certify any person possessing a valid certification or license, or equivalent rating, issued by the pesticide control agency of any other state or the federal government whose standards for the issuance of such rating are not less stringent than those of the department, provided that the pesticide control agency of that state extends similar privileges to persons so licensed or certified by the commonwealth. Any person so licensed or certified shall be subject to the annual fee requirements of this section.

Added by St.1978, c. 3, § 3.

§ 11. Protection of health and environment; regulations

The department shall by regulation establish such restrictions and prohibitions upon the disposal and storage of pesticides, packages and containers of pesticides, and materials used in the testing or application of pesticides as it deems necessary to protect health and the environment.

Added by St.1978, c. 3, § 3.

§ 12. Departmental orders; hazards; adverse environmental effects; violations

Whenever it appears to the department that there is an imminent hazard, or a potential threat of unreasonable adverse effect on the environment, or a violation or a potential violation of any provision of this chapter or of any license, certification, permit, order, registration or regulation issued or adopted thereunder, the department may issue to such persons as it deems necessary an order requiring the production of samples and records, or an order imposing restraints on or requiring such action, as it deems necessary. Issuance of an order under this section shall not preclude and shall not be deemed an election to forego any action to recover for damages to interests of the commonwealth or, under section fourteen of this act, for civil penalties or for criminal fines and penalties.

Added by St.1978, c. 3, § 3.

§ 13. Adjudicatory hearings

Any person aggrieved by a determination by the department to register or not to register a pesticide, to suspend a pesticide registration, to issue, not issue or revoke an experimental use permit, to issue, deny, revoke or suspend any certification or license, or to issue an order, made under the provisions of this chapter, may request an adjudicatory hearing before the board under the provisions of chapter thirty A. Said determination shall contain a notice of a right to request a hearing and may specify a time limit, not to exceed twenty-one days, within which said persons may request a hearing before the board under the provisions of said chapter thirty A. If no such request is timely made, the determination shall be deemed assented to. If a timely request is received, the board shall within a reasonable time hold a hearing and comply with the provisions of said chapter thirty A. In hearings so held the board shall designate a hearing officer to preside over the hearing, to assemble an official record thereof, and to render a tentative decision as provided in paragraph (7) of section eleven of said chapter thirty A. The board shall make the final decision on the basis of the official record and tentative decision so rendered.

If, in making a determination which under the provisions of the preceding paragraph may be the subject of an adjudicatory hearing, the department finds that an imminent hazard or an unreasonable adverse effect on the environment could result pending the conclusion of the adjudicatory hearing requested thereon, the department may order that the determination shall become provisionally effective and enforceable immediately upon issuance, and shall remain so notwithstanding and until the conclusion of any adjudicatory hearing procedures timely requested. In the event that the department has thus made a determination provisionally effective, it may later, at its discretion, shorten the duration of or waive such order.

As part of a final decision in an adjudicatory proceeding held under the provisions of this section, the board may specify a reasonable time period within which the matter may be barred from further proceedings before the department or the board. In the event that the board has so specified a time period, the board may later, at its discretion, shorten or waive such period.

A person aggrieved by a final adjudicatory determination of the board may obtain judicial review thereof pursuant to the provisions of chapter thirty A.

Added by St.1978, c. 3, § 3.

§ 14. Violations; penalties; injunctions

Any person who violates any provision of section six shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than one year, or both, for each such violation, knowingly committed or shall be subject to a civil penalty not to exceed five hundred dollars for each such violation which may be assessed in an action brought on behalf of the commonwealth in any court of competent jurisdiction. Each day of violation shall constitute a separate offense.

Any person who violates any provision of section six A or who violates any valid regulation adopted under the provisions of this chapter shall be punished by a fine of not more than one hundred dollars, or imprisonment for not more than six months, or both, for the second and each subsequent offense, knowingly committed or shall be subject to a civil penalty not to exceed fifty dollars for any offense, which may be assessed in an action brought on behalf of the commonwealth in any court of competent jurisdiction. Each day of violation shall constitute a separate offense.

Any person who violates any order issued under the provisions of this chapter shall be punished by a fine of not more than five thousand dollars or imprisonment for not more than one year, or both, for each violation knowingly committed, or shall be subject to a civil penalty not to exceed twenty-five hundred dollars for each violation which may be assessed in an action brought on behalf of the commonwealth in any court of competent jurisdiction. Each day of violation shall constitute a separate offense.

The superior court shall have jurisdiction to enjoin violations of, or grant such relief as it deems necessary or appropriate to secure compliance with, any provision of this chapter or the terms of an order, license, certification, registration, permit or regulation issued or adopted thereunder.

Added by St.1978, c. 3, § 3.

§ 15. Departmental personnel, agents and inspectors; powers; evidence; confidential information

For the purpose of administering the provisions of this chapter, personnel or agents of the department and its inspectors shall have access and entry at reasonable times to any premises pursuant to a search warrant duly issued by a court of competent jurisdiction, provided that no sample of a pesticide obtained in the course of such inspection and no result of any analysis or test of any such sample shall be received in evidence in any criminal proceeding under this chapter unless the sample shall have been taken and the analysis or test conducted by a chemist in the agricultural extension service of the University of Massachusetts authorized by the department. Personnel or agents of the department may take such samples as are reasonably necessary to accomplish the purpose of their investigation and inspection. Any information relating to secret processes, methods of manufacture, production or use obtained in the course of such inspection shall be kept confidential upon request, when not required to be disclosed incident to the enforcement of this chapter. This section shall not be construed to abrogate any of the powers and duties, as defined by general or special law or common law, of any agency or political subdivision of the commonwealth.

Added by St.1978, c. 3, § 3.

§ 1. Definitions

The following words as used in this chapter, unless the context otherwise requires, shall have the following meanings:—

"Alcohol", all alcohol other than denatured alcohol or alcohol described in section three hundred and three A of chapter ninety-four.

"Alcoholic beverages", any liquid intended for human consumption as a beverage and containing one half of one per cent or more of alcohol by volume at sixty degrees Fahrenheit.

"Club", a corporation chartered for any purpose described in section two of chapter one hundred and eighty, whether under federal or state law, including any body or association lawfully operating under a charter granted by a parent body so chartered, and including also any organization or unit mentioned in clause twelfth of section five of chapter forty, owning, hiring, or leasing a building, or space in a building, of such extent and character as may be suitable and adequate for the reasonable and comfortable use and accommodation of its members; provided, that its affairs and management are conducted by a board of directors, executive committee, or similar body chosen by the members at its annual meeting, and that no member or any officer, agent or employee of the club is paid, or directly or indirectly receives in the form of salary or other compensation, any profits from the disposition or sale of alcoholic beverages beyond the amount of such salary as may be fixed and voted annually within two months after January first in each year by the members or by its directors or other governing body and as shall in the judgment of the local licensing authorities and the commission be reasonable and proper compensation for the services of such member, officer, agent or employee. Such club shall file with the local licensing authorities and the commission annually within three months after January first in each year a list of the names and residences of its officers, together with the amount of salary or compensation received by each employee engaged in the handling or selling of alcoholic beverages.

"Commission", the alcoholic beverages control commission established under section forty-three of chapter six.

"Farmer-winery", any plant or premise where wine is produced, rectified, blended or fortified from fruits, flowers, herbs or vegetables.

"Hotel", a building or part of a building owned or leased and operated by a person holding a duly issued and valid license as an innholder, under the provisions of chapter one hundred and forty and provided with adequate and sanitary kitchen and dining room equipment and capacity for preparing, cooking and serving suitable food for its guests, including travelers and strangers and its other patrons and customers, and in addition meeting and complying with all the requirements imposed upon innholders under said chapter one hundred and forty.

"Licensing authorities", the commission or the local licensing authorities, or both, as the case may be.

"Local licensing authorities", the licensing boards and commissions established in any city or town under special statute or city charter or under section four or corresponding provisions of earlier laws, or, in a city having no such board or commission or having a board rendered inactive under section eight, the aldermen, or, in a town having no such board or commission, the selectmen.

"Malt beverages", all alcoholic beverages manufactured or produced by the process of brewing or fermentation of malt, with or without cereal grains or fermentable sugars, or of hops, and containing not more than twelve per cent of alcohol by weight.

"Minor", a person who has not attained eighteen years of age.

"Restaurant", space, in a suitable building, leased or rented or owned by a person holding a duly issued and valid license as a common victualler under the provisions of said chapter one hundred and forty, and provided with adequate and sanitary kitchen and dining room equipment and capacity for preparing, cooking and serving suitable food for strangers, travelers and other patrons and customers, and in addition meeting and complying with all the requirements imposed upon common victuallers under said chapter one hundred and forty. No advertising matter, screen, curtain or other obstruction which, in the opinion of the licensing authorities, prevents a clear view of the interior of a restaurant shall be maintained in or on any window or door thereof after the said authorities have ordered the removal of such obstruction and have afforded the licensee thereof a reasonable opportunity to remove the same.

"Tavern", an establishment where alcoholic beverages may be sold, as authorized by this chapter, with or without food, to be served to and drunk by patrons in plain view of other patrons, all entrances to which shall open directly from a public way. The business conducted therein shall be open to public view from the sidewalk level and the establishment shall be properly lighted. No window facing a public way shall be obstructed by any screen or other object extending more than five feet above the level of the sidewalk on which the establishment abuts, but in no event shall any screen or obstruction prevent a clear view of the interior of said tavern.

"Winegrower", any person licensed to operate a farmer's winery under section nineteen B.

"Wines", all fermented alcoholic beverages made from fruits, flowers, herbs or vegetables and containing not more than twenty-four per cent of alcohol by volume at sixty degrees Fahrenheit, except cider containing not more than three per cent, or containing more than six per cent, of alcohol by weight at sixty degrees Fahrenheit.

Added by St.1933, Ex.Sess., c. 376, § 2. Amended by St.1934, c. 121, § 1; St.1934, c. 385, § 1; St.1935, c. 253, § 1; St.1935, c. 440, § 1; St.1936, c. 368, § 1; St.1941, c. 637, § 1; St.1968, c. 45; St.1972, c. 155, § 1; St.1973, c. 430, § 10A; St.1977, c. 929, § 1.

DILUTION OF ALCOHOLIC BEVERAGES

§ 16. Dilution, changing or tampering with alcoholic beverages; suspension of license; prima facie evidence

Any person holding a license under section twelve, thirteen, fourteen or fifteen who, directly or through any agent, employee or other person, dilutes or changes or in any manner tampers with any alcoholic beverage authorized to be sold under such license so as to change its composition or alcoholic content shall be punished by a fine of not less than two hundred nor more than five hundred dollars, and if any holder of such a license is convicted of a violation of the foregoing, his license shall forthwith be suspended, for a period of not less than six months, by the local licensing authorities which issued the same; provided, that cocktails and other mixed drinks may be prepared on premises licensed under section twelve, thirteen or fourteen.

Possession on the licensed premises by any licensee referred to in this section of any alcoholic beverage differing in composition or alcoholic content from such beverage when received from the manufacturer or wholesaler and importer from whom it was purchased, except cocktails and other mixed drinks as hereinbefore authorized, shall be prima facie evidence that the said beverage has been diluted, changed or tampered with in violation of this section.

Added by St.1933, Ex.Sess., c. 376, § 2. Amended by St.1936, c. 368, § 3.

SALE OF ALCOHOLIC BEVERAGES TO CHURCHES, SCHOOLS, HOSPITALS, ETC.

§ 28. Sale of alcoholic beverages to churches, religious societies, hospitals, homes for aged people and to manufacturers of food products

The holder of a license under section eighteen, nineteen, nineteen B may sell those alcoholic beverages which such licensees are authorized to sell to churches and religious societies, educational institutions licensed under section fourteen, incorporated hospitals and homes for aged people whose real or personal property is exempt from taxation under the laws of the commonwealth, and to manufacturers of food products, including ice cream, for use only in connection with the manufacture of such products, and to manufacturers of drugs and chemicals for use only in the manufacture or preparation of articles mentioned in section thirty-five of chapter one hundred and twelve, in such quantities and subject to such restrictions as the commission may by regulation prescribe. The holder of such a license may also sell and deliver such beverages to any person on any federal or state military or naval reservation authorized by the commanding officer thereof to purchase and receive the same.

Added by St.1933, Ex.Sess., c. 376, § 2. Amended by St.1934, c. 112; St. 1977, c. 929, § 12.

DRUGGISTS

§ 29. Use and sale of alcoholic beverages by registered pharmacists; prescriptions; prescription books; sales in original sealed packages

A registered pharmacist in a city or town who holds a certificate of fitness under the following section, having complied with all provisions of law relative to the practice of pharmacy, irrespective of the vote of the city or town under section eleven, may use alcohol for the manufacture of United States pharmacopoeia or national formulary preparations and all medicinal preparations unfit for beverage purposes, and may sell alcohol, and, upon the prescription of a registered physician, (1) wines, (2) malt beverages, and (3) other alcoholic beverages. Each of the three foregoing classes shall be sold only on separate prescriptions and in quantity not exceeding one gallon of wines, one gallon of malt beverages and one quart of other alcoholic beverages. Every such prescription shall be dated and signed by the physician and shall contain the name of the person prescribed for.

All such prescriptions shall be retained and kept on file in a separate book by the pharmacist selling the same and shall not be refilled. Such prescription book shall be open at all times to inspection of the board of registration in pharmacy, licensing authorities and their agents and police officers. Nothing in this chapter shall disqualify a registered pharmacist from being licensed under section fifteen, provided that he sells no cooked food to be consumed on the premises; but a license issued to a registered pharmacist under said section shall be included in computing the number of licenses that may be granted in any city or town as provided in section seventeen.

Sales of alcoholic beverages hereunder shall be made only in the original sealed packages, and such beverages shall not be permitted to be drunk on the premises.

Added by St.1933, Ex.Sess., c. 376, § 2. Amended by St.1935, c. 440, § 25; St.1956, c. 283, § 1.

ANALYSIS OF ALCOHOLIC BEVERAGES

§ 36. Analysis of alcoholic beverages by department of public health

The analyst or assistant analyst of the department of public health shall upon request make, free of charge, an analysis of all alcoholic beverages sent to it by the licensing authorities or by police officers or other officers authorized by law to make seizures of alcoholic beverages, if the department is satisfied that the analysis requested is to be used in connection with the enforcement of the laws of the commonwealth. The said department shall return to such police or other officers, as soon as may be, a certificate, signed by the analyst or assistant analyst making such analysis, of the percentage of alcohol which such samples of beverages contain, and, if the commission so requests, of the composition and quality of such beverages as shown by the samples submitted. Such certificate shall be prima facie evidence of the composition and quality of the alcoholic beverages to which it relates, and the court may take judicial notice of the signature of the analyst or the assistant analyst, and of the fact that he is such.

Added by St.1933, Ex.Sess., c. 376, § 2. Amended by St.1934, c. 385, § 17.

§ 37. Certificate accompanying sample of beverages to be analyzed; contents; form

A certificate shall accompany each sample of beverages sent for analysis by an officer to the department of public health stating by whom the beverages were seized, the date of the seizure and the name and residence of the officer who seized said beverages. Said department shall note upon said certificate the date of the receipt and the analysis of said alcoholic beverages and the percentage of the alcohol or the composition and quality of said beverages, as the case may be, as required by the preceding section. Said certificate shall be in the following form:—

SS. CITY OF (OR TOWN OF) 19 .

Added by St.1933, Ex.Sess., c. 376, § 2. Amended by St.1934, c. 385, § 18.

§ 38. Forms of commission

The commission shall provide and cause officers to be supplied with a suitable number of the forms prescribed by section thirty-seven. The certificate of the department of public health, given substantially in the form hereinbefore set forth, shall be admitted as evidence on trials for the forfeiture of alcoholic beverages as to the composition and quality of the beverages to which it relates.

Added by St.1933, Ex.Sess., c. 376, § 2. Amended by St.1941, c. 199.

§ 39. Tampering with samples of alcoholic beverages

No person shall tamper with samples of alcoholic beverages taken as provided in section sixty-three or alter the statements made upon the forms or certificates aforesaid.

Added by St.1933, Ex.Sess., c. 376, § 2.

§ 40. Analysis of alcoholic beverages by court order; fee

Any court may cause alcoholic beverages which have been seized under this chapter to be analyzed by a competent chemist, and the reasonable expense thereof, including a fee of not more than five dollars for each analysis, shall be taxed, allowed and paid like other expenses in criminal cases.

Added by St.1933, Ex.Sess., c. 376, § 2. Amended by St.1959, c. 313, § 1.

BURNT OR DANGEROUS BUILDINGS

§ 1. Adjudication of burnt, dilapidated or dangerous building or other structure as a nuisance; hearing; notice; service of order

The aldermen or selectmen in any city or town may, after written notice to the owner of a burnt, dilapidated or dangerous building or other structure, or his authorized agent, and after a hearing, make and record an order adjudging it to be a nuisance to the neighborhood, or dangerous, and prescribing its disposition, alteration or regulation. The city or town clerk shall deliver a copy of the order to an officer qualified to serve civil process, who shall forthwith serve an attested copy thereof in the manner prescribed in section one hundred and twenty-four of chapter one hundred and eleven, and make return to said clerk of his doings thereon.

Amended by St.1966, c. 195; St.1970, c. 649, § 2.

DEFINITION

§ 1. "Licensing authorities" defined

"Licensing authorities", as used in this chapter, unless a contrary meaning is required by the context, shall mean the boards in Boston and other cities which by special statutes or city charters have the power to issue licenses for innholders or common victuallers, licensing boards appointed under section four of chapter one hundred and thirty-eight in cities which at the municipal election next preceding the first day of January, nineteen hundred and twenty-five, voted to authorize the granting of licenses for the sale of certain non-intoxicating beverages and also in cities wherein by special statutes said boards are vested with all the powers and duties exercised by licensing boards in cities that vote to grant such licenses, the aldermen in all other cities and the selectmen in towns.

INNHOLDERS AND COMMON VICTUALLERS

§ 2. Issuance; signing; refusal; fee; record; penalty

Licensing authorities may grant licenses to persons to be innholders or common victuallers. Such license shall not be issued or be valid until it has been signed by a majority of the aldermen in cities where the license is to be granted by the aldermen, by a majority of the licensing board in other cities or by the selectmen in towns. An alderman, any member of the licensing board or a selectman may refuse to sign a license for a person who, in his opinion, has not complied with this chapter. This section shall not require the licensing authorities to grant either of said licenses if, in their opinion, the public good does not require it. A fee of not more than twenty-five dollars may be charged for either of said licenses. The licenses shall be recorded in the office of the licensing authorities. An alderman, member of a licensing board or selectman who signs a license granted contrary to this chapter shall be punished by a fine of not more than fifty dollars.

Amended by St.1974, c. 261.

§ 4. Contents generally; coverage; term

Every license of an innholder or common victualler shall specify the street and number, if any, of the building where the business is to be carried on or give some other particular description thereof, and the license shall not protect a licensee who carries on his business in any other place. Such licenses shall expire on December thirty-first of each year; but they may be granted during December, to take effect on January first following.

Amended by St.1934, c. 171, § 1.

§ 5. Food and accommodations; availability

Every innholder and every common victualler shall at all times be provided with suitable food for strangers and travelers. Every innholder shall also have upon his premises suitable rooms, with beds and bedding, for the lodging of his guests.

§ 6. Conditions precedent; proposed plans; cost estimates; licensee as victualler or innholder

A common victualler's or innholder's license may be issued to an applicant therefor if at the time of his application he has upon his premises the necessary implements and facilities for cooking, preparing and serving food for strangers and travelers, and, in the case of an applicant for an innholder's license, also has the rooms, beds and bedding required by law. An applicant for a license as a common victualler or as an innholder, proposed to be exercised upon premises which have not been equipped with fixtures or supplied with necessary implements and facilities for cooking, preparing and serving food and upon which, in the case of an applicant for an innholder's license, there are not also provided suitable rooms, beds and bedding for the lodging of his guests, shall file with the licensing authorities a plan showing the location of counters, tables, ranges, toilets and in general the proposed set-up of the premises, which shall include, in the case of an applicant for an innholder's license, a plan of the proposed suitable rooms for the lodging of his guests and a list of the beds and bedding, which he proposes to have upon said premises if and when the license may issue, together with an itemized estimate of the cost of said proposed set-up and of such fixtures, and of the implements and facilities necessary for cooking, preparing and serving food and of such beds and bedding; and thereupon the licensing authorities may grant a common victualler's or an innholder's license, as the case may be, upon the condition that such license shall issue upon the completion of the premises according to the plans and estimate submitted, and the decision of the licensing authorities as to whether or not said premises are so completed shall be final. For the purposes of section twelve of chapter one hundred and thirty-eight, a person to whom a license has been granted under this section shall be deemed to be a common victualler duly licensed under this chapter to conduct a restaurant or an innholder duly licensed thereunder to conduct a hotel, as the case may be.

Amended by St.1937, c. 424, § 6; St.1941, c. 439, § 1.

§ 9. Suspension; revocation; forfeiture

If, in the opinion of the licensing authorities, a licensee as an innholder or a common victualler ceases to be engaged in the business he is licensed to pursue, or fails to maintain upon his premises the implements and facilities required by this chapter, they shall immediately revoke his license. If a licensee at any time conducts his licensed business in an improper manner, the licensing authorities, after notice to the licensee and reasonable opportunity for a hearing, may upon satisfactory proof thereof suspend or revoke his license. An innholder who violates section seven shall forfeit his license. A licensee who is convicted a second time of the violation of any of the provisions of sections six to eighteen, inclusive, shall forfeit his license.

Amended by St.1975, c. 256, § 2.

§ 13. Posting of statutory provisions

Innholders shall post a printed copy of this and the three preceding sections in a conspicuous place in each room of their inns. Boarding house keepers shall post a copy of the preceding section in a conspicuous place in each room of their boarding houses.

§ 20. Unlicensed innholders or victuallers

Whoever assumes to be an innholder or common victualler without being licensed as such under this chapter shall forfeit one hundred dollars.

SALE OF CERTAIN NON–INTOXICATING BEVERAGES

§ 21A. City and town licenses

Cities and towns may provide by ordinance or by-law for the licensing of persons to keep open their places of business for the retail sale of beverages derived wholly or in part from cereals or substitutes therefor and containing less than one-half of one per cent of alcohol, unfermented grape juice, ginger ale, root beer, sarsaparilla, pop, artificial mineral waters, carbonated waters or beverages, natural fruit juices, and other so-called soft drinks, and may fix the fee for said licenses within the limit hereinafter provided, except that in cities having licensing boards the authority to provide for the licensing of such persons and the fixing of fees therefor shall be vested in said licensing boards. For the purposes of this section, the term retail sale shall mean the providing of a beverage as herein defined to a patron in or by a licensed premise in exchange for something of value by means of an in-person exchange or by means of a vending machine exchange or by means of a cover charge, so-called, which gives the patron the right to obtain drinks without additional payment.

Amended by St.1979, c. 358, § 1.

§ 21C. Violations; penalties; injunctions

Whoever not being licensed as aforesaid keeps open his place of business for the retail sale of any such beverage shall be punished by a fine of fifty dollars for each day of violation, and whoever commits a second such offense shall be punished by a fine of one hundred dollars for each day of violation; and whoever commits a third such offense shall be punished by a fine of one thousand dollars for each day of violation; and whoever commits a fourth or subsequent such offense shall be punished by a fine of five thousand dollars for each day of violation. In addition to any criminal penalty, herein provided, the attorney general or district attorney for the district or the city or town may petition the superior court department of the trial court to enjoin any violation of chapter twenty-one A to twenty-one D, inclusive.

Amended by St.1979, c. 358, § 2.

§ 21D. Inapplicability of statute to certain persons

The provisions of the three preceding sections shall not apply to innholders, common victuallers, druggists, nor to dealers whose principal business is the sale of groceries and meats or either of said products, nor to the sale of any or all of such beverages when sold not to be drunk on the premises.

ORGANIZATIONS DISPENSING FOOD OR BEVERAGES TO MEMBERS AND GUESTS

§ 21E. Grant of license; governing statutes; names of officers and members; suspension; revocation; excepted organizations

Licensing authorities may grant a license to any club, society, association or other organization, whether incorporated or unincorporated, authorizing it to dispense food and beverages to be consumed on its premises, to its stockholders or members and their guests, but to no others; provided, that the licensing authorities are satisfied that such organization is a proper one to which to grant such a license. Such licenses and the granting thereof shall be subject to the provisions of sections two and four, except that compliance with the provisions of law relative to innholders or common victuallers shall not be required as a condition of obtaining such license. If such organization is unincorporated, the names of all the officers and members shall be submitted with the application for the license, and shall be kept available for public inspection. Section two hundred and one shall apply to the premises of any organization subject to this section. If any such organization at any time exercises in an improper manner the authority conferred upon it by such license the licensing authorities, after notice to the licensee and reasonable opportunity for a hearing, may upon satisfactory proof thereof suspend or revoke the license. The provisions of this and the following section shall not apply to literary, benevolent, charitable, scientific or religious corporations or religious organizations or associations whose real or personal property is exempt from taxation, nor to any club so long as it is licensed under section twelve of chapter one hundred and thirty-eight to sell alcoholic beverages, as defined in section one of said chapter one hundred and thirty-eight, nor to any recognized veteran or fraternal organization.

Added by St.1933, c. 284. Amended by St.1934, c. 328, § 16.

§ 21F. Unlicensed organization; officer or employee dispensing food or beverage

Any officer or employee of any such organization who dispenses or causes to be dispensed any food or beverage on its premises, unless such organization is then licensed under section twenty-one E, shall be punished by a fine of not more than one hundred dollars for the first or second offence and by such fine and imprisonment for not more than three months for each subsequent offence. If any officer or employee of any such organization which is incorporated is convicted of any offence under this section, the selectmen, or the aldermen, in the place where such organization is situated, except Boston, and in Boston the police commissioner, shall immediately give notice to the state secretary, who, upon receipt thereof, shall declare the charter of such organization void, and shall publish a notice in at least one newspaper published in the county where such organization is located that such incorporation is void and of no further effect.

Added by St.1933, c. 284.

LODGING HOUSES

§ 22. Definition

"Lodging house", as used in sections twenty-two to thirty-one, inclusive, shall mean a house where lodgings are let to four or more persons not within the second degree of kindred to the person conducting it, and shall include fraternity houses and dormitories of educational institutions, but shall not include dormitories of charitable or philanthropic institutions or convalescent or nursing homes licensed under section seventy-one of chapter one hundred and eleven or rest homes so licensed, or group residences licensed or regulated by agencies of the commonwealth.

Amended by St.1960, c. 740; St.1965, c. 171; St.1973, c. 481.

§ 22A. Cooking facilities

Notwithstanding any provision of law or any regulation, ordinance or by-law to the contrary, a lodging house where lodgings are let to more than five but less then twenty persons may furnish individual cooking facilities for the preparation, serving, eating and storage of food; provided that no such facility shall be furnished in a room having an area of less than one hundred fifty square feet. Such facilities shall, in a single room, consist of a gas or electric plate, a refrigerator and hot and cold running water and in a unit consisting of two adjoining rooms shall consist of a gas or electric range, a sink with hot and cold running water, a refrigerator and storage area for food. Any facilities furnished under this section shall comply with the building code applicable thereto. This section shall apply only to cities and towns which accept its provisions.

Added by St.1970, c. 859, § 1.

§ 23. Term; fee

Licensing authorities may grant licenses for lodging houses which shall be for the period provided in section four, and shall charge for each license such fee, not exceeding twenty dollars, as the city council or selectmen may establish, otherwise the same shall be granted without charge.

Amended by St.1952, c. 577; St.1974, c. 70.

§ 24. Unlicensed keeper

Whoever conducts a lodging house without a license shall be punished by a fine of not less than one hundred nor more than five hundred dollars or by imprisonment for not more than three months, or both.

§ 25. Inspection of premises

Premises occupied, used or controlled by a licensee under sections twenty-two to thirty-one, inclusive, or under an innholder's license shall be subject to inspection by the licensing authorities and their authorized agents, and by the police on request from the licensing authorities.

§ 30. Revocation and suspension of license; investigation; hearing; notice

A license issued under sections twenty-two to thirty-one, inclusive, or an innholder's license, shall be revoked if at any time the licensing authorities are satisfied that the licensee is unfit to hold the license. They may suspend and make inoperative, for such period of time as they may deem proper, the licenses mentioned herein for any cause deemed satisfactory to them. The revocation and suspension shall not be made until after investigation and a hearing, or after giving the licensee an opportunity to be heard; notice of the hearing shall be left at the premises of the licensee not less than three days before the time therefor.

§ 31. Posting of notice of statutes

All innholders, and all lodging house keepers who have been ordered to keep a register, shall post in a conspicuous place near the register a notice, to be furnished by the licensing authorities, containing the provisions of sections twenty-seven and twenty-nine relating to the entry of names and residences in the register, together with the penalty provided for their violation.

§ 32. Convictions; transmission of copy of record to licensing authorities

The clerk of a court where any person is convicted of a violation of any provision of sections twenty-two to thirty-one, inclusive, shall forthwith send a copy of the record of the conviction to the licensing authorities in the town where the offence occurred.

RECREATIONAL CAMPS, OVERNIGHT CAMPS OR CABINS, MOTELS AND MOBILE HOME PARKS

§ 32A. Necessity of license; motel defined

No person shall conduct, control, manage or operate, directly or indirectly, any recreational camp, overnight camp or cabin, motel or mobile home park unless he is the holder of a license granted under the following section. The term "motel", as used in section twenty-seven, in this section, and in sections thirty-two B to thirty-two E, inclusive, shall be construed to mean any building or group of buildings which provide sleeping accommodations for transient motorists and which is not licensed as an inn.

Added by St.1939, c. 416. Amended by St.1950, c. 326, § 3; St.1954, c. 134, § 3; St.1964, c. 592, § 3; St.1965, c. 426.

§ 32B. Grant, suspension or revocation; expiration; renewal; fees; inspection; reinstatement

The board of health of any city or town, in each instance after a hearing, reasonable notice of which shall have been published once in a newspaper published in such city or town, may grant, and may suspend or revoke, licenses for recreational camps, overnight camps or cabins, motels or mobile home parks located within such city or town, which license, unless previously suspended or revoked, shall expire on December thirty-first in the year of issue, but may be renewed annually upon application without such notice and hearing. The fee for each original or renewal license shall be ten dollars. Such board of health shall at once notify the department of environmental quality engineering of the granting or renewal of such a license, and said department shall have jurisdiction to inspect the premises so licensed to determine that the sources of water supply and the works for the disposition of the sewage of such premises are sanitary. If upon inspection of such premises said department finds the sources of water supply to be polluted or the works for the disposition of the sewage to be insanitary, or both of such conditions, said department shall forthwith notify such board of health and such licensee to that effect by registered mail and said board shall forthwith prohibit the use of any water supply found by said department to be polluted. Unless such licensee shall, within thirty days following the giving of such notice, correct the conditions at such premises to the satisfaction of both said department and such board the license so granted shall be suspended or revoked by such board. Any license so suspended may be reinstated by such board when the conditions at such premises, as to sources of water supply and works for the disposition of sewage, are satisfactory to said department and such board. The board of health of a city or town may adopt, and from time to time alter or amend, rules and regulations to enforce this section in such city or town.

§ 32C. Examination of licensed camps and cabins; unsanitary conditions

Every board of health shall from time to time examine all camps, motels, mobile home parks and cabins licensed by it under authority of section thirty-two B, and if, upon such examination, such camp, motel, mobile home park or cabin is found to be in an unsanitary condition, said board of health may, after notice and a hearing, suspend or revoke the license.

Added by St.1939, c. 416. Amended by St.1950, c. 326, § 5; St.1954, c. 134, § 5; St.1964, c. 592, § 5.

§ 32D. Rules and regulations; posting

Whoever conducts, controls, manages or operates any camp, motel, mobile home park or cabin licensed under section thirty-two B shall post in a conspicuous place near the entrance to every such camp, motel, mobile home park or cabin a copy of the rules and regulations adopted thereunder, as most recently altered or amended.

Added by St.1939, c. 416. Amended by St.1950, c. 326, § 6; St.1954, c. 134, § 6; St.1964, c. 592, § 6.

§ 32E. Operating business without license

Whoever conducts, controls, manages or operates any camp, motel, mobile home park or cabin subject to section thirty-two A to thirty-two C, inclusive, which is not licensed under section thirty-two B, shall be punished by a fine of not less than ten nor more than one hundred dollars.

Added by St.1939, c. 416. Amended by St.1950, c. 326, § 7; St.1954, c. 134, § 7; St.1964, c. 592, § 7.

MOBILE HOME PARKS

§ 32F. Definition; license requirement; copy sent to city or town clerk; exceptions

Any lot or tract of land upon which three or more mobile homes occupied for dwelling purposes are located, including any buildings, structures, fixtures and equipment used in connection with mobile homes shall be defined a mobile home park. No lot or tract of land may be used for a mobile home park unless the owner or occupant thereof is the holder of a license granted under section thirty-two B. The board of health of a city or town shall, forthwith upon granting an original or renewal license under section thirty-two B for a mobile home park, send a copy of such license to the city or town clerk.

A lot or tract of land provided by a state or county fair, agricultural and horticultural society, grange or 4-H club for the use of mobile homes to accommodate personnel who are to participate in any fair or exhibition conducted by such organization, which fair or exhibition does not continue for a period exceeding ten consecutive days, or a lot or tract of land provided by a college or university for the use of mobile homes to accommodate students lacking dormitory facilities shall not be deemed a mobile home park.

Added by St.1950, c. 326, § 8. Amended by St.1950, c. 802, § 2; St.1951, c. 74; St.1955, c. 623; St.1956, c. 162, § 1; St.1964, c. 592, § 9.

§ 32G. Monthly fees; collection; deposit; lists; payment to treasurers; exemption from taxes; penalties; revocation of license

In addition to the license fee provided for under section thirty-two B, each mobile home park owner or operator licensed under said section shall, except as hereinafter provided, pay an additional license fee of six dollars per month or major fraction thereof, on account of each mobile home, occupying space within such mobile home park; provided, however, that in a city by vote of the city council and in a town by vote of the board of selectmen the amount of such additional license fee may be increased to an amount not exceeding twelve dollars per month. Such additional license fee shall, except as hereinafter provided, be collected by such mobile home park operator from the owner or occupant of each mobile home occupying space in such mobile home park at the end of each month or any major fraction thereof, and shall be deposited with the collector of taxes in the city or town in which the mobile home park is located not later than the tenth day of the month next following. The mobile home park operator shall, not later than the fifth day of each month, file with the licensing authority a list containing the amounts collected together with the name and address of each owner or occupant of a mobile home occupying space during the preceding month, and designating the mobile homes and the owners or occupants thereof on account of which no additional license fee is to be collected or deposited under the provisions of the last paragraph of this section. The licensing authority shall forthwith commit the list to the collector of taxes in the city or town in which the mobile home park is located for collection. Such a collector shall in the collection of such accounts have all the remedies provided by sections thirty-five, thirty-six and ninety-three of chapter sixty for the collection of taxes, on personal property. The collector of taxes shall once in each week or oftener, pay over to the city or town treasurer all money received by him during the preceding week or lesser period on account of such license fees. Each mobile home subject to the license fee provided for in this section shall be exempt from any property tax as provided in clause Thirty-sixth of section five of chapter fifty-nine.

The collector of taxes shall report to the licensing authority any failure to deposit with him any license fee so collected, and any failure by a mobile park operator to collect any license fee provided for under this section or to deposit with the collector of taxes any license fee so collected shall be deemed cause for the revocation of any license granted under section thirty-two B. In addition, any wilful failure to deposit with the collector of taxes a license fee which has been so collected shall be punishable by a fine of not less than ten nor more than one hundred dollars for each fee so collected and not deposited.

No additional license fee imposed by this section shall be collected by the operator of a mobile home park, nor shall any such fee be required to be deposited with the collector of taxes in the city or town in which such park is located, on account of a mobile home which is deemed, by section 514 of the Soldiers' and Sailors' Civil Relief Act of 1940,[1] as amended, not to be located or present in or to have a situs in such city or town for the purposes of taxation in respect to personal property.

Added by St.1950, c. 326, § 8. Amended by St.1950, c. 802, § 3; St.1952, c. 583, § 1; St.1954, c. 410; St.1964, c. 592, § 10; St.1966, c. 104; St.1968, c. 464, §§ 2, 3; St.1972, c. 470.

§ 32H. Unequipped park; plans; cost estimate; filing; conditional license; suspension; revocation

An applicant for a license under section thirty-two B for a mobile home park which has not been equipped with the buildings, structures, fixtures and facilities necessary to conduct a mobile home park, shall file with the board a plan showing the buildings, structures, fixtures and facilities, and in general the proposed set-up which he plans to have upon said premises if and when the license may issue, together with an itemized estimate of the cost of the same, and thereupon the board, with the approval of the state department of environmental quality engineering, shall grant a mobile home park license upon the condition that such license shall issue upon the completion of the premises according to the plans and estimate submitted, providing that the proposed mobile home park will be in compliance with all applicable laws, ordinances, rules and regulations. Such conditional license may be suspended or revoked in accordance with the provisions of section thirty-two B.

Added by St.1950, c. 326, § 8. Amended by St.1964, c. 592, § 11; St.1975, c. 706, § 281.

§ 32*I*. Register; retention; inspection; penalty

Every holder of a license for a mobile home park shall keep or cause to be kept, in permanent form, a register in which shall be recorded the true name or name in ordinary use, address and registration of each owner and occupant of a mobile home or motor vehicle renting space at such park, the date of entering and the date of leaving of said mobile home or motor vehicle. Such register shall be retained by the holder of the license for a period of at least one year after the date of the last entry, and shall be open to the inspection of the licensing authorities, their agents, and the police. Whoever wilfully and knowingly violates any provision of this section shall be punished by a fine of not less than five dollars nor more than one hundred dollars.

Added by St.1950, c. 326, § 8. Amended by St.1964, c. 592, § 12.

§ 32J. Possession of mobile home space without right; termination of tenancy at will or lease; summary process to recover possession

If the mobile home owner or person holding under him holds possession of a mobile home space in a mobile home park without right, after the determination of a tenancy or other estate at will or lease as provided in this section, the licensee entitled to the mobile home space may recover possession thereof by summary process.

Any tenancy or other estate at will or lease in a mobile home park, however created, and including any existing contract for occupancy of a mobile home space in a mobile home park, may be terminated by the licensee entitled to the mobile home space or his agent only for one or more of the following reasons:

(1) nonpayment of rent.

(2) substantial violation of any enforceable rule of the mobile home park.

(3) violation of any laws or ordinances which protect the health or safety of other mobile home park residents.

(4) a discontinuance in good faith by the licensee, of the use of part or all of the land owned by the licensee as a mobile home park subject to any existing contractual rights or agreements between the licensee and the tenants located in the mobile home park. No such discontinuance shall be valid for any mobile home sold by the licensee and for which a mobile home site was made available at the time of the said sale, by the licensee, for a period of five years from the date of said sale.

No action shall be maintained under this section unless:

(1) the mobile home park licensee has given at least thirty days' written notice, delivered by certified or registered mail, stating the reason or reasons for termination and notifying the mobile home park resident that he has fifteen days from the date of the mailing of the notice in which to pay the overdue rent, or cure the substantial violation of the park rule or rules or of the law or ordinance, in order to avoid eviction;

(2) the mobile home resident has not paid the overdue rent or cured said violation or violations within twenty days from the day on which such written notice was received; and

(3) such action, other than for nonpayment of rent, is brought within thirty days from the date of the last alleged violation; provided, however, that an action may be maintained under this section without further notice or opportunity to cure, if the same substantial violation of rules, other than nonpayment of rent, occurs within six months from the date on which such notice was delivered.

Added by St.1950, c. 326, § 8. Amended by St.1964, c. 592, § 13; St. 1973, c. 1007, § 1; St.1975, c. 692.

§ 32K. Appeals; reinstatement; reissuance

Any person aggrieved by any act, rule, order or decision of the licensing board, may appeal to the superior court. After suspension or revocation the license may be reinstated or reissued if the conditions leading to suspension or revocation have been remedied and the park is being maintained and operated in full compliance with law.

Added by St.1950, c. 326, § 8.

§ 32L. Requirements and restrictions applicable to mobile home parks

The following requirements and restrictions shall apply to all mobile home parks:

1. A mobile home park licensee may promulgate rules governing the rental or occupancy of a mobile home lot but no such rule shall be unreasonable, unfair, or unconscionable.

2. Any rule or change in rent which does not apply uniformly to all mobile home residents of a similar class shall create a rebuttable presumption that such rule or change in rent is unfair.

3. A mobile home park licensee, directly or indirectly engaged in the business of selling mobile homes, who has sold a number of mobile homes equal to the number of spaces in a mobile home park, shall not then impose any conditions of rental or occupancy which restricts the mobile home owner in his choice of mobile home dealer nor shall a mobile home park licensee impose any conditions of rental or occupancy which restrict the mobile home owner in his choice of a seller of fuel, furnishings, goods, services, or accessories connected with the rental or occupancy of a mobile home lot, unless such conditions are necessary to protect the health, safety, or welfare of mobile home residents in the park. Said licensee may also impose reasonable conditions relating to central fuel and gas meter systems in the park, providing the charges for such goods or services shall not exceed the average prevailing price in the locality for similar goods and services.

3A. No mobile home park owner shall refuse to allow the transfer of a mobile home located in said park on the ground that such mobile home park owner has not sold as many mobile homes as there are spaces.

4. A mobile home park licensee shall not impose by any rule or condition of occupancy any fee, charge, or commission for the sale of a mobile home located in a mobile home park. The licensee may, however, upon the proposed sale of such a home, contract with the mobile home owner to sell the home for a fee not to exceed ten per cent of the sale price of such home.

5. If any mobile home park licensee adds, changes, deletes or amends any rule governing the rental or occupancy of a mobile home lot in a mobile home park, a new copy of all such rules shall be furnished to all mobile home park residents in such park, and filed with the department of the attorney general and the secretary of communities and development at least forty-five days prior to the effective date of such addition, change, deletion, or amendment. The new copy shall be signed by both the mobile home park owner and the mobile home park resident.

6. Any rule or condition of occupancy which is unfair and deceptive or which does not conform to the requirements of this section shall be unenforceable.

7. Failure to comply with the provisions of this section shall constitute an unfair and deceptive trade practice under the provisions of section two (*a*) of chapter ninety-three A.

Added by St.1973, c. 1007, § 2. Amended by St.1974, c. 277, § 1.

§ 32M. Sale or proposed sale of mobile home located in licensed park; refusal of entrance to purchaser prohibited; unfair trade practice

Upon the sale or proposed sale of a mobile home located on a lot in a mobile home park and which is not owned by the mobile home park licensee, the prospective purchaser and members of his household may not be refused entrance if they meet the current rules of the park.

Failure to comply with the provisions of this section shall constitute an unfair and deceptive trade practice under the provisions of section two (*a*) of chapter ninety-three A.

Added by St.1973, c. 1007, § 2.

§ 32N. Violations of sections 32L and 32M or building or health codes; reporting by park residents; reprisals by licensee; remedy; notice of termination of tenancy as presumption

Any mobile home park licensee or his agent who threatens to or takes reprisals against any mobile home park resident for reporting a violation or suspected violation of section thirty-two L or section thirty-two M or any applicable building or health code to the board of health of a city or town in which the mobile home park is located, the department of public health, the department of the attorney general or any other appropriate government agency, shall be liable for damages which shall not be less than one month's rent or more than five months' rent, or the actual damages sustained by the mobile home park resident, whichever is greater, and the costs of the court action brought for said damages including reasonable attorney's fees. The receipt of any notice of termination of tenancy by such mobile home park resident, except for nonpayment of rent, within six months after making such a report of a violation or suspected violation shall create a rebuttable presumption that such notice is a reprisal against the mobile home park resident for making such report and said presumption may be pleaded in defense to any eviction proceeding against such mobile home park resident brought within a year after such report.

Added by St.1973, c. 1007, § 2.

§ 32O. Judgment, decree, etc. in action to enforce sections 32L to 32M; copies to attorney general and local board of health

In any action to enforce the provisions of section thirty-two L or section thirty-two M, the clerk of the court shall mail copies of any judgment, decree, permanent injunction, or order of the court upon the entry thereof to the attorney general and to the board of health of the city or town in which the mobile home park of the licensee is located.

Added by St.1973, c. 1007, § 2.

§ 32P. Terms and conditions of occupancy; disclosure in writing; required notice

All terms and conditions of occupancy must be fully disclosed in writing by the mobile home park owner to any prospective mobile home park resident at a reasonable time prior to the rental or occupancy of a mobile home lot. Said disclosures shall include, but shall not be limited to, the amount of rent, an itemized list of any charges or fees, the names and addresses of all the owners of the mobile home park, and the rules and regulations governing the use of the mobile home lot and park. Said writing shall be signed by both the mobile home park owner and the mobile home park resident and contain the following notice printed verbatim in a clear and conspicuous manner:

IMPORTANT NOTICE REQUIRED BY LAW

The rules set forth below govern the terms of your lease of occupancy arrangement with this mobile home park. The law requires all of these rules and regulations to be fair and reasonable, else said rules and regulations cannot be enforced against you.

You may continue to stay in the park as long as you pay your rent and abide by the rules and regulations of the park. You may only be evicted for nonpayment of rent, violation of laws, or for a substantial violation of the rules and regulations of the park. In addition, no eviction proceedings may be commenced against you until you have received notice by certified mail of the reason for the eviction proceeding and have been given fifteen days from the date of the notice in which to pay the overdue rent or to cease and desist from any substantial violation of the rules and regulations of the park. However, only one notice of a substantial violation of the rules and regulations of the park is required to be sent to you during any six month period. If a second or additional violation occurs, except for nonpayment of rent, within six months from the date of the first notice then eviction proceedings may be commenced against you immediately.

If this park requires you to deal exclusively with a certain fuel dealer or other merchant for goods or services in connection with the use or occupancy of your mobile home lot, the price you pay for such goods or services may not be more than the prevailing price in this locality for similar goods and services.

You may not be evicted for reporting any violations of law or health and building codes to boards of health, the department of the attorney general, or any other appropriate government agency. Receipt of notice of termination of tenancy by you, except for nonpayment of rent, within six months after your making such a report shall create a rebuttable presumption that such notice is a reprisal and may be pleaded by you in defense to any eviction proceeding brought within one year.

This law is enforceable by the consumer protection division of the department of the attorney general.

Added by St.1973, c. 1007, § 2.

§ 32Q. Definition of "mobile home" applicable to sections 32A to 32P

As used in sections thirty-two A to thirty-two P, inclusive, the words "mobile home" shall mean a dwelling unit built on a chassis and containing complete electrical, plumbing and sanitary facilities, and designed to be installed on a temporary or a permanent foundation for permanent living quarters.

Added by St.1973, c. 1007, § 2.

PUBLIC LODGING HOUSES

§ 33. Definition; cubicle plan

In cities of over fifty thousand inhabitants every building not licensed as an inn, in which ten or more persons are lodged free or for a charge of twenty-five cents or less for each person for a day of twenty-four hours, or for any part thereof, shall be deemed a public lodging house within the meaning of sections thirty-four to forty, inclusive. No building or part thereof erected, altered or converted to be used as such a public lodging house shall have the sleeping compartments arranged on the cubicle plan.

§ 34. Licensing authority; revocation; fee; expiration; contents; coverage

The officer or board having charge of the police in any such city may license persons to keep public lodging houses therein, and shall immediately revoke such license if the licensee violates any provision of sections thirty-five to thirty-eight, inclusive. No fee shall be charged for such license, and, subject to the state building code when applicable, it shall expire on the thirtieth day of April next after the granting of the same. Every such license shall specify the street and number, if any, of the building where the business is to be carried on or give some other particular description thereof, and the license shall not protect a licensee who carries on his business in any other place.

Amended by St.1972, c. 802, § 10.

§ 35. Certification; compliance with statutes; fire alarms, extinguishers, and means of escape; alterations; additional appliances

No such license shall be granted in any such city until the inspector of buildings thereof, or the other officer or board having authority to administer the laws and ordinances in regard to the construction of buildings therein, has certified that the building, if it has eight or more rooms or ten or more persons are accommodated above the second story, complies with the requirements of the state building code, and in other cases is provided with sufficient means of escape in case of fire, and that suitable appliances are provided for extinguishing fires and for giving alarm to the inmates in case of fire; and such officer or board may from time to time require such alterations to be made or such additional appliances to be provided as may in his or its judgment be necessary for the protection of life and property in case of fire.

Amended by St.1972, c. 802, § 11.

§ 36. Certification; water closets, urinals and ventilation; cleaning and disinfecting by licensee

No such license shall be granted in any such city until the board of health thereof has certified that the building is provided with a sufficient number of water closets and urinals and with good and sufficient means of ventilation; and the said board may from time to time require the licensee thoroughly to cleanse and disinfect all parts of said building and the furniture therein to the satisfaction of such board.

§ 37. Register; inspection

In every public lodging house a register shall be kept in which shall be entered the name and address of each lodger, together with the time of his arrival and departure, and such register shall at all times be open to the inspection of the police.

§ 38. Free access to officers

The keeper of every public lodging house shall at all times, when so required by any officer of the building department, of the health department, or of the police department, give him free access to said house or any part thereof.

§ 39. Keeping of house without license

Whoever keeps or holds himself out as keeping a public lodging house without being duly licensed as hereinbefore provided, and whoever is concerned or financially interested in any public lodging house, the keeper of which is not so licensed, shall be punished by a fine of not more than one hundred dollars.

§ 40. Violation of statutes

Any keeper of a public lodging house who violates any provision of sections thirty-five to thirty-eight, inclusive, shall be punished by a fine of one hundred dollars.

MISCELLANEOUS PROVISIONS

§ 47. Coffee and tea houses

No coffee house, so called, or tea house or place of resort for refreshment where the principal business is or purports to be the sale of coffee or tea as a beverage shall be maintained in any town which accepts this section, or has accepted corresponding provisions of earlier laws, by a vote of a city council or by vote of a town at a town meeting, until a license therefor has been granted by the licensing authorities. The fee for the license shall be five dollars or such other sum as shall be fixed from time to time by the city council or selectmen. Licenses issued hereunder shall expire on May first following the date of issue, and may be revoked at any time by the licensing authorities. Whoever violates this section shall be punished by a fine of not more than one hundred dollars.

§ 49. Lunch carts

The street commissioners and the police commissioner of Boston, the aldermen of any other city, or the selectmen of any town may, if in their opinion public convenience so requires, license any reputable person, upon the payment of an annual license fee of not less than fifty dollars, to maintain a vehicle for the sale of food in such part of any public way and during such hours as they may designate, provided that public travel is not incommoded thereby. Any such license may be revoked by them at any time.

§ 50. Lunch carts; fee of highway not owned by town

No license as aforesaid shall be granted to use any part of a highway the fee in which is not owned by the town unless the owners of the land abutting on that part of the way consent in writing to the granting of the license.

§ 51. Massage; baths

No person shall practice massage, or conduct an establishment for the giving of vapor, pool, shower or other baths for hire or reward, or advertise or hold himself out as being engaged in the business of massage or the giving of said baths without receiving a license therefor from the board of health of the town where the said occupation is to be carried on; provided, that a person registered as a barber or apprentice under the provisions of section eight-seven H or section eighty-seven I of chapter one hundred and twelve or as a hairdresser, operator, or a student under the provisions of sections eighty-seven T to eighty-seven JJ, inclusive, of said chapter one hundred and twelve may practice facial and scalp massaging without taking out a license as provided in this section. The board of health may grant the license upon such terms and conditions, and may make such rules and regulations in regard to the carrying on of the occupation so licensed, as it deems proper, and may revoke any license granted by it for such cause as it deems sufficient, and without a hearing; provided, that a person licensed to massage or to conduct an establishment for the giving of vapor, pool, shower or other baths in any town may, at the request of a physician, attend patients in any other town in the commonwealth without taking out an additional license.

Amended by St.1932, c. 275; St.1935, c. 428, § 3; St.1936, c. 55, § 1; St.1941, c. 626, § 12; St.1947, c. 253.

§ 52. Massage or baths; inspection

Members of the police department of any town may enter and inspect any premises in that town used for massage or the giving of vapor baths.

Amended by St.1935, c. 428, § 4.

§ 53. Massage or baths; penalty

Whoever violates any provision of section fifty-one, or any rule or regulation made under authority thereof, or prevents or hinders any member of a police force from exercising the authority conferred upon him by section fifty-two, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than six months, or both.

§ 54. Junk dealers

Cities and towns by ordinance or by-law may provide for the licensing, by the police commissioner in Boston, by the license commission in Lowell, by the aldermen in other cities and by the selectmen in towns, of suitable persons to be collectors of, dealers in or keepers of shops for the purchase, sale or barter of junk, old metals or second hand articles, may make rules and regulations relative to their business, and may provide for the supervision thereof. Said licensing board or officer may, except as otherwise provided in such ordinance or by-law, make additional rules, regulations and restrictions which shall be expressed in all licenses. Said licenses may be revoked at pleasure, and shall be subject to sections two hundred and two to two hundred and five, inclusive, except that societies, associations or corporations organized solely for religious or charitable purposes and their agents shall not be required to pay a fee for such licenses.

STEAM ENGINES AND FURNACES

§ 115. Necessity of license; contents; application; record; hearing; notice; regulations

A furnace for melting iron or making glass, or a stationary steam engine for use in a mill for planing or sawing boards or turning wood or in which other fuel than coal is used to create steam, shall not be erected or put up to be used in a city or town which accepts this and sections one hundred and sixteen and one hundred and seventeen or has accepted corresponding provisions of earlier laws, unless the aldermen or selectmen thereof have granted a license therefor, prescribing the place where the building shall be erected in which the steam engine or furnace is to be used and the materials and construction thereof, and have made such regulations as to the height of flues and protection against fire as they deem necessary for the safety of the neighborhood. Such license may be granted on a written application, and shall be recorded in the city or town records. The aldermen or selectmen shall assign a time and place for a hearing upon such application, and cause at least fourteen days' public notice thereof to be given, at the expense of the applicant, in such manner as they may order.

Amended by St.1948, c. 550, § 21; St.1949, c. 297, § 7.

§ 116. Dangerous engines or furnaces; nuisance; building regulations and alterations; service of copy of order

In a town which accepts this section or has accepted corresponding provisions of earlier laws, the aldermen or the selectmen, after due notice in writing to the owner of such steam engine or furnace, except for making glass, erected or in use therein before the time of such acceptance and a hearing, may adjudge it to be dangerous or a nuisance to the neighborhood, and make and record an order prescribing such rules, restrictions and alterations as to the building in which it is constructed or used, the construction and height of its smoke flues, and such other regulations as they deem necessary for the safety of the neighborhood; and the town clerk shall deliver a copy of such order to a constable, who shall serve on the owner an attested copy thereof, and make return of his doings thereon to said clerk within three days after the delivery thereof to him.

§ 117. Appeal; injunction

An owner of a steam engine or furnace who is aggrieved by such order may have the remedy prescribed by section two of chapter one hundred and thirty-nine. The superior court, on granting the application for a jury, may issue an injunction restraining the further use of such engine or furnace until the final determination of the application.

§ 118. Stationary engines; distance from buildings

In a town which accepts this section or has accepted corresponding provisions of earlier laws, a stationary engine, propelled by steam or other motive power, shall not be erected or put up for use within five hundred feet of a dwelling house or public building unless a license therefor has been first granted and recorded in the manner provided in section one hundred and fifteen.

§ 119. Nuisances; removal

An engine or furnace erected or used contrary to section one hundred and fifteen, one hundred and sixteen or one hundred and eighteen shall be deemed a common nuisance; and the aldermen or selectmen may remove the same in the same manner as boards of health may remove nuisances under sections one hundred and twenty-three to one hundred and twenty-five, inclusive, of chapter one hundred and eleven.

DOGS

§ 136A. Definitions

The following words and phrases as used in sections one hundred and thirty-seven to one hundred and seventy-five, inclusive, unless the context otherwise requires, shall have the following meanings:

"Director", the director of the division of accounts of the department of corporations and taxation.

"Dog fund", the fees, fines and reimbursements collected in connection with the licensing of dogs and the enforcement of said sections.

"Dog officer", any officer appointed under said sections to enforce the laws relating to dogs.

"Keeper", any person, corporation or society, other than the owner, harboring or having in his possession any dog.

"Kennel", one pack or collection of dogs on a single premises, whether maintained for breeding, boarding, sale, training, hunting or other purposes and including any shop where dogs are on sale, and also including every pack or collection of more than three dogs three months old or over owned or kept by a person on a single premises irrespective of the purpose for which they are maintained.

"License period", the time between April first and the following March thirty-first, both dates inclusive.

"Live stock or fowls", animals or fowls kept or propagated by the owner for food or as a means of livelihood; also deer, elk, cottontail rabbits and northern hares, pheasants, quail, partridge and other birds and quadrupeds determined by the department of fisheries, wildlife and recreational vehicles to be wild and kept by, or under a permit from, said department in proper houses or suitable enclosed yards. Such phrase shall not include dogs, cats and other pets.

Added by St.1934, c. 320, § 1. Amended by St.1943, c. 111, § 1; St.1975, c. 706, § 283.

§ 137. Registration and license requirement; office; rabies inoculation; form; contents; collar or harness; tag

A person who at the commencement of a license period is, or who during any license period becomes, the owner or keeper of a dog three months old or over which is not duly licensed, and the owner or keeper of a dog when it becomes three months old during a license period, shall cause it to be registered, numbered, described and licensed until the end of such license period, and the owner or keeper of a dog so registered, numbered, described and licensed during any license period, in order to own or keep such dog after the beginning of the succeeding license period, shall, before the beginning thereof, cause it to be registered, numbered, described and licensed for such period. The registering, numbering, describing and licensing of a dog, if kept in Boston shall be in the office of the police commissioner or if kept in any other town in the office of the clerk thereof.

No municipal clerk or other official designated by the governing body of any municipality to license dogs shall grant any such license and official metal registration tag for any dog unless the owner thereof provides written evidence that the dog to be licensed and registered has been inoculated with an approved rabies vaccine in accordance with section one hundred and forty-five B, or has been certified exempt from such provision as hereinafter provided.

The dog licensing official may grant an exemption of the rabies inoculation requirement for (*a*) dogs which have not yet attained the age of six months, (*b*) any dog which the local board of health, for a specified period of time, declares exempt upon presentation of a veterinarian's certificate stating that because of an infirmity, other physical condition, or regimen of therapy, that inoculation is thereby deemed inadvisable, or (*c*) dogs in transit, or dogs brought into the state temporarily for the sole purpose of showing in dog shows or exhibitions.

The license shall be in a form prescribed by the director, upon a blank to be furnished, except in the county of Suffolk, by the county in which the town is located, and shall be subject to the condition expressed therein that the dog which is the subject of the license shall be controlled and restrained from killing, chasing or harassing live stock or fowls. The owner of any dog may add descriptive words, not over ten in number, upon the license form to indicate the color, breed, weight and special markings of the licensed dog. The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag in a form prescribed by the director, and upon which shall appear the license number, the name of the town issuing such license and the year of issue. Such tags shall be furnished in the same manner as the license blanks, and if any such tag shall be lost the owner or keeper of such dog shall forthwith secure a substitute tag from the town clerk or, in Boston, from the police commissioner, at a cost of ten cents which, if received by a town clerk, shall be retained by him unless otherwise provided by law. This section shall not apply where it is otherwise provided by law, nor shall it apply to a person having a kennel license.

Amended by St.1932, c. 289, § 1; St.1934, c. 320, § 2; St.1943, c. 111, § 2; St.1945, c. 140; St.1956, c. 44, § 1; St.1956, c. 78, § 1; St.1979, c. 474, § 1.

§ 137C. Inspection of kennels; revocation, suspension and reinstatement of license; nuisance

The county commissioners, or in Boston the police commissioner, or a chief of police or a dog officer within his jurisdiction, may at any time inspect or cause to be inspected any kennel and if, in their or his judgment, the same is not being maintained in a sanitary and humane manner, or if records are not properly kept as required by law, the county commissioners, or in Boston the police commissioner, shall by order revoke or suspend, and in case of suspension may reinstate, such license. Upon the petition of twenty-five citizens, filed with the mayor of a city or the selectmen of a town, or in Boston with the police commissioner, setting forth that they are aggrieved, or annoyed to an unreasonable extent, by one or more dogs at a kennel maintained in such city or town, because of the excessive barking or vicious disposition of said dogs or other conditions connected with such kennel constituting a public nuisance, said mayor, selectmen or police commissioner, as the case may be, within seven days after the filing of such petition, shall give notice to all parties in interest of a public hearing to be held within fourteen days after the date of such notice. Within seven days after such public hearing said mayor or selectmen, in Nantucket county or in Suffolk county elsewhere than in Boston, or in Boston said police commissioner, shall make an order either revoking or suspending such kennel license or otherwise regulating said kennel, or dismissing said petition. In counties other than Nantucket or Suffolk, said mayor or selectmen within said seven days shall report in writing to the county commissioners their recommendations and within seven days after receipt of such report said county commissioners shall investigate or cause to be investigated the subject matter of such petition and shall, by order, either affirm or deny such recommendations by suspending or revoking such kennel license or otherwise regulating such kennel, or by dismissing the petition. Written notice of any order under this section revoking, suspending or reinstating a license shall be mailed forthwith to the officer issuing such license and to the holder of such license. Within ten days after such order the holder of such license may bring a petition in the district court within the judicial district of which such kennel is maintained, addressed to the justice of the court, praying that the order may be reviewed by the court, and, after such notice to the officer or officers involved as the court may deem necessary, it shall review such action, hear the witnesses and affirm such order unless it shall appear that it was made without proper cause or in bad faith, in which case such order shall be reversed. The decision of the court shall be final and conclusive upon the parties. Any person maintaining a kennel after the license therefor has been so revoked, or while such license is so suspended, shall be punished by a fine of not more than fifty dollars.

Added by St.1934, c. 320, § 3. Amended by St.1939, c. 206.

§ 145. Symptoms of rabies printed on license; description supplied by department of health

Every license issued to the owner of a dog shall have a description of the symptoms of rabies printed thereon. Such description shall be supplied by the department of public health to the director of accounts upon application therefor.

Amended by St.1932, c. 289, § 2.

§ 145A. Anti-rabic vaccine and treatment; reimbursement for cost

The board of health of a city or town shall, upon application, furnish free of charge to any resident thereof who has been exposed to rabies, or may have been so exposed, anti-rabic vaccine and anti-rabic treatment, in accordance with rules and regulations which the department of public health is hereby authorized to make. Except in Boston, such person shall have the right to select his own physician, who shall be paid by the city or town at a rate established as hereinafter provided, and the fact that a physician is a member of a board of health shall not disqualify him from being so selected and from being paid by the city or town for his services. Boards of health shall establish rates of compensation for such treatment. A city or town so furnishing vaccine and treatment shall be reimbursed for the cost thereof, not exceeding fifty dollars in the case of any one person, from the dog fund of the county in which is situated the city or town where the person treated was exposed to rabies, except that if such exposure occurred in Suffolk county such reimbursement shall be made by the city or town where such person was exposed to rabies, and except that if such vaccine and treatment are given by the board of health of a city or town because of a bite by or other exposure to rabies from a dog required to be licensed therein, the city or town shall not be so reimbursed, unless such dog is licensed at the time of such bite or other exposure. No such reimbursement shall include any part of the salary of a salaried city or town physician. The county commissioners of all counties except Suffolk, acting jointly, or the county commissioners of each county, except Suffolk, shall contract for the supplying of such vaccine to the several cities and towns on the order of their respective boards of health, and shall, from time to time, notify said boards of the terms and conditions of contracts made hereunder. No city or town for which a supply of such vaccine is provided by a contract as aforesaid shall be reimbursed hereunder for any such vaccine not purchased under such contract.

Added by St.1932, c. 289; § 3. Amended by St.1934, c. 320, § 9; St.1937, c. 375; St.1939, c. 42.

§ 145B. Vaccination against rabies; certificate; revaccination; penalty

Whoever is the owner or keeper of a dog six months of age or older shall cause such dog to be vaccinated against rabies by a licensed veterinarian using a vaccine approved by the department of public health, and shall procure and possess said veterinarian's certificate indicating that such dog has been innoculated against rabies and setting forth the date of such inoculation and the duration of immunity. The certificate of inoculation shall be exhibited to the dog licensing official of the municipality when application for a dog license is made. Said certificate shall also be produced by any person owning or keeping a dog upon the request of any dog licensing enforcement official.

Unvaccinated dogs acquired or brought into the commonwealth shall be vaccinated within thirty days after acquisition or entry into the commonwealth or upon reaching the age of six months, whichever comes later.

Vaccinated dogs shall be revaccinated periodically in accordance with rules and regulations adopted and promulgated by the department of public health.

Whoever violates the provisions of this section shall be punished by a fine of not more than fifty dollars.

Added by St.1969, c. 207. Amended by St.1979, c. 474, § 2.

§ 157. Vicious dogs; nuisance; barking or other disturbance; annoyance to sick person

If any person shall make complaint in writing to the selectmen of a town, the chief of police of a city, or the county commissioners, that any dog owned or harbored within his or their jurisdiction is a nuisance by reason of vicious disposition or excessive barking or other disturbance, or that any such dog by such barking or other disturbance is a source of annoyance to any sick person residing in the vicinity such selectmen, chief of police or county commissioners shall investigate or cause to be investigated such complaint, including an examination on oath of the complainant, and may make such order concerning the restraint or disposal of such dog as may be deemed necessary. Within ten days after such order the owner or keeper of such dog may bring a petition in the district court within the judicial district of which the dog is owned or kept, addressed to the justice of the court, praying that the order may be reviewed by the court, or magistrate thereof, and after such notice to the officer or officers involved as the magistrate deem necessary the magistrate shall review such action, hear the witnesses and affirm such order unless it shall appear that it was made without proper cause or in bad faith, in which case such order shall be reversed. Any party shall have the right to request a de novo hearing on the petition before a justice of the court. The decision of the court shall be final and conclusive upon the parties. Any person owning or harboring such dog who shall fail to comply with any order of the selectmen, chief of police, county commissioners or district court, as the case may be shall be punished by a fine of not more than twenty-five dollars for the first offense and not more than one hundred dollars for a second or subsequent offense.

The act of a dog in attacking or biting another dog or other animal may be made the subject of a complaint under the provisions of this section.

Magistrates shall exercise their authority hereunder subject to the limitations of section sixty-two C of chapter two hundred and twenty-one.

Amended by St.1934, c. 320, § 20; St.1976, c. 530; St.1978, c. 478, § 73.

§ 167. Ordering dogs to be muzzled or restrained; killing unmuzzled or unrestrained dogs

The alderman or selectmen may order that all dogs shall be muzzled or restrained from running at large during such time as shall be prescribed by such order. After passing such order and posting a certified copy thereof in two or more public places in the town, or, if a daily newspaper is published in such town, by publishing such copy once in such newspaper, the aldermen or selectmen may issue their warrant to one or more of the police officers or constables of such town, who shall, after twenty-four hours from the publication of such notice, kill all dogs found unmuzzled or running at large contrary to such order, and shall receive such compensation therefor as is provided in section one hundred and fifty-one. Notwithstanding the foregoing, a police officer or constable may, in his discretion, hold any such dog for a period not in excess of ten days. If the owner thereof claims such dog and pays to such officer or constable the sum of five dollars, together with one dollar and fifty cents for each day that it is so held, it shall be returned to the owner. The fee of five dollars shall be paid over to the city or town and the remaining moneys shall be retained by such officer or constable as his fee.

Amended by St.1967, c. 234.

§ 168. Service of order to muzzle or restrain dogs; penalty

The aldermen or selectmen may cause service of such order to be made upon the owner or keeper of the dog by causing a certified copy thereof to be delivered to him; and if he refuses or neglects for twelve hours thereafter to muzzle or restrain such dog as so required, he shall be punished by a fine of not more than twenty-five dollars.

§ 169. Penalty on officer; report of refusal or neglect of officer to perform duties

A county, city or town officer who refuses or wilfully neglects to perform the duties imposed upon him by the provisions of this chapter relating to dogs shall be punished by a fine of not more than one hundred dollars, which shall be paid, except in Suffolk county, into the county treasury. Whoever is aggrieved by such refusal or neglect may report the same forthwith to the district attorney of his district.

§ 173. Ordinances and by-laws relating to dogs

A town may make additional ordinances or by-laws relative to the licensing and restraining of dogs, and may affix penalties of not more than ten dollars for a breach thereof; but such ordinances or by-laws shall relate only to dogs owned or kept in such town, and the annual fee required for a license under section one hundred and thirty-nine shall in no case be more than one dollar in addition to the amount required by said section.

BOATING AND BATHING

§ 194. Prohibition of business of renting of boats or bathing suits without a license

Cities and towns which accept this and the two following sections or have accepted corresponding provisions of earlier laws by a vote of the city council or of the town at a town meeting called for the purpose may prohibit any person from carrying on the business of renting boats or bathing suits, for use upon or in so much of the waters of any great pond as is situated within the town, without first obtaining a license so to do from the aldermen or selectmen.

§ 195. Posting of notices relative to statutes

The aldermen of such cities and the selectmen of such towns shall cause to be posted in the immediate vicinity of such ponds notices stating that sections one hundred and ninety-four to one hundred and ninety-six, inclusive, have been accepted by the city or town.

§ 196. Engagement in business without license

Whoever in such a city or town, without obtaining a license under section one hundred and ninety-four, if one is required, engages in the business described in said section, shall be punished by a fine of not more than ten dollars.

GENERAL PROVISIONS

§ 206. Public and semipublic outdoor inground swimming pools; enclosures; safety equipment; inspection; violations; penalty

Every public and semipublic outdoor inground swimming pool shall be enclosed by a fence six feet in height and firmly secured at ground level; provided, that any board or stockade fence or structure shall be at least five feet in height, but if over five feet in height, the fence shall be chain link. Such enclosure, including gates therein, shall not be less than six feet above the ground, and any gate shall be self-latching with latches placed four feet above the ground or otherwise made inaccessible from the outside to children up to eight years of age. Such enclosure shall be constructed of such material and maintained so as not to permit any opening in said enclosure, other than a gate, wider than three inches at any point along the enclosure. Any such pool shall be equipped with at least one life ring and a rescue hook.

Every outdoor inground swimming pool open to the public, other than a public inground swimming pool fed by a spring or stream shall be drained or covered within seven days of closing.

For the purposes of this section, "semipublic outdoor inground pool" shall mean a swimming or wading pool on the premises of, or used in connection with, a hotel, motel, trailer court, apartment house, country club, youth club, school, camp, or similar establishment where the primary purpose of the establishment is not the operation of the swimming facilities. Semipublic outdoor inground swimming pool shall also mean a pool constructed and maintained by groups for the purposes of providing bathing facilities for members and guests only.

Every public and semipublic outdoor inground swimming pool shall be inspected annually by the inspector of buildings of each city and town in which said pool is located.

Any owner or manager of such public or semipublic pool who fails to comply with the provisions of this section shall be punished by a fine of not more than one thousand dollars.

Added by St.1975, c. 397, § 1. Amended by St.1976, c. 253, § 1; St.1977, c. 223; St.1979, c. 708.

CHAPTER 140B

CONTROL OF CERTAIN JUNKYARDS

Sec.
1. Definitions.
2. Establishment or maintenance of junkyards; locations.
3. Rules and regulations.
4. Screening or relocation of junkyards.
7. Non-conforming junkyard as nuisance; abatement.
8. Violation; enforcement; penalties.

§ 1. Definitions

The following terms as used in this chapter shall, unless a different meaning clearly appears from the context, have the following meanings:

(*a*) "Junk", old or scrap copper, brass, rope, rags, batteries, paper, trash, rubber debris, waste, or junked, dismantled, or wrecked automobiles, or parts thereof, iron, steel, and other old or scrap ferrous or nonferrous material.

(*b*) "Automobile graveyard", any establishment or place of business which is maintained, used, or operated for storing, keeping, buying, or selling wrecked, scrapped, ruined, or dismantled motor vehicles or motor vehicle parts.

(*c*) "Junkyard", an establishment or place of business which is maintained, operated, or used for storing, keeping, buying, or selling junk, or for the maintenance or operation of an automobile graveyard, and the term shall include garbage dumps and sanitary fills.

(*d*) "Interstate system", that portion of the national system of interstate and defense highways located within the commonwealth, as officially designated or as may hereafter be so designated, by the state department of public works, and approved by the Secretary of Commerce, pursuant to the provisions of Title 23, United States Code.[1]

(*e*) "Primary system", that portion of connected main highways, as officially designated, or as may hereafter be so designated, by the state department of public works, and approved by the Secretary of Commerce, pursuant to the provisions of Title 23, United States Code.

(*f*) "Department", the state department of public works.

(*g*) "Commissioner", the commissioner of the state department of public works.

Added by St.1967, c. 600, § 1.

[1] 23 U.S.C.A. § 101 et seq.

§ 2. Establishment or maintenance of junkyards; locations

No person shall establish, operate or maintain a junkyard, any portion of which is within one thousand feet of the nearest edge of the right-of-way of any interstate or primary highway, unless such junkyard is:

(*a*) screened by natural objects, plantings, fences, or other appropriate means so as not to be visible from the main traveled way of the system, or otherwise removed from sight, or

(*b*) located within an area which is zoned for industrial use under authority of law, or

(*c*) located within an unzoned industrial area, which area shall be determined from actual land uses and defined by regulations promulgated by the commissioner, or

(*d*) is not visible from the main traveled way of the system.

Added by St.1967, c. 600, § 1.

§ 3. Rules and regulations

The department may promulgate such rules and regulations governing the location, planting, construction and maintenance of the screens or fences, including the materials used in screening or fencing, as may be required by this chapter.

Added by St.1967, c. 600, § 1.

§ 4. Screening or relocation of junkyards

If the department determines that the topography of the area adjoining the highway does not permit adequate screening of such junkyards or that the screening of such junkyards is not economically feasible, it may acquire by purchase or otherwise or take by eminent domain under chapter seventy-nine such land or interests in land as it deems necessary to secure the relocation, removal or disposal of the junkyards. The department shall pay the costs of such relocation, removal or disposal as approved by said department. If the department determines it to be in the best interests of the commonwealth, it may acquire by purchase or otherwise or take by eminent domain under chapter seventy-nine such land or interests in land as may be necessary to provide adequate screening of such junkyards.

Added by St.1967, c. 600, § 1.

§ 7. Non-conforming junkyard as nuisance; abatement

Any junkyard which does not conform to the requirements of this chapter shall be deemed a nuisance and the department may make application to the superior court for the county in which such junkyard is established or maintained for an injunction to abate such nuisances.

Added by St.1967, c. 600, § 1.

§ 8. Violation; enforcement; penalties

No person shall operate or maintain a junkyard in violation of the provisions of this chapter.

The state police and the police of the cities and towns shall enforce this chapter. Any person violating any provision of this chapter the punishment for which is not otherwise provided shall, upon conviction of the first offense, be punished by a fine of not less than fifty dollars nor more than one hundred dollars, or by imprisonment for not less than ten days nor more than thirty days, or both such fine and imprisonment; and shall upon conviction of a second or subsequent offense be fined not less than one hundred dollars nor more than five hundred dollars, or by imprisonment for not less than thirty days nor more than six months, or by both such fine and imprisonment; provided, however, that any person who violates the provisions of this chapter and of section sixty-eight of chapter one hundred and forty shall be prosecuted in accordance with the provisions of said section sixty-eight and upon conviction be subject to the penalty provided in said section.

Added by St.1967, c. 600, § 1.

§ 2. Application of statutes

Sections one through twenty-two, except section twenty-one, shall apply to all cities and towns.

Amended by St.1958, c. 332; St.1963, c. 228, § 1; St.1971, c. 604, § 1.

§ 3. Master plumbers or gas fitters, journeymen and apprentices; licensing; advertising; display of license or certificate

No person shall engage in the business as a master plumber or a master gas fitter or work as a journeyman plumber or as a journeyman gas fitter or as an apprentice plumber or as an apprentice gas fitter or as an undiluted liquefied petroleum gas installer or as a limited undiluted liquefied petroleum gas installer, nor solicit, by sign, listing or any other form of advertisement, work regulated or controlled by this chapter or by any ordinance, by-law, rule or regulation made hereunder, unless he is lawfully registered, or has been licensed by the examiners as provided in this chapter. Any person so licensed as a master plumber or a journeyman plumber may carry on the work of a gas fitter throughout the commonwealth, notwithstanding any local ordinance, by-law, rule or regulation to the contrary, and may engage in the work of installing house drainage and connecting with common sewers without being required to have any local license therefor, but shall be subject to local regulations relative to permits and bonding requirements. This section shall not apply to authorized employees of any gas company organized under chapter one hundred and sixty-four; said employees shall not require a gas fitter's license while performing work for said gas company.

The license or certificate of a journeyman plumber or a gas fitter or an apprentice plumber or a gas fitter shall be exhibited whenever required by an inspector of plumbing or gas fitting.

The license or certificate of a master plumber or a master gas fitter shall at all times be displayed conspicuously within his place of business. Any sign, listing or advertisement of a master plumber, a master gas fitter, a journeyman plumber or a journeyman gas fitter shall contain his designation and license number.

Amended by St.1948, c. 382; St.1958, c. 263; St.1959, c. 284; St.1960, c. 190; St.1963, c. 148, § 1; St.1963, c. 431, § 2; St.1977, c. 843, § 4.

§ 3A. Apprentices; licensing; application; employment; on-the-job training, rules and regulations

Every apprentice shall before starting his apprenticeship file an application, accompanied by the appropriate fee, with the examiners, requesting that he be issued an apprentice license. Said application shall be made on a form to be furnished by the examiners, and shall require the applicant to state his age, the date on which he is to commence his apprenticeship, the name and address of his employer, and such other information as the examiners may require. Upon receipt thereof the examiners shall license said applicant as an apprentice and shall forthwith mail to him a certificate to that effect.

A person may be employed as an apprentice plumber by a master plumber only. A person may be employed as an apprentice gas fitter by a master gas fitter only. Such apprentices shall work under the direct supervision of a master plumber or a journeyman plumber or a master or a journeyman gas fitter. A master plumber or a master gas fitter may employ one or more apprentices but not more than one apprentice may work under the direct supervision of a master plumber, a master gas fitter or a journeyman plumber or a journeyman gas filter.

Notwithstanding the provisions of this section, students in a vocational school accredited by the department of education, under the direct personal supervision of a master plumber or a journeyman who is certified as an instructor by the division of occupational education in said department shall be permitted to engage in an on-the-job training program, so-called, on installations approved by the examiners and conducted in cooperation with such a vocational school.

The examiners may formulate rules and regulations relative to said on-the-job training program.

Added by St.1963, c. 431, § 3. Amended by St.1973, c. 951; St.1977, c. 843, § 5.

§ 3B. Certificates of plumbing or gas fitting corporations or partnerships

A person duly licensed in the commonwealth as a master plumber or as a master gas fitter may apply to the examiners for a certificate of a plumbing corporation or for a certificate of a gas fitting corporation or a certificate of a plumbing partnership or a certificate of a gas fitting partnership upon payment of a fee of fifty dollars and a biennial renewal fee of fifty dollars. A certificate of a plumbing corporation shall authorize a master plumber to conduct the plumbing and gas fitting business as a corporation, a certificate of a gas fitting corporation shall allow a master gas fitter to conduct the gas fitting business as a corporation, provided, that in a plumbing corporation the master plumber and in a gas fitting corporation the master gas fitter is an officer of the corporation organized under the laws of the commonwealth to engage in the business of plumbing or in the business of gas fitting. A certificate of plumbing partnership shall authorize a master plumber to conduct the plumbing and gas fitting business as a partnership, a certificate of a gas fitting partnership shall authorize a master gas fitter to conduct the gas fitting business as a partnership; provided, that all partners in a plumbing partnership are master plumbers and in a gas fitting partnership all partners are master gas fitters. For the purpose of this section, a gas company, as defined in section one of chapter one hundred and sixty-four, shall be deemed a gas fitting corporation.

Added by St.1969, c. 731, § 2. Amended by St.1977, c. 843, § 6; St.1979, c. 109.

§ 4. Rules of examiners; qualifications of applicants; applications; examinations; issuance of license; probationary license; credit for veterans

Text of section as amended by St.1977, c. 378, § 2, effective January 1, 1980

The examiners may make such rules as they deem proper for the performance of their duties and rules governing the qualifications of applicants for examination, which shall take effect when approved by the general court and by the department of public health. They shall examine each applicant desiring to engage in the business of a master plumber or to work as a journeyman, as to his practical knowledge of plumbing, house drainage, plumbing ventilation and gas fitting, as such term is construed in section twelve H of chapter twenty-five, and shall subject him to a practical test satisfactory to the examiners, who if satisfied of his competence shall issue to him a license as applied for. They shall hold frequent examinations in the city of Boston and shall also hold examinations twice each year in five other locations in the commonwealth. Public notice shall be given of all examinations. Every application for examination shall be in the handwriting of the applicant who shall be notified by the examiners of the time and place of examination. The examiners may, without payment of any fee, issue a probationary license in force for six months to a person who, having worked as an apprentice, or under a verbal agreement for instruction, for not less than three years, presents an application therefor with the signed endorsement of his employer agreeing to be responsible for all work done under the license and to have the licensee, at the expiration of the license, present himself for examination as a journeyman.

They shall grant a credit of five per cent to the examination standing of each applicant who is a veteran, as defined in clause Forty-third of section seven of chapter four.

Amended by St.1946, c. 502; St.1947, c. 382; St.1954, c. 627, § 30; St.1962, c. 488; St.1967, c. 282; St.1977, c. 378, §§ 1, 2.

§ 4. Rules of examiners; qualifications of applicants; applications; examinations; issuance of license; probationary license; credit for veterans

Text of section as amended by St.1977, c. 843, § 6

The examiners may make such rules as they deem proper for the performance of their duties and rules governing the qualifications of applicants for examination, which shall take effect when approved by the general court and by the department of public health. They shall examine each applicant desiring to engage in the business of a master plumber or a journeyman plumber, as to his practical knowledge of plumbing, house drainage, plumbing ventilation, and gas fitting. They shall examine each applicant desiring to engage in the business of a master gas fitter or a journeyman gas fitter as to his practical knowledge pertaining to gas fitting, natural and manufactured gas and the installation of undiluted liquefied petroleum. They shall examine each person who applies to be licensed as an undiluted liquefied petroleum gas installer, and each person who applies to be licensed as a limited undiluted liquefied petroleum gas installer. They shall subject each applicant to a practical test satisfactory to the examiner, who, if satisfied of his competence, shall issue to him a license as applied for. They shall hold frequent examinations in the city of Boston, and also at such other convenient places within the commonwealth as they deem necessary. Public notice shall be given of all examinations. Every application for examination shall be in the handwriting of the applicant who shall be notified by the examiners of the time and place of examination. The examiners may, without payment of any fee, issue a probationary license in force for six months to a person who, having worked as an apprentice, or under a verbal agreement for instruction, for not less than three years, presents an application therefor with the signed endorsement of his employer agreeing to be responsible for all work done under the license and to have the licensee, at the expiration of the license, present himself for examination as a journeyman.

They shall grant a credit of five per cent to the examination standing of each applicant who is a veteran, as defined in clause Forty-third of section seven of chapter four.

Amended by St.1946, c. 502; St.1947, c. 382; St.1954, c. 627, § 30; St.1962, c. 488; St.1967, c. 282; St.1977, c. 843, § 6.

For text of section as amended by St.1977, c. 378, § 2, effective January 1, 1980, see § 4, ante

§ 4A. Plumbers employed by cities, institutions or corporations; installations and repairs

Master plumbers, journeymen, or apprentice plumbers, regularly employed by cities and towns or by institutions or corporations that are not engaged in the business of plumbing, may install such plumbing or make such repairs as may be required on the premises and property owned or leased and occupied by such cities, towns, institutions or corporations, provided that all such work performed by said plumbers shall be in compliance with the pertinent sections and provisions of this chapter.

Added by St.1969, c. 731, § 3.

§ 5. Fees for licenses and examinations

The fee for the first license of a master plumber or a master gas fitter shall be twenty-five dollars; for any biennial renewal thereof, twenty-four dollars; and for an examination therefor, twenty dollars. The fee for the first license of a journeyman plumber or a journeyman gas fitter shall be ten dollars, for any biennial renewal thereof, twelve dollars; and for an examination therefor, ten dollars. The fee for the first license of an apprentice shall be three dollars and for any biennial renewal thereof, six dollars. The fee for the original license of an undiluted liquefied petroleum gas installer shall be twenty dollars; for any biennial renewal fee thereof, twelve dollars and for an examination therefor, ten dollars. The fee for the original license of a limited undiluted petroleum gas installer shall be twenty dollars; for any biennial renewal fee therefor, ten dollars.

Amended by St.1954, c. 200; St.1963, c. 431, § 4; St.1965, c. 645, § 1; St.1966, c. 209; St.1971, c. 533; St.1977, c. 843, § 7.

§ 6. Territorial coverage, transfer term, renewal, suspension and revocation of licenses; names of licensees forwarded to towns; registration

Licenses and certificates issued by the examiners shall be valid throughout the commonwealth, but shall not be assignable or transferable. The examiners shall forward to the board of health of each town, or to the inspector of buildings having control of the enforcement of regulations relative to plumbing and gas fitting in such town, the names and addresses of all persons in such town to whom such licenses have been granted. Licenses shall be issued for two years and may be renewed every two years on or before May first, or in case of absence, sickness or other disability of the holder, on or before such later date as the examiners may permit, upon payment of the required fee. Each holder of a master plumber's or a master gas fitter's certificate or license shall register his name and business address with said inspector of buildings if he has such control, otherwise with the board of health, in the town wherein he desires to engage in business as a master plumber or a master gas fitter. Any such license or certificate may, after notice and hearing, be suspended or revoked by the examiners upon the violation by the holder thereof of any statute, ordinance, by-law, rule or regulation relative to plumbing or gas fitting, upon failure or refusal of the holder thereof to comply with the rules and requirements of the examiners, or for other sufficient cause. In case of failure to renew a license aforesaid on or before May first in any year or such later date as the examiners may permit as aforesaid, the person named therein may, upon payment of the said fee and, at the discretion of the examiners, a deferred renewal fee of ten dollars, increased by such additional fees as would have been payable had such license been continuously renewed, receive a deferred renewal thereof which shall expire on the ensuing first day of May; provided, that such renewed license shall not constitute its holder a licensee for any period preceding its issue.

Amended by St.1934, c. 347, § 2; St.1965, c. 645, § 2; St.1977, c. 843, § 7.

§ 7. Notice to examiners of violation of statute, ordinance or regulation

If, in the opinion of such inspector of buildings, if any, otherwise of the board of health, of a town, the holder of a license or certificate violates any statute, ordinance, by-law, rule or regulation relative to plumbing and gas fitting, said inspector or board of health of the town where such violation is committed shall give notice thereof to the examiners.

Amended by St.1977, c. 843, § 7.

§ 8. Repealed by St.1965, c. 358, § 1

§ 9. Local inspectors in towns regulated by rules of examiners; appeals from decisions; decisions of examiners

Within thirty days after rules have taken effect as provided in the preceding section, the local board of health shall appoint an inspector of plumbing and gas fitting having the qualifications and duties specified in sections eleven and twelve to hold office for three years unless, after hearing, sooner removed for cause. He shall receive from the town compensation to be fixed by the appointing board, subject to the approval of the selectmen. Appeal from a decision of such inspector may be made to the examiners within ten days from the date of notice of his decision. The appellant shall deposit five dollars with the examiners to be returned if the appeal is sustained, otherwise to be paid to the commonwealth. The decision of the examiners, a copy of which shall be served on each person interested, shall be subject to the approval of the department of public health and to review by the superior court.

Amended by St.1977, c. 843, § 8.

§ 10. Inspection districts; expense

Two or more towns may unite in forming an inspection district, the expense thereof to be paid on such basis as may be agreed upon by the boards of health thereof.

§ 11. Inspectors appointed from civil service list; approval of plumbing or gas fitting; exemption

The said inspector of buildings, if any, otherwise the board of health, of each city and town, shall, within three months after it becomes subject to sections one to sixteen, inclusive, appoint from the classified civil service list one or more inspectors of plumbing and one or more inspectors of gas fitting, who shall, in the case of the inspectors of plumbing, be practical plumbers and shall have had practical experience either as master or journeymen plumbers, continuously, during five years next preceding their appointment and in the case of inspectors of gas fitting, be practical gas fitters and shall have had practical experience either as master or journeymen gas fitters, continuously, during five years next preceding their appointment; provided, that any time spent in wartime service as defined in clause Forty-third of section seven of chapter four shall be deemed a part of the continuous practical experience so required; provided, however, that any such city or town may appoint plumbing inspectors who shall also be gas fitting inspectors. Such inspector of buildings or board may remove them subject to chapter thirty-one, and shall, subject to approval of the city council or board of selectmen, fix their compensation, which shall be paid by the city or town. Said inspectors of plumbing or inspectors of gas fitting shall inspect all plumbing or gas fitting, as the case may be, in the process of construction, alteration or repair for which permits are granted within their respective cities and towns, and shall report to their appointing power or board violations of any law, ordinance, by-law, rule or regulation relative to plumbing or gas fitting; they shall perform such other appropriate duties as may be required. The approval of plumbing or gas fitting by any inspectors other than those provided for by this chapter shall not be a compliance therewith.

In a town having a population of less than five thousand persons the appointment of a plumbing inspector shall be exempt from the provisions of chapter thirty-one.

Amended by St.1945, c. 703, § 11; St.1954, c. 627, § 31; St.1977, c. 843, § 9; St.1978, c. 289, § 1.

§ 12. Additional inspectors; inspector engaging in plumbing or gas fitting work

No inspector of plumbing or inspector of gas fitting shall inspect or approve any plumbing or gas fitting work done by himself, his employer, employee or one employed with him, but in a city or town subject to sections one to sixteen, inclusive, the said inspector of buildings, or the board of health, shall in the manner provided in the preceding section appoint an additional inspector of plumbing or inspector of gas fitting as therein provided, who shall inspect plumbing or gas fitting so done. Said additional inspector may act in the absence or disability of the local inspector and for his services shall receive like compensation.

This section shall not apply to any city or town establishing an annual salary for an inspector of plumbing or inspector of gas fitting, and in such city or town an inspector of plumbing or inspector of gas fitting shall not engage or work at the business of plumbing or gas fitting; provided, however such an inspector may perform the work of a journeyman plumber or gas fitter outside the area over which he exercises jurisdiction as an inspector.

Amended by St.1977, c. 843, § 9; St.1978, c. 560, § 1.

§ 13. Regulations

In all cities and towns, the examiners, subject to the approval of the department of public health, shall make and from time to time in like manner alter, amend, and repeal rules and regulations relative to the construction, alteration, repair and inspection of plumbing in such cities and towns, which rules and regulations shall be reasonable, uniform and based on generally accepted standards of plumbing practice; provided, however, that the application of such rules and regulations may be varied by the examiners in a particular city or town upon petition of the board of health or health department thereof. The examiners shall adopt a regulation requiring all cities and towns to use a uniform application for a permit to perform plumbing work.

The examiners, subject to the approval of the department of public safety, shall make and from time to time in like manner alter, amend, and repeal rules and regulations relative to gas fitting in buildings throughout the commonwealth, and relative to liquefied petroleum gas fitting containers and regulating equipment in such buildings, which rules shall be reasonable, uniform, based on generally accepted standards of engineering practice, and designed to prevent fire, explosion, injury and death, and not inconsistent with rules and regulations relative to the distribution of natural gas which are promulgated pursuant to chapter one hundred and sixty-four or the provisions of chapter one hundred and forty-two or the rules and regulations made under the authority thereof. Any person aggrieved by a ruling interpreting the rules and regulations made under this paragraph, including any person aggrieved by any such rule made by the building commissioner of Boston, may appeal to the examiners in writing within ten days after such ruling; and, subject to the provisions of chapter thirty A relative to adjudicatory proceedings, said examiners shall hear and decide such appeal. Subject to said provisions of chapter thirty A, such decision shall be final and binding upon, and complied with by, all parties in interest.

Amended by St.1934, c. 284; St.1954, c. 157; St.1963, c. 228, § 2; St.1965, c. 358, § 2; St.1971, c. 604, § 2; St.1973, c. 193; St.1975, c. 706, § 286; St.1977, c. 843, § 9; St.1978, c. 249.

§ 14. Persons learning plumbing and gas fitting businesses

Sections one to sixteen, inclusive, shall apply to all persons learning the business of plumbing and gas fitting when they are sent out to do the work of a journeyman.

Amended by St.1977, c. 843, § 9.

§ 15. Reports by inspectors of buildings and boards of health

Inspectors of buildings and boards of health shall annually, before June first, make a detailed report to their respective cities or towns of all their proceedings under sections one to sixteen, inclusive, during the preceding year.

Amended by St.1952, c. 112.

§ 16. Work or employment of workers without required license; violation of statute, ordinance or regulation by persons, cities or towns

Every person engaged in the business of a master plumber or a master gas fitter or working as a journeyman plumber or a journeyman gas fitter or as an apprentice gas fitter or an apprentice plumber or as an undiluted liquefied petroleum gas installer or a limited undiluted liquefied petroleum gas installer not lawfully registered or licensed, if required by the chapter, every person engaging in or working at the business or plumbing or gas fitting in a city or town when forbidden to do so under section seven, every master plumber or master gas fitter who engages or employs any person to work as a journeyman or as an apprentice who has not been so licensed, and every person violating any provision of sections one to fifteen, inclusive, of this chapter or any ordinance, by-law, rule or regulation made thereunder, shall be punished by a fine not exceeding one hundred dollars. Any city or town subject to the preceding sections of this chapter neglecting to comply with any of its provisions shall forfeit fifty dollars to the commonwealth for each month during which such neglect continues.

Amended by St.1963, c. 431, § 5; St.1977, c. 843, § 10.

§ 17. Statements by manufacturer on range boilers and water heaters; certificates relative to cast iron water fronts, heater elements and hot water tanks

No range boiler, tank, vessel or container, ferrous or non-ferrous, in which water is to be heated or stored under pressure for domestic, culinary or sanitary purposes, in this section and in sections eighteen and nineteen referred to as hot water tanks, shall be sold or offered for sale unless it is plainly marked by the manufacturer, by stamping into the metal of the tank, or on a metal plate permanently attached to the tank, in a conspicuous place, as follows:—

A. Manufacturer's name or registered trade mark.

B. Rated capacity of hot water tank in United States gallons.

C. Hydrostatic pressure in pounds per square inch at which the tank has been tested by the manufacturer, following the words "Tested to".

D. Maximum allowable working pressure in pounds per square inch.

Notwithstanding the requirements of the preliminary paragraph and paragraphs A to D, inclusive, of this section, the markings therein referred to shall not be required, in the case of cast iron hot water fronts, so called, or hot water tanks that are insulated or enclosed in a jacket or casing, to be stamped into the metal thereof or to be stamped on a metal plate permanently attached thereto; provided, that any manufacturer selling such hot water fronts within the commonwealth shall in writing certify to the department of public safety and the board of state examiners of plumbers that every such water front sold by him complies with the pertinent provisions of law; and provided, further, that any manufacturer of hot water tanks that are insulated or enclosed in a jacket or casing which are to be sold within the commonwealth shall certify in writing to the department of public safety and the board of state examiners of plumbers that every such tankless water heater coil or element, or hot water tank manufactured by him complies with the pertinent provisions of law, and shall permanently attach to the largest segment of said jacket or casing, in a conspicuous place, a metal plate which has stamped into the metal thereof the requirements of paragraphs A to D, inclusive.

Amended by St.1936, c. 234; St.1941, c. 518, § 1; St.1945, c. 477; St. 1955, c. 612, § 1.

§ 18. Construction, installing, relocating and repairing requirements; capacity; strength; solder; pressure

No hot water tank shall be repaired, relocated or installed and connected, unless it meets the following construction requirements:—

A. The actual capacity of a hot water tank shall be within seven and one half per cent of the capacity stamped on the tank.

B. A hot water tank shall be so constructed by riveting, welding, or otherwise, as to withstand the stamped test pressure without visible permanent distortion, and be so designed as to have an ultimate strength sufficient to withstand a hydrostatic pressure twenty-five per cent higher than the stamped test pressure.

C. Solder which melts at a temperature below seven hundred degrees Fahrenheit shall not be used to hold the tank together, but may be used to make it water tight, cistern tanks excepted.

D. A hot water tank in which water is to be heated or stored under pressure greater than fifteen pounds per square inch shall have a stamped test pressure of not less than two hundred pounds per square inch.

E. The maximum working pressure at which a hot water tank may be installed shall not be greater than fifty per cent of the test pressure marked on the tank.

Amended by St.1941, c. 518, § 2; St.1976, c. 39, § 1.

§ 19. Safety devices for hot water tanks; statements by manufacturer; approval; pipes and fittings

No hot water tank shall be installed and connected unless it is protected with safety devices as follows:—

A. A hot water tank in which water is to be heated or stored under pressure greater than fifteen pounds per square inch shall be equipped with a suitable pressure relief valve installed in a tapping in the tank or in the cold water supply line, or the hot water outlet line, with no shut-off valve between the relief valve and the tank. The pressure relief valve shall be set by the manufacturer to operate at a pressure not more than the maximum working pressure stamped on the tank or jacket or casing, and shall be so constructed that said setting cannot be exceeded by normal means of adjustment.

B. A hot water tank to which a heating device or appliance capable of delivering water to the tank at a temperature greater than two hundred and twelve degrees Fahrenheit is connected shall be equipped with a suitable temperature relief valve so adjusted and installed as to prevent development of, or accumulation of, water which is at a temperature in excess of two hundred and twelve degrees Fahrenheit. Said temperature relief valve shall be installed in a tapping directly in or on the tank, within twelve inches of the top of a vertical tank, or within six inches of the top of a horizontal tank, with no fittings between the valve and the tank, except that a bushing may be used to reduce the tapping to fit the valve, or the valve shall be installed in the hot water outlet pipe as close to the top of the tank as possible. In no case shall the heat sensitive member of the temperature relief valve be more than five inches away from the top of the tank. The discharge outlet of the temperature relief valve shall be connected by means of a non-ferrous pipe or tubing not less than three eighths inch inside diameter, with no shut-off, to an open plumbing fixture, or to within twelve inches of the basement floor. A thermostatically controlled hot water tank may be protected by an automatic fuel shut-off device in addition to the thermostat. Such shut-off device shall be installed in the same location and perform the same function as said temperature relief valve.

C. All parts of temperature and pressure relief valves which are in contact with water shall be made of non-ferrous metals or materials having suitable corrosion resisting properties. All pipe and fittings between relief valves and the hot water tank shall be of non-ferrous metals.

D. Relief valves shall be marked by the manufacturer, by stamping or casting in the metal of the valve, or on a metal tag permanently attached to the valve, as follows:—

1. Manufacturer's name or registered trade mark.
2. The type or style, or the type and style, of the valve.
3. The pressure setting of the valve in pounds per square inch.
4. The temperature setting in degrees Fahrenheit.
5. Temperature relieving capacity in B. T. U. per hour.

Notwithstanding the requirements of paragraph B of this section, the protective devices specified therein shall not be required in the case of that portion of tankless water heaters which contain water to be heated or stored under the provisions of section seventeen. Said portion of tankless water heaters shall be equipped with a pressure relief valve and an automatic tempering device, set to deliver water not exceeding one hundred and eighty degrees Fahrenheit and located between said tankless water heater and any hot water supply pipe which it serves.

All pipes and fittings between the tankless water heater and the pressure relief valve and the tempering device shall be of non-ferrous metals. All parts of the tempering device which are in contact with the water shall be of non-ferrous metals or other materials having suitable corrosion-resisting properties. Said tempering device shall be marked by the manufacturer by casting or stamping in the metal of the device, or on a metal tag permanently attached to the device, as follows:—

1. Manufacturer's name or registered trade name.
2. The type or style, or the type and style, of the device.
3. The temperature settings, in degrees Fahrenheit, plainly marked.

E. Temperature and pressure relief valves and other devices referred to in this section shall be subject to the approval of the inspectors of plumbing or other proper authorities.

F. All pipes and fittings in the circulating system between a hot water tank and the heating device or appliance shall be non-ferrous, and of ample size so as to make it possible to heat seventy-five per cent of the available water in the tank without raising the temperature of any part of the water above two hundred and twelve degrees Fahrenheit.

G. No hot water tank shall be installed without being equipped with an approved device located so as to prevent any partial vacuum therein.

Amended by St.1941, c. 518, § 3; St.1955, c. 612, § 2; St.1976, c. 39, § 2.

§ 20. Installed or junked range boilers

The three preceding sections shall not apply to the sale or offering for sale of installed range boilers or to the sale or offering for sale of range boilers as junk.

§ 21. Buildings used by commonwealth

The examiners shall formulate rules relative to the construction, alteration, repair and inspection of all plumbing and gas fitting work in buildings owned and used by the commonwealth, subject to the approval of the department of public health, and all plans for plumbing and gas fitting in such buildings shall be subject to the approval of the examiners.

Added by St.1938, c. 302. Amended by St.1977, c. 843, § 11.

§ 22. Enforcement and violation of statutes

Whoever violates any provision of section seventeen, eighteen or nineteen shall be punished by a fine of not more than fifty dollars. Inspectors of plumbing or other proper authorities shall cause the provisions of said sections to be enforced.

Added by St.1941, c. 518, § 4.

GENERAL PROVISIONS

§ 1. Definitions

In this chapter the following terms, unless a contrary meaning is required by the context or is specifically prescribed, shall have the following meanings:

"Alteration", change in or addition to a building which reduces the means of exit or fire resistance or changes its structural support, use or occupancy.

"Building", a combination of any materials, whether portable or fixed, having a roof, to form a structure for the shelter of persons, animals or property. For the purpose of this definition "roof" shall include an awning or any similar covering, whether or not permanent in nature. The word "building" shall be construed where the context requires as though followed by the words "or part or parts thereof".

"Commission", the state building code commission established by section sixteen of chapter twenty-three B.

"Commissioner", the commissioner of public safety.

"Department", department of public safety.

"Inspector", an inspector in the division of inspection of the department, except when qualified by the word "local", whereupon it shall mean the inspector of buildings, building commissioner or local inspector of a city, town or district, unless otherwise provided in this chapter.

"Repair", the reconstruction or renewal of a building or structure or part thereof damaged by fire or other cause.

"Specialized code", all building codes, rules or regulations pertaining to building construction, reconstruction, alteration, repair or demolition promulgated by and under the authority of the various boards which have been authorized from time to time by the general court.

"State building code", the state building code and amendments and rules and regulations thereto as promulgated by the state building code commission under sections sixteen, seventeen and eighteen of chapter twenty-three B.

"Structure", a combination of materials assembled at a fixed location to give support or shelter, such as a building, framework, retaining wall, tent, reviewing stand, platform, bin, fence, sign, flagpole, recreational tramway, mast for radio antenna or the like. The word "structure" shall be construed, where the context allows, as though followed by the words "or part or parts thereof".

"Theatre", a building or part thereof in which it is intended to make a business of the presentation of performances for the entertainment of spectators, which has a seating capacity of more than four hundred, with a stage which can be used for scenery and other appliances.

Amended by St.1941, c. 694; St.1943, c. 544, § 7B; St.1943, c. 546, § 1; St.1945, c. 480; St.1946, c. 363, § 1; St.1955, c. 662, § 1; St.1959, c. 446, § 1; St.1962, c. 720, § 1; St.1966, c. 614, § 5; St.1970, c. 199, §§ 1 to 3; St.1970, c. 888, § 20; St.1971, c. 779, § 1; St.1971, c. 1098, §§ 1, 2; St.1972, c. 785, § 9; St.1972, c. 802, § 12; St.1974, c. 541, §§ 10, 11.

§ 2A. Buildings operated by commonwealth or its subdivisions; window cleaners

The provisions of this chapter relative to the safety of persons in buildings shall apply to buildings and structures, other than the state house, owned, operated or controlled by the commonwealth, and to buildings and structures owned, operated or controlled by any department, board or commission of the commonwealth, or by any of its political subdivisions, in the same manner and to the same extent as such provisions apply to privately owned or controlled buildings occupied, used or maintained for similar purposes. The provisions of this chapter relative to the inspection of buildings privately owned shall apply in the same manner to the inspection of buildings subject to this section. Notwithstanding any other provision of law to the contrary, the provisions of the state safety code for window cleaners shall also be applicable to the state house in the same manner and to the same extent as such provisions apply to privately owned or controlled buildings.

Added by St.1948, c. 582, § 1. Amended by St.1951, c. 430; St.1972, c. 802, § 13.

INSPECTION OF BUILDINGS

§ 3. Inspector of buildings or building commissioner; local inspectors; employment and designation; qualifications; city or town without local inspectors

The chief administrative officer of each city or town shall employ and designate an inspector of buildings or building commissioner as well as such other local inspectors as are reasonably necessary to assist the inspector of buildings or building commissioner to administer and enforce the state building code. The building commissioner or inspector of buildings shall be the administrative chief in a city or town responsible for administering and enforcing the state building code. Any additional persons employed by a city or town to assist the building commissioner or inspector of buildings in the performance of his duties shall be called local inspectors. The local inspector shall also be responsible for enforcing the state building code. The inspector of buildings or building commissioner shall report directly and be solely responsible to the person or public body that appointed him. Two or more cities or towns may combine and share expenses in the appointment of any building commissioner or inspector of buildings and local inspectors. If the board of selectmen of two or more towns so vote, such towns may enter into an agreement with the county commissioners of the county wherein such towns are located relative to the appointment and compensation of a building commissioner or inspector of buildings and local inspectors. The county commissioners shall apportion the budget approved for the building commission or inspector of buildings and local inspectors in accordance with said agreement. Said apportionment shall forthwith be certified by said commissioners to the board of selectmen of each member town and the amounts so certified shall be appropriated and paid to the county treasurer in accordance with provisions of said agreement.

Each inspector of buildings or building commissioner shall have had at least five years of experience in the supervision of building construction or design or in the alternative a four year undergraduate degree in a field related to building construction or design. In addition, such persons shall have had a general knowledge of the quality and strength of building materials; a general knowledge of the accepted requirements for building construction, fire prevention, light, ventilation and safe exits; and a general knowledge of other equipment and materials essential for safety, comfort, and convenience of the occupants of a building or structure.

Each local inspector shall have had at least five years of experience in the supervision of building construction or design or in the alternative a two year associate degree in a field related to building construction or design. In addition, such persons shall have a general knowledge of the quality and strength of building materials; a general knowledge of the accepted requirements for building construction, fire prevention, light, ventilation and safe exits; and a general knowledge of other equipment and materials essential for safety, comfort, and convenience of the occupants of a building or structure.

In the event that a city or town shall be without a local inspector, the commission may, with the approval of the commissioner, direct an inspector to temporarily fulfill the duties of the local inspector for a period not to exceed thirty days. In such an event the inspector shall have all the powers of a local inspector. Each city or town shall reimburse the commonwealth for the actual cost of such services provided.

The clerk of each city and town shall annually, not later than April first, transmit to the commission in writing the name and official address of each inspector of buildings or building commissioner and each local inspector in such city or town.

Added by St.1943, c. 544, § 2. Amended by St.1945, c. 674, § 1; St.1946, c. 363, § 2; St.1946, c. 423; St.1949, c. 156, §§ 3, 4; St.1951, c. 85; St.1958, c. 515; St.1959, c. 607, § 2; St.1968, c. 499, § 1; St.1972, c. 802, § 15; St. 1973, c. 1152, § 1; St.1974, c. 541, § 11A; St.1975, c. 426.

§ 3A. Enforcement of state building code as to structures or buildings; review of orders, practices, etc.; reports

Unless otherwise provided by the provisions of the state building code, the local inspector shall enforce the state building code as to any building or structure within the city or town from which he is appointed, including any building or structure owned by any authority established by the legislature but not owned by the commonwealth, and such state building code shall be the code for all buildings and structures within such city or town. In the event of a conflict between said code and a statute, ordinance or by-law regulating any historic district, regional historic district or architecturally controlled district, provisions of any such statute, ordinance or by-law regulating exterior architectural features within such district shall prevail. The inspector shall enforce the state building code as to any building or structure within any city or town that is owned by the commonwealth or any departments, commissions, agencies or authorities of the commonwealth. The inspector shall have all the powers of a local inspector under this chapter and under the state building code as to such buildings or structures that are owned by the commonwealth or any of its departments, agencies, commissions or authorities.

The inspector may review any order or decision of a local inspector. The inspector shall supervise the enforcement of the state building code, make periodic reviews of all local building inspection practices and make recommendations for improvement of such practices. Reports of such reviews shall be filed with the commission.

The provisions of this section shall not apply to bridges and their appurtenant supporting structures which have been or are to be constructed by or are under the custody and control of the department of public works or the Massachusetts Turnpike Authority or for which said department or authority has maintenance responsibility.

Added by St.1943, c. 544, § 2. Amended by St.1945, c. 482, § 1; St.1972, c. 802, § 16; St.1974, c. 541, § 12; St.1975, c. 144, § 2; St.1979, c. 617, § 2.

§ 3L. Regulations relative to electrical wiring and fixtures; notice of electrical installation

The board of fire prevention regulations shall make and promulgate, and from time to time may alter, amend and repeal, rules and regulations relative to the installation, repair and maintenance of electrical wiring and electrical fixtures used for light, heat and power purposes in buildings and structures subject to the provisions of sections three to sixty, inclusive, and the state building code. Such regulations shall be in accordance with generally accepted standards of engineering practice, and shall be designed to provide reasonable uniform requirements of safety in relation to life, fire and explosion.

Upon the making of such rules and regulations and prior to their promulgation, the board shall hold a public hearing thereon, notice of which shall be given by advertising in at least one newspaper in each of the cities of Boston, Worcester, Springfield, Fall River, Lowell and Lynn, at least ten days before said hearing. If, subsequent to their being deposited with the state secretary, as provided herein, the board on its own initiative contemplates changes in said rules and regulations, or if a petition is filed by any other person for changes therein, like notice and a hearing shall be given and held before the adoption thereof.

Such rules and regulations, and any alterations, amendments or repeals thereof shall be deposited with the state secretary, and the same shall become effective when so deposited.

No person shall install for hire any electrical wiring or fixtures subject to this section without first or within five days after commencing the work giving notice to the inspector of wires appointed pursuant to the provisions of section thirty-two of chapter one hundred and sixty-six. Said notice shall be given by mailing or delivering a permit application form prepared by the board, to said inspector. Any person failing to give such notice shall be punished by a fine not exceeding twenty dollars. This section shall be enforced by the inspector of wires within his jurisdiction and the state examiners of electricians.

Any person installing for hire electrical wiring or fixtures subject to this section shall notify the inspector of wires in writing upon the completion of the work. The inspector of wires shall, within five days of such notification, give written notice of his approval or disapproval of said work. A notice of disapproval shall contain specifications of the part of the work disapproved, together with a reference to the rule or regulation of the board of fire prevention regulations which has been violated.

Added by St.1950, c. 617, § 1. Amended by St.1956, c. 403; St.1959, c. 355; St.1961, c. 531, § 2; St.1972, c. 802, § 18; St.1977, c. 64, § 1.

§ 3N. Gas fitting; permit; notice; penalties

No person shall engage in gas fitting in the city of Boston without first making application to the building commissioner of said city and obtaining a permit therefor in accordance with the state building code; nor shall any person engage in gas fitting in any other city or town without first giving such notice as shall be prescribed by rules and regulations made by the board established under section twelve H of chapter twenty-five.

Whoever violates any provision of this section shall be punished by a fine of not more than five hundred dollars.

Rules and regulations adopted under section twelve H of chapter twenty-five may provide penalties for the violation thereof not exceeding five hundred dollars for any one offence and may provide that each day during any portion of which a violation is permitted to exist shall be a separate offence.

Added by St.1960, c. 737, § 2. Amended by St.1972, c. 802, § 19.

§ 3O. Gas fitting; appointment and duties of inspector

Each city and town shall provide by ordinance or by-law for the appointment of an inspector of gas piping and gas appliances in buildings who shall be a licensed plumber or licensed gas fitter. Said inspector shall enforce the rules and regulations adopted by the board established under section twelve H of chapter twenty-five.

Said inspector shall also issue permits for the installation of containers of liquefied petroleum gas, and he shall inspect such installation and the regulating equipment used in connection therewith. He shall notify the head of the fire department, as defined in section one of chapter one hundred and forty-eight, of each permit so issued and the location of each container of liquefied petroleum gas installed thereunder.

A town in which the only gas available is undiluted liquefied petroleum gas and in which no licensed plumber or licensed gas fitter is available for appointment as an inspector of gas piping and gas appliances in buildings may appoint a licensed undiluted liquefied petroleum gas installer to inspect gas piping and gas appliances in buildings. The appointing authority of such town shall certify to the board established under section twelve H of chapter twenty-five that the only gas available in such town is undiluted liquefied petroleum gas and that a licensed plumber or licensed gas fitter is not available therein.

If a city or town fails to provide for the appointment of a gas inspector as required by this section, said board shall cause gas inspections to be made therein, so long as such failure continues, by a gas inspector of a city or town within the same county who shall be designated by the board from time to time. The cost of such inspections shall be paid by the city or town which failed to provide for the appointment of a gas inspector.

Added by St.1960, c. 737, § 2. Amended by St.1963, c. 217; St.1964, c. 170; St.1964, c. 312, § 2; St.1966, c. 161.

§ 3Q. Convalescent, nursing, etc., homes; rules and regulations regarding safety of persons and fire prevention

Notwithstanding any other provision of law to the contrary, the provisions of this chapter relative to the safety of persons and the prevention of fire in convalescent or nursing homes, rest homes and charitable homes for the aged licensed under the provisions of section seventy-one of chapter one hundred and eleven, including the regulation of the inspection, materials, construction, alteration and repair of such homes, shall be enforced under rules and regulations promulgated by the department and the state building code commission. Except in the case of new construction addition, alteration, such rules and regulations may provide for the installation of a sprinkler system where, after hearing, the department finds such system necessary for the safety of persons; provided, however, that where a sprinkler system would be unnecessary or impractical because of the location, size or construction of a home or because the home is authorized to contain not more than twenty-five beds, the department may require alternative methods of fire protection. An automatic sprinkler system shall be provided throughout any newly-constructed home, and in the case of any existing home where the licensee proposes an addition or alteration, as defined in the state building code, an automatic sprinkler system shall be installed in the course of such addition or alteration to such extent as the department may direct in accordance with such rules and regulations.

Added by St.1962, c. 630, § 1. Amended by St.1966, c. 614, § 6; St.1968, c. 406; St.1972, c. 802, § 20; St.1977, c. 868, §§ 3, 4.

§ 3R. Apartment houses; exterior doors and locks

At least one of the doors of the main common entryway into every apartment house having more than three apartments shall be so designed or equipped as to close and lock automatically with a lock, including a lock with an electrically-operated striker mechanism, a self-closing door and associated equipment, and such lock, door or equipment shall be of a type approved by the state building code commission. Every door of the main common entryway and every exterior door into every such apartment house, other than the door of such main common entryway which is equipped as provided in the preceding sentence, shall be equipped with a lock of a type approved by said state building code commission; provided, however, that the said commission may, in writing, waive any of the requirements of this section in appropriate cases in which, in its opinion, other security measures are in force which adequately protect the residents of such apartment house. Whoever, being in control of such premises, willfully and knowingly violates the provisions of this section shall be punished by a fine of not more than five hundred dollars.

This section shall not apply to lodging houses, as defined in section twenty-two of chapter one hundred and forty, dormitories of charitable, educational or philanthropic institutions, or projects of housing authorities, as defined in chapter one hundred and twenty-one B.

Added by St.1965, c. 464, § 1. Amended by St.1967, c. 142; St.1967, c. 735, § 1; St.1968, c. 319; St.1969, c. 303; St.1972, c. 802, § 21; St.1974, c. 541, § 13.

§ 3S. Multiple dwellings; posting name and address of owner or agent; penalty

An owner of a dwelling which is rented for residential use, who does not reside therein and who does not employ a manager or agent for such dwelling who resides therein, shall post and maintain or cause to be posted and maintained on such dwelling adjacent to the mailboxes for such dwelling or elsewhere in the interior of such dwelling in a location visible to the residents a notice, not less than twenty square inches in size, bearing his name, address and telephone number. If the owner is a realty trust or partnership, the name, address and telephone number of the managing trustee or partner shall be posted. If the owner is a corporation, the name, address and telephone number of the president of the corporation shall be posted.

Where the owner employs a manager or agent who does not reside in such dwelling, such manager or agent's name, address and telephone number shall also be included in the notice.

Whoever violates the provisions of this section shall be punished by a fine of not more than fifty dollars. Each day during which a violation continues shall constitute a separate offense.

Added by St.1967, c. 260. Amended by St.1972, c. 493.

§ 3T. Safety glazing materials; use in construction of buildings in hazardous locations; definitions for sections 3U and 3V

The following phrases, as used in sections three U and three V shall, unless the context requires otherwise, have the following meanings:

"Safety glazing material", any glazing material, such as tempered glass, laminated glass, wire glass or rigid plastic, which meets such test requirements as may be adopted by the department shall, insofar as possible, adhere to the American National Standards Institute standard ANSIZ–97.1–1972 after notice and hearing as required by chapter thirty A, and which are so constructed, treated or combined with other materials as to minimize the likelihood of cutting and piercing injuries resulting from human contact with the glazing material.

"Hazardous locations", means those installations, glazed or to be glazed in commercial and public buildings, known as framed or unframed glass entrance doors; and those installations, glazed or to be glazed in residential buildings and other structures used as dwellings, commercial buildings, and public buildings, known as sliding glass doors, storm doors, shower doors, bathtub enclosures, and fixed glazed panels adjacent to entrance and exit doors which because of their location present a barrier in the normal path traveled by persons going into or out of these buildings, and because of their size and design may be mistaken as means of ingress or egress; and any other installation, glazed or to be glazed, wherein the use of other than safety glazing materials would constitute an unreasonable hazard as the commissioner may determine after notice and hearing as required by said chapter thirty A, whether or not the glazing in such doors, panels, enclosures and other installations is transparent.

Added by St.1971, c. 837, § 1. Amended by St.1973, c. 353.

§ 3U. Labeling of safety glazing materials

Each light of safety glazing material manufactured, distributed, imported, or sold for use in hazardous locations or installed in such a location within the commonwealth shall be permanently labeled by such means as etching, sandblasting, firing of ceramic material on the safety glazing material, or by other suitable means so as to be easily visible and legible. The label shall identify the labeler, whether manufacturer, fabricator or installer, and the nominal thickness and the type of safety glazing material and the fact that said material meets the test requirements of section three T.

Such safety glazing labeling shall not be used on other than safety glazing materials.

Added by St.1971, c. 837, § 1.

§ 3V. Penalties for failure to install, etc. safety glazing materials; applicability to employees of violators

Whoever knowingly sells, fabricates, assembles, glazes, installs, consents or causes to be installed glazing materials other than safety glazing materials in, or for use in, any hazardous location shall be punished by a fine of not less than five hundred nor more than ten thousand dollars, or by imprisonment in a jail or house of correction for not more than one year, or both.

The provisions of this section shall not apply to an employee of any person charged with the responsibility of compliance with sections three T and three U.

Added by St.1971, c. 837, § 1.

§ 3W. Conformance of plans and specifications for erection or alteration of public buildings to rules and regulations of board to facilitate use by the physically handicapped as requirement for issuance of certificate of approval

In issuing a certificate of approval for the erection or alteration of a public building under section fifteen, a supervisor of plans shall, in addition to any other requirements of this chapter, determine that the plans and specifications required to be filed under said section fifteen conform to the rules and regulations issued by the board to facilitate the use of public buildings by the physically handicapped, established by section thirteen A of chapter twenty-two, or if a specification of requirements for the erection or alteration of a public building is issued under said section fifteen, such specification shall, in addition to any other requirements of this chapter, require that the aforesaid plans and specifications conform to such rules and regulations.

Added by St.1973, c. 418.

§ 6. Local inspector; duties

The local inspector, immediately upon being informed by report or otherwise that a building or other structure or anything attached thereto or connected therewith in that city or town is dangerous to life or limb or that any building in that city or town is unused, uninhabited or abandoned, and open to the weather, shall inspect the same; and he shall forthwith in writing notify the owner, lessee or mortgagee in possession to remove it or make it safe if it appears to him to be dangerous, or to make it secure if it is unused, uninhabited or abandoned and open to the weather. If it appears that such structure would be especially unsafe in case of fire, it shall be deemed dangerous within the meaning hereof, and the local inspector may affix in a conspicuous place upon its exterior walls a notice of its dangerous condition, which shall not be removed or defaced without authority from him.

Amended by St.1946, c. 363, § 4; St.1949, c. 541, § 1; St.1957, c. 214, § 1; St.1972, c. 802, § 23.

§ 7. Removal or making structure safe; putting up fence

Any person so notified shall be allowed until twelve o'clock noon of the day following the service of the notice in which to begin to remove such structure or make it safe, or to make it secure, and he shall employ sufficient labor speedily to make it safe or remove it or to make it secure; but if the public safety so requires and if the aldermen or selectmen so order, the inspector of buildings may immediately enter upon the premises with the necessary workmen and assistants and cause such unsafe structure to be made safe or taken down without delay, and a proper fence put up for the protection of passers-by, or to be made secure. If such a building or structure is taken down or removed, the lot shall be levelled to uniform grade by a proper sanitary fill to cover any cellar or foundation hole and any rubble not removed.

Amended by St.1949, c. 156, § 2; St.1957, c. 214, § 2.

§ 8. Failure to remove or make structure safe; survey board; survey report

If an owner, lessee or mortgagee in possession of such unsafe structure refuses or neglects to comply with the requirements of such notice within the time limited, and such structure is not made safe or taken down as therein ordered, or made secure, a careful survey of the premises shall be made by a board consisting in a city of the city engineer, the head of the fire department, as such term is defined in section one of chapter one hundred and forty-eight, and one disinterested person to be appointed by the local inspector, and in a town of a surveyor, the head of the fire department and one disinterested person to be appointed by the local inspector. If there is no city engineer in such city or no head of the fire department in such city or town, the mayor or selectmen shall designate one or more officers or other suitable persons in place of the officers so named as members of said board. A written report of such survey shall be made, and a copy thereof served on such owner, lessee or mortgagee in possession.

Amended by St.1945, c. 697, § 1; St.1949, c. 541, § 2; St.1957, c. 214, § 3; St.1972, c. 802, § 24.

§ 9. Dangerous or abandoned structures removed or made safe by local inspector; lien for costs; penalty; use of structure

If such report declares such structure to be dangerous or to be unused, uninhabited or abandoned, and open to the weather, and if the owner, lessee or mortgagee in possession continues such refusal or neglect, the local inspector shall cause it to be made safe or taken down or to be made secure, and, if the public safety so requires, said local inspector may at once enter the structure, the land on which it stands or the abutting land or buildings, with such assistance as he may require, and secure or remove the same, and may remove and evict, under the pertinent provisions of chapter two hundred thirty-nine or otherwise, any tenant or occupant thereof, and may erect such protection for the public by proper fence or otherwise as may be necessary, and for this purpose may close a public highway. In the case of such demolition, the local inspector shall cause such lot to be levelled to uniform grade by a proper sanitary fill. The costs and charges incurred shall constitute a lien upon the land upon which the structure is located and shall be enforced in an action of contract, and such owner, lessee or mortgagee in possession shall, for every day's continuance of such refusal or neglect after being so notified, be punished by a fine of not less than one hundred dollars. The provisions of the second paragraph of section three A of chapter one hundred and thirty-nine, relative to liens for such debt and the collection of claims for such debt, shall apply to any debt referred to in this section, except that the local inspector shall act hereunder in place of the mayor or board of selectmen. During the time such order is in effect it shall be unlawful to use or occupy such structure or any portion thereof for any purpose.

Amended by St.1945, c. 697, § 2; St.1949, c. 156, § 5; St.1949, c. 541, § 3; St.1957, c. 214, § 4; St.1959, c. 75; St.1970, c. 649, § 5; St.1972, c. 802, § 25; St.1979, ch. 479.

§ 12. Restraint of construction, repair, or use of a structure; order for removal

The supreme judicial or superior court may restrain the construction, alteration, repair, maintenance or use of a building or structure in violation of any ordinance or by-law of a city or town or of the state building code and order its removal or abatement as a nuisance; and may restrain the further construction, alteration or repair, maintenance, use or occupancy of a building or structure reported to be dangerous, under a survey authorized by section eight, until the determination of the matter, as provided in section ten.

Amended by St.1945, c. 697, § 4; St.1972, c. 802, § 27.

§ 21D. Auxiliary emergency lighting systems; exit signs; rules and regulations

The owner, lessee or mortgagee in possession of any multiple dwelling of ten or more units shall equip such dwelling with an auxiliary emergency lighting system independent of the conventional lighting system, and lighted signs indicating both a primary and secondary means of egress by a diagram or symbol so as to assure recognition by all persons, regardless of their English-speaking ability.

The commissioner shall make and promulgate, and from time to time may alter, amend and repeal, rules and regulations relative to the standards, installation and maintenance of emergency lighting systems and exit signs required by this section. Such regulations shall include but not be limited to specifications with respect to the degree of illumination and the location of emergency lighting systems, and the degree of illumination and the location of, and the symbolism in, exit signs.

Added by St.1972, c. 391, § 1.

§ 22. Articles placed on fire escapes

Any article placed upon a fire escape or an outside means of egress of any building is hereby declared a common nuisance. Any court authorized to issue warrants in criminal cases may, upon complaint under oath made by any police officer that any article is placed or maintained upon a fire escape or outside means of egress of any building, issue a warrant to bring such article when found before a court having jurisdiction of the same, and all articles seized under the authority of such a warrant shall be disposed of in like manner as gaming implements seized under chapter two hundred and seventy-six. Any owner, lessee, tenant or occupant of any building who maintains or permits to remain upon any fire escape or outside means of egress of any building any article for more than twenty minutes shall be punished by a fine of not more than one hundred dollars. The existence of any article upon a fire escape or outside means of egress of any building shall be prima facie evidence that such article was so placed, maintained or permitted to remain by the occupant of the premises having access from said building to said fire escape or outside means of egress.

§ 23. Articles obstructing stairways

Every stairway of every building shall be kept free and unobstructed, and any person who permits any article to remain in any stairway of any building in such a manner as may impede the egress of any person lawfully in said building or the ingress of any person lawfully entitled to enter said building shall be punished by a fine of not more than five hundred dollars. The existence of any article in any such stairway in any building shall be prima facie evidence that it was placed or permitted to remain therein by the owner, lessee, tenant or occupant of the building.

ELEVATORS

§ 64. Periodic inspections and tests; reports

All elevators shall be thoroughly inspected and a practical test made of the safety devices required therefor at intervals of not more than one year and at such other times as may be deemed necessary by the inspector or local inspector. The inspection and practical test shall be made by a licensed elevator construction man, maintenance or repairmen in the presence of an inspector or local inspector having jurisdiction. The owner or person in control of a building in which the elevator is located shall arrange for such inspection and practical test within six months from the time of notice from the inspector or local inspector having jurisdiction thereof. Except in the city of Boston, within ten days after the inspection, said inspector or local inspector shall file a complete written report of all changes and defects in apparatus or equipment to the commissioner of public safety upon forms to be furnished by him. In the city of Boston, within ten days after the inspection, said inspector or local inspector shall file a complete written report of all changes and defects in apparatus or equipment to the Boston building commissioner upon forms furnished by him.

Amended by St.1963, c. 616, § 3; St.1966, c. 157; St.1972, c. 802, § 46.

§ 65. Certificate or notice as to safety and construction; posting; removal; prohibition of use of elevator

If in the judgment of any inspector or local inspector having jurisdiction thereof an elevator is safe, and if the elevator has been constructed in the manner required by law or by the regulations of the board of elevator regulations or the state building code, the inspector shall issue a certificate to that effect to the owner of the elevator or to the person in charge thereof, who shall post the certificate in a conspicuous place in or near the cab or car of such elevator. If such elevator is judged unsafe, the inspector or local inspector shall immediately post conspicuously upon the entrance or door of the cab or car of such elevator, or upon the elevator, a notice of its dangerous condition, and shall prohibit the use of the elevator until it has been made safe to his satisfaction. No person shall remove such notice or operate such elevator until the inspector or local inspector has issued his certificate as aforesaid.

GENERAL PROVISIONS

§ 2. Definitions; tense; gender

The following words used in this chapter shall have the following meanings:

"Acceptance of this chapter" shall include the acceptance of corresponding provisions of earlier laws.

"Alcove", any part of a room partitioned off by fixed or movable partitions of any material, by curtains or portieres, or by other contrivance or device, and intended or designed to be used for living purposes.

"Basement", a story partly under ground but having not less than one half its height above the level of the curb, and also having one half its height in every part above the level of the adjoining ground.

"Cellar", a story more than one half below the level of the curb or adjoining ground.

"Corner lot", a lot situated at the junction or intersection of two streets each not less than sixteen feet in width, but any lot the outer angle of which is over one hundred and twenty-five degrees shall not be considered a corner lot. Any portion of the width of the front of such lot distant more than fifty feet and any portion of the depth of such lot distant more than one hundred feet from such a junction or intersection shall not be regarded as part of a corner lot, but shall be subject to the provisions of this chapter respecting interior lots.

"Court", an open unoccupied space, other than a yard or front yard, on the same lot with a tenement house. A court extending to the street, yard, front yard or side yard is an "outer court". A court not so extending is an "inner court".

"Existing", existing at the time of the acceptance of this chapter or corresponding provisions of earlier laws.

"First class construction". A tenement house of first class construction is one constructed of fireproof material throughout, with floors built of steel or re-enforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or re-enforced concrete slabs; wood may be used only for under and upper floors, windows and door frames, sashes, doors, interior finish, hand furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

"First story", the lowest story, the ceiling of which is six feet or more above both the level of the curb and the level of the adjacent ground. In determining the height of any building by stories, the stories thereof beginning with such first story shall be numbered upward.

"Front" of a lot, that boundary line which borders on the street. In the case of a corner lot the owner may elect by statement on his plans either street boundary line as the front.

"Half story" or "attic", any story included in the roof, the cubic contents of which, exclusive of cockloft or blind attic not exceeding three feet in height at the highest point, is not more than sixty per cent of the cubic contents of the first story.

"Height", the perpendicular distance measured in a straight line from the curb level, or from the finished grade line of the lot where such grade is higher than the curb, to the mean height above the eaves of any sloping roof, and to the highest point of the roof beams in the case of flat roofs, except that in the case of flat roofs a parapet exceeding three feet in height shall be considered a part of the height of the building, the measurements in all cases to be taken through the centre of the street front of the house. Where a building is on a corner lot and there is more than one grade or curb level, the measurements shall be taken from the centre of the front on the street having the lowest elevation.

"Interior lot", any lot other than a corner lot.

"Lot", the plot of ground covered by and adjacent to a tenement house or dwelling house and devoted exclusively to the purposes of such house, as shown by the plan of such lot furnished to the building department pursuant to section eighty-five.

"Nuisance" includes all public nuisances as known at common law or in equity jurisprudence; and furthermore, whatever is dangerous to human life or detrimental to health, whatever building or erection, or part or cellar thereof, is overcrowded with occupants or is not provided with adequate ingress or egress to and from the same or apartments thereof, or is not sufficiently supported, ventilated, sewered, drained, cleaned or lighted in reference to its or their intended or actual use; and whatever renders the air or human food or drink unwholesome, are also severally in contemplation of this chapter, nuisances; and such nuisances are hereby declared unlawful.

"Occupied spaces". Porches, platforms, except those on the first story when the basement is not occupied or designed or intended to be occupied for habitation, and outside stairways, except fire escapes and steps leading to the first story, shall be considered as part of the building and not as part of the yard or courts or unoccupied areas.

"Public hall", a hall, corridor or passageway not within an apartment.

"Rear" of a lot, the side opposite to the front. In the case of a corner lot with streets on three sides, or of a triangular or irregularly shaped lot abutting on two streets at their junction or intersection, the rear shall be a side not bordering on a street.

"Second class construction". A tenement house of second class construction is one of which the exterior and party walls are fireproof and conform to the requirements of first class construction as defined by law or by ordinance of the city in which it is situated.

"Stair hall" includes the stairs, stair landings and those parts of the public halls through which it is necessary to pass in going from the entrance floor to the roof.

"Street" includes any right of way dedicated to public use, any public alley, or railroad right of way sixteen feet or more in width, any cemetery or public park.

"Tenement house", any house or building, or part thereof, which is rented, leased, let or hired out, to be occupied, or is occupied, or intended, arranged or designed to be occupied as the home or residence of two or more families (a family may consist of one or more persons), living independently of each other and doing their cooking on the premises and having a common right in the halls, stairways, yard, courts, cellar, sinks, water closets or privies, or any of them. Where the occupants of dwelling houses contiguous and vertically divided, each occupied or intended, arranged or designed to be occupied as the home or residence of one family or more, have a common right in or use in common the halls, stairways, yards, cellars, sinks, water closets or privies, or any of them, such dwelling houses shall be deemed to be tenement houses and shall be subject to this chapter.

"Thereafter", after the acceptance of this chapter or corresponding provisions of earlier laws.

"Third class construction". A tenement house of third class construction is one of which the exterior walls or parts thereof are of combustible materials and do not conform to the requirements of first class construction.

"Yard", an open unoccupied space on the same lot with the tenement house between the extreme rear line of the house and the extreme rear line of the lot. A "front yard" is an open unoccupied space between the front line of the house and the front line of the lot. A "side yard" is an open unoccupied space between the side line of the main part of the house and the side line of the lot and shall be deemed an outer court on the lot line.

Words used in the present tense include the future; words in the masculine gender include feminine and neuter; the word "shall" is always mandatory, and denotes that the house shall be maintained in all respects according to the mandate so long as it continues to be a tenement house; whenever the words "charter", "ordinances", "regulations", "building department", "building inspector", "health department", "board of health", "department charged with the enforcement of this chapter", or "city solicitor" occur in this chapter they shall be construed as if followed by the words "of the city in which the tenement house is situated"; wherever the words "is occupied" are used in this chapter applying to any building, such words shall be construed as if followed by the words "or is intended, arranged or designed to be occupied".

REQUIREMENTS AND REMEDIES

§ 95. Service of notices or orders

Unless otherwise provided in this chapter, every notice or order in relation to a tenement house shall be served ten days before the time for doing the thing in relation to which it is issued. The service of a notice or order as aforesaid shall be made by the delivery of an attested copy in hand to the owner or his agent, or by leaving an attested copy at the last or usual place of abode of the owner or agent.

Amended by St.1966, c. 707, § 7.

§ 95A. Attorney for service of process on non-resident; filing of appointment; registration of true names of code violators

Any person owning a tenement within the definition of section two of chapter one hundred and forty-four of the General Laws and including tenements within the city of Boston and including rooming houses, who does not reside therein, shall file in writing with the city or town clerk in the city or town where any such structure may be found the name and address of an individual residing in such city or town to be his true and lawful attorney upon whom all lawful processes in any action or proceeding against him may be served. The owner of any such tenement which is posted for a code violation shall forthwith register his true name with the city or town clerk.

Added by St.1966, c. 707, § 8.

§ 95B. Failure to appoint attorney by non-resident; effect; service of process

If any person fails to comply with the requirements of section ninety-five A he shall be deemed to have appointed said city or town clerk as his agent as above, and service upon any such clerk shall have the same force and effect as service upon such person's duly constituted appointee.

When legal process against any such person is served upon such clerk, a copy of said process shall also forthwith be sent by the plaintiff or his attorney to the defendant at his last known address or to the address last listed for the owner of said premises on the assessors list in said city or town.

Such copy shall be sent by registered mail with return receipt requested. The plaintiff's affidavit of compliance herewith, and the defendant's return receipt, if received by the plaintiff, shall be filed in the court where the case is pending or where the service was issued on or before the return day of the process or within such further time as the court may allow.

Added by St.1966, c. 707, § 8.

§ 95C. Person defined

"Person", as used in sections ninety-five A and ninety-five B shall include but not be restricted to any individual, or individuals, as tenants in common, joint tenants, tenants by the entirety or otherwise; any corporation or business trust; any trustee; any partnership; any receiver or trustee in bankruptcy; any tenant having a leasehold interest for a period in excess of ten years; any mortgagee in possession.

SPECIAL POLICE OFFICERS

§ 10C. Employees of department of public health and its institutions

The commissioner may, upon petition of the commissioner of public health, appoint as special police officers employees of the department of public health or employees of the various institutions under its jurisdiction, who shall have the same power to make arrests as the state police for any criminal offence committed in or upon the lands or structures within the charge of the department of public health or the various institutions under its jurisdiction. Such special police officers shall be sworn before a justice of the peace or notary public who shall make a return thereof to the department upon a form provided by it. Upon receipt of said return the department shall issue a license to each person designated to act as a special police officer, and such license shall, in any court of the commonwealth, be competent evidence of the validity of the appointment of the person named therein and of his authority to act as such special police officer. A special police officer shall hold his office until his license expires or is revoked by the commissioner, or until the petitioner files a notice with the department that the services of such officer are no longer required. The commissioner may provide that the license and any renewal thereof shall expire on the anniversary of the birth of the person named therein not less than one nor more than two years following the date of issue. They shall report to the commissioner as to their official acts at such times and in such manner as he may require. They shall serve without pay, except their regular compensation as employees of the department of public health or the various institutions under its jurisdiction, and they shall receive no fees for services or return of any criminal process.

Added by St.1956, c. 231. Amended by St.1969, c. 388.

§ 10E. Soldiers' homes; special police officers; employees; appointment by commissioner

The commissioner may, upon petition of the board of trustees of the Soldiers' Home in Holyoke, or the Soldiers' Home in Massachusetts, as the case may be, appoint as special police officers employees of said institutions, who shall have the same power to make arrests as the state police for any criminal offence committed in or upon lands or structures within the charge of said boards of trustees, respectively. Such special police officers shall be sworn before a justice of the peace or notary public who shall make a return thereof to the department upon a form provided by it. Upon receipt of said return the department shall issue a license to each person designated to act as a special police officer, and such license shall, in any court of the commonwealth, be competent evidence of the validity of the appointment of the person named therein and of his authority to act as such special police officer. A special police officer shall hold his office until his license expires or is revoked by the commissioner, or until the petitioner files a notice with the department that the services of such officer are no longer required. The commissioner may provide that the license or any renewal thereof shall expire on the anniversary of the date of birth of the person named therein not less than one nor more than two years following the date of issue. They shall report to the commissioner as to their official acts at such times and in such manner as he may require. They shall serve without pay, except their regular compensation as employees of said institutions, and they shall receive no fees for services or return of any criminal process.

Added by St.1957, c. 731. Amended by St.1969, c. 387.

§ 10I. Middlesex County Sanitorium; special police officers; appointment

The commissioner of public safety may, upon petition of the board of trustees of the Middlesex County Sanatorium, appoint as special police officers employees of said institution, who shall have the same power to make arrests as regular police officers for any criminal offence committed in or upon lands, or structures owned, used or occupied by said sanatorium. Such special police officers shall be sworn before a justice of the peace or notary public who shall make a return thereof to the department upon a form provided by it.

Upon receipt of said return the department shall issue a license to each person designated to act as a special police officer, and such license shall, in any court of the commonwealth, be competent evidence of the validity of the appointment of the person named therein and of his authority to act as such special police officer. A special police officer shall hold his office until his license expires or is revoked by the commissioner, or until the petitioner files a notice with the department that the services of such officer are no longer required. The commissioner may provide that the license and any renewal thereof shall expire on the anniversary of the birth of the person named therein not less than one nor more than two years following the date of issue. Such special police officer shall report to the commissioner as to his official acts at such times and in such manner as the commissioner may require. Such special police officer shall serve without pay, except his regular compensation as an employee of said institution, and he shall receive no fees for services or return of any criminal process.

Added by St.1969, c. 420.

POLICE MATRONS

§ 21. "Police station" and "station" defined

The words "police station" or "station" in the three preceding sections shall mean any place in which persons are temporarily confined under arrest.

POWER LAWNMOWERS

§ 56. Sale; safety devices required; rules and regulations; penalty

Every motor-driven implement or machine used for the purpose of cutting grass sold, offered for sale, or held with intent to sell in the commonwealth shall be equipped with a safety device designed and attached by the manufacturer in accordance with the specifications and requirements established by the commissioner of public safety for the purpose of protecting the operator thereof and any other person from objects which may be ejected or propelled from the blade area of such implement or machine. Said commissioner may promulgate such rules and regulations as may be necessary to enforce the provisions of this section. Whoever violates any provisions of this section or of any rule or regulation promulgated hereunder shall be punished by a fine of not more than five hundred dollars for each offense.

§ 1. Definitions

In this chapter the following words, unless a different meaning is required by the context or is specifically prescribed, shall have the following meanings:—

"Commissioner", the commissioner of public safety of the commonwealth.

"Department", the department of public safety.

"Division", the division of fire prevention of the department of public safety.

"Head of the fire department", the chief executive officer of the fire department in a city, town or fire district having such an officer, otherwise the fire commissioner, board of fire commissioners or fire engineers, or commissioner of public safety; and, in towns not having a fire department, the chief engineer, if any, otherwise the chairman of the board of selectmen.

"Inspector", an inspector or police officer of the department of public safety.

"Local licensing authority", in towns, including those towns which have adopted a town management form of government, the board of selectmen; in Boston, the board of street commissioners; in cities having adopted one of the plans of government provided in chapter forty-three, the city council, or the licensing board or commission in such cities wherein such a board or commission is authorized by statute or ordinance to grant licenses under this chapter; in other cities, the board of aldermen, or the licensing board or commission in cities wherein such a board or commission is authorized by statute or ordinance to grant licenses under this chapter; provided, that in any town having over twenty thousand inhabitants, an unpaid licensing board of three members may be appointed or designated by the board of selectmen to act as the licensing authority in issuing licenses for garages for not more than two automobiles or motor vehicles. In case the board of aldermen or city council constitute such authority, any hearing required by this chapter may be held before a committee thereof.

"Marshal", the state fire marshal.

"Board", the board of fire prevention regulations established under section fourteen of chapter twenty-two.

"Building", a combination of any materials, whether portable or fixed, having a roof, to form a structure for the shelter of persons, animals or property. For the purpose of this definition "roof" shall include an awning or any similar covering, whether or not permanent in nature. The word "building" shall be construed where the context allows as though followed by the words "or part or parts thereof".

"Structure", a combination of materials assembled at a fixed location to give support or shelter, such as a building, framework, retaining wall, tent, reviewing stand, platform, bin, fence, sign, flagpole, mast for radio antenna or the like. The word "structure" shall be construed, where the context allows, as though followed by the words "or part or parts thereof".

Amended by St.1932, c. 102; St.1945, c. 470; St.1953, c. 230, § 1.

§ 4. Persons authorized to enter and inspect premises; inspections of institutions; reports

The marshal, an inspector, the head of the fire department, or any person to whom the marshal or the head of the fire department may delegate the authority, may, in the performance of the duties imposed by this chapter, or in furtherance of the purpose of any provision of any law, ordinance or by-law relating to the subject matter of this chapter, or of any rule or regulation of the board of fire prevention regulations, established under section fourteen of chapter twenty-two, in this chapter referred to as the board, or any order of the marshal or head of the fire department, enter at any reasonable hour any building or other premises, or any ship or vessel, to make inspection or investigation, without being held or deemed to be guilty of trespass.

The marshal or the head of a fire department to whom he may delegate authority, shall make an inspection every three months of institutions as defined by the state building code, licensed by and under the supervision of the department of public health, or licensed by the department of public welfare, and shall make a report of such inspection to each such department on forms submitted to the marshal by such department for this purpose. Said marshal of such head of a fire department shall also make an inspection every three months of the premises specified in innholder's licenses issued under chapter one hundred and forty.

Amended by St.1945, c. 710, § 2; St.1955, c. 662, § 6; St.1959, c. 446, § 5; St.1964, c. 123; St.1972, c. 802, § 54.

§ 5. Investigation of premises and alleys as to fire hazards; remedy of conditions; lien; penalty

The marshal, the head of the fire department or any person to whom the marshal or the head of the fire department may delegate his authority in writing may, and upon complaint of a person having an interest in any building or premises or property adjacent thereto, shall, at any reasonable hour, enter into buildings and upon premises, which term for the purposes of the remainder of this section shall include alleys adjacent thereto, within their jurisdiction and make an investigation as to the existence of conditions likely to cause fire. They shall, in writing, order such conditions to be remedied, and whenever such officers or persons find in any building or upon any premises any accumulation of combustible rubbish including, but not limited to, waste paper, rags, cardboard, string, packing material, sawdust, shavings, sticks, waste leather or rubber, broken boxes or barrels or any other refuse or useable materials that is or may become dangerous as a fire menace or as an obstacle to easy ingress into or egress from such buildings or premises, they shall, in writing, order the same to be removed or such conditions to be remedied. Notice of such order shall be served upon the owner, occupant or his authorized agent by a member of the fire or police department. If said order is not complied with within twenty-four hours, the person making such order, or any person designated by him, may enter into such building or upon such premises and remove such refuse or any useable materials or abate such conditions at the expense of such owner or occupant. Any expense so incurred by or on behalf of the commonwealth or of any city or town, shall be a lien upon such building or premises, effective upon the filing in the proper registry of deeds of a claim thereof signed by such person and setting forth the amount for which the lien is claimed; and the lien shall be enforced within the time and in the manner provided for the collection of taxes upon real estate. Any such owner or occupant who fails or refuses to comply with said order shall be punished by a fine of not more than fifty dollars for each consecutive forty-eight hours during which such failure or refusal to comply continues.

Amended by St.1945, c. 463; St.1962, c. 456; St.1979, c. 516.

§ 5A. Portable space heaters in dwellings; prohibition of use

No person shall use or allow to be used a portable wick-type space heater in any building which is used in whole or in part for human habitation. Whoever violates the provisions of this section shall be punished by a fine of not more than one hundred dollars.

Added by St.1962, c. 636.

§ 10C. Alteration, repair or installation of oil burners; necessity of certificate; exceptions

No person shall alter, repair or install any oil burning equipment or any of the appurtenances thereto, except for electrical wiring and connections, as defined by rules and regulations promulgated under the provisions of section ten governing the construction, installation and operation of oil burning equipment and the keeping, storage and use of fuel oil or other inflammable products used in connection therewith, unless he holds a certificate granted by an examiner for the certification of oil burner technicians. Notwithstanding the provisions of the preceding sentence, the cleaning of an oil burner strainer or nozzle or the cleaning or replacement of a photo cell, in any building or structure by the owner or manager thereof or by any regular employee of such owner or manager in a building or structure owned or managed by his employer, may be done without the holding by such owner, manager or employee of a certificate as an oil burner technician.

Added by St.1964, c. 680, § 2.

§ 10H. Firms or corporations; licensing requirements

No firm or corporation engaged in the business of altering, repairing or installing oil burning equipment shall be required to hold a certificate as an oil burner technician; provided that such work is performed for them by persons certified as oil burner technicians.

Added by St.1964, c. 680, § 2.

§ 23. Keeping and use of inflammable fluids; permit; fee

Except as otherwise provided by rules and regulations of the board of fire prevention regulations, no volatile inflammable fluid except an amount not exceeding one quart contained in an approved safety can and no non-volatile inflammable fluid except an amount not exceeding ten gallons for domestic use shall be kept, used or stored in any part of any building used for habitation, and no volatile inflammable fluid in quantity exceeding one gallon contained in an approved safety can, and no non-volatile inflammable fluid in quantity exceeding thirty gallons, shall be kept, used or stored, except in the tank of an automobile, motor boat or stationary engine, within fifty feet of any building used for habitation, unless a permit has first been obtained therefor from the head of the fire department under such terms and conditions as he may prescribe. A fee of not more than fifty cents may be charged for any permit granted under the authority of this section.

Added by St.1935, c. 123, § 2. Amended by St.1964, c. 155.

§ 23A. Inflammable anti-freeze in hydrants

No inflammable fluid shall be used as an anti-freeze mixture in hydrants used to convey water for extinguishing fires.

Added by St.1948, c. 188.

§ 25A. Secondhand space heaters; unvented space heaters

No person shall sell, offer for sale or install a secondhand space heater, or a secondhand portable stove which uses kerosene, range oil or number one fuel oil for fuel. No person shall install or use in any building which is used in whole or in part for human habitation an unvented space heater which uses gas or oil as a fuel. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars.

Added by St.1962, c. 688, § 1.

§ 25B. Buildings used for human habitation; use of space heaters

On and after July first, nineteen hundred and sixty-five, no person shall use or allow to be used a space heater in any building which is used in whole or in part for human habitation. As used in this section, "space heater" includes portable space heater, parlor heater, cabinet heater, room heater and any similar heater having a barometric fed fuel control and its fuel supply tank located less than forty-two inches from the center of the burner and means the type of heating appliance adapted for burning kerosene, range oil or number one fuel oil and used principally for the heating of the space in and adjacent to that in which such appliance is located. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars.

Added by St.1962, c. 688, § 2.

§ 25D. Manufacture and sale of children's clothing and sleepwear; rules and regulations

The board shall make rules and regulations relating to the manufacture and sale of sleepwear and clothing for children up to and including size fourteen, which rules and regulations may specifically prohibit the sale or manufacture of any such clothing or sleepwear which it deems to be a fire hazard.

Added by St.1973, c. 648.

§ 26B. Automatic fire warning and smoke detection systems in certain buildings; enforcement; appeals

Every building or structure not exceeding seventy feet in height above the mean grade erected or substantially altered to be occupied for residential purposes shall be protected with an approved automatic fire warning system in accordance with the provisions of the state building code. Such system shall include the features of automatic smoke detection in conjunction with the approved fire detection devices.

The head of the fire department as defined in section one shall enforce the provisions of this section.

Whoever is aggrieved by the head of the fire department's interpretation, order, requirement, direction or failure to act under the provisions of this section, may, within forty-five days after the service of notice thereof, appeal from such interpretation, order, requirement, direction, or failure to act, to the board of appeals as provided in the state building code and section twenty-three of chapter twenty-three B.

Added by St.1974, c. 214, § 1. Amended by St.1975, c. 676, § 2.

§ 26C. Certain public accommodations; automatic smoke or heat detectors

In any city or town which accepts this section, apartment houses containing six or more dwelling units, hotels, boarding or lodging houses, or family hotels which are not regulated by sections twenty-six A and twenty-six B shall be equipped with an automatic smoke or heat detector in each dwelling unit and each hallway floor.

The head of the fire department as defined in section one shall enforce the provisions of this section.

Added by St.1975, c. 710. Amended by St.1977, c. 962.

DUTIES AND POWERS OF DEPARTMENT OF LABOR AND INDUSTRIES

§ 4. Reports of diseases

The department shall promptly report to the department of public health all cases of disease in industrial establishments affecting the health of the community.

§ 5. Investigations of industrial conditions; complaints; prosecutions

The department may investigate conditions existing in any line of industry, and such investigations may be extended outside of the commonwealth to procure information to promote industrial development or to improve industrial conditions. It shall receive all complaints concerning conditions existing in any industry carried on in the commonwealth, or concerning alleged violations of any laws enforced under its direction, and shall thereupon make or direct all needful and appropriate investigations and prosecutions.

§ 6. Safety devices and means to prevent accidents and diseases generally; fees for structural painting

It shall investigate from time to time employments and places of employment, other than places of employment of persons engaged in domestic service in the home of the employer, and determine what suitable safety devices or other reasonable means or requirements for the prevention of accidents shall be adopted or followed in any or all such employments or places of employment; and also shall determine what suitable devices or other reasonable means or requirements for the prevention of industrial or occupational diseases shall be adopted or followed in any or all such employments or places of employment; and shall make reasonable rules, regulations and orders for the prevention of accidents and the prevention of industrial or occupational diseases, and rules and regulations pertaining to structural painting made hereunder may provide for the payment of reasonable fees.

The rules and regulations for suitable safety devices or other reasonable means or requirements for the prevention of accidents shall also be applicable to self-employed and individual contractors who themselves work at the trade as well as to employees.

Whoever violates any rule, regulation or requirement made by the department under authority hereof shall be punished by a fine of not more than two hundred and fifty dollars for each offense. The department or its representative or any person aggrieved, any interested party or any officer of any labor union or association, whether incorporated or otherwise, may file a written complaint with the district court in the jurisdiction of which the violation occurs.

The provisions of this section and of sections three and five shall not apply to any employment or place of employment subject to the provisions of section twenty-eight of chapter seven.

Amended by St.1934, c. 132, § 1; St.1937, c. 249; St.1952, c. 155; St.1954, c. 680, § 7; St.1961, c. 224; St.1962, c. 710; St.1970, c. 760, § 4.

§ 11. Reports by physicians generally

The department may require every physician treating a patient whom he believes to be suffering from any ailment or disease contracted as a result of the nature, circumstances or conditions of the patient's employment to report such information relating thereto as it may require, within such time as it may fix, and it may issue a list of such diseases which shall be regularly reported upon by physicians, and may add to or change such list at any time. The department shall pay no fee for such report. Copies of all such reports and all statistics and data compiled therefrom shall be kept by it, and shall be furnished on request to the department of industrial accidents and the department of public health. No such report shall be subject to summons nor shall its contents be made public.

Amended by St.1935, c. 328; St.1950, c. 453.

§ 17. Entry of places of employment for examinations and investigations; access to records

For the enforcement of the provisions of this chapter, the commissioner, the assistant commissioner and the associate commissioners, and the director, inspectors, and other representatives of the division of industrial safety may enter places of employment, other than places of employment of persons engaged in domestic service in the home of the employer, and examine the methods of protection from accident, the means of escape from fire, the sanitary provisions, the lighting and means of ventilation, and make investigations as to the employment of women and minors and as to compliance with all provisions of this chapter, and shall have access to all records pertaining to wages, hours, and other conditions of employment which are found essential to such investigations.

Amended by St.1945, c. 430; St.1961, c. 585; St.1970, c. 760, § 6.

§ 18. Duties of industrial health inspectors relative to minors

Every industrial health inspector shall inform himself concerning the health of all minors employed in factories within his district; and whenever he may deem it advisable or necessary, he shall call the ill health or physical unfitness of any minor to the attention of his parents, guardians or employer and of the department.

SAFETY ORDERS APPLICABLE TO LONGSHORE AND WATERFRONT OPERATIONS

§ 18A. Sanitary and safety conditions; tools

Employers shall provide a change room with adequate storage facilities for clothes, shower baths and lavatories having hot and cold water, in every place of employment where the lack of such facilities would be harmful to health.

Every place of employment (dock, wharf, etc.), shall be provided with a sufficient number of water closets for the use of employees. Toilets shall be kept clean and supplied with an adequate supply of toilet paper.

Working areas, docks, stairways, etc., shall be provided with illumination which is adequate and suitable to secure the safety of employees.

Whenever harmful dusts, fumes, mists, vapors or gases exist in quantities harmful to employees, and the elimination of such hazards is not practicable, such hazards shall be controlled by ventilation or other means.

When it is impracticable to comply with the above requirement, the employer shall provide, and the employee exposed to such hazards shall use, approved respiratory protective equipment. This equipment shall be kept in sanitary condition.

Permanent floors, platforms, dock working areas, aisles and passageways shall be kept reasonably clear and in good repair. Where, due to lack of proper marking, aisles and passageways become hazardous, they shall be clearly defined by painted lines, curbings or other methods of marking. Where there is danger of slipping on these working areas, they shall be protected by the use of mats, cleats, high-friction surfaces or other equivalent protection.

The maximum weight of materials stored on building floors, load-carrying platforms or dock areas shall not exceed their safe-carrying. Material, wherever stored, shall be piled, stacked or racked in a manner designed to prevent it from tipping, falling, collapsing, rolling or spreading.

Hand tools and hand trucks shall be maintained in a safe condition. Unsafe tools or trucks shall not be used. Where there is danger of a portable ladder slipping in use, provision shall be made to secure the ladder in position by use of hooks, ropes, scabs, spikes, cleats or by other antislip devices, or by stationing an employee at the base of the ladder to hold it in position during use.

Ladders shall be maintained in good condition.

Ladders shall be faced, and both hands used, while ascending or descending.

Platforms, runways, ramps or other working areas four feet or more above the floor, ground or other working areas shall be guarded by a standard railing on all open sides, with the exception of open sides of loading or storage platforms which are used primarily for loading or unloading railroad cars or trucks, and open sides of storage platforms less than four feet wide, or portions thereof, which are loaded and unloaded exclusively by means of stackers or lift trucks handling pallet-supported loads.

Adequate and substantial bull rails, stringer rails or curbs shall be installed at the water side of all flush aprons on wharves, docks or piers.

The employer shall require that tools, machinery, gear and other equipment subject to wear be inspected at regular intervals and unsafe conditions corrected. If found to be defective or otherwise unsafe, employees shall report same to the person in charge of work, who shall have it discarded, marked and so placed that it cannot be used again until made safe.

Added by St.1959, c. 614.

§ 18B. Confined spaces; ventilation

Before allowing employees to enter confined spaces where flammable, poisonous, asphyxiant, suffocant or anesthetic vapors, gases or dusts are likely to exist, the area shall be made free of the hazardous substance; employees shall be advised of the hazard; adequate ventilation shall be provided; and proper respiratory equipment shall be provided where necessary.

Added by St.1959, c. 614.

§ 18E. Safety precautions in dangerous undertakings

Persons working in locations where there is a hazard to the head or eyes shall be safeguarded by means of head or eye protection.

Protection may be required for persons working under conditions where there is a hazard to the body, hands or feet.

Safety belts shall be of approved type. Lifelines shall be of strength equivalent to one-half inch manila rope.

At least two life buoys or life rings with appropriate lines attached shall be kept in conveniently accessible places where employees' work exposes them to the hazard of drowning, or each employee so exposed shall wear a life vest. Life vests may be required for workers who are in constant and imminent danger of drowning.

Readily located ladders shall be provided on all docks, wharves or piers where employees' work exposes them to the hazard of drowning. The ladders shall reach from the floor of the structure to the lowest water elevation. Portable ladders shall be equipped with a substantial means to readily secure them to the structure.

Added by St.1959, c. 614.

§ 18*I*. Penalty

Any person violating any provision of the preceding sections eighteen A, eighteen B, eighteen C, eighteen D, eighteen E, eighteen F, eighteen G and eighteen H shall be punished by a fine of two hundred dollars.

Added by St.1959, c. 614.

GENERAL PROVISIONS AS TO EMPLOYMENT

§ 19A. Copy of medical report for employee

Any employer requiring a physical examination of an employee shall, upon request, cause said person to be furnished with a copy of the medical report following the said examination.

Added by St.1953, c. 117.

PUBLIC EMPLOYMENT

§ 30A. Tours of duty and hours of work of state employees; regulations

Notwithstanding any other provision of this chapter or other general or special law, the service of all persons employed by the commonwealth is hereby restricted to five tours of duty in any one work week, and to such hours in any one work week, not less than thirty-seven and one half hours, except in the case of part-time employment, nor more than forty hours, and with like hours for like tour of duty classes, as determined by the personnel administrator, in accordance with section forty-five of chapter thirty, and the tour of duty is hereby restricted to eight hours, and such tour of duty shall be arranged to fall within a period not exceeding ten consecutive hours; provided, that this section shall not apply to the state police uniformed force and detectives, metropolitan district police, capitol police, conservation officers, coastal wardens, employees engaged in forest fire observation, investigators and examiners and other employees of the registry of motor vehicles having police powers under section twenty-nine of chapter ninety, labor relations examiners, teachers, armorers, elected officers, appointees of the governor, heads of departments and divisions and their deputies and assistants, confidential secretaries, scrub women, cleaners or incumbents of the positions of superintendents, assistant superintendents, wardens, deputy wardens, stewards, physicians, dentists, head farmers, business managers, chief power plant engineers at mental health, public health, public welfare and correction institutions, soldiers' homes in Massachusetts and agencies under the jurisdiction of the department of youth services; the manager of the boarding hall at the University of Massachusetts; the adjutant or assistant adjutants, directors of engineering services and directors of business services of the soldiers' homes in Massachusetts; the construction and maintenance supervisor at the reformatory for women; the state farm master at the state farm; and such other employees as may be exempted therefrom or any part thereof by a rule or rules of the director of personnel. The personnel administrator is empowered to make rules and regulations, subject to the approval of the commissioner of administration, to carry out the provisions of this section.

Added by St.1947, c. 677, § 1. Amended by St.1949, c. 780; St.1950, c. 439; St.1952, c. 626; St.1955, c. 643, § 6; St.1960, c. 430, § 1; St.1960, c. 614, § 1; St.1963, c. 798, § 4; St.1969, c. 838, § 60; St.1970, c. 758, § 1; St. 1973, c. 271; St.1974, c. 835, § 153.

§ 30B. Overtime of state employees; regulations

All service in excess of eight hours in any one tour of duty or forty hours in any one work week rendered by any employee of the commonwealth at the request of an officer of the commonwealth or other person whose duty it is to employ, direct or control such employee, except the state police uniformed force and detectives, metropolitan district police, capitol police, fire prevention engineer, boatswain coastal patrol boat, captain coastal patrol boat, coastal warden coastal patrol boat, coastal warden engineer costal patrol boat, industrial relations adjuster, labor relations examiners, teachers, armorers, elected officers, appointees of the governor, heads of departments and divisions and their deputies and assistants, confidential secretaries, incumbents of the positions of superintendents, assistant superintendents, deputy superintendents, stewards, physicians, dentists, head farmers, business managers, institution chief power plant engineers at mental health, public health, correctional institutions, soldiers' homes in Massachusetts and agencies under the jurisdiction of the department of youth services, the manager of the boarding hall at the University of Massachusetts, the adjutants of the soldiers' homes in Massachusetts, and any employees while on full travel status shall be compensated for at the rate of one and one half times the regular hourly rate of said employee for every hour or fraction thereof of such services rendered. The personnel administrator is empowered to make rules and regulations, subject to the approval of the commissioner of administration, to carry out the provisions of this section.

Added by St.1960, c. 614, § 2. Amended by St.1960, c. 762, § 1; St.1962, c. 748; St.1963, c. 798, § 5; St.1969, c. 838, § 61; St.1970, c. 758, § 2; St. 1974, c. 835, § 154.

§ 33D. Blood donations; leave of absence without loss of pay

Any employee of the commonwealth, of any county, and of any city or town which accepts the provisions of this section, shall be allowed a leave of absence without loss of pay of not more than eight hours in each calendar year for the purpose of donating platelets, plasma white cells or whole blood to any cancer research center.

Added by St.1973, c. 507.

§ 39. Hours of labor in institutions; employees with less hours under other statutes; emergencies

The maximum hours of labor of laborers, workmen and mechanics, of ward attendants, ward nurses, industrial and occupational therapists and watchmen, and of employees in kitchen, dining-room and domestic services, in state and county institutions, and of officers and instructors of state penal institutions and county penal and reformatory institutions, shall not exceed forty in each week. The foregoing provision shall not be construed as authorizing the employment of any such officer or employee whose work day and week is fixed under section thirty A or any other provision of law at less than said forty hours maximum to be employed beyond the hours so fixed and within said maximum without the payment of overtime. This section shall not prevent the superintendent, warden or executive officer from requiring the services of any person in any emergency where the health or safety of patients or inmates would otherwise be endangered, or in any extraordinary emergency, or in apprehending an escaped inmate.

Amended by St.1935, c. 444, § 1; St.1954, c. 632, § 1.

PROVISIONS AS TO HEALTH AND SAFETY

§ 106. Drinking water; violation of statute; coverage of term "industrial establishments"

All industrial establishments and every person engaged in carrying on a construction project shall provide fresh and pure drinking water to which their employees shall have access during working hours. Any person owning, in whole or in part, managing, controlling or superintending any industrial establishment or construction project in which this section is violated shall, on the complaint of the local board of health, the selectmen of a town or an inspector, be punished by a fine of one hundred dollars. For the purposes of this section the term "industrial establishments" shall be deemed to include public garages and premises used by express, trucking and transportation companies where persons are employed.

Amended by St.1955, c. 373, § 1; St.1956, c. 89.

§ 107. Water for humidifying purposes; violation of statute

The water used for humidifying purposes by any person operating a factory or workshop shall be of such a degree of purity as not to give rise to any impure or foul odors, and shall be so used as not to be injurious to the health of persons employed in such factories or workshops. Whoever violates this section shall be punished by a fine of not less than ten nor more than one thousand dollars.

§ 113. Light, ventilation, cleanliness, sanitation and heat in establishments

Every factory, workshop, manufacturing, mechanical and mercantile establishment, railroad freight house, railway express terminal, public garages and premises used by express, trucking and transportation companies and any other building in which a person is employed, other than a building under construction, shall be well lighted, well ventilated and kept free from unsanitary conditions, and work rooms therein in actual use shall be properly heated during the period from October fifteenth to May fifteenth, according to reasonable rules and regulations adopted by the department establishing minimum requirements with reference thereto; provided, however, that the provisions of this section shall not apply to such rooms which are under the supervision of the department of public health and are subject to the provisions of section seventy-three A of chapter ninety-four.

Amended by St.1934, c. 255; St.1955, c. 426; St.1968, c. 158; St.1969, c. 114; St.1973, c. 388.

§ 115. Devices and means to prevent injury to eyes; order; compliance; violation of statute

If it appears to an inspector that in any industrial establishment, from the nature of the work or the machinery used in connection therewith, or from other circumstances, there is danger of injury to the eyes of employees engaged in such work, and that the danger of injury may be decreased or prevented by any mechanical device or other practicable means, he shall, if the department so directs, order in writing that such device or other means shall be provided therein; and the proprietors and managers of the industrial establishment shall comply with the order. Violations of this section shall be punished by a fine of not less than five nor more than two hundred dollars for each week during which the violation continues, but a criminal prosecution for such violation shall not be begun unless a person has for four weeks after the receipt of a written order from an inspector neglected to comply therewith.

§ 117. Ventilation

Every establishment in which one or more persons is employed shall be so ventilated that all gases, vapors, dust, fumes, or any impurity injurious to health, whether generated in the course of the work carried on therein or otherwise, shall, so far as practicable, be rendered harmless.

Amended by St.1935, c. 208; St.1961, c. 222.

§ 118. Means to diminish inhalation of dust

If, in any place of employment, any process is carried on by which dust is caused which may be inhaled to an injurious extent by the persons employed therein, and it appears to an inspector that such inhalation would be substantially diminished without unreasonable expense by the use of a fan or by other mechanical means, such fan or other mechanical means, if he so directs, shall be provided, maintained and used.

Amended by St.1961, c. 438.

§ 133. Water closets, toilets and washing facilities; regulations; definitions of "industrial establishments" and "railroad establishments"

In every industrial establishment and railroad establishment there shall be provided suitable, adequate and convenient water closets and washing facilities, separate for each sex and plainly so designated, of such number, in such location, and so constructed, lighted, ventilated, arranged and maintained as may be determined by such reasonable rules and regulations as the department may adopt. No person shall be allowed to use a closet or privy provided for the use of persons of the opposite sex. If any such establishment is so located that a connection with a sewer system is, in the opinion of the department, impossible or impracticable, it shall provide such suitable toilet and washing facilities as the department may require. For the purposes of this section the term "industrial establishment" shall be deemed to include public garages and premises used by express, trucking and transportation companies where persons are employed. For the purposes of this section the term "railroad establishment" shall be deemed to mean that part, division or branch of any railroad in which three or more persons are employed except where toilet and washing facilities are maintained for public use.

Amended by St.1955, c. 373, § 2; St.1955, c. 669, § 1.

§ 136. Violation of public health laws; notice to town board of health; enforcement

If it appears to an inspector that any act, neglect or fault in relation to any drain, water closet, earth closet, privy, ash pit, water supply, nuisance or other matter in any industrial establishment is punishable or remediable under any law relative to the preservation of the public health, but not under this chapter, he shall give written notice thereof to the board of health of the town where such establishment is situated, and such board of health shall thereupon inquire into the subject of the notice and enforce the laws relative thereto.

§ 137. Foundry toilet rooms and water closets; failure to comply with statute

The proprietor of every foundry engaged in the casting of iron, brass, steel or other metal, and employing ten or more men, shall establish and maintain, except in towns where it would be impracticable by reason of the absence of public or private sewerage or of any running water system, a toilet room of suitable size and condition for the men to change their clothes therein, and provided with wash bowls, sinks or other suitable set appliances connected with running hot and cold water, and also a water closet connected with running water and separated from the said toilet room. The said water closet and toilet room shall be connected directly with the foundry building, propertly heated, ventilated and protected, so far as may be reasonably practicable, from the dust of the foundry. Whoever fails to comply with this section after being requested so to do by an inspector shall be punished by a fine of not more than fifty dollars.

§ 138. Injuring toilet appliances

Whoever wilfully destroys, defaces, injures or defiles any toilet appliances provided in any place of employment shall be punished by a fine of not more than fifty dollars.

§ 141. Medical and surgical chests; accommodations for treatment of injured or ill persons; facilities for heating food; violation of statute

Every person operating a factory, shop or mechanical establishment where machinery is used for any manufacturing or other purpose except for elevators, or for heating or hoisting apparatus, shall keep and maintain, free of expense to the employees, such medical or surgical chest, or both, as shall be required by the department, containing plasters, bandages, absorbent cotton, gauze, and all other necessary medicines, instruments and appliances for the treatment of persons injured or taken ill upon the premises. Every such person employing one hundred or more persons shall, if so required by the department, provide accommodations satisfactory to it for the treatment of persons injured or taken ill upon the premises, and also suitable and sanitary facilities for heating or warming food to be consumed by those employees of the factory, shop or mechanical establishment who so desire. Every person carrying on a mercantile establishment where twenty or more women or children are employed shall in the manner aforesaid provide such medical and surgical chest as the department may require. Whoever violates any provision hereof shall be punished by a fine of not less than five nor more than five hundred dollars for every week during which such violation continues.

§ 142. Sanitary material for cleaning printing presses

All publishers and printers shall use a sanitary cloth or other sanitary material in cleaning their presses.

BENZOL AND MIXTURES CONTAINING BENZOL

§ 142A. Marked receptacles for substances hazardous to health

No person shall keep for sale, sell, transport or store, and no person shall have for use in any manufacturing, mechanical or mercantile establishment, or in any other place of employment, benzene represented by the chemical formula C/6 H/6, in sections one hundred and forty-two B to one hundred and forty-two F, inclusive, called benzol, carbon tetrachloride or other substance which, in the opinion of the departments of labor and industries and of public health, acting jointly, is so hazardous to health as to warrant regulation, in any receptacle other than part of a vehicle used exclusively for outdoor transportation, unless such receptacle is marked with the words "Benzol", "Carbon Tetrachloride" or "Name of Substance", together with such warning as the commissioners of the department of labor and industries and of the department of public health jointly by reasonable rules and regulations may require.

Added by St.1933, c. 304. Amended by St.1935, c. 463, § 1; St.1949, c. 591, § 1; St.1955, c. 469, § 1.

§ 142B. Marked receptacles for materials containing substances hazardous to health

No person shall keep for sale, sell, transport or store, and no person shall have for use in any manufacturing, mechanical or mercantile establishment, or any other place of employment, any material containing benzol, carbon tetrachloride or other substance which, in the opinion of the department of labor and industries and the department of public health, acting jointly, is so hazardous to health as to warrant regulation, in any receptacle other than part of a vehicle used exclusively for outdoor transportation, unless such receptacle is marked with one of the following combinations of words:— "Contains benzol", "Contains carbon tetrachloride" or "Contains (name of substance)", together with such warning as the commissioners of the department of labor and industries and of the department of public health jointly by reasonable rules and regulations may require.

Added by St.1933, c. 304. Amended by St.1935, c. 463, § 2; St.1949, c. 591, § 2; St.1955, c. 469, § 2.

§ 142C. Markings; clear and conspicuous; size; place

The words and any warning required by sections one hundred and forty-two A and one hundred and forty-two B shall be clear and conspicuous, and shall be of such size and so placed as the commissioners of the department of labor and industries and of the department of public health jointly by reasonable rules and regulations may require.

Added by St.1933, c. 304. Amended by St.1955, c. 469, § 3.

§ 142D. Receptacles exempt from marking requirements

The commissioners of the department of labor and industries and of the department of public health acting jointly may, by reasonable rules and regulations, exempt from the provisions of sections one hundred and forty-two A and one hundred and forty-two B, under such restrictions as they may deem advisable, (*a*) closed receptacles which are in the possession of the manufacturer by whom the contents of such receptacles were made or compounded or of a common carrier, provided in each case the commissioners are satisfied that such contents are to be used only outside the commonwealth; (*b*) receptacles containing material used exclusively as motor fuel; (*c*) receptacles containing material which, as last compounded, contained a per cent by weight of benzol, carbon tetrachloride or other substance which the commissioners determine to be not so hazardous to health as to warrant regulation.

Added by St.1933, c. 304. Amended by St.1949, c. 591, § 3; St.1955, c. 469, § 4.

§ 142E. Reports concerning material hazardous to health

For the protection of persons exposed to possible injury by any material or substance which in the joint opinion of the departments of labor and industries and of public health, acting pursuant to sections one hundred and forty-two A and one hundred and forty-two B, is so hazardous to health as to warrant regulation, the commissioners of the departments of labor and industries and of public health, acting jointly, may by reasonable rules and regulations require such reports as they may deem advisable covering the manufacture, sale, receipt, possession or use of any such material or substance.

Added by St.1933, c. 304. Amended by St.1949, c. 591, § 4; St.1955, c. 469, § 5.

§ 142F. Violation of statutes and regulations; failure to mark receptacles; removal or defacement of marks

Whoever violates any provision of section one hundred and forty-two A, one hundred and forty-two B, or one hundred and forty-two C, or any rule or regulation made under section one hundred and forty-two A, one hundred and forty-two B, one hundred and forty-two C, one hundred and forty-two D and one hundred and forty-two E, and whoever, being charged with the duty of marking any receptacle containing benzol, carbon tetrachloride or other substance which, in the joint opinion of the departments of labor and industries and of public health, is so hazardous to health as to warrant regulation, or any material in which benzol, carbon tetrachloride or other susbtance which, in the opinion of said departments, acting jointly, is so hazardous to health as to warrant regulation, is contained, fails so to mark the same, and whoever wilfully removes or defaces any marking made in accordance with any of said provisions or rules and regulations shall be punished by a fine of not more than one hundred dollars.

Added by St.1933, c. 304. Amended by St.1949, c. 591, § 5; St.1955, c. 469, § 6.

§ 142G. Enforcement of statutes and regulations

The department of labor and industries shall enforce the provisions of sections one hundred and forty-two A to one hundred and forty-two F, inclusive, and the rules and regulations made hereunder in any manufacturing or mechanical establishment or in any other place of employment in so far as the same relate to the health of employees, and the department of public health shall enforce the provisions of said sections and the rules and regulations made hereunder in so far as they apply to the keeping and storage for sale to the public in any mercantile establishment of any of the substances or materials referred to in said sections.

Added by St.1955, c. 469, § 6.

INDUSTRIAL HOMEWORK

§ 144. Unlawful industrial homework

The manufacture of or work upon any of the following by industrial homework shall be unlawful, and no permit issued under section one hundred and forty-seven or certificate issued under section one hundred and forty-seven A shall be deemed to authorize such manufacture or work upon or the delivery of materials for such manufacture: tobacco; drugs and poisons; bandages and other sanitary goods; explosives, fireworks and articles of like character; outergarments and undergarments of men, women, boys, girls, children and infants, except hosiery and women's millinery; articles, the manufacture of or work upon which by industrial homework is determined by the commissioner, after investigation and hearing in the manner provided by sections one hundred and forty-five and one hundred and forty-six to be injurious to the health or welfare of the industrial homeworkers within the industry or to render unduly difficult the maintenance of existing labor standards or the enforcement of labor standards established by law or regulation for workers in the industry.

Added by St.1937, c. 429. Amended by St.1945, c. 600, § 2; St.1955, c. 764, § 3; St.1962, c. 253.

§ 147. Employer's permit; person to whom materials or articles may be delivered; effect of strike; payment of fees into treasury

No materials for manufacture or to be worked upon by industrial homework shall be delivered to any person in the commonwealth unless the employer so delivering them, or his agent if the employer is not a resident of or located within this commonwealth, has in his possession a valid permit issued by the commissioner under authority of this section, hereinafter and in sections one hundred and forty-seven A to one hundred and forty-seven H, inclusive, called an employer's permit. Such permit shall be issued by the commissioner, may be renewed annually by him, and, subject to the last sentence of section one hundred and forty-five, shall be valid for a period of one year from the date of its issuance, unless sooner revoked or suspended. Application for such permit shall be made in such form as the commissioner may from time to time by rule or regulation prescribe. No employer shall deliver or cause to be delivered any materials or articles for manufacture or to be worked upon by industrial homework to a person who is not in possession of a valid employer's permit, or a homeworker's certificate issued in accordance with this or the following section. The commissioner may revoke or suspend an employer's permit if he finds that the employer has violated any provision of sections one hundred and forty-four to one hundred and forty-seven H, inclusive, or has failed to observe or comply with any provision of his permit or has violated any rule or regulation adopted for control of industrial homework. No original permit shall be granted by the commissioner to any employer at whose plant there is a strike, and any permit so issued shall be revoked or suspended, unless the commissioner finds such strike to be unlawful under the provisions of paragraph (*e*) of section twenty C.

A fee of fifty dollars shall be paid to the commissioner for the original issuance of an employer's permit. For each annual renewal of such permit the employer shall pay to the commissioner a fee of fifty dollars, plus two dollars for each homeworker with whom the employer directly or indirectly had business relations during the preceding calendar year. Any such fees received by the commissioner shall be paid into the treasury to the credit of the General Fund.

Added by St.1937, c. 429. Amended by St.1941, c. 539; St.1945, c. 600, § 3; St.1953, c. 247; St.1955, c. 764, §§ 6, 7; St.1958, c. 666, § 1.
